PROFIT GUIDANCE FOR THE FIRST HALF OF THE FINANCIAL PERIOD ENDED
30 JUNE 2023

The Board of Directors of CDW Holding Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) would like to announce that following a preliminary review of the information currently available to the Board, including the unaudited consolidated financial results for the first half of the financial period ended 30 June 2023 (“**1H2023**”), the Company is expected to report a consolidated operating loss (the “**Loss**”) for 1H2023.

The envisaged consolidated operating loss for 1H2023 was mainly due to the LCD Backlight Units segment having pricing pressure for certain models of its vehicle information display (“**VID**”) backlight units, and reduced demand for notebook computer backlight units; and the OEM and Accessories segment having its major customer reschedule their product delivery plan, which impacted its performance.

Further details of the Group’s financial performance including the Loss will be disclosed when the Company finalizes and announces its unaudited consolidated financial results for 1H2023, which will be announced on or before 14 August 2023.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company. If in doubt as to the action they should take, shareholders and investors should consult their stockbrokers, bankers, solicitors, accountants, tax advisers or other professional advisers.
