

IENTOVA INFORMS ON THE FINAL INVESTMENT DECISION REGARDING THE ECA LIQUEFACTION PROJECT

Mexico City, November 17, 2020 - Infraestructura Energética Nova, S.A.B. de C.V. (“**IEnova**”) informs the market that today its affiliate ECA Liquefaction, the joint venture with Semptra LNG LLC, has made the final investment decision for the development, construction and operation of the ECA Liquefaction project in Ensenada, Baja California. The ECA Liquefaction project consists of adding the natural gas liquefaction process (transformation from the gaseous state to liquid) to the existing liquefied natural gas storage and regasification terminal of Energía Costa Azul, a subsidiary of IEnova. With an approximate investment of USD \$ 2 billion and a liquefaction capacity of approximately 3 million tons per year, ECA Liquefaction will be the first natural gas liquefaction project on the North Pacific coast.
