The HAC Group produces high quality natural rubber at its 14 processing facilities in Indonesia and Malaysia and produces sustainable, premium Technically Specified Rubber under its proprietary HEVEAPRO brand. It sells its own products and products procured from third parties to an extensive customer base of the world’s top tyre producers and hundreds of industrial manufacturers. The HAC Group’s distribution network is extensive, comprising sales offices and logistic assets spanning South East Asia, the PRC, South Africa, the United States and Europe. A total of six (6) acquisitions have been completed since its initial public offering in 2013, establishing the HAC Group as one of the natural rubber industry’s leading participants, with unrivalled scale, scope and reach.

SIO is a direct wholly-owned subsidiary of Sinochem International Corporation (“**Sinochem**”), a large state-owned holding company in the People’s Republic of China which is listed on the Shanghai Stock Exchange.

3. OFFER TERMS

The Offeror intends to make the GMG VGO for all the GMG Shares subject to and upon the following principal terms and conditions:

3.1 **Offer.** The GMG VGO will be made for all the GMG Shares in accordance with Rule 15 of the Code and subject to the terms and conditions to be set out in the formal offer document(s) to be issued by Deutsche Bank, for and on behalf of the Offeror (the "**GMG VGO Offer Document**"), to the shareholders of GMG (the "**GMG Shareholders**") in connection with the GMG VGO.

3.2 **Offer Consideration.** The consideration for each GMG Share will be satisfied by the allotment and issuance of new fully paid-up ordinary shares in the issued and paid-up capital of the Offeror on the following basis (the "**Offer Consideration**"):

For every one (1) GMG Share: 0.9333 new fully paid-up ordinary shares in the issued and paid-up capital of the Offeror (the "Consideration Shares").

Any fractional entitlements to the Consideration Shares will be rounded down to the nearest whole HAC Share (as defined below).

Upon issue, the Consideration Shares will be credited as fully paid-up and free from all liens, equities, mortgages, charges, encumbrances, rights of pre-emption and other third party rights and interests of any nature whatsoever and will rank *pari passu* in all respects with the existing ordinary shares in the share capital of the Offeror (the "**HAC Shares**") as at the date of their issue, save that they will not rank for any dividend, rights, allotments or other distributions, the record date for which falls on or before the date of completion of the allotment and issuance of the Consideration Shares.

The Offeror does not intend to increase the Offer Consideration. Therefore, in accordance with Rule 20.2 of the Code, the Offeror will not be allowed subsequently to amend the terms of the Offer, including the Offer Consideration, in any way.

¹ Includes GMG's associate, SIAT S.A.

3.3 No Encumbrances. The GMG Shares will be acquired:

- (a) properly and validly issued and fully paid-up;
- (b) free from any mortgage, assignment, debenture, lien, hypothecation, charge, pledge, adverse claim, rent-charge, title retention, claim, equity, option, pre-emption right (other than those which appear in GMG's articles of association or constitutive document), right to acquire, security agreement and security interest or other right of whatever nature; and
- (c) together with all rights, benefits and entitlements attached thereto (including the right to receive and retain all dividends, rights and other distributions or return of capital, if any which may be announced, declared, paid or made thereon by GMG) as at the date of this Formal Offer Announcement.

If any dividend, right or other distribution or return of capital is announced, declared, paid or made by the Company on or after the date of this Formal Offer Announcement, the Offeror reserves the right to reduce the Offer Consideration payable to such accepting GMG Shareholder by an amount equivalent to such dividend, right, other distribution or return of capital.

3.4 Minimum Acceptance Condition. The GMG VGO is conditional upon the Offeror receiving, valid acceptances in respect of such number of GMG Shares which, when taken together with the GMG Shares owned, controlled or agreed to be acquired by the Offeror and parties acting in concert with it (either before or during the GMG VGO and pursuant to the GMG VGO or otherwise), would result in the Offeror holding such number of GMG Shares carrying more than 50% of the voting rights attributable to the issued GMG Shares (excluding treasury shares), by the closing date of the GMG VGO (the "**Closing Date**"). The Offeror has procured an irrevocable undertaking from SIO to accept the GMG VGO for all its 51.12% interest in GMG, comprising 391,593,237 GMG Shares. Accordingly, the GMG VGO will become unconditional as to acceptances upon SIO tendering its GMG Shares in acceptance of the GMG VGO (the "**SIO Undertaking**").

3.5 Further Details. Further information on the GMG VGO and the terms and conditions upon which the GMG VGO will be made, shall be set out in the GMG VGO Offer Document to be issued.

3.6 SGX-ST Approval In-Principle for Listing and Quotation of Consideration Shares

The Offeror made an application to the SGX-ST and had, on 12 May 2016, received the approval in-principle (the "**AIP**") from the SGX-ST for the dealing in, listing of and quotation of the Consideration Shares to be issued in connection with the GMG VGO on the Official List of the SGX-ST.

The AIP is not to be taken as an indication of the merits of the Proposed Transactions², the Consideration Shares, GMG, the NR Assets³, HAC and/or its subsidiaries.

² Being the transactions contemplated under the agreements entered into between the HAC, certain shareholders of HAC and SIO, for the combination of highly complementary natural rubber assets of Sinochem International Corporation and the HAC Group under the Offeror, to create a world leading natural rubber supply chain manager. The details of the transactions were set out in the Offeror announcement dated 28 March 2016 (the "**Transactions Announcement**") which is available on the website of the SGX-ST at www.sgx.com.

³ As defined in the Transactions Announcement.

5. RATIONALE FOR THE GMG VGO AND THE OFFEROR'S INTENTIONS FOR THE COMPANY

5.1 Rationale for the GMG VGO

The GMG VGO provides an opportunity for GMG Shareholders to swap their GMG Shares for the Consideration Shares, whereupon they shall become shareholders of the Offeror, which would be the leading natural rubber supply chain manager upon the completion of the GMG VGO and the NR Assets Acquisition. Further details of the NR Assets Acquisition are set out in the Offeror's announcement dated 28 March 2016.

The Offeror's strategy to establish itself as a world leading natural rubber supply chain manager is based upon having the scale, scope and reach to provide customers with the natural rubber they need, whenever and wherever they need it. The completion of the GMG VGO and the NR Assets Acquisition would significantly enhance the Offeror's capabilities in every aspect of this strategy, increase the scale of the Offeror's activities substantially, broaden the scope of the business by adding operations in new geographies and extend its reach by adding new customers and markets.

By accepting the GMG VGO, GMG Shareholders would be provided with immediate geographical diversification of operations and extension of distribution reach.

Furthermore, the GMG Shareholders can potentially benefit from synergy opportunities of the enlarged HAC group through common corporate infrastructure, sharing best practices and economies of scale.

5.2 Offeror's intentions in relation to the Company

In the event the Offeror receives acceptances for the GMG VGO such that less than 10% of the total number of issued GMG Shares (excluding any shares held by GMG as treasury shares) are held in public hands, the SGX-ST may suspend trading of GMG Shares at the close of the GMG VGO. The Offeror presently has no intention to support any action or take any steps to maintain the listing status of GMG on the SGX-ST. The Offeror will comply with all applicable rules of the Listing Manual in such an event, including Rules 1307 and 1309 of the Listing Manual, should the Offeror seek a delisting of GMG.

Upon completion of the GMG VGO, the Offeror may undertake a strategic and operational review of the organisation, business and operations of the GMG Group with a view to realise synergies and growth potential. It is the intention of the Offeror to ensure continuity of the GMG Group's operations and to lead the GMG Group to further growth and development.

The Offeror presently has no intention to introduce any major changes to the existing business of the GMG Group, or to discontinue the employment of any of the existing employees of the GMG Group or re-deploy any of the fixed assets of the GMG Group, other than in the ordinary course of business.

6. LISTING STATUS AND COMPULSORY ACQUISITION

- 6.1 Listing Status.** Pursuant to Rule 1105 of the Listing Manual of the SGX-ST ("**Listing Manual**"), upon an announcement by the Offeror that acceptances have been received pursuant to the GMG VGO that bring the holdings owned by the Offeror and parties acting in concert with it to above 90% of the total number of issued GMG Shares (excluding treasury shares), the SGX-ST may suspend the trading of the GMG Shares in the Ready and Unit Share markets until it is satisfied that at least 10% of the total number of issued GMG Shares (excluding treasury shares) are held by at least 500 shareholders who are members of the public. Rule 1303(1) of the Listing Manual provides that if the Offeror succeeds in garnering acceptances exceeding 90% of the total number of issued GMG

Shares (excluding treasury shares), thus causing the percentage of the total number of issued GMG Shares (excluding treasury shares) held in public hands to fall below 10%, the SGX-ST will suspend trading of the GMG Shares only at the Closing Date.

In addition, under Rule 724(1) of the Listing Manual, if the percentage of the total number of issued GMG Shares (excluding treasury shares) held in public hands falls below 10%, the Company must, as soon as practicable, announce that fact and the SGX-ST may suspend the trading of all the GMG Shares. Rule 724(2) of the Listing Manual states that the SGX-ST may allow GMG a period of three months, or such longer period as the SGX-ST may agree, to raise the percentage of GMG Shares (excluding treasury shares) in public hands to at least 10%, failing which GMG may be removed from the official list of the SGX-ST.

- 6.2 **Compulsory Acquisition.** Pursuant to Section 215(1) of the Companies Act, Chapter 50 of Singapore (“**Companies Act**”), in the event that the Offeror receives valid acceptances pursuant to the GMG VGO (or otherwise acquires GMG Shares during the period when the GMG VGO is open for acceptance) in respect of not less than 90% of the total number of issued GMG Shares (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the GMG VGO and excluding any GMG Shares held by GMG as treasury shares), the Offeror would be entitled to exercise the right to compulsorily acquire all the GMG Shares of the GMG Shareholders who have not accepted the GMG VGO (the “**Dissenting Shareholders**”) at a price equal to the Offer Consideration.

In addition, Dissenting Shareholders have the right under and subject to Section 215(3) of the Companies Act, to require the Offeror to acquire their GMG Shares at a price equal to the Offer Consideration in the event that the Offeror, its related corporations or their respective nominees acquire, pursuant to the GMG VGO, such number of GMG Shares which, together with the GMG Shares held by the Offeror, its related corporations or their respective nominees, comprise 90% or more of the total number of issued GMG Shares (excluding any GMG Shares held by GMG as treasury shares). Dissenting Shareholders who wish to exercise such rights are advised to seek their own independent legal advice.

- 6.3 **Offeror’s Intentions.** In the event the Offeror receives acceptances for the GMG VGO such that less than 10% of the total number of issued GMG Shares (excluding any shares held by the Company as treasury shares) are held in public hands, the Offeror presently has no intention to support any action or take any steps to maintain the listing status of GMG on the SGX-ST, and (if and when entitled) intends to exercise its rights of compulsory acquisition under Section 215(1) of the Companies Act.
