Civmec awarded circa AUD\$45 million in contracts across various sectors

SINGAPORE – 11 November 2015 – Australia-based **Civmec Limited** (“Civmec” or the “Group”) announced today that it has secured circa AUD\$45 million of new contracts and additional work on existing projects. The packages to be delivered are for the following:

IHI Engineering Australia Pty Ltd: Civmec has secured its third contract on the South Hedland Power Station with the recent award of the Structural, Mechanical, Piping and Electrical (“SMP&E”) package of works.

Scope of works includes all SMP&E works for the combined cycle gas power station.

Civmec’s Chief Executive Officer, Mr. Patrick Tallon, said, “We are delighted to secure the SMP&E package from IHI as the award signifies the clients’ satisfaction with our performance to date for the delivery of previous contracts. It further demonstrates the markets’ confidence in our proven ability to deliver vertical packages of work and marks another significant award for our growing infrastructure division.”

The project will commence immediately. On completion, the facility will have a total power generating capacity of approximately 150 MW.

TECHNIP OCEANIA: Civmec has been awarded the fabrication of 17 subsea jumper spools and associated lifting equipment for Shell’s Prelude Floating Liquefied Gas (“FLNG”) Project.

Civmec has gained valuable experience through the delivery of spools for another Technip subsea project and will commence work immediately.

The recent award, which adds to the list of contracts Civmec has already secured on the project, will be delivered by the oil and gas division.

SEDGMAN LIMITED: Civmec will undertake the assembly of a Mobile Conveyor Bridge, Emergency Radial Stacker and associated components at Alcoa’s Kwinana Filtration Plant, south of Perth.

Delivered by the Metal and Minerals division, works are scheduled for completion by January 2016. This is the second contract to be awarded from Sedgman on this project with Civmec currently delivering the structural, mechanical, platework and piping installation works.

Other awards secured include works for the following:

- **Brookfield Multiplex:** Increased scope on the Perth Stadium.
- **Citic Pacific Mining:** Design, fabrication and installation works for the Sludge Treatment Plant.
- **Lycopodium:** Concrete works on the AngloGold Ashanti Australia Limited – Independence Group NL Tropicana Gold Mine.
- **BP:** Supply and delivery of precast units for the BP Refinery in Kwinana.
- **Rio Tinto:** Excavation and concrete works at Rio Tinto’s Dampier Port operations in Western Australia.

These awards take Civmec’s order book to SGD\$267 million.
