MEDIA STATEMENT REGARDING FRANK LOWY AC

Late last week Frank Lowy underwent a surgical procedure to correct a complication most likely from his fall during the presentation at the A-League Grand Final in May.

The procedure was performed in Europe where he is holidaying. He is now out of hospital and he is expected to make a full and rapid recovery.

A few days prior to the surgery, Mr Lowy began to feel unwell and an examination revealed that he had a subdural haematoma which is not uncommon following trauma to the head.

Mr Lowy is now resting comfortably and following a short convalescence will return to Australia.

Frank Lowy AC is Chairman of Westfield Corporation, Scentre Group, Football Federation of Australia and the Lowy Institute for International Policy.
