Corporate **Profile**

MMP Resources Limited is a construction company, one focused on the creation of dual revenue models via construction and operations. The opportunities are generated through new construction, refurbishment and rebranding of existing or medium-term cash flow businesses, that have a regional or global significance but may not have the current means of advancement. The Company focuses on acquisition and partnership opportunities predominantly within the Travel, Hospitality and Leisure Industry and adds value through construction, renewal, brand conceptualisation, marketing, service and financial leadership.

The Company has an experienced and well-versed Board and Management Team that span finance, branding, operations, strategy and PR, and are capable of steering and implementing these core business initiatives.

Group **Structure**

Board of **Directors**

Drew Ethan Madacsi
Non-Executive Chairman

Mr Madacsi currently holds a number of global leadership and advisory positions, specifically focused on strategy, construction, brand, and corporate restructuring. In addition to these leadership positions, he currently serves as Non-Executive Chairman of MMP Resources Limited.

Mr Madacsi's previous advisory experience has ranged the following industries – Business Services, Consulting, Food & Beverage, Mining, Retail, Venture Capital, and has developed a proven track record of managing multidimensional corporate structures, with specialty focus in Corporate Restructuring and Broad-based Business Strategy. Previously Mr Madacsi has consulted to multiple international companies, providing high-level oversight and established relationships within key jurisdictions; primarily Asia, North America and Africa over two decades.

Jason N Block
Non-Executive Director

Mr Block is currently a founding partner of Maiora Asset Management Pte. Ltd., a Registered Fund Management Company in Singapore, which is regulated by the Monetary Authority of Singapore.

Mr Block previously was a Director at Deutsche Bank in Tokyo where he helped establish Deutsche's mezzanine debt business for non-recourse commercial real estate loans. He has over 15 years experience in financial markets and has lived in Asia for over 20 years.

Mr Block holds a B.A from University of Massachusetts, Amherst and speaks English, Japanese and Chinese.

Chong Chee Meng Gerard
Lead Independent Director

Mr Chong is the Principal Consultant and Managing Partner of Radiant Communications, a Singapore based integrated communications consultancy firm.

Mr Chong has over 20 years of experience in communications, management and team leadership. He has initiated, driven and supervised integrated communications programmes targeting government and industry stakeholders; led and directed local and regional teams and agencies across the Asia-Pacific region; and provided strategic counsel to senior-level private and public sector executives in support of their business and organisational goals.

Mr Chong graduated with a BA in English (Literature) from the University of Calgary, Canada.

Board of **Directors**

Chan Ying Wei
Independent Director

Mr Chan has about 24 years of experience in areas of auditing, accounting and treasury in various industries. He is responsible for financial reporting, governance and compliance and treasury of a public listed company in Malaysia.

Mr Chan graduated from RMIT University, Melbourne Australia with a Bachelor of Business (Accountancy). He is also a Charted Accountant of the Malaysian Institute of Accountants and a member of Certified Practicing Accountants (CPA) Australia.

As the Chairman of the Audit Committee, Mr Chan's experience in financial reporting, governance and compliance would be invaluable to ensure adherence to good corporate governance practices.

Toshinori Tanabe
Independent Director

Mr Tanabe is currently the President of Satoyama Renaissance Institute, a Japan based agriculture related research institute.

He has over 40 years of experience in finance and majority of the time was spent in Bank of Japan. Mr Tanabe was the General Manager (Nagasaki Branch) for the Bank of Japan before he left the organisation. Mr Tanabe also spent 2 years as President of Shobi University, Kawagoe Japan.

Mr Tanabe graduated from University of Kyoto with a Bachelor of Law.

Statement by **Chairman**

The fiscal year of 2018 marked the final turning point in a strengthening program for the Company - to either advance as a construction entity within Asia or provide the corporate fundamentals to become a solid starting base of a larger acquisition and development strategy. The whole team at MMP, supported by funding partners, have worked tirelessly in both Singapore and Japan to make these key imperatives a reality.

The last three years have been extremely difficult on the stock price and market moral, but the Board has focused on things it can control - secure financing at every opportunity, and continue implementing construction initiatives in Japan, which have proved successful within their constraints. Unfortunately, stock price does have a direct impact on the ability to raise funds, so construction opportunities which the Company's team could easily execute within the APAC region has stifled the financial growth the Board was hoping to execute. However, the Board's responsibility is to shareholders, and thus has been prudently marketing the operating structure of the Company to prospective asset owners as an option B, these efforts are bearing significant fruit.

The Company has applied and received an extension for the operating profitability proportion of a financial watchlist criteria until March 2020, providing the Company the necessary time to make several asset announcements around a new transformation strategy, conduct the relevant EGM for shareholder approval and undertake several further strategic changes to solidify these changes. The Board believes the future has never been brighter for the Company's shareholders and will continue tirelessly to put shareholder value above all else.

Appreciation

On behalf of the Board, I would like to extend my sincere gratitude to our financial supporters and suppliers for their constant support of the Company through the last three years.

To my director counterparts and staff, thank you. The energy to continue in tough times, when it's easier to just move on, shows a strength of character rarely seen in today's times. The focus to remain on a ship in a storm, to trust that the weather will change, simply to support others is a rare dedication, one I'm extremely proud to see on a daily basis.

And to our shareholders, the biggest thank you. You have remained in support through the toughest time, we cannot thank you all enough.

Drew Ethan Madacsi
Non-Executive Chairman

Corporate **Governance Report**

The Board of Directors (the "Board") of MMP Resources Limited (the "Company") recognises the importance of corporate governance and the offering of high standards of accountability to the shareholders of the Company by complying with the benchmark set by the Code of Corporate Governance 2012 (the "Code").

The new Code of Corporate Governance 2018 was issued on 6 August 2018 (the "Revised Code"), and will only take effect for annual reports covering financial years commencing from 1 January 2019. As such, the Revised Code is not updated into the Company's corporate governance for the financial year ended 31 December 2018.

This report sets out the corporate governance practices that have been adopted by the Company with specific reference to the principles of the Code, as well as any deviation from any guideline of the Code together with an explanation for such deviation.

STATEMENT OF COMPLIANCE

The Board confirms that for the financial year ended 31 December 2018 ("FY2018"), the Company has generally adhered to the principles and guidelines as set out in the Code, save as otherwise explained below.

BOARD MATTERS

The Board's Conduct of its Affairs

Principle 1: Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the long-term success of the company. The Board works with the management to achieve this objective and the management remains accountable to the Board.

The Board has five members comprising two non-executive directors and three independent non-executive directors. The directors as a group possess a wide range of skills, experience, knowledge of the Company and core competence such as accounting, finance, management experience, industry knowledge, strategic planning experience and customer based experience or knowledge. Such diversity of skills will ensure that the Board is equipped to deal with a range of issues enabling them to contribute effectively to the Company.

The Group has internal guidelines governing matters that require the Board's approval which include:-

- approval of the Group's strategic objectives
- approval of the annual operating and capital expenditure budgets and any material changes to them
- review of performance in the light of the Group's strategic objectives, business plans
- changes relating to the Group's capital structure including reduction of capital, share issues, share buy backs
- major changes to the Group's corporate structure, including, but not limited to acquisitions and disposals
- changes to the Group's management and control structure
- approval of the quarterly/half-yearly/full year's results announcements; annual reports and accounts, including the corporate governance report
- approval of the dividend policy and declaration of the interim dividend and recommendation of the final dividend

Corporate **Governance Report**

- approval of any significant changes in accounting policies or practices
- ensuring maintenance of a sound system of internal control and risk management
- approval of major capital projects
- contracts regarding acquisitions or disposals of fixed assets (including intangible assets such as intellectual property); substantial bank borrowings etc
- major investments
- approval of resolutions and corresponding documentation to be put forward to shareholders at a general meeting including approval of all circulars, prospectuses etc
- approval of press releases concerning matters decided by the Board
- changes to the structure, size and composition of the board, including following recommendations from the nominating committee regarding appointment, cessation of directors, members of Board committees
- determine the remuneration policy for the directors, and other senior executives including the introduction of new share incentive plans or major changes to existing plans, to be put to shareholders for approval
- establishing Board committees and approving their terms of reference, and approving material changes thereto
- approval of policies, including, code of conduct, share dealing code, whistle blowing policy, environment and sustainability policy, corporate social responsibility policy etc
- any decision likely to have a material impact on the Company or Group from any perspective, including, but not limited to, financial, operational, strategic or reputational

The Board has established three Board committees, namely, the Audit Committee ("AC"), the Nominating Committee ("NC") and the Remuneration Committee ("RC") to assist in the execution of its responsibilities. These committees operate within clearly defined terms of reference.

The Board meets on a quarterly basis. Ad-hoc Board meetings will be convened when they are deemed necessary. In between Board meetings, other important matters will be put to the Board's approval by way of circulating resolutions in writing. The Company's Constitution provide for meetings of directors to be held by means of telephone conference or other methods of simultaneous communication by electronic or telegraphic means.

The attendance of the directors at meetings of the Board and Board committees, as well as the frequency of such meetings is disclosed in Table 1 on Page 24 of this Annual Report.

The Company recognises the importance of appropriate training for its directors. All newly appointed directors are given an orientation on the Group's business strategies and operations, as well as extensive information about the Company's history, mission and values. Directors are encouraged to constantly keep abreast of developments in regulatory, legal and accounting frameworks that are of relevance to the Group through the extension of opportunities for participation in training courses, seminars and workshops as relevant and/or applicable. In addition, directors who have no prior experience as directors of a listed company will undergo training and briefing on the roles and responsibilities as directors of a listed company.

Corporate **Governance Report**

Briefings and updates provided to the directors in FY2018:-

- the external auditors, Nexia TS Public Accounting Corporation, updated the AC members on the compliance with the Singapore Financial Reporting Standards (International) and other regulatory matters

- the non-executive directors updated the Board at each meeting on business and strategic developments pertaining to the Group's business

As part of the Company's continuing education for directors, the Company Secretary circulates to the Board articles, reports and press releases relevant to the Group's business to keep directors updated on current industry trends and issues. News releases issued by SGX-ST and the Accounting and Corporate Regulatory Authority which are relevant to the directors are also circulated to the Board.

The Company has an on-going budget for all directors to attend appropriate courses, conferences and seminars for them to stay abreast of relevant business developments and outlook.

BOARD COMPOSITION AND BALANCE

Principle 2: There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from management and substantial shareholders. No individual or small group of individuals should be allowed to dominate the Board's decision making.

As at the date of this report, the Board comprises the following members:

Drew Ethan Madacsi	Non-executive chairman
Jason N Block	Non-executive director
Chong Chee Meng Gerard	Lead Non-executive independent director
Chan Ying Wei	Non-executive independent director
Toshinori Tanabe	Non-executive independent director

Non-executive independent directors make up more than half of the Board. The Board has adopted the Code's criteria of an independent director in its review. An independent director is one who has no relationship with the Company, its related companies or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the directors' independent business judgement with a view to the best interests of the Company. The independence of each independent director is reviewed annually by the NC. Based on the NC's review, the Board is of the view that all the non-executive independent directors have satisfied the criteria of independence as a result of its review.

The composition of the Board will be reviewed annually by the NC to ensure that there is an appropriate mix of expertise and experience, which the Group may tap for assistance in furthering its business objectives and shaping its business strategies. Together, the directors as a group provide core competencies in business, accounting, investment, audit and taxation matters.

The non-executive independent directors also communicate regularly to discuss matters such as the Group's financial performance, corporate governance initiatives and the remuneration of the executive director and executive officers. To facilitate a more effective check on management, the non-executive independent directors are encouraged to meet without the presence of management. During FY2018, the non-executive independent directors met four times and there was no major issue to be highlighted.

Corporate **Governance Report**

The Board comprises directors who are qualified and/or experienced in various fields including business and management, accounting and finance and investor relations. The NC is of the opinion that given the scope and nature of the Group's operations, the size of the Board is appropriate in facilitating effective decision making.

There is no director who has served on the Board beyond nine years from the date of his first appointment.

The profiles of the directors are set out on pages 4 and 5 of this Annual Report. The Board considers the current Board size appropriate for the nature and scope of the Group's operations.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3 : There should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

The Code advocates that there should be a clear division of responsibilities between the leadership of the Board and the executives responsible for managing the Company's business and no one individual should represent a considerable concentration of power.

Mr Drew Ethan Madacsi is a non-executive director and also the Chairman of the Board. He assumes responsibility for the smooth functioning of the Board and ensures timely flow of information between management and the Board; sets agenda and ensures that adequate time is available for discussion of all agenda items, in particular strategic issues; promotes a culture of openness and debate at the Board and promotes high standards of corporate governance. The Company does not have a Chief Executive Officer ("CEO").

The Company is an investment holding company and its major core businesses are in its wholly-owned subsidiaries – MMP Resources Japan K.K. and Magnum Energy Pte. Ltd. which are managed by the non-executive director, Mr Jason N Block who effectively assumes full executive responsibility over the mapping of business plans and operational decisions of the Group.

Mr Drew Ethan Madacsi and Mr Jason N Block are not related to each other. There is a clear division of responsibilities of the Chairman of the Board and the non-executive director.

All the Board Committees are chaired by independent directors and half of the Board consists of independent directors.

The Company has a lead independent director, Mr Chong Chee Meng Gerard who was appointed on 9 March 2017 to co-ordinate and lead the other independent directors to provide a non-executive perspective and contribute to a balance of viewpoints on the Board. He will be available to shareholders in the event their concerns are not resolved through the Chairman, the non-executive director or the senior accountant, or for which contact is inappropriate.

BOARD MEMBERSHIP

Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the Board.

The NC comprises the following members, all of whom, are independent:

Chong Chee Meng Gerard	(Chairman and lead non-executive independent director)
Chan Ying Wei	(Non-executive independent director)
Toshinori Tanabe	(Non-executive independent director)

Corporate **Governance Report**

The key terms of reference of the NC includes, to:

- evaluate and review nominations for appointment and re-appointment to the Board and the various committees
- nominate a director for re-election at the Annual General Meeting ("AGM"), having regard to the director's contribution and performance
- determine annually and as and when circumstances require if a director is independent
- recommend to the Board the process for the evaluation of the performance of the Board, the Board Committees and individual directors, and propose objective performance criteria to assess the effectiveness of the Board as a whole and the contribution of each director, annual assessment of the effectiveness of the Board
- decide whether a director who has multiple board representations is able to and has been adequately carrying out his duties as director of the Company
- review and make recommendations to the Board on relevant matters relating to the succession plans of the Board (in particular, the Chairman/CEO) and senior management personnel
- review of training and professional development programmes for the Board

The NC is responsible for identifying and recommending new Board members to the Board for approval, after considering the necessary and desirable competencies such as their skills, experience, knowledge and diversity of expertise. Accordingly, in selecting potential new directors, the NC will seek to identify the competencies required to enable the Board to fulfil its responsibilities. The NC may engage consultants to undertake research on, or assess, candidates for new positions on the Board, or to engage such other independent experts, as it considers necessary to carry out its duties and responsibilities.

When a vacancy arises under any circumstance, either as part of the progressive renewal of the Board or where it is considered that the Board would benefit from the services of a new director with particular skills, the NC or the Board would determine the selection criteria and source for candidates. The NC would make reference checks, meet up with the candidates, assess their suitability, and make recommendation to the Board. Shortlisted candidates would meet up with the other Board members before the Board approves the appointment.

The NC reviews and recommends to the Board the re-nomination of retiring directors standing for re-election and appointment of new directors. The review ensures that the director to be re-nominated or appointed is able to contribute to the ongoing effectiveness of the Board, has the ability to exercise sound business judgement, and has demonstrated leadership experience, high levels of professional skills and appropriate personal qualities.

Regulation 104 of the Company's Constitution requires one-third of the directors to retire from office by rotation and subject themselves to re-election by shareholders at the AGM. Every director must retire from office and submit themselves for re-nomination and re-election at least once every three years. Pursuant to Regulation 114, any director so appointed shall hold office until the next AGM and shall be eligible for re-election.

The NC has recommended to the Board that Mr Chong Chee Meng Gerard (retiring pursuant to Regulation 104 of the Company's Constitution) be nominated for re-election at the forthcoming AGM. In making the recommendation, the NC had given regard to the results of the Board assessment in respect of his competencies in fulfilling his responsibilities as director to the Board, performance, contribution, attendance and participation at the Board and Board Committee meetings, including time and efforts devoted to the Group's business and affairs.

Corporate **Governance Report**

More information on Mr Chong Chee Meng Gerard can be found in the Key Information on the section entitled "Board of Directors" on Page 4 in this Annual Report.

Mr Toshinori Tanabe who retires pursuant to Regulation 104 of the Company's Constitution, will not seek re-election and will retire following the conclusion of the AGM to be held on 29 April 2019.

In its annual review of independence, the NC, having considered the guidelines set out in the Code, is of the view that Mr Chan Ying Wei, Mr Chong Chee Meng Gerard and Mr Toshinori Tanabe, are independent. The Board, after taking into consideration the views of the NC, is of the view that Mr Chan Ying Wei, Mr Chong Chee Meng Gerard and Mr Toshinori Tanabe are considered independent.

All directors are required to declare their board representations. When a director has multiple board representation, the NC will consider whether the director is able to adequately carry out his duties as a director of the Company, taking into consideration the director's number of listed company board representations and other principal commitments. The NC has reviewed and is satisfied that notwithstanding their multiple Board appointments, Mr Drew Ethan Madacsi, Mr Jason N Block and Mr Chong Chee Meng Gerard, have been able to devote sufficient time and attention to the affairs of the Company to adequately discharge their duties as directors of the Company. Please refer to Table 2 on Page 25 below for the disclosure of Mr Drew Ethan Madacsi, Mr Jason N Block and Mr Chong Chee Meng Gerard's multiple board representations.

The Board does not see any reason to set the maximum number of listed company representations that any director may hold as all the directors are able to devote to the Company's affairs in light of their other commitments.

There is no alternate director on the Board.

Key information regarding the directors is given in the section entitled "Board of Directors" on Pages 4 to 5 in this Annual Report. The shareholdings of the individual director are set out on Page 27 of this Annual Report.

During FY2018, the NC met on one occasion.

Each member of the NC abstains from voting on any resolutions and making any recommendation and/or participating in discussion on matters in which he is interested.

BOARD PERFORMANCE

Principle 5: There should be a formal annual assessment of the effectiveness of the Board as a whole and its Board committees and the contribution by each director to the effectiveness of the Board.

The Board through the NC has used its best efforts to ensure that directors appointed to the Board and Board committees, whether individually or collectively possess the necessary background, experience and knowledge in our industry and relevant geographic areas, and in business and finance and have the appropriate management skills critical to the Company's business. It has also ensured that each director brings to the Board an independent and objective perspective to enable balanced and well-considered decisions to be made.

The NC has established a review process to assess the performance and effectiveness of the Board as a whole and the contribution by individual director to the effectiveness of the Board.

During FY2018, all directors are requested to complete a Board Assessment Checklist designed to seek their view on the various aspects of the Board performance so as to assess the overall effectiveness of the Board. The performance criteria for the Board evaluation covers amongst other criteria, composition structure and processes of the Board, access to information, corporate strategy, internal control and risk management and standard of conduct of the Board.

Corporate **Governance Report**

The completed checklists are submitted to the Company Secretary for compilation for the NC's review before submitting to the Board for discussion and determining areas for improvement with a view to enhance Board effectiveness.

Following the review, the Board is of the view that the Board and its Board committees operate effectively and each director is contributing to the overall effectiveness of the Board.

The factors taken into consideration for the re-nomination of the directors for the current year are based on the directors' attendance at meetings held during the year including their preparation and participation made by the directors at the meetings.

ACCESS TO INFORMATION

Principle 6: In order to fulfill their responsibilities, directors should be provided with complete, adequate and timely information prior to Board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

Directors are from time to time furnished with complete, adequate information concerning the Group to enable them to be fully cognizant of the decisions and actions of the management. All directors have separate and independent access to management. Detailed board papers are prepared for each meeting of the Board and are normally circulated three days in advance of each meeting. The Board papers include sufficient information from management on disclosure documents, budgets, forecasts, business and quarterly financial statements to enable the directors to be properly briefed on issues to be considered at Board meetings.

Directors are entitled to request from management and should be provided with such additional information as needed to make informed decisions. Management shall provide the same to the directors in a timely manner.

The Board has separate and independent access to the Company Secretaries (each the "Company Secretary"). Under the direction of the Chairman, the Company Secretary ensures good information flows within the Board and its Board committees and between the management and independent directors.

The Company Secretary assists the Chairman and the Chairman of each Board Committees in the development of the agendas for the various Board and Board committees meetings. She administers and attends all Board and Board Committees meetings of the Company and prepares minutes of meetings. She is also responsible for, among other things, ensuring that Board procedures are observed and that the relevant rules and regulations, including requirements of the Companies Act, Securities and Futures Act and the Singapore Exchange Securities Trading Limited ("SGX-ST") Listing Manual (the "SGX-ST Listing Manual" or the "Listing Rules of the SGX-ST"), are complied with. Her responsibilities also include advising the Board on all governance matters as well as facilitating orientation and assisting with professional developments as directed by the Chairman.

The appointment and the removal of the Company Secretary are subject to the approval of the Board.

Where the directors, whether individually or collectively, require independent professional advice in the furtherance of their duties, the Chairman of the Board and the Company Secretary will assist him/them to appoint an independent professional advisor, if necessary, to render the professional advice and to keep the Board informed of the advice. The cost of such professional advice will be borne by the Company.

Corporate **Governance Report**

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The RC comprises the following members, all of whom, are independent:

Chong Chee Meng Gerard	(Chairman and lead non-executive independent director)
Chan Ying Wei	(Non-executive independent director)
Toshinori Tanabe	(Non-executive independent director)

All the members of the RC including the Chairman of the RC are independent directors.

The key terms of reference of the RC is to review and recommend to the Board a framework of remuneration for Board members and key management personnel, and the specific remuneration packages for each director (executive, non-executive and independent) as well as for the key management personnel.

The RC is responsible for ensuring that a formal and transparent procedure is in place for developing policy on executive remuneration and for determining the remuneration packages of individual directors and key management personnel. It reviews the remuneration packages with the aim of building capable and committed management teams through competitive compensation and focused management and progression policies.

The RC recommends for the Board's endorsement, a framework of remuneration that covers all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, bonuses, benefits-in kind and specific remuneration packages for each director. In addition, the RC reviews the performance of the Group's key management personnel taking into consideration the non-executive chairman's assessment of and recommendation for remuneration and bonus.

All revision to the remuneration packages for the directors and key management personnel are subject to the review and approval of the Board. Directors' fees are further subject to the approval of the shareholders at the AGM.

No member of the RC is involved in deliberating in respect of any remuneration, compensation or any form of benefits to be granted to him.

The RC reviews the Company's obligations arising in the event of termination of the executive directors and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

During FY2018, the RC met on one occasion.

Each member of the RC abstains from voting on any resolutions and making any recommendation and/or participating in discussion regarding his own remuneration package or on matters in which he is interested.

LEVEL AND MIX OF REMUNERATION

Principle 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the Company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the Company. However, companies should avoid paying more for this purpose. A significant proportion of executive directors' remuneration should be structured so as to link rewards to corporate and individual performance.

Corporate **Governance Report**

The RC reviews annually the remuneration of the executive director and key management personnel to ensure that the level and structure of remuneration commensurate is aligned with the long-term interest and risk policies of the Company and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the Company and (b) key management personnel to successfully manage the Company.

The remuneration package of the executive director has been designed to align remuneration with the interests of shareholders and link rewards to corporate and individual performance so as to promote the long-term sustainability of the Group.

The remuneration package of the key management personnel comprises a basic salary component and a variable component which is the annual bonus, based on the performance of the Group as a whole and their individual performance. This is designed to align remuneration with the interests of shareholders and link rewards to corporate and individual performance so as to promote the long-term sustainability of the Group.

The Group would follow the above guidelines in the Code had there been any proper service agreements with any executive director or key management personnel.

The non-executive director and non-executive independent directors do not have any service agreements with the Company. Except for directors' fees, which have to be approved by shareholders at AGM, the non-executive and non-executive independent directors do not receive any other forms of remuneration from the Company.

The Company believes in aligning its level and structure of remuneration with the interests of shareholders to promote the long-term success of the Company. To initiate this, MMP Performance Share Plan has been adopted to link rewards to eligible employees including executive director, non-executives, key management personnel and other employees based on corporate and individual performance and align their interests with those of shareholders. The RC is of the view that the remuneration policy and amounts paid to directors are adequate and are reflective of present market conditions.

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from executive directors and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The executive director owes a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the executive directors in the event of such breach of fiduciary duties.

DISCLOSURE ON REMUNERATION

Principle 9: Every company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration in the company's annual report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management personnel, and performance.

The following shows the breakdown of remuneration of each director paid or payable for FY2018:

Remuneration bands	Salary S$	Bonus S$	Directors' fees[1] S$	Total S$
Drew Ethan Madacsi	–	–	38,000	38,000
*Christopher Michael Peck	–	–	19,000	19,000
Jason N Block	–	–	19,000	19,000
Chan Ying Wei	–	–	45,000	45,000
Chong Chee Meng Gerard	–	–	60,000	60,000
Toshinori Tanabe	–	–	38,000	38,000

*Resigned on 20 June 2018

Note:-

(1) Directors' fees are subject to approval of the shareholders at AGM.

Corporate **Governance Report**

Guideline 9.3 of the Code recommends that companies should name and disclose the remuneration of at least the top five key management personnel (who are not directors or the CEO) in bands of S$250,000. In addition, the companies should disclose in aggregate the total remuneration paid to the top five key management personnel (who are not directors or the CEO). As best practice, companies are encouraged to fully disclose the remuneration of the said top five key management personnel.

There was no key management personnel who are not directors or the CEO, given the Group's scale of operations. The directors are assisted by the Company's staff for day-to-day business operations.

The Company does not have any employee who is an immediate family member of a director or the CEO and whose remuneration exceeds S$50,000 for FY2018.

The Company has in place a share scheme known as MMP Performance Share Plan for eligible employees, including directors of the Company and the Group. Details of MMP Performance Share Plan are disclosed in the Directors' statement.

During FY2018 and as at 31 December 2018, no options have been granted under the MMP Performance Share Plan.

ACCOUNTABILITY AND AUDIT

ACCOUNTABILITY

Principle 10: The Board should present a balanced and understandable assessment of the company's performance, position and prospects.

The Board reviews and approves the results as well as any announcements before their release to the SGX-ST and the media. Shareholders are provided with the quarterly and full year results and annual financial reports on a timely manner. In presenting the quarterly and full year results and annual financial reports to shareholders, it is the aim of the Board to provide the shareholders with a balanced and understandable assessment of the Company's performance, position and prospects. This responsibility is extended to regulators. Financial reports and other price-sensitive information are disseminated to shareholders through announcement via SGXNET, press releases and the Company's website. The Company's Annual Report is accessible on the Company's website.

To ensure compliance with legislative and regulatory requirements, including requirements under the SGX-ST Listing Manual, the Board through management, reviews the relevant compliance reports and ensure that management seeks the Board's approval of such reports or requirements.

In compliance with the Listing Rules of the SGX-ST, the Board provides a negative assurance statement to the shareholders in its quarterly financial statements announcements, confirming to the best of its knowledge that nothing had come to the attention of the Board, which might render the financial statements false or misleading in any material aspect.

Management provides the Board with management accounts and such explanation and information on a timely basis and as the Board may require from time to time to enable the Board to make a balanced and informed assessment of the Company's performance, position and prospects. As the Board has separate and non-executive independent access to management, the Board has no objection to receiving the management accounts with such explanation and information on a quarterly basis.

The Board also provides an opinion on the adequacy and effectiveness of the Group's risk management and internal controls systems are in place, including financial, operational compliance and information technology controls.

Corporate **Governance Report**

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 11: The Board is responsible for the governance of risk. The Board should ensure that management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives.

The Group does not have a Risk management Committee. However, the management regularly reviews the Company's business, operations and activities to identify possible areas of significant business risks as well as appropriate measures to control and mitigate these risks. The management reviews all significant control policies and procedures and highlights all significant matters to the Board and the AC.

The Board has overall responsibility for the management of the Group's key risks to safeguard shareholders' interests and its assets. The Company has implemented a system of internal controls designed to provide reasonable but not absolute assurance that assets are safeguarded, proper accounting records are maintained, and operational controls are adequate and business risks are suitably managed.

The Board has engaged the services of an independent accounting firm as its internal auditors ("internal auditors"). The internal auditors have presented their internal audit plan to the AC and the Board during FY2018 to assist the AC and the Board in their review of the Group's risk management and internal control systems focusing on financial, operational, compliance and information technology controls.

Management regularly reviews the Group's business and operational activities in respect of the key risk control areas including financial, operational, compliance and information technology controls and continues to apply appropriate measures to control and mitigate these risks. All significant matters are highlighted to the AC and the Board for further discussion. The AC and the Board also work with the internal auditors, external auditors and management on their recommendations to institute and execute relevant controls with a view to managing such risks.

With the assistance from the internal auditors, key risk areas which have been identified are analysed, monitored and reported. In this connection, the Group has conducted risk assessment and has established the risk reporting dashboard with a view to develop a detailed risk register.

The external auditors provide feedback to the AC highlighting matters that require the attention of the management. The AC keeps under review the effectiveness of the Group's system of accounting and internal financial controls, for which the directors are responsible.

The Group does not utilise sophisticated and complex computer systems in its operations and considers its exposure to information technology risks to be low.

During FY2018, the AC reviewed, with the assistance of the internal auditors, external auditors and the management team, the effectiveness of the Company's financial, operational and compliance internal controls. Any material non-compliance or lapses in internal controls, together with recommendation for improvement are reported to the AC. The AC has made its best effort in ensuring timely and proper implementation of all required corrective, preventive or improvement measures are monitored closely.

The Board is of the opinion that the system of internal controls maintained by the management and that was in place throughout the financial year was adequate and provides reasonable, but not absolute, assurance against material financial misstatements of loss, and include the safeguarding of assets, the maintenance of proper accounting records, the reliability of financial information, compliance with appropriate legislation, regulation and best practice, and the identification and containment of business risk.

Based on the framework of risk management controls and internal controls established and maintained by the Group, work performed by the internal auditors, external auditors and reviews performed by the management, the Board, with the concurrence of the AC, is of the opinion that the Group's system of internal controls, which

Corporate **Governance Report**

addresses the financial, operational, compliance and information technology risks, and risk management systems in place were adequate and effective during the financial year under review.

For FY2018, the Board and the AC have received assurance from the non-executive chairman and the senior accountant that the financial records of the Group have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and the system of risk management and internal controls in place within the Group is adequate and effective in addressing the material risks in the Group in its current business environment including material financial, operational, compliance and information technology risks.

AUDIT COMMITTEE

Principle 12: The Board should establish an AC with written terms of reference which clearly set out its authority and duties.

The AC comprises the following members, all of whom are independent:

Chan Ying Wei	(Chairman and non-executive independent director)
Chong Chee Meng Gerard	(Lead non-executive independent director)
Toshinori Tanabe	(Non-executive independent director)

The Board is of the opinion that the AC chairman and members of the AC are appropriate qualified with the relevant accounting, financial, business management and corporate experience to discharge their responsibilities.

The key terms of reference of the AC are to:-

- review with the external/internal auditors the audit plans, their evaluation of the system of internal accounting controls, and their audit report including the scope and results of the external audit, the independence and objectivity of the external auditors
- review the financial statements and balance sheet and profit and loss accounts including reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance, before submission to the Board for approval
- review the internal control procedures, its scope and the results and to ensure co-ordination between the external/internal auditors and the Management; and review the assistance given by management to the external auditors, and discuss problems and concerns, if any, arising from the interim and final audits
- review and report to the Board at least annually the adequacy and effectiveness of the Company's internal controls
- review the effectiveness of the Company's internal audit function
- review and discuss with the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results and/or financial position, and the management's response
- make recommendation to the Board on the proposals to the shareholders on the appointment, re-appointment and removal of the external auditors
- review interested person transactions (if any) falling within the scope of Chapter 9 of the Listing Manual

Corporate **Governance Report**

- review potential conflicts of interest, if any
- undertake such other review and projects as may be requested by the Board, and report to the Board its findings from time to time on matters arising and which requires the attention of the AC
- generally undertaking such other functions and duties as may be required by statute or the SGX-ST Listing Manual, and by such amendments made thereto from time to time

The AC meets with the internal and external auditors, without the presence of the management, at least annually. Matters to discuss include the reasonableness of the financial reporting process, the internal control process, the adequacy of resources, audit arrangements with particular emphasis on the observations and recommendations of the external auditors, the scope and quality of their audits and the independence and objectivity of the external auditors and any matters that may be raised.

The AC reviewed the independence of the external auditors annually. During the current financial year, there was no non-audit related work carried out by the external auditors; hence there was no fee paid in this respect. The AC is satisfied with the independence of the external auditors, and has recommended the re-appointment of the external auditors at the forthcoming AGM.

Please refer to the table below for the aggregate amount of fees paid to the external auditors and a breakdown of fees paid in total to the external auditors for audit and non-audit services respectively for the financial year.

For FY 2018	
Fees payable to the external auditors in respect of audit services	S$79,000
Fees payable to the external auditors in respect of non-audit services	Nil
Total	S$79,000

The Company has complied with Rules 712(2)(a) and 715 read with Rule 716 of the SGX-ST Listing Manual in relation to the appointment of its external auditors.

The Company has put in place a whistle blowing policy which has been reviewed, endorsed by the AC and approved by the Board. Under the whistle blowing policy, employees can, in confidence, raise concerns about improper conduct for investigation. The procedures for the whistle blowing policy are made public to the employees of the Group. For FY2018, there were no reported incidents pertaining to whistle blowing.

No former partner or director of the Company's existing auditing firm or audit corporation is a member of the AC.

Each member of the AC abstains from voting on any resolutions and making any recommendation and/or participating in discussion on matters in which he is interested.

INTERNAL AUDIT

Principle 13: The Company should establish an effective internal audit function that is adequately resourced and independent of the activities it audits.

The AC approves the hiring, removal, evaluation and compensation of the internal auditors. The internal audit function of the Company is outsourced to an independent accounting firm (the "internal auditors"). The internal auditors report primarily to the Chairman of the AC and have full access to the documents, records properties and personnel including access to the AC.

Corporate **Governance Report**

The Board recognises its responsibilities in ensuring a sound system of internal controls to safeguard shareholders' investments and the Company's assets. Rule 719(1) of the SGX-ST Listing Manual requires an issuer to have a robust and effective system of internal controls, addressing financial, operational and compliance risks. Effective internal controls not only refer to financial controls but include, among others, business risk assessment, operational and compliance controls.

The AC approves the internal audit plan and the results of the audit findings are submitted to the AC for its review. The internal auditors conducted an annual review in accordance with their audit plans, the effectiveness of the Company's material internal controls, including financial, operational and compliance controls, and risk management. Any material non-compliance or failures in internal controls and recommendations for improvements were reported to the AC. The AC, together with the Board has also reviewed the effectiveness of the actions taken by management on the recommendations made by the internal auditors in this respect. The Board and the AC are of the view that the internal audit is adequately resourced and has the appropriate standing within the Group.

Based on the internal auditors' report submitted by the internal auditors and the various controls put in place by the management and the review and work performed by the internal and external auditors, management and the various Board committees, the Board, with the concurrence of the AC, is of the view that there are adequate internal controls.

The AC is satisfied that the internal auditors has adequate resources to perform its function effectively and is staffed by suitably qualified and experienced professionals with the relevant experience.

The internal audit work carried out by the internal auditors in the FY2018 was guided by the Standards for the Professional Practice of Internal Auditing laid down by the International Professional Practices Framework issued by the Institute of Internal Auditors.

On an annual basis, the AC reviews the internal audit program and function to ensure the adequacy and effectiveness of the Group's internal audit function as well as to align it to the changing needs and risk profile of the Group's activities.

SHAREHOLDER RIGHTS AND RESPONSIBILITIES

SHAREHOLDER RIGHTS

Principle 14: Companies should treat all shareholders fairly and equitably, and should recognize, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.

The Group's corporate governance culture and awareness promotes fair and equitable treatment for all shareholders. All shareholders enjoy specific rights under the Companies Act and the Constitution of the Company. All shareholders are treated fairly and equitably.

The Group respects the equal information rights of all shareholders and is committed to the practice of fair, transparent and timely disclosure.

Shareholders are given the opportunity to participate effectively and vote at general meetings of the Company. At general meetings, shareholders will be informed of the rules, voting procedures relating to the general meetings.

Shareholders will be given the opportunity to air their views and ask questions regarding matters affecting the Group. The Company's Constitution allows a Shareholder to appoint one or two proxies to attend and vote at the general meetings on his/her behalf. On 3 January 2016, the legislation was amended, among other things to allow certain members, defined as "relevant intermediary" to attend and participate in general meeting

Corporate **Governance Report**

without being constrained by the two-proxy requirement. Relevant intermediary includes corporations holding licenses in providing nominee and custodial services and CPF Board which purchases shares on behalf of the CPF investors.

COMMUNICATION WITH SHAREHOLDERS

Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

The Company does not practice selective disclosure. In line with continuous disclosure obligations of the Company pursuant to the SGX-ST Listing Manual and the Companies Act, the Board's policy is that all shareholders should be equally and timely informed of all major developments that impact the Group. Information will first be disseminated through SGXNET and where relevant, followed by news release and the Company's website. The Company will also make announcements from time to time to update investors and shareholders on developments that are of interest to them.

The Company has an internal investor relations function which focuses on facilitating communications with shareholders and analysts on a regular basis, attending to their queries or concerns and keeping them apprised of the Group's corporate developments and financial performance. During such interactions, the Company solicits and understands the news of shareholders and the investment community. To enable shareholders to contact the Company easily, the contact details of the investor relations function are set out on page 89 of this Annual Report.

The Group does not have a concrete dividend policy at present. In considering the declaration of dividends, the Company will have to take into consideration the Group's profit growth, cash position, positive cash flow generated from operations, projected capital requirements for business growth and other factors as the Board may deem appropriate. No dividend has been declared for FY2018 due to the Group's loss position.

CONDUCT OF SHAREHOLDER MEETINGS

Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders and allow shareholders the opportunity to communicate their views on various matters affecting the company.

All shareholders receive reports or circulars of the Company including notice of general meeting by post within the prescribed period. Notice of general meeting is announced through SGXNET and published in the Business Times.

The Company supports active shareholders' participation. If shareholders are unable to attend the meetings, the Constitution allows a shareholder of the Company to appoint up to two proxies to attend and vote in place of the shareholder. Voting in absentia and by electronic mail may only be possible following careful study to ensure that integrity of the information and authentication of the identity of shareholders through the web is not compromised and is also subject to legislative amendment to recognise electronic voting.

Resolutions at general meetings are on each substantially separate issue. All the resolutions at the general meetings are single item resolutions.

At general meetings, all the directors, chairman of the Board and the respective chairman of the AC, NC and RC as well as the external auditors should be present and available to address shareholders' queries at these meetings.

The Company with the help of the Company Secretary prepares minutes of general meetings that include substantial and relevant comments relating to the agenda of the meetings and responses from the Board and management and such minutes, where relevant will be made available to shareholders upon their written request.

Corporate **Governance Report**

The Company put all resolutions to vote by poll and make an announcement of the detailed results showing the number of votes cast for and against each resolution and the respective percentages at all its general meetings. Electronic poll voting may be efficient in terms of speed but may not be cost effective. In this respect, the Company did no adopt electronic poll voting.

RISK MANAGEMENT

Pursuant to the Listing Manual Rule 1207 (4)(b)(iv), the Group endeavours to continually reviewing and improving its business and operational activities to take into account the risk management perspective. This includes reviewing management and manpower resources and updating work flows, processes and procedures to meet the current and future market conditions. The Group has also considered the various financial risks and Management, details of which are found on pages 69 and 76 of the Annual Report.

DEALING IN SECURITIES

The Group has adopted and implemented policies in line with the SGX-ST's best practices in relation to the dealing of shares of the Company. The policies have been made known to directors, executive officers and any other persons as determined by the management who may possess unpublished material price-sensitive information of the Group.

The Group has procedures in place prohibiting directors and officers from dealing in the Company's shares during the two weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year and the one month before the announcement of the Company's full year financial statements ("Prohibited Periods"), or if they are in possession of unpublished material price-sensitive information of the Group.

Directors and officers are required to comply with and observe the laws on insider trading even if they trade in the Company's securities outside the Prohibited Periods. They are discouraged from dealing in the Company's securities on short-term considerations and should be mindful of the law on insider trading.

The Board confirms that for FY2018, the Company has complied with Listing Rule 1207(19).

INTERESTED PERSON TRANSACTIONS

The Company is required to comply with the requisite rules under Chapter 9 of the SGX-ST Listing Manual for interested person transactions.

All interested person transactions will be properly documented and submitted to the AC for quarterly review to ensure that they are carried out on an arm's length basis, on normal commercial terms and will not be prejudicial to the interests of shareholders.

In the event that a member of the AC is interested in any interested person transaction, he will abstain from reviewing that particular transaction.

The Board will ensure that all disclosure, approval and other requirements on interested person transactions, including those required by prevailing legislation, the SGX-ST Listing Manual and accounting standards are complied with.

Corporate **Governance Report**

The Group has entered into the following IPT transactions for FY2018:-

Name of Interested Person	Aggregate value of interested person transaction during the financial year under review (excluding transactions less than $100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)	Aggregate value of all interested person transacation conducted under shareholders' mandate pursuant to Rule 920 (excluding transactions less than $100,000)	Note
Maiora Asian Structured Finance Segregated Portfolio*	S$182,362	–	Transaction is subject to shareholders' approval

* Maiora Asian Strucutred Finance Segregated Portfolio is a controlling shareholder of the Company and is therefore an "interested person" (as defined in Chapter 9 of the Listing Manual of the SGX-ST). The director of the Company, Jason N Block, is also a shareholder of Maiora Asset Management Pte. Ltd., which is a registered fund management company based in Singapore. The aforesaid director holds 25% of the issued and paid up share capital of Maiora Asset Management Pte. Ltd. (excluding treasury shares). Maiora Asset Management Pte. Ltd. manages Maiora Asian Structured Finance Segregated Portfolio.

MATERIAL CONTRACTS AND LOANS

The Company or its subsidiaries have entered into several loan agreements with its controlling shareholder during the year under review. These loans are subject to shareholders' approval.

Directors' **Statement**

For the financial year ended 31 December 2018

Performance shares

MMP Share Performance Plan 2015 ("MMP SPP")

On 6 August 2015, the Company adopted a performance share plan scheme ("MMP Share Performance Plan 2015" or the "plan"). The plan was approved by shareholders of the Company in a shareholder vote held at the registered office of the Company.

The MMP SPP is administered by the Remuneration Committee ("RC"). The members of the RC as at the date of this statement are:

Chong Chee Meng Gerard	(Chairman and lead non-executive independent director)
Chan Ying Wei	(Non-executive independent director)
Toshinori Tanabe	(Non-executive independent director)

Objectives

The MMP SPP was established with the objective to incentivise the key officers and employees of the Group to meet its long term business objectives.

Eligibility

The following persons, unless they are also controlling shareholders of MMP Resources Limited or the associates of such controlling shareholders, shall be eligible to participate in the MMP SPP:

1. any employee of the Group who meet the relevant age and rank criteria and whose services have been seconded to a company within the Group selected by the RC to participate in the MMP SPP;

2. Non-executive directors; and

3. any employee of associated companies (including executive directors) selected by the RC to participate in the MMP SPP.

Awards

Awards represent the right of a participant to receive the fully paid shares, their equivalent cash value, or combinations thereof, free of charge, upon the participant achieving prescribed performance targets and/or service conditions or otherwise having performed well and/or made a significant contribution to the Group.

Types of Awards

Awards granted under the MMP SPP may be performance-based, time-based or one-off special awards. Such predetermined performance target may be shorter-term targets aimed at encouraging continued services such as completion of projects and/or stretched targets aimed at sustaining longer-term growth. Time-based awards are awards granted after the satisfactory completion of time-based service conditions, that is, after the participant has served the Group for a specified number of years as may be determined or predetermined by the RC. Such awards may also be granted as a sign-on bonus.

The release of the shares awarded under the MMP SPP can take the form of either a new issue of shares and/or the purchase of existing shares (subject to applicable laws).

On 13 July 2017, the Board approved a one-off share awards of 23,333,333 shares as recommended by the Remuneration Committee to former executive director, Mr Paul Andrew Crosio, for his services rendered.

No performance shares granted during the current financial year.

Directors' **Statement**

For the financial year ended 31 December 2018

Share options

There were no options granted during the financial year to subscribe for unissued shares of the Company or its subsidiary corporations.

No shares have been issued during the financial year by virtue of the exercise of any option to take up unissued shares of the Company or its subsidiary corporations.

There were no unissued shares of the Company or its subsidiary corporations under option at the end of financial year.

Audit committee ("AC")

The members of the AC as at the date of this statement are:

Chan Ying Wei	(Chairman and Non-executive independent director)
Chong Chee Meng Gerard	(Lead non-executive independent director)
Toshinori Tanabe	(Non-executive independent director)

The AC carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act. In performing those functions, the AC carried out the following:

- Reviewed the audit plans of the internal and external auditors of the Group and the Company and reviewed the internal auditor's evaluation of the adequacy of the Group's system of internal accounting controls and the assistance given by the Group and the Company's management to the external and internal auditors;
- Reviewed the quarterly financial information and annual financial statements and the independent auditor's report on the annual financial statements of the Group and the Company before their submission to the Board of Directors;
- Reviewed the effectiveness of the Group's and the Company's material internal controls, including financial, operational and compliance controls and risk management via reviews carried out by the internal auditor;
- Met with the external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- Reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- Reviewed the cost effectiveness and the independence and objectivity of the external auditor and the nature and extent of non-audit services provided by the external auditor;
- Recommended to the Board of Directors the external auditor to be nominated, approved the compensation of the external auditor, and reviewed the scope and results of the audit;
- Reported actions and minutes of the AC to the Board of Directors with such recommendations as the AC considered appropriate;
- Reviewed the financial statements and other announcements to members and the Singapore Exchange Securities Trading Limited ("SGX-ST"), prior to submission to the Board; and
- Reviewed interested person transactions (as defined in Chapter 9 of the Catalist Listing Manual).

Directors' **Statement**

For the financial year ended 31 December 2018

Audit committee ("AC") (cont'd)

The AC having reviewed the external auditor's non-audit services was of the opinion that there were no non-audit services rendered that would affect the independence and objectivity of the external auditors.

The AC has held four meetings since the last Directors' Statement with full attendance from all members. In performing its functions, the AC has also met with the Company's internal and external auditors, without the presence of the Company's management, at least once a year.

The Company confirms that Rules 712 and 715 of the Singapore Exchange Securities Trading Limited's Listing Manual have been complied with.

Further information regarding the AC are detailed in the Corporate Governance Report set out in the Annual Report of the Company.

Independent auditor

The independent auditor, Nexia TS Public Accounting Corporation, has expressed its willingness to accept re-appointment.

Independent **Auditor's Report**

To the Members of MMP Resources Limited

Report on the Audit of the Financial Statements

Disclaimer of Opinion

We were engaged to audit the accompanying financial statements of MMP Resources Limited (the "Company") and its subsidiary corporations (the "Group"), which comprise the consolidated balance sheet of the Group and the balance sheet of the Company as at 31 December 2018, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 35 to 79.

We do not express an opinion on the accompanying consolidated financial statements of the Group and the balance sheet of the Company. Because of the significance of the matters described in the Bases for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

Bases for Disclaimer of Opinion

(1) Going concern

As disclosed in Note 2.1 to the financial statements, the following circumstances give rise to material uncertainties as to the appropriateness of the use of the going concern assumption in the preparation of the accompanying consolidated financial statements of the Group and the balance sheet of the Company for the current financial year:

(i) As at 31 December 2018, the Group and the Company are in a net current liabilities position of S$6,918,000 and S$4,823,000 (2017: S$4,605,000 and S$3,316,000) and a net liabilities position of S$6,125,000 and S$4,819,000 (2017: S$3,859,000 and S$3,305,000) respectively.

(ii) For the financial year ended 31 December 2018, the Group and the Company incurred a net loss of S$2,232,000 and S$1,514,000 (2017: S$3,317,000 and S$2,534,000) and incurred net operating cash outflows of S$1,141,000 and S$927,000 (2017: S$2,852,000 and S$2,590,000) respectively.

(iii) As disclosed in Note 23(a), the Group is currently engaged in a legal dispute for the full and immediate repayment of S$5,200,000 alleged loan given to the Group.

The above conditions indicate the existence of material uncertainties which may cast significant doubt on the Group's and the Company's abilities to continue as going concerns. Notwithstanding the above, the Board of Directors of the Company believes that the use of the going concern assumption in the preparation of the financial statements for the financial year ended 31 December 2018 is appropriate after taking into consideration the following measures and assumptions:

(a) The major shareholder will continue to provide financial support to enable the Group and the Company to continue in operation and to meet its obligations as and when they fall due for at least the next twelve months.

(b) The Company is currently in the process of negotiating with third parties on the acquisition of certain viable businesses and assets in the liquefied natural gas industry and believes that the incoming assets and businesses will increase the prospects and viability of the Group.

(c) Based on discussions with the lawyers, the Board of Directors believes that the outcome of legal litigation as disclosed in Note 23(a) would be favourable to the Group.

Bases for Disclaimer of Opinion (continued)

(1) Going concern (continued)

The ability of the Group and of the Company to continue in operational existence in the foreseeable future and to meet their financial obligations as and when they fall due are dependent upon the successful outcome of the measures and assumptions undertaken as disclosed above which cannot be determined at present. At the date of this report, we are unable to obtain sufficient audit evidence regarding the likely outcome of these measures and assumptions including the financial capability of the major shareholder that will provide continuing financial support to the Group and the Company. Therefore, we are not able to form an opinion as to whether the going concern basis of presentation of the accompanying financial statements of the Group and the Company is appropriate.

In the event that the Group and the Company are unable to continue in operational existence for the foreseeable future, the Group and the Company may be unable to discharge its liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the balance sheet. In addition, the Group and the Company may have to provide for further liabilities that might arise, and to reclassify non-current assets as current assets. The financial statements do not include any adjustment which may arise from these uncertainties.

(2) Impairment of property, plant and equipment ("PPE")

The net carrying amount of the Group's PPE amounted to S$793,000 (2017: S$746,000) as at 31 December 2018. The performance of the Group during the financial year indicates that the PPE may be impaired. Hence, management has estimated the recoverable amount of the Group's PPE based on value-in-use. However, we were unable to obtain sufficient and appropriate audit evidence to substantiate the recoverable amount for the Group's PPE. Therefore, we were unable to determine whether any adjustment to the carrying amount of PPE were necessary.

(3) Recoverability of the Company's other receivables from subsidiary corporation

As disclosed in Note 13 to the financial statements, as at 31 December 2018, the Company has other receivables from subsidiary corporations amounted to S$1,197,000 (2017: S$931,000), of which, S$969,000 (2017: S$703,000) is receivable from a subsidiary corporation with significant increase in credit risk as at 31 December 2018. The directors are of the view that this amount is recoverable and there has not been a significant change in credit quality. We were unable to obtain sufficient appropriate audit evidence with respect to the recoverability of this amount and therefore unable to determine whether any impairment loss was necessary. Any impairment loss which might have been necessary as at 31 December 2018 would have increased the total comprehensive loss for the financial year and the net liabilities as at that date by the same amount.

Bases for Disclaimer of Opinion (continued)

(4) Opening balances

Our independent auditor's report on the consolidated financial statements of the Group and the balance sheet of the Company for the financial year ended 31 December 2017 dated 9 April 2018 included a disclaimer of opinion on the appropriateness of going concern assumptions of the Group and of the Company as there were existence of material uncertainties which may cast significant doubt about the ability of the Group and of the Company to continue as going concerns, and the inability to obtain sufficient appropriate audit evidence on the impairment of property, plant and equipment and the appropriateness and impairment of the carrying amount of the trade and other receivables from related parties and subsidiary corporations. As the matters mentioned above have not been resolved in the financial year ended 31 December 2018, we have considered the impact as below.

In view of the significance of the matters described in the bases for disclaimer of opinion paragraphs on the financial statements for the financial year ended 31 December 2017, we were unable to determine:

(a) Whether the opening balances of the Group and of the Company as at 1 January 2018 were fairly presented; and

(b) The impact on the current financial year's financial position of the Company and of the Group and the financial performance, changes in equity and cash flows of the Group.

Our opinion on the current financial year's consolidated financial statements of the Group and the balance sheet of the Company is a disclaimer of opinion because of the significance of these matters on the comparability of the current financial year's figures and the corresponding figures.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act (the "Act") and Singapore Financial Reporting Standards (International) (the "SFRS(I)s"), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Independent **Auditor's Report**

To the Members of MMP Resources Limited

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Group's financial statements in accordance with Singapore Standards of Auditing and to issue an auditor's report. However, because of the matters described in the Bases for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Report on Other Legal and Regulatory Requirements

In our opinion, except for those matters described in the *Bases for Disclaimer of Opinion* section of our report, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement director on the audit resulting in this independent auditor's report is Ms. Chan Siew Ting.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1 Corporate information

MMP Resources Limited (the "Company") was incorporated and domiciled in Singapore on 11 September 2006 under the Singapore Companies Act, Chapter 50 as a private company limited by shares under the name "Sino Construction Pte. Ltd.". On 16 April 2008, the Company converted to a public limited company and changed its name to "Sino Construction Limited" and on 11 August 2015, was renamed as "MMP Resources Limited". On 12 June 2008, the Company was admitted to the official list on the Mainboard of the Singapore Exchange Securities Trading Limited.

The address of its registered office and principal place of business is 6 Eu Tong Sen Street, #12-20, The Central, Singapore 059817.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiary corporations are disclosed in Note 16.

2 Summary of significant accounting policies

2.1 Basis of preparation

These financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) ("SFRS(I)") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I) requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

Going concern

In preparing the financial statements, the Board of Directors have considered the operations of the Group and the Company as going concerns notwithstanding the following circumstances:

(i) As at 31 December 2018, the Group and the Company is in a net current liabilities position of S$6,918,000 and S$4,823,000 (2017: S$4,605,000 and S$3,316,000) and a net liabilities position of S$6,125,000 and S$4,819,000 (2017: S$3,859,000 and S$3,305,000) respectively.

(ii) For the financial year ended 31 December 2018, the Group and the Company incurred a net loss of S$2,232,000 and S$1,514,000 (2017: S$3,317,000 and S$2,534,000) and incurred net operating cash outflows of S$1,141,000 and S$927,000 (2017: S$2,852,000 and S$2,590,000) respectively.

(iii) As disclosed in Note 23(a), the Group is currently engaged in a legal dispute for the full and immediate repayment of S$5,200,000 alleged loan given to the Group.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

2 Summary of significant accounting policies (cont'd)

2.1 Basis of preparation (cont'd)

Nevertheless, the Board of Directors of the Company believes that the use of the going concern assumptions in the preparation of the financial statements for the financial year ended 31 December 2018 are appropriate after taking into consideration the following measures and assumptions:

(a) The major shareholder will continue to provide financial support to enable the Group and the Company to continue in operation and to meet its obligations as and when they fall due for at least the next twelve months.

(b) The Company is currently in the process of negotiating with third parties on the acquisition of certain viable businesses and assets in the liquefied natural gas industry and believes that the incoming assets and businesses will increase the prospects and viability of the Group.

(c) Based on discussions with the lawyers, the Board of Directors believes that the outcome of legal litigation as disclosed in Note 23(a) would be favourable to the Group.

If the Group and the Company are unable to continue in operational existence in the foreseeable future, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the balance sheets. In addition, the Group and the Company may have to reclassify non-current assets to current assets. The financial statements do not include any adjustment which may arise from these uncertainties.

2.2 Adoption of SFRS(I)

As required by the listing requirements of Singapore Exchange, the Group has adopted SFRS(I) on 1 January 2018. These financial statements for the financial year ended 31 December 2018 are the first set of financial statements the Group prepared in accordance with SFRS(I). The Group's previously issued financial statements for periods up to and including the financial year ended 31 December 2017 were prepared in accordance with Singapore Financial Reporting Standards ("SFRS").

In adopting SFRS(I) on 1 January 2018, the Group is required to apply all of the specific transition requirements in SFRS(I) 1 *First-time Adoption of SFRS(I).*

Under SFRS(I) 1, these financial statements are required to be prepared using accounting policies that comply with SFRS(I) effective as at 31 December 2018. The same accounting policies are applied throughout all periods presented in these financial statements, subject to the mandatory exceptions and optional exemptions under SFRS(I) 1.

The Group's opening balance sheet has been prepared as at 1 January 2017, which is the Group's date of transition to SFRS(I) ("date of transition").

There are no material adjustments to the Group's balance sheet, statement of comprehensive income, statement of cash flows and Company's balance sheet arising from the transition from SFRS to SFRS(I).

Notes to **the Financial Statements**

2 Summary of significant accounting policies (cont'd)

2.3 Revenue recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised goods or service to the customer, which is when the customer obtains control of the goods or service. A performance obligation is satisfied at a point in time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Rendering of service

Revenue from management fees are recognised in the period in which the services are rendered.

(b) Sale of goods – café operations

Sale of foods and beverages is recognised when these are served and invoiced.

(c) Ski resort operations

Revenue from ski resort operations are recognised when ski pass are used.

(d) Interest income

Interest income is recognised using the effective interest method.

2.4 Government grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants receivable are recognised as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately as other income.

2.5 Group accounting

(a) Subsidiary corporations

(i) Consolidation

Subsidiary corporations are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary corporations are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

2 Summary of significant accounting policies (cont'd)

2.5 Group accounting (cont'd)

(a) Subsidiary corporations (cont'd)

(i) Consolidation (cont'd)

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiary corporations have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary corporation's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary corporation, even if this results in the non-controlling interests having a deficit balance.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary corporation or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary corporation measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

2 Summary of significant accounting policies (cont'd)

2.5 Group accounting (cont'd)

(a) Subsidiary corporations (cont'd)

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary corporation results in a loss of control over the subsidiary corporation, the assets and liabilities of the subsidiary corporation including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to the paragraph "Investments in subsidiary corporations" for the accounting policy on investments in subsidiary corporations in the separate financial statements of the Company.

(b) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary corporation that do not result in a loss of control over the subsidiary corporation are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

2.6 Property, plant and equipment

(a) Measurement

(i) Land and buildings

Land and buildings are initially recognised at cost. Freehold land is subsequently carried at the cost less accumulated impairment losses. Buildings are subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(ii) Other property, plant and equipment

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(iii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

2 Summary of significant accounting policies (cont'd)

2.6 Property, plant and equipment (cont'd)

(b) Depreciation

Freehold land is not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	Useful Lives
Buildings	10 years
Motor vehicles	5 years
Machine and construction equipment	5 years
Office equipment and furniture and fittings	5 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss within "Other gains and losses".

2.7 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method.

2.8 Investments in subsidiary corporations

Investments in subsidiary corporations are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of such investments, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

2.9 Impairment of non-financial assets

Property, plant and equipment
Investments in subsidiary corporations

Property, plant and equipment and investments in subsidiary corporations are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease.

An impairment loss for an asset other than goodwill is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset other than goodwill is recognised in profit or loss.

2.10 Financial assets

The accounting for financial assets before 1 January 2018 are as follows:

(a) Classification

The Group classifies its financial assets as loans and receivables. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets. Loans and receivables are presented as "trade and other receivables" and "cash and bank balances" on the balance sheet.

2.10 Financial assets (cont'd)

The accounting for financial assets before 1 January 2018 are as follows: (cont'd)

(b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group continues to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sales proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

(c) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs.

(d) Subsequent measurement

Loans and receivables are subsequently carried at amortised cost using the effective interest method.

(e) Impairment

The Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

2.10 Financial assets (cont'd)

The accounting for financial assets from 1 January 2018 are as follows:

(f) Classification and measurement

The Group classifies its financial assets at amortised cost and fair value through profit or loss ("FVTPL"). The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset.

At subsequent measurement, debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

The Group subsequently measures all its equity investments at their fair values. Equity investments are classified as FVTPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in "other gains and losses".

(g) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. The credit risk note details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(h) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

2 Summary of significant accounting policies (cont'd)

2.10 Financial assets (cont'd)

The accounting for financial assets from 1 January 2018 are as follows: (cont'd)

(h) Recognition and derecognition (cont'd)

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profits along with the amount previously recognised in other comprehensive income relating to that asset.

2.11 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.12 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

2.13 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2 Summary of significant accounting policies (cont'd)

2.14 Leases

When the Group is the lessee:

The Group leases corporate apartments and office buildings under operating leases from non-related parties.

Lessee - Operating leases

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

2.15 Inventories

Inventories comprise operating supplies and food and beverages inventory items which are carried at the lower of cost and net realisable value. Cost is determined using the first-in, first-out method. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and applicable variable selling expenses.

2.16 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary corporations, associated companies and joint ventures, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

(i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and

(ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities except for investment properties. Investment property measured at fair value is presumed to be recovered entirely through sale.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

2 Summary of significant accounting policies (cont'd)

2.16 Income taxes (cont'd)

Current and deferred income taxes are recognised as income or expense in profit or loss.

The Group accounts for investment tax credits (for example, productivity and innovative credit) similar to accounting for other tax credits where deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.

2.17 Provisions for other liabilities and charges

Provisions for other liabilities and charges are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in the statement of comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.18 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) Share-based compensation

The Group operates an equity-settled share-based compensation plan. The fair value of the employee services received in exchange for the grant of shares and/or share options is recognised as an expense with a corresponding increase in the share-based payment reserve over the vesting period.

The total amount to be recognised over the vesting period is determined by reference to the fair value of the equity instruments granted on the date of the grant. Non-market vesting conditions are included in the estimation of the number of equity instruments that are expected to be exercisable on the vesting date.

At each balance sheet date, the Group revises its estimates of the number of equity instruments that are expected to become exercisable on the vesting date and recognises the impact of the revision of the estimates in profit or loss, with a corresponding adjustment to the share-based payment reserve over the remaining vesting period.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

2 Summary of significant accounting policies (cont'd)

2.18 Employee compensation (cont'd)

(b) Share-based compensation (cont'd)

The share-based payment reserve is transferred to accumulated losses upon expiry of the share options. When the options are exercised, the share-based payment reserve is transferred to share capital if new shares are issued, or to treasury shares if the options are satisfied by the reissuance of treasury shares.

In situations where equity instruments are issued and some or all of the goods or services received by the entity as consideration cannot be specifically identified, the unidentified goods or services received (or to be received) are measured as the difference between the fair value of the share-based payment and the fair value of any identifiable goods or services received at the grant date. This is then capitalised or expenses as appropriate.

2.19 Currency translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollar ("SGD"), which is the functional currency of the Company and have been rounded to the nearest thousand ("S$'000").

(b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. Monetary items include primarily financial assets (other than equity investments) and financial liabilities. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement within "finance expenses". All other foreign exchange gains and losses impacting profit or loss are presented in the consolidated statement of comprehensive income within "Other gains and losses".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

2 Summary of significant accounting policies (cont'd)

2.19 Currency translation (cont'd)

(c) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

(i) assets and liabilities are translated at the closing exchange rates at the balance sheet date;

(ii) income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and

(iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal with loss of control of the foreign operation.

2.20 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the board of directors whose members are responsible for allocating resources and assessing performance of the operating segments.

2.21 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value.

2.22 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

3 Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Impairment for trade and other receivables

Expected credit losses ("ECL") on trade receivables are probability-weighted estimates of credit losses which are determined by evaluating a range of possible outcomes and taking into account past events, current conditions and assessment of future economic conditions.

The Group has used relevant historical information and loss experience to determine the probability of default of the instruments and incorporated forward looking information, including significant changes in external market indicators which involved significant estimates and judgements.

In determining the ECL of trade receivables, the Group has used one year of historical losses data to determine the loss rate and applied an adjustment against the historical loss rate based on the default rate to reflect the current and forward looking information.

Notwithstanding the above, the Group evaluates the expected credit loss on customers and other receivables in financial difficulties separately.

The carrying amounts of trade and other receivables are disclosed in Note 13.

(b) Joint arrangement

Judgement is required to determine when the Group has joint control over an investee. The Group has made an assessment of the relevant activities of the investee whether the decisions in relation to those activities require unanimous consent. The Group shall determine the type of joint arrangement in which it is involved by considering its rights and obligations arising from the arrangement. The Group assesses its rights and obligations by considering the structure and legal form of the arrangement, the terms agreed by the parties in the contractual arrangement and, when relevant, other facts and circumstances.

In financial year 2017, the Group has assessed and concluded that there is no control over the ski resort operations and the allocated share of net profits was recorded on a net basis as other income in the consolidated statement of comprehensive income.

In current financial year, the Group has reassessed and concluded there is control over the ski resort operations for 2018/2019 season based on the new agreement signed. Accordingly, the revenue and related expenses for the month of December 2018 was recorded on a gross basis in the consolidated statement of comprehensive income.

– Overprovision of income tax in prior financial years	–	(8)
	–	(8)

Deferred income tax assets are recognised for tax losses and capital allowances carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. The Group has unrecognised tax losses of S$1,870,000 (2017: S$1,153,000) at the balance sheet date which can be carried forward and used to offset against future taxable income subject to meeting certain statutory requirements by those entities with unrecognised tax losses in their respective countries of incorporation. Included in related parties borrowings are advances from lenders amounting to approximately S$1,907,000 (2017: S$1,724,000). On 6 September 2017, 13 September 2017, 10 October 2017, 15 November 2017, 20 December 2017 and 3 March 2018 respectively, the Group and the Company entered into a Notes Subscription Agreement (the "Agreements") with related parties for bonds and placement shares with a total face value of S$1,907,000. The terms of the Agreements would only be enforceable on the Group's ability to meet certain conditions, including the necessary approvals from SGX-ST and the shareholders of the Company. As at the date of this report, the conditions have not been met. The borrowings are unsecured, repayable on demand and interest is fixed at 12.5% (2017:12.5%) per annum.

Included in related parties borrowings are amounts due to a related party amounting to approximately S$2,346,000 which pertains to share-based payment reserve representing equity-settled share options granted in prior financial years. The Company has come to an agreement with the related party for the payment to be made in cash. The amounts due to the related party are unsecured, interest-free and repayable within 12 months from the balance sheet date.

Borrowings from a related party amounting to S$685,000 (2017: S$15,000) are unsecured and repayable within 12 months of the disbursement date. Interest is fixed at 18% per annum.

Borrowings from a related party amounting to S$687,000 (2017: S$658,000) are unsecured and repayable within 12 months of the disbursement date. Interest is fixed at 15% per annum.

Borrowings from a related party amounting to S$240,000 are unsecured and repayable within 12 months of the disbursement date. Interest is fixed at 18% per annum.

All other borrowings from related parties are unsecured, interest-free and repayable on demand.

In financial year 2017, borrowings from a related party amounting to S$600,000 have been converted into 150,000,000 ordinary shares in the Company as disclosed in Note 20.

All issued ordinary shares are fully paid. There is no par value for these ordinary shares.

Fully paid ordinary shares carry one vote per share and carry a right to dividends as and when declared by the Company.

FY2017

On 13 June 2017, the Company issued 172,537,500 ordinary shares at an issue price of S$0.004 as consideration for professional services performed by a related party amounting to US$500,000 (equivalent to S$690,000). The newly issued shares rank pari passu in all respects with the previously issued shares.

On 13 July 2017, the Company issued 23,333,333 ordinary shares in the Company under the MMP SPP with fair value of S$0.003 per share at the grant date amounting to S$70,000. The newly issued shares rank pari passu in all respects with the previously issued shares.

On 23 August 2017, the Company converted loans amounting to S$600,000 into 150,000,000 ordinary shares in the Company at an issue price of S$0.004 (Note 19). The newly issued shares rank pari passu in all respects with the previously issued shares.

(b) MMP Share Performance Plan 2015 ("MMP SPP")

On 6 August 2015, the Company adopted a performance share plan scheme ("MMP Share Performance Plan 2015" or the "plan"). The plan was approved by shareholders of the Company in a shareholder vote held at the registered office of the Company.

The MMP SPP is administered by the Remuneration Committee ("RC").

Objectives

The MMP SPP was established with the objective to incentivise the key officers and employees of the Group to meet its long term business objectives.

1. any employee of the Group who meet the relevant age and rank criteria and whose services have been seconded to a company within the Group selected by the RC to participate in the MMP SPP;
2. Non-Executive Directors; and
3. any employee of associated companies (including Executive Directors) selected by the RC to participate in the MMP SPP.

(b) MMP Share Performance Plan 2015 ("MMP SPP") (cont'd)

Eligibility

The following persons, unless they are also controlling shareholders of MMP Resources Limited or the associates of such controlling shareholders, shall be eligible to participate in the MMP SPP:

Awards

Awards represent the right of a participant to receive the fully paid shares, their equivalent cash value, or combinations thereof, free of charge, upon the participant achieving prescribed performance targets and/or service conditions or otherwise having performed well and/or made a significant contribution to the Group.

Types of Awards

Awards granted under the MMP SPP may be performance-based, time-based or one-off special awards. Such predetermined performance target may be shorter-term targets aimed at encouraging continued services such as completion of projects and/or stretched targets aimed at sustaining longer-term growth. Time-based awards are awards granted after the satisfactory completion of time-based service conditions, that is, after the participant has served the Group for a specified number of years as may be determined or predetermined by the RC. Such awards may also be granted as a sign-on bonus.

The release of the shares awarded under the MMP SPP can take the form of either a new issue of shares and/or the purchase of existing shares (subject to applicable laws).

On 13 July 2017, the Board approved a one-off share awards of 23,333,333 shares as recommended by the Remuneration Committee to former Executive Director, Mr Paul Andrew Crosio, for his services rendered.

No performance shares granted during the current financial year.

23 Contingent liabilities

(a) Legal litigation

In the financial year ended 31 December 2015, the Group was involved in a legal dispute with Quintestellar Re Capital Inc ("Quintestellar"), a company incorporated in the British Virgin Islands. Quintestellar had commenced an action in the High Court (HC/S 906/2015) against the Company for repayment of an alleged loan given to the Company in the amount of approximately S$4.7 million.

On 12 August 2016, Quintestellar filed a notice of discontinuance in HC/S 906/2015 with no order to costs. Subsequently, Quintestellar had also assigned its claims in HC/S 906/2015 to Mr Kenneth Lim Tiong Hian ("Kenneth Lim"), who was previously a director of the Company. No claims have been filed by Kenneth Lim.

On September 2016, the Group engaged an external accounting specialist to perform a forensic audit on all Company accounts for the period from June 2014 to February 2015, as managed by the relevant executive management of the time. Based on comprehensive review of records and a forensic audit report presented to current management and the Board, it is noted that there was no sufficient documentation to evidence a liability to Quintestellar. Therefore, based upon this review, the Group had written off the liability of S$4.7 million and recognised it as other income for the financial year ended 31 December 2016.

On 9 December 2016, the Company was served with a Writ of Summons (the "Writ") filed by Edward Lee, previously a significant shareholder of the Group. In the writ, Edward Lee claimed to have loaned to the Group and the Company various monies amounting to a total of S$5.2 million, of which S$4.7 million was loaned to the Group via an intermediary. The intermediary in this matter is Quintestellar. Quintestellar was previously a significant shareholder of the Company and was a related party to the Group through a common director, Mr Tet Choy Chee ("Andy Chee"), up to date of his resignation. The balance of S$0.5 million was a loan that had been provided by Edward Lee to the Company in February 2016, and are presented as a borrowing on the balance sheet of the Company and of the Group as at 31 December 2017.

On 6 September 2017, a revised Statement of Claim ("SOC") was filed by Edward Lee which includes Andy Chee as a second defendant. The SOC also clarifies that the claims which Quintestellar had previously assigned to Kenneth Lim has been subsequently assigned to Edward Lee between 27 September 2016 and 29 June 2017.

On 5 January 2018, Andy Chee filed a defence against the case. On 25 April 2018, an application to withdraw certain interrogatories against the Company has been filed by Andy Chee.

On 26 April 2018, the timeline for both application on specific discovery by Edward Lee has been extended to 14 May 2018 and the application for withdrawal of interrogatories by Andy Chee has been extended to 8, 22 and 28 May 2018. On 4 May 2018, a court hearing for application to add parties is fixed on 18 May 2018.

On 9 May 2018, the timeline for the application for withdrawal of interrogatories by Andy Chee has been further extended to 15, 25 and 31 May 2018. On 18 May 2018, Kenneth Lim and Quintestellar have been added as co-plaintiff and co-defendant respectively. On 23 May 2018, a revised Statement of Claim ("SOC") was filed by Edward Lee which includes Kenneth Lim as a second plaintiff and Quintestellar as a third defendant.

On 20 August 2018 and 6 September 2018, a defence and amended defence were filed by Andy Chee.

Notes to **the Financial Statements**

For the financial year ended 31 December 2018

23 Contingent liabilities (cont'd)

(a) Legal litigation (cont'd)

There has been no further updates to the litigation up to the date of the financial statements.

As at the date of the financial statements, based on the various discrepancies, lack of contemporaneous documentation as well as other significant dispute of fact, the Company, through consultation with the Group's legal representatives, is of the opinion that, on the balance of probabilities, Edward Lee's claims are unlikely to be successful.

(b) Financial support

The Company provides financial support to certain subsidiary corporations to enable these subsidiary corporations to operate as going concerns and to meet their liabilities as and when they fall due. No liabilities are recognised by the Company as it is considered unlikely that there will be significant outflows of resources made by the Company as a result of the financial support provided.

24 Operating lease commitments

The Group leases corporate apartments and office buildings from non-related parties under non-cancellable operating lease agreements. The leases have varying terms, escalation clauses and renewal rights.

The future minimum lease payables under non-cancellable operating leases contracted for at the balance sheet date but not recognised as liabilities, are as follows:

26 Financial risk management

Financial risk factors

The Group's activities expose it to market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise any adverse effects from the unpredictability of financial markets on the Group's financial performance. The Group's principal financial instruments comprise loans from related parties, and cash and short-term bank deposits. The main purpose of these financial instruments is to raise financing for the Group's operations. The Group has various other financial assets and liabilities such as trade and other receivables and trade and other payables, which arise directly from its operations.

It is the Group's policy that no trading in derivative financial instruments shall be undertaken.

The overall business strategies of the Group, its tolerance for risk and its general risk management philosophy are determined by the Board of Directors in accordance with prevailing economic and operating conditions. There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Market risk

(i) Currency risk

Entities in the Group provide services in several countries, and as a result, transact in currencies other than their respective functional currencies ("foreign currencies").

Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as Japanese Yen ("JPY") and United States Dollar ("USD"). To manage the currency risk, the Group relies on natural hedging as a risk management tool and does not enter into derivative foreign exchange contracts to hedge its foreign currency risk.

In addition, the Group is also exposed to currency translation risk to the net assets of the Group's foreign operations. Currency exposure to the net assets of the Group's foreign operations in Japan are managed primarily through funding from the immediate holding corporation.

(ii) Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. As the Group has no significant interest bearing assets, the Group's interest income and operating cash flows are substantially independent of changes in market interest rates.

Interest rate risk is managed by the Group on an on-going basis with the primary objective of limiting the impact on adverse movement of interest rates. The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, in respect of the fixed rate instruments, a change in interest rates at the balance sheet date would not affect profit or loss and equity.

26 Financial risk management (cont'd)

(a) Market risk (cont'd)

(iii) Price risk

The Group is not exposed to equity price risk as it does not hold significant equity financial asset.

(b) Credit risk

Credit risk refers to the risk that counterparties will default on their contractual obligations resulting in financial loss to the Group. The major classes of financial assets of the Group and of the Company are bank deposits and trade and other receivables. For trade receivables, the Group adopts the policy of dealing only with customers of appropriate credit history, and obtaining cash deposits where appropriate to mitigate credit risk. For other financial assets, the Group adopts the policy of dealing only with the high credit quality counterparties.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet.

Cash and bank balances are placed with banks and financial institutions with high credit-ratings assigned by international credit rating agencies.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

There are no significant concentration of credit risk.

Trade receivables

The Group uses a provision matrix to measure the lifetime expected credit loss allowance for trade receivables.

In measuring the expected credit losses, trade receivables are grouped based on individual characteristics of its customers and days past due. In calculating the expected credit loss rates, the Group considers historical loss rates for each category of customers and adjusts to reflect current and forward-looking macroeconomic factors affecting the ability of the customers to settle the receivables.

Trade receivables are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

During the financial year, the Group made a loss allowance of S$439,000 to one of the trade receivable which the Group does not expect to receive future cash flows. Refer to Note 26(b)(i) for the loss allowances movement. The remaining trade receivables are not past due and are not subject to any material credit losses.

26 Financial risk management (cont'd)

(b) Credit risk (cont'd)

(i) Impairment of financial assets

As at 31 December 2018, the trade and other receivables are not subject to any material credit losses except as disclosed below. The carrying amount of trade and other receivables individually determined to be impaired and the movements in the related allowance for impairment are as follows:

	Group			Company		
	31 December		1 January	31 December		1 January
	2018	2017	2017	2018	2017	2017
	S$'000	S$'000	S$'000	S$'000	S$'000	S$'000
Beginning of financial year	1,023	435	435	909	–	–
Loss allowances	488	588	–	501	909	–
End of financial year (Note 13)	1,511	1,023	435	1,410	909	–

An allowance for impairment has been made to profit or loss, as management determined the likelihood of recoverability is low and payments are not forthcoming.

Previous accounting policy for impairment of trade receivables

In 2017, the impairment of financial assets was assessed based on the incurred loss impairment model. Individual receivables which were known to be uncollectible were written off by reducing the carrying amount directly. The other receivables were assessed collectively, to determine whether there was objective evidence that an impairment had been incurred but not yet identified.

The Company considered that there was evidence if any of the following indicators were present:

- There is significant difficulty of the debtor;
- Default or past due event;
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

Financial assets that are neither past due nor impaired are mainly deposits with banks with high credit-ratings assigned by international credit-rating agencies. Trade receivables that are neither past due nor impaired are substantially companies with a good collection track record with the Group.

26 Financial risk management (cont'd)

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash to finance the Group and the Company's operations and development activities. The Group manages the liquidity risk by maintaining a level of cash and bank balances deemed adequate to finance the Group's business operations and development activities. The Group's objective is to maintain a balance between continuing of funding and flexibility through the use of borrowings and funding from major shareholder.

The table below analyses non-derivative financial liabilities of the Group and the Company into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying amounts as the impact of discounting is not significant.

26 Financial risk management (cont'd)

(d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital based on a gearing ratio, which is calculated as net debt divided by total capital. Net debt is calculated as borrowings plus trade and other payables less cash and bank balances. Total capital is calculated as total equity plus net debt.

The Group and the Company are not subject to any externally imposed capital requirements for the financial years ended 31 December 2018 and 2017.

(e) Fair value measurements

The carrying amount less allowance for impairment of trade and other receivables and trade and other payables are assumed to approximate their fair value. The carrying amount of current borrowings are approximates its fair value.

The table below presents asset measured and carried at fair value and classified by level of the following fair value measurement hierarchy:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

The fair value of financial instrument that are not traded in an active market (e.g. over-the counter derivatives) is determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each balance sheet date. In infrequent circumstances, where a valuation technique for these instruments is based on significant unobservable inputs, such instruments are classified as Level 3.

(f) Financial instruments by category

The carrying amount of the different categories of financial instruments is as disclosed on the face of the balance sheet, except for the following:

27 Segment information

Management has determined the operating segments based on the reports reviewed by the Board of Directors ("BOD") for the purpose of making strategic decisions, allocate resources, and assess performance. The BOD comprises three independent directors and two non-independent directors. The BOD considers the business from both a geographic and business segment perspective. Geographically, management manages and monitors the business in the two primary geographic areas: Singapore and Japan. From a business segment perspective, management separately considers the investment holding and travel, hospitality and leisure ("THL") activities in these geographic areas.

For each of the strategic business units, the BOD (the chief operating decision maker) reviews internal management reports on at least quarterly.

The segment information provided to the management for the reportable segments is as follows:

	Investment holding - Singapore S$'000	THL - Japan S$'000	Total S$'000
2018			
Sales			
Sales to external parties	39	331	370
Interest income	92	–	92
Finance cost	(276)	(176)	(452)
Loss before income tax	(1,515)	(717)	(2,232)
Net loss	(1,515)	(717)	(2,232)
Segment assets	1,046	1,109	2,155
Segment liabilities	6,844	1,436	8,280
Other disclosures:			
Capital expenditure	–	149	149
Impairment loss on non-trade receivables from related parties	488	–	488
Depreciation of property, plant and equipment	3	128	131

2017			
Sales			
Sales to external parties	128	35	163
Finance cost	(3)	(4)	(7)
Loss before income tax	(2,828)	(497)	(3,325)
Income tax credit	8	–	8
Net loss	(2,820)	(497)	(3,317)
Segment assets	1,514	1,246	2,760
Segment liabilities	5,531	1,088	6,619
Other disclosures:			
Capital expenditure	–	505	505
Allowance for impairment of non-trade receivables from non-related parties	588	–	588
Write-off of other receivables from non-related party	44	–	44
Depreciation of property, plant and equipment	4	52	56

There is no inter-segment revenue. The revenue from external parties reported to the BOD is measured in a manner consistent with that in the statement of comprehensive income. The BOD assesses the performance of the operating segments based on a measure of earnings before interest, tax, depreciation and amortisation for continuing operations.

Geographical information

The Group's business segments operate in two main geographical areas.

	Revenue	
	2018 S$'000	2017 S$'000
Singapore	39	128
Japan	331	35
	370	163

	Non-current assets	
	2018 S$'000	2017 S$'000
Singapore	3	10
Japan	790	736
	793	746

Revenue of approximately S$Nil (2017: S$50,000) is derived from a single external customer. This revenue is attributable to the provision of management services located in Singapore in previous financial year.

28 New or revised accounting standards and interpretations

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 January 2019 and which the Group has not early adopted:

(a) SFRS(I) 16 Leases (effective for annual periods beginning on or after 1 January 2019)

SFRS(I) 16 will result in almost all leases being recognised on the balance sheet, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low-value leases. The accounting for lessors will not change significantly.

The Group will apply the standard from its mandatory adoption date of 1 January 2019. The Group intends to apply the simplified transition approach and will not restate comparative amounts for the year prior to first adoption. Right-of-use assets for property leases will be measured on transition as if the new rules had always been applied. All other right-of-use assets will be measured at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses).

The Group's activities as a lessor do not have any significant impact on the financial statements. However, some additional disclosures may be required from next year.

(b) SFRS(I) INT 23 Uncertainty Over Income Tax Treatments (effective for annual periods beginning on or after 1 January 2019)

The interpretation explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. In particular, it discusses:

(i) how to determine the appropriate unit of account, and that each uncertain tax treatment should be considered separately or together as a group, depending on which approach better predicts the resolution of the uncertainty;

(ii) that the entity should assume a tax authority will examine the uncertain tax treatments and have full knowledge of all related information, i.e. that detection risk should be ignored;

(iii) that the entity should reflect the effect of the uncertainty in its income tax accounting when it is not probable that the tax authorities will accept the treatment;

(iv) that the impact of the uncertainty should be measured using either the most likely amount or the expected value method, depending on which method better predicts the resolution of the uncertainty; and

(v) that the judgements and estimates made must be reassessed whenever circumstances have changed or there is new information that affects the judgements.

The Group does not expect additional tax liability to be recognised arising from the uncertain tax positions on the adoption of the interpretation on 1 January 2019.

29 Authorisation of financial statements

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of MMP Resources Limited on 5 April 2019.

If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares held by you.

2 A member of the Company (other than a Relevant Intermediary*), entitled to attend and vote at a meeting of the Company is entitled to appoint not more than two proxies to attend and vote on his behalf. A proxy need not be a member of the Company.

3 For any member who acts as an intermediary pursuant to Section 181(6) of the Companies Act, Chapter 50, who is either:

(a) a banking corporation licensed under the Banking Act (Cap. 19) or its wholly-owned subsidiary which provides nominee services and holds shares in that capacity;

(b) a capital markets services licence holder which provides custodial services for securities under the Securities and Futures Act (Cap. 289) and holds shares in that capacity; or

(c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

You are entitled to appoint one (1) or more proxies to attend and vote at the AGM. Where such member's form of proxy appoints more than two proxies, the number of shares in relation to which each proxy has been appointed shall be specified in the form of proxy. The proxy need not be a member of the Company. Please note that if any of your shareholdings are not specified in the list provided by the intermediary to the Company, the Company may have the sole discretion to disallow the said participation of the said proxy at the forthcoming AGM.

4 The instrument appointing a proxy or proxies must be deposited at the Company's registered office at 6 Eu Tong Sen Street #12-20 The Central Singapore 059817 not less than 48 hours before the time set for holding the AGM.

5 Where a member appoints more than one proxy, he shall specify the proportion of his shareholding to be represented by each proxy. If no such proportion or number is specified and the first named proxy may be treated as representing 100% of the shareholding and any second named proxy as an alternate to the first named.

6 The instrument appointing a proxy or proxies shall be in writing and signed by the appointor or his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed under its common seal or signed on its behalf by an attorney duly authorised by the corporation. The dispensation of the use of common seal pursuant to Sections 41A, 41B and 41C of the Companies Act, Chapter 50 of Singapore effective from 31 March 2017 is applicable at this AGM.

7 Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the power of attorney or other authority or a duly certified copy of that power of attorney (failing previous registration with the Company) shall be attached to the instrument of proxy and must be left at the Company's Registered Office, failing which the instrument may be treated as invalid.

8 A corporation which is a member may by resolution of its directors or other governing body authorise any person to act as its representative at the AGM.

9 The Company shall be entitled to reject this instrument of proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointer are not ascertainable from the instructions of the appointer specified in this instrument of proxy. In addition, in the case of members whose shares are entered in the Depository Register, the Company may reject an instrument of proxy lodged if the member, being the appointer, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time set for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s), the member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 12 April 2019.
