CHAIRMAN'S STATEMENT

DEAR SHAREHOLDERS:

2015 marks a significant ten-year milestone for Ace Achieve Infocom Limited. Since its listing on the Singapore Stock Exchange in 2005, the Group has grown and expanded its business operations systematically. We have successfully enhanced our core competencies and kept ourselves competitive amidst the rapid pace of global infocomm technology development.

Year In Review

Last year, China's economic growth slowed down significantly. Much as there were opportunities for expansion of the 4G network infrastructure by the telecommunications operators, it was largely constrained by the nature of a phased construction cycle as well as the increased government supervision and management of state-owned enterprises operators. As a result, the overall pace of infrastructure investment has slowed down correspondingly.

Under such circumstances, the business performance of the Group was impacted particularly during the second half of the year. The impact was reflected in two areas, one of which was the progress of the projects we have undertaken were not duly confirmed by the customers in a timely manner. The second area was that the profit margin of the new projects declined significantly. In response to the changes in the external political and economic environment, we believe that there is still room for growth for China's communications market with technology competencies escalating to be the decisive impetus for future market growth.

To that end, the Group has further strengthened its investment in its technology competencies, as well as fine-tuned its operations to adjust to both our customer and our product structures in order to enhance the future development of the Group.

Moving forward, we believe that China's overall economic environment will gradually resume the growth track. In this light, the Group aims to continue along its strategic direction and expand its market share through existing and new technical solutions. We will continue to provide customers with value-added services and lay a solid foundation for the Group's future development.

CHAIRMAN'S STATEMENT

Note of Appreciation

On behalf of the Board, I would like to express my deepest appreciation to all stakeholders who have been instrumental in Ace Achieve's success over the past years— customers, business associates, management team, staff and shareholders.

I am grateful for the loyal support of our customers and business associates through all these years. Our strategic partnership will ensure Ace Achieve can nurture greater sustainability for our business operations as well as the communities we operate in. I look forward to the unwavering commitment of our management team and staff who are pivotal to our success.

We will grow from strength to strength in building our market leadership in our core businesses and nurture new growth opportunities in China and beyond.

Last but not least, I like to thank the Board of Directors for their invaluable guidance. Together, we can drive innovation to scale new heights for Ace Achieve and all our stakeholders.

He is a registered accountant in the PRC as well as an accredited mining surveyor.

OPERATION & FINANCIAL REVIEW

For the financial year ended 30 April 2015, the performance of Group has been impacted by the slowdown in economic growth of China. Despite the launch of the 4G business by the telecommunications operators, the pace of overall infrastructural investments has been gradual and hence the anticipated boost to the telecommunications industry value chain did not take off.

To cope with these external changes, the Group strives to strengthen new product development and explore new business opportunities. Over the past year, it has re-organised the operational structure into three business segments (i.e. ICT System Integration, Business Support Solutions and Maintenance and Servicing), as well as re-establish its business priorities for each business segment with a hope that the restructuring will enable us to be more competitive.

The Group's revenue remain largely consistent with a decrease by only approximately 1% from RMB237.8 million in FY2014 to RMB235.30 million in FY2015.

Business Segments	May 2014 to Apr 2015		May 2013 to Apr 2014	
	Revenue RMB'000	Sales mix ratio (%)	Revenue RMB'000	Sales mix ratio (%)
ICT System Integration	150,766	64.08	156,969	66.00
Business Support Solutions	72,401	30.77	76,535	32.18
Maintenance & Servicing	12,128	5.15	4,318	1.82
Total	235,295	100.00	237,822	100.00

The contribution to the revenue by the three business segments are also relatively stable, with the Maintenance & Servicing segments recording a 3.3% increase in sales mix ratio in FY2015 as compared to FY2014.

The Group's gross profit decreased by 20% from RMB75.37 million in FY2014 to RMB60.11 million in FY2015. Due to keen competitions in the ICT System Integration segment especially in the second half of the financial year, a lower 26% gross margin was recorded in FY2015.

Correspondingly, net profit witnessed a decrease of 38% from RMB20.9 million in FY2014 compared to RMB13.0 million in FY2015.

OPERATION & FINANCIAL REVIEW

The Group's other operating income decreased from RMB3.34 million in last financial year to RMB1.41 million in the current financial year. This is mainly due to the lower government incentive received in the current financial year.

Other operating expenses decreased from RMB3.90 million in last financial year to RMB2.34 million in the current financial year. This was mainly due to lower allowance for impairment of trade receivables.

The Group's selling and distribution expenses decreased by 12% from RMB11.67 million in last financial year to RMB10.37 million in current financial year. It was mainly due to lower headcount in FY2015 as compared to prior year.

The Group's administrative expenses decreased by 6% from RMB18.46 million in last financial year to RMB17.41 million in the current financial year. It was mainly due to lower professional fee incurred during the current financial year.

The Group's finance expenses decreased 21% from RMB20.51 million in last financial year to RMB16.24 million in the current financial year. The decrease was mainly attributable to decrease in finance charges in relation to guarantees and bank borrowings during the current year.

BALANCE SHEET HIGHLIGHTS

Improved payment collection has resulted in the decrease in trade receivables from RMB509.71 million as at 30 April 2014 to RMB483.25 million as at 30 April 2015. Other receivables, deposits and prepayments increased from RMB70.48 million as at 30 April 2014 to RMB76.72 million as at 30 April 2015. It was mainly due to increase of advances to the suppliers during the financial year.

The cash and bank balances decreased from RMB67.51 million as at 30 April 2014 to RMB17.37 million as at 30 April 2015. It was mainly due to the repayment of bank borrowing.

Amount due from related parties (non-trade) decreased from RMB6.17 million as at 30 April 2014 to RMB0.13 million as at 30 April 2015. It was mainly due to repayment from these parties.

OPERATION & FINANCIAL REVIEW

Work-in-progress projects increased from RMB190.30 million as at 30 April 2014 to RMB237.44 million as at 30 April 2015. This was mainly attributed to the increase in a few major projects in supply and installations of cloud computed facilities for China Unicom.

During the period, trade payable increased from RMB69.19 million as at 30 April 2014 to RMB127.22 million as at 30 April 2015. It was mainly due to the slower payment to the suppliers and the repayment terms of certain suppliers which are subject to the receipts from customers.

Other payables and accruals increased from RMB20.96 million as at 30 April 2014 to RMB63.94 million as at 30 April 2015. It was mainly due to the increase of advance from customers during the current financial year.

Provision for warranty increased from RMB4.35 million as at 30 April 2014 to RMB5.52 million as at 30 April 2015. It was mainly due to additional provisions for revenue recognised during the current financial year.

CASHFLOW HIGHLIGHTS

Net cash inflow from operating activities were RMB84.69 million for the year ended 30 April 2015 as compared to a net cash outflow of RMB82.07 million in the last corresponding year. The net cash outflow was mainly due to slower payment to the suppliers during the financial year.

Net cash inflow from investing activities were RMB3.01 million for the year ended 30 April 2015 as compared with a net cash outflow of RMB4.30 million in the last corresponding year. This was mainly due to repayments from the related parties.

Net cash outflow from financing activities for the year ended 30 April 2015 amounted to RMB147.82 million as compared with a net cash inflow of RMB123.16 million in the last corresponding year. This was mainly due to the repayments of bank borrowings during the financial year.

As at 30 April 2015, the cash and bank balances stands at RMB17.37 million.

STATEMENT OF CORPORATE GOVERNANCE

INTRODUCTION

The Directors and the Management of ACE Achieve Infocom Limited (“the Company”) are committed to uphold good corporate governance. This commitment to corporate governance is seen in their continuous support of the Singapore Code of Corporate Governance 2012 (the “Code”) issued by the Singapore Council on Corporate Disclosure and Governance, in their effort to observe high standards of transparency, accountability and integrity in managing the Group’s business in order to create value for its shareholders and safeguard the Group’s assets.

This Statement describes the practices the Company has taken with respect to each of the principles and guidelines and the extent of its compliance with the Code during the financial year ended 30 April 2015 (“FY2015”).

BOARD MATTERS

The Board’s Conduct of Affairs

Principle 1 : Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with Management to achieve this objective and the Management remains accountable to the Board.

The Company is headed by an effective Board, comprising competent individuals with diversified background and collectively brings with them a wide range of experience, to lead and control the Company. The Board is responsible for the overall management and success of the Group. It establishes corporate strategies for the Group and sets directions and goals for the executive management, supervises them and monitors the performance of these goals to enhance shareholders’ value. The Board is also responsible for the overall corporate governance of the Group.

The profile of each Director is presented in the “Directors’ Profile” of this Annual Report.

To assist in the execution of its responsibilities, the Board has established an Audit Committee (“AC”), Nominating Committee (“NC”) and Remuneration Committee (“RC”). These committees function within clearly defined terms of references and operating procedures, which are reviewed on a regular basis. The effectiveness of these committees is also constantly reviewed by the Board. The roles and responsibilities of these committees are provided for in the latter sections of this Statement of Corporate Governance.

The Board meets on a regular basis and as when necessary, to address any specific significant matters that may arise.

As provided for under Bye-Law 115(2) of the Company’s Bye-Laws, the Directors of the Company may participate in any meeting of the Board by means of such telephone, electronic or other communication facilities as permit all persons participating in the meeting to communicate with each other simultaneously and instantaneously.

STATEMENT OF CORPORATE GOVERNANCE

The number of Board and Board Committees meetings held during the FY2015 and the attendance of each Director where relevant are as follows :-

Name of Director	Board		Audit Committee		Nominating Committee		Remuneration Committee	
	No. of Meetings held	No. of Meetings attended	No. of Meetings held	No. of Meetings attended	No. of Meetings held	No. of Meetings attended	No. of Meetings held	No. of Meetings attended

Sun Yuzhen (resigned on 8 August 2015)	2	0	2	0	1	NA	1	0

NA : Not applicable

The Board has identified the following areas for which the Board has direct responsibility for decision making:-

- Approving the Group's major investments and funding decisions;
- Approving the Group's half-year and full-year results announcement for release to the Singapore Exchange Securities Trading Limited ("SGX-ST");
- Approving Annual Report and Audited Financial Statements;
- Approval of Corporate Strategies;
- Approval of material acquisitions and disposal of assets;
- Reviewing the adequacy and integrity of the Group's internal controls, risk management systems and financial reporting systems; and
- Assuming responsibility for corporate governance.

Upon appointment, each Director will receive appropriate training to ensure that the Directors are familiar with the Group's business and governance practices. Visits to the Group's production facilities are also arranged to acquaint the non-executive Directors with the Group's operations. They will also be provided a formal letter setting out their duties and obligations.

STATEMENT OF CORPORATE GOVERNANCE

Where appropriate, developments in legislation, government policies and regulations affecting the Group's businesses and operations are provided to all Directors on a timely basis. The Directors have access to the advice of the company secretary and the Management. They may also seek independent professional advice concerning the Company's affairs when necessary.

Board Composition and Guidance

Principle 2 : There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

The current Board consists of five (5) members comprising the Executive Chairman, an Executive Director, and three (3) Independent Non-Executive Directors. The number of Independent Directors complies with the Code's requirement that at least half of the Board should be made up of Independent Directors, which brings a strong and independent element to the Board.

The Board comprises the following members:-

Mr. Deng Zelin	Executive Chairman and Chief Executive Officer ("CEO")
Ms. Yang Fan	Executive Director & Deputy Chairman
Mr. Yeung Koon Sang @ David Yeung	Lead Independent Director
Mr. Kang Junen	Independent Director (appointed on 19 September 2014)
Dr. Chung Tang Fong	Independent Director (appointed on 19 September 2014)
Mr. Ong Tiew Siam	Independent Director (ceased on 28 August 2014)
Ms. Sun Yujing	Executive Director & Deputy Chairman (resigned on 8 August 2015)
Ms. Sun Yuzhen	Non-Executive Director (resigned on 8 August 2015)

The Independent Directors, namely Mr. Yeung Koon Sang @ David Yeung, Mr. Kang Junen and Dr. Chung Tang Fong, have confirmed that they do not have any relationship with the Company, its related companies or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the directors' independent judgment of the Group's affairs with a view to the best interest of the Company.

On an annual basis and upon notification by an Independent Director of a change in circumstances, the NC will review the independence of each Independent Director based on the criteria for independence defined in the Code and recommends to the Board as to whether the director is to be considered independent. The NC has reviewed and determined that the said Directors are independent.

The 2012 Code states that the independence of any director who has served on the Board beyond nine years from the date of his first appointment should be subject to particularly rigorous review. In this regard, the NC noted that Mr. Yeung Koon Sang @ David Yeung was first appointed to the Board on 17 September 2004. However, the NC considered that Mr. David Yeung has demonstrated independent judgment at board and board committee meetings, and was of the firm view that he has been exercising independent judgment in the best interests of the Company in the discharge of his director's duties. The NC therefore continued to deem Mr. David Yeung as an independent director. The Board concurred with the reasons set forth by the NC and was of the view that Mr. David Yeung should be deemed independent.

STATEMENT OF CORPORATE GOVERNANCE

The Board examines its size and after taking into account the scope and nature of the Company's operations as well as the diversified background and experience of the Directors that provides core competencies in areas such as finance, accounting, business management, industry knowledge and strategic planning experience, is satisfied that the Board is of an appropriate size to facilitate effective decision making.

The non-executive director is also involved in reviewing the corporate strategies, business operations and practices of the Group, as well as reviewing and monitoring the performance of the Management in achieving agreed goals and objectives.

Chairman and Chief Executive Director

Principle 3 : There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

The Executive Chairman and CEO of the Company is Mr. Deng Zelin. Mr. Deng assumes the roles of both the Executive Chairman and the CEO as he was the founder of the Group who has extensive experience and knowledge in the telecommunication industry and has played an instrumental role in directing the Group's overall strategy and growth as well as the overall management of the Group. He also assists in ensuring compliance with the Group's guidelines on the Code.

Although the Chairman and the CEO is the same person, the Board is of the view that there is a sufficiently strong independent element on the Board to enable the independent exercise of objective judgement on corporate affairs of the Group and the process of decision making by the Board is independent with the establishment of the various Board Committees which are chaired by Independent Directors. There are sufficient safeguards in place to ensure that the Management is accountable to the Board as a whole.

The Chairman / CEO ensures that Board meetings are held when necessary, sets Board meeting agenda and reviews Board Papers in consultation with the Management, prior to presenting them to the Board. The Chairman / CEO ensures that Board members are provided with complete, adequate and timely information on a regular basis to enable them to be fully cognisant of the affairs of the Group.

In order to promote high standards of corporate governance and to ensure effective communication with its shareholders, Mr. Yeung Koon Sang @ David Yeung acts as the Group's Lead Independent Director to whom any concerns with regards to the Group may be conveyed to.

Board Membership

Principle 4 : There should be a formal and transparent process for the appointment and re- appointment of directors to the Board.

The Company had established a NC to make recommendations to the Board on all board appointments. The NC comprises the following three (3) directors, a majority of whom including the Chairman of the NC, are independent non-executive directors. The Chairman of the NC is also not associated with any substantial shareholders of the Company:-

Mr. Ong Tiew Siam
Dr. Chung Tang Fong
Mr. Yeung Koon Sang @ David Yeung
Ms. Yang Fan

(Chairman) (ceased on 28 August 2014)
(Chairman) (appointed on 19 September 2014)
(Member)
(Member)

STATEMENT OF CORPORATE GOVERNANCE

The NC is governed by the NC's Terms of Reference which describes the duties and functions of the NC. The duties and functions of the NC are as follows :-

- (a) Evaluate and keep under review the balance of skills, knowledge and experience of the Directors (and the likely changes to such in the future) and make recommendations to the Board in relation to the rotation and succession of the Directors.
- (b) Make recommendations to the Board relating to all matters of a Director's independence and to review annually each Director's independence including his / her actual, potential or perceived conflicts of interests and commitments in terms of time.
- (c) Make recommendation to the Board regarding the re-appointment of directors upon their falling due for re-election by shareholders in accordance with the Company's Bye-laws or their re-appointment at the end of a specified term as set out in their letter of appointment.
- (d) Make recommendation to the Board relating to the continuation in office of any Director.
- (e) Consider how the Board's performance may be evaluated and to propose objective performance criteria, subject to the approval of the Board, which addresses how the Board has enhanced long-term shareholders' value.

The Company's Bye-Laws provides that all the directors shall retire by rotation at least once every three (3) years and such retiring Director shall be eligible for re-election.

Mr. Deng Zelin will retire by rotation at the forthcoming Annual General Meeting ("AGM") according to Bye-Law 86(1). Mr. Kang Junen and Dr. Chung Tang Fong who were appointed on 19 September 2014 will retire at the forthcoming AGM according to Bye-Law 85(6). Mr. Kang Junen will, upon re-election as a Director, remain as an Independent Director and a member of AC and RC. Dr. Chung Tang Fong will, upon re-election as a Director, remain as an Independent Director and Chairman of NC and RC and a member of AC.

Where a vacancy arises, the NC will consider each candidate for directorship based on the selection criteria determined after consultation with the Board and after taking into consideration the qualification and experience of such candidate, his / her ability to increase the effectiveness of the Board and to add value to the Group's business in line with its strategic objectives, the NC will recommend the candidate to the Board for approval. Under the Company's Bye-Laws, a Director appointed by the Board shall retire at the AGM following his / her appointment and he / she shall be eligible for re-election at that meeting.

STATEMENT OF CORPORATE GOVERNANCE

The dates of initial appointment and last re-election of each Director are set out below:

Sun Yuzhen (resigned on 8 August 2014)	Non Executive Director	17/09/2004	30/08/2013	Nil	Nil

Key information regarding the Directors' academic qualifications are set out in the "Directors' Profile" of this Annual Report.

The NC meets at least once a year.

STATEMENT OF CORPORATE GOVERNANCE

Multiple board representation

The NC considers and is of the view that it will not set a limit on the number of directorships that a Director may hold because each Director has different capabilities, and the nature of the organizations in which they hold appointments and the kind of committees on which they serve are of different complexities. The NC will continue to monitor and assess the demands of each Director's competing directorships and obligations to ensure each Director has given sufficient time and attention to the affairs of the Company and has adequately discharge his duties to the Company. Based on its assessment, the NC will then determine, if required, the maximum number of directorship each Director can hold.

Board Performance

Principle 5 : There should be a formal annual assessment of the effectiveness of the Board as a whole and its board committees and the contribution by each director to the effectiveness of the Board.

On an annual basis, the NC in consultation with the Chairman of the Board, will review and evaluate the performance of the Board as a whole, taking into consideration the attendance record at the meetings of the Board and Board Committees and also the contribution of each Director to the effectiveness of the Board.

Other than the attendance record at meetings, the contribution of individual director is also measured by other performance criteria which the Board may propose. The criteria for assessing the Board's performance include Board composition and size, Board processes, accountability, standard of conduct and performance of its principal functions and fiduciary duties and guidance to and communication with the Management.

The NC is satisfied that despite some of the Directors having other Board representations, the Directors are able to and have adequately carried out their duties as Directors of the Company. The NC has noted that its members have contributed significantly in terms of time, effort and commitment during the financial year 2015.

Access to Information

Principle 6 : In order to fulfill their responsibilities, director should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

The Board has separate and independent access to the senior management of the Group at all times. Request for information are dealt with promptly by the Management. The Board is informed of all material events and transactions as and when they occur. The information made available to the Directors are in various forms such as half-year and full-year financial results, progress reports of the Group's operations, corporate development, regulatory updates, business developments and audit reports. The Management also consults with Board members regularly whenever necessary and appropriate. The Board is issued with Board papers timely prior to Board meetings.

STATEMENT OF CORPORATE GOVERNANCE

The Directors also have separate and independent access to the company secretary. The role of the company secretary is to administer, attend and prepare minutes of Board meetings, assist the Chairman in ensuring that Board procedures are followed and reviewed so that the Board functions effectively and the Company's Bye-Laws, Listing Manual of SGX-ST and other relevant rules and regulations applicable to the Company are complied with. The company secretary and/or the corporate secretarial representative also attend(s) all Board meetings. The appointment and removal of the company secretary are decided by the Board as a whole.

The Board in fulfilling its responsibilities can as a group or individually, when deemed fit, direct the Company, at the Company's expense, to appoint an independent professional adviser, to render professional advice.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 7 : There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC comprises the following three (3) directors, all of whom are non-executive directors, including the Chairman of the RC, are independent :-

Dr. Chung Tang Fong	(Chairman) (appointed on 19 September 2014)
Mr. Yeung Koon Sang @ David Yeung	(Member)
Mr. Kang Junen	(Member) (appointed on 19 September 2014)
Mr. Ong Tiew Siam	(Chairman) (ceased on 28 August 2014)
Ms Sun Yuzhen	(Member) (resigned on 8 August 2014)

The RC is governed by the RC's Terms of Reference which describes the duties and responsibilities of the RC.

The RC is responsible :-

- to recommend to the Board a policy of remuneration for the Board and key executives, and to determine the terms of employment and remuneration packages for each Executive Director, which covers all aspects of remuneration including but not limited to directors' fees, salaries, allowances, bonuses, options and benefits in kind;
- to approve any compensation packages or arrangements following the severance of any Executive Director's service contract; and
- to recommend to the Board the establishment of any employee share plans, including all material and non-material amendments to the plan and to exercise all the powers of the Board in relation to the operation of any share and incentive plans, including the granting of awards and options, and the setting and testing of performance conditions.

STATEMENT OF CORPORATE GOVERNANCE

The RC's recommendations are made in consultation with the Chairman of the Board and submitted to the entire Board for endorsement.

The Directors are not involved in the discussion and in deciding their own remuneration.

The RC meets at least once a year.

Level and Mix of Remuneration

Principle 8 : The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

In setting remuneration packages for Executive Directors, the performance related elements of remuneration form a significant portion of the total remuneration package in order to align the Executive Directors' interests with those of shareholders and to link rewards to corporate and individual performance. The RC will also take into consideration the pay and employment conditions within the industry and comparable companies.

The remuneration of Non-Executive Directors will also be reviewed to ensure that the remuneration commensurate with the contribution, effort and time spent, and the responsibilities of the Directors.

The Directors' Fees paid to the Independent Directors of the Company each year are subject to the approval of the Company's shareholders at the AGM.

Disclosure of Remuneration

Principle 9 : Each company should provide clear disclosure of its remuneration policy, level and mix of remuneration, and the procedure for setting remuneration in the company's Annual Report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

The remuneration of the Directors and the key executives, who are not directors of the Company, for FY2015, are disclosed below. The disclosure is to enable investors to understand the link between remuneration paid to Directors and key management personnel and their performance.

STATEMENT OF CORPORATE GOVERNANCE

The breakdown (in percentage terms) of each Directors' and key executives' remuneration for FY2015 are as follows :-

Liu Guo Jun	100	–	–	100
Zhou Ai Zhen	100	–	–	100
Peng Xiao Gang	100	–	–	100

Save as disclosed above, the Company does not have any employees who are immediate family members of a Director or the CEO, and whose remuneration for FY2015 exceeds S\$50,000.

ACCOUNTABILITY AND AUDIT

Accountability

Principle 10 : The Board should present a balanced and understandable assessment of the company's performance, position and prospects.

The Board is responsible to provide a balanced and understandable assessment of the Group's performance, position and prospects, to its shareholders, the public and regulators.

STATEMENT OF CORPORATE GOVERNANCE

The Board is accountable to its shareholders and is mindful of its obligations to furnish timely information and to ensure full disclosure of material information to its shareholders in compliance with the statutory requirements and the Listing Manual of SGX-ST.

Price sensitive information will be publicly released either before the Company meets with any group of investors or analysts or simultaneously with such meetings. Financial results and annual reports are announced and issued within the statutory prescribed periods.

The auditors of the Company's subsidiaries are disclosed in note 13 to the financial statements in this Annual Report. The Company confirms that Rules 712 and 715 of the Listing Manual of SGX-ST is complied with.

Risk Management and Internal Controls

Principle 11 : The Board is responsible for the governance of risk. The Board should ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interest and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

The Company does not have a Risk Management Committee. However, the Management regularly reviews the Company's businesses and operational activities to identify areas of significant business risks and takes appropriate measures to minimize these risks. Notwithstanding the long outstanding trade receivables which is peculiar to the telecommunication solutions and products industry in China, Management is confident of collecting all trade receivables and has set up a task force to monitor and ensure all trade receivables are collected within a reasonable timeframe. The Company reviews all significant control policies and procedures and highlights all significant matters to the AC and Board. The Management and Directors have also considered the various financial risks, details of which are disclosed in the notes to the accompanying audited financial statements.

Messrs Crowe Horwath First Trust Risk Advisory Pte Ltd was appointed to establish an Enterprise Management Framework to facilitate the set-up of a system of risk management and internal controls during the financial year.

The AC will ensure that a review of the effectiveness of the Group's material internal controls, including financial, operational, compliance controls and risk management is conducted annually. The AC will review the audit plans, and the findings of the external auditors and will ensure that the Group follows up on the external auditors' recommendations raised, if any, during the audit process.

In FY2015, the Board had received assurance from the CEO and General Manager (Corporate Services) :

- (a) that the financial records have been properly maintained and the financial statements in FY2015 give a true and fair view of the Company's operations and finances; and
- (b) regarding the effectiveness of the Company's risk management and internal control system.

Based on the internal controls established and maintained by the Group, work performed by the external auditors and reviews performed by the Management, the AC and the Board is of the opinion that, the Group's system of internal controls, addressing financial, operational, compliance and information technology risks, were adequate as at 30 April 2015.

STATEMENT OF CORPORATE GOVERNANCE

Audit Committee

Principle 12 : The Board should establish an Audit Committee (“AC”) with written terms of reference which clearly set out its authority and duties.

The AC comprises the following three (3) Directors, all of whom including the Chairman of the AC are Independent Non-Executive Directors:-

Mr. Yeung Koon Sang @ David Yeung	(Chairman)
Dr. Chung Tang Fong	(Member) (appointed on 19 September 2014)
Mr. Kang Junen	(Member) (appointed on 19 September 2014)
Mr. Ong Tiew Siam	(Member) (ceased on 28 August 2014)
Mr. Sun Yuzhen	(Member) (resigned on 8 August 2014)

The Board ensures that the members of the AC are appropriately qualified to discharge their responsibilities. The Chairman of the AC, Mr. Yeung Koon Sang @ David Yeung, Mr Kang Junen and Dr. Chung Tang Fong are all qualified Accountants and they possess the requisite accounting and financial management expertise and experience.

The AC is governed by its Terms of Reference which highlights its duties and functions as follows :-

- (a) to consider the appointment, dismissal or resignation of the external auditors and to oversee the process for selecting the auditors and to make appropriate recommendations, through the Board, to shareholders to consider at the AGMs concerning the re-appointment of the auditors.
- (b) to assess the independence and objectivity of the external auditors. To approve and monitor the application of and to ensure that the nature and amount of non-audit work does not impair the auditor's independence and objectivity.
- (c) to recommend the audit fee of the external auditors to the Board.
- (d) to discuss with the external auditors the nature, scope and effectiveness of the annual audit process taking into account relevant professional and regulatory requirements and to review the auditors' quality control procedures and the steps taken by the auditors to respond to changes in regulatory and other requirements.
- (e) to approve the auditors' engagement letter and any amendments thereto and to review the auditors' management letter and management's response thereto.
- (f) to review the co-ordination between the external auditors and the Management, the assistance given by the Management to the auditors and addressing any issues arising from the audits, and any matters raised by the auditors (in the absence of the Management where necessary).
- (g) to review and assess the appropriateness of the Company's procedures for handling concerns raised by staff or others about possible improprieties in financial reporting or other matters.
- (h) to review internal control and procedures, including review of the internal auditor's internal audit plan and internal audit findings.
- (i) to review interested person transactions of the Group.

STATEMENT OF CORPORATE GOVERNANCE

- (j) to review and challenge, where necessary, the actions and judgments of the Management, in relation to the interim and annual financial statements, and any formal announcements relating to the Company's financial performance paying particular attention to critical accounting policies and practices, decisions requiring a major element of judgment, unusual transactions during the year, clarity of disclosures, significant audit adjustments, compliance with accounting standards and other legal requirements, and to recommend the financial statements and / or announcements to the Board for their approval.
- (k) to note any significant pending legal actions against or by a Group company and to note any material breaches of compliance, regulations or legislation.

The AC has the power to conduct and authorize investigations into matters within the AC's scope of responsibility and to retain professional advisers at the Company's expense. The AC also has full access to and co-operation of the Company's Management and has full discretion to invite any Director or executive officer to attend the AC meetings, and has been given reasonable resources to enable it to discharge its functions.

During the year under review, the AC has :

- (a) reviewed the scope of work of both internal and external auditors;
- (b) reviewed the audit plans and discuss the results of the respective findings and their evaluation of the Group's system of internal accounting controls;
- (c) reviewed the financial statements of the Group for the financial year ended 30 April 2015 as well as the audit report, the half year and full year financial results announcements, before they are recommended to the Board for approval;
- (d) reviewed the interested person transactions of the Group;
- (e) met with the Company's external and internal auditors without the presence of the Management at least once a year;
- (f) reviewed the external auditors independence and objectivity.

Messrs Moore Stephens LLP was appointed as the Company's external auditors via the Company's Special General Meeting held on 13 April 2012. Mr. Neo Keng Jin is the audit engagement partner in charge of the audit of the Company.

There are no non-audit services provided by the external auditors in FY2015. The AC is also satisfied with the level of co-operation rendered by the Management to the external auditors and the adequacy of the scope and quality of their audit.

The audit and non-audit fees of the Company are disclosed in note 8 to the financial statements in this Annual Report.

The AC has recommended to the Board the nomination of Messrs Moore Stephens LLP for re-appointment as auditors of the Company at the forthcoming AGM.

STATEMENT OF CORPORATE GOVERNANCE

The Company has in place a Whistle Blowing Policy (“Policy”) to enable persons employed by the Group a channel to report any suspicions of non-compliance with regulations, policies and fraud, etc, to the appropriate authority for resolution, without any prejudicial implications for these employees. The Policy also serves to ensure that any issues or complaints raised will be dealt with swiftly and effectively. The AC has been vested with the power and authority to receive, investigate and enforce appropriate action when any such non-compliance matter is brought to its attention.

Internal Audit

Principle 13 : The company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.

The Board recognizes the importance of maintaining an internal audit function, independent of the activities it audits, to maintain a sound system of internal control within the Group to safeguard shareholders’ interests, the Group’s assets and to manage risk.

The size of the operations of the Group does not warrant the Group to have an in-house internal audit function.

The Company had engaged Messrs Crowe Horwath First Trust Risk Advisory Pte Ltd to review its Enterprise Risk Management (“ERM”) framework. The Company recognizes that it is impossible to fully eliminate risk and has adopted the approach to determine and achieve the right balance between mitigating the downside of risks to an acceptable level whilst taking advantage of opportunities.

The internal audit function is outsourced to a professional consultancy firm, Prudential Certified Public Accountants of Beijing (“PCPAP”). PCPAP assists the Group in reviewing the adequacy and effectiveness of the Group’s internal controls based on an annual internal audit plan that covers work performed by the Group, operational and financial management systems. As part of the internal audit, they also provide findings and recommendations to the AC to address any weaknesses in its internal controls.

The internal auditors have a direct and primary reporting line to the Audit Committee and assist the Board in monitoring and managing risks and internal controls of the Group.

The AC will review the adequacy of the internal audit function annually and ensure that the internal audit function is adequately resourced and has appropriate standing within the Company.

SHAREHOLDER RIGHTS AND RESPONSIBILITIES

Shareholder Rights

Principle 14 : Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders’ rights, and continually review and update such governance arrangements.

Communication with Shareholders

Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

STATEMENT OF CORPORATE GOVERNANCE

Conduct of Shareholder Meetings

Principle 16 : Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The Company does not practice selective disclosure. In line with continuous obligations of the Company pursuant to the Listing Manual of SGX-ST, the Board's policy is that all shareholders should be equally informed of all major developments impacting the Group.

Information is disseminated to shareholders on a timely basis through :

- SGXNET announcements and press releases; and
- Annual Reports prepared and issued to all shareholders.

All shareholders of the Company will receive the notice of the AGM and the notice will also be advertised in the newspaper. At the Company's Annual General Meeting ("AGM"), shareholders are given the opportunity to voice their views and ask Directors or the Management questions regarding the Company.

The Chairmen of the AC, RC and NC will normally be present at AGMs to answer any questions relating to the work of these committees. The external auditors are also present at the AGM to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report.

There are separate resolutions at the shareholders' meetings to address each distinct issue. The Company's Bye-Laws allow a member of the Company to appoint not more than two (2) proxies to attend and vote on behalf of the member, provided that if the member is The Central Depository (Pte) Limited (the "Depository"), the Depository appoint more than two (2) proxies to attend and vote at the same meeting.

The Company does not have a fixed dividend policy. The form, frequency and amount of dividends will depend on the Company's earnings, general financial condition, results of operations, capital requirements, cash flow, general business condition, development plans and others factors as the Directors may deem appropriate that are beneficial to the Company. Notwithstanding the above, any declaration of dividends is clearly communicated to the shareholders via SGXNET.

MATERIAL CONTRACTS

There were no material contracts or loans entered into between the Company and any of its subsidiaries involving interests of the CEO, any Director or controlling shareholder during FY2015.

INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and these interested persons transactions are conducted on an arm's length basis and are not prejudicial to the interests of the shareholders.

The Group does not have a general mandate for recurrent interested person transactions and there were no interested person transactions of more than S\$100,000 entered into during FY2015.

STATEMENT OF CORPORATE GOVERNANCE

DEALING IN SECURITIES

In line with Rule 1207 (19) of the Listing Manual of SGX-ST, the Company has in place a policy prohibiting share dealings by Directors and employees of the Group when in possession of price sensitive information and for the period of one (1) month before the announcement of the Company's half-year or full-year financial results. Directors and employees of the Company should not deal in the Company's securities on short term considerations.

Directors and employees of the Group are expected to observe the insider trading laws at all times even when dealing in securities within permitted trading period.

INDEPENDENT AUDITORS' REPORT

To the Members of Ace Achieve Infocom Limited

1. We were engaged to audit the accompanying financial statements of Ace Achieve Infocom Limited (the "Company") and its subsidiaries (the "Group"), as set out on pages 34 to 83, which comprise the statements of financial position of the Group and of the Company as at 30 April 2015, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. Management is responsible for the preparation and fair presentation of these financial statements in accordance with Singapore Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with Singapore Standards on Auditing. Because of the matters described in the Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

4. Our independent auditors' report dated 12 August 2014 for the financial statements for the year ended 30 April 2014 expressed a disclaimer audit opinion as we were not able to obtain sufficient appropriate evidence, nor were we able to perform alternative audit procedures, to ascertain the recoverability of the Group's trade receivables, other receivables and contract work-in-progress; the Company's investment in subsidiaries and amounts due from subsidiaries; and the appropriateness of the going concern assumption in the preparation of the financial statements. Consequently, we were unable to determine whether any adjustments to the financial statements as of 30 April 2014 were necessary. An update of the matters that gave rise to the disclaimer opinion in respect of the financial statements for the year ended 30 April 2014 is set out in paragraphs 5 to 10 below.

Recoverability of Trade Receivables

5. As set out in Note 33(a) to the financial statements, the Group has net billed trade receivables which are past due but not impaired amounting to RMB 36,618,000 (2014: RMB 58,365,000) and unbilled trade receivables which are outstanding for more than 1 year amounting to RMB 346,799,000 (2014: RMB 295,650,000) as at 30 April 2015. Subsequent to the reporting date, the Group has recovered RMB 2,255,000 (2014: RMB 3,064,000) and RMB 1,058,000 (2014: RMB 1,043,000) of these long outstanding billed and unbilled trade receivables respectively. Management is of the view that no allowance for impairment is necessary. However, we were not able to obtain sufficient appropriate audit evidence to support the management's view in this regard. We were not able to perform alternative audit procedures to ascertain the recoverability of the remaining long outstanding billed and unbilled trade receivables of RMB 34,363,000 (2014: RMB 55,301,000) and RMB 345,741,000 (2014: RMB 294,607,000) respectively. Consequently, we were unable to determine whether any adjustments to the remaining amount totalling RMB 380,104,000 (2014: RMB 349,908,000) as at 30 April 2015 were necessary.

INDEPENDENT AUDITORS' REPORT

To the Members of Ace Achieve Infocom Limited

Basis for Disclaimer of Opinion (cont'd)

Recoverability of Other Receivables

6. As set out in Note 33(a) to the financial statements, the Group has net other receivables which are outstanding for more than 1 year amounting to RMB 16,994,000 (2014: RMB 45,698,000) as at 30 April 2015. Management is of the view that no allowance for impairment is necessary. However, we were not able to obtain sufficient appropriate audit evidence to support the management's view in this regard. We were not able to perform alternative audit procedures to ascertain the recoverability of these outstanding other receivables. Consequently, we were unable to determine whether any adjustments to the other receivables of RMB 16,994,000 (2014: RMB 45,698,000) as at 30 April 2015 were necessary.

Recoverability of Contract Work-in-Progress

7. As set out in Note 16 to the financial statements, the Group has contract work-in-progress amounting to RMB 237,442,000 (2014: RMB 190,304,000). Management is of the view that the carrying amount of contract work-in-progress is recoverable and no write-down is necessary. However, we were not able to obtain sufficient appropriate audit evidence to support the management's view in this regard. We were not able to perform alternative audit procedures to ascertain the recoverability of the contract work-in-progress. Consequently, we were unable to determine whether any adjustments to the contract work-in-progress amount of RMB 237,442,000 (2014: RMB 190,304,000) as at 30 April 2015 were necessary.

Recoverability of Investment in Subsidiaries and Amounts Due From Subsidiaries

8. As set out in Notes 13 and 15 to the financial statements, the Company has investment in subsidiaries and amounts due from subsidiaries of RMB 15,646,000 (2014: RMB 15,646,000) and RMB 166,586,000 (2014: RMB 169,889,000) respectively as at 30 April 2015. Management is of the view that no allowance for impairment is necessary. However, we were not able to obtain sufficient appropriate audit evidence to support the management's view in this regard. We were not able to perform alternative audit procedures to ascertain the recoverability of the investment in subsidiaries and amounts due from subsidiaries. Consequently, we were unable to determine whether any adjustments to the investment in subsidiaries and amounts due from subsidiaries as at 30 April 2015 were necessary.

Appropriateness of Going Concern Assumption

9. Management has prepared the financial statements on a going concern basis on the assumption that the Group and the Company will be able to generate sufficient cash flows from future operations and the trade receivables, other receivables, contract work-in-progress, investment in subsidiaries and amounts due from subsidiaries referred to in paragraphs 5 to 8 above are fully recoverable. However, because of the matters referred to in paragraphs 5 to 8 above, we were unable to satisfy ourselves as to the appropriateness of the use of the going concern assumption in the preparation of these financial statements.

INDEPENDENT AUDITORS' REPORT

To the Members of Ace Achieve Infocom Limited

Basis for Disclaimer of Opinion (cont'd)

Appropriateness of Going Concern Assumption (cont'd)

10. In the event the Group and the Company are unable to continue as going concerns, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are recorded in the statements of financial position. In addition, the Group and the Company may have to provide for further liabilities that might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. No such adjustments have been made to these financial statements.

Disclaimer of Opinion

11. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs 5 to 10 above, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1 General Information

Ace Achieve Infocom Limited (the "Company") was incorporated in Bermuda on 11 June 2004 as an exempt company with limited liability under the Companies Act 1981 of Bermuda. The address of the Company's registered office is at Clarendon House, 2 Church Street Hamilton HM 11, Bermuda. The principal place of business is at No. 11 Anxiangbeili, 11th floor, Venture Plaza Tower B, Chaoyang District, Beijing 100101, the People's Republic of China ("PRC"). The shares of the Company are listed on the Mainboard of the Singapore Exchange Securities Trading Limited ("SGX-ST").

The principal activity of the Company is investment holding. The principal activities of its subsidiaries are described in Note 13.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of the Company on the date of the Statement by Directors.

2 Significant Accounting Policies

(a) Basis of Preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS"). The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

The financial statements are presented in Chinese Renminbi ("RMB") and the financial information have been rounded to the nearest thousands (RMB'000) as indicated.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and contingent liabilities at the reporting date, and the reported amounts of revenue and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions, actual results may ultimately differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Critical accounting estimates and assumptions used that are significant to the financial statements and areas involving a higher degree of judgement or complexity, are disclosed in Note 3.

2 Significant Accounting Policies (cont'd)

(a) Basis of Preparation (cont'd)

Adoption of New/Revised FRS

For the financial year ended 30 April 2015, the Group has adopted the following new/revised FRS that are mandatory for application in the said year and which are relevant to the Group as follows:

FRS 27 (Revised) *Separate Financial Statements*

FRS 27 (Revised) will now solely address separate financial statements, the requirements for which are substantially unchanged. The adoption of this standard did not have a significant impact on the financial statements of the Group on initial application.

FRS 110 *Consolidated Financial Statements*

FRS 110 supersedes FRS 27 *Consolidated and Separate Financial Statements* and INT FRS 12 *Consolidation - Special Purpose Entities*. It changes the definition of control and applies it to all investees to determine the scope of consolidation. It requires an investor to reassess the decision whether to consolidate an investee when events indicate that there may be a change to one of the three elements of control, i.e. power, variable returns and the ability to use power to affect returns. The adoption of this standard did not result in a significant impact on the financial statements of the Group on initial application.

FRS 112 *Disclosure of Interests in Other Entities*

FRS 112 combines the disclosure requirements for subsidiaries, joint arrangements, associates and structured entities within a comprehensive disclosure standard. It requires an entity to provide summarised financial information about the assets, liabilities, profit or loss and cash flows of each subsidiary that has non-controlling interests that are material to the reporting entity. The adoption of this standard did not have a significant impact on the financial statements of the Group.

Amendments to FRS 36 *Recoverable Amount Disclosure for Non-Financial Assets*

Amendments to FRS 36 restricts the requirement to disclose the recoverable amount of an asset or Cash-Generating Unit ("CGU") to periods in which an impairment loss has been recognised or reversed. The amendments also expand and clarify the disclosure requirements applicable when an asset or CGU's recoverable amount has been determined on the basis of fair value less costs of disposal. The adoption of this standard did not have a significant impact on the financial statements of the Group.

2 Significant Accounting Policies (cont'd)

(a) Basis of Preparation (cont'd)

New/Revised FRS issued but not yet effective

At the date of authorisation of these financial statements, the relevant new/revised FRS to the Group that have been issued but are not yet effective are as follows:

Improvements to FRS 24	Related Party Disclosures
Improvements to FRS 108	Operating Segments
Amendments to FRS 1	Disclosure Initiative
Amendments to FRS 27	Equity Method in Separate Financial Statements
FRS 115	Revenue from Contracts with Customers
FRS 109	Financial Instruments

Improvements to FRS 24 *Related Party Disclosures*

The amendment clarifies that an entity providing key management personnel services to the reporting entity or the parent of the reporting entity is a related party of the reporting entity. In addition, an entity that uses a management entity is required to disclose the expense incurred for management services. The amendment is effective for accounting periods beginning on or after 1 July 2014. As this is a disclosure standard, it will not have any impact on the financial statements of the Group when implemented.

Improvements to FRS 108 *Operating Segments*

The amendment requires an entity to disclose the judgement made by management in applying the aggregation criteria to operating segments and clarifies that an entity shall only provide reconciliations of the total of the reportable segments' assets to the entity's assets if the segment assets are reported regularly. The amendment is effective for accounting periods beginning on or after 1 July 2014. As this is a disclosure standard, it will not have any impact on the financial statements of the Group when implemented.

Amendments to FRS 1 *Disclosure Initiative*

These amendments to FRS 1 are designed to further encourage companies to apply professional judgment in determining what information to disclose in their financial statements. The standard is effective for accounting periods beginning on or after 1 January 2016. As this is a disclosure standard, it will not have any impact on the financial performance or financial position of the Group upon implementation.

Amendments to FRS 27 *Equity Method in Separate Financial Statements*

The amendment will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in the entities' separate financial statements. This is in addition to the accounting policy choice to account for such investments at cost less impairment, or fair value (in accordance with FRS 39), which currently exists and will continue to be available. The amendment is effective for accounting periods beginning on or after 1 January 2016. The Group is of the view that the adoption of this standard has no impact on the financial statements of the Group when implemented.

(a) Basis of Preparation (cont'd)

New/Revised FRS issued but not yet effective (cont'd)

FRS 115

Revenue from Contracts with Customers

FRS 115 changes the revenue recognition model under Singapore Financial Reporting Standards. The core principle of FRS 115 is to recognise revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration to which the Company expects to be entitled in exchange for those goods or services. The standard is effective for accounting periods beginning on or after 1 January 2017. The Group is in the process of assessing whether the adoption of FRS 115 will have an impact on the Group.

FRS 109

Financial Instruments

FRS 109 was introduced to replace FRS 39 *Financial Instruments: Recognition and Measurement*. FRS 109 changes the classification and measurement requirements for financial assets and liabilities, and also introduces a three-stage impairment model that will impair financial assets based on expected losses regardless of whether objective indicators of impairment have occurred. This standard also provides a simplified hedge accounting model that will align more closely with the entity's risk management strategies. The standard is effective for accounting periods beginning on or after 1 January 2018. The Group is in the process of assessing whether the adoption of FRS 109 will have an impact on the Group.

(b) Currency Translation

Functional and Presentation Currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements of the Group and the statement of financial position of the Company are presented in RMB, which is the functional currency of the Company.

Transactions and Balances

Transactions in a currency other than the functional currency ("foreign currency") are recognised at the rates of exchange prevailing at the dates of transactions. At the reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are recognised in profit or loss, unless they arise from borrowings in foreign currencies, and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

2 Significant Accounting Policies (cont'd)

(b) Currency Translation (cont'd)

Transactions and Balances (cont'd)

Those currency translation differences are recognised in the foreign currency translation reserve in the consolidated financial statements and transferred to profit or loss as part of the gain or loss on disposal of the foreign operation.

Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Translation of Group Entities' Financial Statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the Group's presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rate at the reporting date;
- (ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of transactions); and
- (iii) all resulting exchange differences are recognised in other comprehensive income and accumulated in the foreign currency translation reserve within equity. These currency translation differences are reclassified to profit or loss on disposal or partial disposal (i.e. loss of control) of the entity giving rise to such reserve.

(c) Subsidiaries

Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date on that control ceases.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

In preparing the consolidated financial statements, balances, transactions and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

2 Significant Accounting Policies (cont'd)

(c) Subsidiaries (cont'd)

Acquisition of a Business

The acquisition method of accounting is used to account for business combinations by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair values of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary.

Acquisition related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the net identifiable assets acquired is recorded as goodwill.

Disposals of Subsidiaries or Businesses

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

(d) Investment in Subsidiaries

Investment in subsidiaries are carried at cost less accumulated impairment losses in the Company's statement of financial position. On disposal of investment in subsidiaries, the differences between the net disposal proceeds and the carrying amount of the investments are recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

2 Significant Accounting Policies (cont'd)

(e) Plant and Equipment

Plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. The cost of an item of plant and equipment includes its purchase price and any cost that is directly attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The projected cost of dismantlement, removal or restoration is also included as part of the cost of plant and equipment if the obligation for the dismantlement, removal and restoration is incurred as a consequence of acquiring or using the asset.

Subsequent expenditure related to plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the subsequent expenditure will flow to the Group and the cost of the subsequent expenditure can be measured reliably. Other subsequent expenditure that does not meet these requirements is recognised as repair and maintenance expenses in profit or loss during the period in which it is incurred.

Depreciation is calculated on the straight-line basis to write-off the cost (net of residual value) of the plant and equipment over their estimated useful lives. The estimated useful lives and residual values are as follows:

	Useful lives (Years)	Estimated residual value as a percentage of cost
Telecommunication integration equipment	3	5%
Motor vehicles	4	5%
Furniture and fittings	3	5%

Fully depreciated assets are retained in the financial statements until they are no longer in use.

The residual value, useful life and depreciation method of plant and equipment are reviewed, and adjusted as appropriate, at each reporting date.

On disposal or retirement of an item of plant and equipment, the difference between the net disposal proceeds and its carrying amounts is recognised in profit or loss.

(f) Intangible Assets

Expenditure on research activities are expensed in the period in which it is incurred. An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if and only if, when the Group can demonstrate the following: the technical feasibility of completing the intangible asset so that it will be available for use or sale; the intention to complete and its ability to use or sell it; how the intangible asset will generate future economic benefits; the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and the ability to measure reliably the expenditure attributable to the intangible asset during the development.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

2 Significant Accounting Policies (cont'd)

(f) Intangible Assets (cont'd)

Development costs are amortised from the date of commercial production of the product or from the date the process is put into use. The development costs are amortised over the estimated useful life of 5 years on a straight-line basis.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is charged to profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses.

(g) Impairment of Non-Financial Assets

Non-financial assets are reviewed for impairment whenever there is indication that these assets may be impaired. If any such indication exists, the recoverable amount (i.e. the higher of the fair value less costs of disposal and value in use) of the asset is estimated to determine the amount of impairment loss.

For the purpose of impairment testing of these assets, the recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, recoverable amount is determined for the cash generating units ("CGU") to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease.

An impairment loss for an asset is reversed if, and only if, there has been a change in the estimates used to determine the assets' recoverable amount since the last impairment loss was recognised. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of an impairment loss for an asset is recognised in profit or loss, unless the asset is carried at revalued amount in which case the reversal of the impairment loss is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense, a reversal of that impairment is also credited to profit or loss.

(h) Financial Assets

Classification

The Group classifies its financial assets in the following category: loans and receivables. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition and re-evaluates this designation at every financial reporting date.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than twelve months after the end of the financial reporting date which are presented as non-current assets. Loans and receivables are presented as "trade receivables", "other receivables", "due from related parties", "due from subsidiaries" and "cash and bank balances" on the statements of financial position. Trade receivables included billed and unbilled receivables. Unbilled trade receivables refer to revenue recognised but has not yet been billed to customers.

Recognition and De-recognition

Regular way purchases and sales of financial assets are recognised on the trade-date - the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the net sales proceeds is recognised in profit or loss.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Group are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

Initial Measurement and Subsequent Measurement

Loans and receivables are initially recognised at fair value plus transaction costs and subsequently carried at amortised cost using the effective interest method.

Impairment

The Group assesses at the financial reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

2 Significant Accounting Policies (cont'd)

(h) Financial Assets (cont'd)

Impairment (cont'd)

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered indicators that the receivable is impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised in profit or loss.

The impairment allowance account is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior years.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the statements of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(i) Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand, bank balances and deposits with financial institutions, which are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. For the purpose of the consolidated statement of cash flows, cash and cash equivalents are shown net of restricted bank deposits.

(j) Contract Work-in-Progress

Where the outcome of a contract work-in-progress can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the reporting date, as measured by the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. Variations in contract work, claims and incentive payments are included to the extent that they have been agreed with the customer, if any.

Where the outcome of a contract work-in-progress cannot be estimated reliably, contract revenue is recognised to the extent of contract costs incurred that it is probable will be recoverable. Contract costs are recognised as expenses in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, expected loss is recognised as an expense immediately.

(k) Financial Liabilities

Financial liabilities include borrowings, trade payables, other payables, due to a related party and due to directors. They are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument.

All financial liabilities, except for financial liabilities at fair value through profit or loss, are recognised initially at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, they are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised, and through the amortisation process. For financial liabilities at fair value through profit or loss, they are subsequently measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired.

(l) Trade and Other Payables

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

(m) Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least twelve months after the reporting date.

Borrowings are initially recognised at fair value, net of transaction costs and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowing costs are capitalised if they are directly attributable to the acquisition, construction or production of a qualifying asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditure and borrowing costs are being incurred. Borrowing costs are capitalised until the assets are ready for intended use. If the resulting carrying amount of the asset exceeds its recoverable amount, an impairment loss is recorded.

Other borrowing costs are recognised on a time-proportion basis in profit or loss using the effective interest method.

(n) Provisions

Provisions are recognised when the Group has a present obligation, legal or constructive, as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed regularly and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of provision is the present value of the expenditures expected to be required to settle the obligation.

Provision for warranty is recognised in respect of the estimated expenses to be incurred for the provision of after sales services to customers on the products sold, based on experience of the level of service required.

(o) Revenue Recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Group's activities. Revenue is presented, net of value added tax, rebates and discounts, and after eliminating sales within the Group.

The Group recognises revenue to the extent that it is probable that the economic benefit will flow to the Group and the revenue can be reliably measured and when the specific criteria for each of the Group's activities are met.

Revenue from telecommunication integration and solution contracts is recognised in accordance with the Group's accounting policy on contract work-in-progress (see Note 2(j)).

Revenue from the sale of equipment is recognised when the significant risks and rewards of ownership of the goods have been transferred to the customer, which generally coincides with the time when the goods are delivered to the customer and title has been passed.

Revenue from maintenance and services that is short-term in nature is recognised when the services are completed.

Interest income is recognised on a time proportion basis, using the effective interest method.

Dividend income is recognised when the right to receive payment is established.

(p) Operating Leases

Leases of offices where substantially the risks and rewards of ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease. When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognised as an expense in the period in which termination takes place.

(q) Employees' Benefits

The Group is required to provide certain retirement plan contribution to their employees under the existing PRC regulations. Contributions are provided at rates stipulated by the PRC regulations and are managed by government agencies, which are responsible for administering these amounts for the employees. The Group has no future obligations once the contribution has been paid.

Obligations for contributions to defined contribution retirement plans are recognised as an expense in profit or loss as and when they are incurred.

(r) Government Grants

Grants from the government are recognised as a receivable at their fair value where there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately as other income.

Government grants relating to assets are deducted against the carrying amount of the assets.

(s) Income Tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current income tax are recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred income tax are recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax liabilities are recognised on temporary differences arising on investment in subsidiaries, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2 Significant Accounting Policies (cont'd)

(s) Income Tax (cont'd)

Deferred income tax assets and liabilities are measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date; and
- (ii) based on the tax consequence that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income or expense in profit or loss for the financial period, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred taxes arising from a business combination is adjusted against goodwill on acquisition.

(t) Financial Guarantees

The Group has issued corporate guarantees to banks for bank borrowings of third parties. These guarantees are financial guarantee as they require the Group to reimburse the banks if the parties fail to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantees are initially recognised at their fair values plus transaction costs in the Group's statement of financial position.

Financial guarantees are subsequently amortised to the profit or loss over the period of the third parties' borrowings, unless it is probable that the Group will reimburse the banks for amounts higher than the unamortised amounts. In this case, the financial guarantees shall be carried at the expected amounts payable to the banks in the Group's statement of financial position.

(u) Dividends to Company's Shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payments.

(v) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

(w) Statutory Reserves

Subsidiaries which are incorporated in the PRC are required to appropriate 10% of the profit arrived at in accordance with PRC regulations for each financial year to statutory reserves. The appropriation to statutory reserves, after offsetting against any accumulated losses, must be made before the distribution of dividends to shareholders. The appropriation is required until the statutory reserves reach 50% of the registered share capital. The statutory reserves are not distributable in the form of cash dividends.

(x) Segment Reporting

A business segment is a distinguishable component of the Group engaged in providing products that are subject to risks and returns that are different from those of other business segments. A geographical segment is a distinguishable component of the Group engaged in providing products within a particular economic environment that is subject to risks and returns that are different from those of segments operating in other economic environments.

Operating segments are reported in a manner consistent with the internal reporting provided to the executive committee whose members are responsible for allocating resources and assessing performance of the operating segments.

3 Critical Accounting Estimates, Assumptions and Judgements

Estimates, assumptions and judgements, concerning the future are made in the preparation of the financial statements. They affect the application of the Group's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical Accounting Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) *Estimated Useful Lives of Intangible Assets*

Intangible assets are amortised on a straight-line basis over their estimated useful lives. Management estimates the useful lives of the intangible assets to be 5 years. As at 30 April 2015, the carrying amount of the intangible assets was RMB 8,978,000 (2014: RMB 9,493,000) (Note 14).

The Group assesses annually the useful lives of the intangible assets and if expectations differ from the original estimates due to the changes in the economic environment and the business outlook of the assets' economic benefits to be consumed by the Group, such differences will impact the amortisation charges in the period in which such estimates are changed.

If the useful lives of the intangible assets increase/decrease by 20% from management's estimates, the Group's profit before income tax will increase/decrease by RMB 571,000 and RMB 788,000 respectively (2014: RMB 562,000 and RMB 841,000).

(a) Critical Accounting Estimates and Assumptions (cont'd)

(ii) *Provision for Warranty*

The Group recognised a provision for warranty in respect of the estimated expenses to be incurred for the provision of after sales services to customers on the products sold, based on experience of the level of service required and industry averages. In determining the amount of the provision, assumptions and estimates were made based on management's best estimate of the future outflow of economic benefits that will be required under the Group's obligation for the warranties.

As at 30 April 2015, the carrying amount of the provision for warranty was RMB 5,523,000 (2014: RMB 4,346,000) (Note 26). If there is a change in management's estimates, and the provision for warranty increases/decreases by 20%, the Group's profit before income tax will increase/decrease by approximately RMB 686,000 (2014: RMB 678,000).

(b) Critical Judgements made in Applying Accounting Policies

In the process of applying the Group's accounting policies, the applications of judgements that are expected to have a significant effect on the amounts recognised in the financial statements are discussed below.

(i) *Impairment of Receivables*

Management reviews its receivables for objective evidence of impairment at least annually. To determine whether there is objective evidence of impairment, the Group considers factors such as significant financial difficulties of the debtor, the probability that the debtor will enter into bankruptcy, and default or significant delay in payments. Management makes judgements as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with an adverse effect in the technological, market, economic, or legal environment in which the debtor operates in. Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics.

Trade Receivables

As disclosed in Notes 17 and 33(a), trade receivables comprise billed trade receivables of RMB 69,114,000 (2014: RMB 73,270,000) and unbilled trade receivables of RMB 414,137,000 (2014: RMB 436,435,000).

These unbilled trade receivables represent revenue that has been recognised but not yet billed to customers due to the nature of services rendered to various entities of these customers which are large telecommunication companies in the People's Republic of China. Approvals and instructions from such customers are necessary before billings are made.

3 Critical Accounting Estimates, Assumptions and Judgements (cont'd)

(b) Critical Judgements made in Applying Accounting Policies (cont'd)

(i) *Impairment of Receivables (cont'd)*

Trade Receivables (cont'd)

In considering whether the unbilled trade receivables are recoverable, management has considered the credit terms and age analysis of the unbilled trade receivables as disclosed in Note 33(a) and made judgements based on their prior experiences and the current economic environment. Management is also of the view that it is an industry norm to have a high proportion of unbilled trade receivables for such services rendered.

Management is of the view that these unbilled trade receivables remain billable and collectible from the relevant customers, which include large telecommunications companies in the People's Republic of China, and no further allowance for impairment loss is required.

The Group has charged impairment losses on trade receivables of RMB 2,334,000 (2014: RMB 3,895,000) to profit or loss for the financial year ended 30 April 2015. As at 30 April 2015, the carrying amount of trade receivables was RMB 483,251,000 (2014: RMB 509,705,000) (Note 17).

Other Receivables

Other receivables which are neither past due nor impaired, are due from companies/ parties with a good collection track record with the Group. Based on management's assessment, no allowance of impairment losses on other receivables have been charged to profit or loss for the financial years ended 30 April 2015 and 30 April 2014. As at 30 April 2015, the carrying amount of other receivables was RMB 76,717,000 (2014: RMB 70,478,000) (Note 18).

Due from Subsidiaries

The amounts due from subsidiaries are repayable on demand and management has considered the relevant factors whether there is any objective evidence of impairment. Based on management's assessment, no allowance for impairment loss is required for the amounts due from subsidiaries. As at 30 April 2015, the carrying amount of amounts due from subsidiaries was RMB 166,586,000 (2014: RMB 169,889,000) (Note 15).

(ii) *Contract Work-in-Progress*

Management reviews its contract work-in-progress and is of the view that the amount is recoverable and no write-down is necessary. In determining the recoverability of the contract work-in-progress, management has considered the stage of completion, the extent of the contract costs incurred, the total contract revenue and contract costs. In making this judgement, management has relied on past experiences. As at 30 April 2015, the carrying amount of the contract work-in-progress was RMB 237,442,000 (2014: RMB 190,304,000) (Note 16).

3 Critical Accounting Estimates, Assumptions and Judgements (cont'd)

(b) Critical Judgements made in Applying Accounting Policies (cont'd)

(iii) *Investment in Subsidiaries*

Investment in subsidiaries is tested for impairment whenever there is an indication that such investment may be impaired. Based on management's assessment, no allowance of impairment loss is required for the investment in subsidiaries. As at 30 April 2015, the carrying amount of investment in subsidiaries was RMB 15,646,000 (2014: RMB 15,646,000) (Note 13).

(iv) *Income Taxes*

The Group has exposure to income taxes where it operates. Significant judgement is involved in determining the Group-wide provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. As at 30 April 2015, the carrying amount of the Group's deferred tax liabilities was RMB 36,932,000 (2014: RMB 34,806,000) (Note 28).

10 Income Tax Expense (cont'd)

Under the current Bermuda law, the Company is not required to pay taxes in Bermuda on either income or capital gains. The Company has received an undertaking from the Bermuda government that in the event of income or capital gains being imposed, the Company will be exempted from such taxes until year 2016.

Aceway Telecom Technology Co., Ltd has been granted a certificate of high technology enterprise by the local tax authority and a concessionary tax rate of 15% from 14 September 2011 for a period of 3 years. This has been extended on 30 October 2014 for a period of another 3 years.

As at 30 April 2015, deferred income tax liabilities of approximately RMB 21,512,800 (2014: RMB 20,324,100) have not been recognised for the withholding and other taxes that will be payable on the earnings of an overseas subsidiary when remitted as dividends to the Company. These unremitted earnings amounted to RMB 215,128,000 (2014: RMB 203,241,000) at the end of the financial reporting date and the related deferred tax liabilities have not been recognised in the financial statements as the Group is able to control the timing of the remittance of the earnings.

11 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year as follows:

	Group	
	2015	2014
Net profit attributable to equity holders of the Company (RMB'000)	13,041	20,930
Weighted average number of ordinary shares outstanding during the year ('000)	752,000	703,781
Basic earnings per share (RMB, cents per share)	1.73	2.97

During the financial year ended 30 April 2014, the weighted average number of ordinary shares outstanding had been adjusted as a result of the issuance of new shares of 100,000,000 during the previous financial year. Accordingly, the average number of ordinary shares outstanding is weighted by the number of days outstanding in the calculation of the denominator. No adjustment is made to the net profit.

The diluted earnings per share is the same as the basic earnings per share for the financial years ended 30 April 2015 and 30 April 2014 as the Group did not have any dilutive potential ordinary shares outstanding as at 30 April 2015 and 30 April 2014.

33 Financial Risk Management

The Group and the Company are exposed to financial risks, including the effects of credit risk, liquidity risk, interest rate risk and foreign currency risk arising from the normal course of the Group's and the Company's operations. The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) Credit Risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. For trade receivables, the Group adopts the policy of dealing only with customers of appropriate credit history. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties.

The Group's trade receivables comprise 5 major debtors (2014: 5 major debtors) that represented 60% (2014: 62%) of total trade receivables as at reporting date.

The credit periods for the billed trade receivables range from 3 to 6 months (2014: 3 to 6 months). No interest is imposed on overdue trade receivables.

Other than as disclosed in the financial statements Note 31(a), the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statements of financial position.

The Group's major classes of financial assets include cash and bank balances, trade receivables, other receivables and amounts due from related parties. No other financial assets carries a significant exposure to credit risk.

Financial assets that are neither past due nor impaired include cash and bank balances which are placed with reputable local financial institutions. Trade and other receivables that are neither past due nor impaired are substantially companies/parties with a good credit record with the Group. There is no other class of financial assets that is past due and/or impaired except for trade and other receivables. The amounts presented in the statements of financial position are net of allowances for impairment of receivables, estimated by management based on prior experience and the current economic environment.

The Group has provided an allowance for impairment loss on trade receivables and other receivables based on estimated irrecoverable amounts, determined by reference to past default experiences.

(b) Liquidity Risk

Liquidity risk refers to the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to manage liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. In the management of its liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

33 Financial Risk Management (cont'd)

(b) Liquidity Risk (cont'd)

As at 30 April 2015, the Group through its subsidiaries, had provided corporate guarantee of RMB 60,000,000 to a third party. The amount included for financial guarantee contracts is the maximum amount the Group could be forced to settle under the arrangement for the full guaranteed amount if that amount is claimed by the counterparty to the guarantee. Based on expectations as at the reporting date, the Group considers that it is unlikely that such an amount will be payable under the arrangement. However, this estimate is subjected to change depending on the probability of the counterparty claiming under the guarantee.

(c) Interest Rate Risk

Cash flow interest rate risk refers to the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

As at 30 April 2015 and 30 April 2014, the Group has no significant interest-bearing assets and the interest rate risk mainly arose from the Group's borrowings as set out in the table below. The Group did not use derivative financial instruments to hedge its borrowings. The Group's exposure to interest rate risk is monitored on a regular basis.

	Within 1 year	1 to 5 years	Total
	RMB'000	RMB'000	RMB'000
Group			
2015			
<u>Variable rate</u>

2014			
<u>Variable rate</u>			
Borrowings	303,044	16,000	319,044

Sensitivity Analysis

The Group's borrowings at variable rates on which effective hedges have not been entered into, are denominated mainly in RMB. If the RMB interest rates increase/decrease by 1% (2014: 1%) with all other variables including the income tax rate being held constant, the Group's profit for the year ended 30 April 2015 will be lower/higher by approximately RMB 1,422,000 (2014: RMB 2,712,000) as a result of higher/lower interest expense on these borrowings.

(d) Foreign Exchange Risk

The Group has transactional currency exposures arising from its ordinary course of business that are denominated in a currency other than the functional currency of the Group's entities, which is RMB. The foreign currencies in which these transactions are denominated are mainly United States Dollars ("USD") and Singapore Dollars ("SGD").

As at 30 April 2015 and 30 April 2014, the Group's and the Company's financial assets and financial liabilities are denominated in RMB and have no foreign currency risk exposure except for the followings:

(e) Capital Risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholders' value through the optimisation of the debt and equity balance. The Group funds its operations and growth through a mix of equity and debts. These includes the maintenance of adequate lines of credit and assessing the need to raise additional equity where required.

As disclosed in Note 22, the PRC subsidiary of the Group is required by the Foreign Enterprise Law of the PRC to contribute and maintain a statutory reserve fund. This externally imposed capital requirement has been complied with by the relevant subsidiary for the financial years ended 30 April 2015 and 30 April 2014. The Group is not subject to any other externally imposed capital requirements.

33 Financial Risk Management (cont'd)

(e) Capital Risk (cont'd)

In the management of capital risk, management takes into consideration the net debt to equity ratio as well as the Group's working capital requirements. The net debt to equity ratio is calculated as net debt divided by total capital. Net debt is calculated as total liabilities less total provisions, deferred tax liabilities and cash and bank balances.

	Group		Company	
	2015	2014	2015	2014
	RMB'000	RMB'000	RMB'000	RMB'000

Total equity	417,167	405,630	178,423	182,855
Net debt to equity ratio	83%	85%	2%	1%

There were no changes in the Group's approach to capital management during the financial year ended 30 April 2015.

(f) Financial Instruments by Category

The carrying amounts of the different categories of financial instruments are as follows:

	Group		Company	
	2015	2014	2015	2014
	RMB'000	RMB'000	RMB'000	RMB'000

- (g) Financial assets and financial liabilities subject to offsetting and enforceable netting arrangements

Financial assets and financial liabilities that were offsetted in the Group's consolidated statement of financial position as at 30 April 2014 are as follows:

	Gross amounts of recognised financial assets	Gross amounts of recognised financial liabilities offset in the statement of financial position	Net amounts of financial assets presented in the statement of financial position	Related amounts not offset in the statement of financial position	Net amount
	RMB'000	RMB'000	RMB'000	RMB'000	RMB'000
Types of financial assets:

Due from a related party (ii)	9,000	(6,213)	2,787	–	2,787
	26,751	(23,964)	2,787	–	2,787

- (i) During the financial year ended 30 April 2014, the Group settled-off some balances between trade receivables and trade payables as they are settled on a net basis. As at 30 April 2014, there were no amounts that were outstanding from these counterparties.
- (ii) As at 30 April 2014, the net amount due from a related party of RMB 2,787,000 was arrived after setting off amounts due from this related party (non-trade) with amounts due to this related party (non-trade).

34 Fair Values of Assets and Liabilities

The Group categorises fair value measurement using fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 April 2015
(Amounts in thousands of Chinese Renminbi ("RMB"))

34 Fair Values of Assets and Liabilities (cont'd)

The carrying amounts of financial assets and financial liabilities with a maturity of less than one year are assumed to approximate their fair values because of the short period to maturity.

As at 30 April 2015 and 30 April 2014, the fair value of non-current borrowings (classified as Level 2) were calculated based on discounted expected future principal and interest cash flows. The discount rates used were based on market rates for similar instruments at the reporting date. As at 30 April 2015 and 30 April 2014, the carrying amounts of the non-current borrowings approximate their fair values.

35 Subsequent Events

Subsequent to the financial year ended 30 April 2015 to the date of this report, the Group has obtained new loans amounting to RMB 10 million and made scheduled repayment of bank loans amounting to RMB 17.69 million.

[See Explanatory Note 1]

Resolution 7

BY ORDER OF THE BOARD

Shirley Lim Guat Hua
Company Secretary

Singapore: 12 August 2015

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

1. Special Business – Item 7 of the Notice of AGM

The Ordinary Resolution 7 proposed in item no. 7, if passed, will empower the Directors of the Company, effective until the conclusion of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is earlier, to issue Shares, make or grant instruments convertible into Shares and to issue Shares pursuant to such instruments, up to a number not exceeding, in total 50% of the total number of issued Shares (excluding treasury shares) in the capital of the Company, of which up to 20% may be issued other than on a pro rata basis to shareholders.

For determining the aggregate number of shares that may be issued, the total number of issued shares (excluding treasury shares) will be calculated based on the total number of issued shares (excluding treasury shares) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of shares.

Notes:

1. A Member entitled to attend and vote at the AGM is entitled to appoint not more than two proxies to attend and vote instead of him. A proxy need not be a member of the Company.
2. Where a Member appoints two proxies, he shall specify the proportion of his shareholding (expressed as percentage of the whole) to be represented by each proxy.
3. The Proxy Form shall be in writing under the hand of the appointor or of his attorney duly authorised in writing, or if the appointor is a corporation, either under its seal or under the hand of an officer, attorney or other person authorised to sign the same or, in the case of the Depository, signed by its duly authorised officer by some method or system of mechanical signature as the Depository may deem fit.
4. The Proxy Form and the power of attorney or other authority (if any) under which it is signed on behalf of the appointor, or a certified copy of such power or authority, shall be delivered to the Company's Singapore Share Transfer Agent, Boardroom Corporate & Advisory Services Pte Ltd at 50 Raffles Place, Singapore Land Tower #32-01, Singapore 048623 not less than forty-eight (48) hours before the time appointed for holding the Meeting.

Personal Data Privacy:

By submitting a proxy form appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Meeting and/or any adjournment thereof, a shareholder of the Company (i) consents to the collection, use and disclosure of the shareholder's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Meeting (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the shareholder discloses the personal data of the shareholder's proxy(ies) and/or representative(s) to the Company (or its agents), the shareholder has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the shareholder will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the shareholder's breach of warranty.
