WFE – Wong Fong Engineering Works (1988) Pte Ltd WFA – Wong Fong Academy Pte. Ltd.

2. Competitive Strengths

### Experienced and dedicated management team

Executive Chairman, Jimmy Lew and Deputy Chairman and Managing Director, James Liew have over 50 years and 47 years of experience in the industry respectively

Assisted by our Executive Directors who are supported by our experienced and dedicated management team and employees

**Founders have almost** 

100 years of industry experience collectively

Grew from a modest vehicle servicing business to one of the leading land transport engineering companies

### Wide customer base in a broad range of industries

Broad customer base comprising more than 3,000 customers which include:

- Government agencies
- Multinational companies
- Small and medium enterprises ("SMEs")

Less susceptible to changing market conditions and fluctuations and provides stability to business and results of operations

**Defence** 

**Logistics** 

**Mobility Support** 

Waste Management

Landscaping

# Wide range of products and able to provide unique and innovative engineering solutions

Able to provide a **one-stop solution** to customers for their product and service requirements due to:

- Wide range of products ranging from equipment and components and engineering solutions
- Experience and technical capabilities

Enable us to expand and diversify our operations and product offerings in the land transport engineering industry

### A strong and proven track record in the industry

Established in the last **52 years** a reputation as one of the leading engineering specialists in Singapore through consistently providing our customers with:

- High quality products
- Innovative solutions
- Fast turnaround times

Repeat customers accounted for ~50% of our revenue for FY2016

### Strong engineering capabilities

Team of industrial designers, engineers and technicians, supported by advanced facilities and resources, are able to:

- Design
- Customise
- Fabricate
- Integrate
   a broad range of products and solutions for M.U.S.E. sectors

One of the largest service centres for truck-mounted cranes and hookloaders in Singapore

Able to **customise solutions** for military and civil defence applications

To meet the stringent requirements of our customers

\*Investors should note that all the foregoing statements, including the statements on the proposed dividends, are merely statements of our Company's present intention and shall not constitute legally binding statements in respect of its future dividends which may be subject to modification (including reduction or non-declaration thereof) at our Directors' sole and absolute discretion.

### 4. Outlook and Future Plans

### Singapore Budget 2017

- S\$80m SMEs go digital
- S\$600m International partnership coinvestment funds
- S\$700m value of public infrastructure projects brought forward to start in FY2017 & FY2018
- Top up national research funds of S\$100m
- Industry Transformation Programme of S\$1b
- Lifelong learning funds increase by S\$26m
- S\$1.4b near term business support measures

### Operating Environment

#### Construction industry supported by public sector projects

• BCA projects the total construction demand or the value of construction contracts to be awarded in 2017 to reach **between \$28.0b** and **\$35.0b**<sup>(1)</sup>

#### Weakness in O&G industry

- Impact demand for new and replacement equipment
- Excess supply of unutilised equipment

#### **Increased competition**

New market entrants' impact on equipment sales

<sup>(1)</sup> This information was extracted from a press release by the Building and Construction Authority on 6 January 2017 "Public sector construction demand is expected to increase this year" (https://www.bca.gov.sg/newsroom/others/PR Prospects2017.pdf)

### Outlook

### **Order book for Equipment Sales**

S\$27.4 million based on sales orders as at 7 February 2017

#### **Repairs and Servicing**

Expected to remain stable

### Outlook

#### Training - A key growth driver in 2017

- Training team grew from 2 to 16 in two years
- Attained Public Training Organisation status, one of few appointed
- Provides 13 accredited training courses for the infrastructure development and manufacturing sectors
- Good growth potential due to Building Capabilities for the Future Economy @ Budget 2017<sup>(1)</sup>
  - Skills training / upgrading under SkillsFuture Singapore

### Future Plans – Malaysia- CE Asia

# Future Plans - WF Myanmar

# Future Plans - WF Myanmar

# Investing in next wave of transportation industry development - Vanda Electrics

### | Delivering Growth
