

13 July 2026

ENTRY INTO A ROOFTOP SOLAR SERVICE AGREEMENT BY FRONTIER INTERRA SOLAR ENERGY CO., LTD. WITH STRISRINAN SCHOOL IN THAILAND

The board of directors (the “**Board**”) of Interra Resources Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) wishes to announce that the Group’s Thai joint operating company, Frontier Interra Solar Energy Co., Ltd. (“**FISE**”), has entered into an agreement dated 13 July 2026 with the Strisrinan School in Thailand (the “**School**”) for, among others, the installation of a rooftop solar power system for electricity generation (the “**Rooftop Solar Service Agreement**”).

Pursuant to the Rooftop Solar Service Agreement, FISE will act as a service provider to design, install, operate and maintain a 264.55-kWp rooftop solar power system at the School’s premises, and the School will pay FISE monthly service fees based on the total electricity generated by the system for a period of fifteen (15) years from the date of commercial commencement of electricity service, subject to the terms and conditions of the Rooftop Solar Service Agreement.

The Company holds a 49% interest in FISE and has joint control over FISE through its wholly-owned subsidiary, Interra Renewable Energy (Thailand) Co., Ltd. The entry into the Rooftop Solar Service Agreement by FISE is not expected to have any material impact on the net tangible assets per share and earnings per share of the Company for the financial year ending 31 December 2026.

None of the directors or substantial shareholders of the Company has any interest, direct or indirect, in the Rooftop Solar Service Agreement other than through their respective interests (if any) in the share capital of the Company.

By Order of the Board of Directors of
INTERRA RESOURCES LIMITED

Ng Soon Kai
Executive Chairman

About Interra

Interra Resources Limited is a Singapore-incorporated company listed on the SGX Mainboard, traditionally engaged in petroleum exploration and production (E&P). As part of a strategic forward-looking diversification, Interra is actively expanding its portfolio into sustainable and high-demand resources. The company is advancing renewable energy initiatives, including floating solar farms in Indonesia and other solar photovoltaic solutions including power plant developments as a shortlisted Long List Strategic Partner for PT PLN Nusantara Power.

Furthermore, Interra is collaborating with its Indonesian joint venture partner to develop three silica sand concessions located in West Kalimantan, Indonesia. It also holds a strategic stake of approximately 12% in ASX-listed Morella Corporation Limited, an exploration company focused on advancing critical minerals across Tier 1 jurisdictions in Australia and the United States.
