The information contained in this presentation is for information purposes only and does not constitute or form part of, and should not be construed as, any offer or invitation to sell or issue or any solicitation of any offer or invitation to purchase or subscribe for any units ("Units") in Keppel Infrastructure Trust ("KIT"). This presentation is strictly confidential to the recipient, may not be relied upon by any other party or for any other purpose, reproduced, retransmitted or further distributed to the press or any other person, may not be reproduced, redistributed, passed on or otherwise disseminated or quoted, directly or indirectly, in any form and may not be published, in whole or in part, for any purpose to any other person in your organisation or elsewhere without the prior written consent of the Trustee-Manager (as defined hereinafter). This presentation should not, nor should anything contained in it, form the basis of, or be relied upon in any connection with any offer, contract, commitment or investment decision whatsoever and it does not constitute a recommendation regarding the Units.

The issue or distribution of this presentation in the United Kingdom, is being made only to, or directed only at, "professional investors", being investors that are considered to be professional clients within the meaning of Article 2(1)(8) of Regulation EU No 600/2014 as it forms part of UK domestic law under the European Union (Withdrawal) Act 2018, as amended, who are also either (i) "investment professionals" falling within Article 14 of The Financial Services and Markets Act 2000 (Promotion of Collective Investment Schemes) (Exemptions) Order 2001 (the "PCIS Order") and Article 19 of The Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "FP Order"); or (ii) high net worth companies, partnerships, associations or trusts and investment personnel of any of the foregoing in each case falling within Article 22 of the PCIS Order and Article 49 of the FP Order (all such persons being referred to as "relevant persons"). Units are not intended to be offered, sold or otherwise made available to, and should not be offered, sold or otherwise made available to, any retail investor in the UK and therefore: (i) neither this presentation nor any other offering or marketing material relating to KIT or Units may be distributed to a retail investor in the UK and any dissemination by the recipient in breach of this restriction is not authorised and shall be at the liability of the recipient.

The past performance of KIT is not necessarily indicative of its future performance. Certain statements made in this presentation may not be based on historical information or facts and may be "forward-looking" statements due to a number of risks, uncertainties and assumptions. These "forward-looking statements" may be identified by their use of words like "plans", "expects", "will", "anticipates", "believes", "intends", "depends", "projects", "estimates" or other words of similar meaning and that involve assumptions, risks and uncertainties. All statements that address expectations or projections about the future and all statements other than statements of historical facts included in this presentation, including, but not limited to, statements about the strategy for growth and expansion plans are forward-looking statements. Predictions, projections or forecasts of the economy or economic trends of the markets are not necessarily indicative of the future or likely performance of KIT. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements due to a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar businesses and governmental and public policy changes, and the continued availability of financing in the amounts and terms necessary to support future business. Such forward-looking statements speak only as of the date on which they are made and KIT does not undertake any obligation to update or revise any of them, whether as a result of new information, future events or otherwise. Accordingly, you should not place undue reliance on any forward-looking statements. No assurance can be given that such future events will occur, that such projections will be achieved, or that such assumptions are correct.

Prospective investors and unitholders of KIT ("Unitholders") are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of Keppel Infrastructure Fund Management Pte. Ltd. (as trustee-manager of KIT) ("Trustee-Manager") on future events. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information, or opinions contained in this presentation or otherwise made available nor as to the reasonableness of any assumption contained in this presentation; and none of KIT, the Trustee-Manager, their advisers or representatives or any of their respective directors, officers, partners, agents, employees, representatives or advisers of any of the foregoing assumes any responsibility or liability therefore (including in respect of direct, indirect or consequential loss or damage) howsoever arising whether directly or indirectly from any use, reliance or distribution of these materials or its contents or otherwise arising in connection with this presentation. Nothing contained in this presentation is, or shall be relied upon as, a promise or representation, whether as to the past or the future and no reliance, in whole or in part, should be placed on the fairness, accuracy, completeness or correctness of the information and opinions contained herein. Further, nothing in this document should be construed as constituting legal, business, tax or financial advice.

The information in this presentation is a summary only and does not purport to contain all of the information that may be required to evaluate any potential transaction of the Units, any recipient should conduct its own independent analysis of KIT and its business, including through the consultation of independent legal, business, tax and financial advisers by such recipient. The information is subject to change without notice, its accuracy is not guaranteed, has not been independently verified and may not contain all material information concerning KIT. The information set out herein may be subject to updating, completion, revision, verification and amendment and such information may change materially. The value of Units and the income derived from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, KIT, the Trustee-Manager or any of its affiliates and/or subsidiaries. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

Investors have no right to request the Trustee-Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited ("SGX-ST"). Listing of the Units on SGX-ST does not guarantee a liquid market for the Units.

The information contained in this presentation should not be distributed, forwarded to or transmitted, directly or indirectly, in or into any jurisdiction where to do so might constitute a violation of applicable securities laws or regulations.

This presentation shall not be construed as an offer or sale of the Units in the United States and no Units are being, or will be, registered under the securities laws of any state of the United States or the securities laws of Malaysia or Thailand, or other jurisdiction and no such securities may be offered or sold in the United States, Malaysia or Thailand except pursuant to an exemption from, or in a transaction not subject to, the securities laws of any state of the United States or the securities laws of Malaysia or Thailand. No public offering of securities is being or will be made in the United States or any other jurisdiction.

Entry into Digital Infrastructure

Pro forma Portfolio AUM
\$9.0b²

Proposed investment in Global Marine Group³, a **highly DPU-accretive acquisition** establishing KIT's presence in **digital infrastructure**

1. Adjusting for one-offs, 1Q 2025 distributable income (DI) would be \$45.5m after adjusting for gain on divestment of Philippine Coastal (-\$19.5m). 1Q 2024 DI would be \$66.8m after adjusting for growth capex and upfront financing fee at Philippine Coastal (+\$2.9m) and performance fees (+\$13.0m). These one-off adjustments are net of its corresponding base fee, where applicable.
2. Assets under management as at 31 Mar 2025 is \$8.7b, representing KIT's economic interest in the enterprise value of its investments plus cash held at the Trust. Pro forma AUM including share of enterprise value of Global Marine Group assuming acquisition completion is \$9.0b.
3. The proposed investment in Global Marine Group was announced on 1 April 2025. Completion is subject to Unitholders' and other relevant regulatory approvals.

AUM (\$\$)

By Business and Assets

By Geography

1. Assets under Management (AUM) as at 31 Mar 2025. Based on independent valuation conducted by EY Corporate Advisors Pte Ltd and Deloitte & Touche Financial Advisory Services Pte Ltd (except KMEDP) as at 31 Dec 2024. Represents KIT's economic interest in the enterprise value of its investments plus cash held at the Trust. The valuation of KMEDP is based on the enterprise value at acquisition.

Proposed Acquisition of Global Marine Group

Rare investment opportunity with long-term contracts and high entry barriers in a niche market

- KIT to acquire c.46.7% interest in Global Marine Group (GMG), a leading subsea cable service provider from Keppel Infrastructure Fund (KIF)¹. KIF and its co-investor acquired a 100% stake in Mar 2025.
- Highly accretive investment with FY 2024 pro forma DPU to increase by 3.5%² and establishes KIT's presence in the digital infrastructure segment.
- GMG offers a broad array of mission-critical maintenance, installation, and consultancy services globally. As a prominent subsea cable maintenance service provider responsible for 31% of global maintained cable length³, GMG's business is underpinned by highly predictable cash flows, with c.80% of FY 2024 revenue backed by long-term maintenance and charter contracts served by a fleet of six purpose-built vessels with specialised equipment.
- The Proposed Transaction would constitute an Interested Person Transaction (IPT) for which Unitholders' approval would be required. Completion is subject to relevant regulatory approvals where applications have been made and are in progress.

Key Terms of Proposed Transaction

% Stake	46.7%
Total Investment Amount	US\$90.6m (S\$122.3m ⁴)
Proposed Funding	Combination of internal sources of funds and/or external borrowings of KIT

Simplified Overview of Transaction Structure⁵

Pre-acquisition

Post-acquisition⁶

1. Formerly known as Keppel Asia Infrastructure Fund II.

2. Assumes cash distribution received from the investment, net of corporate expenses, is fully distributed to unitholders. The pro-forma DPU post-investment set out herein should not be interpreted as being representative of the future DPU.

3. Based on 450,000km of subsea cables maintained by GMG along with its partners, and the estimated global maintained cable length as of 2024, as per Hardiman Commercial Due

Diligence Report.

4. Based on an exchange rate of US\$1.00:S\$1.35.

5. Simplified shareholding structure outlined. It is expected that KIT's stake in JVCo will be indirectly held through an acquisition vehicle.

6. Amounts do not add up to 100% due to rounding.

3. The acquisition of 50% equity interest in Marina East Water Pte. Ltd (MEW), which owns the Keppel Marina East Desalination Plant, entitles KIT to the entire economic benefit of MEW Services Pte Ltd (except KMEDP) as at 31 Dec 2024. Represents KIT's economic interest in the enterprise value of its investments plus cash held at the Trust. The valuation of KMEDP is based on the enterprise value at acquisition. Pro forma AUM including share of enterprise value of Global Marine Group assuming acquisition completion is \$9.0b.

Business Updates

Ixom

Business Updates: Energy Transition

Supports the transition to a low-carbon economy and furthers KIT's decarbonisation roadmap

Funds from Operations (\$m)

City Energy

- City Energy recorded 5% higher YoY revenue for 1Q 2025 from higher town gas and natural gas volumes sold, offset by fuel cost under-recovery of \$1.0m.
- Launch of energy-efficient *Life* brand smart gas water heaters (GWH) in end-2024 has led to >100% YoY growth in GWH unit sales for 1Q 2025, driving future residential town gas volume growth.

Transition Assets (KMC and AGPC)

- KMC:** 100% contracted availability for 1Q 2025; High Efficiency Upgrade for Blk 3 to commence from late April 2025.
- Aramco Gas Pipelines Company:** Stable gas demand underpinned by long-term economic growth and favourable demographics. While 1Q 2025 throughput was lower YoY, it remained above the minimum volume commitment.

Renewables Portfolio

- Completed the fifth and final closing of the acquisition of German Solar Portfolio on 28 Feb, comprising approximately 55,000 bundled solar PV systems backed by 20-year lease contracts. FFO lower YoY due to delay in recognition of interest expense in 1Q 2024 which has been reflected in 2Q 2024, net of contribution from the subsequent closings completed post 1Q 2024 till to-date.
- New dropdown of Crystal Rig (49.1 MW) in United Kingdom expected in 2H 2025, with commercial operations expected to commence in 1H 2026.

Business Updates: Environmental Services

Provides the essential services that protect human health and safeguard the environment

Funds from Operations (\$m)

EMK

Singapore Waste and Water Assets

Eco Management Korea Holdings (EMK)

- Maintained high availability and full utilisation of incineration capacity; secured government tenders for waste incineration for FY 2025 at above market average prices.
- FFO was lower YoY due to continued volatility in landfill price. Prices are expected to improve gradually on the prospects of favourable policy adjustments.

Singapore Waste and Water Assets

- All assets fulfilled contractual obligations with stable operations in 1Q 2025; FFO was lower due to nominal contribution from Senoko WTE post extension of concession in 3Q 2024.
- First full quarter contribution from Keppel Marina East Desalination Plant (KMEDP), which was acquired on 27 Dec 2024.
- Exploring extension of concession for SingSpring Desalination Plant.

Business Updates: Distribution & Storage

Supporting and driving economic growth

Funds from Operations (\$m)

Ixom

- FFO increased 18% YoY to \$17.7m due to higher EBITDA and lower taxes, offset by higher maintenance capex.
- Strong performance from chemicals distribution, with Bitumen segment volume growth of 49% YoY due to ramp-up of supply to a key blue chip downstream customer, offset by lower growth from the Life Sciences segment.

Ventura

- FFO contribution of S\$1.1m is net of maintenance capex of \$8.5m; 1Q 2025 EBITDA performance tracking closely with investment case.
- Achieved market leading performance with 100%¹ bus reliability since July 2024; bus punctuality remains above contractual targets.

Philippine Coastal

- Completion of divestment on 20 March 2025.

1. For the four major metropolitan bus service contracts.

Market Outlook

Infrastructure: Driving Sustainable Development

1

The trends in the infrastructure industry are very strong, even amid the market turmoil

- ✓ Investor appetite for infrastructure assets is expected to remain strong amid uncertain macro backdrop
- ✓ Listed infrastructure has historically produced above-average returns in inflationary environment with stronger inflation-linked cash flows and profitability

2

Looking ahead, the energy transition sector is poised to experience robust growth

- ✓ US\$4.8 trillion in global energy transition and grid investments e.g. renewables, EV, carbon capture, is required annually between 2024 and 2030 for the world to get back on track to net zero¹
- ✓ Accelerate EV adoption: Governments globally have introduced incentives and regulations to spur demand for EVs and curb transport-related emissions

3

Infrastructure supporting the circular economy will remain crucial

- ✓ Continued demand for waste to energy (WTE) and water desalination technologies, underpinned by the growth in urban population, industrialisation, and climate change
