

BRC bags two awards at The Edge Centurion Dollar Club 2023

SINGAPORE – 7 Nov 2023 – BRC Asia Limited. ("BRC" or the "Group") was awarded "Overall Sector Winner" and "Highest Returns to Shareholders over three years" under the cyclical consumer product and cyclical consumer service category, at The Edge Centurion Dollar Club ("CC") Award on 2 November 2023.

Members in the Centurion Club are SGX-listed companies with a market capitalisation of between S\$100 million and S\$999 million as of 31 March 2023. The award selection criteria were purely based on financial performance over the past three years, and audited by Ernst & Young Singapore accordingly.

Reflecting on the Group's achievement, Mr. Seah Kiin Peng, Chief Executive Officer of the Group, said, **"We are honoured to receive this prestigious award from The Edge Singapore. As Singapore's leading total reinforcing steel fabricator and solutions provider, this recognition underlines our dedication to business excellence and our steadfast commitment to enhancing our shareholders' value. BRC continues to place our customers front and centre through our relentless pursuit of service excellence to enable contractors in Building Better."**

--The End--

Company Profile

Incorporated in 1938, BRC Asia Limited ("BRC") is a leading Pan-Asia prefabricated reinforcing steel solutions provider headquartered in Singapore and listed on the Singapore Stock Exchange.

BRC offers a full suite of reinforcing steel products and services that include standard length rebar, cut and bend services, prefabrication services as well as standard and customised welded wire mesh for the building and construction industry.

With operations spanning Singapore, Malaysia and China and a total workforce of more than 1,000, the Group has an annual processing capacity of 1.2 million MT.

By transferring laborious and unproductive in-situ steel fixing work to factory fabrication, substantial benefits in on-site manpower savings, shorter construction cycle, better buildability and productivity can be achieved for the builder, leading to a better outcome for all stakeholders.
