

GOLD'S RELATIONSHIP WITH THE DOLLAR

The dollar and gold often move in opposite directions, but not symmetrically, in part because there are other factors that drive the gold price. We believe that gold is an effective portfolio diversifier, and that investors shouldn't necessarily sell their gold allocations when the dollar is rising.

Ever since President Richard Nixon ended the dollar's peg to gold in 1971, the prices of both have tended to move opposite to one another. In other words, a weakening dollar has historically...
