INCREASE IN SHAREHOLDING IN STANMORE COAL LIMITED

The board of directors (the “**Board**”) of Golden Energy and Resources Limited (“**GEAR**” and together with its subsidiaries, the “**Group**”) refers to the announcements dated 2 April 2020 (the “**Offer Announcement**”), 3 April 2020 and 28 April 2020 released by GEAR on SGXNET in relation to an unconditional on-market takeover bid by GEAR’s subsidiary, Golden Investments (Australia) Pte. Ltd. (“**Golden Investments**”), on 2 April 2020 to acquire all the fully paid ordinary shares that it does not already own or control in Stanmore Coal Limited (“**Stanmore Coal**” and the ordinary shares in Stanmore Coal, “**Stanmore Coal Shares**”), a company listed on the Australian Securities Exchange (“**ASX**”), for A\$1.00 in cash (the “**Offer Price**”) per Stanmore Coal Share (the “**Offer**”).

The Board wishes to announce that in connection with the Offer, Golden Investments has, on 29 April 2020 and 30 April 2020, made on-market purchases of 4,210,235 Stanmore Coal Shares in aggregate (the “**On-market Purchase Shares**”) (the “**On-market Purchases**”).

The aggregate Offer Price for the On-market Purchase Shares is approximately A\$4.21 million in cash. As mentioned in the Offer Announcement, the Offer will be funded through cash to be provided by GEAR and, subject to the satisfaction of the Ascend Subscription Condition (as defined in the Offer Announcement), Ascend Global.

The unaudited net asset value and net tangible assets of the On-market Purchase Shares as at 31 December 2019 are approximately A\$2.62 million and approximately A\$1.43 million, respectively. The market value of the On-market Purchase Shares is approximately A\$4.22 million, calculated based on the volume weighted average price (“**VWAP**”) of approximately A\$1.0014 and A\$1.0015 per Stanmore Coal Share, respectively, for all the trades done on 28 April 2020 and 29 April 2020 (being the last full days of trading in the Stanmore Coal Shares on the ASX immediately prior to the On-market Purchases made on 29 April 2020 and 30 April 2020, respectively).

In addition, Golden Investments has elected to participate in the Dividend Reinvestment Plan of Stanmore Coal (“**DRP**”) by receiving Stanmore Coal Shares (instead of cash) in respect of its full entitlement to the interim dividend announced by Stanmore Coal on 26 February 2020 for the financial year ending 30 June 2020 (the “**Interim Dividend**”). Accordingly, Golden Investments has on 30 April 2020 received 2,542,494 Stanmore Coal Shares issued under the DRP in respect of its full entitlement to the Interim Dividend, at an issue price of A\$0.9474 per Stanmore Coal Share (or approximately A\$2.41 million in aggregate), calculated based on a five per cent. discount to the five-day VWAP of the Stanmore Coal Shares traded on the ASX during the pricing period from 6 April 2020 to 10 April 2020.

In connection with the above, Golden Investments has today filed with ASX a Substantial Shareholder Notice (the “**ASX Notice**”). A copy of the ASX Notice is set out in the **Schedule** to this Announcement, and is also available on the website of the ASX at <https://www.asx.com.au/>.

As set out in the ASX Notice, Golden Investments’ aggregate shareholding in Stanmore Coal has increased from approximately 52.41 per cent. to approximately 54.12 per cent.

None of the directors or controlling shareholders of GEAR has any interest, direct or indirect, in the Offer, save through their shareholdings (if any) in GEAR.
