

SEMBCORP INCREASES STAKE IN INDIA RENEWABLE ENERGY BUSINESS TO 64.06%

Singapore, August 5, 2015 – Sembcorp Industries (Sembcorp) announces that its wholly-owned subsidiary Sembcorp Utilities has subscribed to the entire rights issuance by Sembcorp Green Infra, including the 40% share that was not subscribed by its partner IDFC Private Equity Fund III, to fund the company's growth in the renewable sector in India.

The total investment of the entire rights issuance amounts to Rs 2.0 billion (approximately S\$43 million), which will be funded through a combination of internal funds and borrowings. As a result of the partner's non-participation in the rights issuance, Sembcorp Utilities' stake in Sembcorp Green Infra has increased to 64.06% from 60%. This portion of the investment amounts to Rs 800 million (approximately S\$17 million).

This is not expected to have a material impact on the earnings per share and net asset value per share of Sembcorp Industries for the financial year ending December 31, 2015.
