公司简介

Zhongmin Baihui Retail Group Ltd (the “Group” or “ZMBH”) is principally engaged in the ownership, operation and management of department stores and supermarkets in the People’s Republic of China (the “PRC”) under the name “中闽百汇”. The first modern 中闽百汇 store was opened in Anxi County, Quanzhou City, Fujian Province in 1997. Since then, the Group has expanded its footprint in Fujian to 11 self-owned stores and three managed stores, spanning an aggregate gross floor area of 181,700 sq m (153,300 sq m self-owned store GFA; 28,400 sq m managed store GFA) as at 31 December 2017.

The Group’s revenue comes from four sources, namely, direct sales, commissions from concessionaire sales, rental income and income from managed rental. Supermarket sales forms the bulk of direct sales. Concessionaire commissions are derived from the tenants in the department store area paying a portion of their sales to the Group. Rental income comes mainly from the F&B outlets in our stores. Managed rental income comes from department store tenants paying fixed rental charges.

ZMBH was incorporated in Singapore on 17 September 2004, listed on the Catalist Board of the Singapore Exchange (“SGX”) on 20 January 2011 and subsequently transferred to the Mainboard on 3 September 2013.

The Group has two self-owned stores in Xiamen City, Fujian. The flagship Wucun Store, 28,700 sq m in size, occupies three floors of a building and boasts a large underground shopping area and is located in a busy commercial district served by a transportation network of bus stations, the Xiamen Railway Station and a metro station. The Lvcuo Store, 23,300 sq m in size, is situated next to the Lvcuo metro station, in the heart of a residential area with high traffic flow.

The Group has a strong presence in Quanzhou, with a total of ten stores (eight self-owned and two managed stores) occupying gross sales area of 111,900 sq m (94,600 sq m self-owned

stores). Besides the prefectures of Quanzhou and Xiamen, the Group has a managed store in Zhangzhou and a self-owned store in Putian. The Group will be adding more stores in Quanzhou and Zhangzhou in the coming years.

With nearly 20 years of strong retail reputation under the “中闽百汇” brand, the Group offers a pleasant shopping experience with a wide variety of quality merchandise, lifestyle products and customer-oriented services catering to the middle income consumers. All the stores have sizeable modern supermarkets, offering fresh produce and an extensive range of products. By developing strong relationships with well-known international and domestic brands, the Group constantly optimizes its product mix to bring more value to its consumers. The Group adheres to the principles of Unity, Dedication, Faithfulness and Service (团结、敬业、忠诚、服务) to our employees, customers and community. Zhongmin Baihui aims to offer quality goods and services to its customers with a spirit of innovation. ZMBH was named as a top ten brand enterprise in Quanzhou in the year 2015 as a testament to the high quality of service and customer satisfaction that the Group provided.

In line with rising consumption levels and increased tourist arrivals to Fujian, the Group will continue its expansion plan through the opening of new stores, joint ventures, and strategic alliances. The Group will continue to seek out suitable sites both within and beyond Fujian to set up new department stores and supermarkets, and build up the network and brand equity of Zhongmin Baihui, with the goal of establishing itself as the leading department store chain in Fujian and beyond.

Corporate Profile

公司简介

中闽百汇零售集团主要于中国以“中闽百汇”品牌经营及管理连锁商场。从1997年福建省泉州市安溪县开设第一家“中闽百汇”，本集团扩大在中国的业务，目前经营十一家商场和管理三家商场，总店面积截至2017年12月31日为181,700平方米（经营商场为153,300平方米，管理市场为28,400平方米）。本集团的收入主要来自“自营”，“联营”，“出租”和“承包”。

中闽百汇零售集团于2004年9月17日在新加坡注册成立，并于2011年1月20日在新加坡挂牌上市。本集团随后于2013年9月3日从凯利板块升级至主板。

本集团在福建省厦门市拥有两家商场。厦门梧村旗舰店地面三层，并附设大型地下购物区，面积达28,700平方米。该购物中心位于厦门市交通枢纽的中心地带，设有行人隧道连接公交车站、长途汽车站和厦门火车站。中闽百汇吕厝商场（原嘉禾折扣商场）面积为23,300平方，位于厦门市湖里区嘉禾路与吕岭路交汇处（公交吕厝站），有多条公交线路到达各处，交通十分的便捷，吕厝地铁站2017年以开通。

集团还在泉州市拥有十家商场（八家经营店，二家管理店），总店面积为111,900平方米（经营店为94,600平方米）。在福建省，集团还有一家在莆田市仙游县的经营店和一家在漳州的管理店。

集团经营“中闽百汇”超过十七年，公司注重企业规范化管理，注重商业信誉，早在2002年9月份，中闽百汇在同行业中率先通过ISO9001质量管理体系认证，使公司具备稳定提供优质商品与服务的能力以及高效的企业内部管理；本集团的核心价值观就是“以人为本，快乐工作；乐于助人，奉献社会”，给员工主人翁的认同感，从而打造团结、敬业、忠诚、服务的团队。集团倡导的质量第一，明白消费；信守承诺，今天不赚明天的钱的经营理念，并以诚信经营、开拓创新的质量方针为消费者提供优质的商品和服务，让客户享受多元化的购物体验，2016年还被评为“2015年度十佳市民最喜爱的品牌企业”。随着消费水平的不断提高，以及到访福建省内的国内外游客日益的增加，中闽百汇计划通过开设新商场、收购、合资及策略联盟的方式，继续在省内外寻找合适的场所开设购物中心及中小型民生超市，并致力与品牌的拓建，打造了“中闽百汇”知名品牌，努力实现成为在福建省内领先的购物中心的愿景。

Chairman's Statement

主席致词

I am pleased to present the Company's Annual Report for 2017.

The Chinese economy continued to grow in 2017. According to the National Bureau of Statistics of China, the Chinese GDP and the retail sales of consumer goods grew by 6.9% and 10.2% respectively in 2017. Despite the healthy growth of the Chinese economy and consumer spending, the traditional retail business is challenged by the rapid growth of e-commerce, changing consumer behaviour and a competitive landscape.

The Group managed to maintain a respectable level of profitability in 2017 despite operating in a challenging environment. To reward our shareholders, we are proposing a final dividend of SGD 1 cent per share or a total of SGD 2.5 cents per share for the year. The Group has lowered its payout ratio to strengthen our balance sheet.

Whilst the Group is consolidating its efforts in improving the operations and profitability of its existing stores, preparations are underway for the opening of several stores within 24 months. Two stores in Zhangzhou City, Fujian Province are expected to be opened within the next 12 months - a 1,400 sq m store in Xiangcheng District in 2018 and a larger 15,200 sq m store in the Zhangzhou China Merchants Economic and Technological Development Zone at the end of 2019. In Quanzhou City, where we already have eight self-owned stores, we are expecting a 23,200 sq m store in Yongchun County, Quanzhou City in

1H2019 and a 6,400 sq m store in Guanjiao, Anxi County, Quanzhou City to be operational in 2019. Two other stores in Quanzhou City are expected to be operational within the next 12 to 24 months. Based on this new-store roll-out plan, our current self-owned gross floor area of 153,300 sq m is expected to increase by over 30%. In addition, we are also looking forward to the completion of our joint venture project with Chongqing Sasseur in Changsha City, Hunan Province around the end of 2018.

We have confidence that the Group will continue to deliver satisfactory results in the coming year. I hope our shareholders will continue to give us their support. Thank you.

主席致词

我很高兴在此呈现公司 2017 年度的年报。

2017 年中国经济持续增长。中国国家统计局发布，2017 年的国内生产总值增长 6.9%，零售销售年度增长 10.2%。尽管适度乐观的经济前景，但面对商业扩张过快，零售业务仍然具有挑战性。尽管在困难的环境，我们在 2017 财政仍取得盈利状态。在奖励我们的股东方面，我们会提议发期末股息每股新币 1 分，2017 年度总红利新币 2.5 分。2017 年可发的红利比往年少是为了加强公司的资产负债状况。

本集团将会继续努力，改善经营和盈利能力。集团将在 24 个月内增开几家新店，其中福建省漳州市两家，一家 15,200 平方米在漳州招商局经济技术开发区将于 2019 年底开业，另一家位于 1,400 漳州芗城区 2018 年开业；我们也会增加集团在泉州市现有的八家经营门店，泉州市永春县一家，约 23,200 平方米将于 2019 年上半年开业，2019 年在泉州市安溪县官桥镇增开一家 6,400 平方米的门店，在 12 至 24 个月内在泉州市增开另外两家门店。新店

开业计划若完成，现有的 153,300 平方米经营店总建筑面积增加至少 30%。此外，湖南省长沙市和重庆砂之船合作的项目将会在 2018 年底开业。

如无意外，预计我们明年的业绩会保持满意。我希望各位股东能支持我们。谢谢！

CEO's Statement

总裁致词

We are pleased to announce that the Group is able to achieve record revenue of RMB971m in 2017. Net profit fell to RMB54 million in 2017 primarily due to non-cash financial impact arising from a store closure in 2016. Excluding the non-cash financial impact from the store closure, net profit in 2017 fell by 4% from the previous year. The full year contribution from the new stores in Quangang and Anxi boosted revenue in 2017. In particular, direct sales revenue and commissions from concessionaire sales grew in FY2017 by a respective 17% to RMB772 million and 6% to RMB144 million. Although rental income and managed rental income fell 20% and 37% respectively due to a change in our sales mix, the decline in both segments have stabilised over the last few quarters of 2017. Gross profit margin from direct sales fell to 11.8% (from 13.0%) due to heavier discounting. Commissions from concessionaire sales as a percentage of proceeds from concessionaire sales also showed a margin dip to 20.9 (from 21.0%).

Despite the full year effect from the new stores in FY2017, selling and distribution expenses fell by a marginal 1% to RMB212 million primarily due to lower rental expenses arising from the acquisition of the premises of Quanzhou Hui'an Chengnan Store. Administrative expenses fell 2% to RMB88 million in FY2017.

The Group generated RMB82 million (from RMB94 million) of net cashflow from operating activities. However, RMB129 million was mainly used to acquire the premises of Quanzhou Hui'an Chengnan Store and together with other cashflow items, resulted in our cash on-hand falling to RMB187 million (from RMB288 million). Due to the reduced cash level, we have reduced dividend for FY2017 to SGD2.5c per share from SGD5.0c per share.

The Group will continue to work on initiatives to improve our productivity, upgrade our software systems, utilise modern mobile and internet marketing, reduce manpower needs, increase customer satisfaction, improve our competitive advantage so that 2018 and 2019 may be better years for our stakeholders.

Mr Chen Kaitong
CEO

总裁致词

我们很高兴地宣布，我们在 2017 年财政年度创下人民币 9.71 亿元的收入记录。但由于 2016 年门店结业的财务影响（非现金）到 2017 年的财务数据，所以净利同比较大的降幅至人民币 5,400 万元；排除门店结业的影响，2017 年净溢利同比下降 4%。2017 年收入增长是因为泉港店和安溪火车站店的全年贡献；自营收入同比增长 17% 至人民币 7.72 亿元；联营收入增长 6% 至人民币 1.44 亿元；出租收入和承包收入同比下降 20% 和 37%，主要因为市场变化及公司销售组合调整。尽管如此，出租和承包的收入已经在前几个季度开始平稳了，自营毛利率是 11.8%（同比 13.0%），下降原因是促销活动的增加，联营佣金率同比从 21.0% 微跌到 20.9%。

虽然 2017 年有新店全年开业影响，总销售费用仍同比下降 1% 至人民币 2.12 亿元，主要是购买泉州惠安城南店商场物业导致租赁费用下降，2017 年度管理费用同比下降 2% 至人民币 8,800 万元。

经营活动带来的净现金流为人民币 8,200 万元，投资活动耗用的净现金流为人民币 12,900 万元，用于购买泉州惠安城南店商场物业。现金款从 2016 年的人民币 2.88 亿元减少到 2017 年的人民币 1.87 亿元。根据财务的准则，公司在 2017 年度的红利只能是每股新币 2.5 分。

我们通过提高劳动效率，升级软件系统，运营上充分利用现代互联网+的宣传，增加互联网功能的营销模式，提升市场营销，增效减员，方便顾客，提高集团运营效率和竞争力，我们将使 2018 及 2019 年成为我们和所有利益相关者的好年头的起航。

Corporate Governance Report

企业治理

Zhongmin Baihui Retail Group Ltd. (the “**Company**”), together with its subsidiaries (the “**Group**”), recognises the importance, and is committed to maintaining a high standard of, corporate governance. Good corporate governance provides the framework for an ethical and accountable corporate environment, which will protect the interests of the Company’s shareholders and promote investor confidence. This report outlines the Company’s corporate governance practices and structures in the financial year ended 31 December 2017 (“**FY2017**”), with specific reference made to each of the principles of the Code of Corporate Governance 2012 (the “**Code**”). Deviations from the Code are explained. The Company has complied with the principles and guidelines of the Code where appropriate.

BOARD MATTERS

Principle 1: Every company should be headed by an effective board to lead and control the company. The board is collectively responsible for the long-term success of the company. The board works with the management to achieve this objective and the management remains accountable to the board.

The Board of Directors (“**Board**”) is entrusted with the responsibility for the overall management of the business and corporate affairs of the Group. The constitution of the Company (“**Constitution**”)¹ also provides for telephonic meetings.

The Company was transferred from the Catalist Board of the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) to the Main Board of the SGX-ST on 3 September 2013. The number of Board and Board committee meetings held and attended by each Board member of the Company during the financial year under review is as set forth:

	Board	Board Committees		
		Audit	Nominating	Remuneration
Number of meetings held	4	4	1	1
	Number of meetings attended			
Mr Lee Swee Keng	4	4*	1*	1*
Mr Chen Kaitong	4	4*	1*	1*
Mr Su Jianli	4	3*	–	–
Mr Su Caiye	2	2*	1*	1*
Mr Andrew Lim Kok-Kin	4	4*	1	1*
Dr Ong Seh Hong	4	4	1	1
Mr Koh Lian Huat	4	4	1	1
Ms Xu Ruyu	3	3	1	1

*By Invitation

Matters which specifically require the Board’s decision or approval are those involving:

- corporate strategy and business plans;
- investment and divestment proposals;
- funding decisions of the Group;

1 Pursuant to the prevailing of the Companies Act (Cap. 50 of Singapore), the Memorandum and Articles of Association of the Company are deemed by law to be merged to form the Constitution of the company.

- nomination of Board and appointment of key personnel;
- quarterly and full-year results announcement, the annual report and accounts;
- interested person transactions;
- material acquisitions and disposal of assets;
- identification of the key stakeholder groups and recognition that their perceptions affect the Company's reputation;
- setting of the Company's value and standards (including ethical standards), and ensuring that obligations to shareholders and other stakeholders are understood and met;
- consideration of sustainability issues (e.g. environmental and social factors) in the formulation of its strategies; and
- all matters of strategic importance.

All other matters are delegated to committees of the Board whose actions are monitored and endorsed by the Board. These committees include the Audit Committee, the Nominating Committee and the Remuneration Committee, all of which operate within clearly defined and written terms of reference and functional procedures, which are reviewed on a regular basis. Each of these committees reports its activities regularly to the Board, and their actions are reviewed by the Board.

The Board ensures that incoming newly-appointed Directors will be given an orientation on the Group's business strategies and operations and governance practices to facilitate the effective discharge of their duties. Newly-appointed Directors will also be provided with a formal letter setting out their duties and obligations.

The Company is responsible for arranging and funding the training of Directors. Board members have been and will be encouraged to attend seminars and receive trainings to improve themselves in the discharge of their duties as Directors. The Company will work closely with professionals to provide its Directors with updates on changes to relevant laws, regulations and accounting standards. The Directors have received trainings, which were arranged by the Company during the year mainly in several areas such as corporate governance, data security, leases accounting and transfer pricing.

Directors are also provided with an insight into the Group's operational facilities and periodically meet with the management of the Company ("**Management**") to gain a better understanding of the Group's business operations. The Board as a whole is updated on risks management and the key changes in the relevant regulatory which have an important bearing on the Company and the Directors' obligations to the Company.

The Company recognises that an organisation's success is not based solely on its business achievements, but also by the positive role it plays in community engagement and towards environmental sustainability. The Company strongly encourages its staff to be aware of social issues, to participate in fundraising initiatives, community projects and activities.

Corporate Governance Report

Principle 2: There should be a strong and independent element on the board, which is able to exercise objective judgment on corporate affairs independently, in particular, from management and 10% shareholders. No individual or small group of individuals should be allowed to dominate the board's decision making.

The Board currently comprises eight (8) members, four (4) of whom hold executive positions, one (1) of whom is a non-executive non-independent Director and three (3) of whom are Independent Directors:

Mr Lee Swee Keng	Executive Chairman
Mr Chen Kaitong	Executive Director and Chief Executive Officer
Mr Su Jianli	Executive Director
Mr Andrew Lim Kok-Kin	Executive Director
Mr Su Caiye	Non-executive non-independent Director
Mr Koh Lian Huat	Lead Independent Director
Dr Ong Seh Hong	Independent Director
Ms Xu Ruyu	Independent Director

The Company endeavours to maintain a strong and independent element on the Board. The Board considers an Independent Director as one who has no relationship with the Company, its related corporations, its officers or its shareholders with shareholdings of 10% or more in the voting shares of the Company that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment with a view to the best interests of the Company. There are three (3) Independent Directors on the Board. Whilst the prevailing applicable guideline of the Code would be that half of the Board be comprised of Independent Directors since the Executive Chairman, Mr Lee Swee Keng, is not an Independent Director, the Board is satisfied that the Principle that there be a strong and independent element is still adhered to. This is because all the board committee meetings are chaired by the Independent Directors, and half of the Board is comprised of Non-Executive Directors who have been consistently proven to be exercising independent business judgement with a view to the best interests of the Company. No changes were made to the Board composition noting the effectiveness of the present Board as explained below.

Each of the Independent Directors has confirmed that he/she does not have any relationship with the Company or its related corporations, its officers or its shareholders with shareholdings of 10% or more in the voting shares of the Company that could interfere, or be reasonably perceived to interfere, with the exercise of his/her independent business judgment. The Nominating Committee has reviewed and determined that the said Directors are independent. The independence of each Director has been and will be reviewed annually by the Nominating Committee based on the guidelines set forth in the Code.

There are no Independent Directors who have served on the Board beyond nine (9) years from the date of his or her first appointment.

The Board has examined its size and is satisfied that it is an appropriate size for effective decision-making, taking into account the scope and nature of the operations of the Company. The Nominating Committee is of the view that no individual or small group of individuals dominates the Board's decision-making process.

The Nominating Committee is of the view that the current Board comprises persons who as a group provide capabilities required for the Board to be effective. Details of the Board members' qualifications and experience are presented in this Annual Report under the heading "Board of Directors".

The Non-executive Directors will constructively challenge and assist in the development of proposals on strategy, and assist the Board in reviewing the performance of the Management in meeting agreed goals and objectives, and monitor the reporting of performance. When necessary, the Non-executive Directors will have discussions amongst themselves as led by the Lead Independent Director without the presence of the Management.

Principle 3: There should be a clear division of responsibilities between the leadership of the board and the executives responsible for managing the company's business. No one individual should represent a considerable concentration of power.

The Executive Chairman of the Company is Mr Lee Swee Keng. The Chief Executive Officer of the Company is Mr Chen Kaitong. There is a clear division of responsibilities between the Executive Chairman and the Chief Executive Officer to ensure that there is an appropriate balance of power, increased accountability and sufficient capacity of the Board for independent decision-making. The requirement of the Code that the roles of Chairman and Chief Executive Officer be separate is therefore met in the case of the Company.

The Executive Chairman, Mr Lee Swee Keng, plays a vital role in charting and steering the corporate direction of the Group and is responsible for the overall management, strategic planning, business development and promoting high standards of corporate governance of the Group.

As the Chief Executive Officer of the Company, Mr Chen Kaitong is responsible for developing the overall strategic corporate planning and business development of the Group as well as the overall aspects of the Group. He plays an important role in determining the opening and location of the Group's new store and formulating its business workflow and organisational structure.

The Chief Executive Officer, Mr Chen Kaitong, is a distant relative of the Executive Chairman, Mr Lee Swee Keng. The brother of Mr Lee Swee Keng's grandmother is the father of Mr Chen Kaitong. The Board is of the view that there are sufficient safeguards and checks to ensure that the process of decision making by the Board is independent and based on collective decisions without any individual or group of individuals exercising any considerable concentration of power or influence. In view that the Executive Chairman, Mr Lee Swee Keng, is part of the management team, the Company has appointed Mr Koh Lian Huat, an Independent Director, to be the Lead Independent Director. The Independent Directors will be available to the shareholders where they have concerns and for which contact through the normal channels of the Executive Chairman, the Chief Executive Officer or the Chief Financial Officer has failed to resolve or is inappropriate.

Principle 4: There should be a formal and transparent process for the appointment and re-appointment of directors to the board.

The members of the Company's Nominating Committee during the financial period under review are Ms Xu Ruyu, Dr Ong Seh Hong, Mr Koh Lian Huat and Mr Andrew Lim Kok-Kin. There are three (3) Independent Directors such that a majority of the Nominating Committee, and the Chairman of the Nominating Committee being Ms Xu Ruyu, are Independent Directors. The Nominating Committee meets at least once a year.

The Nominating Committee is responsible for the following:

- (a) to make recommendations to the Board on all board appointments, including re-nominations, having regard to the Director's contribution and performance (for example, attendance, preparedness, participation and candour);
- (b) to determine annually whether or not a Director is independent;
- (c) in respect of a Director who has multiple board representations on various companies, to decide whether or not such Director is able to and has been adequately carrying out his/her duties as Director, having regard to the competing time commitments that are faced when serving on multiple boards;
- (d) to decide how the Board's performance may be evaluated and propose objective performance criteria, as approved by the Board that allows comparison with its industry peers, and address how the Board has enhanced long term shareholders' value;
- (e) the review of board succession plans for Directors;

Corporate Governance Report

企业治理

- (f) the review of training and professional development programmes for the Board; and
- (g) to assess the performance of the Board and contribution of each Director to the effectiveness of the Board.

Each member of the Nominating Committee shall abstain from voting on any resolution relating to the assessment of his performance or his re-nomination as Director.

The Nominating Committee will ensure that there is a formal and transparent process for all appointments to the Board. It has adopted a written terms of reference defining its membership, administration and duties. The Nominating Committee determines on an annual basis, and as and when circumstance require, whether or not a Director is independent, for the purposes of the Code. The Nominating Committee is of the view that the Independent Directors are independent.

In assessing the performance of each individual Director, the Nominating Committee considers whether he has multiple board representations and other principal commitments, and is able to and adequately carried out his duties as a Director notwithstanding such commitments. The Nominating Committee is satisfied that sufficient time and attention to the affairs of the Company has been given by those Directors who have multiple board representations.

To address the competing time commitments that are faced when Directors serve on multiple boards, the Nominating Committee has reviewed and the Board has determined and set that as a general rule, the maximum number of listed company board appointments be not more than five (5) companies. However, any Directors may hold more than five (5) listed company board representations should the Nominating Committee be satisfied and is of the view that such Directors are able to devote sufficient time and attention to the affairs of the Company after taking into account of their individual circumstances, contributions, responsibilities and other principal commitments. Non-Executive Directors may consult the Chairman of the Nominating Committee before accepting any appointments as Directors. Currently, none of the Directors holds more than five (5) directorships in listed companies.

Directors are encouraged to attend relevant training programmes conducted by the relevant institutions and organisations. The cost of such training will be borne by the Company.

Regulation 104 of the Constitution requires one-third of the Directors to retire from office at least once every three (3) years at an Annual General Meeting (the “AGM”). Regulation 106 of the Constitution provides that the retiring Directors are eligible to offer themselves for re-election.

Regulation 114 of the Constitution provides that the Directors shall have power at any time and from time to time to appoint any other qualified person as a Director either to fill a casual vacancy or as an addition to the Board. However any Director so appointed shall hold office only until the next AGM of the Company, and shall be eligible for re-election.

The Nominating Committee recommended to the Board that Ms Xu Ruyu, Mr Su Caiye and Mr Su Jianli be nominated for re-election at the forthcoming AGM. In making the recommendation, the Nominating Committee has considered the Directors’ overall contributions and performance.

Ms Xu Ruyu will, upon re-election as a Director, remain as an Independent Director of the Company who is the Chairman of the Nominating Committee and a member of the Audit Committee and Remuneration Committee. Mr Su Caiye will, upon re-election, remain as a Non-Executive Director of the Company. Mr Su Jianli will, upon re-election, remain as Executive Director, and as a Deputy Chief Executive Officer of the Company.

Principle 5: There should be a formal assessment of the effectiveness of the board as a whole and its board committees and the contribution of each director to the effectiveness of the board.

The Nominating Committee had adopted processes for the evaluation of the Board's performance and effectiveness as a whole and the performance of individual Directors, based on performance criteria which were recommended by the Nominating Committee and approved by the Board. For the evaluation of the Board performance, the criteria include return on assets, return on equity and the Company's share price performance which allow the Company to make comparisons with its industry peers and are linked to long-term shareholders' value. The Nominating Committee also takes into consideration the feedback from individual Directors on areas relating to the Board's competencies and effectiveness. The results of the overall evaluation of the Board by the Nominating Committee including its recommendation, if any, for improvements are presented to the Board.

The assessment process involves and includes inputs from Board members, applying the performance criteria of the Nominating Committee and approved by the Board. These inputs are collated and reviewed by the Chairman of the Nominating Committee, who presents a summary of the overall assessment to the Nominating Committee for review. Areas where the Board's performance and effectiveness could be enhanced and recommendations for improvements are then submitted to the Board for discussions and, where appropriate, approval for implementation.

The individual performance criteria include qualitative and quantitative factors such as performance of principal functions and fiduciary duties, level of participation at meetings and attendance record.

Corporate Governance Report

企业治理

The annual evaluation process for each individual Director's performance comprises three (3) parts: (a) background information concerning the Directors including their attendance records at Board and Board Committee meetings; (b) questionnaires for completion by each individual Board member; and (c) Nominating Committee's evaluation based on certain assessment parameters. The questionnaires and the assessment parameters were recommended by the Nominating Committee and approved by the Board. The completed questionnaires are then reviewed by the Nominating Committee before the Nominating Committee completes its evaluation of the individual Directors. When deliberating on the performance of a particular Director who is also a member of the Nominating Committee, that member abstains from the discussions in order to avoid any conflict of interests.

The Nominating Committee has assessed the current Board's performance to-date and is of the view that the performance of the Board as a whole was satisfactory. Although some of the Board members have multiple board representations, the Nominating Committee is satisfied that sufficient time and attention has been given by the Directors to the Group.

Principle 6: In order to fulfill their responsibilities, directors should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities.

Each member of the Board has complete access to such information regarding the Group as may be required for the discharge of his duties and responsibilities. Prior to each Board meeting, the members of the Board are each provided with the relevant documents and information necessary, including background and explanatory statements, financial statements, budgets, forecasts and progress reports of the Group's business operations, for them to comprehensively understand the issues to be deliberated upon and make informed decisions thereon.

As a general rule, notices are sent to the Directors at least one (1) week in advance of Board meetings, followed by the Board papers in order for the Directors to be adequately prepared for the meetings. Senior management personnel if required, will attend Board meetings to address queries from the Directors. The Directors also have unrestricted access to the Company's senior management. Requests for the Company's information by the Board are dealt with promptly.

The Directors have separate and independent access to the Company Secretary. The Company Secretary or his/her colleague attends all Board meetings and ensures that the Board procedures and the provisions of applicable laws, the Companies Act (Cap. 50 of Singapore), the Constitution and the Listing Manual of the SGX-ST (the "Listing Manual") are observed. The Company Secretary also assists with the circulation of Board papers and updates the Directors on changes in laws and regulations relevant to the Group. The appointment and removal of the Company Secretary is a matter for the Board as a whole.

The Board (whether as individual members or as a group) has direct access to independent professional advisers, where so requested by them, at the expense of the Company.

REMUNERATION MATTERS

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

The members of the Company's Remuneration Committee are Dr Ong Seh Hong, Mr Koh Lian Huat and Ms Xu Ruyu. The Remuneration Committee is entirely constituted by Independent Directors, and the Chairman of the Remuneration Committee is Dr Ong Seh Hong, an Independent Director.

Our Remuneration Committee will review and recommend to the Board a framework of remuneration for the Directors and key management personnel and determine specific remuneration packages for each Director as well as for the key management personnel. The recommendations of the Remuneration Committee should be submitted for endorsement by the Board. All aspects of remuneration, including but not limited to Directors' fees,

salaries, allowances, bonuses, options, share-based incentives, awards and benefits-in-kind shall be covered by the Remuneration Committee. In addition, the Remuneration Committee will perform an annual review of the remuneration of employees related to the Directors and Substantial Shareholders to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their respective job scope and level of responsibilities. They will also review and approve any bonuses, pay increases and/or promotion for these employees. Each member of the Remuneration Committee shall abstain from voting on any resolution in respect of his remuneration package. The Remuneration Committee shall also review the Company's obligations arising in the event of termination of the employment of Directors and key management personnel. The Remuneration Committee may access expert advice regarding executive compensation matters relating to Directors and key management personnel if required.

Principle 8: The level and structure of remuneration should be aligned with the long-term interest and risk policies of the company, and should be appropriate to attract, retain and motivate (a) the directors to provide good stewardship of the company, and (b) key management personnel to successfully manage the company. However, companies should avoid paying more than is necessary for this purpose.

In setting remuneration packages, the Remuneration Committee will ensure that the Directors are adequately but not excessively remunerated as compared to the industry and comparable companies.

The remuneration packages for Executive Directors and key management personnel take into account the performance of the Group and the individual. The Director's fees for non-executive Directors are based on the effort, time spent and responsibilities of the non-executive Directors, and are subject to approval at AGMs. The Company has entered into service agreements with Mr Lee Swee Keng (the Executive Chairman), Mr Chen Kaitong (the Chief Executive Officer and Executive Director), Mr Su Jianli (the Deputy Chief Executive Officer and Executive Director) commencing from the date of admission of the Company to the Catalist Board, and with Mr Andrew Lim Kok-Kin (the Executive Director) commencing 31 May 2015. They are valid for an initial period of three (3) years (the "Initial Term") each and upon the expiry of the initial period of three (3) years, the employment of the respective appointee shall be automatically renewed on a year-to-year basis on such terms and conditions as the parties may agree. The service agreements may be terminated by either the Company or the respective Directors giving to the other party six (6) calendar months' notice in writing or payment of six (6) months' basic salary in lieu of notice. Revisions to the terms of the service agreements will be reviewed by the Remuneration Committee, which, upon taking into consideration the employment conditions within the retail industry and comparable companies, will recommend the same to the Board where such revisions are in order.

The remuneration packages for the Executive Directors and key management personnel includes a fixed salary and a variable performance related bonus which is designed to align their interests with those of the shareholders.

The Company does not have in place any share based compensation schemes or any long-term scheme involving the offer of shares.

All revisions to the remuneration packages for the Directors and key management personnel are subject to the review by and approval of the Board. Directors' fees are further subject to the approval of shareholders at the AGM. Each member of the Remuneration Committee will abstain from deciding his or her own remuneration and the remuneration packages of persons related to him/her.

Principle 9: Each company should provide clear disclosure of its remuneration policies, level and mix of remuneration, and the procedure for setting remuneration in the company's annual report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key management, and performance.

The Remuneration Committee recommends to the Board a framework of remuneration for the Board and key management personnel to ensure that the structure is competitive and sufficient to attract, retain and motivate key management personnel to run the Company successfully in order to maximize shareholders' value. The recommendations of the Remuneration Committee on the remuneration of Directors and key management will be submitted for endorsement by the Board. The members of the Remuneration Committee do not participate in any decisions concerning their own remuneration.

The breakdown showing the level and mix of each individual Director's remuneration in the financial period under review by percentage (%) is as follows:

Remuneration Band and Name of Director	Base / Fixed salary	Directors fees	Variable or performance benefits related income / Bonus	Other Benefits
Above S\$250,000 and Below S\$500,000				
Mr Lee Swee Keng	72%	–	24%	4%
Below S\$250,000				
Mr Chen Kaitong	92%	–	8%	–
Mr Su Jianli	91%	–	8%	1%
Mr Su Caiye	–	100%	–	–
Mr Andrew Lim Kok-Kin	76%	–	13%	11%
Mr Koh Lian Huat	–	100%	–	–
Mr Dr Ong Seh Hong	–	100%	–	–
Ms Xu Ruyu	–	100%	–	–

There are only four (4) management personnel whom the Company considered to be key management personnel (who were not Directors). Accordingly, these four (4) key management personnel of the Group during the financial year under review fell within the remuneration band of below S\$250,000:

Mr Jeffrey Kan Kai Hi	74%	–	18%	8%
Ms Wang Liyu	91%	–	8%	1%
Ms Huang Pingping	88%	–	7%	5%
Ms Jian Aihong	89%	–	7%	4%

The Company has not disclosed exact details of the remuneration of each individual Director as it is not in the best interests of the Company and employees to disclose such details due to the sensitive nature of such information.

In considering the disclosure of remuneration of these four (4) key management personnel of the Company, the Company considered the overall quantum received by each individual executive as well as the confidential nature of the key management personnel's remuneration and believes that a full disclosure as recommended by the Code would be prejudicial to the Company's interest. The annual aggregate remuneration paid to these four (4) key management personnel of the Company (who are not Directors or the Chief Executive Officer) for FY2017 is approximately S\$405,002.

No employee who was an immediate family member of a Director was paid more than S\$50,000 during FY2017. "Immediate family member" means the spouse, child, adopted child, step-child, brother, sister, and parent of such person.

ACCOUNTABILITY AND AUDIT

Principle 10: The board should present a balanced and understandable assessment of the company's performance, position and prospects.

In line with the continuing disclosure obligations of the Company under the Listing Manual, the Board's policy is that shareholders shall be informed of all major developments of the Company. Information is presented to

shareholders on a timely basis through SGXNet and/or the press. In presenting the annual financial statements and quarterly and full-year result announcements to its shareholders, it is the objective of the Board to provide its shareholders with a reasonable understanding of the Group's financial position, performance and prospects.

The Management currently provides the Board with management accounts of the Group's performance, position and prospects on a monthly basis.

Principle 11: The board is responsible for the governance of risk. The board should ensure that management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the company's assets, and should determine the nature and extent of the significant risks which the board is willing to take in achieving its strategic objectives.

The Group's internal controls and systems are designed to provide reasonable assurance as to the integrity and reliability of the financial information and to safeguard and maintain accountability of its assets.

The Group has established a formal Enterprise Risk Management Framework to facilitate the governance of risks and monitoring the effectiveness of internal controls.

Accordingly, to facilitate the compliance of Rule 1207(10) of the Listing Manual, the Board has engaged an external consultant to review the adequacy and effectiveness of the Company's internal control system in FY 2017 to assist the Board and the Audit Committee in their review of the Group's risk management and internal control systems focusing on financial, operational and compliance controls.

The Chief Executive Officer and the Chief Financial Officer have provided assurance that as at the end of FY2017 (a) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and (b) the Company's risk management and internal control systems are effective.

With the concurrence of the Audit Committee, the Board is of the opinion that the Company has in place a robust and effective system of internal controls addressing financial, operational and compliance risks to safeguard shareholders' interests and the Group's assets. In the absence of any evidence to the contrary, the Board is further of the view that the system of internal controls maintained by the Management provides reasonable assurances against material financial misstatements or losses, safeguarding of assets, maintenance of proper accounting records, reliability of financial information, compliance with legislation regulations and best practices and the identification and management of business risks. The Board recognises that no cost effective internal control system will preclude all errors and irregularities, as such a system is designed to manage (rather than eliminate the risk of failure) and achieve its business objectives. Such a system can only provide reasonable and not absolute assurance against material misstatement or loss.

Principle 12: The board should establish an audit committee with written terms of reference which clearly set out its authority and duties.

The members of the Company's Audit Committee for the financial period under review are Mr Koh Lian Huat, Dr Ong Seh Hong and Ms Xu Ruyu. The Audit Committee is entirely constituted by Independent Directors, and the Chairman of the Audit Committee is Mr Koh Lian Huat, an Independent Director.

The principal role and functions of the Audit Committee are as follows:

- review the audit plans of the external auditors and the internal auditors, including the audit results of the external auditors and internal auditors' review and evaluation of the system of internal controls;
- review the annual consolidated financial statements and the external auditors' report on those financial statements, and discuss any significant adjustments, major risk areas, changes in accounting policies, compliance with international financial reporting standards, concerns and issues arising from their audits including any matters which the auditors may wish to discuss in the absence of management, where necessary, before submission to the Board for approval;

Corporate Governance Report

企业治理

- review the periodic consolidated financial statements comprising the profit and loss statements and the balance sheets and such other information required by the Listing Manual, before submission to the Board for approval;
- review and discuss with external and internal auditors (if any), any suspected fraud, irregularity or infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position and the management's response;
- review the co-operation given by the management to the external auditors;
- review and report to the Board at least annually the adequacy and effectiveness of the Company's internal controls, including financing, operational, compliance and information technology controls;
- consider the appointment and re-appointment of the external auditors and matters relating to resignation or dismissal thereof;
- review and ratify any interested person transactions falling within the scope of Chapter 9 of the Listing Manual;
- review the guidelines and review procedures set out in the "Interested Person Transactions and Potential Conflicts of Interests" section of the Company's Offer Document and future interested person transactions, if any;
- monitor the undertaking described in the "Interested Person Transactions and Potential Conflicts of Interests – Potential Conflicts of Interest" section of the Company's Offer Document;
- review any potential conflicts of interest;
- review the adequacy and supervision of the finance and accounting team on a regular basis;
- review the procedures by which employees of the Group may, in confidence, report to the Chairman of the Audit Committee, possible improprieties in matters of financial reporting or other matters and ensure that there are arrangements in place for independent investigation and follow-up actions in relation thereto;
- undertake such other reviews and projects as may be requested by the Board, and will report to the Board its findings from time to time on matters arising and requiring the attention of the Audit Committee; and
- undertake generally such other functions and duties as may be required by law or the Listing Manual, and by such amendments made thereto from time to time.

Apart from the duties listed above, the Audit Committee shall commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore law, rule or regulation which has or is likely to have a material impact on the Group's operating results and/or financial position. Each member of the Audit Committee shall abstain from voting on any resolutions in respect of matters in which he is interested.

The Audit Committee has adopted written terms of reference defining its membership, administration and duties.

The Audit Committee has explicit authority to investigate any matter within its terms of reference and is authorised to obtain independent professional advice. It has full access to and co-operation of the management and reasonable resources to enable it to discharge its duties properly. It also has full discretion to invite any director or executive officer or any other person to attend its meetings.

The members of the Audit Committee have sufficient financial and/or management expertise, as assessed by the Board in its business judgment, to discharge the Audit Committee's functions.

Corporate Governance Report

企业治理

The Audit Committee met four (4) times during the year under review. Details of members' attendance at the meetings are set out on page one. The Chief Financial Officer, Company Secretary, internal auditors and external auditors are invited to these meetings. Other members of the senior management are also invited to attend as appropriate to present reports.

The Audit Committee meet with the external auditors and internal auditors in the absence of the Management at least once in every financial year.

The aggregate amount of fees paid to the external auditors have been reviewed by the Audit Committee, such that the Audit Committee is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors. The fees paid to the external auditors are presented in this Annual Report under "Auditor and Audit Fees" and "Non-Audit Fees" headings in respect of Principle 16.

The Audit Committee met on a quarterly basis and reviewed the quarterly and full-year announcements, material announcements and all related disclosures to the shareholders before submission to the Board for approval. In the process, the Audit Committee reviewed the audit plan and audit committee report presented by the external auditors. The external auditors provide regular updates and briefing to the Audit Committee on changes or amendments to accounting standards to enable the members of the Audit Committee to keep abreast of such changes and its corresponding impact on the financial statements, if any.

The Audit Committee also reviewed the annual financial statements and discussed with the management, the Chief Financial Officer and the external auditors the significant accounting policies, judgment and estimate applied by the Management that might affect the integrity of the financial statements and considered the clarity of key disclosures in the financial statements. The Audit Committee reviewed, amongst other matters, the following key audit matters identified by the external auditors for FY2017.

Key audit matters	How the issues were addressed by the Audit Committee
Cash and bank balances	The Audit Committee reviewed and discussed with the management and the external auditors the key internal and financial controls in this area, in particular the cash and bank reconciliations, cash counting and handling procedures, authorisation and segregation of duties, as well as security and surveillance measures. No significant issue came to the attention of the Audit Committee in the course of its review.
Gold inventory	The Audit Committee reviewed and discussed with the management and the external auditors the key internal and financial controls in this area, in particular periodic and random stock-taking procedures, inventory reconciliations, security and surveillance measures, inventory level control, as well as the cost recognition at net realisable value against market price. No significant issue came to the attention of the Audit Committee in the course of its review.
Impairment of property, plant and equipment	The Audit Committee reviewed and discussed with the management and the external auditors the approach and methodology being used in this area, in particular the cash flow projections, growth rate and discount rate. No significant issue came to the attention of the Audit Committee in the course of its review.

Following the review and discussions, the Audit Committee then recommended to the Board for approval of the audited annual financial statements.

The Company has put in place a whistle-blowing policy, which provides for the mechanisms by which employees and other persons may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters, with the objective of ensuring that arrangements are in place for the independent investigation of such matters for appropriate follow-up action. The Audit Committee exercises the overseeing function over the administration of the whistle-blowing policy. Details of the whistle-blowing policies and arrangements have been made available to all employees of the Company.

The external auditors provided regular updates and periodic briefings to the Audit Committee on changes or amendments to accounting standards to enable the members of the Audit Committee to keep abreast of such changes and its corresponding impact on the financial statements, if any.

Principle 13: The company should establish an effective internal audit function that is independently resourced and independent of the activities it audits.

The Board recognises the importance of maintaining a system of internal controls to safeguard the shareholders' investments and the Company's assets.

The objective of the internal audit function is to provide an independent review of the effectiveness of the Group's internal controls and provide reasonable assurance to the Audit Committee and the management that the Group's risk management, controls and governance processes are adequate and effective.

In order to strengthen further the Group's internal audit function, the Audit Committee has recommended and the Board has approved the appointment of an external audit professional firm to undertake the internal audit function of the Group. These audit professionals report to the Audit Committee. The internal audit plan is submitted to the Audit Committee for approval prior to the commencement of the internal audit, and the Audit Committee oversees and monitors the implementation or improvements as required. The internal auditors have unrestricted direct access to all of the Company's documents, records, properties and personnel and a direct and primary reporting line to the Audit Committee.

The Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors are used as a reference and guide by the Company's internal auditors. The Audit Committee reviews at least annually, the adequacy and effectiveness of the internal auditors and is satisfied that the internal auditors are staffed by qualified and experienced personnel.

Principle 14: Companies should treat all shareholders fairly and equitably, and should recognise, protect and facilitate the exercise of shareholders' rights, and continually review and update such governance arrangements.

All shareholders are treated fairly and equitably to facilitate their ownership rights. The Board recognises the importance of maintaining transparency and accountability to its shareholders. The Board's policy is that all shareholders should be informed in a comprehensive manner and on a timely basis of all material developments that impact the Group.

All shareholders are entitled to attend and vote at general meetings in person or by proxy. The rules including the voting procedures are set out in the notice of general meetings. The Constitution allows all shareholders to appoint proxy/proxies to attend general meetings and vote on his/her/their behalf. In particular, Relevant Intermediaries, as defined under the Companies Act (Cap. 50 of Singapore), may appoint more than two (2) proxies.

The Board is mindful of its obligations to provide timely disclosure of material information to shareholders of the Group and does so through:

- annual reports issued to all shareholders. Non-shareholders may access the SGX-ST website for the Company's annual reports;
- quarterly and full-year announcements of its financial statements on the SGXNet;
- other announcements on the SGXNet; and
- press releases on major developments regarding the Company.

Principle 15: Companies should actively engage their shareholders and put in place an investor relations policy to promote regular, effective and fair communication with shareholders.

Principle 16: Companies should encourage greater shareholder participation at general meetings of shareholders, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The Company is committed to regular and proactive communication with its shareholders in line with continuous disclosure obligations of the Company under the Listing Manual. Pertinent information will be disclosed to shareholders in a timely, fair and equitable manner. The Company does not practise selective disclosure. Price sensitive information is first publicly released before the Company meets with any group of investors or analysts.

Pertinent information is communicated to shareholders through:

- (1) quarterly and full-year results announcements which are published on the SGXNet and in news releases;
- (2) the Company's annual reports that are prepared and issued to all shareholders;
- (3) notices of and explanatory memoranda, for AGMs and extraordinary general meetings; and
- (4) press releases on major developments of the Group.

AGMs are the main forum for communication with shareholders. Annual reports and notices of the AGMs are sent to all shareholders. The members of the Audit Committee, Nominating Committee and Remuneration Committee will be present at AGMs to answer questions relating to the work of these committees. The external auditors will also be present to assist the Directors in addressing any relevant queries by shareholders. The Board welcomes the views of shareholders on matters affecting the Company, whether at shareholders' meetings or on an ad hoc basis.

Shareholders are given the opportunity to vote at general meetings. However, as the authentication of shareholder identity information and other related integrity issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail or electronic means.

Resolutions are as far as possible, structured separately and may be voted upon independently. In line with the new Rule 730A of the Listing Manual, with effect from 1 August 2015, all resolutions at general meetings will be voted by way of poll.

The Group has specifically entrusted an investor relations team comprising the Executive Chairman, the Chief Executive Officer, the Chief Financial Officer and an external investor relation firm with the responsibility of facilitating communications with shareholders and analysts and attending to their queries or concerns.

The Company does not have a fixed dividend policy. The form, frequency and amount of dividends will depend on the Company's earnings, general financial condition, results of operations, capital requirements, cash flow, general business condition, development plans and other factors as the Directors may deem appropriate. Notwithstanding the above, any declaration of dividends is clearly communicated to the shareholders via SGXNet.

DEALINGS IN SECURITIES

The Company has adopted the best practices on dealings in securities set out in Rule 1207(19) of the Listing Manual and made known the best practices to Directors and officers. In line with the best practices, Directors and officers are not allowed to deal in the Company's shares during the two (2) weeks before the announcement of the Company's results for each of the first three quarters of its financial year and the one (1) month before the announcement of the Company's full year results, or when they are in possession of unpublished price sensitive information on the Group.

Corporate Governance Report

企业治理

The Group has reminded its Directors and officers that it is an offence under the Securities and Futures Act, Chapter 289, for a listed issuer or its key executives to deal in the listed issuer's securities as well as securities of other listed issuers when the officers are in possession of unpublished material price-sensitive information in relation to those securities. Directors and executives are expected and reminded to observe insider-trading laws at all times even when dealing in securities within permitted trading periods. The Group has further reminded its Directors and officers not to deal in the Company's securities on short-term considerations.

AUDITOR AND AUDIT FEES

The aggregate amount of fees paid to Ernst & Young LLP in FY2017 was S\$300,900 of which audit fees amounted to approximately S\$298,500. The Group confirms that it has complied with Rule 712 and Rule 715 of the Listing Manual in relation to its auditing firms.

NON-AUDIT FEES

Save for a fee of S\$2,400 for tax-related services, no other non-audit fees were paid to the Group's Auditor, Ernst & Young LLP for FY2017. The Audit Committee, having reviewed such non-audit services, is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of the external auditors.

MATERIAL CONTRACTS

Save for the following interested person transactions, there are no material contracts entered into by the Company and its subsidiaries during the FY2017 or still subsisting as at 31 December 2017 which involved the interests of the Chief Executive Officer, any of the Directors or controlling shareholders of the Company.

INTERESTED PERSON TRANSACTIONS

SUSTAINABILITY REPORTING – SUMMARY OF SUSTAINABILITY REPORT

Sustainability is not new to the Company even though this is the first financial year where mandatory reporting is required as the Company has been vigilant in adopting sustainable practices in various aspects of its business operations and other processes.

During FY2017, with the Board's approval and under the leadership of the Chief Executive Officer, Mr. Chen Kaitong, a sustainability steering committee was formed to identify, monitor and report on the Group's material environmental, social and governance ("ESG") factors under the GRI-G4 framework and in line with Rule 711A and Rule 711B of the Listing Manual.

The preliminary material ESG factors that have been identified include staff training and development, food safety and customers' satisfaction. The full inaugural sustainability report will be published in the coming months, which will detail the policies, practices and performance of the Group's material ESG factors.

There was no change in any of the above-mentioned interest in the Company between the end of the financial year and 21 January 2018.

Except as disclosed in this statement, no director who held office at the end of the financial year had interests in shares, share options, warrants or debentures of the Company, or of related corporations, either at the beginning or at the end of the financial year.

Options

There is presently no option scheme on unissued shares of the Company.

Audit Committee

The Audit Committee ("AC") carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act, Cap. 50, including the following:-

- Reviewed the audit plans of the internal and external auditors of the Group and the Company, and reviewed the internal auditors' evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by the Group and the Company's management to the external and internal auditors;
- Reviewed the quarterly and annual financial statements and the auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors;
- Reviewed effectiveness of the Group and the Company's material internal controls, including financial, operational and compliance controls and risk management via reviews carried out by the internal auditors;
- Met with the external auditors, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;

Directors' Statement

Audit Committee (cont'd)

- Reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- Reviewed the cost effectiveness and the independence and objectivity of the external auditors;
- Reviewed the nature and extent of non-audit services provided by the external auditors;
- Recommended to the board of directors the external auditors to be nominated, approved the compensation of the external auditors, and reviewed the scope and results of the audit;
- Reported actions and minutes of the AC to the board of directors with such recommendations as the AC considered appropriate; and
- Reviewed interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited's Listing Manual.

The AC, having reviewed all non-audit services provided by the external auditor to the Group, is satisfied that the nature and extent of such services would not affect the independence of the external auditor. The AC has also conducted a review of interested person transactions.

The AC convened four meetings during the financial year with attendance as shown in the Corporate Governance Report. The AC has also met with internal and external auditors, without the presence of the Company's management, at least once a year.

Further details regarding the AC are disclosed in the Report on Corporate Governance in the Annual Report of the Company.

Independent Auditor's Report

For the financial year ended 31 December 2017
to the Members of Zhongmin Baihui Retail Group Ltd.

Report on the audit of the financial statements

We have audited the financial statements of Zhongmin Baihui Retail Group Ltd. (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2017, the statements of changes in equity of the Group and the Company and the consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

Opinion

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2017 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Independent Auditor's Report

For the financial year ended 31 December 2017
to the Members of Zhongmin Baihui Retail Group Ltd.

Key audit matters (cont'd)

Cash and bank balances

The Group's cash and bank balances were significant as they represented 32% of the Group's total assets balance. The cash and bank balances held by the Company and its subsidiaries represented 15% and 85% of the total cash and bank balances respectively. A significant portion of the cash and bank balances were held by the Group's subsidiaries in China for the operation of the retail malls which involve voluminous cash transactions. Additionally, they are subjected to higher inherent risk of theft and pilferage. As such we determined this to be a key audit matter.

Our audit procedures include, among others, obtaining bank confirmations directly from the banks in China and comparing the bank balances recorded by the subsidiaries to the banks' online banking system. We also reviewed the bank reconciliations prepared by management as at year end and tested the reconciling items for selected samples. For the cash floats held by the employees, we performed surprise cash counts on a sample basis for those material cash floats held as at year end.

We also focused on the adequacy of the disclosures related to cash and bank balances in Note 20 to the consolidated financial statements.

Gold Inventory

The Group's gold inventory balance is material to the financial statements as they represent 8% of the Group's total assets balance. Additionally, gold inventory is subjected to higher inherent risk of theft and pilferage and its price is subjected to market volatility. As such we determined this to be a key audit matter.

As part of our audit, we evaluated the design and operating effectiveness of internal controls with respect to physical safeguards over gold inventory. We attended and observed gold inventory cycle counts at selected stores and the year-end inventory counts at all stores to test the quantity of gold inventory.

We also reviewed management's assessment of the net realisable value of gold inventory at year end by comparing the year end market price of the gold against the cost.

Impairment of property, plant and equipment

The Group operates department stores in China and its total property, plant and equipment represent 28% of the Group's total assets balance. For the financial year ended 31 December 2017, the Group has assessed the loss making stores to have indication of impairment and has recorded impairment loss of RMB 4.5 million on the property, plant and equipment for certain department stores. The impairment assessment involves significant judgements and estimates in determination of the recoverable amount, in particular those relating to gross margin, growth rates as well as overall market and economic conditions of the industry. Due to the significance of the amounts and the judgement involved in the impairment assessment, we considered this as a key audit matter.

Our audit procedures included, amongst others, assessing the appropriateness of management's assumptions applied in the value-in use model based on our knowledge of the store operations and performance. This included obtaining an understanding of management's planned strategy on revenue growth, gross profit margin, discount rate and cost initiatives. In addition, we reviewed management's analysis of the sensitivity of the recoverable amount to changes in certain key assumptions. We have also assessed the adequacy of the disclosures in the financial statements in Note 8 of the financial statements.

Independent Auditor's Report

For the financial year ended 31 December 2017
to the Members of Zhongmin Baihui Retail Group Ltd.

Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

Independent Auditor's Report

For the financial year ended 31 December 2017
to the Members of Zhongmin Baihui Retail Group Ltd.

Auditor's responsibilities for the audit of the financial statements (cont'd)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Low Yen Mei.

Notes to the Financial Statements

For the financial year ended 31 December 2017

1. Corporate information

Zhongmin Baihui Retail Group Ltd. (the “Company”) is a limited liability company, with its registered office at 143 Cecil Street, Level 10 GB Building, Singapore 069542. The Company is listed on Singapore Exchange Securities Trading Limited (“SGX-ST”).

The principal activity of the Company is that of an investment holding company.

The principal activities of the subsidiaries are disclosed in Note 10 to the financial statements.

2. Summary of significant accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Company and its Subsidiaries (“Group”) and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”).

The financial statements have been prepared on a historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Chinese Renminbi (RMB).

Convergence with International Financial Reporting Standards

For annual financial period beginning on or after 1 January 2018, Singapore-incorporated companies listed on the Singapore Exchange will apply Singapore Financial Reporting Framework (International), a new financial reporting framework identical to International Financial Reporting Standards. The Group will adopt SFRS(I) on 1 January 2018.

The Group has performed an assessment of the impact of adopting SFRS(I). Other than the impact on adoption of the SFRS(I) 15 and SFRS(I) 9, the Group expects that adoption of SFRS(I) will have no material impact on the financial statements in the year of initial application. The Group expects the impact of adopting SFRS(I) 15 and SFRS(I) 9 will be similar to the impact on adoption of FRS 115 and FRS 109 as disclosed in Note 2.3.

2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group has adopted all the new and revised Standards and Interpretations of FRS (“INT FRS”) that are effective for annual periods beginning on or after 1 January 2017. The adoption of these standards and interpretations did not have any effect on the financial performance or position of the Group and the Company.

Notes to the Financial Statements

For the financial year ended 31 December 2017

2. Summary of significant accounting policies (cont'd)

2.3 *Standards issued but not yet effective*

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendments to FRS 102 Classification and Measurement of Share-based Payment Transactions	1 January 2018
Amendments to FRS 40 Transfers of Investment Property	1 January 2018
FRS 109 Financial Instruments	1 January 2018
FRS 115 Revenue from Contracts with Customers	1 January 2018
FRS 116 Leases	1 January 2019
Improvements to FRSs (December 2016)	
Amendments to FRS 28 Investments in Associates and Joint Ventures	1 January 2018
INT FRS 122 <i>Foreign Currency Transactions and Advance Consideration</i>	1 January 2018
INT FRS 123 <i>Uncertainty over Income Tax Treatments</i>	1 January 2019
Amendments to FRS 109 Prepayment Features with Negative Compensation	1 January 2019
Amendments to FRS 28 Long-term Interests in Associates and Joint Ventures	1 January 2019
Improvements to FRSs (March 2018)	
Amendments to FRS 103 Business Combinations	1 January 2019
Amendments to FRS 111 Joint Arrangements	1 January 2019
Amendments to FRS 12 Income Taxes	1 January 2019
Amendments to FRS 23 Borrowing Costs	1 January 2019
Amendments to FRS 110 and FRS 28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Date to be determined

Except for FRS 109, FRS 115 and FRS 116, the directors expect that the adoption of the other standards above will have no material impact on the financial statements in the period of initial application. The nature of the impending changes in accounting policies on adoption of FRS 109, FRS 115 and FRS 116 are described below.

FRS 109 *Financial Instruments*

FRS 109 introduces new requirements for classification and measurement of financial assets, impairment of financial assets and hedge accounting. Financial assets are classified according to their contractual cash flow characteristics and the business model under which they are held. The impairment requirements in FRS 109 are based on an expected credit loss model and replace the FRS 39 incurred loss model.

The Group plans to adopt the new standard on the required effective date without restating prior period' information and recognizes any difference between the previous carrying amount at the beginning of the annual reporting period at the date of initial application in the opening retained earnings.

FRS109 requires the Group and the Company to record expected credit losses on all of its debt securities, loans and trade receivables, either on a 12-month or lifetime basis. The Group expects to apply the simplified approach and record lifetime expected loss on all trade receivables.

Notes to the Financial Statements

For the financial year ended 31 December 2017

2. Summary of significant accounting policies (cont'd)

2.3 Standards issued but not yet effective (cont'd)

FRS 109 Financial Instruments (cont'd)

Upon application of the expected credit loss model, the Group does not expect any material adjustment to impairment allowance upon initial recognition.

FRS 115 Revenue from Contracts with Customers

FRS 115 establishes a five-step model that will apply to revenue arising from contracts with customers. Under FRS 115, revenue is recognised at an amount that reflects the consideration which an entity expects to be entitled in exchange for transferring goods or services to a customer. The new revenue standard effective for annual periods beginning or after 1 January 2018.

During the year, the Group performed a preliminary analysis on the impact of FRS115. This assessment may be subject to changes arising from ongoing analysis until the Group adopts FRS 115 in 2018.

The Group is in a business of operating and managing a chain of departmental stores in China. The Group expect the following impact upon the adoption of FRS 115.

(a) Customer loyalty program

The Group determines that a loyalty program creates a performance obligation (because it provides a material right to the customer) and will have to allocate a portion of the transaction price to the loyalty program and recognise when the performance obligation is satisfied (when the loyalty points are redeemed or expired).

As required by FRS 115, the Group is required to allocate a portion of the selling price to sales to customers loyalty on relative stand-alone selling price basis. Based on the assessment, the current revenue recognition practise adopted by the Group is largely consistent with the current requirement of FRS 115. Based on the assessment, there is no material impact upon the adoption of FRS115.

The Group plans to apply the changes in accounting policies retrospectively to each reporting year presented using the full retrospective approach.

FRS 116 Leases

FRS 116 requires lessees to recognise most leases on balance sheets to reflect the rights to use the leased assets and the associated obligations for lease payments as well as the corresponding interest expense and depreciation charges. The standard includes two recognition exemption for lessees – leases of 'low value' assets and short-term leases. The new standard is effective for annual periods beginning on or after 1 January 2019.

The Group is currently assessing the impact of the new standard and plans to adopt the new standard on the required effective date. The Group expects the adoption of the new standard will result in increase in total assets and total liabilities and EBITDA.

2.4 *Basis of consolidation and business combinations*

(a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when controls is lost;
- De-recognises the carrying amount of any non-controlling interest;
- De-recognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss;
- Re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(b) *Business combinations and goodwill*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(b) Business combinations and goodwill (cont'd)

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another FRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

2.5 Functional and foreign currency

(a) Functional currency

The management has determined the currency of the primary economic environment in which the Company operates ie. functional currency, to be Singapore dollars (SGD). Cost of investment in subsidiary, loans and borrowings and major operating expenses are primarily influenced by fluctuation in SGD.

(b) Presentation currency

The financial statements have been presented in Renminbi (RMB) as it is the currency that the Directors of the Group use when controlling and monitoring the performance and financial position of the Group. The Group's main operational subsidiary's sales, purchases, receipts, payments are traded primarily in RMB, the Directors are of the opinion that choosing RMB as the presentation currency best reflects the primary economic environment in which the Group operates.

2. Summary of significant accounting policies (cont'd)

2.5 Foreign currency (cont'd)

(c) Consolidated financial statements

For consolidation purposes, the assets and liabilities of the Company's operations are translated into RMB at the rate of exchange ruling at the end of the reporting period and its profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

(d) Foreign currency transactions

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiary and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.6 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, all items of plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight line basis over the estimated useful lives of the assets as follows:

Electronics	–	3-5 years
Furniture and fittings	–	3-10 years
Computer software	–	3-10 years
Motor vehicles	–	4 years
Leasehold improvements	–	8-20 years (i.e. lease period)
Buildings	–	20 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the assets is included in profit or loss in the year the asset is derecognised.

Notes to the Financial Statements

2. Summary of significant accounting policies (cont'd)

2.7 *Impairment of non-financial assets*

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

2.8 *Subsidiaries*

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

2.9 *Joint arrangements*

A joint arrangement is a contractual arrangement whereby two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint arrangement is classified either as joint operation or joint venture, based on the rights and obligations of the parties to the arrangement.

To the extent the joint arrangement provides the Group with rights to the assets and obligations for the liabilities relating to the arrangement, the arrangement is a joint operation. To the extent the joint arrangement provides the Group with rights to the net assets of the arrangement, the arrangement is a joint venture.

Joint ventures

The Group recognises its interest in a joint venture as an investment and accounts for the investment using the equity method. The accounting policy for investment in joint venture is set out in Note 2.10.

Notes to the Financial Statements

2. Summary of significant accounting policies (cont'd)

2.10 *Joint ventures and associates*

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group account for its investments in associates and joint ventures using the equity method from the date on which it becomes an associate.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities is accounted as goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of investment is included as income in the determination of the entity's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in associates or joint ventures are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates or joint ventures. The profit or loss reflects the share of results of the operations of the associates or joint ventures. Distributions received from joint ventures or associates reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates or joint ventures, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and associate or joint ventures are eliminated to the extent of the interest in the associates or joint ventures.

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint venture. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the associates and joint ventures are prepared as the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

2.11 *Financial instruments*

(a) *Financial assets*

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

2. Summary of significant accounting policies (cont'd)

2.11 *Financial instruments (cont'd)*

(a) *Financial assets (cont'd)*

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as follows:

Loans and receivables

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised directly in other comprehensive income is recognised in profit or loss.

(b) *Financial liabilities*

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Initial recognition and measurement

Subsequent measurement

After initial recognition, other financial liabilities are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

2. Summary of significant accounting policies (cont'd)

2.12 *Impairment of financial assets*

The Group assesses at each end of the reporting period whether there is any objective evidence that a financial asset is impaired.

(a) *Financial assets carried at amortised cost*

For financial assets carried at amortised cost, the Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be recognised are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss on financial assets carried at amortised cost has incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account. The impairment loss is recognised in profit or loss.

When the asset becomes uncollectible, the carrying amount of impaired financial assets is reduced directly or if an amount was charged to the allowance account, the amounts charged to the allowance account are written off against the carrying value of the financial asset.

To determine whether there is objective evidence that an impairment loss on financial assets has incurred, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying amount of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

(b) *Financial assets carried at cost*

If there is objective evidence (such as significant adverse changes in the business environment where the issuer operates, probability of insolvency or significant financial difficulties of the issuer) that an impairment loss on financial assets carried at cost had been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not reversed in subsequent periods.

2.13 *Cash and cash equivalents*

Cash and cash equivalents comprise cash at bank and on hand, and short-term deposits that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

Notes to the Financial Statements

2. Summary of significant accounting policies (cont'd)

2.14 *Inventories*

Inventories are stated at the lower of cost and net realisable value. Costs of finished goods is determined on a weighted average basis and includes all costs of bringing the inventories to their present location and condition.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.15 *Intangible assets*

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

Favourable tenancy agreement

Following initial recognition of the favourable tenancy agreement as an intangible asset, it is carried at cost less accumulated amortisation and any accumulated impairment losses. Amortisation of the intangible asset begins when the asset is available for use. The intangible assets arising from the favourable tenancy agreement have a finite useful life and are amortised over the lease period (3-8 years) on a straight line basis.

2. Summary of significant accounting policies (cont'd)

2.16 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.17 Employee benefits

(a) Defined contribution plans

Singapore

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Company makes contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to national pension schemes are recognised as an expense in the period in which the related service is performed.

People's Republic of China ("PRC")

The subsidiaries incorporated and operating in the PRC are required to provide certain staff pension benefits to their employees under existing PRC regulations. Pension contributions are provided at rates stipulated by PRC regulations and are contributed to a pension fund managed by government agencies, which are responsible for administering these amounts for the subsidiaries' employees. The above contributions are recognised as an expense in the period in which the related service is performed.

(b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to employees. The estimated liability for leave is recognised for services rendered by employees up to the end of the reporting period.

2.18 Leases

(a) As lessee

Finance leases which transfer to the Group substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset and the lease term, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

Notes to the Financial Statements

For the financial year ended 31 December 2017

2. Summary of significant accounting policies (cont'd)

2.18 Leases (cont'd)

(b) *As lessor*

Leases where the Group retains substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.19(d). Contingent rents are recognised as revenue in the period in which they are earned.

2.19 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is made. Revenue is measured at the fair value of consideration received or receivable, taking into account contractually defined terms of payments and excluding taxes or duty.

(a) *Direct sales*

Revenue from direct sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer, usually on delivery of goods. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(b) *Managed rental*

Revenue from managed rental is recognised on a fixed sum on a straight-line basis over the concessionary period.

(c) *Concessionaire sales*

Revenue from concessionaire sales is recognised on a net basis based on either a fixed sum or a commission amounting to a certain agreed percentage of tenants' revenue from the sale of their products. Concessionaire sales inclusive of maintenance fees charges to tenants.

(d) *Rental income*

Rental income from operating leases (net of any incentives given to the lessee) from the letting of premises is recognised on a straight-line basis over the lease terms. Rental income are also received from temporary and seasonal leases of spaces in the department store where suppliers lease them for conducting promotional activities. Rental income includes maintenance fees charges to lessees.

Notes to the Financial Statements

For the financial year ended 31 December 2017

2. Summary of significant accounting policies (cont'd)

2.19 Revenue (cont'd)

(e) Revenue from customer loyalty award

The Group operates a customer loyalty programme which allows customers to accumulate points when they purchase products in the Group's stores. The points can be redeemed for free gifts from the Group's stores, subject to a minimum number of points being obtained.

The Group allocates consideration received from the sale of goods to the goods sold and the points issued that are expected to be redeemed.

The consideration allocated to the points issued is measured at the fair value of the points. It is recognised as a liability (other accrued operating expenses) on the balance sheet and recognised as revenue when the points are redeemed, have expired or no longer expected to be redeemed. The amount of revenue recognised is based on the number of points that have been redeemed, relative to the total number expected to be redeemed.

(f) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

2.20 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Notes to the Financial Statements

For the financial year ended 31 December 2017

2. Summary of significant accounting policies (cont'd)

2.20 Taxes (cont'd)

(b) *Deferred tax (cont'd)*

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(c) *Sales tax*

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

2.21 *Share capital and share issuance expenses*

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

Notes to the Financial Statements

For the financial year ended 31 December 2017

2. Summary of significant accounting policies (cont'd)

2.22 *Treasury shares*

The Group's own equity instruments, which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount of treasury shares and the consideration received, if reissued, is recognised directly in equity. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them respectively.

2.23 *Contingencies*

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the balance sheet of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

2.24 *Segment reporting*

A business segment is a distinguishable component of the Group that is engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is a distinguishable component of the Group that is engaged in providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

The Group is substantially in one business segment, namely ownership, operation and management of a chain of department stores in China, accordingly, no segment reporting is presented.

2.25 *Related parties*

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Group and Company if that person:
 - (i) Has control or joint control over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Group or Company or of a parent of the Company.

2. Summary of significant accounting policies (cont'd)

2.25 *Related parties (cont'd)*

- (b) An entity is related to the Group and the Company if any of the following conditions applies:
- (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

3. Significant accounting estimates and judgements

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of the revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of reporting period. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 *Judgements made in applying accounting policies*

Management is of the opinion that there is no significant judgement made in applying accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period.

3.2 *Key sources of estimation uncertainty*

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) *Impairment of property, plant and equipment*

The Group recognised impairment loss in respect of the property, plant and equipment of its subsidiaries. The impairment assessment involves significant judgements and estimates in determination of the recoverable amount, in particular those relating to gross margin, growth rates as well as overall market and economic conditions of the industry. The carrying amount of the Group's property, plant and equipment and impairment loss recognised at the end of the reporting period are disclosed in Note 8.

At 31 December 2017	2,030,400	3,809,553	5,839,953

On 1 May 2013 (the “acquisition date”), the Group acquired two stores from a related party.

Goodwill arising from the acquisition

The goodwill of RMB 3,809,553 relates to the acquisition of the two stores located within the long established vicinity of Tumen and Quanxiu. None of the goodwill recognised is expected to be deductible for income tax purposes.

Amortisation expense

The amortisation of favourable lease agreements is included in selling and distribution expenses line item in the consolidated income statement.

Impairment testing of goodwill

The recoverable amounts of the two stores have been determined based on value in use calculations using cash flow projections from financial budgets approved by management covering their lease period or a three-year period whichever is shorter. The post-tax discount rate applied to the cash flow projections is 13% (2016: 13%) and the forecasted growth rates used to extrapolate the cash flows projections beyond the three-year period is up to 4% (2016: 6%) till the end of their lease periods.

Management determined budgeted gross margin based on past performance and its expectations of the market development. The discount rate reflects specific risks relating to the relevant retail industry and derived from its weighted average cost of capital (WACC). The forecasted growth rates are based on published industry research and do not exceed the long term average growth rates for the relevant retail industry.

Sensitivity to changes in assumptions

With regards to the assessment of value in use for the goodwill, management believes that no reasonably possible changes in any of the above key assumptions would cause the carrying value of the goodwill to materiality exceed its recoverable amount.

14. Deferred tax assets/(liabilities) (cont'd)

Deferred taxation

According to the Applicable Enterprise Income Tax ("EIT") laws and regulations, income such as rental, royalty and profits from the PRC derived by a foreign enterprise which has no establishment in the PRC or has establishment but the income has no relationship with such establishment is subject to a 10% withholding tax, subject to reduction as provided by any applicable double taxation treaty, unless the relevant income is specifically exempted from tax under the Applicable EIT Laws and regulations.

Pursuant to a tax treaty between the PRC and the Republic of Singapore, which became effective on 1 January 2008, a company incorporated in Singapore will be subject to a withholding tax at the rate of 5% on dividends it receives from a company incorporated in the PRC if it holds 25% or more interests in the PRC company, or 10% if it holds less than 25% interests in the PRC company.

Unrecognised temporary differences relating to investments in subsidiaries

At the end of the reporting period, no deferred tax liability (2016: Nil) has been recognised for taxes that would be payable on the undistributed earnings of certain of the Group's subsidiaries as the Group has determined that undistributed earnings of its subsidiaries will not be distributed in the foreseeable future.

Such temporary differences for which no deferred tax liability has been recognised aggregate to nil (2016: nil). The deferred tax liability is estimated to be nil (2016: nil).

Unrecognised tax losses

At the end of the reporting period, the Group has tax losses of approximately RMB 13,413,000 (2016: RMB 7,645,000) that are available for offset against future taxable profits of the companies in which the losses arose, for which no deferred tax asset is recognised due to uncertainty of its recoverability. The use of these tax losses is subject to the agreement of the tax authorities and compliance with certain provisions of the tax legislation of the respective countries in which the companies operate.

Tax consequences of proposed dividends

There are no income tax consequences (2016: Nil) attached to the dividends to the shareholders proposed by the Company but not recognised as a liability in the financial statements (Note 32).

29. Financial risk management objectives and policies

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk and liquidity risk. The Group does not speculate in the currency markets or hold or issue derivatives financial instruments. The Board reviews and agrees policies for managing each of these risks and they are summarised below.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and short-term deposits), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant.

Exposure to credit risk

At the end of the reporting period, the Group's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised on the balance sheets.

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record with the Group. Cash and deposits are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

(b) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group's cash and operating cash flows, availability of banking facilities and debt maturity profile are actively managed to ensure adequate working capital requirements and that repayment and funding needs are met.

The Group is currently dependent on its cash flow generated from operations and advances from its shareholder to support its working capital.

30. Fair values of assets and liabilities

(a) Fair value hierarchy

The Group categorizes fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group and the Company have no financial assets and liabilities measured at fair value at 31 December 2017 and 2016.

(b) Assets not measured at fair value, for which fair value is disclosed

	2017		2016	
	Carrying Amount	Fair Value Amount	Carrying Amount	Fair Value Amount
	RMB	RMB	RMB	RMB
Assets:				
Long-term investment	3,800,000	*	3,800,000	*

* Investment in long-term investment carried at cost

Fair value information has not been disclosed for the Company's long-term investment that are carried at cost because fair value cannot be measured reliably. Long-term investment represent 19% interest in Xiamen Citi-Base Commerce Co., Ltd that is not quoted on any market and does not have any comparable industry peer that is listed. In addition, the variability in the range of reasonable fair value estimates derived from valuation techniques is significant. The Company does not intend to dispose of this investment in the foreseeable future.

31. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a healthy capital ratio in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the financial years ended 31 December 2017 and 31 December 2016.

As disclosed in Note 25, subsidiaries in PRC are required by the Foreign Enterprise Law of the PRC to contribute to and maintain a non-distributable statutory reserve fund whose utilization is subject to approval by relevant PRC authorities. This externally imposed capital requirement has been complied with by the above-mentioned subsidiary for the financial years ended 31 December 2017 and 31 December 2016.

The Group is not subjected to any external imposed capital requirements.

- (B) (notwithstanding that this authority may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this authority was in force,

provided that:-

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per cent (50%) of the total number of issued Shares (excluding treasury shares) (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares to be issued other than on a pro-rata basis to the existing shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this authority) does not exceed twenty per cent (20%) of the total number of issued Shares (excluding treasury shares) (as calculated in accordance with sub-paragraph (2) below):-
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the percentage of issued Shares shall be based on the total number of issued Shares (excluding treasury shares) at the time this authority is given, after adjusting for:-
 - (i) new Shares arising from the conversion or exercise of convertible securities;
 - (ii) new Shares arising from exercising share options or vesting of share awards outstanding or subsisting at the time of passing of the Resolution approving the mandate, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of the SGX-ST; and
 - (iii) any subsequent bonus issue, consolidation or sub-division of Shares;
- (3) in exercising the authority conferred by this Resolution, the Directors shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting) this authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.”

(Resolution 8)

[See Explanatory Note 2]

8. Proposed Share Buyback Mandate

“That

- (A) For the purposes of the Companies Act, Chapter 50 of Singapore (“**Companies Act**”), the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire the issued ordinary shares fully paid in the capital of the Company (“**Shares**”) not exceeding in aggregate the Prescribed Limit (as hereafter defined), at such price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereafter defined), whether by way of:
 - (i) on-market purchases, transacted on the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) through the SGX-ST’s Central Limit Order Book (CLOB) trading system or through one or more duly licensed stockbrokers appointed by the Company for the purpose (“**Market Purchase**”); and/or

Notice of Annual General Meeting

年度股东大会通告

- (ii) off-market purchases (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme(s) as may be determined or formulated by the Directors of the Company as they may consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act and the rules of the SGX-ST Listing Manual ("**Off-Market Purchases**"),

and otherwise in accordance with all other laws and regulations, including but not limited to, the provisions of the Companies Act and the SGX-ST Listing Manual as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally ("**Share Buyback Mandate**");

- (B) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Buyback Mandate may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the passing of this Resolution and expiring on:

- (i) the date on which the next Annual General Meeting of the Company is held or required by law to be held;
- (ii) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Buyback Mandate are carried out to the full extent mandated; or
- (iii) the date on which the authority contained in the Share Buyback Mandate is varied or revoked by the Shareholders in a general meeting,

whichever is the earlier;

- (C) in this Resolution:

"Prescribed Limit" means 10% of the total number of Shares in the Company as at the date of passing of this Resolution unless the Company has effected a reduction of the share capital of the Company in accordance with the applicable provisions of the Companies Act, at any time during the Relevant Period, in which even the issued ordinary share capital of the Company shall be taken to be the amount of the issued ordinary share capital of the Company as altered (excluding any treasury shares that may be held by the Company from time to time, and subsidiary holdings, only where applicable);

"Relevant Period" means the period commencing from the date on which the resolution authorizing the Share Buyback Mandate is passed and expiring on the date the next Annual General Meeting is held or required by law to be held, whichever is the earlier, after the date of this Resolution;

"Maximum Price" in relation to a Share to be purchased, means an amount (excluding applicable brokerage, stamp duties, goods and services tax and other related expenses) not exceeding:

- (i) in the case of a Market Purchase: 105% of the Average Closing Price;
- (ii) in the case of an Off-Market Purchase: 120% of the Highest Last Dealt Price,

where:

"Average Closing Price" means the average of the closing market prices of a Share over the last five market days on which transactions in the Shares were recorded, immediately preceding the day of the Market Purchase and deemed to be adjusted for any corporate action that occurs after the relevant five market days;

Notice of Annual General Meeting

年度股东大会通告

“Highest Last Dealt Price” means the higher price transacted for a Share as recorded on the market day on which there were trades in the Shares immediately preceding the day of the making of the offer pursuant to the Off-Market Purchase; and

“day of the making of the offer” means the day on which the Company announces its intention to make an offer for the purchase of Shares from shareholders of the Company stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

- (D) the Directors of the Company and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider expedient, incidental, necessary or in the interest of the Company to give effect to the transactions contemplated and/or authorised by this Ordinary Resolution.” **(Resolution 9)**

Notice of Annual General Meeting

年度股东大会通告

Explanatory Notes :

- Ms Xu Ruyu will, upon re-election as Director of the Company, remain as the Chairman of the Nominating Committee and a member of the Audit Committee and Remuneration Committee. The Board considers Ms Xu Ruyu to be independent for the purpose of Rule 704(8) of the Listing Manual.

Mr Su Caiye will, upon re-election, remain as a Non-Executive Director of the Company.

Mr Su Jianli will, upon re-election, remain as Executive Director, and as a Deputy Chief Executive Officer of the Company.

- Under the Listing Manual of the SGX-ST, a share issue mandate approved by shareholders as an ordinary resolution will enable directors of an issuer to issue an aggregate number of new shares and convertible securities of the issuer of up to fifty per cent (50%) of the issued share capital of the issuer (excluding treasury shares) as at the time of passing of the resolution approving the share issue mandate, of which the aggregate number of new shares and convertibles securities issued other than on a pro-rata basis to existing shareholders must be not more than twenty per cent (20%) of the issued share capital of the issuer (excluding treasury shares).

The Directors are of the opinion that the proposed share issue mandate will enable the Company to respond faster to business opportunities and to have greater flexibility and scope in negotiating with third parties in potential fund raising exercises or other arrangements or transactions involving the capital of the Company.

Ordinary Resolution 8, if passed, will empower the Directors from the date of the above Annual General Meeting until the date of the next annual general meeting, to issue and allot Shares and/or Instruments. The aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted) which the Directors may issue and allot under this Resolution, shall not exceed fifty per cent (50%) of the total number of issued Shares (excluding treasury shares). For issues of Shares and convertible securities other than on a pro-rata basis to all shareholders, the aggregate number of Shares and convertible securities to be issued shall not exceed twenty per cent (20%) of the total number of issued Shares (excluding treasury shares). This authority will, unless previously revoked or varied at a general meeting, expire at the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier. However, notwithstanding the cessation of this authority, the Directors are empowered to issue Shares pursuant to any convertible securities issued under this authority.
