**Singapore, 21<sup>st</sup> December 2023** – SGX Mainboard-listed healthcare group Thomson Medical Group Limited (“TMG” or the “Group”), announced today that it has completed its previously announced acquisition of Far East Medical Vietnam Limited (“FEMV” or “FV Hospital”). The acquisition marks Vietnam’s largest transaction to-date and ranks among the top-tier healthcare acquisitions in Southeast Asia in the year.

FV Hospital, now a member of TMG, was founded in 2003 and has over 1,600 staff, which includes more than 200 Vietnamese and expatriate doctors. The inclusion of FV Hospital, expands TMG’s SEA footprint, which includes the iconic Thomson Medical Centre, Thomson Fertility Centre, and a vast network of specialist medical clinics and facilities in Singapore; as well as TMC Life Sciences Berhad in Malaysia, a multi-disciplinary healthcare organisation comprising a tertiary hospital and award-winning TMC Fertility Centre.

***Kiat Lim, TMG’s Executive Vice-Chairman, said, “The successful acquisition of FV Hospital adds to Thomson’s brand strength alongside Vietnam’s leading healthcare institution, combining our wealth of medical expertise to better serve our customers. Crucially, this pivotal step will further propel our Group’s regional ambitions, expanding our network’s scale and enhancing our value proposition.”***

The inclusion of FV Hospital in the Group will also serve to fortify TMG’s foundation for deeper penetration into the rapidly evolving Vietnamese healthcare market and positions it to capitalise on increasing domestic demand and substantial opportunities for growth in medical tourism, aligning with the Group’s commitment to advancing healthcare excellence in the region.
