

For Immediate Release

Winning streak for Geo Energy with 2nd consecutive win at the 15th SIAS Investors' Choice Award

SINGAPORE, 31 October 2014 – Geo Energy Resources Limited (“Geo Energy” or the “Group”); an integrated Indonesian coal mining group with upstream and downstream capabilities, is pleased to announce that the Group has once again been awarded as the Runner-Up of the 15th SIAS Investors' Choice Award – Most Transparent Company Award (MTCA) 2014, Chemical & Resources Category. This is the 2nd consecutive year that the Group has achieved this award and is a show of good faith in the Group's continuous efforts to improve overall transparency and corporate governance standards.

SIAS launched the “Most Transparent Company Award” in 2000 to encourage public listed companies to be more transparent thereby assisting investors to make informed decisions on their investments. This year, the award selection is based on the ICB classification. Companies are first shortlisted using the SMU-SKBI Singapore Corporate Governance Index (SCGI), a balance weighted index covering five aspects in the OECD principles. The Most Transparent Company Award takes into consideration the “Disclosure and Transparency” aspect based on publicly available information and the company's performance.

Commenting on the Group's award win, Mr. Charles Antonny Melati, Executive Chairman of Geo Energy Group said, “Winning our first ever corporate awards as a listed company in 2013 gave us great impetus not only to maintain, but strive to improve our overall transparency and corporate governance standards.

In light of the ongoing global coal industry pullback, it is a great honour for Geo Energy to achieve this award once again as it shows our determination to keep our shareholders at the forefront of our thoughts and allow them to continuously be kept up-to-date of the Group's developments. We will continue to maintain our high standards of transparency and corporate governance and justify the show of great faith that SIAS has placed in Geo Energy.”

--The End --

ABOUT GEO ENERGY RESOURCES LIMITED (Bloomberg Ticker: GERL SP)

Geo Energy Resources Limited ("Geo Energy") is a coal mining specialist with an established track record in the operation of coal mining sites for the purpose of coal production and coal sales since 2008. The Geo Energy Group's operations are primarily located in Indonesia.

Geo Energy primarily operates as a mine owner cum operator and a mine contractor. The Group has obtained mining concessions in 2011 and 2014 to undertake coal production activities in Kutai Barat Regency, East Kalimantan Province and Tanah Bumbu Regency, South Kalimantan Province, respectively. In addition, the Group also operates as a mine contractor providing specific mine contracting services to third party mine owners.
