## SIGNING OF NON-BINDING MEMORANDUM OF UNDERSTANDING BY SUBSIDIARY

---

The Board of Directors (the “**Board**” or “**Directors**”) of TalkMed Group Limited (the “**Company**”, together with its subsidiaries, collectively, the “**Group**”) wishes to announce that BioCell Innovations Pte. Ltd. (“**BioCell**”), a subsidiary of the Company, has signed a non-binding Memorandum of Understanding (“**MOU**”) with Thermo Fisher Scientific Pte Ltd, an affiliate of Thermo Fisher Scientific Inc.

The MOU aims to optimise a closed process for the clinical manufacturing of lentiviral-based CAR-T immunotherapies within the Asia-Pacific region. This strategic partnership brings together the expertise of BioCell in the design and manufacturing of CAR lentiviral vectors and Thermo Fisher Scientific's solutions for closed, modular cell processing, to help developers expedite their pipelines from research to clinical and commercial manufacturing.

None of the Directors, substantial shareholders or controlling shareholders of the Company has any interest, direct or indirect, in the entry into the MOU with Thermo Fisher Scientific Pte Ltd, other than through their respective shareholdings in the Company.

The Company will make the necessary announcement to update the shareholders as and when there are further material developments.
