#### E. Notes to the condensed interim consolidated financial statements

#### 1. Corporate information

Sunrise Shares Holdings Ltd. (the "Company") is incorporated in Singapore and whose shares are publicly traded on the Catalist Board of the Singapore Exchange. These condensed interim consolidated financial statements as at and for the six months ended 30 June 2023 comprise the Company and its subsidiaries (collectively, the "Group").

The principal activities of the Group are the provision of property consultancy and management services to property management companies in PRC in relation to, among others, (i) construction execution planning, (ii) construction team management advising, (iii) material supplier consulting, (iv) budget advising, (v) property management team advising, and (vi) property marketing and brokerage service.

#### 2. Basis of preparation

The condensed interim financial statement for the six months ended 30 June 2023 have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)") 1-34 *Interim Financial Reporting* issued by the Accounting Standards Council Singapore. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of changes in the Group's financial position and performance of the Group since the last annual financial statements for the financial statements for the financial year ended 31 December 2022.

The accounting policies adopted are consistent with those of the previous financial year which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in Note 2.1.

The condensed interim financial statements are presented in Singapore Dollars ("SGD" or "S\$"), which is the Company's functional currency, and all values are rounded to the nearest thousand ("S\$'000") except when otherwise indicated.

#### 2.1 New and amended standards adopted by the Group

A number of amendments to standards have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustment as a result of adopting those standards.

#### 2.2 Use of judgements and estimates

In preparing the interim condensed financial statements, management has made judgement, estimates and assumptions that affect the application of accounting policies and the reported amounts of revenues, expenses, assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on management's best knowledge of current events and actions and historical experiences and various other factors that are believed to be reasonable under the circumstances, actual results may ultimately differ from those estimates.

#### Use of estimates and judgements

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the financial year ended 31 December 2022.

The carrying amounts of cash and cash equivalents, trade and other current receivables and payables (other than lease liabilities) approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

There were no significant judgements made in applying accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next interim period.

#### **3.** Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

- b) Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (i.e. derived from prices); and
- c) Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### 2A. Review of the Performance of the Group

The Group had on 30 December 2022 entered into a consultancy and management service agreement with Hong Kong Sunrise Asset Management ("HKSAM"), an interested person transaction. However, as the real estate business in China had continued to remain weak despite the gradual re-opening of the economy in China, HKSAM had no new business in both Hong Kong and China, and the consultancy agreement with HKSAM was terminated on 22 March 2023.

Despite the above loss of business, the Group secured 2 consultancy service agreements during the 6 months period ended 30 June 2023, one with Zhuhai Tonglin Village Eco-Tourism Development Co., Ltd. and the other with Zhuhai Mucun Construction Engineering Co., Ltd.

Revenue from operations decreased by 29% or S\$114,000, from S\$400,000 in HY2022 to S\$286,000 in HY2023, mainly due to lesser consultancy contracts secured during the 6 months period as the property market, particularly in China still remain challenging.

Administrative and other expenses (mainly comprising staff costs and professional fees) decreased by 48% or \$\$559,000, from \$\$1,170,000 in HY2022 to \$\$611,000 in HY2023. The Group incurred higher professional fees in HY2022 to address the disclaimer audit opinion in respect of the audited financial statement of the Group for the financial year ended 31 December 2021. In addition, the Group also rationalised its head count in response to current challenging market conditions.

As a result, the Group reported net loss of S\$265,000 in HY2023, as compared to net loss of S\$890,000 in HY2022.

#### 2B. Review of the Group's Financial Position

#### **Current Assets**

Trade and other receivables decreased by S\$14,000, mainly contributed by the recovery of China VAT amounted to S\$18,000.

With the loss after tax of S\$265,000 and payments to trade and other payables, cash and bank balances of the Group has reduced from S\$4.1 million to S\$3.7 million.

#### **Current Liabilities**

The Group's current liabilities decreased by S\$90,000 from S\$360,000 as at 31 December 2022 as compared to S\$270,000 as at 30 June 2023, primarily due to decrease in trade and other payables of S\$92,000 from S\$307,000 as at 31 December 2022 to S\$215,000 as at 30 June 2023.

#### Working Capital

The working capital decreased from S\$3.802 million as at 31 December 2022 to S\$3.435 million as at 30 June 2023 was resulted from lower consultancy services revenue and payments of administrative and other corporate expenses.

#### 2C. Review of Cash Flow Statement

Net decrease of S\$443,000 in cash and cash equivalents during HY2023 was mainly represented by loss before tax of S\$260,000 and net receipt from receivables and payments to payables of S\$80,000, coupled with the effect of exchange rate changes on cash and bank balances held in foreign currencies amounted to S\$100,000.

# 4. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

The recovery in the property market is expected to continue in 2024, albeit at a slower pace amid rising borrowing costs and growing inflationary pressure. The real estate business in China is expected to remain weak despite the borders in both China and Hong Kong have re-opened. Against this backdrop, the consultancy agreement with HKSAM was terminated on 22 March 2023 and presently, the Group is working on 2 consultancy contracts, of which, one of them is in relation to tourism and hotel accommodation.

Overall, the Group expects the business environment to remain challenging for FY2023, especially with the increase in the cost of borrowing and growing inflationary pressure, the Group will continue to be cautious and seize any other business opportunities that may emerge in the near future.
