RELEVANT EXCERPTS FROM THE FRENCH CODE OF COMMERCE

Article L. 225-106

I. A shareholder may be represented by another shareholder, by his/her spouse or by a partner in a civil union.

A shareholder may also be represented by any other natural or legal person of his/her choice provided that:

- 1° the company's shares are traded on a regulated market, or;
- 2° the company's shares are traded on a multilateral trading system that observes legal and regulatory requirements for protecting investors against insider transactions, price manipulation and the dissemination of false information, subject to the requirements of the General Regulations of the Autorité des marchés financiers (AMF) and which is listed on a list established by the AMF pursuant to said General Regulations, and provided that the company's articles of association provide for this.

II. Any granting or cancellation of proxy must be notified to the company in writing. The terms of application of this paragraph are specified by decree of the Conseil d'Etat.

III. Before each annual general meeting of shareholders, the chairman of the board of directors or of the management board, as applicable, may notify shareholders as indicated in Article [L. 225-102](#) to enable them to appoint one or more proxies to represent them at the annual general meeting, in compliance with the provisions of this Article.

This notification is mandatory when the articles of association have been modified pursuant to Article [L. 225-23](#) or Article [L.L. 225-71](#) the annual general meeting must appoint to the board of directors, or to the supervisory board as applicable, an employee-shareholder or a member of a supervisory board of a company savings fund (FCPE) who/that holds shares in the company.

This notification is also mandatory when an extraordinary meeting of shareholders must decide a modification of the articles of association pursuant to Article L. 225-23 or Article L. 225-71.

Any clause contrary to the above provisions shall be considered null and void.

If a shareholder grants proxy without naming a specific proxy-holder, the chairman of the general meeting shall vote in favor of the proposed resolutions presented or approved by the board of directors or the management board as applicable, and against all other proposed resolutions. To vote differently, the shareholder must choose a proxy-holder who agrees to vote as directed by the shareholder.

Article L. 225-106-1

When, in the cases provided for in the third and fourth paragraphs of section I of Article L. 225-106, the shareholder is represented by someone other than his/her spouse or civil union partner, the shareholder must be provided by the proxy-holder with any information that would enable the shareholder to assess the risk that the proxy-holder may not vote in the shareholder's interest.

This information consists, in particular, in the fact that the proxy-holder, or if applicable the person on whose behalf the proxy-holder will act, either:

1° controls, as defined in Article [L. 233-3](#) the company that is to hold the annual general meeting, or

2° is a member of the management, administrative or surveillance body of this company or of any person that controls this company as understood under Article L. 233-3;

3° is employed by this company or by a person that controls this company as understood under Article L. 233-3;

4° is controlled by a person or entity who/that is controlled by a person or entity who/that controls the company as understood under Article L. 233-3.

This information must also be provided when there is family relationship between the proxy-holder, or if applicable the person on whose behalf the proxy-holder acts, and a natural person to which one of the situations described above in paragraphs 1° to 4° applies.

If one of the situations described in the above paragraphs occurs during a proxy agreement, the proxy-holder must inform the principal immediately. If the principal fails to expressly confirm the maintenance of the proxy agreement it shall be null and void.

In this case, the proxy-holder shall immediately inform the company that the proxy agreement is no longer valid.

The terms of application of this Article are specified by decree of the Conseil d'Etat.

Article L. 225-106-2

Anyone who actively solicits proxies, by proposing directly or indirectly to one or more shareholders, in any form and by any means whatsoever, to act as their proxy for the purpose of representing them at a shareholders meeting of a company described in the third and fourth paragraphs of Article L. 225-106 shall make its voting policy public.

This person may also make public how he/she/it intends to vote on the resolutions proposed at the shareholders meeting. This person shall then, with respect to any proxies received without voting instructions, vote as he/she/it publically indicated it would.

The terms of application of this Article are specified by decree of the Conseil d'Etat.

Article L. 225-106-3

In the event that the information requirements indicated in the third to seventh paragraphs of Article L. 225-106-1 or the provisions of Article [L. 225-106-2](#) are not observed, the commercial court which has jurisdiction in the locality where the company has its registered office may, at the principal's request and for a maximum period of three years, prohibit the proxy-holder from serving as proxy at any of the company's shareholder meetings. The court may, at its discretion, decide to have this decision published at the proxy-holder's expense.

If the provisions of Article L. 225-106-2 are not observed, the court can apply these same sanctions to the proxy-holder at the company's request.

Article L. 225-107 amended by [[Law No. 2019-744 of 19 July 2019 - Art. 16 \(V\)](#)]

I. Shareholders may vote by mail using a form that meets the requirements of the decree of the Conseil d'Etat. Any provisions that conflict with the Articles of Association are considered to be null and void.

Only forms received by the company before the shareholders' meeting will be taken into consideration in calculating the quorum, subject to the time requirement specified by decree of the Conseil d'Etat. Forms that indicate neither a For vote or an Against vote, or which indicate abstention, will not be counted as votes.

II. If the articles of association so provide, the calculations of the quorum and of the majority shall include shareholders who attend the meeting by videoconference or by some other telecommunications means that enables their identification, the nature and use of which are specified by decree of the Conseil d'Etat.
