The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the last annual financial statements for the year ended 30 June 2023. The accounting policies adopted are consistent with those of the previous reporting year which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards as set out in Note 2.1. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

This was mainly due to a write back of long outstanding trade payables amounting to S\$208,000. The trade payable was written back as the creditor has been uncontactable for over 6 years. In addition, the increase in other income was also attributable to an increase in miscellaneous income of S\$2,000, a write back of provision of bad debts of S\$1,000 and an increase in government grants and subsidies of S\$19,000.

Current assets

Current assets decreased by approximately S\$1.2 million from S\$12.3 million as at 30 June 2023 to S\$11.1 million as at 30 June 2024. The decrease in current assets was mainly due to:

- (i) a decrease in cash and cash equivalents of S\$4.0 million;

- (iv) a decrease in contract assets of S\$60,000 mainly due to an increase in billing upon the completion of integrated security solutions projects;

partially offset by:

- (v) an increase in trade and other receivables of S\$3.1 million mainly due to higher sales made on credit terms from the integrated security solutions business towards the end of FY2024; and
- (vi) an increase in restricted fixed deposits of S\$1,000.

The total deposits paid amounted to S\$534,000 and is refundable upon completion of the projects.

This was partially offset by a decrease in plant and equipment of S\$78,000 largely due to depreciation charges on plant and equipment.

Current liabilities

Current liabilities increased by approximately S\$345,000 from S\$4.4 million as at 30 June 2023 to S\$4.8 million as at 30 June 2024. The increase in current liabilities was mainly due to:

Capital and reserves

Capital and reserves increased by approximately S\$104,000 from S\$6.9 million as at 30 June 2023 to S\$7.0 million as at 30 June 2024. This was due to net profit recognised in FY2024 of S\$104,000.
