Generally, the Group's profit from operating activities increased by approximately S\$6.8 million or 277.4% from approximately S\$2.4 million in 1Q2015 to S\$9.2 million in 1Q2016. The increase was mainly due to higher profit recognized in the construction segment by S\$2.5 million and profit registered in the property development of S\$2.6 million as contrast to a loss of S\$1.5 million in the previous corresponding period. Profit in the construction segment increased as a result of higher revenue recognized while property segment profit was mainly derived from the recognition of revenue of phase I of the Tranquility project.

Revenue

Revenue increased by approximately S\$144.9 million or 141.6% from approximately S\$102.3 million in 1Q2015 to approximately S\$247.2 million in 1Q2016, attributable mainly to increase in revenue from both construction contracts and property development of approximately S\$54.1 million and S\$90.4 million respectively.

Revenue from construction contract

Increase in revenue was mainly due to net increase in work done for new, on-going and completed projects as a result of differences in stages of the various construction contracts.

In accordance with our revenue recognition policy, work done amounting to approximately S\$2.4 million from newly commenced projects have yet to be recognized as revenue as at 31 March 2016.

Revenue from sales of development properties

Revenue from sales of development properties in 1Q2016 amounted to S\$91.8 million and was contributed mainly from the sale recognition of 436 units (47,258 sqm) of phase I from Tranquility Project and 22 units (2,209 sqm) of phase II and III from Sunny International Project respectively.

As at 31 March 2016, approximately S\$99.9 million of gross development value were sold, but yet to be recognised as revenue in accordance to our revenue recognition policy, as follows:

Projects	Total units launched	Units sold and recognised	Units sold but yet to recognize	
			Units	Sqm
Equinox	234	91	63	16,643
Tranquility Residences	554	436	99	21,656

Revenue from sales of goods

Increase in revenue from sales of goods by approximately S\$0.3 million from S\$2.6 million in 1Q2015 to S\$2.9 million in 1Q2016 was due mainly to an increase in sales volume.

Gross profit in construction segment

Decrease in gross profit margin of approximately 2.4% from 10.8% in 1Q2015 to 8.4% in 1Q2016 was due mainly to project mix.

Gross profit in property development segment

Gross profit margin increased approximately 3.8% from 0.5% in 1Q2015 to 4.3% in 1Q2016 mainly due to the recognition of revenue of phase I of Tranquility project and phase II and III of Sunny International project.

Gross profit in sales of goods segment

Gross profit margin decreased from 35.0% in 1Q2015 to 20.6% in 1Q2016, due mainly to decrease in licensing income with higher profit margin and reduced profit margin in component sales.

Depreciation and amortisation expenses

Decrease in depreciation and amortisation expenses of approximately S\$0.5 million to S\$1.3 million in 1Q2016 due mainly to impairment made to certain intangible assets in FY2015 and portion of the plant and equipment and intangible assets which were fully depreciated or amortised in FY2015.

Selling expenses

Increase in selling expenses of approximately S\$0.3 million to S\$0.7 million in 1Q2016 mainly due to increased in sales and marketing activities for the properties in the People's Republic of China.

Net finance income (expenses)

Net finance expense increased by approximately S\$4.2 million from S\$0.4 million net finance income in 1Q2015 to S\$3.8million net finance expenses in 1Q2016 due mainly to depreciation in RMB vis-à-vis SGD, which resulted an exchange loss of approximately S\$2.2 million in 1Q2016, as contrast to an exchange gain of approximately S\$1.7 million in 1Q2015. In addition, the discounting of long term retention receivables and payables gave rise to a net S\$0.4 million increase in finance cost.

Share of profit of joint ventures, net of tax

The Group registered a share of loss from joint ventures of approximately S\$0.7 million in 1Q2016 due mainly to net loss recognition in certain joint venture projects.

Profit for the period

Profit in 1Q2016 increased by approximately S\$1.0 million to S\$3.6 million as a result of the factors mentioned in the preceding paragraphs.

Construction Outlook

According to advanced estimates issued by the Ministry of Trade and Industry (“MTI”)¹ on 14 April 2016, the Singapore economy grew 1.8% year-on-year (“yoy”) in 1Q2016. Growth remained flat on a quarter-on-quarter (“qoq”) basis as compared to the 6.2% qoq expansion in the preceding quarter.

Public and private construction activities increased in 1Q2016, contributing to the 6.2% yoy in the construction sector. This growth was also more than the 4.9% yoy growth within the previous quarter. On a qoq basis, the segment grew 10.2% compared to 6.0% in the preceding quarter.

On 9 May 2016, Robin Village International (Pte.) Ltd. (“RV”), the wholly-owned subsidiary of Tiong Seng, celebrated the official opening of Geostr-RV factory for precast tunnel segments in Iskandar, Malaysia. The official factory opening follows the creation of a Joint Venture (“JV”) in 2014 with Japanese partners, Geostr and Marubeni. Geostr and Marubeni bring to the table leading precast tunnel solutions and an extensive distribution network respectively so as to readily complement RV’s suite of precast technologies and introduce cutting-edge precast tunnel capabilities to the region.

As at 31 March 2016, the Group’s order book stands at approximately S\$1.1 billion, expected to extend till year 2020.

Property Development Outlook

This was higher than the 7.4% yoy rise in the month of March 2016. In order to slow down the steep rise in residential prices, local Chinese authorities introduced property cooling measures in March 2016 such as the tightening of down payment requirements for second homes and raising eligibility requirements for non-residents. However, these cooling measures were applied only to the ten biggest cities and tier-2 and tier-3 cities continue to enjoy favourable governmental initiatives.
