- 2.2 The aggregate value of the IPTs entered into between the Group and the IPT Group for the period from 1 April 2018 to 31 December 2018, is approximately S\$7,113,000 (the “Aggregate Value”), representing approximately 4.51% of the Group’s latest audited net tangible assets of approximately S\$157,749,000 as at 31 March 2018 (the “**Group NTA**”).

3. Rationale and Benefit of the IPTs

- 3.1 The Group’s core business includes the provision of foundation and geotechnical engineering works, soil investigation, instrumentation and specialised surveying works, sales and lease of foundation engineering equipment and accessories and property business.
- 3.2 THHE, THPL, THT and THHEHK are principally involved in the rental and sale of heavy equipment, machinery and accessories. THHE is also involved in the rental of office, yard and workers’ accommodation. It is in line with the Group’s ordinary course of business to enter into transactions with THHE, THPL, THT and THHEHK for available resources as long as the terms of the relevant transactions are assessed to be in its commercial interests and that of the Group, taking into consideration factors such as pricing competitiveness and priority and/or flexibility in terms of delivery. Such transactions are recurring transactions that are likely to occur with some degree of frequency and are part of the day-to-day operations of the Group, and could arise at any time.
- 3.3 CMC is principally involved in institutional building construction. The Group’s strong design and build capabilities with a comprehensive range of foundation and geotechnical engineering facilities proves to be a valuable resource to the industry. It is in line with the Group’s ordinary course of business and assessed to be in the commercial interests of the Group to enter into transactions with CMC. Such transactions are recurring transactions that are likely to occur with some degree of frequency and are part of the day-to-day operations of the Group, and could arise at any time.
- 3.4 THAB is developing an industrial development in the Nusajaya area of Iskandar Malaysia (the “**Development**”). Iskandar Malaysia is set to become Southern Peninsular Malaysia’s most developed region where living, entertainment, environment and business seamlessly converge within a bustling metropolis. As a partner in THAB, the Group is able to participate in future creation of value through the Development in Iskandar Malaysia. The shareholder’s loan granted by the Group to THAB is according to its shareholding proportion in THAB.
- 3.5 WB TOP3 was incorporated to acquire a piece of freehold land in Seremban, Negeri Sembilan, Malaysia in connection with the development of commercial properties for sale. As a partner in WB TOP3, it allows the Group to expand its investment and development portfolio in Malaysia, and diversify its revenue stream to achieve potential enhancement in shareholder value. The shareholder’s loan granted by the Group to WB TOP3 is according to its shareholding proportion in WB TOP3.

4. Audit Committee's Statement

The Audit Committee of the Company has reviewed the above IPTs and is of the view that the IPTs are transacted on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

5. Exception to the Requirement for Shareholders' Approval and Statement of the Audit Committee in relation to the IPT in connection with the Shareholder's Loan Granted by the Group to WB TOP3

Pursuant to Rule 916(3) of the Listing Manual, approval by the Company's shareholders ("**Shareholders**") is not required for the provision of a loan to a joint venture with an interested person if:

- (a) the loan is extended by all joint venture partners in proportion to their equity and on the same terms;
- (b) the interested person does not have an existing equity interest in the joint venture prior to the participation of the entity at risk in the joint venture; and
- (c) the issuer confirms by an announcement that its audit committee is of the view that:
 - (i) the provision of the loan is not prejudicial to the interests of the issuer and its minority shareholders; and
 - (ii) the risks and rewards of the joint venture are in proportion to the equity of each joint venture partner and the terms of the joint venture are not prejudicial to the interests of the issuer and its minority shareholders.

The Audit Committee of the Company has considered, *inter alia*, the terms of the shareholders' loan granted by the Group to WB TOP3 and is of the view that:

- (a) the grant of the shareholders' loan to WB TOP3 is not prejudicial to the interests of the Company and its minority shareholders; and
- (b) the risks and rewards of the joint venture are in proportion to the equity of each joint venture partner and the terms of the joint venture are not prejudicial to the interests of the Company and its minority shareholders.

The grant of the shareholder's loan to WB TOP3 as at the date of this announcement has met the exception under Rule 916(3) of the Listing Manual. Accordingly, the Company is exempted from the requirement of seeking Shareholders' approval for the grant of shareholder's loan to WB TOP3.
