- (a) the methods or procedures for determining the transaction prices under the IPT General Mandate have not changed since approval for the IPT General Mandate was last given; and
- (b) the methods or procedures for determining the transaction prices under the IPT General Mandate are sufficient to ensure that the transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the Company and its minority Shareholders.

If during the periodic reviews by the Audit Committee, it is of the view that the established guidelines and procedures are no longer appropriate or adequate to ensure that the Recurring IPTs (i) will be transacted on an arm’s length basis and on normal commercial terms and (ii) would not be prejudicial to the interests of the Company and its minority Shareholders, the Company will seek a fresh mandate from the Shareholders based on new guidelines and procedures.

The Directors who are independent for the purposes of the proposed renewal of the IPT General Mandate, namely Mr Xie Yu, Mr Tee Tuan Sem, Mr Diong Tai Pew, and Mr Anthony Ng Koon Leng, having considered, *inter alia*, the terms, the rationale and the benefits of the IPT General Mandate and the statement of the Audit Committee, are of the view that the IPT General Mandate, as proposed to be renewed, is in the best interests of the Company and accordingly recommend that the Independent Shareholders vote in favour of Ordinary Resolution 11, being the Ordinary Resolution relating to the proposed renewal of the IPT General Mandate, at the AGM. Mr Gu Wen Long, being a Director who is interested in relation to the proposed renewal of the IPT General Mandate, has abstained from making any recommendation on the same.

As Mr Gu Wen Long has abstained from making any recommendation in respect of Ordinary Resolution 11 as described above, he shall also decline to accept appointment as proxy for any Shareholder to vote in respect of the said Ordinary Resolution 11, unless the Shareholder concerned shall have given specific instructions in his proxy form as to the manner in which the votes are to be

2. SCOPE OF THE IPT GENERAL MANDATE

The IPT General Mandate (as defined herein) was last renewed at the AGM held on 29 June 2020, such renewal being expressed to take effect until the conclusion of the Company’s forthcoming AGM. The aforesaid mandate is for the Company to enter into recurrent IPTs (the “**Recurrent IPTs**”) of a revenue or trading nature or for those necessary for its day-to-day operations, excluding those transactions involving the purchase or sale of assets, undertakings or businesses with the Jinqiao Group (the “**IPT General Mandate**”). The IPT General Mandate covered the following transactions (the “**Mandated Transactions**”):

- (a) provision of petrochemical storage services by the Group to the Interested Persons;
- (b) provision of land transport services by the Group to the Interested Persons; and
- (c) receiving financing support in the form of borrowing of funds from the Interested Persons.

3. CLASS OF INTERESTED PERSONS

The IPT General Mandate will apply to our Group's interested person transactions that are carried out between any member of the Group, with Mr Gu Wen Long and/or his Associates, including but not limited to, Golden Hope and/or any member of the Jinqiao Group, as the case may be. The background information of Mr Gu Wen Long, Golden Hope and the Jinqiao Group is provided as follows.

(a) Mr Gu Wen Long

Mr Gu Wen Long is the Company's Executive Chairman and CEO. He is a controlling shareholder of the Company with approximately 56.08% equity interest in the Company, held through his wholly owned investment holding vehicle, Foreversun Holdings. As such, Mr Gu Wen Long is considered an Interested Person pursuant to Chapter 9 of the Listing Manual. Associates of Mr Gu Wen Long shall include any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more.

(b) Golden Hope

Golden Hope is a private limited company incorporated in the People's Republic of China. It is presently involved in the business of trading petrochemical products. As such, Jinqiao Group is an Associate of Mr Gu Wen Long, and is therefore considered an Interested Person pursuant to Chapter 9 of the Listing Manual.

4. RATIONALE FOR AND BENEFITS OF THE IPT GENERAL MANDATE

The IPTs are entered into or to be entered into by the Group in its ordinary course of business or are necessary for its day-to-day operations. They are recurring transactions which are likely to occur with some degree of frequency and arise at any time and from time to time.

The IPT General Mandate and the renewal of the IPT General Mandate on an annual basis will eliminate the need to convene separate general meetings from time to time to seek Shareholders' approval as and when potential interested person transactions with the Interested Persons arise, thereby reducing substantially, the administrative time and expenses in convening such meetings, without compromising the corporate objectives and adversely affecting the business opportunities available to the Group.

The Directors are of the view that it will be beneficial to the Group to transact or continue to transact with the Interested Persons for the above reasons.

The IPT General Mandate is intended to facilitate transactions in the Group's normal course of business which are transacted from time to time with the Interested Persons, provided that they are carried out on normal commercial terms and are not prejudicial to the Company and its minority Shareholders. Disclosure will be made in the annual report of the Company of the aggregate value of the IPTs conducted pursuant to the IPT General Mandate during the current financial year, and in the annual reports of the Company for the subsequent financial years during which an IPT General Mandate is in force.

5. REVIEW PROCEDURES FOR RECURRENT IPTS

5.1 Review Procedures for Recurrent IPTs Covered by the IPT General Mandate

To ensure that transactions with Interested Persons are made on normal commercial terms and not prejudicial to the interests of the Company and its minority Shareholders, the Company has in place the following review procedures which the relevant employees shall adhere to prior to entering into any contract or transaction with the Interested Person.

As a general rule:

- (a) the fees for the petrochemical storage services and land transport services charged to the Interested Persons shall always be consistent with that charged to unrelated third parties; and
- (b) the provision of financial support by way of the extension of borrowings by the Interested Persons should be at rates and on conditions no less favourable than those quoted by independent third party banks or financial institutions.

In particular, the following review procedures for the provision have been implemented.

A. Interested Person Transaction Management Team (the "IPT Management Team")

The Group has established an IPT Management Team comprising its VGM, its FM and its CFO. The IPT Management Team shall be responsible for the monitoring of the Mandated Transactions. The IPT Management Team shall report on matters relating to Mandated Transactions directly to the Audit Committee. The main responsibilities of the IPT Management Team are as follows:

- (a) reviewing, evaluating and approving all proposed contracts that are to be entered into with the Interested Persons, in accordance with guidelines and procedures established by the Group. Any significant deviation from the established guidelines and procedures will require the Audit Committee's approval;
- (b) monitoring the services provided by the Group to the Interested Persons; in particular material procedures will include reviewing the independent third party inspection reports provided by the Group's storage department and the account receivable statements provided by the Group's finance department regularly; and
- (c) reviewing the records in relation to the Mandated Transactions to ensure that the transactions are made on normal commercial terms and not prejudicial to the interests of the Company and its minority Shareholders. The IPT Management Team shall keep a record of the date, terms and basis for entering into the contracts as well as all relevant records or documents such as the contracts, third party shipping documents, ship-in certification (referred to below), electronic dipstick records and confirmations of receipt of goods from end customers, and

these records will be reviewed by the Audit Committee periodically to ensure that the contracts are entered into validly in accordance with the guidelines and procedures established, including the reasonableness of the duration, terms and basis of the contracts.

B. Guidelines and Procedures for the Provision of Petrochemical Storage Services and Land Transport Services to the Interested Persons

The head of the Company's Sales Department (or, in his absence, other employee of the Group of an equivalent designation), who should have no interest, direct or indirect, in the Mandated Transactions, and who is familiar with the terms and complexity of contracts or transactions of similar nature to that of the Mandated Transactions shall review such transactions for the provision of services to the Interested Persons, in compliance with the following review procedures:

- (a) All contracts entered into or transactions with the Interested Persons are to be carried out either:
 - (i) within the price ranges stated in the price list for all customers updated on a half-yearly basis and approved by the VGM (the "**Approved Price List**"); or
 - (ii) at prices and terms not more favourable to the Interested Persons than that being offered to other unrelated third party customers within the last three months, generally having regards to the type, quantity and quality, and route of the petrochemical products being stored or transported ("**Similar Transactions**").
- (b) In respect of a transaction carried out in accordance with (a)(ii) above, at least two Similar Transactions shall be used for comparison. In addition, when reviewing the prices and terms, all pertinent factors, including but not limited to specifications and requirements, duration and volume of contracts, credit terms and track record of the counterparty will be taken into consideration.
- (c) In the event that there is no similar service in the Approved Price List or Similar Transactions within the last three months, the pricing for such services to be provided to Interested Persons shall be determined in accordance with usual business practices and pricing policies and consistent with the usual margins and/or terms to be obtained for the same or substantially similar types of transactions. Pertinent factors to be considered for pricing include but are not limited to the competitive environment, the ability to fulfil the contract, availability of resources and capacity, availability of alternative potential contracts with unrelated third parties, and the Group's ability to optimise operational efficiency.

The purpose of the aforesaid procedures is to ensure that the relevant transaction is made on normal commercial terms and not prejudicial to the interests of the Company and its minority Shareholders.

C. Guidelines and Procedures for receiving financing support in the form of borrowing of funds from the Interested Persons

In relation to the intended borrowings by the Group from the Interested Persons, the Company shall obtain market interest rates or quotations for commercial loans for an equivalent amount and on similar terms from independent third party banks or financial institutions to ensure that the price and terms of the loan from Interested Persons are not less favourable than any similar loans being offered to the Group contemporaneous in time by other unrelated parties.

In considering whether the terms of the loan from Interested Persons are in the interest of the Company, factors which will be taken into consideration by the Company include, but are not limited to, the principal amount and duration of the loan, any guarantee or security required for the loan, the penalty for early repayment and any restrictive covenants of the loan.

5.2 Approval Limits for Mandated Transactions

In addition, the following review and approval procedures shall be implemented for the Mandated Transactions:

Value of Transaction ⁽¹⁾		Approved by ⁽²⁾
1.	Less than or equal to RMB3 million	VGM + FM
2.	More than RMB3 million but less than or equal to RMB5 million	VGM + CFO
3.	More than RMB5 million but less than 3% of the latest audited net tangible assets (“NTA”) of the Group	VGM + CFO + an Audit Committee member
4.	Equal to or more than 3% of the latest audited NTA of the Group, or any amount for a new contract, the contractual term of which is longer than 12 months	Audit Committee

Notes:

- (1) For the avoidance of doubt, in terms of provision of loans to the Group by the Interested Persons, the value of the transaction is the amount at risk to the Group, i.e., the interest imposed by the loans.
- (2) If any person specified above is absent or not approachable, the transaction will be reviewed and approved by a person of the next highest authority or a director of the Company who does not have any interest in the transaction.

If any person specified above has an interest in a Mandated Transaction to be reviewed and approved by him, he will abstain from any decision making in respect of that transaction, and such transaction will be reviewed and approved by a person of the next highest seniority or a director of the Company who does not have any interest in that transaction.

The Audit Committee may, in the review of the Mandated Transactions included in the above categories, require the IPT Management Team to provide (to the extent that it is commercially practicable and appropriate) statistics (including historical and projected price trends or information) and market information and, if available, advice from experts on such matters.

6. MANDATED TRANSACTIONS REGISTER AND PERIODIC REVIEW

The head of the Company’s Sales Department is required to inform the IPT Management Team of any significant upcoming transactions with Interested Persons so that the review procedures for the Mandated Transactions can be complied with.

The IPT Management Team shall ensure that a register of all transactions carried out with Interested Persons is properly maintained (“**Mandated Transactions Register**”), and that such Mandated Transactions Register contains accurate, complete and up-to-date information. Where applicable, the Mandated Transactions Register shall record information including but not limited to a record of the

dates, prices, terms and basis for entering into the contracts with the Interested Persons and the approval or review by the IPT Management Team, as well as all relevant records or documentations such as the original contracts, the accompanying third party shipping documents (such as the bills-of-lading and insurance documents), ship-in certification for each batch of petrochemicals shipped-in by the Interested Persons, electronic dipstick records and confirmations of receipt of goods from the unrelated end customers. These records will be reviewed by the Audit Committee periodically to ensure that transactions with Interested Persons are made on normal commercial terms and not prejudicial to the interests of the Company and its minority Shareholders.

The IPT Management Team shall update the Audit Committee of the Mandated Transactions entered into during the preceding quarter for their review on a quarterly basis (or whenever deemed necessary by the Audit Committee). The Audit Committee shall review such Mandated Transactions during its quarterly meetings except for those Mandated Transactions where the Audit Committee's approvals have been obtained in advance pursuant to the review procedures.

In addition, the annual internal audit plan shall include a section on review of all the Mandated Transactions. Such internal audit plan is subject to the approval of the Audit Committee and the Board. The scope of the internal audit, to be carried out periodically, shall include the review and examination of the internal controls and established review procedures for the monitoring of such Mandated Transactions to ensure that the relevant approvals have been obtained and the review procedures in respect of such transactions have been complied with and are adequate. The Internal Auditors shall report directly to the Audit Committee.

If the Audit Committee is of the view that the internal controls and review procedures for the Mandated Transactions are inappropriate or insufficient to ensure that the Mandated Transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Group and its minority Shareholders, the Audit Committee will (pursuant to Rule 920(1)(b)(iv) and (vii) of the Listing Manual) require the Company to, and the Company shall, seek a fresh shareholders' mandate based on new internal controls and review procedures for transactions with Interested Persons. All Mandated Transactions shall be reviewed and approved by the IPT Management Team prior to entry while a fresh mandate is being sought from Shareholders.

For the purposes of the above review of the internal audit plan, any of the Directors or a member of the Audit Committee who has an interest, direct or indirect in the Mandated Transactions, will abstain from participating in the review of the internal audit plan.

The Board will also ensure that all disclosure, approval and other requirements with respect to the Mandated Transactions, including those required by prevailing legislation, the Listing Manual and relevant accounting standards, are complied with.
