CORPORATE REPORTS	13

CHAIRMAN'S **STATEMENT**

Dear Shareholders,

The Group is pleased to present the annual report for the full year ended 31 December 2020 ("**FY2020**").

FY2020 has been an extraordinary year marked by the challenges of the COVID-19 pandemic that ravaged the global economy and upended life as we know it. New norms were adopted as we continue to operate against all odds during this critical period, implementing measures to comply with government regulations to curb the pandemic.

In spite of all the challenges, we have emerged stronger with sound fundamentals that have helped us weather these difficult times.

FINANCIAL REVIEW FY2020

In FY2020, Group revenue rose 5.0% to S\$303.1 million against S\$288.6 million in FY2019.

In line with higher revenue, the Group recorded a 24.7% increase in gross profit to S\$64.3 million in FY2020 as led by a higher margin achieved from rationalising our production workflow, reduction in raw material costs and increased of sales volumes.

Meanwhile, other income gained by S\$0.8 million against the previous year due to the COVID-19 government grants and finance income.

General and administrative expenses increased by \$\$0.9 million mainly due to higher provision made for Senior Management incentives bonus in view of higher profit before tax achieved for the year in review. Other expenses rose by \$\$1.4 million mainly due to net foreign exchange loss of \$\$1.0 million and a net loss on disposal of property, plant and equipment, while finance costs dipped by \$\$0.5 million mainly due to lower borrowings during FY2020 as compared to FY2019.

Taking into account the above factors, the net profit attributable to owners of the Company soared by 61.4% in the reporting year as compared to the year before. Consequently, net asset value per ordinary share had increased from \$\$0.85 as at 31 December 2019 to \$\$1.02 as at 31 December 2020.

The Group remained vigilant over its credit exposure, exercising prudent cost controls as we conserved cash to mitigate against potential risks posed by the pandemic. As a result, the Group maintained a healthy cash position with cash and cash equivalents excluding bank balances pledged as security standing at S\$60.4 million as at 31 December 2020, translating to an increase of S\$17.8 million as compared to the same period last year.

KEY DEVELOPMENTS

In FY2020, our business operations revolved around the evolving COVID-19 situation. In compliance to the government's pandemic-related regulations, we took all necessary precautionary measures to safeguard the health and safety of our employees, including enforcing safe distancing measures, regular temperature screening, use of masks, and providing IT infrastructure to enable split team and work from home arrangements.

During the COVID-19 pandemic, we took steps to further strengthen our business continuity plan ("**BCP**") to ensure continuity of operations in times of crisis and mitigate business risks by extending the scope of our BCP to cover all key processes. We focused on initiatives through re-establishing adequate inventory level and expanding our raw material sources to alleviate supply chain disruption impact. Furthermore, we engaged internal auditors to perform an internal audit on our business continuity management process to review the adequacy and compliance of the BCP.

One of our core focuses is to diversify our raw material sources in order to ensure sufficient paper stock at reasonable costs. Our China segment increased the proportion of paper sources via import in FY2020, so as to ensure the sustainability of our raw material sources and to minimize risk of disruption from our supply chain.

Where our operations were concerned, we also continue to invest in machineries through purchasing new advance technology and upgrading existing ones to raise productivity and quality, as well as accord higher flexibility in production scheduling. Automation also helped to reduce our reliance on manpower, providing a solution to our staff recruitment challenge. With our continual automation strategy in place, we managed to increase our output with higher usage as we reaped greater total sales volume (sqm) on existing production facilities.

SINGAPORE OPERATIONS

In the year under review, total sales volume (sqm) of Singapore's operations climbed by 2.2%. However, total revenue achieved by the Singapore entities dipped by 1.9% to S\$46.0 million mainly due to reduced sales of trading products as compared to FY2019.

During the year, a circuit break period was implemented from 7 April 2020 to 1 June 2020 to curb the COVID-19 spread, and many businesses were being affected as they were forced to temporarily suspend operations. Our Singapore's operations were able to continue operating to support our customers as the authorities approved our business classification as being part of the essential services.

Notwithstanding the pandemic, we managed to increase our production output with higher usage on existing production facilities, deriving cost savings from lower production cost per unit through the continuous improvement efforts.

CHAIRMAN'S STATEMENT

CHINA OPERATIONS

The Chinese government has extended holiday break of Chinese New Year in order to curb the spread of COVID-19 during the beginning of 2020. As such, our China operations have gradually resumed production since February 2020 and most of our China customers resuming business operations by April 2020.

Despite a very challenging environment, total revenue of our China operations surged by 6.3% to S\$257.1 million driven by higher sales volume (sqm) that hiked by 4.8% and partially attributed to the strengthening of Renminbi against the Singapore Dollar as compared to FY2019.

Pushing on with our plan to raise productivity and to achieve greater customer satisfaction with improve product quality, our Suzhou plant's corrugator line was equipped with new cut-off machines.

Concurrently, our Hefei plant has made two major investments. A high-speed, five-colour flexo printer slotter rotary die-cutter and stacker, and a printer with advanced technology that enhance our ability to meet the rising demands from our customers.

Separately in Tianjin, we purchased an automatic die-cutter machine, while at Nantong where our plant is the largest corrugated packaging factory, we anticipate development to gain pace and benefit from the shift of manufacturing plants from Shanghai and Suzhou towards Nantong area.

DIVIDEND ANNOUNCEMENT

To show our appreciation for our shareholders' support, the Board is pleased to propose a final tax-exempt dividend of S\$0.01 per ordinary share and a special tax-exempt dividend of S\$0.01 per ordinary share, which is subject to shareholders' approval at the forthcoming Annual General Meeting ("**AGM**"). If approved, the total dividends declared by the Group for FY2020 will be S\$0.03 per ordinary share, taking into account an interim dividend of S\$0.01 per ordinary share that had been paid on 28 September 2020.

CORPORATE SOCIAL RESPONSIBILITY EFFORTS

We are a socially responsible company that does not only focus on economic performance, but also commit to advancing meaningful social causes.

In this aspect, we modified our operational procedures to adapt to the new norms stipulated by the local governments as part of the pandemic control framework. During the year, we placed emphasis on promoting and adhering to stringent occupational safety and health standards to safeguard our employees. Besides promptly implementing all necessary precautionary measures to comply with government directives, we also keep our employees informed of any new changes or requirements to ensure business continuity.

During the year, we also donated to a few causes that we strongly believe in. These included sponsoring our employees to participate in the virtual run organized by the Singapore Cancer Society, and making a cash donation to the Community Chest to support their COVID-19 Courage Fund, doing our part to lend a hand to the vulnerable group of people who are affected by the pandemic.

Additionally, we have always been passionate about contributing towards the advancement of education to provide a platform that inspires and motivates students to do better. Towards this end, we sponsored a scholarship to Republic Polytechnic Education Fund in 2020.

Where waste management was concerned, our Hefei plant adopted a two-stage activated carbon absorption process, which helps to treat the waste gases that originated from the volatile organic compounds, allowing exhaust gas treatment facilities to conform with the national emission standards.

Our Suzhou plant also upgraded the wastewater treatment facilities with the installation of automatic dosing device and automatic mud pump in order to facilitate the wastewater treatment. In addition, the sewerage pipelines have been upgraded to prevent the wastewater pollution from water leakage and mitigate the risk of non-compliance.

AWARDS OF COMMENDATION

Our Singapore subsidiary is proud to be conferred the National Trades Union Congress May Day Award 2020 presented by the Building Construction And Timber Industries Employees' Union in recognition of the good work that we have done in helping workers achieve the 3Ws (better wages, better welfare and better work prospects) in the workplace.

As testament to the Group's product quality and operational capabilities, our Hefei plant has been handed the Unilever Outstanding Contribution Award and Quality Excellence Award for 2 consecutive years since 2019.

Furthermore, our Suzhou plant has successfully renewed its High and New Technology Enterprise for another 3 years from 2020 to 2022.

FUTURE PROSPECTS

According to the Singapore Ministry of Trade and Industry ("**MTI**"), Singapore's GDP contracted 5.4% in 2020, an improvement from the projection of -6.5% to -6% made in November 2020.

With Singapore moving to the Phase Three of its COVID-19 Circuit Breaker for safe re-opening, the local economy begins to track a gradual recovery path against the backdrop of low COVID-19 cases and vaccination programme rollout in the country. MTI maintains its 2021 GDP growth forecast at between 4.0% to 6.0%.

Nevertheless, Singapore's economic recovery remains dependent on the global vaccine development and progress, as well as the global containment of the pandemic.

Meanwhile, China's economy picked up its speed in the fourth quarter, with growth beating expectations at a year-on-year expansion of 6.5% according to the National Bureau of Statistics. It ended a rough pandemic-hit 2020 with full-year GDP growth standing at 2.3%, making China the only major economy in the world to avoid a contraction last year as many nations struggled to contain the COVID-19 pandemic.

Given that the ongoing pandemic continues to weigh down the global economy in the face of infection resurgence and variant strains emergence, the Group remains vigilant over our credit exposure and maintains a healthy financial position.

We will adjust our customers' credit limit, when necessary, to mitigate our credit risk. Besides this, we have been proactively controlling our costs and conserving our cash as a precaution against any potential adverse impacts posed by the pandemic.

The Chinese government banned all imports of solid waste including waste paper with effect from 1 January 2021, leading to a shortage on supply of waste paper, which gave rise to further inflating prices of paper material. In view of this development, we will continue to expand our raw material network sources in order to ensure sufficient paper stock at reasonable costs.

As part of our long-term growth strategy, we will continue to implement enhancement strategies to boost our operational efficiency and productivity. Towards this end, we will explore new sales opportunities from potential customers. To achieve this, we are working closely with our customers to fulfil their existing and new requirements, while growing alongside with them for any future build-up in demand.

Moving forward, we will continue to invest in machinery upgrades and in process material handling system to automate our production processes and enhance production efficiency, which also allow greater flexibility in production scheduling. Automation not only helps to increase our productivity, but also provides a solution to ease our labour crunch. We will continue to invest in training and skill development for our employees as well.

IN APPRECIATION

I would like to take this opportunity to express my appreciation for Dr Allan Yap and Mr Kong WeiLi who have stepped down as Director. We are grateful for their contributions to the Group during the past years. At the same time, I would like to thank the Board for their confidence in me on my new appointment as Non-Executive Chairman and Independent Director of the Group. I look forward to working closely with everyone and contributing towards the Group.

On behalf of the Board, I would like to extend our gratitude to our management team and staff for their hard work and perseverance during this difficult period. I would also like to thank our Board of Directors, valued shareholders, business associates and customers for supporting and believing in us throughout the year. We will strive to keep up with our strong performance to create greater value for all our stakeholders in the course of our journey.

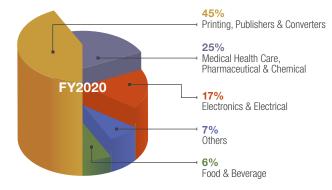

Lien Kait Long Non-Executive Chairman

Tat Seng Packaging Group Ltd (the "**Company**") and its subsidiaries (collectively referred to as the "**Group**") are committed to setting and maintaining high standards of corporate governance as well as promoting corporate transparency by adhering closely to the principles and guidelines set out in the Code of Corporate Governance 2018 ("**2018 Code**") which was revised on 6 August 2018 and accompanying the Practice Guidance.

This Statement describes the practices the Company has adopted and undertaken with respect to each of the principles and guidelines and the extent of its compliance with the 2018 Code and should be read as a whole, instead of being read separately under the different principles of the 2018 Code. The Company has complied in all material aspects with the principles and guidelines set out in the 2018 Code and any deviations are explained in this report.

BOARD MATTERS

The Board's Conduct of Affairs

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company.

The Company is headed by an effective Board, comprising individuals with diversified backgrounds and who collectively bring with them a wide range of experience, to lead and control the Group. The Board is responsible for the overall management and success of the Group. The primary role of the Board is to oversee the Group's business performance and affairs, and to protect and enhance long-term shareholders' and stakeholders' values. To fulfil this, apart from its statutory responsibilities, the Board performs the following roles and functions:

- providing entrepreneurial leadership, setting strategic directions and objectives of the Group;
- approving major funding proposals, investment and divestment proposals of the Group;
- reviewing the performance of management by establishing management's goals and monitoring the achievement of such goals;
- reviewing and endorsing the remuneration framework as may be recommended by the Remuneration Committee;
- supervising management in ensuring that the Company has the necessary resources to meet its goals and establish a framework of prudent and effective controls to assess and manage risks;
- overseeing the processes of risk management, financial reporting and compliance and evaluating the adequacy of internal controls;
- considering sustainability issues, such as environmental and social factors, as and when necessary, as part of its strategic formulation; and
- assuming the responsibilities for corporate governance.

Fiduciaries: All Directors discharge their duties and responsibilities objectively at all times as fiduciaries in the interests of the Company. The Board puts in place a code of conduct and ethics, and also sets the tone for the Company in respect of ethics, values and desired organisational culture, and ensure proper accountability within the Group. The Board has clear policies and procedures for dealing with conflict of interest. Where the Director faces conflict of interest, he or she would rescue himself or herself from discussions and decisions involving the issues of conflict.

Induction, Training and Development: The Directors are provided with extensive background information about the Group's history, mission, values and business operations. The Nominating Committee ("**NC**") ensures that all Directors are equipped with the appropriate skills and relevant industry knowledge to perform the roles on the Board and Board Committee effectively. The Directors have the opportunity to visit the Group's operations facilities and meet with Management for further explanations, briefings or discussions on key aspects, to gain insight for a better understanding of the Group's business and operations.

The Directors and key management personnel of the Company are encouraged to attend relevant training programmes, courses, conferences and seminars on new laws, regulations and updates on commercial areas conducted by relevant professional organisation from time to time. Changes to regulations and accounting standards are monitored closely by the Management. In order to keep pace with such laws and regulatory changes, the Company will provide and fund the appropriate trainings and development programmes for the Directors and/or key management personnel of the Company, where relevant. Directors are updated periodically on industry trends and development of sustainability issues, relevant laws, regulations, accounting standards and changing business risks during Board meetings/Board Committees meetings or at specifically-convened sessions to enable them to properly discharge their duties effectively.

During the financial year, the Board has been briefed by the Company's external consultant on the compliance and disclosure requirements of Sustainability Reporting prescribed by the Singapore Exchange Securities Trading Limited (the **"SGX-ST**") and the revision to the Listing Rules of the SGX-ST and accounting standards.

Newly appointed Directors are briefed on the business and organizational structure of the Group and its strategic directions and are encouraged to go for site visits of the Group's operating units to familiarise themselves with the Group's business practices.

Matters reserved for the Board: The Directors have identified a few areas for which the Board has direct responsibility for decision making (which are embodied in its internal guidelines) such as the following:

- approval of annual budgets and financial plans of the Group;
- approval of annual and half yearly results announcements;
- approval of annual report and financial statements;
- declaration of interim dividends and proposal of final dividends;
- convening of shareholders' meetings;
- approval of corporate strategy;
- authorisation of major transactions;
- approval of changes to the composition to the Board and Board Committees;
- investments and divestments decisions including the Group's capital commitments; and
- commitments to term loans and lines of credit from banks and financial institutions by the Company.

While matters relating in particular to the Company's objectives, strategies and policies require the Board's direction and approval, Management is responsible for the day-to-day operation and administration of the Company in accordance with the objectives, strategies and policies set by the Board.

Board Committees: To ensure that specific issues are subject to considerations and review before the Board makes its decision, the Board has established a number of Board Committees to assist the Board in carrying out more effectively its oversight function. These Board Committees consist of Audit Committee ("**AC**"), Nominating Committee ("**NC**"), Remuneration Committee ("**RC**") and Risk Management Committee ("**RMC**") (collectively the "**Board Committees**").

During the financial year 2020 ("FY2020"), the composition of the Board Committees are as follows:

Directors	Audit Committee	Nominating Committee	Remuneration Committee	Risk Management Committee
Lien Kait Long	Chairman	Member	Member	Chairman
Chen Seow Phun, John ("John Chen")	Member	Chairman	Chairman	_
Kong WeiLi*	Member	Member	Member	Member
Siu Wai Kam	Member	Member	Member	Member
Goh Yang Jun, Jasper	Member	Member	Member	Member
Loh See Moon	-	-	-	Member
Cheong Poh Hua	-	-	-	Member

* Resigned on 18 February 2021

These Board Committees function within clear Board-approved written terms of reference. Such terms of reference will be reviewed by the Board and Board Committees on a regular basis to ensure their continued relevance and to enhance the effectiveness of these Board Committees. The minutes of all Board and Board Committees meetings which provide a fair and accurate record of the discussion and key deliberations and decisions taken during the meetings, are circulated and available to the Board and Board Committees. The Chairman of each of the Board Committees reports to the Board the outcome of the Board Committees meetings.

The compositions, authorities, roles and responsibilities of these Board Committees are set out in the subsequent sections of this Statement.

Meetings: The attendance of the Directors by electronic means at scheduled meetings of the Board and Board Committees during financial year 2020 is disclosed below:

		Board Committees					
	Board	Audit	Nominating	Remuneration	Risk Management

Kong WeiLi ⁽²⁾	2	2	1	1	1		
Siu Wai Kam	2	2	1	1	1		
Goh Yang Jun, Jasper	2	2	1	1	1		

* Attendance by invitation of the relevant committee

Notes:

- (1) Resigned as Executive Chairman and Director on 23 September 2020
- (2) Resigned as Independent Director on 18 February 2021

The schedules of the Board and Board Committees meetings are given to all Directors well in advance. The Board meets at least two (2) times in a year. Besides the scheduled half yearly Board meetings, the Board also meets on an ad-hoc basis as warranted by circumstances. Board meetings will be convened when they are deemed necessary, to review the Group's business operations, conduct strategic review of the business affairs and address other specific significant matters that arise.

The Constitution of the Company provides for the convening of the Board meetings by way of telephonic, teleconferencing or other similar means of electronic communication. The Board also approves material and/or significant transactions by way of written resolutions which are circulated to the Directors together with all relevant and supporting information.

The agendas for meetings during FY2020 were prepared in consultation with the Executive Chairman and/or Managing Director/Chief Executive Officer, the Executive Director and/or the Chairman of the respective Board Committee. The agendas and meeting materials are circulated in advance of the scheduled meetings to the members of the Board and/or Board Committees and on-going basis to enable the Directors to make informed decisions and discharge their duties and responsibilities.

The Directors were appointed based on their experience, stature and potential to contribute to the proper guidance of the Group and its businesses. As such, we believe that each individual Director's contributions can be reflected in ways other than the reporting of attendances at Board meetings and/or Board Committees meetings.

Despite some of the Directors having multiple Board representations, the NC has reviewed the Directorships of the Directors and is satisfied that these Directors are able to and have adequately carried out their duties as Directors of the Company after taking into consideration the number of listed company Board representations and other principal commitments of these Directors. The NC and the Board agreed that as a guide, the maximum number of the listed company Board representations which any Independent Director may hold should not exceed ten (10), and both the NC and the Board will review and determine the maximum number of listed company Board representations as and when they deem appropriate.

Board Information: Management provides the Board and Board Committees with relevant, complete, adequate and timely information relating to matters to be brought before the Board and Board Committees, prior to Board and Board Committee meetings. Management has put in place a procedure for papers to be circulated to the Board and Board Committee or to be submitted at Board and Board Committee meetings.

To give Directors sufficient time to prepare for Board and Board Committee meetings, the agenda, papers and presentation slides are usually circulated to them electronically in advance before the relevant meetings. Directors can access these materials via their personal computers or laptops prior to, during and after meetings. Hard copies of these materials are also distributed to the Directors. Management provides the Board with explanation and information as the Board may require, to enable the Board to make a balanced and informed assessment of the Group's performance, position and prospects. This is to give Directors sufficient time to review and consider the matters to be discussed so that it can be meaningful and productive. The Board is also apprised of any significant developments on business initiatives, industry developments and regulatory updates.

A presentation is made to the Directors at the Board meeting on budgets, forecasts and variances. In respect of budgets, any material variance between the projections and actual results would be disclosed and explained during the meeting. Directors are also informed of any significant developments or events relating to the Group. Occasionally, external consultants engaged on specific projects may also be invited to brief the Board. The Board and Board Committees have unfettered access to information which the Company is in possession of or has access to, for the purpose of carrying out their responsibilities. However, sensitive matters may be table at the meeting itself or discussed without any papers being distributed.

The Management ensures that any information or materials requested by the Directors to make informed decisions will be provided in a timely manner.

Board's access: The Directors have separate and independent access to the advice and services of the Management, Joint Company Secretaries, the key management personnel and external advisers (where necessary) at the Company's expense at all times. Further, there is no restriction of access to the key management personnel when the Directors have to carry out their duties. As a matter of good corporate governance practice, the role of the Joint Company Secretaries has been clearly defined.

The Joint Company Secretaries attend to corporate secretarial administration matters. They assist the Board and Management in implementing and strengthening corporate governance policies and procedures. The Joint Company Secretaries ensure that Board procedures are properly followed. They prepare the agenda for Board and Board Committee meetings in consultation with the Executive Chairman (up till 23 September 2020) and/or Deputy Non-Executive Chairman, the respective Board Committee Chairman and the Executive Directors, and attended Board and Board Committee meetings during 2020. The appointment and removal of the Joint Company Secretaries are subject to the Board's approval.

The Directors, whether as a group or individually, may seek and obtain independent professional advice in the furtherance of their duties, the expenses of which are borne by the Company.

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

During the financial year, the NC has reviewed the Board structure, size and composition of the Company. As of the date of this Statement, the Board of the Company consists of seven (7) members comprising the Independent Non-Executive Chairman, Managing Director/Chief Executive Officer ("**CEO**"), two (2) Executive Directors and three (3) Non-Executive and Independent Directors which is set out as follows:

Name of Director	Functions	Date of First Appointment as Director	Date of last re-election as Director	Present Directorships in other listed companies	Past Directorships in listed companies held over the preceding three years
Lien Kait Long	 Non-Executive Chairman and Independent Director Chairman of Audit and Risk Management Committees Member of Nominating and Remuneration Committees 	24 Nov 2005	26 April 2019	 China Enterprises Limited (Director) Asia-Pacific Strategic Investments Limited (Independent Director) Falcon Energy Group Limited (Lead Independent Director, Chairman of the Audit Committee) 	 Viking Offshore and Marine Limited (Independent Director) Pacific Healthcare Holdings Ltd (Non-Independent Non-Executive Director) &Telecom International Holdings Co., Ltd (Lead Independent Director) Hanwell Holdings Limited (Lead Independent Director) IPC Corporation Limited (Independent Director) Renewable Energy Asia Group Limited

(Independent Director)

Name of Director	Functions	Date of First Appointment as Director	Date of last re-election as Director	Present Directorships in other listed companies	Past Directorships in listed companies held over the preceding three years
John Chen	 Deputy Non-Executive Chairman and Independent Director Chairman of Nominating and Remuneration Committees Member of Audit Committee 	21 Nov 2005	20 Apr 2018	 Fu Yu Corporation Limited (Non-Executive Chairman and Independent Director) Hiap Seng Engineering Ltd (Independent Director) Hong Lai Huat Group Limited (Formally known as HLH Group Limited) (Independent Director) Matex International Limited (Non-Executive Chairman and Independent Director) OKP Holdings Limited (Lead Independent Director) Pavillon Holdings Ltd (Executive Chairman) Hanwell Holdings Limited (Deputy Chairman, Non-Executive and Independent Director) 	_
Loh See Moon	 Managing Director/CEO Member of Risk Management Committee 	Date of appointment as Director: 22 Dec 1977 Date of appointment as Managing Director/CEO: 21 Nov 2005	18 June 2020	_	-
Tang Cheuk Chee	Executive Director	01 Oct 2011	20 April 2018	Hanwell Holdings Limited (Executive Director)	-

Goh Yang Jun, Jasper	 Non-Executive and Independent Director Member of Audit, Nominating, Remuneration and Risk Management Committees 	1 March 2019	26 April 2019	Hanwell Holdings Limited (Non-Executive and Independent Director)	-

Profiles of the Directors are found in the "Board of Directors" section of the Annual Report.

Board Independence: The Board assesses the independence of each Director in accordance with the guidance provided in the 2018 Code. The criteria for independence are based on the definition given in Provision 2.1 of the 2018 Code. During FY2020, the Board has five (5) Non-Executive and Independent Directors whose independence has been reviewed by the NC.

The NC reviews annually, and as and when circumstances require, if a Director is independent. Each Independent Director is required to complete a Director's Independence Checklist annually to confirm his independence based on the Listing Rules of the SGX-ST, Principles and Provisions as set out in the 2018 Code.

Currently, the Board consists of seven (7) Directors, four (4) of whom are Non-Executive and Independent Directors, which represent more than half of the Board, the Company is in compliance of Provision 2.2 and 2.3 of the 2018 Code. There is no individual or small group of individuals that dominate the Board's decision-making process and matters requiring the Board's approval are discussed and deliberated with participation from each member of the Board. The Board recognised the need to embrace tenets of good corporate governance that includes refreshing the composition of the Board by appointing additional independent directors. The Company believes that such efforts are more likely to engender investor confidence and in achieving long term sustainable business performance. All major decisions are based on collective decisions of the Board.

Save for Dr John Chen and Mr Lien Kait Long ("**Mr Lien**") (who have served on the Board beyond nine (9) years), none of the Independent Director has served on the Board beyond nine years from the date of his appointment. Notwithstanding that Dr John Chen and Mr Lien have served the Board beyond nine (9) years, the NC, with the concurrence of the Board, is satisfied that Dr John Chen and Mr Lien have been able to objectively guide and oversee the Management of the Group, provide the check and balance and exercise an independent business judgement to the best interests of the Group. Dr John Chen and Mr Lien had abstained from the discussions pertaining to the review of their independence and abstained from voting on any resolution in relation to their independence.

Dr John Chen and Mr Lien, Directors who are retiring pursuant to Regulation 91 of the Company's Constitution are offering themselves for re-election. Contingent upon the passing of Ordinary Resolutions 5 and 8 as set out in the Notice of the forthcoming Annual General Meeting ("**AGM**") and pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST which will take effect from 1 January 2022, Shareholders' approval will be sought for the continued appointment of Dr John Chen and Mr Lien as independent directors, and that upon due approval, the approval shall remain in force until the earlier of: (a) the retirement or resignation of the Director; or (b) the conclusion of the third AGM from the aforesaid approval.

Dr John Chen will, upon re-election as a Director of the Company, remain as the Deputy Non-Executive Chairman and Independent Director of the Company, Chairman of the Remuneration Committee and Nominating Committee, and a member of the Audit Committee and will be considered independent for the purpose of Rule 704(8) of the Listing Manual of the SGX-ST. Mr Lien will, upon re-election as a Director of the Company, remain as the Non-Executive Chairman and Independent Director of the Company, Chairman of the Audit Committee and Risk Management Committee and member of the Nominating Committee and Remuneration Committee and will be considered independent for the purpose of Rule 704(8) of the Listing Manual of the SGX-ST. There are no relationships (including immediate family relationships) between Dr John Chen, Mr Lien and the other Directors of the Company, the Company, its related corporations, its substantial shareholders or its officers, which may affect their independence. Pursuant to Rule 210(5) (d)(iii) of the Listing Manual of the SGX-ST which will take effect from 1 January 2022, Dr John Chen and Mr Lien, having served on the Board beyond nine (9) years from the date of their first appointment, will not be considered as Independent Directors on 1 January 2022 unless their appointment as Independent Directors are approved in separate resolutions by (A) all Shareholders and (B) Shareholders, excluding the directors, the chief executive officer and their associates. The Company is seeking at this AGM to obtain the required approval in separate resolutions by (A) by all Shareholders and (B) Shareholders, excluding the directors, the chief executive officer and their associates prior to 1 January 2022 as required for their continued appointments as Independent Directors. Ordinary Resolutions 5, 6, 8 and 9 if passed, will enable Dr John Chen and Mr Lien to continue their appointments as Independent Directors (unless the appointments have been changed subsequent to the AGM) pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST and to Provisions 2.1 of the 2018 Code and the approvals shall remain in force until the earlier of (a) his retirement or resignation; or (b) the conclusion of the third AGM of the Company from the aforesaid approvals. Resolution 6 is conditional upon Resolution 5 being duly approved and Resolution 9 is conditional upon Resolution 8 being duly approved, else the aforesaid directors will be designated as Non-Independent Director with effect from the date of the AGM.

Similarly, the NC has reviewed the independence status of the Independent Directors during FY2020, and is satisfied that Mr Kong WeiLi ("**Mr Kong**"), Mr Siu Wai Kam ("**Mr Siu**") and Mr Goh Yang Jun, Jasper ("**Mr Jasper Goh**") are independent in accordance with Provision 2.1 of the 2018 Code and Rule 210(5)(d) of the Listing Rules of SGX-ST. Each NC member has abstained from voting on any resolution in relation to his independence. As at the date of this Statement, Mr Kong has tendered his resignation with effect from 18 February 2021.

Independent Directors: As at the date of this Statement, the composition of the Board complies with Provision 2.2 of the 2018 Code as Independent Non-Executive Directors make up a majority of the Board.

Non-Executive Directors: The NC is of the view that given that there is a majority number of directors who are nonexecutive and independent of management in terms of character and judgement, objectivity on issues deliberated is assured. The current Board composition complies with Provision 2.3 of the 2018 Code where Non-Executive Directors make up a majority of the Board.

Matters requiring the Board's approval are discussed and deliberated with participation from each member of the Board and all major decisions are made collectively.

Board size: The size and composition of the Board is reviewed on annual basis by the NC to ensure that the Board has the appropriate mix of expertise and experience to enable Management to benefit from a diverse perspective of issues that are brought before the Board. The Board also regularly examines its size and, with a view to determining the impact of its number upon effectiveness, decides on what is considered an appropriate size for itself taking into account the scope and nature of the Company's operation.

Board diversity: The Board consists of directors with diverse expertise and experience in business management, accounting, banking and financial, IT, engineering, mathematics, economics and industry knowledge. They are capable of exercising objective judgment on the corporate affairs of the Company independent of Management. In concurrence with the NC, the Board is of the view that the current seven-member Board has the appropriate structure, size, diversity and composition to provide effective guidance and make decisions in the best interests of the Group. The Board has -two (2) female Executive Director in recognition of the importance of gender diversity. In terms of age diversity, the composition of the board comprises directors from different age group. The current Board composition reflects a diversity of gender, age, skills and knowledge.

The Board has adopted a Board Diversity Policy on 8 November 2019 to assist the NC and the Board in identifying prospective candidates for Directorship that meet the criteria as determined by the NC and that support the diversity's objectives ("**Board Diversity Policy**").

The Company recognizes that an effective board requires directors to possess not only integrity, commitment, relevant experience, qualifications and skills in carrying out their duties effectively but also include diverse background as enablers towards promoting good corporate governance.

In identifying qualified candidates for nomination to the board, the NC will consider prospective candidates based on merit, having regard to their character, competencies, expertise, skills, track record, background and other qualities as being important in fostering a diverse and inclusive culture which solicits multiple perspectives and views and is free of conscious or unconscious bias and discrimination. The NC ought to be mindful of related regulatory requirements (including the Listing Rules issued by the SGX-ST and the 2018 Code), and to give due consideration to characteristics, such as gender, age, ethnicity, disability and geographic representation, which contribute to board diversity.

The NC may, in addition to conducting its own search and selection process, engage qualified independent advisors to assist in identifying prospective candidates for directorship that meet the criteria as determined by the NC and that support the Company's diversity objectives.

The Board has established that at least 10% of the total number of board seats be reserved for women. The NC will review these objectives when necessary and recommend changes to this policy, as appropriate.

In implementing this policy, the NC will take into account the Company's diversity objectives and the diverse nature of the business environment in which the Company operates whilst maintaining flexibility to address succession planning and to ensure that the Company continues to attract and retain qualified individuals to serve on the board.

Adherence to the Board Diversity Policy will form part of the annual performance of the board and/or the board committees of the Company. This policy shall be read in conjunction with the prevailing terms of reference of the NC.

Regular meetings for Independent Directors: Directors and Management discuss and debate issues at Board meetings. Non-executive and Independent Directors are kept apprised of the Group's business (which include financial highlights, operational performance indicators and key risks monitoring indices) at the meeting. During the Board Meeting for year-end results deliberation, a Non-executive and Independent Directors session without Executive Director and Management's presence is scheduled for the Non-executive Directors to review the performance and effectiveness of Management and feedback is thereafter provided to Executive Director and Management.

The Independent Directors meet periodically without the presence of Management to discuss and facilitate a more effective check on the Management. The feedback of the meeting is provided to the Executive Chairman, Managing Director/CEO, Executive Directors and the Management. The Executive Chairman will thereafter act on the feedback, take necessary steps to advise Management on the way forward to improve and implement recommendations submitted by the Non-Executive and Independent Directors.

To-date, none of the Independent Directors of the Company has been appointed as Director of the Company's principal subsidiaries.

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Dr Allan Yap resigned as the Executive Chairman on 23 September 2020. Following the cessation of Dr Allan Yap as the Executive Chairman of the Board, the Nominating Committee, in consultation with the Board, has taken steps to appoint Mr Lien as the Non-Executive Chairman and Independent Director to fill the vacancy of the Chairman of the Board with effect from 26 February 2021. During the transitional period from 23 September 2020 to 25 February 2021, the Deputy Non-Executive Chairman and Independent Director, Dr John Chen had assumed the Non-Executive function of the former Chairman.

During FY2020, there is a distinct separation of responsibilities between the former Executive Chairman and the Managing Director/Chief Executive Officer ("**CEO**"), to ensure that there is an appropriate balance of power and authority, increased accountability and greater capacity of the Board for independent decision-making. The Executive Directors of the Company is subsuming the executive's duties and responsibilities of the former Executive Chairman in terms of overseeing, planning, directing, controlling the activities; and to developing and executing the Group's strategies and business objectives.

The role of Mr Loh See Moon ("**Mr Loh**") as the position of Managing Director/CEO includes overseeing and managing the overall daily operations, strategic growth and business development of the Group.

Subsequent to 23 September 2020, the Deputy Non-Executive Chairman, Dr John Chen and the newly appointed Non-Executive Chairman, Mr Lien, discharge the former Chairman's responsibilities (which is non-executive) as follows:

- with the assistance of the Joint Company Secretaries, scheduling of meetings to enable the Board to perform its duties while not interfering with the flow of the Group's operations;
- with the assistance of the Joint Company Secretaries, approving the meeting agenda of the Board and ensures adequate time is available for discussion of all agenda items;
- with the assistance of the Joint Company Secretaries, ensuring that Board meetings are held when necessary;
- facilitating effective contributions from the Non-Executive Directors and encouraging constructive relationships within the Board and between the Board and the Management;
- exercising control over the quality, quantity and timeliness of information flow from the Management to the Board, promoting effective communication with the Company's shareholders;
- ensuring, fostering constructive and effective communication with shareholders; and
- promoting high standards of corporate governance with full support of the Directors and the Management.

Lead Independent Director: In view that Mr Lien has been appointed as the Non-Executive Chairman and Independent Director on 26 February 2021, the Board believes that notwithstanding the Company does not have a Lead Independent Director, with the majority of Independent Directors on Board, shareholders who have concerns could seek to approach them where contact through the normal channels of communication with the Managing Director/CEO and Executive Directors of the Company has failed to resolve or such contact is inappropriate.

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.

During FY2020, the NC comprises of five (5) members all of whom are independent:

Dr John Chen	(Chairman of the NC, Deputy Non-Executive Chairman and Independent Director)
Mr Lien Kait Long	(Member, Non-Executive Chairman and Independent Director) - appointed on
	26 February 2021
Mr Kong WeiLi	(Member, Non-Executive and Independent Director) - resigned on 18 February 2021
Mr Siu Wai Kam	(Member, Non-Executive and Independent Director)
Mr Goh Yang Jun, Jasper	(Member, Non-Executive and Independent Director)

The NC Chairman has no relationship (direct or indirect) with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of his independent judgement in the best interest of the Company.

The terms of reference of NC provides that the NC shall comprise at least three (3) members of the Board, a majority of whom, including the Chairman of the NC shall be independent.

Nominating Committee role: The principal responsibilities of the NC are set out in the terms of reference and its key functions include:

- reviewing of succession plans for Directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
- reviewing the Board structure, size and composition having regard to the scope and nature of the operations and the core competencies of the Directors as a group;
- reviewing, assessing and recommending nominees or candidates for appointment or election to the Board and the various Board Committees;
- assessing the effectiveness and contributions of the Board as a whole, its Board Committees and the individual Directors;
- assessing the contribution of each individual Director to the effectiveness of the Board, in particular when a Director has multiple listed company board representations and having regard to the Director's contribution and performance;
- reviewing the independence of the Directors on an annual basis;
- reviewing the performance of the Directors and recommending on the re-election and re-appointments (including alternate Directors, if any) of the Board at the AGM;
- conducting a rigorous review and determining whether an Independent Director who has served on the Board for a period exceeding nine (9) years from the date of his first appointment, can still consider as independent;
- deciding a Director is able to and has been adequately carrying out his duties as Director of the Company based on internal guidelines such as attendance, contractibility and responsiveness; and
- reviewing the training and development programmes for the Directors.

The Chairman of the NC acts on the results of the performance evaluation and where appropriate, proposes new members to be appointed to the Board or seeks the resignation of directors, in consultation with the NC.

Director appointment and re-appointment: In appointing Directors, the Board considers the range of skills and experience required in the light of:

- geographical spread and diversity of the Group's businesses;
- the strategic direction and progress of the Group;
- the current composition of the Board; and
- the need for independence.

The Board has delegated to the NC the functions of developing and maintaining a transparent and formal process for the appointment and re-appointment of Directors, making recommendations for Directors who are due for retirement by rotation to seek re-election at a general meeting and determining the independent status of each Director.

When a vacancy exists, the NC, in consultation with the Board, determines the selection criteria for the position based on the skills and knowledge deemed necessary for the Board to best carry out its responsibilities. Candidates may be suggested by Directors or Management or sourced from external sources. The NC will interview the candidates and assess them based on objective criteria approved by the Board such as integrity, independent mindedness, possession of the relevant skills required or skills needed to complement the existing Board members, ability to commit the time and effort to carry out their responsibilities, good decision making track record, relevant experience and financial literacy. The NC will make a recommendation to the Board on the appointment. The Board then appoints the most suitable candidate who must stand for re-election at the next Annual General Meeting ("**AGM**") of shareholders. Particulars of interests of Directors who held office at the end of the financial year in shares of the Company and/or its related corporations (other than wholly-owned subsidiaries) are set out in the Directors' Statement.

The Constitution of the Company provides that, at each AGM, one-third of the Directors for the time being (or, if their number is not a multiple of three (3), the number nearest to but not less than one-third) shall retire from office by rotation. A retiring Director is eligible for re-election by the shareholders of the Company at the AGM, and prior to nominating a retiring Director for re-election, the NC will evaluate the Director's contribution and performance taking into consideration factors such as attendance, preparedness, participation, candour and any other factors as may be determined by the NC.

The NC considers and recommends to the Board the appropriate structure, size and needs of the Board, with regard to the appropriate balance and diversity of skills, personal qualities and experience required for the effective performance of the Board. The NC also recommends all appointments and retirements of Directors and considers candidates to fill new positions created by expansion, as the Board may benefit therefrom, and vacancies that occur by resignation, retirement or for any other reasons to the Board. The NC may engage consultants to undertake research on, or assess, candidate(s) applying for new positions on the Board, or to engage such other independent experts, as it considers necessary to carry out its duties and responsibilities.

Candidates are selected based on their character, judgment, business experience and acumen. The NC also ensures that the Directors have the relevant core competencies in areas such as finance, accounting and law, in order for them to discharge their duties effectively. Where a Director has multiple board representations, the NC will evaluate if a Director is able to and has been adequately carrying out his or her duties as Director of the Company. Though some of the Board members have multiple board representations, the NC is satisfied that the Directors have devoted sufficient time and attention to the Company.

The NC is responsible in determining the independence of Directors annually by taking into account the circumstances set forth in Provision 2.1 of the 2018 Code and any other salient factors. In considering the independence of an Independent Director who has served on the Board beyond nine (9) years, the NC has taken into consideration the following factors:

- (i) There were changes to the composition of the Board Committees in 2020;
- (ii) The extensive knowledge and experience contributed by the Independent Directors to the Company;
- (iii) The attendance, preparedness, participation and contribution in the meetings of the Board and Board Committees;
- (iv) Provision of continuity and stability to the new Management at the Board level by facilitating smooth communication between old and new Management;
- (v) Provision of reasonable checks and balances for the Management;
- (vi) The Independent Directors have devoted adequate attention and sufficient time to the affairs of the Group; and
- (vii) The Independent Directors provide overall guidance to the Management and act as safeguard for the protection of Company's assets and shareholders' interests.

The Board and the NC had developed a process of evaluation of performance of the Board and Board Committees and individual Directors through establishment of quantifiable performance criteria. The evaluation performance checklist is drawn up based on the guidelines provided in the 2018 Code.

Taking into account, among others, these Directors' participation during and outside the formal Board and Board Committees meetings as well as other contributions. The Board has accepted the NC's nomination of the retiring Directors, who have given their consent for re-election at the forthcoming AGM of the Company. In FY2020, the retiring Directors are Dr John Chen, Dr Tang Cheuk Chee and Mr Lien who will retire pursuant to Regulation 91 of the Constitution of the Company. The details of the retiring Directors seeking for re-election are found in Table A set out on page 42 to page 46 of this Annual Report.

Multiple directorships: The NC is responsible for reviewing the ability of the Directors to devote sufficient time and attention to the affairs of the Company and in particular to take into account multiple directorships and significant principal commitments held by the Directors. The NC requires each Director to declare any new additional directorships or significant principal commitments during the year to enable the ongoing monitoring of the time commitment, attendance and contributions of the Directors to the Company. The NC is satisfied that the other directorships and principal commitments of the Directors had not hindered them from carrying out their duties as Directors of the Company.

The NC and Board agreed that as a guide, the maximum number of the listed company board representation which any Independent Director may hold should not exceed ten (10), and both the NC and the Board will review and determine the maximum number of listed company Board representations as and when they deem appropriate.

In respect of disclosure of each Director on the listed company directorships and other principal commitments are set out in page 18 to page 20 of this Annual Report.

Alternate Directors: Currently, the Company does not appoint any alternate director.

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its Board Committees and individual Directors.

Based on the recommendations of the NC, the Board has an annual performance evaluation process, carried out by the NC, to assess the effectiveness of the Board, Board Committees and each Director's contributions. This annual assessment process consists principally of evaluation by and feedback from each Director.

- (a) <u>Assessment of the effectiveness of the Board as a whole</u> The NC uses an objective performance criteria to conduct Board assessments via the circulation of assessment evaluation forms to the Directors annually for their evaluation of various Board issues and processes such as the Board structure, conduct of Board meetings, review of the Company's corporate strategy and planning, ensuring and reviewing the Company's risk management and internal control processes, review of the Company's performance, review of the Board's compensation evaluations and communication with the Company's shareholders. The NC has reviewed and is satisfied with the performance and effectiveness of the Board as a whole for the financial year ended 31 December 2020.
- (b) Assessment of the effectiveness of the Board Committees The NC has implemented a process to be carried out by the NC via the circulation of assessment evaluation forms to assess the effectiveness of the respective Board Committees annually. The NC has recommended that the members of the respective Board Committees complete the evaluation form adopted by the NC. The results of the Board and Board Committees assessments are reviewed and discussed by the NC and, any recommendation and suggestion arising from the evaluation exercise are circulated to the Board for consideration of the appropriate measures to be taken. The NC has reviewed and is satisfied with the performance and effectiveness of the respective Board Committees as a whole for the financial year ended 31 December 2020.
- (c) <u>Assessment of the contribution of individual Directors to the effectiveness of the Board</u> The Individual Director's assessments implemented by the NC are based on the Director's self-assessment which is evaluated annually and informally on a continual basis by the NC. The criteria taken into consideration by the NC and the Chairman include contribution and performance based on factors such as attendance, preparedness and participation. The evaluations are discussed by the NC and any appropriate action taken. The NC has reviewed and is satisfied with the contribution by individual Directors to the effectiveness of the Board for the financial year ended 31 December 2020.

The NC is of the view that such assessments by the Directors are useful and constructive and this collective process has provided an opportunity to obtain insightful feedback from each Director on suggestions to enhance the effectiveness of the Board and has helped Directors to be more focused on their duties, responsibilities and contributions to the effectiveness of the Board. The assessments also help the NC to determine whether the Directors with multiple Board representations are able to and have adequately discharged their duties as Directors of the Company. The NC has full authority to engage an external facilitator to assist the NC to carry out the evaluation process, if the need arises.

In general, the selected performance criteria will not change from year to year unless they are deemed necessary and the Board is able to justify the changes. In consultation with the NC, the Non-Executive Chairman, Managing Director/CEO and/or the Executive Directors will act on the results of the Board performance and propose, where appropriate, new members to be appointed to the Board or propose changes to the Board.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on Director and Executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director is involved in deciding his or her own remuneration.

The Group's remuneration policy is to provide compensation packages at market rates which reward successful performance and attract, retain and motivate Directors and key management personnel.

Remuneration Committee composition: During FY2020, the RC comprises of five (5) members all of whom are independent:

Dr John Chen	(Chairman of the RC, Deputy Non-Executive Chairman and Independent Director)
Mr Lien Kait Long	(Member, Non-Executive Chairman and Independent Director) - appointed on
	26 February 2021
Mr Kong WeiLi	(Member, Non-Executive and Independent Director) - resigned on 18 February 2021
Mr Siu Wai Kam	(Member, Non-Executive and Independent Director)
Mr Goh Yang Jun, Jasper	(Member, Non-Executive and Independent Director)

The principal responsibilities of the RC are set out in the terms of reference and its key functions include:

- reviewing and recommending to the Board a general framework of remuneration for the Board and key management personnel (including the Executive Chairman, Managing Director/CEO, Executive Directors and other persons having authority and responsibility for planning, directing and controlling activities of the Company and Group), and the specific remuneration packages and terms of employment (where applicable) for each Director as well as key management personnel;
- carrying out its duties in the manner that it deems expedient. Subject always to any regulations or restriction that may be imposed upon the RC by the Board from time to time;
- ensuring that all aspects of remuneration are covered, including termination terms, to ensure they are fair;
- the remuneration packages of employees related to Executive Directors and controlling shareholders of the Group are in line with the Group's staff remuneration guidelines and are commensurate with their respective job scopes and levels of responsibility; and
- reviewing and recommending to the Board, the terms of renewal of service agreements of Directors and/or key management personnel and ensuring the service agreements contain fair and reasonable termination clauses which are not overly generous in the event of termination.

The RC members are knowledgeable in the field of executive compensation and have access to independent expert advice from external consultants, where necessary.

The RC reviews the fairness and reasonableness of the termination clauses of the service agreements of the Executive Chairman, Managing Director/CEO and Executive Directors.

Remuneration Committee role: The RC is responsible for recommending to the Board a framework of remuneration for the Directors and key management personnel which is submitted to the whole Board for endorsement. The RC reviews recommendations on remuneration policies and packages for Directors and key management personnel in the interests of improved corporate performance. The RC's review of remuneration packages takes into consideration pay and employment conditions within the industry and in comparable companies, the Company's relative performance, the performance of the individual Directors and key management personnel, the long-term interests of the Group and ensures that the interests of the Directors align with that of the shareholders. The review covers all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, profit sharing (where applicable) and benefits-in kind.

Termination clauses: The RC has reviewed the fairness and reasonableness of the termination clauses of the service agreements of the Executive Directors and key management personnel. The RC will have access to independent expert advice from external consultants, where necessary.

The RC's recommendations are submitted to the Board for endorsement. Each member of the Board shall abstain from voting on any resolution concerning or making any recommendation and/or participating in any deliberations of the RC in respect of his own remuneration.

Remuneration experts: The RC, in considering the remuneration of all directors, has not sought external advice or appointed remuneration consultants during FY2020.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Remuneration framework: The remuneration packages of the Executive Directors (include Executive Chairman and Managing Director/CEO) are determined based on the framework recommended by the RC. In doing so, the RC reviews the length of appointment period, the notice period for termination and the terms of the compensation package in the event of the termination of any Executive Directors' service agreements to ensure that the terms of such clauses are not onerous to the Company. The Executive Directors' framework of remuneration includes a fixed element as well as a variable element in the form of a bonus and a profit-sharing incentive which is linked to the Company's performance. In setting remuneration packages, the Company takes into consideration the remuneration and employment conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of the individuals.

Long-term incentives: The Company has no employee share option schemes or other long-term incentive schemes in place and will consider adopting the same as and when the Board deem necessary.

Non-Executive Director remuneration: All Non-Executive and Independent Directors have no service agreements with the Company. They are paid with Directors' fees, additional fees paid for serving as the Chairman or members of Board Committees as well as attendance at each Board and Board Committees meetings. These fees are recommended by the RC and submitted to the Board for endorsement. Directors' fees are recommended by the Board for approval at the Company's AGM. The remuneration of Non-Executive and Independent Directors should be appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities of the Directors. The Non-Executive and Independent Director is involved in deciding his/her own remuneration.

Executive Director and Key Management Personnel remuneration: With the resignation of the Executive Chairman on 23 September 2020, his service agreement has been terminated. The Managing Director/CEO and each of the Executive Directors have a separate formal service agreement with the Company and they do not receive Directors' fees. For FY2020, the remuneration packages of the Executive Chairman, Managing Director/CEO and Executive Directors comprise primarily a basic salary component and a variable component which include bonuses, profit sharing incentive and other benefits. The service agreement of the Managing Director/CEO is for a period of three (3) years, and the two (2) Executive Directors are for a period of two (2) to three (3) years, depending on their service agreements. These service agreements are subject to review by the RC and provide for termination by either party giving to the other an appropriate prior written notice.

The RC seeks to ensure that the level and mix of remuneration for the Executive Chairman, Executive Director and key management personnel are competitive, aligned with shareholders' interests and promote the Group's long-term success. The Company adopts a remuneration policy for the comprising both a fixed and variable component. The fixed component is in the form of a base salary and allowances. The variable component is in the form of a variable bonus that is linked to the Company and each individual's performance.

Remuneration for the Executive Chairman, Executive Director, and key management personnel comprises a fixed component, variable cash component and market-related benefits.

A. Fixed Component

The fixed component comprises the base salary and fixed allowances.

B. Variable Cash Component

Variable component is given in the form of an Annual Variable Bonus ("**AVB**"). This AVB is a cash-based incentive for the Executive Chairman, Executive Director and key management personnel, which is linked to the achievement of annual performance targets.

Corporate and individual performance objectives are set at the beginning of each financial year. The objectives are aligned to the Group's overall strategic, financial and operational goals, and are cascaded down to a select group of key management personnel such as profit sharing, creating alignment between the performance of the Group and the individual. Profit sharing is for the Executive Chairman, Managing Director/CEO, Executive Director and key management personnel.

Contractual provisions to reclaim incentives: The RC is of the view that the variable component of the remuneration packages of the Executive Chairman, Managing Director/CEO, Executive Directors and key management personnel, where applicable are moderate. Although the Company did not institute contractual provisions in the service agreements or employment agreements to reclaim incentive components of remuneration paid in prior years from the Executive Chairman, Managing Director/CEO and Executive Directors, the RC will review the necessity to include such contractual provisions to reclaim such incentive components of remuneration paid in prior years to the Executive Chairman, Managing Director/CEO and Executive Directors where incidents occur in exceptional circumstances such as misstatement of financial statements, or of misconduct resulting in financial loss to the Company.

The RC has access to expert professional advice on human resource matters whenever there is a need to consult externally. In its deliberations, the RC will take into consideration industry practices and norms in compensation in addition to the Company's relative performance to the industry and the performance of the individual Director. No individual Director is involved in deciding his or her own remuneration. No remuneration consultants were engaged during the financial year.

Principle 8: The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Remuneration disclosure: The remuneration framework is based on policies which are aligned with Company's interests to support the Group's business with the aim of retaining key capabilities, provide sound and structured funding of remuneration in ensuring affordability and sustainable value creation. Competitive remuneration packages are offered to attract and retain experienced individuals. The remuneration policies, the procedures for setting remuneration and the relationships between remuneration, performance and value creation are described in Principle 7 above.

Summary compensation table of the Directors receiving remuneration from the Company for the financial year ended 31 December 2020 is set out below:

	Base		Profit	Directors'		
Directors	Salary	Bonus	Sharing	Fee ⁽²⁾	Allowance ⁽¹⁾	TOTAL
Range S\$250,000 and below						
Lien Kait Long	_	_	-	100.00%	_	100.00%
John Chen	_	_	_	100.00%	_	100.00%
Kong WeiLi ⁽⁴⁾	_	-	_	100.00%	_	100.00%
Siu Wai Kam	_	-	_	100.00%	_	100.00%
Goh Yang Jun, Jasper	_	-	_	100.00%	-	100.00%
Range S\$250,001 to S\$500,000						
Tang Cheuk Chee	30.66%	2.56%	62.81%	0.00%	3.97%	100.00%
Range S\$500,001 to S\$750,000						
Cheong Poh Hua	28.92%	2.41%	50.63%	0.00%	18.04%	100.00%
Range S\$750,001 to S\$1,000,000						
Allan Yap ⁽³⁾	30.11%	2.50%	65.77%	0.00%	1.62%	100.00%
Range S\$3,250,001 to S\$3,500,000						
Loh See Moon	15.69%	1.31%	76.48%	0.00%	6.52%	100.00%

⁽¹⁾ Employer's CPF contribution and other compensation are included.

⁽²⁾ Directors' fee was approved on 18 June 2020 at the AGM of the Company (to be paid quarterly in arrears).

⁽³⁾ Dr Allan Yap resigned as Executive Chairman of the Company with effect from 23 September 2020.

(4) Mr Kong WeiLi resigned as Independent Director of the Company with effect from 18 February 2021.

The Company has decided not to disclose information on the remuneration of the Directors in dollars' terms because of the confidentiality and prevention of upward pressure on remuneration due to market competition.

Shareholders' approval will be sought at the forthcoming AGM of the Company on 29 April 2021 for the payment of Directors' fees proposed (to be paid half-yearly in arrears) for the financial year ending 31 December 2021 amounting up to an aggregate of \$\$230,000.

Remuneration of Top Five (5) Key Management Personnel & Employees Related to Directors

Save for the Directors who are also the key management personnel, there are no key management personnel who is not a director or the CEO during the financial year ended 31 December 2020.

There are no employees of the Group who are substantial shareholders and/or immediate family members of any Director or the CEO of the Company and whose remuneration exceed S\$100,000 for the financial year ended 31 December 2020. The Company adopts a remuneration policy for staff comprising both a fixed and variable component. The fixed component is in the form of a base salary and allowances. The variable component is in the form of a variable bonus that is mainly linked to the performance of the Company and each individual's performance across a balanced set of key performance indicators including financial, operational, compliance and information technology focus areas to drive value creation.

No termination, retirement and post-employment or other long-term incentives have been granted to the Directors during the financial year ended 31 December 2020.

The RC and the Board have considered and are of the view that the Company's remuneration packages are appropriate and fair.

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its shareholders.

Risk governance: The Board recognises that it is responsible for the overall risk management and internal control framework, but acknowledges that no cost-effective risk management and internal control system will preclude all errors and irregularities, as the system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

Risk assessment and evaluation has become an essential part of business planning and monitoring process. The Management having identified the risks to the achievement of the Group's strategic objectives, each business unit is required to document the mitigation actions in respect of each significant risk. Risk awareness and ownership of risk treatments are also continuously fostered across the organisation.

Risk Management Committee ("RMC")

Risk Management Committee Composition

For FY2020, the RMC comprises of six (6) members:

Mr Lien Kait Long (Chairman of the RMC, Non-Executive Chairman and Independent Director) Mr Loh See Moon (Managing Director/CEO) Madam Cheong Poh Hua (Executive Director) Mr Kong WeiLi (Non-Executive and Independent Director) – resigned on 18 February 2021 Mr Siu Wai Kam (Non-Executive and Independent Director) Mr Goh Yang Jun, Jasper (Non-Executive and Independent Director)

RMC to assist the Board in its oversight of risk governance, risk management framework and policies of the Group. The RMC is regulated by its terms of reference. Together with the AC, the RMC helps to ensure that Management maintains a sound system of risk management and internal controls to safeguard the interests of shareholders and the assets of the Group.

Risk Management Committee role: The RMC oversees the risk management framework and policies of the Group and report to the Board. Together with the Management, the RMC has established policies. These policies are an essential part of the business planning and monitoring process of the Group.

The meetings of the RMC are attended not only by the members but also Management and it serves as a forum to review and discuss material risks and exposures of the Group's business and the strategy to mitigate risks in general.

The risk management process that is in place covers, inter alia, financial, operational, compliance and information technology risks faced by the Group. The key risks identified are deliberated by Management, and reported to the RMC on an annual basis or such other period as may be determined by the RMC.

Annual review: The Group has put in place a system of internal controls, which includes the Code of Conduct, documented policies and procedures, proper segregation of duties, approval procedures and authorities, as well as checks-and-balances built into the business processes. The Company has engaged Messrs Ernst & Young Advisory Pte. Ltd. as internal auditors to assess annually the effectiveness of such a system in ensuring that the Group has adequate safeguards as well as an effective robust risk management framework (including policies, procedures and processes) embedded within the Group's infrastructure that could support the Group's operations, IT system and financial reporting structure.

Further, the Company has procured undertakings in the format set out in Appendix 7.7 from all its Directors pursuant to Rule 720(1) of the Listing Manual of the SGX-ST.

The AC, RMC and Board recognise the need for a robust and effective system of internal control. To ensure that the risk management and internal controls and risk management processes are adequate and effective, the AC has access to independent professional consultants. With the assistance of the RMC, internal and external auditors, AC has carried out assessments of the adequacy and effectiveness of key internal controls during the year. Any material non-compliance or weaknesses in internal controls or recommendations from the internal and external auditors to further improve the internal controls are regularly reported to AC. The AC will also follow up on the actions taken by the Management on the recommendations made by the internal and external auditors.

CEO and CFO assurance: For FY2020, the Board has received assurances from Mr Loh (Managing Director/CEO), Dr Tang (Executive Director) and Madam Cheong (Executive Director, presently subsumed the function of the CFO of the Group), that (a) the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and (b) the CEO and other key management personnel who are responsible regarding the adequacy and effectiveness of the Group's risk management and internal control systems in addressing the financial, operational, compliance and information technology risks.

Board's conclusion: During the course of audit by the internal and external auditors, their recommendations, the various management controls and the reports from the internal and external auditors have been taken into consideration by the Company. The Board, with the concurrence of the AC and RMC, is of the opinion that the Group's system of internal controls and risk management procedures in addressing financial, operational, compliance and information technology controls and risk management systems maintained by the Group during the year are adequate and effective as at 31 December 2020. In general, there is no material weakness finding for FY2020. The Board will continue to enhance and improve the existing internal control framework to identify and mitigate these risks from time to time.

Audit Committee

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

Audit Committee ("AC") composition: For FY2020, the AC comprises of five (5) members all of whom are independent:

Mr Lien Kait Long	(Chairman of the AC, Non-Executive Chairman and Independent Director)
Dr John Chen	(Member, Deputy Non-Executive Chairman and Independent Director)
Mr Kong WeiLi	(Member, Non-Executive and Independent Director) - resigned on 18 February 2021
Mr Siu Wai Kam	(Member, Non-Executive and Independent Director)
Mr Goh Yang Jun, Jasper	(Member, Non-Executive and Independent Director)

For FY2020, the AC members were selected based on their expertise and prior experience in the area of financial management and at least two (2) of the AC members have the relevant accounting or financial management expertise and/or experience. The Board is of the view that majority of the AC members have the relevant expertise and experience to discharge their responsibilities as members of the AC.

In line with Provision 10.3 of the 2018 Code, no former partner or Director of the Company's existing auditing firm has acted as a member of the AC.

Audit Committee role: The AC's main objective is to assist the Board in fulfilling its fiduciary responsibilities relating to internal controls, overseeing the internal and external audit process, reviewing the financial information to be disclosed to the public and ensuring that arrangements are in place for the independent investigation and follow up of reports by staff of improprieties in financial reporting and other matters. To achieve this, the AC ensures that its members have the appropriate qualifications to provide independent, objective and effective oversight.

The principal responsibilities of the AC are set out in the terms of reference and its key functions include:

- reviewing the audit plans of the external and internal auditors;
- reviewing the external and internal auditors' reports;
- reviewing the co-operation given by the Company's officers to the external and internal auditors;
- reviewing the adequacy, effectiveness, independence, scope and results of the external and internal audit function;
- evaluating the effectiveness of the Group's system of internal controls, including financial, operational and compliance controls, information technology controls, and risk management systems by reviewing the written reports from internal and external auditors, and Management responses and actions to correct any deficiencies;
- reviewing the financial statements of the Company and the Group before their submission to the Board;
- reviewing non-audit services provided by the external auditors to satisfy itself that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors;
- nominating external auditors for appointment or re-appointment and approve the remuneration and terms of engagement of the external auditors;

- reviewing the Group's compliance with such functions and duties as may be required under the relevant statutes or the Listing Manual of SGX-ST, and by such other amendments made thereto from time to time;
- reviewing interested person transactions (as defined in Chapter 9 of the Listing Manual of SGX-ST) to ensure that they are on normal commercial terms and arms' length basis and not prejudicial to the interests of the Company or its shareholders in any way; and
- reviewing whistle-blowing policy and arrangements.

Apart from the duties listed above, the AC may commission and review the findings of internal investigations into matters where there is suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore or other applicable law, rule or regulation which has or is likely to have material impact on the Company's or Group's operating results and/or financial position.

The AC will:

- satisfy itself that adequate measures are in place to identify and mitigate any material business risks associated with the Group;
- ensure that a review of the effectiveness of the Group's material internal controls, including financial, operating and compliance controls, information technology controls and risk management is conducted at least annually. Such reviews can be carried out by internal auditors/external auditors;
- ensure that the internal control recommendations made by internal and external auditors have been implemented by the Management; and
- ensure the Board is in a position to comment on the adequacy of the risk management and internal controls of the Group.

Internal Audit function: The AC selects and approves the appointment of internal auditors. The Group has outsourced its internal audit function to Messrs Ernst & Young Advisory Pte. Ltd. ("**Internal Auditors**") since FY2010. The Internal Auditors serves to provide the Board and Management with an independent appraisal in terms of the reliability, adequacy and effectiveness of the internal controls established by Management. Its aim is to promote internal control in the Group and to monitor the performance and the effective application of internal audit procedures. Apart from this, Internal Auditors supports the AC and the Board in assessing key internal controls through a structured review programmed. The Internal Audit has unfettered access to the Board, the AC and Management, where necessary, and has the right to seek information and explanations.

Review of Internal Audit function: The AC is satisfied that, though the Internal Audit function has been outsourced, it is adequately and effectively managed by persons with the relevant qualifications and experience.

The Internal Auditors reports functionally to the Chairman of the AC. On an annual basis, AC assesses the effectiveness of the Internal Audit function by examining:

- * the scope of the internal auditors' work;
- * the quality of the reports;
- * the relationship with the external auditors; and
- * the independence of the areas reviewed.

During the year, the Internal Audit's summary of key audit findings, recommendations and Management's related responses were discussed at the AC meetings. The AC ensures that procedures are in place to follow up on the recommendations by Internal Audit in a timely manner and to monitor any outstanding issues.

Internal Audit resources and experience: The AC is satisfied that the function is adequately resourced and has appropriate standing within the Company and the Group. Internal Auditors have unfettered access to all the Company's documents, records, properties and personnel, including the AC, and has appropriate standing within the Company.

The Internal Auditors plans its internal audit schedules in consultation with, but independent of, the Management. The audit plan is submitted to the AC for approval prior to the commencement of the internal audit work. Internal Auditors has a direct and primary reporting line to the AC and assist the AC in overseeing and monitoring measures that have been implemented to detect and correct internal control weaknesses that have been identified.

Internal Audit standards: The AC has reviewed and approved the annual internal audit plan FY2020 and is satisfied that the Internal Audit has been adequately and effectively carried out in line with the International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors.

The AC reviews the activities of the Internal Audit on a regular basis, including overseeing and monitoring the implementation of the improvement required on internal control weakness identified.

Summary of Audit Committee activities: The AC met two (2) times in the financial year ended 31 December 2020 and the former Executive Chairman, Managing Director/CEO and Executive Directors were invited to attend the meetings, as and when necessary. The AC also meets from time to time with the Group's external and internal auditors and the Management to review accounting, auditing and financial reporting matters to provide the necessary checks and balances to ensure that an effective control environment is maintained in the Group.

The AC continuously studies proposed changes in accounting policies, examines the internal audit functions and discusses the accounting implications of major transactions. Furthermore, the AC advises the Board regarding the adequacy of the Group's internal controls and the contents and presentation of its interim and annual reports. Based on the information provided to the AC, nothing has come to the AC's attention indicating that the system of internal controls and risk management is inadequate.

The AC has explicit authority to investigate any matter within its terms of reference and has full access to and cooperation of Management and full discretion to invite any Director or executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

Changes to accounting standards and accounting issues which have a direct impact on the financial statements were reported to the AC, and highlighted by the external auditors in their meetings with the AC.

With the introduction of the new and revised Auditor Reporting Standards applicable to the audit of financial statements for periods ending on or after 15 December 2016, the external auditors are required to include the Key Audit Matters ("**KAM**") in the Company's Annual Report. KAM typically include significant risk areas of the financial statements most susceptible to misstatements, involving key judgements and estimates, as well as major transactions that require extensive auditing efforts.

In line with the recommendations by Accounting & Corporate Regulatory Authority ("**ACRA**"), Monetary Authority of Singapore and SGX-ST, the AC can help to improve transparency and enhance the quality of corporate reporting by providing a commentary on key financial reporting matters as follows:

AC's commentary on key financial reporting matters

The AC has discussed the KAM for FY2020 with Management and the external auditors. The AC concurs with the basis and conclusions included in the Independent Auditors' Report with respect to the KAM.

For more information on the KAM, please refer to page 50 to page 52 of this Annual Report.

Auditors: The AC meets at least annually with the internal auditors and the external auditors, without the presence of the Company's Management to review the adequacy of audit arrangements, with particular emphasis on the scope and quality of their audits, and the independence and objectivity of the internal and external auditors.

The AC also makes recommendations on the appointment, re-appointment of external auditors, and their remuneration.

The AC had reviewed all the non-audit services carried out by the external auditors to the Group and confirmed that such services would not, in its opinion prejudice the independence and objectivity of the external auditors. The fees that are charged to the Group by the external auditors for audit and non-audit services for the financial year ended 31 December 2020 were approximately \$\$277,290 and \$\$7,876 respectively.

The AC has undertaken a review of the services, scope, independence and objectivity of the external auditors. Messrs KPMG LLP, the external auditors of the Company, has confirmed that they are a Public Accounting Firm registered with ACRA and provided a confirmation of their independence to the AC. Apart from this, the AC also received feedback from Management on their evaluation of the performance and effectiveness of the work of the external auditors. Having assessed the external auditors based on its own interactions with the external auditors, Management's evaluation and on factors such as performance and quality of their audit partners and auditing team, their overall qualification and their independence status, the AC is satisfied that KPMG LLP is able to meet the audit requirements and statutory obligation of the Company.

Accordingly, Messrs KPMG LLP is recommended for re-appointment as the Company's external auditors at the forthcoming AGM.

Furthermore, AC noted that in appointing the external auditors of the Company, its subsidiaries and significant associated companies, it is satisfied that the appointment of auditors did not compromise the standard and effectiveness of the audit of the Group. Therefore, the Company has complied with Rules 712 and 715 of the Listing Manual of SGX-ST.

Whistle-Blowing Policy

The Group has adopted a constructive whistle-blowing policy and guideline in order to detect and deter any fraud or deliberate error in the preparation, evaluation, review or audit of any financial statements, financial reports and records of the Company.

Demonstrating its pledge to good corporate governance, the Group provides an avenue for employees to raise their concerns to report any possible improprieties in matters of financial reporting or other matters that they may encounter to the AC or any other committees established by the AC for such purpose without fear of reprisal. The establishment of the whistle-blowing structure also augments the Group's ability to detect potential fraud, providing another level of comfort and assurance to investors.

There were no reported incidents pertaining to whistle-blowing for FY2020. The whistle-blowing policy can be found at the Company's website at <u>http://www.tspg.sg</u>.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Shareholder rights: In line with the continuous disclosure obligations of the Company pursuant to the Listing Manual of the SGX-ST, the Company is committed that all shareholders should be equally informed of all major developments of the Group which would be likely to materially affect the price or value of the Company's shares.

The Company does not practice selective disclosure as all material and price-sensitive information are released through SGXNet and the Company recognises that regular, effective, timely and fair communication with shareholders is essential to enable its shareholders to make informed decisions about the Company.

The information is disseminated to shareholders of the Company on a timely basis through:

- annual reports that are prepared and sent to all shareholders. The Board ensures that the annual report includes all relevant information about the Company and the Group, including future developments and other disclosures required by the Singapore Companies Act and Singapore Financial Reporting Standards;
- half yearly announcements containing a summary of the financial information and affairs of the Group for the financial year 2020;
- notices of and explanatory memoranda for AGM and EGM;
- press releases on major developments of the Company and/or Group;
- disclosure to the SGX-ST; and
- the Company's website at http://www.tspg.sg at which our shareholders can access information on the Group.

The Company recognises the importance of actively engaging with shareholders to promote effective and fair communication. All registered shareholders are invited to participate at shareholders' meetings. The Company disseminates information on general meetings through notices in its annual reports or circulars (if required) to all its shareholders.

Notice of the general meeting is announced via SGXNet within the mandatory period prior to the meetings (or as otherwise disseminated in accordance with such laws and regulations as may be applicable), together with explanatory notes or a circular on items of special businesses (if necessary), at least 14 clear calendar days before the meeting for ordinary resolutions and/or 21 clear calendar days before the meeting for special resolutions. Each item of special business included in the notice of the general meetings will be accompanied by explanation of the effects of a proposed resolution. Separate resolutions are proposed for each substantially separate issue at general meetings. These notices are also released via SGXNet, published in local newspapers and posted in the Company's website ahead of the meetings to give ample time for shareholders to review the documents. The annual reports and circulars (if required) may also be viewed on the Company's website. However, we are mindful that some shareholders may prefer to receive a printed copy and we have arranged for printing of the annual reports to all shareholders for the time being.

Voting procedure: The Company's Constitution allows (a) each shareholder who is not a relevant intermediary (as defined in the Companies Act, Chapter 50) the right to appoint up to two (2) proxies and (b) each shareholder who is a relevant intermediary to appoint more than two (2) proxies to attend and vote on their behalf in shareholders' meetings. Shareholders will be briefed on the rules governing such meetings and voting procedures of the general meetings. Voting in absentia by email, mail or fax is not implemented due to authentication and other security related concerns.

The Company conducts its electronic poll voting at shareholders' meeting for greater transparency in the voting process. The total number of votes cast for or against each resolution is tallied and displayed live on-screen to shareholders immediately after the vote has been cast and is also announced after the meetings via SGXNet.

In view of the current coronavirus disease 2019 (COVID-19) situation, the AGM of the Company held in respect of FY2019 was convened and held by electronic means on 18 June 2020 pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the meeting can be electronically accessed via live audio-visual webcast or live audio-only stream), submission of questions in advance of the AGM, addressing of substantial and relevant questions at or prior to the AGM and voting by appointing the Chairman of the AGM as proxy, was put in place for the AGM of the Company.

By the same token, the Company anticipates that the forthcoming AGM of the Company to be held in respect of FY2020 will be convened and held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the meeting can be electronically accessed via live audio-visual webcast or live audio-only stream), submission of questions in advance of the AGM, addressing of substantial and relevant questions at or prior to the AGM and voting by appointing the Chairman of the AGM as proxy, will be put in place for the AGM of the Company.

The notice of the AGM is announced via SGXNet within the mandatory period prior to the meetings (or as otherwise disseminated in accordance with such laws and regulations as may be applicable), together with explanatory notes, appendices or a circular on items of special business, at least fourteen (14) days before the meeting for ordinary resolutions and/or twenty-one (21) days before the meeting for special resolutions. The Chairmen of the AC, NC, RC and RMC are normally present and available to address questions relating to the work of their respective committees at general meetings. Furthermore, the external auditors are also invited to attend the AGM and are available to assist the Board in addressing any relevant queries by the shareholders relating to the conduct of the audit and the preparation and content of the auditor's report. Such situations are only applicable when the AGM is held in a physical environment. In situations when the AGM is held by electronic means, shareholders' questions would be dealt with in advance, thereafter having the shareholders' questions and answers released via SGXNet and then published at the Company's corporate website prior to the commencement of the virtual AGM.

Resolutions: Every matter requiring shareholders' approval is proposed as a separate resolution at the general meeting to address each distinct issue and all the resolutions to vote by poll. The Company has implemented the system of voting by poll at its upcoming AGM. Results of each resolution put to vote at the AGM with the detailed voting results, including the total number and/or percentage of votes cast for or against each resolution tabled in the AGM, will be announced immediately at the end of each AGM and via SGXNet after market close.

Minutes of general meetings: The Joint Company Secretaries and/or their representatives prepare minutes of general meetings that include substantial and relevant comments or queries from shareholders relating to the agenda of the meeting, and responses from the Board and Management. Minutes of the Company's AGM will be released via SGXNet and thereafter posted on its website as soon as practicable. These minutes are available to shareholders upon their request. The Company also ensures that all material information relating to the Group is disclosed in an accurate and timely manner through publication on SGXNet and is made available to everyone, including shareholders.

Attendance at general meetings: Board members, senior Management and the Joint Company Secretaries are present at shareholders' meeting to respond to questions from shareholders. The Company's external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Such situations are only applicable when the AGM is held in a physical environment. In situations when the AGM is held by electronic means, shareholders would attend the Company's virtual AGM via an electronic platform. As to how the Company deal with shareholders' questions and answers, it has been addressed at the earlier paragraphs of this report.

Dividend Policy

The Company has in place a dividend policy at present. The frequency, form and amount of any dividend to be declared are not fixed and are dependent on the Group's profit, cash flow, capital requirements for investment and growth, general business conditions and other factors as the Board deems appropriate.

Although declaring and recommending dividend is not fixed, the Board aims to recommend dividends consistent with the Company's objective, inter alia of maximising shareholders' values. The Board will carefully consider and evaluate the aforementioned before proposing any dividend. In compliance with Rule 704(24) of the Listing Rules of the SGX-ST, in the event that the Board decides not to declare a dividend in respect of the full financial year, the Company will disclose the reason(s) for the decision with the announcement of the financial statements for the full financial year.

Engagement with shareholders

Principle 12: The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Investor Relations Policy: The Company has in place an Investor Relations Policy outlines the practices adopted by the Company in the course of its investor relations activities. The Investor Relations Policy sets out the mechanism through which shareholders may contact the Company with questions and through which the Company may respond to such questions.

By supplying shareholders with reliable and timely information, the Company is able to strengthen the relationship with its shareholders based on trust and accessibility. The Company communicates with its shareholders during general meetings and other dialogues to allow shareholders to raise their views on various matters affecting the Company.

Although the Company does not have an investor relations team, the Company's Managing Director/CEO and Executive Directors are responsible for the Company's communication with shareholders. The Board acknowledges that not only does the Company has to fulfill its obligation to furnish timely and material information to shareholders but also to ensure that full and appropriate disclosure of such information is made for complying with statutory requirements as well as rules prescribed under the Listing Manual of the SGX-ST. Any price sensitive information will be publicly released through SGXNet.

The Company does not practice selective disclosure. Price sensitive information is first publicly released through SGXNet, before the Company meets with any investors or analysts. All shareholders of the Company will receive the annual report with an accompanying notice of AGM by post. The notice of AGM is also published in the Business Times as well as released through Company's website within the mandatory period, the AGM of which is to be held within four (4) months after the close of the financial year.

All disclosures, including announcements, press releases are updated on the Company's website and investors can contact the Company through website at https://www.tspg.sg.

MANAGING STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

The Board is fully committed to actively engaging the Company's material stakeholders in addition to fulfilling its obligations to shareholders. It believes that the Company's relationships with material stakeholders will have an impact on its long-term sustainability. Such stakeholders will include customers, contractors, suppliers, employees, landlords, investors, media, government, institutions and communities. They may be affected by the Company's activities and in turn their actions can affect the Company's operations.

The Company's website (<u>http://www.tspg.sg</u>) is an important conduit for communicating with and engaging stakeholders. In addition, the Company will issue its Sustainability Report for FY2020 to share with stakeholders its strategy, main focus areas and specific efforts to meet sustainability development goals.

More information on the Company's material stakeholders, sustainability efforts (including its strategy and key areas of focus), and performance can be found in the Company's Sustainability Report uploaded at the Company's website.

DEALINGS IN SECURITIES

In compliance with Rule 1207(19) of the Listing Manual of the SGX-ST, the Company has adopted its own internal Code of Conduct to provide guidance to all officers of the Company and its subsidiaries with regard to dealings in the Company's securities.

The Directors and officers of the Company and of the Group are advised for each close window period, and periodically reminded, not to deal in the Company's shares for the period commencing one (1) month before the announcement of the Company's half year and full year financial results. The Company will notify Directors and employees of the commencement date for each close window period.

The Company has also issued a policy on Insider Trading to all employees which sets out the principles of relevant laws relating to insider trading which are applicable at all times.

Directors, officers and connected persons are expected to observe insider-trading laws at all times even when dealing with securities within the permitted trading period and they are not to deal in the Company's securities on short-term considerations.

INTERESTED PERSON TRANSACTIONS

The Company is required to comply with the requisite rules under Chapter 9 of the Listing Manual of the SGX-ST for interested person transactions. To ensure compliance with Chapter 9, the AC meets half yearly during the financial year of 2020 to review if the Company will be entering into an interested person transaction in order to ensure that the interested person transactions are carried out on normal commercial terms and will not be prejudicial to the interests of the shareholders. There were no interested person transactions entered into by the Group during the year under review.

When a potential conflict of interest arises, the Director concerned does not participate in discussions and refrains from exercising any influence over other members of the Board.

MATERIAL CONTRACTS

There were no material contracts entered into by the Company or any of its subsidiaries involving the interests of any Director or controlling shareholder subsisting at the end of FY2020.

CORPORATE GOVERNANCE STATEMENT

Disclosure applicable to the appointment of Director only.	Dr Chen Seow Phun, John	Dr Tang Cheuk Chee	Mr Lien Kait Long
Please provide details of relevant experience and the nominating committee reasons for not requiring the director to undergo training as prescribed by the Exchange (if applicable).	Has been a director of several public listed companies for many years	Has been a director of two public listed companies for many years	Has been a director of several public listed companies for many years

We are pleased to submit this annual report to the members of the Company together with the audited financial statements for the financial year ended 31 December 2020.

 $\overline{}$

In our opinion:

- (a) the financial statements set out on pages 55 to 121 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2020 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International); and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors has, on the date of this statement, authorised these financial statements for issue.

DIRECTORS

The directors in office at the date of this statement are as follows:

Lien Kait Long Chen Seow Phun, John Loh See Moon Tang Cheuk Chee Cheong Poh Hua Siu Wai Kam Goh Yang Jun, Jasper

DIRECTORS' INTERESTS

According to the register kept by the Company for the purposes of Section 164 of the Act, the particulars of interests of directors who held office at the end of financial year (including those held by their spouses and infant children) in shares, debentures, warrants or share options in the Company and in related corporations are as follows:

	Direct I	nterest	Deemed Interest		
Name of director	At beginning of financial year	At end of financial year	At beginning of financial year	At end of financial year	
Ordinary shares of the Company					
Loh See Moon	23,580,000	23,580,000	_	_	
Cheong Poh Hua [@]	524,000	524,000	260,000	260,000	

^e Cheong Poh Hua's deemed interest arises from shareholding of the Company held by her spouse, Ee Heng Huat.

DIRECTORS' INTERESTS (CONTINUED)

Lien Kait Long	30	30	_	_	

* Tang Cheuk Chee's deemed interest arises from shareholding of the ultimate holding company, collectively held by Sino Diamond International Co., Ltd, Widelead International Limited, and her spouse, Allan Yap.

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, debentures, warrants or share options of the Company, or of related corporations, either at the beginning or at the end of the financial year.

There were no changes in any of the above mentioned interests in the Company between the end of the financial year and 21 January 2021.

Neither at the end of, nor at any time during the financial year, was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

SHARE OPTIONS

During the financial year, there were:

- (i) no options granted by the Company or its subsidiaries to any person to take up unissued shares in the Company or its subsidiaries; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company or its subsidiaries.

As at the end of the financial year, there were no unissued shares of the Company or its subsidiaries under options granted by the Company or its subsidiaries.

AUDIT COMMITTEE

The members of the Audit Committee during the year and at the date of this statement are:

- Lien Kait Long, Non-Executive Chairman and Independent Director
- Chen Seow Phun, John, Deputy Non-Executive Chairman and Independent Director
- Kong WeiLi, Non-Executive and Independent Director (resigned on 18 February 2021)
- Siu Wai Kam, Non-Executive and Independent Director
- Goh Yang Jun, Jasper, Non-Executive and Independent Director

The Audit Committee performs the functions specified in Section 201B of the Act, the Listing Manual of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") and the Code of Corporate Governance.

The Audit Committee has held two (2) meetings since the last directors' statement. In performing its functions, the Audit Committee met with the Company's external and internal auditors to discuss the scope of their work, the results of their examination and evaluation of the Company's internal accounting control system.

The Audit Committee also reviewed the following:

- assistance provided by the Company's officers to the internal and external auditors;
- half yearly financial information and annual financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- interested person transactions (as defined in Chapter 9 of the Listing Manual of the SGX-ST).

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the external auditors and reviews the level of audit and non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the external auditors and has recommended to the Board of Directors that the auditors, KPMG LLP, be nominated for re-appointment as auditors at the forthcoming Annual General Meeting of the Company.

In appointing our auditors for the Company and subsidiaries, we have complied with Rules 712 and 715 of the Listing Manual of the SGX-ST.

AUDITORS

The auditors, KPMG LLP, have indicated their willingness to accept re-appointment.

On behalf of the Board of Directors

Loh See Moon Director

Cheong Poh Hua Director

25 March 2021

MEMBERS OF THE COMPANY TAT SENG PACKAGING GROUP LTD REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Tat Seng Packaging Group Ltd (the "**Company**") and its subsidiaries (the "**Group**"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 December 2020, the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies as set out on pages 55 to 121.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ('SFRS(I)s') so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the 'Auditors' responsibilities for the audit of the financial statements' section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Impairment assessment of property, plant and equipment and intangible assets

(Refer to Note 4 and 6 to the financial statements)

Risk

The market capitalisation of the Group as at 31 December 2020 was S\$94.3 million, which is approximately S\$76.3 million lower than the carrying amount of the net assets of the Group. This is an indicator that the non-current assets held by the Group might be impaired.

As at 31 December 2020, the Group's statement of financial position includes property, plant and equipment and intangible assets held by the Group, which amounted to \$\$85.1 million (2019: \$\$86.2 million).

These non-financial assets are subject to an annual impairment test or more frequently if there are indicators of impairment.

The Group identifies each of its legal entities with operation as individual cash generating units ("CGUs").

The Group performed impairment assessments for each of the CGUs by estimating the recoverable amounts based on the greater of value-in-use method and fair value less costs to sell method. The estimation of the recoverable amount of the CGUs is a highly judgemental process which requires estimation of revenue growth rates, discount rates and future economic conditions.

MEMBERS OF THE COMPANY TAT SENG PACKAGING GROUP LTD

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Our response

We evaluated whether the CGUs were appropriately identified by management based on our understanding of the current business structure of the Group. We assessed the Group's process for identifying indicators of impairment for each of the CGUs.

Value-in-use method

We assessed the reasonableness of the key assumptions used by management in developing the cash flow projections. This included a comparison of rate of revenue growth with historical results and expected market growth. We also performed our own assessment of discount rates, another key input.

Fair value less costs to sell method

We evaluated the qualifications and competence of the external valuer. We considered the valuation methodologies used in the valuations against those applied for similar property types and assessed the reasonableness of the methodology and key assumptions used by the external valuer.

We also reviewed whether the disclosures in the financial statements appropriately described the subjectivity and judgements inherent in the recoverable amount computation, including the inter-relationship between the key unobservable inputs and the recoverable amounts.

Our findings

We found the identification of the CGUs to be reasonable and appropriate.

The key assumptions used for the Group's cash flow projections appears to be cautious. The disclosures are appropriate in terms of their description of the assumptions and estimates made by management and the sensitivity to changes thereon.

The valuer is a member of generally-recognised professional body for valuers. The approach to the methodologies and in deriving the fair value using direct comparison method is in line with market practices and comparable properties used are within range of market data.

Recoverability of trade receivables and bill receivables

(Refer to Note 10, 30 to the financial statements)

Risk

The Group has significant trade receivables and bill receivables in relation to contracts with customers. The customers of the Group would typically request for longer payment terms or issue bill receivables to the Group via their issuing financial institutions, of which some are unrated domestic banks or financial institution. This exposed the Group to a heightened risk of default in respect of trade receivables and bill receivables.

In accordance with SFRS(I) 9 *Financial Instruments*, the Group is required to recognise loss allowances on expected credit losses on financial assets. The determination of the loss allowances requires significant judgement and estimates to determine whether the financial asset is credit impaired, and the best estimate of the ultimate realisation of the amounts receivable from customers and the issuing financial institutions.

MEMBERS OF THE COMPANY TAT SENG PACKAGING GROUP LTD REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Our response

We reviewed the Group's estimation process used in determining the amounts of loss allowance recognised on expected credit losses on financial assets.

On the application of the expected credit loss model, we assessed the Group's estimation techniques and assumptions used to determine the amount of expected credit losses on the trade receivables and bill receivables outstanding as at reporting date.

We evaluated management's assessment on the recoverability of these amounts, corroborating explanations with underlying documentation and correspondences between customers and management, taking into consideration the historical receipt records and credit risk of each customer. We compared the historical allowance for bad debts to the actual amounts written off. We also look at the subsequent receipts for debtors with long outstanding balances.

We also reviewed whether the disclosures in the financial statements appropriately described the subjectivity and judgements inherent in expected credit loss computation, including the inter-relationship between the key unobservable inputs and loss allowance.

Our findings

The Group has a process to assess credit risk and to determine the amounts of loss allowance to be recognised for the expected credit losses on trade receivables and bill receivables.

The judgement and estimate applied by management around the recovery of receivables were relevant under the facts and circumstances currently made available to the Group.

We found the disclosures in describing the areas of judgement and inherent degree of estimation uncertainties involved, to be appropriate.

Other Information

Management is responsible for the other information contained in the annual report. Other information is defined as all information in the annual report other than the financial statements and auditors' report thereon.

We have obtained the Our Mission, Corporate Information, Chairman's Statement, Financial Highlights, Five-Year Financial Summary, Group Structure, Board of Directors, Corporate Governance Statement, Directors' Statement, Land & Buildings, 资产负债表, 合并损益表, and Shareholding Statistics, prior to the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MEMBERS OF THE COMPANY TAT SENG PACKAGING GROUP LTD

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.

MEMBERS OF THE COMPANY TAT SENG PACKAGING GROUP LTD REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

Auditors' responsibilities for the audit of the financial statements (Continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless the law or regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditors' report is Yap Wee Kee.

KPMG LLP *Public Accountants and Chartered Accountants*

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

These notes form an integral part of the financial statements.

The financial statements were authorised for issue by the Board of Directors on 25 March 2021.

1 DOMICILE AND ACTIVITIES

Tat Seng Packaging Group Ltd (the "**Company**") is a company incorporated in the Republic of Singapore. The address of the Company's registered office is 28 Senoko Drive, Singapore 758214.

The financial statements of the Group as at and for the year ended 31 December 2020 comprise the Company and its subsidiaries (together referred to as the "**Group**" and individually as "**Group entities**").

The Group is primarily involved in the manufacturing and sales of corrugated paper products and other packaging products. The principal activities of the subsidiaries are set out in note 7 to the financial statements.

The immediate and ultimate holding company is Hanwell Holdings Limited, incorporated in the Republic of Singapore.

2 BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("**SFRS(I)**"). The related changes to significant accounting policies are described in note 2.5.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as otherwise described in the significant accounting policies below.

2.3 Functional and presentation currency

The financial statements are presented in Singapore dollars which is the Company's functional currency.

2.4 Use of estimates and judgements

The preparation of the financial statements in conformity with SFRS(I)s requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There is no information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2020

2 BASIS OF PREPARATION (CONTINUED)

2.4 Use of estimates and judgements (Continued)

Information about key assumptions and judgements that have a significant risk of resulting in material adjustment within the next financial year are in the following notes:

- Note 4, 6 impairment test: key assumptions underlying recoverable amounts of property, plant and equipment, and intangible assets
- Note 30 measurement of impairment loss relating to financial assets

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. The Corporate Senior Finance Manager has overall responsibility for all significant fair value measurements, including Level 3 fair values, where applicable.

The Corporate Senior Finance Manager regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as property valuation reports, broker quotes or pricing services, is used to measure fair values, then the team assesses and documents the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of SFRS(I), including the level in the fair value hierarchy in the valuations should be classified.

Significant valuation issues are reported to the Group's Audit Committee.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

The Group recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in note 30 – Financial risk management.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

2 BASIS OF PREPARATION (CONTINUED)

2.5 Changes in accounting policies

New standards and amendments

The Group has applied the following SFRS(I)s, amendments to and interpretations of SFRS(I) for the first time for the annual period beginning on 1 January 2020:

- Amendments to References to Conceptual Framework in SFRS(I) Standards
- Definition of a Business (Amendments to SFRS(I) 3)
- Definition of Material (Amendments to SFRS(I) 1 and SFRS(I) 8)
- Interest Rate Benchmark Reform (Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7)

The application of these amendments to standards and interpretations does not have a material effect on the financial statements.

3 SIGNIFICANT ACCOUNTING POLICIES

Except for the changes in accounting policies mentioned in 2.5, the accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by the Group.

3.1 Basis of consolidation

Business combinations

The Group accounts for business combinations using the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred to the Group. In determining whether a particular set of activities and assets is a business, the Group assesses whether the set of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs.

The Group has an option to apply a 'concentration test' that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The optional concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets.

The Group measures goodwill at the date of acquisition as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests (NCI) in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the pre-existing equity interest in the acquiree,

over the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed. Any goodwill that arises is tested annually for impairment.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Basis of consolidation (Continued)

Business combinations (Continued)

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration payable is recognised at fair value at the date of acquisition and included in the consideration transferred. If the contingent consideration that meets the definition of a financial instrument is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

NCI that are present ownership interests and entitle their holders to a proportionate share of the acquiree's net assets in the event of liquidation are measured either at fair value or at the NCI's proportionate share of the recognised amounts of the acquiree's identifiable net assets, at the date of acquisition. The measurement basis taken is elected on a transaction-by-transaction basis. All other NCI are measured at acquisition-date fair value, unless another measurement basis is required by SFRS(I)s.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as transactions with owners in their capacity as owners and therefore no adjustments are made to goodwill and no gain or loss is recognised in profit or loss. Adjustments to NCI arising from transactions that do not involve the loss of control are based on a proportionate amount of the net assets of the subsidiary.

Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group. Losses applicable to the NCI in a subsidiary are allocated to the NCI even if doing so causes the NCI to have a deficit balance.

Loss of control

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any NCI and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.1 Basis of consolidation (Continued)

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intragroup transactions, are eliminated in preparing the consolidated financial statements. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

Subsidiaries in the separate financial statements

Investments in subsidiaries are stated in the Company's statement of financial position at cost less accumulated impairment losses.

3.2 Foreign currency

Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the functional currency at the exchange rate at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the year, adjusted for effective interest and payments during the year, and the amortised cost in foreign currency translated at the exchange rate at the end of the year.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognised in profit or loss, except for the following differences which are recognised in other comprehensive income (OCI) arising on the translation of:

- an investment in equity securities designated as at fair value through OCI (FVOCI); or
- qualifying cash flow hedges to the extent the hedge is effective.

Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated to Singapore dollars at exchange rates at the reporting date. The income and expenses of foreign operations are translated to Singapore dollars at exchange rates at the dates of the transactions.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.2 Foreign currency (Continued)

Foreign operations (Continued)

Foreign currency differences are recognised in OCI. However, if the foreign operation is a non-whollyowned subsidiary, then the relevant proportionate share of the translation difference is allocated to the NCI. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to NCI. When the Group disposes of only part of its investment in an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

When the settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item that are considered to form part of a net investment in a foreign operation are recognised in OCI, and are presented in the translation reserve in equity.

3.3 Property, plant and equipment

Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of selfconstructed assets includes:

- the cost of materials and direct labour;
- any other costs directly attributable to bringing the asset to a working condition for their intended use;
- when the Group has an obligation to remove the asset or restore the site, an estimate of the costs of dismantling and removing the items and restoring the site on which they are located; and
- capitalised borrowing costs.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment (calculated as the difference between the net proceeds from disposal and the carrying amount of the item) is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.3 Property, plant and equipment (Continued)

Recognition and measurement (Continued)

Subsequent costs

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed and if a component has a useful life that is different from the remainder of that asset, that component is depreciated separately.

Depreciation is recognised as an expense in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment, unless it is included in the carrying amount of another asset. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Construction and installation in progress are not depreciated.

Depreciation is recognised from the date that the property, plant and equipment are installed and are ready for use.

The estimated useful lives for the current and comparative years are as follows:

Leasehold land	50 years
Leasehold buildings	20 years
Plant and machinery	5 - 10 years
Furniture and fittings	3 - 131/3 years
Motor vehicles	5 – 8 years

Depreciation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.4 Intangible assets

Goodwill

Goodwill that arises upon the acquisition of subsidiaries is included in intangible assets. For the measurement of goodwill at initial recognition, see note 3.1. Subsequent to initial recognition, goodwill is measured at cost less accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.4 Intangible assets (Continued)

Other intangible assets

Other intangible assets that are acquired by the Group and have a finite useful life are measured at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is calculated based on the cost of the asset, less its residual value. Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use.

The estimated useful life is as follows:

Club membership 29 years

Amortisation methods, useful lives and residual values are reviewed at the end of each reporting period and adjusted if appropriate.

3.5 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is measured on a specific identification basis, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

3.6 Financial instruments

(i) Recognition and initial measurement

Non-derivative financial assets and financial liabilities

Trade receivables issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

(ii) Classification and subsequent measurement

Non-derivative financial assets

On initial recognition, a financial asset is classified as measured at: amortised cost or FVTPL.

Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at FVTPL

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Group makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Group's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Non-derivative financial assets (Continued)

Financial assets: Business model assessment (Continued)

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group's continuing recognition of the assets.

Financial assets that are held-for-trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Non-derivative financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

(ii) Classification and subsequent measurement (Continued)

Non-derivative financial assets: Subsequent measurement and gains and losses

 \sim

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial assets at FVTPL

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Non-derivative financial liabilities: Classification, subsequent measurement and gains and losses

The Group classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are initially measured at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortised cost using the effective interest method.

Other financial liabilities comprise loans and borrowings and trade and other payables.

(iii) Derecognition

Financial assets

The Group derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
 - it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

(iii) **Derecognition** (Continued)

Financial assets (Continued)

Transferred assets are not derecognised when the Group enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Group also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(v) Cash and cash equivalents

Cash and cash equivalents comprise cash balances and short-term deposits with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value, and are used by the Group in the management of its short-term commitments.

For the purpose of the consolidated statement of cash flows, pledged deposits are excluded whilst bank overdrafts that are repayable on demand and that form an integral part of the Group's cash management are included in cash and cash equivalents.

(vi) Derivative financial instruments and hedge accounting

The Group holds derivative financial instruments to hedge its foreign currency exposures. Embedded derivatives are separated from the host contract and accounted for separately if the host contract is not a financial asset and certain criteria are met.

Derivatives are initially measured at fair value and any directly attributable transaction costs are recognised in profit or loss as incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in profit or loss.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

(vi) Derivative financial instruments and hedge accounting (Continued)

The Group designates certain derivatives as hedging instruments in qualifying hedging relationships. At inception of designated hedging relationships, the Group documents the risk management objective and strategy for undertaking the hedge. The Group also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges

The Group designates certain derivatives as hedging instruments to hedge the variability in cash flows associated with highly probable forecast transactions arising from changes in foreign exchange rates.

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the hedging reserve. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in profit or loss.

When the hedged forecast transaction subsequently results in the recognition of a non-financial item such as inventory, the amount accumulated in the hedging reserve and the cost of hedging reserve is included directly in the initial cost of the non-financial item when it is recognised.

For all other hedged forecast transactions, the amount accumulated in the hedging reserve and the cost of hedging reserve is reclassified to profit or loss in the same period or periods during which the hedged expected future cash flows affect profit or loss.

If the hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is terminated or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in the hedging reserve and the cost of hedging reserve remains in equity until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost on its initial recognition or, for other cash flow hedges, it is reclassified to profit or loss in the same period or periods as the hedged expected future cash flows affect profit or loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in the hedging reserve and the cost of hedging reserve are immediately reclassified to profit or loss.

(vii) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.6 Financial instruments (Continued)

(viii) Intra-group financial guarantees in the separate financial statements

Financial guarantees are financial instruments issued by the Company that require the issuer to make specified payments to reimburse the holder for the loss it incurs because a specified debtor fails to meet payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantees issued are initially measured at fair value. Subsequently, they are measured at the higher of the loss allowance determined in accordance with SFRS(I) 9 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15.

ECLs are a probability-weighted estimate of credit losses. ECLs are measured for financial guarantees issued as the expected payments to reimburse the holder less any amounts that the Company expects to recover.

Loss allowances for ECLs for financial guarantees issued are presented in the Company's statement of financial position as 'loans and borrowings'.

3.7 Impairment

(i) Non-derivative financial assets

The Group recognises loss allowances for ECLs on:

- financial assets measured at amortised costs; and
- intra-group financial guarantee contracts (FGC).

Loss allowances of the Group are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from default events that are possible within the 12 months after the reporting date (or for a shorter period if the expected life of the instrument is less than 12 months); or
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

Simplified approach

The Group applies the simplified approach to provide for ECLs for all trade receivables. The simplified approach requires the loss allowance to be measured at an amount equal to lifetime ECLs.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment (Continued)

(i) Non-derivative financial assets (Continued)

General approach

The Group applies the general approach to provide for ECLs on all other financial instruments and FGCs. Under the general approach, the loss allowance is measured at an amount equal to 12-month ECLs at initial recognition.

At each reporting date, the Group assesses whether the credit risk of a financial instrument has increased significantly since initial recognition. When credit risk has increased significantly since initial recognition, loss allowance is measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and includes forward-looking information.

If credit risk has not increased significantly since initial recognition or if the credit quality of the financial instruments improves such that there is no longer a significant increase in credit risk since initial recognition, loss allowance is measured at an amount equal to 12-month ECLs.

The Group considers a financial asset to be in default when the debtor is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held).

The Company considers a FGC to be in default when the debtor of the loan is unlikely to pay its credit obligations to the creditor and the Company in full, without recourse by the Company to actions such as realising security (if any is held).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

Measurement of ECLs

ECLs are probability-weighted estimates of credit losses. Credit losses are measured at the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Group expects to receive). ECLs are discounted at the effective interest rate of the financial asset.

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment (Continued)

(i) Non-derivative financial assets (Continued)

Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the debtor or issuer;
- a breach of contract such as a default;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- it is probable that the debtor will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Presentation of allowance for ECLs in the statement of financial position

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of these assets.

Loss allowances for FGC are recognised as financial liability to the extent that they exceed the initial carrying amount of the FGC less the accumulated income recognised.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.7 Impairment (Continued)

(i) Non-derivative financial assets (Continued)

Non-financial assets

The carrying amounts of the Group's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts are estimated. For goodwill, the recoverable amount is estimated each year at the same time. An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit (CGU) exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Subject to an operating segment ceiling test, for the purposes of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment testing is performed reflects the lowest level at which goodwill is monitored for internal reporting purposes. Goodwill acquired in a business combination is allocated to groups of CGUs that are expected to benefit from the synergies of the combination.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the CGU (group of CGUs), and then to reduce the carrying amount of the other assets in the CGU (group of units) on a *pro rata* basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.8 Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.9 Government grants

Government grants are recognised initially as deferred income at their fair value where there is reasonable assurance that they will be received and the Group will comply with the conditions associated with the grants. These grants are then recognised in profit or loss as 'other income' on a systematic basis over the useful life of the asset. Grants that compensate the Group for expenses incurred are recognised in profit or loss as 'other income' on a systematic basis over the useful life of the asset. Grants that compensate the Group for expenses incurred are recognised in profit or loss as 'other income' on a systematic basis in the same periods in which the expenses are recognised.

3.10 Employee benefits

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

Retirement benefits

In accordance with the regulations of the People's Republic of China (the "**PRC**") Government, the subsidiaries are required to contribute employee retirement benefits to the relevant authority. The contributions are calculated based on directives issued by the relevant authority and are charged to profit or loss when incurred.

Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to the employees. The estimated liability for leave is recognised for services rendered by employees up to the reporting date.

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.11 Revenue

Goods sold

Revenue from sale of goods in the ordinary course of business is recognised when the Group satisfies a performance obligation (PO) by transferring control of a promised good to the customer. The amount of revenue recognised is the amount of the transaction price allocated to the satisfied PO.

The transaction price is allocated to each PO in the contract on the basis of the relative standalone selling prices of the promised goods. The individual standalone selling price of a good that has not previously been sold on a standalone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods with observable standalone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations.

The transaction price is the amount of consideration in the contract to which the Group expects to be entitled in exchange for transferring the promised goods. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component. Consideration payable to a customer is deducted from the transaction price if the Group does not receive a separate identifiable benefit from the customer. When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved.

3.12 Finance income and finance costs

Finance income and finance costs include:

- interest income; and
- interest expense on borrowings.

Interest income or expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.13 Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a lessee

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property, the Group has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right-of-use asset reflects that the Group will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses, except for right-of-use assets that meet the definition of investment property are carried at fair value.

The lease terms of the right-of-use assets are as follows:

Leasehold land and buildings	15 – 40 years
Plant and machinery	1 – 3 years
Office equipment	5 years

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.13 Leases (Continued)

(i) As a lessee (Continued)

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for leases of lowvalue assets and short-term leases. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

3.14 Tax

Tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

The Group has determined that interest and penalties related to income taxes, including uncertain tax treatments, do not meet the definition of income taxes, and therefore accounted for them under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*.

Current tax is the expected tax payable or receivables on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any.

Current tax assets and liabilities are offset only if certain criteria are met.

YEAR ENDED 31 DECEMBER 2020

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.14 Tax (Continued)

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

The measurement of deferred taxes reflects the tax consequences that would follow the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date, and reflects uncertainty related to income taxes, if any.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on the reversal of relevant taxable temporary differences. If the amount of taxable temporary differences is insufficient to recognise a deferred tax asset in full, then future taxable profits, adjusted for reversals of existing temporary differences, are considered, based on the business plans for the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

In determining the amount of current and deferred tax, the Group takes into account the impact of uncertain tax positions and whether additional taxes and interest may be due. The Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of many factors, including interpretations of tax law and prior experience. This assessment relies on estimates and assumptions and may involve a series of judgements about future events. New information may become available that causes the Group to change its judgement regarding the adequacy of existing tax liabilities; such changes to tax liabilities will impact tax expense in the period that such a determination is made.

3 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3.15 Earnings per share

The Group presents basic and diluted earnings per share data for its ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted-average number of ordinary shares outstanding during the year, adjusted for own shares held. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted-average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

3.16 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. All operating segments' operating results are reviewed regularly by the Group's Chief Executive Officer to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Group's Chief Executive Officer include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment and intangible assets other than goodwill.

3.17 Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event(s) not wholly within the control of the Group. Contingent liabilities and assets are not recognised in the statement of financial position of the Group.

3.18 New standards and interpretations not yet adopted

A number of new standards, interpretations and amendments to standards are effective for annual periods beginning after 1 January 2020 and earlier application is permitted; however, the Group has not early adopted the new or amended standards and interpretations in preparing these financial statements.

The following new SFRS(I)s, interpretations and amendments to SFRS(I)s are not expected to have a significant impact on the Group's consolidated financial statements and the Company's statement of financial position.

- SFRS(I) 17 Insurance Contracts
- Classification of Liabilities as Current or Non-current (Amendments to SFRS(I) 1)
- Covid-19-Related Rent Concessions (Amendment to SFRS(I) 16)
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to SFRS(I) 10 and SFRS(I)1-28)
- Reference to the Conceptual Framework (Amendments to SFRS(I) 3)
- Property, Plant and Equipment Proceeds before Intended Use (Amendments to SFRS(I) 1-16)
- Onerous Contracts Costs of Fulfilling a Contract (Amendments to SFRS(I) 1-37)
- Annual Improvements to SFRS(I)s 2018 2020

YEAR ENDED 31 DECEMBER 2020

4 PROPERTY, PLANT AND EQUIPMENT

	44,424,641	49,075,591	

4 **PROPERTY, PLANT AND EQUIPMENT** (CONTINUED)

Impairment losses of property, plant and equipment

In 2020, the Group carried out a review of the recoverable amounts of property, plant and equipment. This review led to the recognition of impairment losses of \$Nil (2019: \$6,406) arising from the obsolescence of equipment.

The recoverable amounts of the property, plant and equipment is the greater of its value-in-use and its fair value less costs of disposal. Cash flow projections used in these calculations were over a period of 5 to 20 years (2019: 5 to 20 years), based on the 2021 financial budget approved by management.

The approach to determine the recoverable amounts of the CGUs is categorised as follows:

- CGUs that are loss making or marginally profitable but are expected to be able to generate economic benefits. The recoverable amounts of the CGUs have been determined based on fair value less costs of disposal of the assets. The fair value less costs of disposal is based on market valuation performed by independent valuers with experience in the location and category of the land and building being valued.
- The recoverable amount of all other CGUs have been determined based on the calculation of their valuein-use derived from management's cash flows projections for these CGUs.

Value-in-use

Key assumptions used in the estimation of value-in-use were as follows:

	2020 %	2019 %
Revenue growth rate		
Singapore	3	2
People's Republic of China	8 – 9	6 - 8
Pre-tax discount rate		
Singapore	11	11
People's Republic of China	13 – 21	12 – 21

The Group considers the asset impairment assessment that requires extensive application of judgements and estimates by management.

The forecasted revenue growth rate is estimated based on past performance and the expectations of market developments. The discount rates are a pre-tax measure estimated based on the weighted average cost of capital of comparable companies. The Group believes that any reasonably possible change in the above key assumptions is not likely to materially cause the recoverable amount to be lower than its carrying amount.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2020

4 **PROPERTY, PLANT AND EQUIPMENT** (CONTINUED)

Impairment losses of property, plant and equipment (Continued)

Fair value less costs of disposal

The fair value measurement is categorised as level 3 under the fair value hierarchy (see note 2.4). Details of valuation techniques and key inputs used for the estimation of the recoverable amounts of CGU based on fair value less costs of disposal:

Туре	Valuation technique	Significant unobservable inputs
Long term leasehold land	Comparison Method of Valuation	Comparing the property with comparable properties which have been sold and making adjustments for factors which affect value such as location and accessibility, market conditions, size, shape and terrain of land.
Long term leasehold building and plant and machinery	Depreciated Replacement Cost Method	Aggregated amount of gross replacement cost of the building and plant and machinery from which appropriate deductions may then be made for the age, condition, economic or functional obsolescence and environmental factors.

At 31 December 2020	1,116,729	-	1,116,729	-

Annual impairment tests for cash-generating units containing goodwill

For the purpose of impairment testing, goodwill is allocated to the Group's CGU identified as included in the following reportable segment:

	Group		
	2020 \$	2019 \$	
Singapore People's Republic of China	17,684	17,684	
– Hefei Dansun Packaging Co., Ltd	624,549	594,224	
- Nantong group of entities	474,496	451,456	
	1,116,729	1,063,364	

The recoverable amount of the CGU is determined annually based on value-in-use calculations. These calculations use cash flow projections over a period of 5 years (2019: 5 years) based on the 2021 financial budget approved by management.

6 INTANGIBLE ASSETS (CONTINUED)

Annual impairment tests for cash-generating units containing goodwill (Continued)

For the purpose of analysing each CGU, management used the following key assumptions:

	2020 %	2019 %
Revenue growth rate		
Singapore	3	2
People's Republic of China	8 - 9	6 - 8
Pre-tax discount rate		
Singapore	14	15
People's Republic of China	18 – 19	16 – 19

The forecasted revenue growth rate is estimated based on past performance and the expectations of market developments relevant to each of the CGU. The discount rates are a pre-tax measure estimated based on the weighted average cost of capital of comparable companies. The Group believes that any reasonably possible change in the above key assumptions is not likely to materially cause the recoverable amount to be lower than its carrying amount.

7 INVESTMENT IN SUBSIDIARIES

	Company		
	2020	2019	
	\$	\$	
Equity investments at cost	29,320,868	29,320,868	
Less: Accumulated impairment loss		(335,992)	
	29,320,868	28,984,876	

As at 31 December 2020, a reversal of impairment loss of \$335,992 (2019: \$478,336) was made as the recoverable amount of the investment in Tianjin Dansun was assessed to be higher than the prior year. The reason for the higher recoverable amount is due to the improvement in business environment in Tianjin. The recoverable amount of the investment was estimated using the fair value less costs of disposal approach. The fair values of the underlying assets were estimated based on their estimated selling prices and the fair value of the underlying liabilities based on the estimated cash outflows to settle the obligations.

As at 31 December 2020, the recoverable amounts of all other equity investments were assessed to be higher than their carrying amounts. The recoverable amounts of those investments were estimated using the value in use approach.

Deferred tax assets	(1,778,475)	(2,080,111)				

Unrecognised deferred tax assets

Deferred tax assets have not been recognised in respect of the following items:

	Gro	Group		
	2020	2019		
	\$	\$		
Unutilised tax losses	975,083	950,704		

The unutilised tax losses are subject to agreement by the tax authorities and compliance with tax regulations in the respective countries in which certain subsidiaries operate. Deferred tax assets have not been recognised in respect of these items because it is not probable that future taxable profit will be available against which the subsidiaries concerned can utilise the benefit. Tax losses of the subsidiaries concerned amounting to \$975,083 (2019: \$950,704) will expire between 2024 and 2025 (2019: 2024).

Unrecognised temporary differences relating to investments in subsidiaries

As at 31 December 2020, deferred tax liabilities of \$1,383,480 (2019: \$845,156)/temporary differences of \$27,669,592 (2019: \$16,903,120) arising from undistributed earnings of certain subsidiaries of the Group were not recognised as the Group has determined that the undistributed profits of its overseas subsidiaries will not be remitted to Singapore in the foreseeable future, but be retained for organic growth and acquisitions.

Hedging reserve	(3,319)			
	14,853,328	8,405,011		_

- (i) The foreign currency translation reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations.
- (ii) The statutory reserves of certain subsidiaries.

In accordance with the Foreign Enterprise Law applicable to the companies in the PRC, subsidiaries of the Group are required to make appropriation to statutory reserve fund (SRF). At least 10% of the statutory after tax profits as determined in accordance with the applicable PRC accounting standards and regulations must be allocated to the SRF until the cumulative total of the SRF reaches 50% of the subsidiaries' registered capital. Subject to approval from the relevant PRC authorities, the SRF may be used to offset any accumulated losses or increase the registered capital of the subsidiaries. The SRF is not available for dividend distribution to shareholders. Appropriation to SRF for subsidiaries that are not wholly-owned are at the discretion of the Board of Directors.

- (iii) The capital reserve comprises:
 - the capitalisation of retained earnings of a subsidiary of the Group. The subsidiary capitalised its retained earnings in 2002 and 2005 in view of its expansion plans.
 - the difference between the amount by which non-controlling interests are adjusted and the fair value of the consideration paid arising from acquisition of non-controlling interests in a subsidiary.
- (iv) The hedging reserve comprises the effective portion of the cumulative net change in the fair value of hedging instruments used in cash flows hedges pending subsequent recognition in profit or loss as the hedged cash flows affect profit or loss.

Tianjin Dansun Packaging Co., Ltd	2019 – 2021
Hefei Dansun Packaging Co., Ltd	2019 – 2021 (Renew)

YEAR ENDED 31 DECEMBER 2020

24 **EARNINGS PER SHARE**

Basic earnings per share amounts are calculated by dividing profit for the year, net of tax, attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

Diluted earnings per share amounts are calculated by dividing profit for the year, net of tax, attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

The following tables reflect the profit and loss and share data used in the computation of basic and diluted earnings per share for the years ended 31 December:

	Group	
	2020 \$	2019 \$
Profit, net of tax, attributable to owners of the Company	23,133,674	14,336,604
	No. of	shares
Weighted average number of ordinary shares for basic and diluted earnings per share computation	157,200,000	157,200,000

As there are no share options and warrants in issue as at the financial year end, the basic and fully diluted earnings per share are the same.

DIVIDENDS 25

The following exempt (one-tier) dividends were declared and paid by the Group and Company:

For the year ended 31 December

	Group and 2020 \$	Company 2019 \$
Paid by the Company to owner of the Company	Ψ	Ψ
Final exempt (one-tier) dividend at \$0.01 (2019: \$0.02) per ordinary share in respect of the previous financial year Interim exempt (one-tier) dividend at \$0.01 (2019: \$0.01) per ordinary share	1,572,000	3,144,000
in respect of the current financial year	1,572,000	1,572,000

Total compensation paid to Executive Directors of the Company, included in staff costs	5,297,139	4,121,620

The management considers that there were no key management personnel other than the Executive Directors.

28 COMMITMENTS

Capital commitments

Capital expenditure contracted for as at the reporting date but not recognised in the financial statements are as follows:

	Gro	pup	Comp	any
	2020 \$	2019 \$	2020 \$	2019 \$
Capital commitments in respect of purchase of property, plant and equipment	3,226,103	3,395,198	472,773	308,075

Corporate guarantees

At the reporting date, the Company provided corporate guarantees amounting to \$46,016,409 (2019: \$49,698,573) to banks for banking facilities of \$50,016,409 (2019: \$53,698,573) made available to its subsidiaries, of which the subsidiaries has utilised \$23,763,103 (2019: \$18,267,662). The Company does not consider it probable that a claim will be made against the Company under the guarantee.

29 LEASES

Leases as lessee (SFRS(I) 16)

The Group leases land and buildings, plant and machinery and office equipment. The lease period of the leases is disclosed in note 3.13. Some leases provide for additional rent payments that are based on changes in local price indices.

Information about leases for which the Group is a lessee is presented below and right-of-use assets as disclosed in note 5.

YEAR ENDED 31 DECEMBER 2020

29 LEASES (CONTINUED)

Amounts recognised in profit or loss

	2020 \$	2019 \$
Leases under SFRS(I) 16		
Interest on lease liabilities	174,742	242,337
Expenses relating to short-term leases	468,148	669,221

Amounts recognised in statement of cash flows

	2020 \$	2019 \$
Payment of lease liabilities	1,868,622	1,715,726
Interest on lease liabilities	174,742	242,337
Total cash outflow for leases	2,043,364	1,958,063

Extension options

One of the leased property's agreement contains 5 years extension option to be exercisable by the Company before the expiry of the lease term and the lease rental price of the extension period to be determined in accordance with the prevailing market rate. The Group has not included the extension option in the computation of the right-of-use and lease liabilities for this particular lease as the Group is still assessing the various alternatives other than to exercise the lease option.

30 FINANCIAL RISK MANAGEMENT

Overview

The Group has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and control is achieved.

Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's maximum exposure to credit risk arises primarily from trade receivables, bill receivables and other receivables.

Credit risk is managed through the application of credit approvals, credit limits and monitoring procedures. For other financial assets (including cash and cash equivalents), the Group minimises credit risk by dealing with reputable counterparties. As at 31 December 2020, the Group's concentration of credit risk by geographical locations is in Singapore and the PRC.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

30 FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk (Continued)

Trade receivables, bill receivables and other receivables

Risk management policy

The Group has a credit policy in place which establishes credit limits for customers and monitors their balances on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount.

 \sim

The Group establishes an allowance for impairment that represents its expected losses in respect of trade receivables and bill receivables.

Credit risk relating to trade receivables and bill receivables are limited due to the Group's many varied customers and counterparties. These customers and counterparties are engaged in a wide spectrum of activities, and sell in a variety of end markets.

The Group determines concentration of credit risk by monitoring the credit terms of its trade receivables and bills receivables to each customers and counterparties and in each countries on an on-going basis. The credit risk concentration profile of the Group's trade receivables, bills receivables and other receivables^{**} by country at the reporting date is as follows:

	2020	2020	2019	2019
	\$	%	\$	%
Singapore	13,085,030	13	9,928,359	11
PRC	86,155,015	87	79,295,358	89
	99,240,045	100	89,223,117	100

Impairment losses

The ageing of trade receivables, bills receivables and other receivables^{**} that are not impaired at the reporting date is:

	2020 \$	2019 \$
Group		
Not past due	92,120,600	82,381,331
Past due 1 – 90 days	5,661,883	5,660,398
Past due 91 – 180 days	21,096	96,388
More than 180 days	-	_
No credit term	1,436,466	1,085,600
	99,240,045	89,223,717
Company		
Not past due	4,418,761	3,395,489
Past due 1 – 90 days	5,865	1,007,374
Past due 91 - 180 days	-	_
More than 180 days	-	_
No credit term	5,941,126	127,848
	10,365,752	4,530,711

** excludes prepayments, advances to suppliers and VAT/GST receivables

YEAR ENDED 31 DECEMBER 2020

30 FINANCIAL RISK MANAGEMENT (CONTINUED)

Impairment losses (Continued)

The management has implemented a credit risk policy to monitor and manage the credit risk arising from trade receivables, bill receivables and other receivables. The policy includes an analysis considering both quantitative and qualitative information in determining the ECL of the trade receivables, bill receivables and other receivables. The ECL for bill receivables is considered immaterial after taking into consideration of the credit risk assessment and historical default rates.

The movements in impairment losses in respect of trade receivables, bill receivables and other receivables during the year are as follows:

	Group		Company	
	2020 \$	2019 \$	2020 \$	2019 \$
At 1 January	344,686	427,544	-	_
(Reversal of allowance)/allowance for impairment losses of trade and other				
receivables (net)	(88,195)	46,495	94,587	_
Amounts written off	-	(119,128)	-	_
Exchange differences	14,761	(10,225)		
At 31 December	271,252	344,686	94,587	_

Trade receivables, bill receivables and other receivables that are individually determined to be impaired at the reporting date relate to debtors that are in significant financial difficulties and have defaulted on payments. These receivables are not secured by any collateral or credit enhancements.

Trade receivables, bill receivables and other receivables that are neither past due nor impaired are creditworthy debtors with good payment record with the Group.

Cash and cash equivalents

The Group and the Company held cash and cash equivalents of \$72,089,529 and \$14,504,327 respectively at 31 December 2020 (2019: \$51,842,338 and \$11,250,619 respectively). These figures represent their maximum credit exposures on these assets. Cash and cash equivalents are placed with reputable financial institutions with high credit ratings.

The Group considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties. The amount of the allowance on cash and cash equivalents is negligible.

Amounts due from subsidiaries

The Company held non-trade receivables, mainly comprising of dividends receivables, from its subsidiaries of \$5,732,602 (2019: \$Nil). These balances unsecured, interest-free and have no fixed terms of repayment. The amounts are classified as current as the Company expects to receive payment within the next 12 months. There is no allowance for doubtful debts arising from these outstanding balances and the ECL is not material.

YEAR ENDED 31 DECEMBER 2020

30 FINANCIAL RISK MANAGEMENT (CONTINUED)

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds. Liquidity risk arises in the general funding of the Group's operating activities. It includes the risk of not being able to fund operating activities at settlement dates and liquidate positions in a timely manner at a reasonable price.

The Group manages its liquidity risk by ensuring the availability of funding through diverse sources of committed and uncommitted credit facilities from various banks and maintaining adequate cash and cash equivalents.

The following are the expected contractual undiscounted cash outflows of financial liabilities, including interest payments and excluding the impact of netting agreements:

	Carrying amount \$	Contractual cash flows \$	Within 1 year \$	After 1 year but within 5 years \$	More than 5 years \$

* excludes VAT/GST payables and accrued staff remuneration

The maturity analyses show the contractual undiscounted cash flows of the Group and the Company's financial liabilities on the basis of their earliest possible contractual maturity. The cash inflows/(outflows) disclosed relate to those instruments held for risk management purposes and which are usually not closed out prior to contractual maturity. The disclosure shows net cash flow amounts for derivatives that are net cash-settled and gross cash inflow and outflow amounts for derivatives that have simultaneous gross cash settlement e.g. forward exchange contracts.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

30 FINANCIAL RISK MANAGEMENT (CONTINUED)

Market risk

Market risk is the risk that changes in market prices, such as interest rates and foreign exchange rates will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risks arise primarily from their loans and borrowings. The Group's policy is to maintain the bank borrowings to the minimum, and to obtain the most favourable interest rates available.

Surplus funds in the Group are placed in deposits with banks and are subject to interest rate risk.

At the reporting date, the interest rate profile of the interest-bearing financial instruments was:

	Group		Comp	any
	2020	2019	2020	2019
	\$	\$	\$	\$
Fixed rate instruments				
Financial assets	11,500,000	9,000,000	11,500,000	9,000,000
Financial liabilities	(10,563,380)	(12,718,587)	(2,640,930)	(4,337,495)
	936,620	(3,718,587)	8,859,070	4,662,505
Variable rate instruments				
Financial assets	53,355,924	38,760,390	24,980	39,624
Financial liabilities	(16,919,176)	(18,240,421)		
	36,436,748	20,519,969	24,980	39,624

Fair value sensitivity analysis for fixed rate instruments

The Group does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, in respect of the fixed rate instruments, a change in interest rates at the reporting date would not affect the profit or loss.

YEAR ENDED 31 DECEMBER 2020

30 FINANCIAL RISK MANAGEMENT (CONTINUED)

Interest rate risk (Continued)

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased/(decreased) profit or loss (before any tax effects) by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for 2019.

	Profit or loss			
	Gro	up	Com	bany
	100 bp	100 bp	100 bp	100 bp
	increase \$	decrease \$	increase \$	decrease \$
2020 Variable rate instruments	364,367	(364,367)	250	(250)
2019 Variable rate instruments	205,200	(205,200)	396	(396)

Currency risk

The Group is exposed to foreign exchange risk on sales, purchases and investments, including inter-company sales and purchases and inter-company balances that are denominated in a currency other than the functional currency of the respective companies in the Group. The currency giving rise to this risk is primarily the United States dollar.

Foreign currencies received are kept in foreign currency bank accounts and are used to make foreign currency payments so as to minimise the foreign exchange exposure. The Group is also exposed to currency translation risk arising from its net investments in PRC. The Group's net investments in PRC are not hedged as currency positions in RMB is considered long-term in nature.

The Group's exposures to foreign currencies (before inter-company elimination) are as follows:

	2020		2019	
	US Dollars ("USD") \$	Others \$	US Dollars ("USD") \$	Others \$
Group				
Trade and other receivables	8,847,551	-	5,299,987	_

Financial instruments measured at fair value

Туре	Valuation technique	unobservable inputs
Forward exchange contracts	Market comparison technique: The fair values are based on broker quotes. Similar contracts are traded in an active market and the quotes reflect the actual transactions in similar instruments.	Not applicable.

Financial instruments not measured at fair value

Туре	Valuation technique	unobservable inputs
Other financial liabilities*	<i>Discounted cash flows</i> : The valuation model considers the present value of expected payment discounted using a risk-adjusted discounted rate.	Not applicable.

* Other financial liabilities include loan from non-controlling interests, secured and unsecured bank loans.

During the financial years ended 31 December 2020 and 31 December 2019, there were no transfers between Level 1 and Level 2.

31 CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholders value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payments to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 December 2020 and 2019.

As disclosed in note 13, subsidiaries of the Group are required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilisation is subject to approval by the relevant PRC authorities. This externally imposed capital requirement has been complied with by the above-mentioned subsidiaries for the financial years ended 31 December 2020 and 2019.

The Group monitors capital using net debt to total capital ratio. The Group includes within net debt, loans and borrowings, trade and other payables, less cash and cash equivalents. Capital includes equity attributable to the owners of the Company less the hedging reserve and the above mentioned restricted statutory reserve funds.

YEAR ENDED 31 DECEMBER 2020

33 SEGMENT INFORMATION

The Group has two reportable segments which are geographical segments namely Singapore and PRC. These geographical segments are managed separately because they require different marketing strategies and bear different financial and business risks.

Geographical segments are defined based on the location of the Group's assets. Sales to external customers disclosed in geographical segments are based on the geographical location of its customers. These operating businesses are organised and managed separately with each segment representing a strategic business unit that serves different markets.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly income tax and deferred tax assets and liabilities. Segment revenue, expenses and results include transfers between business segments. These transfers are eliminated on consolidation.

NOTES TO THE FINANCIAL STATEMENTS YEAR ENDED 31 DECEMBER 2020

34 COVID-19 PANDEMIC

On 11 March 2020, the World Health Organisation declared the 2019 Novel Coronavirus ("**Covid-19**") outbreak a pandemic. The spread of Covid-19 has created a high level of uncertainty to the near-term global economic prospects and caused disruptions to various businesses. The Group is taking precautionary measures to deal with the Covid-19 outbreak in accordance with guidelines provided by the Singapore and China authorities. The Covid-19 outbreak is not expected to have a significant impact on the Group.

35 SUBSEQUENT EVENT

On 26 February 2021, the board of directors of the Group announced that the Company is evaluating the feasibility of a possible spin-off and listing of Tat Seng Packaging (Suzhou) Co., Ltd. and the other subsidiaries of the Group incorporated in the People's Republic of China ("**PRC**") (the "**PRC Business**") on a suitable stock exchange to be determined by the Company ("**Proposed Spin-off**"). The PRC Business comprises the operating businesses in the PRC under Tat Seng Packaging (Suzhou) Co., Ltd. and the other PRC subsidiaries of the Group, which is organised and managed separately from the Group's operating businesses in Singapore.

Contingent upon the passing of Ordinary Resolution 8 and pursuant to Rule 210(5)(d)(iii) of the Listing Manual of 9. the SGX-ST which will take effect from 1 January 2022, Shareholders, excluding the directors, the chief executive officer and their associates, to approve the continued appointment of Mr Lien Kait Long as an Independent Director, and that upon due approval, the approval shall remain in force until the earlier of: (a) the retirement or resignation of the Director; or (b) the conclusion of the third AGM from the aforesaid approval.

[See Explanatory Note (v)]

10. To approve the payment of Directors' fees of up to S\$230,000 for the financial year ending 31 December 2021 to be paid half yearly in arrears (FY2020: S\$214,500).

[See Explanatory Note (vi)]

To re-appoint Messrs KPMG LLP, Certified Public Accountants, as Auditors of the Company and to authorise 11. the Directors of the Company to fix their remuneration.

(Resolution 11)

12. To transact any other ordinary business which may properly be transacted at an Annual General Meeting.

AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following Resolution with or without amendments as Ordinary Resolution:

13 Authority to issue shares

That pursuant to Section 161 of the Companies Act, Cap. 50 (the "Companies Act") and Rule 806 of the Listing Manual of the SGX-ST, authority be and is hereby given to the Directors of the Company to:

- (a) (i) issue shares in the capital of the Company ("Shares") whether by way of rights, bonus or otherwise; and/or
 - make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued, including but not limited to the creation and issue (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force.

(the "Share Issue Mandate")

provided that:

the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made (1) or granted pursuant to this Resolution) and Instruments to be issued pursuant to this Resolution shall not exceed 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares and Instruments to be issued other than on a pro-rata basis to existing shareholders of the Company shall not exceed 20% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);

(Resolution 10)

(Resolution 9)

- (2) (subject to such calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares and Instruments that may be issued under sub-paragraph (1) above, the total number of issued shares and Instruments shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
 - (a) new shares arising from the conversion or exercise of the Instruments or any convertible securities;
 - (b) new shares arising from exercising share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and
 - (c) any subsequent bonus issue, consolidation or subdivision of shares.

Adjustments in accordance with 13(2)(a) or 13(2)(b) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of passing of the Share Issue Mandate.

- (3) in exercising the Share Issue Mandate conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution of the Company; and
- (4) unless revoked or varied by the Company in general meeting, the Share Issue Mandate shall continue in force (i) until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier or (ii) in the case of shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution, until the issuance of such shares in accordance with the terms of the Instruments, whichever is earlier.

[See Explanatory Note (vii)]

(Resolution 12)

By Order of the Board

Chew Kok Liang/Siau Kuei Lian Joint Company Secretaries Singapore

14 April 2021

Explanatory Notes:

- (i) Dr Tang Cheuk Chee will, upon re-election as a Director of the Company, remain as Executive Director of the Company. Please refer to Table A of the Corporate Governance Report on page 42 to page 46 in the Annual Report for the detailed information required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- (ii) Dr Chen Seow Phun, John will, upon re-election as a Director of the Company, remain as Deputy Non-Executive Chairman and Independent Director of the Company, Chairman of the Remuneration Committee and Nominating Committee, a member of the Audit Committee and will be considered independent for the purpose of Rule 704(8) of the Listing Manual of the SGX-ST. There are no relationships (including immediate family relationships) between Dr Chen Seow Phun, John and the other Directors of the Company, the Company, its related corporations, its substantial shareholders or its officers, which may affect his independence. Please refer to page 42 to page 46 of the Corporate Governance Report in the Annual Report for the detailed information as required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- (iii) Pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST which will take effect from 1 January 2022, Dr Chen Seow Phun, John, having served on the Board beyond nine (9) years from the date of his first appointment, will not be considered as an Independent Director on 1 January 2022 unless his appointment as an Independent Director is approved in separate resolutions by (A) all Shareholders and (B) Shareholders, excluding the directors, the chief executive officer and their associates. The Company is seeking at this AGM to obtain the required approval in separate resolutions by (A) all Shareholders and (B) Shareholders, excluding the directors, the chief executive officer and their associates prior to 1 January 2022 as required for his continued appointment as an Independent Director. Resolutions 5 and 6, if passed, will enable Dr Chen Seow Phun, John to continue his appointment as an Independent Director (unless the appointment has been changed subsequent to the AGM) pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST and to Provisions 2.1 of the Code of Corporate Governance 2018 and the approval shall remain in force until the earlier of (a) his retirement or resignation; or (b) the conclusion of the third AGM of the Company. Resolution 6 is conditional upon Resolution 5 being duly approved, else the aforesaid director will be designated as Non-Independent Director with effect from the date of the AGM and the Company will consider other alternative including refreshment of the Board.
- (iv) Mr Lien Kait Long will, upon re-election as a Director of the Company, remain as Independent Non-Executive Chairman of the Company, Chairman of the Audit Committee and Risk Management Committee, a member of the Remuneration Committee and Nominating Committee and will be considered independent for the purpose of Rule 704(8) of the Listing Manual of the SGX-ST. There are no relationships (including immediate family relationships) between Mr Lien Kait Long and the other Directors of the Company, the Company, its related corporations, its substantial shareholders or its officers, which may affect his independence. Please refer to page 42 to page 46 of the Corporate Governance Report in the Annual Report for the detailed information as required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- (v) Pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST which will take effect from 1 January 2022, Mr Lien Kait Long, having served on the Board beyond nine (9) years from the date of his first appointment, will not be considered as an Independent Director on 1 January 2022 unless his appointment as an Independent Director is approved in separate resolutions by (A) all Shareholders and (B) Shareholders, excluding the directors, the chief executive officer and their associates. The Company is seeking at this AGM to obtain the required approval in separate resolutions by (A) all Shareholders and (B) Shareholders, excluding the directors, the chief executive officer and their associates, excluding the directors, the chief executive officer and (B) Shareholders, excluding the directors, the chief executive officer and their associates prior to 1 January 2022 as required for his continued appointment as an Independent Director (unless the appointment has been changed subsequent to the AGM) pursuant to Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST and to Provisions 2.1 of the Code of Corporate Governance 2018 and the approval shall remain in force until the earlier of (a) his retirement or resignation; or (b) the conclusion of the third AGM of the Company. Resolution 9 is conditional upon Resolution 8 being duly approved, else the aforesaid director will be designated as Non-Independent Director with effect from the date of the AGM and the Company will consider other alternative including refreshment of the Board.
- (vi) Resolution 10, in item 10 above is to allow the Company to pay Directors' fees to Non-Executive and Independent Directors in arrears on a half-yearly basis for the financial year ending 31 December 2021. In the event that the amount of the Directors' fees proposed is insufficient, approval will be sought at the next AGM of the Company for payments to meet the shortfall.
- (vii) Resolution 12, in item 13 above, if passed, will empower the Directors of the Company from the date of this AGM until the date of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such instruments, up to a number not exceeding, in total, 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to 20% may be issued other than on a pro-rata basis to existing shareholders of the Company.

For determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company will be calculated based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of the Instruments or any convertible securities, the exercise of share options or the vesting of share awards outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent consolidation or subdivision of shares.

Notes:

- 1. A Member of the Company (including a Relevant Intermediary*) entitled to vote at the Annual General Meeting (the "**Meeting**") may appoint Chairman of the Meeting to act as a proxy and direct the vote at the Meeting.
- The duly executed instrument appointing Chairman of the Meeting as a proxy ("Proxy Form") must be deposited at the office of the Company's Share Registrar, M & C Services Private Limited, at 112 Robinson Road #05-01 Singapore 068902, or email to gpe@mncsingapore.com by 2.00 p.m. on 26 April 2021.
- 3. The Proxy Form must be under the hand of the appointor or of his attorney duly authorised in writing. Where the Proxy Form is executed by a corporation, it must be executed either under its common seal or under the hand of an officer or attorney duly authorised. Where the Proxy Form is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
- 4. An investor who holds shares under the Central Provident Fund Investment Scheme ("**CPF Investor**") and/or the Supplementary Retirement Scheme ("**SRS Investor**") (as may be applicable) and wishes to appoint the Chairman of the Meeting as their proxy should approach their respective CPF/SRS Approved Nominees (CPF Agent Banks or SRS Operators) to submit their votes by 5.00 p.m. on 19 April 2021.

* A Relevant Intermediary is:

- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

Personal data privacy:

By submitting an instrument appointing the Chairman of the Meeting as the proxy/(ies) and/or representative(s) to attend and vote at the Meeting and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of proxies and representatives appointed for the Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Meeting (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "**Purposes**"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

NOTICE OF RECORD AND DIVIDEND PAYMENT DATE

NOTICE IS HEREBY GIVEN that subject to the approval of the shareholders of Tat Seng Packaging Group Ltd (the "**Company**") for the Final Ordinary Dividend and Special Dividend (the "**Dividends**") being obtained at the Annual General Meeting ("**AGM**"), the Register of Members and Transfer Books of the Company will be closed on 15 May 2021 for the purposes of determining the shareholders' entitlements to the proposed Dividends.

Duly completed registrable transfers of shares received by the Company's Share Registrar, M & C Services Private Limited, of 112 Robinson Road #05-01 Singapore 068902 up to 5.00 p.m. on 14 May 2021 will be registered to determine members' entitlements to the said Dividends. Subject to the aforesaid, members whose Securities Account with The Central Depository (Pte) Limited are credited with shares of the Company as at 5.00 p.m. on 14 May 2021 will be entitled to the proposed Dividends.

The proposed payment of the Dividends, if approved by the shareholders at the AGM will be paid on 28 May 2021.

IMPORTANT AGM NOTICE ON COVID-19

The AGM will be held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed Annual Report together with the Notice of the AGM and Proxy Form will be sent to members. This Notice will be published on the Company's website at http://www.tspg.sg/investor-relations/company-announcements and made available on the SGX website at http://www.tspg.sg/investor-relations/company-announcements and made available on the SGX website at http://www.tspg.sg/investor-relations/company-announcements and

Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the Meeting can be electronically accessed via live audio-visual or live audio-only stream), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions prior to, or at the AGM and voting by appointing the Chairman of the Meeting as proxy at the AGM, are set out in the accompanying Company's announcement published on 14 April 2021.

Due to the current COVID-19 situation and the related elevated safe distancing measures in Singapore, a member is not encouraged to attend the AGM in person. A member (whether individual or corporate) may appoint the Chairman of the Meeting as his/her/its proxy to attend and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.

(1) PRINTED ANNUAL REPORT

(2) NO PHYSICAL ATTENDANCE AT ANNUAL GENERAL MEETING

(3) ALTERNATIVE ARRANGEMENTS TO PARTICIPATE AT ANNUAL GENERAL MEETING

1. Introduction

The Board of Directors (the "**Board**" or "**Directors**") of Tat Seng Packaging Group Ltd (the "**Company**" and together with its subsidiaries, collectively the "**Group**") refer to:

- the COVID-19 (Temporary Measures) Act 2020 which enables the Minister for Law by order to prescribe alternative arrangements for listed companies in Singapore to, inter alia, conduct general meetings, either wholly or partly, by electronic communication, video conferencing, tele-conferencing or other electronic means;
- (b) the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the "Order") which sets out the alternative arrangements in respect of, *inter alia*, general meetings of companies; and
- (c) the joint statement by the Accounting and Corporate Regulatory Authority, Monetary Authority of Singapore and Singapore Exchange Regulation of 13 April 2020 (and subsequently updated on 27 April 2020, 22 June 2020 and 1 October 2020) which provides additional guidance on the conduct of general meetings on or before 30 June 2021 via electronic means.

2. Date of Annual General Meeting

The Directors wish to inform Shareholders that the Company has today issued the Notice of Annual General Meeting ("**AGM**") dated 14 April 2021 ("**Notice of AGM**"). The AGM will be held by way of electronic means on 29 April 2021 at 2.00 p.m. (Singapore time).

3. Despatch of Printed Annual Report

Printed Annual Report together with the Notice of AGM and Proxy Form will be sent to members. This Notice will be published on the Company's website at http://www.tspg.sg/investor-relations/company-announcements and made available on the SGX website at http://www.tspg.sg/investor-relations/company-announcements

Shareholders are advised to read the Notice of AGM carefully in order to decide whether they should vote in favour of or against the ordinary resolutions, or to abstain from voting on the ordinary resolutions, to be tabled at the AGM.

4. No Physical Attendance at AGM

Due to the current COVID-19 restriction orders in Singapore, Shareholders are strongly encouraged to attend the AGM via webcast. Alternative arrangements have been put in place to allow Shareholders to participate at the AGM by:

- (a) observing the AGM proceedings via live webcast;
- (b) submitting questions in advance of the AGM; and/or
- (c) voting by proxy at the AGM.

Please see paragraph 5 below for these alternative arrangements.

5. Alternative Arrangements

The following are the details regarding alternative arrangements which have been put in place for the AGM:

(a) <u>Registration for Live Webcast</u>

Shareholders who wish to participate in the AGM via live webcast ("**Webcast**") must pre-register online to the URL at <u>https://online.meetings.vision/tatseng-agm-registration</u>, not later than 2.00 p.m. on 26 April 2021 to enable the Company to verify their status as shareholders.

Shareholders shall provide the following details during pre-registration:

- i) Full name
- ii) NRIC/Passport number
- iii) Email address
- iv) Provide a valid mobile or landline number that will be used to dial in for the audio-only stream
- v) Specify the manner in which you hold shares in the Company (e.g. via CDP, CPF/SRS, Scrip-based, Corporate Shareholder, or through Depository Agent)

Persons who hold shares through relevant intermediaries under Section 181 of the Companies Act, including CPF and SRS investors who wish to participate in the AGM by observing or listening to the AGM proceedings via live audio-visual webcast or live audio-only stream, should approach their relevant intermediaries (which would include, in the case of CPF and SRS investors, their respective CPF Agent Banks and SRS Operators) through which they hold such shares as soon as possible.

Following the verification, authenticated shareholders will receive an email by 2.00 p.m. on 28 April 2021 with their login credentials as well as the link to access the live audio-visual webcast and toll-free telephone number to access the live audio-only stream (the "**Confirmation Email**").

Shareholders who do not receive the Confirmation Email by 2.00 p.m. on 28 April 2021, but have registered online by 2.00 p.m. on 26 April 2021 deadline should contact our Share Registrar, M & C Services Private Limited at +65 6228 0506 before 6.00 p.m. on 28 April 2021 or between 9.00 a.m. and 12.00 p.m. on 29 April 2021.

(b) Shareholders' Questions

Shareholders will not be able to ask questions during the Webcast or audio-stream. Therefore, it is important for Shareholders to submit their questions in relation to any of the resolutions tabled for approval at the AGM in advance.

Shareholders may send their questions by 5.00 p.m. on 24 April 2021 via email to our Investor Relations Team at ir@tspg.sg and provide us with the following details:

- i) Full name
- ii) NRIC/Passport number
- iii) Contact number
- iv) Email address
- v) Specify the manner in which you hold shares in the Company (e.g. via CDP, CPF/SRS, Scripbased, Corporate Shareholder, or through Depository Agent)

Persons who hold shares through relevant intermediaries under Section 181 of the Companies Act, including CPF and SRS investors who wish to submit their questions, should approach their relevant intermediary (which would include, in the case of CPF and SRS investors, their respective CPF Agent Banks and SRS Operators) through which they hold such shares as soon as possible.

The Company will address the substantial and relevant questions from Shareholders prior to, or at the AGM and upload the Company's responses on the SGXNet at http://www.sgx.com/securities/company-announcements and the Company's website at http://www.sgx.com/securities/company-announcements and the Company's website at http://www.tspg.sg/investor-relations/company-announcements and the Company's website at http://www.tspg.sg/investor-relations/company-announcements.

The minutes of the AGM, shall thereafter be published on the SGXNet and the Company's website, within one month from the conclusion of the AGM.

(c) Proxy Voting

Shareholders who wish to vote on any or all of the resolutions to be tabled at the AGM may appoint the Chairman of the Meeting as proxy to attend and vote on their behalf at the AGM, in accordance with the instructions on the Proxy Form.

Shareholders must submit the completed and signed Proxy Form by 2.00 p.m. on 26 April 2021 in the following manner:

- By Post To be lodged at the office of the Company's Share Registrar at M & C Services Private Limited, at 112 Robinson Road, #05-01 Singapore 068902; or
- (ii) By Email <u>gpe@mncsingapore.com</u>

A shareholder who wishes to submit a Proxy Form must first download, complete and sign the Proxy Form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

Persons who hold shares through relevant intermediaries under Section 181 of the Companies Act, including CPF and SRS investors who wish to appoint the Chairman of the Meeting as proxy, should approach their relevant intermediary (which would include, in the case of CPF and SRS investors, their respective CPF Agent Banks and SRS Operators) through which they hold such shares, by 5.00 p.m. on 19 April 2021.

Any incomplete Proxy Form will be rejected by the Company.

6. Record Date and Payment Date for the Dividends

The Register of Members and Transfer Books of the Company will be closed on 15 May 2021 for the purposes of determining the Shareholders' entitlements to the proposed Final Ordinary Dividend and Special Dividend (the "**Dividends**").

Duly completed registrable transfers of shares received by the Company's Share Registrar, M & C Services Private Limited, of 112 Robinson Road, #05-01 Singapore 068902 up to 5.00 p.m. on 14 May 2021 will be registered to determine members' entitlements to the said Dividends. Subject to the aforesaid, members whose Securities Account with The Central Depository (Pte) Limited are credited with shares of the Company as at 5.00 p.m. on 14 May 2021 will be entitled to the proposed Dividends.

The proposed payment of the Dividends, if approved by the Shareholders at the AGM, will be paid on 28 May 2021.

Important reminder:

The Company would like to remind Shareholders that, with the constantly evolving COVID-19 situation, the situation is fluid and the Company may be required to change its AGM arrangements at short notice. Shareholders are advised to check on the Company's website at http://www.tspg.sg/investor-relations/company-announcements and SGXNet at www.sgx.com/securities/company-announcements for the latest updates on the AGM.

The Company would like to thank all Shareholders for their patience and co-operation in enabling the Company to hold its AGM with the optimum safe distancing measures amidst the current COVID-19 pandemic.

By Order of the Board

Chew Kok Liang/Siau Kuei Lian Joint Company Secretaries Singapore

14 April 2021

(Company Registration No. 197702806M) (Incorporated in the Republic of Singapore)

* If you wish to exercise all your votes 'For', 'Against' or to 'Abstain' from voting, please tick (√) within the box provided. Alternatively, please indicate the number of votes as appropriate. If you mark the abstain box for a particular resolution, you are directing the Chairman of the Meeting not to vote on that resolution on a poll and your votes will not be counted in computing the required majority on a poll.

Dated this _____ day of _____ 2021

Total number of Shares held:

Signature of Shareholder(s) and, Common Seal of Corporate Shareholder

IMPORTANT: PLEASE READ NOTES ON THE REVERSE BEFORE COMPLETING THIS FORM

Notes:

- 1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Chapter 289 of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register against your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument shall be deemed to relate to all the Shares held by you.
- 2. A member will not be able to attend the Meeting in person. If a member (whether individual or corporate) wishes to exercise his/ her/its voting rights at the Meeting, he/she/it must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Meeting. In appointing the Chairman of the Meeting as proxy, a member (whether individual or corporate) must give specific instructions as to vote "for", "against" or "abstain from voting", in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for any resolution without specific instructions will be treated as invalid.
- The instrument appointing the Chairman of the Meeting as the proxy must be deposited at the office of the Company's Share Registrar, M & C Services Private Limited, at 112 Robinson Road #05-01 Singapore 068902 or email to gpe@mncsingapore.com by 2.00 p.m. on 26 April 2021.
- 4. The instrument appointing the Chairman of the Meeting as the proxy must be under the hand of the appointor or of his attorney duly authorised in writing. Where the proxy form is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the proxy form is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must be lodged with the instrument.
- 5. An investor who holds shares under the Central Provident Fund Investment Scheme ("CPF Investor") and/or the Supplementary Retirement Scheme ("SRS Investors") (as may be applicable) and wishes to appoint the Chairman of the Meeting as their proxy should approach their respective CPF and/or SRS Approved Nominees (CPF Agent Banks or SRS Operators) to submit their votes by 5.00 p.m. on 19 April 2021.
- * A Relevant Intermediary is:
- (a) a banking corporation licensed under the Banking Act (Cap. 19) or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
- (b) a person holding a capital markets services licence to provide custodial services for securities under the Securities and Futures Act (Cap. 289) and who holds shares in that capacity; or
- (c) the Central Provident Fund Board established by the Central Provident Fund Act (Cap. 36), in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.

Personal Data Privacy:

By submitting an instrument appointing the Chairman of the Meeting as the proxy, the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 14 April 2021.

General:

The Company shall be entitled to reject the instrument appointing the Chairman of the Meeting as the proxy if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the Meeting as the proxy. In addition, in the case of Shares entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as the proxy lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
