To: The Shareholders of Fuxing China Group Limited

Dear Sir/Madam

THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

1. INTRODUCTION

1.1 The Share Purchase Mandate

At the special general meeting of Fuxing China Group Limited (the “**Company**”) held on 31 October 2008 (the “**2008 SGM**”), the shareholders of the Company (the “**Shareholders**”) had approved the proposed share purchase mandate (the “**Share Purchase Mandate**”) to enable the Company to purchase or otherwise acquire issued ordinary shares in the capital of the Company (“**Shares**”). The rationale for, the authority and limitations on, and the financial effects of the Share Purchase Mandate were set out in the Company’s Circular to Shareholders dated 15 October 2008 (the “**2008 Circular**”) and Ordinary Resolution No. 1 set out in the Notice of the 2008 SGM.

At the annual general meetings of the Company held on 24 April 2009, 29 April 2010, 29 April 2011, 27 April 2012, 26 April 2013, 29 April 2014, 28 April 2015 and 28 April 2016, the Shareholders had renewed the Share Purchase Mandate.

The Share Purchase Mandate will expire on the date of the forthcoming annual general meeting which will be held on 27 April 2017 (the “**2017 AGM**”). Accordingly, the directors of the Company (the “**Directors**”) propose to seek Shareholders’ approval for the renewal of the Share Purchase Mandate at the 2017 AGM, to take effect until the conclusion of the next annual general meeting.

The Company has not undertaken any purchase or acquisition of Shares pursuant to the Share Purchase Mandate approved by Shareholders from the annual general meeting held on 28 April 2016 up to the Latest Practicable Date.

More details on the proposed renewal of the Share Purchase Mandate are set out in paragraph 2 (*The Proposed Share Purchase Mandate*) of this Addendum.

The proposed renewal of the Share Purchase Mandate is set out in Ordinary Resolution No. 5 under the heading “As Special Business” in the Notice of the 2017 AGM.

1.2 SGX-ST

The SGX-ST assumes no responsibility for the correctness of any of the statements made or opinions expressed in this Addendum.

ADDENDUM TO ANNUAL REPORT

The purpose of this Addendum is to provide Shareholders with the relevant information pertaining to the aforesaid Share Purchase Mandate to be tabled at the 2017 AGM and seek Shareholders' approval for the resolution relating to the same as set out in the Notice of the 2017 AGM.

2. THE PROPOSED SHARE PURCHASE MANDATE

2.1 Rationale for Share Purchase Mandate

As previously stated on page 5 of the 2008 Circular, the rationale for the Company to undertake the purchase or acquisition of its Shares is as follows:

- (a) In managing the business of the Group, the management will strive to increase Shareholders' value by improving, *amongst others*, the return on equity ("**ROE**") of the Company. In addition to the growth and expansion of the business, Share Purchases may be considered one of the ways through which the ROE of the Company may be enhanced.
- (b) In line with international practice, the Share Purchase Mandate will provide the Company with greater flexibility in managing its capital and maximising returns to its Shareholders. To the extent that the Company has capital and surplus funds in excess of its financial needs, taking into account its growth and expansion plans, the Share Purchase Mandate will facilitate the return of excess cash and surplus funds to Shareholders in an expedient, effective and cost-efficient manner.
- (c) The Share Purchase Mandate will provide the Company with the flexibility to undertake Share Purchases at any time, subject to market conditions, during the period when the Share Purchase Mandate is in force.
- (d) Share Purchases may help mitigate short-term market volatility, offset the effects of short-term speculation and bolster Shareholder confidence.

While the Share Purchase Mandate would authorise a purchase or acquisition of Shares up to the said 10% limit during the duration referred to in paragraph 2.2.2 (*Duration of Authority*) below, Shareholders should note that purchases or acquisitions of Shares pursuant to the Share Purchase Mandate may not be carried out to the full 10% limit as authorised. In particular, no purchases or acquisitions of Shares pursuant to the Share Purchase Mandate would be made in circumstances which would or may have a material adverse effect on the financial position of the Company or the Group, or result in the Company being delisted from the SGX-ST. The Directors will use their best efforts to ensure that after a purchase or acquisition of Shares pursuant to the Share Purchase Mandate, the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or adversely affect the orderly trading and listing status of the Shares on the SGX-ST.

2.2 Authority and Limits on the Share Purchase Mandate

The authority and limitations placed on Share Purchases by the Company under the proposed Share Purchase Mandate are summarised below:

2.2.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company. The total number of Shares which may be purchased or acquired pursuant to the Share Purchase Mandate is limited to that number of Shares representing not more than 10% of the issued Shares of the Company (ascertained as at the date of the forthcoming 2017 AGM at which the Share Purchase Mandate is approved). Any Shares which are held as treasury shares and subsidiary holdings will be disregarded for purposes of computing the 10% limit. As at the Latest Practicable Date, the issued capital of the Company comprises 17,205,438 Shares (excluding treasury shares) and the Company has 277,720 treasury shares. There are no subsidiary holdings as at the Latest Practicable Date.

ADDENDUM TO ANNUAL REPORT

For illustrative purposes only, on the basis of 17,205,438 Shares (excluding treasury shares) in issue as at the Latest Practicable Date and assuming no further Shares are issued on or prior to the 2017 AGM, not more than 1,720,544 Shares (representing 10% of the issued Shares as at that date, excluding all treasury shares) may be purchased by the Company pursuant to the proposed Share Purchase Mandate during the duration referred to in paragraph 2.2.2 (*Duration of Authority*) below.

2.2.2 Duration of Authority

Purchases or acquisitions of Shares pursuant to the proposed Share Purchase Mandate may be made, at any time and from time to time, on and from the date of the 2017 AGM, at which the Share Purchase Mandate is approved, up to the earlier of:

- (a) the conclusion of the next annual general meeting of the Company;
- (b) the date by which the next annual general meeting is required to be held;
- (c) the date on which the purchases or acquisitions of Shares pursuant to the proposed Share Purchase Mandate are carried out to the full extent mandated; or
- (d) the date on which the authority conferred by the Share Purchase Mandate is revoked or varied by the Shareholders in a general meeting.

The authority conferred on the Directors by the Share Purchase Mandate to purchase Shares may be renewed at the next annual general meeting or a special general meeting to be convened immediately after the conclusion or adjournment of the next annual general meeting. When seeking the approval of the Shareholders for the renewal of the Share Purchase Mandate, the Company is required to disclose details pertaining to purchases or acquisitions of Shares pursuant to the proposed Share Purchase Mandate made during the previous 12 months, including the total number of Shares Purchased, the purchase price per Share or the highest and lowest prices paid for such purchases of Shares, where relevant, and the total consideration paid for such purchases.

2.2.3 Manner of Purchases or Acquisitions of Shares

Purchases or acquisitions of Shares may be made by way of:

- (a) on-market purchase(s) ("**Market Purchase**"), transacted on the SGX-ST through the ready market, through one (1) or more duly licensed stock brokers appointed by the Company for the purpose; and/or
- (b) off-market purchase(s) ("**Off-Market Purchase**") effected pursuant to an equal access scheme.

The Directors may impose such terms and conditions which are consistent with the Share Purchase Mandate, the listing manual of the SGX-ST (the "**Listing Manual**") and the Companies Act 1981 of Bermuda (the "**Companies Act**"), as they consider fit in the interests of the Company in connection with or in relation to any equal access scheme(s). An Off-Market Purchase must, however, satisfy all the following conditions:

- (i) offers for the purchase or acquisition of Shares shall be made to every person who holds Shares to purchase or acquire the same percentage of their Shares;
- (ii) all of the abovementioned persons shall be given a reasonable opportunity to accept the offers made; and

ADDENDUM TO ANNUAL REPORT

- (iii) the terms of all the offers shall be the same, except that there shall be disregarded (1) differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements; (2) differences in consideration attributable to the fact that offers relate to Shares with different amounts remaining unpaid (if applicable); and (3) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

Pursuant to the Listing Manual, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, it will have to issue an offer document to all Shareholders containing at least the following information:

- (1) the terms and conditions of the offer;
- (2) the period and procedures for acceptances;
- (3) the reasons for the proposed purchase or acquisition of Shares;
- (4) the consequences, if any, of the purchases or acquisitions of Shares by the Company that will arise under the Take-over Code or other applicable take-over rules;
- (5) whether the purchases or acquisitions of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (6) details of any purchases or acquisitions of Shares made by the Company in the previous 12 months (whether Market Purchases or Off-Market Purchases), giving the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for the purchases of Shares, where relevant, and the total consideration paid for the purchases; and
- (7) whether the shares purchased by the Company will be cancelled or kept as treasury shares.

2.2.4 Purchase Price

The purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) to be paid for a Share will be determined by the Directors or a committee of Directors that may be constituted for the purposes of effecting purchases or acquisitions of Shares by the Company under the Share Purchase Mandate. However, the purchase price to be paid for the Shares pursuant to the purchases or acquisitions of the Shares must not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price of the Shares; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 120% of the Highest Last Dealt Price of the Shares,

(the “**Maximum Price**”) in either case, excluding related expenses of the Share Purchase.

For the above purposes:

“**Average Closing Price**” means the average of the closing market prices of a Share for the five (5) consecutive Market Days on which the Shares are transacted on the SGX-ST immediately preceding the date of the Market Purchase by the Company and deemed to be adjusted in accordance with the Listing Manual for any corporate action which occurs after the relevant five (5) Market Days.

ADDENDUM TO ANNUAL REPORT

“Highest Last Dealt Price” means the highest price transacted for a Share as recorded on the SGX-ST on the Market Day on which there were trades in the Shares immediately preceding the date of the making of the offer pursuant to the Off-Market Purchase.

“Date of the making of the offer” means the date on which the Company announces its intention to make an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.3 Status of Purchased Shares

Under Bermuda law, a share purchased or acquired by a Bermuda company is treated as cancelled immediately on purchase or acquisition (and all rights and privileges attached to the share will expire on such cancellation) unless the company is authorised by its memorandum of association or bye-laws to purchase or acquire its own shares to be held as treasury shares and such shares are purchased to be held as treasury shares. If the purchased or acquired shares are cancelled, the amount of the company’s issued share capital, but not its authorised share capital, shall be diminished by the nominal value of those shares.

Under the Company’s current bye-laws (the **“Bye-Laws”**), the Company is permitted to hold purchased Shares as treasury shares.

2.4 Treasury Shares

Under the Companies Act, a company may, if authorised by its memorandum of association or bye-laws, purchase its own shares to be held as treasury shares. Any or all of the shares so purchased may be cancelled (in which event, the company’s issued, but not its authorised, capital will be diminished accordingly by the nominal value of those shares) or may be held as treasury shares or may be disposed or transferred by the company for cash or other consideration. Under the laws of Bermuda, if a company holds shares as treasury shares, the company shall be entered in the register of members as the member holding the shares but the company is not permitted to exercise any rights in respect of those shares (including any right to attend and vote at meetings) and no dividend or other distribution (whether in cash or otherwise) shall be paid or made to the company in respect of such shares.

No acquisition by a company of its own shares, regardless of whether to be held as treasury shares or to be cancelled, may be effected if, on the date on which the acquisition is to be effected, there are reasonable grounds for believing that the company is, or after the acquisition would be, unable to pay its liabilities as they become due.

Additionally, a company may not acquire its own shares to be held as treasury shares if, as a result of the acquisition, all of the company’s issued shares, other than the shares to be held as treasury, would be non-voting shares.

A company that acquires its own shares to be held as treasury shares may:

- (a) hold all or any of the shares;
- (b) dispose of or transfer all or any of the shares for cash or other consideration; or
- (c) cancel all or any of the shares.

ADDENDUM TO ANNUAL REPORT

Under the Listing Manual, immediate announcement must be made of any sale, transfer, cancellation and/or use of treasury shares (in each case, the “usage”). Such announcement must include details such as the date of the usage, the purpose of the usage, the number of treasury shares comprised in the usage, the number of treasury shares before and after the usage, and the percentage of the number of treasury shares comprised in the usage against the total number of issued shares (of the same class as the treasury shares) which are listed on the SGX-ST before and after the usage.

2.5 Reporting Requirements

The Listing Manual specifies that a listed company shall notify the SGX-ST of all purchases or acquisitions of its shares not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day on which the Market Purchase was made; and
- (b) in the case of an Off-Market Purchase under an equal access scheme, on the second Market Day after the close of acceptance of the offer for the Off-Market Purchase.

However, Bye-Law 3(2) requires an announcement to be made on the Market Day following the day of all purchases or acquisitions of its Shares.

The notification of such Share Purchases to the SGX-ST shall be in such form and shall include such details that the SGX-ST may prescribe. The Company shall make arrangements with its stockbrokers to ensure that they provide the Company in a timely fashion the necessary information which will enable the Company to make the notifications to the SGX-ST.

2.6 Source of Funds

The Company may only apply funds for the purchase or acquisition of the Shares as provided in the Bye-Laws and in accordance with the applicable laws in Singapore and Bermuda. The Company may not purchase its Shares for a consideration other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the trading rules of the SGX-ST.

The Companies Act permits the company to purchase or acquire its own shares out of capital paid up on the purchased shares, or from funds of the company which would otherwise be available for dividend or distribution, or out of the proceeds of a fresh issue of shares made for the purpose of the purchase. Apart from using its internal sources of funds, the company may obtain or incur borrowings to finance its purchase or acquisition of shares.

2.7 Financial Effects

It is not possible for the Company to realistically calculate or quantify the impact of purchases or acquisitions of Shares that may be made pursuant to the Share Purchase Mandate on the net tangible asset (“NTA”) and earnings per share (“EPS”) as the resultant effect would depend on factors such as, *amongst others*, the aggregate number of Shares purchased or acquired, whether the purchase or acquisition is made out of capital or profits, the purchase prices paid for such Shares and the amount (if any) borrowed by the Company to fund the purchases or acquisitions.

The Company’s total issued share capital will be diminished by the aggregate nominal value of the Shares purchased by the Company and which are cancelled. The NTA of the Group will be reduced by the aggregate purchase price paid by the Company for the Shares.

Under the Companies Act, purchases of shares may only be effected out of the capital paid up on the purchased shares or out of the funds of the company otherwise available for dividend or distribution or out of the proceeds of a fresh issue of shares made for the purpose of the purchase. Any premium payable on a purchase over the par value of the shares to be purchased must be

ADDENDUM TO ANNUAL REPORT

provided for out of funds of the company otherwise available for dividend or distribution or out of the company's share premium account before the shares are purchased. Any amount due to a shareholder on a purchase by a company of its own shares may (a) be paid in cash; (b) be satisfied by the transfer of any part of the undertaking or property of the company having the same value; or (c) be satisfied partly under (a) and partly under (b). A company may purchase its own shares if authorised to do so by its memorandum of association or bye-laws. Such purchase may not be made if, on the date on which the purchase is to be effected, there are reasonable grounds for believing that the company is, or after the purchase would be, unable to pay its liabilities as they become due.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration (excluding related brokerages, goods and services tax, stamp duties and clearance fees) will correspondingly reduce the amount available for the distribution of cash dividends by the Company. Where the consideration paid by the Company for the Share Purchase is made out of capital, the amount available for the distribution of cash dividends by the Company will not be reduced.

The Directors do not propose to exercise the Share Purchase Mandate to such an extent that it would have a material adverse effect on the working capital requirements of the Group. The Share Purchase will only be effected after considering relevant factors such as the working capital requirement, availability of financial resources, the expansion and investment plans of the Group and the prevailing market conditions. The proposed Share Purchase Mandate will be exercised with a view of enhancing the EPS and/or the NTA value per share.

For illustrative purposes only, the financial effects of the Share Purchase Mandate on the Company and the Group, based on the audited financial accounts of the Group for the financial year ended 31 December 2016 are based on the assumptions set out below:

- (a) based on 17,205,438 Shares in issue as at the Latest Practicable Date and assuming no further Shares are issued on or prior to the 2017 AGM, not more than 1,720,544 Shares (representing 10% of the issued Shares as at that date, excluding all treasury shares) may be purchased or acquired by the Company pursuant to the proposed Share Purchase Mandate;
- (b) in the case of Market Purchases by the Company and assuming that the Company purchases or acquires 1,720,544 Shares at the Maximum Price of S\$0.7224 for one (1) Share (being the price equivalent to five per cent. (5%) above the Average Closing Price of the Shares for the last five (5) Market Days on which the Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of 1,720,544 Shares (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) is approximately S\$1.2 million or RMB6.1 million⁽¹⁾; and
- (c) in the case of Off-Market Purchases by the Company and assuming that the Company purchases or acquires 1,720,544 Shares at the Maximum Price of S\$0.8520⁽²⁾ for one (1) Share (being the price equivalent to 20% above the Highest Last Dealt Price), the maximum amount of funds required for the purchase or acquisition of 1,720,544 Shares (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) is approximately S\$1.5 million or RMB7.2 million⁽¹⁾.

Notes:

- (1) Based on an exchange rate of S\$1: RMB4.9279 as at 4 April 2017.
- (2) For the purposes of this illustration, the Highest Last Dealt Price is based on the highest price transacted for a Share as recorded on the SGX-ST one (1) day prior to the Latest Practicable Date.

ADDENDUM TO ANNUAL REPORT

For illustrative purposes only, and based on the assumptions set out in sub-paragraphs (a), (b) and (c) above and assuming that (i) the Share Purchases is financed solely by internal sources of funds; (ii) the Share Purchase Mandate had been effective on 1 January 2016; and (iii) the Company had purchased or acquired 1,720,544 Shares (representing 10% of its issued Shares at the Latest Practicable Date, excluding all treasury shares) on 31 December 2016, the financial effects of the purchase or acquisition of 1,720,544 Shares by the Company pursuant to the Share Purchase Mandate by way of purchases made entirely out of capital and cancelled or held as treasury shares on the audited financial accounts of the Company and the Group for the financial year ended 31 December 2016 are set out below:

Shareholders should note that the financial effects set out above are purely for illustrative purposes only. Although the proposed Share Purchase Mandate would authorise the Company to purchase or acquire up to 10% of its issued Shares, the Company may not necessarily purchase or acquire or be able to purchase or acquire the entire 10% of its issued Shares. In addition, the Company may cancel all or part of the Shares repurchased or hold all or part of the Shares repurchased as treasury shares.

Shareholders who are in doubt as to their respective tax positions or any tax implications arising from the Share Purchase Mandate or who may be subject to tax in a jurisdiction other than Singapore should consult their own professional advisers.

2.8 Take-over Implications

Appendix 2 of the Take-over Code contains the Share Buy-Back Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out below.

2.8.1 Obligation to make a Take-over Offer

If, as a result of any purchase or acquisition by the Company of the Shares, the proportionate interest in the voting capital of the Company of a Shareholder and persons acting in concert with him increases, such increase will be treated as an acquisition for the purposes of Rule 14 of the Take-over Code. Consequently, a Shareholder or a group of Shareholders acting in concert with a Director could obtain or consolidate effective control of the Company and become obliged to make an offer under Rule 14 of the Take-over Code.

2.8.2 Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of the company.

Unless the contrary is established, the following persons, *amongst others*, will be presumed to be acting in concert, namely:

- (a) a company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the foregoing companies, any company whose associated companies include any of the foregoing companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing companies for the purchase of voting rights;
- (b) a company with any of its directors, together with their close relatives, related trusts and any companies controlled by any of the directors, their close relatives and related trusts;
- (c) a company with any of its pension funds and employee share schemes;
- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis;
- (e) a financial or other professional adviser, with its client in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where they have reason to believe a bona fide offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, any person who is accustomed to act according to his instructions, companies controlled by any of the foregoing persons and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons and/or entities for the purchase of voting rights.

ADDENDUM TO ANNUAL REPORT

For this purpose, ownership or control of at least 20% but not more than 50% of the voting rights of a company will be regarded as the test of associated company status.

The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively, will incur an obligation to make a take-over offer under Rule 14 of the Take-over Code after a purchase or acquisition of Shares by the Company are set out in Appendix 2 of the Take-over Code.

2.8.3 Effect of Rule 14 and Appendix 2

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring the Shares, the voting rights of such Directors and their concert parties would increase to 30% or more, or in the event that such Directors and their concert parties hold between 30% and 50% of the Company's voting rights, and the voting rights of such Directors and their concert parties would increase by more than one per cent. (1%) in any period of six (6) months.

Under Appendix 2 of the Take-over Code, a Shareholder who is not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company buying back its own Shares, the voting rights of the Shareholder will increase to 30% or more, or, if he holds between 30% and 50% of the Company's voting rights, and his voting rights increase by more than one per cent. (1%) in any period of six (6) months as a result of the Company buying back its Shares.

Based on the shareholdings of the Directors in the Company as at the Latest Practicable Date, none of the Directors will become obligated to make a mandatory offer by reason only of the purchase or acquisition of 10% of the Shares by the Company pursuant to the Share Purchase Mandate.

The Directors are not aware of any Shareholder or group of Shareholders acting in concert who may become obligated to make a mandatory offer in the event that the Directors exercise the power to repurchase Shares pursuant to the Share Purchase Mandate.

Further details of the interests of the Directors and Substantial Shareholders of the Company as at the Latest Practicable Date are set out in paragraph 3 (*Directors' and Substantial Shareholders' Interests*) of this Addendum.

2.9 **Listing Manual**

While the Listing Manual does not expressly prohibit purchase of shares by a listed company during any particular time or times, the listed company would be considered an "insider" in relation to any proposed purchase or acquisition of its issued shares. In this regard, the Company will not purchase any Shares pursuant to the Share Purchase Mandate after a price-sensitive development has occurred or has been the subject of a consideration and/or a decision of the Board until such time as the price-sensitive information has been publicly announced. In particular, the Company will not purchase or acquire any Shares through Market Purchases during the following period and at all times in compliance with Rule 1207(19) of the Listing Manual:

- (a) one (1) month immediately preceding the announcement of the Company's annual results; and
- (b) two (2) weeks immediately preceding the announcement of the Company's results for each of the first three (3) quarters of its financial year.

The Company is required under Rule 723 of the Listing Manual to ensure that at least 10% of its Shares are in the hands of the public. The "public", as defined under the Listing Manual, are persons other than the directors, chief executive officer, substantial shareholders or controlling shareholders of the company and its subsidiaries, as well as the associates of such persons.

ADDENDUM TO ANNUAL REPORT

Based on the register of Directors' shareholdings and the register of Substantial Shareholders maintained by the Company as at the Latest Practicable Date, approximately 4,650,748 Shares representing 27.03% of the issued Shares, are in the hands of the public. Assuming that the Company purchases its Shares through Market Purchases up to the full 10% limit pursuant to the Share Purchase Mandate, the number of Shares in the hands of the public would be reduced to 2,930,204 Shares, representing 18.92% of the reduced issued Shares of the Company. Accordingly, the Company is of the view that there is a sufficient number of Shares held in the hands of the public which would permit the Company to undertake purchases or acquisitions of its Shares up to the full 10% limit pursuant to the proposed Share Purchase Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity.

In undertaking any purchases or acquisitions of Shares through Market Purchases, the Directors will use their best efforts to ensure that, notwithstanding such purchases, a sufficient float in the hands of the public will be maintained so that the purchases or acquisitions of Shares will not adversely affect the listing status of the Shares on the SGX-ST, cause market illiquidity or adversely affect the orderly trading of the Shares.

2.10 Shares bought by the Company in the previous 12 months

The Company has not made any Share Purchases within the 12 months preceding the Latest Practicable Date.

2.11 Interested Persons

The Company is prohibited from knowingly buying Shares on the SGX-ST from an interested person, that is, a Director, the chief executive officer of the Company or Substantial Shareholder of the Company or any of their associates, and an interested person is prohibited from knowingly selling his Shares to the Company.
