(Company Registration Number: 198801332G)

7. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of a matter).

Not applicable.

8. Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

Except as disclosed in note 9 below, the Group has applied the same accounting policies and methods of computation in the preparation of the financial statements for the current financial period compared with the audited financial statements as at 31 March 2019.

9. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.

The Group has adopted Singapore Financial Reporting Standards (International) ("SFRS(I)") 16 *Leases* which is effective for annual periods beginning on or after 1 January 2019. The Group has adopted SFRS(I) 16 retrospectively with the cumulative effect of initially applying the standard as an adjustment to the opening retained earnings at the date of initial application, 1 April 2019.

As Lessor

The Group's time charter contracts consist of a lease component which is accounted under SFRS(I) 16, and a non-lease component for the service elements which is accounted under SFRS(I) 15 *Revenue from Contracts with Customers*. The contract consideration is allocated to both lease and non-lease components based on the relative stand-alone prices using the expected cost plus margin approach in accordance with SFRS(I) 15.

The effect on adoption of SFRS(I) 16 resulted in an increase in deferred income and corresponding decrease in retained earnings of US\$1,178,000 as at 1 April 2019 and US\$877,000 as at 1 April 2018.

As Lessee

The Group has committed to lease a warehouse under non-cancellable lease.

On adoption of SFRS(I) 16, the Group has measured the right-of-use asset at an amount equal to the lease liability, adjusted by the amount of prepaid or accrued lease payments related to that lease recognised in the balance sheet immediately before 1 April 2019. The Group has also elected the following practical expedients:

- not to reassess whether a contract is, or contains a lease at the date of initial application and to apply SFRS(I) 16 to all contracts that were previously identified as leases;
- to apply the exemption not to recognise right-of-use asset and lease liabilities to leases for which the lease term ends within 12 months as of 1 April 2019; and
- to apply a single discount rate to a portfolio of leases with reasonably similar characteristics.

On adoption of SFRS(I) 16, the Group recognised a right-of-use asset and a lease liability of US\$621,000 for its lease previously classified as operating lease as at 1 April 2019.
