### **RESPONSE TO INCREASED SHARE TRADING ACTIVITY**

---

The Board of Directors (the "Board") of Civmec Limited (the "Company") would like to respond to the increased share trading activity and subsequent price decrease over the period 13 March to 18 March 2015 as follows:

The Company is aware that there is a motivated seller who holds a large but not substantial shareholding in Civmec Limited who is selling for personal reasons which in turn may have caused additional trading of securities.

Further to our announcement to the SGX yesterday the Board would like to reiterate that the Company is not aware of any information not previously announced concerning the Company, its subsidiaries or associated companies which might explain the change in the share price and trading volume. All material announcements of the Company have been released to SGX-ST.

The Group continues to expand its Australian operations, with work in public infrastructure as well as expansion into the East Coast of Australia and establishing a global footprint in South East Asia.

Civmec's Chief Executive Officer, Mr Pat Tallon, said, "We are very pleased with the progress of the business and the recently announced contract awards have reinforced that we are gaining momentum in executing our strategy."

By Order of the Board
