A "Qualifying Individual" is not subject to tax on this distribution. A "Qualifying Individual" refers to an individual whose receipt of the distribution is not considered as gains or profits from any trade, business or profession carried on by him/her and is not derived from units held through a partnership in Singapore. The beneficial owner, other than a "Qualifying Individual", is required to declare the amount of gross income distribution as taxable income in the Income Tax Return (for the Year of Assessment 2020 – SGD 0.0050775 per unit and for the Year of Assessment 2021 – SGD 0.0054623 per unit), unless the beneficial owner is exempt from tax because of its own circumstances.

Qualifying foreign non-individual investors will receive their distributions after deduction of tax at the rate of 10%. A qualifying foreign non-individual investor is a non-individual person who is not a resident in Singapore for income tax purposes and: (i) who does not have any permanent establishment in Singapore; or (ii) who carries on any operation in Singapore through a permanent establishment in Singapore, but the funds used to acquire the units in the Fund are not obtained from that operation in Singapore.

All other investors (excluding Qualifying Investors) will receive their distributions after deduction of tax at the rate of 17%. Qualifying Investors are:

- (v) International Organisations that are exempt from tax on such distributions by reason of an order made under the International Organisations (Immunities and Privileges) Act (Cap 145).

² This amount of distribution is treated as a return of capital for Singapore income tax purposes. For holders who hold the units as trading or business assets and are liable to Singapore income tax on gains arising from the disposal of units, the amount of capital distributions should be applied to reduce the costs of the units for the purpose of calculating the amount of taxable trading gains when the units are subsequently disposed of. If the amount of capital distributions exceeds the cost of the units, the excess will be subjected to tax as trading income of such holders. The sale proceeds of all subsequent sales of remaining units will also be fully taxable.

³ The Fund will be accorded tax concession under the Designated Unit Trust ("DUT") Scheme. As such, distribution of the above gains/income may be a taxable distribution on certain holders. Please refer to the Pro Forma Singapore Tax Voucher issued by the DUT.
