Source: Morningstar.

Note: The performance returns of the Fund are in Singapore Dollar based on a NAV-to-NAV basis, with dividends and distributions reinvested, if any.

The benchmark of the Fund: iEdge-UOB APAC Yield Focus Green REIT Index.

The investment objective of the Fund aims to replicate as closely as possible, before expenses, the performance of the iEdge-UOB APAC Yield Focus Green REIT Index ("Index"). During the last 12-month performance review period as of 30 June 2025, the Fund tracks closely with the Index. UOB APAC Green REIT ETF (the "Fund") was up 12.36% and the underlying index was up 14.27% during performance review period.

Contributors to performance include Link REIT (Hong Kong), Vicinity Centres Ltd REIT (Australia), Stockland REIT (Australia), CapitaLand Integrated Commercial Trust (Singapore), GPT Group REIT (Australia), Scentre Group REIT (Australia), Japan Metropolitan Fund Investment Corp REIT (Japan), Japan Real Estate Investment Corp (Japan), Mirvac Group REIT (Australia), ORIX JREIT Inc REIT (Japan).

Economic and Market Review

For the 12 months ended 30 June 2025, Asia's equity markets delivered a broadly resilient performance despite navigating a complex backdrop of geopolitical tensions, policy shifts and uneven macroeconomic indicators. While dispersion across markets remained high, the overall tone was constructive, with several key economies posting robust gains and demonstrating improved investor confidence.

North Asia emerged as the standout performer in the region. South Korea led the way, delivering nearly 30% equity returns over the six-month period. This surge was fuelled by the resolution of political uncertainty following President Lee's election, along with robust growth in the semiconductor and technology sectors. Taiwan also recorded moderate gains, supported by rising global demand for computing power and AI-related infrastructure. Meanwhile, China's market saw a meaningful rebound, returning over 9% in SGD terms, as economic stimulus policy support, easing trade tensions and improving investor sentiment helped counter earlier volatility.

Hong Kong also delivered strong performances led by a surge in exports and rebound in investments. However, over the past 12 months, the market witnessed a change in local consumption patterns. The trend of residents choosing to spend across the border is becoming more entrenched. Coupled with weaker purchasing power from mainland visitors, this might weigh on Hong Kong's long term economic recovery prospects.

A) Fund Performance (continued)

Singapore market was supported by defensive sectors and dividend-yielding stocks, on the back of resilient GDP growth in 1H25 due to front-loading of exports and to a smaller extent production in anticipation of further US tariffs. However, this momentum is expected to fade in 2H25 due to payback effects and the drag from the reciprocal tariffs.

In the Australia market, after underperforming in 1Q25 compared to the other Asia countries largely because of its much larger exposure to the commodity sector, the market extended its rally into June – marking a third straight monthly gain since April driven by strong gains in banks and discretionary retail as markets priced in further rate cut tailwinds. However, momentum waned, and the market traded largely sideways through the remainder of June amid a lack of domestic catalysts. However, we view that the ongoing uncertainty in relation to the ongoing trade war will likely have negative implications for consumption and business investment in Australia.

Outlook and Fund Strategy

We continue to see potential sector re-rating within the next 12 months and valuation of REITs are compelling. We remain positive on the sector as macro backdrop is attractive with borrowing costs stabilising. Organic growth and acquisitions also underpin earnings growth. However, key risks include tariff overhangs/export controls that will be disruptive to exports and investments in the region as well as geopolitical uncertainties.

REITs still present an attractive investment proposition from a total return perspective, with a combination of stable dividend yield supported by cash flow and upside potential for capital values. Our approach is to use both fundamental screening and valuation overlay to identify REITs with relatively more sustainable recovery paths, fewer concerns on financing risks, and better yield-plus-growth trajectories.

The Fund aims to replicate as closely as possible, before expenses, the performance of the Index. The index is reviewed semi-annually in March and September. Results from an index review are implemented effective on the fourth Monday of the review month. The latest index review was on 24 March 2025, when the Fund's rebalancing continues to track closely with the index.

UOB APAC Green REIT ETF
(Constituted under a Trust Deed in the Republic of Singapore)

A) Fund Performance (continued)

For the latest review on 24 March 2025, the following tables show REITs removed and included.

REITs Removed:

Name	Country	Reason
NTT UD REIT Investment Corp	Japan	Ranking
ESR-REIT	Singapore	
Frasers Centrepoint Trust	Singapore	
Keppel DC REIT	Singapore	

REITs Included:

Name	Country	Reason
Japan Prime Realty Investment Corp	Japan	Ranking
Daiwa Office Investment Corp	Japan	
Japan Hotel REIT Investment Corp	Japan	
Embassy Office Parks REIT	India	

To deliver profit, the Fund aims to provide 4 percent dividend yield per annum (p.a.) on a semi-annual basis. The ex-date of latest dividend distribution was on 21 March 2025.

ESG Characteristics of the Fund

The investment objective of the UOB APAC Green REIT ETF (the “Fund”) aims to replicate as closely as possible, before expenses, the performance of the iEdge-UOB APAC Yield Focus Green REIT Index (“Index”). As of 30 June 2025, 98.4% of the ETF’s total assets invested in investments are aligned with the Index’s ESG focus.

The Index tracks the performance of REITs that are listed across the Asia-Pacific and Oceanic region, with a specific focus on yield selection and a weighting method that is tilted toward the environmental attributes of real estate assets as assessed by the independent research firm GRESB.

The objective of the selection process for the portfolio is to select the 50 higher yielding REITs from a liquid and investable opportunity-set that meet minimum disclosure requirements on Environmental Social and Governance (“ESG”) factors. Once selected into the portfolio, the weighting is based on a tilting methodology, where the weight of the REIT in the index is either rewarded or penalized at each index review date according to its environmental factor assessments as performed by the independent research firm, GRESB. The Index selects constituents that have a higher relative Average Environment Percentile Score and Overall GRESB Percentile Score compared to its peers as provided by GRESB.

A) Fund Performance (continued)

Green Impact Dashboard

As of the latest review on 24 March 2025, the following table shows the Green Impact Dashboard (GID) which measures the extent that green tilting provides the Green REIT ETF/Index with a positive sustainability impact. It compares the performance of the Green REIT ETF/Index versus the APAC REIT index.

	Broad-based APAC REIT Index	UOB APAC Green REIT ETF & INDEX	Improvement
Scope 1 & 2 Greenhouse Gas Emissions	55%	71%	29%
	29% improvement indicates the Fund invests in REITs that have better sustainability performance and management practices to reduce carbon emissions arising from operations.		
Water Consumed	45%	58%	29%
	29% improvement indicates clear water conservation strategies and programmes for portfolio of buildings in Green REITs.		
Energy Consumed	49%	62%	27%
	27% improvement indicates the energy conservation measures that Green REITs have employed in their operations. This is critical since a significant amount of carbon emissions are derived from real estate operations.		
Green Building Certification – DCR*	31%	33%	6%
Green Building Certification – OPS**	47%	63%	34%
	The Fund has a higher percentage of certified green buildings measures by percentage of floor area covered by a DCR and OPS Certification		

Source: UOBAM, iEdge, GRESB, July 2025

*DCR: Valid green building certification obtained at the time of design, construction, and/or renovation

**OPS: Valid operational green building certification

UOB APAC Green REIT ETF
(Constituted under a Trust Deed in the Republic of Singapore)

D) Exposure to derivatives

The global exposure relating to derivative instruments is calculated using the commitment approach:

- (i) the absolute value of the exposure of each individual financial derivative not involved in netting or hedging arrangements;
- (ii) the absolute value of the net exposure of each individual financial derivative after netting or hedging arrangements; and
- (iii) the sum of the values of cash collateral received under certain cases.

i) Fair value of derivative contracts and as a percentage of NAV as at 30 June 2025

N/A

ii) There was a net realised gain of SGD 15,499 on derivative contracts during the financial year ended 30 June 2025.

iii) Net gains/(losses) on outstanding derivative contracts marked to market as at 30 June 2025

N/A

E) Amount and percentage of NAV invested in other schemes as at 30 June 2025

N/A

F) Amount and percentage of borrowings to NAV as at 30 June 2025

N/A

G) Amount of redemptions and subscriptions for the financial year ended 30 June 2025

Total amount of redemptions	SGD	32,088,273
Total amount of subscriptions	SGD	241,010

H) The amount and terms of related-party transactions for the financial year ended 30 June 2025

Please refer to Note 9 of the Notes to the Financial Statements.

I) Expense ratios

Please refer to Note 11 of the Notes to the Financial Statements.

UOB APAC Green REIT ETF
(Constituted under a Trust Deed in the Republic of Singapore)

J) Turnover ratios

Please refer to Note 11 of the Notes to the Financial Statements.

K) Any material information that will adversely impact the valuation of the scheme such as contingent liabilities of open contracts

N/A

L) For schemes which invest more than 30% of their deposited property in another scheme, the following key information on the second-mentioned scheme (“the underlying scheme”)¹ should be disclosed as well

i) Top 10 holdings at fair value and as percentage of NAV as at 30 June 2025 and 30 June 2024

N/A

ii) Expense ratios for the financial year ended 30 June 2025 and 30 June 2024

N/A

iii) Turnover ratios for the financial year ended 30 June 2025 and 30 June 2024

N/A

¹ *Where the underlying scheme is managed by a foreign manager which belongs to the same group of companies as, or has a formal arrangement or investment agreement with, the Singapore manager, the above information should be disclosed on the underlying scheme. In other cases, such information on the underlying scheme should be disclosed only if it is readily available to the Singapore manager.*

M) Soft dollar commissions/arrangements

UOB Asset Management has entered into soft dollars arrangements with selected brokers from whom products and services are received from third parties. The products and services relate essentially to computer hardware and software to the extent that they are used to support the investment decision making process, research and advisory services, economic and political analyses, portfolio analyses including performance measurements, market analyses, data and quotation services, all of which are believed to be helpful in the overall discharge of UOB Asset Management’s duties to clients. As such services generally benefit all of UOB Asset Management’s clients in terms of input into the investment decision making process, the soft credits utilised are not allocated on a specific client basis. The Manager confirms that trades were executed on a best execution basis and there was no churning of trades.

N) Where the scheme offers pre-determined payouts, an explanation on the calculation of the actual payouts received by participants and any significant deviation from the pre-determined payouts

(Constituted under a Trust Deed in the Republic of Singapore)

REPORT OF THE TRUSTEE

The Trustee is under a duty to take into custody and hold the assets of the sub-fund of United ESG Advanced ETF Series, namely UOB APAC Green REIT ETF (the “Sub-Fund”) in trust for the unitholders. In accordance with the Securities and Futures Act 2001, its subsidiary legislation and the Code on Collective Investment Schemes, the Trustee shall monitor the activities of the Manager for compliance with the limitations imposed on the investment and borrowing powers as set out in the Trust Deed in each annual accounting year and report thereon to unitholders in an annual report.

To the best knowledge of the Trustee, the Manager has, in all material respects, managed the Sub-Fund during the financial year covered by these financial statements, set out on pages 16 to 41, in accordance with the limitations imposed on the investment and borrowing powers set out in the Trust Deed.

STATEMENT BY THE MANAGER

In the opinion of UOB Asset Management Ltd, the accompanying financial statements set out on pages 16 to 41, comprising the Statement of Total Return, Statement of Financial Position, Statement of Movements of Unitholders' Funds, Statement of Portfolio and Notes to the Financial Statements are drawn up so as to present fairly, in all material respects, the financial position and portfolio holdings of the sub-fund of United ESG Advanced ETF Series, namely UOB APAC Green REIT ETF (the "Sub-Fund") as at 30 June 2025, and the financial performance and movements of unitholders' funds for the financial year then ended in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants. At the date of this statement, there are reasonable grounds to believe that the Sub-Fund will be able to meet its financial obligations as and when they materialise.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF THE SUB-FUND OF UNITED ESG ADVANCED ETF SERIES
(CONSTITUTED UNDER A TRUST DEED IN THE REPUBLIC OF SINGAPORE)**

Our Opinion

In our opinion, the accompanying financial statements of the sub-fund of United ESG Advanced ETF Series, namely UOB APAC Green REIT ETF (the "Sub-Fund"), are properly drawn up in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" issued by the Institute of Singapore Chartered Accountants ("RAP 7"), so as to present fairly, in all material respects, the financial position and portfolio holdings of the Sub-Fund as at 30 June 2025, and the financial performance and movements of unitholders' funds for the financial year ended on that date.

What we have audited

The financial statements of the Sub-Fund comprise:

- the Statement of Total Return for the financial year ended 30 June 2025;
- the Statement of Financial Position as at 30 June 2025;
- the Statement of Movements of Unitholders' Funds for the financial year then ended;
- the Statement of Portfolio as at 30 June 2025; and
- the Notes to the Financial Statements, including material accounting policy information.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Sub-Fund in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF THE SUB-FUND OF UNITED ESG ADVANCED ETF SERIES
(CONSTITUTED UNDER A TRUST DEED IN THE REPUBLIC OF SINGAPORE)**

Our Audit Approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the accompanying financial statements. In particular we considered where management made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Other Information

The Sub-Fund's manager (the "Manager") is responsible for the other information. The other information comprises all the sections of the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Manager for the Financial Statements

The Manager is responsible for the preparation and fair presentation of these financial statements in accordance with the recommendations of RAP 7 and for such internal control as the Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager is responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager either intends to terminate the Sub-Fund or to cease the Sub-Fund's operations, or has no realistic alternative but to do so.

The Manager's responsibilities include overseeing the Sub-Fund's financial reporting process.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF THE SUB-FUND OF UNITED ESG ADVANCED ETF SERIES
(CONSTITUTED UNDER A TRUST DEED IN THE REPUBLIC OF SINGAPORE)**

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager.
- Conclude on the appropriateness of the Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS OF THE SUB-FUND OF UNITED ESG ADVANCED ETF SERIES
(CONSTITUTED UNDER A TRUST DEED IN THE REPUBLIC OF SINGAPORE)**

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We also provide the Manager with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Manager, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lim Kheng Wah.

The Sub-Fund invests wholly in Real Estate as at 30 June 2025 and 2024.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1 General

United ESG Advanced ETF Series is a Singapore-registered umbrella fund, which currently offers one sub-fund, namely UOB APAC Green REIT ETF (the "Sub-Fund"). The Sub-Fund is constituted under a Trust Deed between UOB Asset Management Ltd (the "Manager") and State Street Trust (SG) Limited (the "Trustee"). The Trust Deed is governed by the laws of the Republic of Singapore.

The investment objective of the Sub-Fund is to provide investment results that, before fees, costs and expenses (including any taxes and withholding taxes), closely correspond to the performance of the iEdge-UOB APAC Yield Focus Green REIT Index.

Subscriptions and redemptions of the units are denominated in the Singapore Dollar and the United States Dollar. Investors may subscribe in the United States Dollar at the applicable rate of exchange from the Singapore Dollar.

2 Material accounting policy information

(a) Basis of preparation

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial instruments at fair value, and in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Investment Funds" ("RAP 7") issued by the Institute of Singapore Chartered Accountants.

(b) Recognition of income

Dividend income is recognised when the right to receive payment is established. Interest income is recognised on a time proportion basis using the effective interest method.

(c) Investments

Investments are classified as financial assets at fair value through profit or loss.

(i) Initial recognition

Purchases of investments are recognised on the trade date. Investments are recorded at fair value on initial recognition.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

2 Material accounting policy information (continued)

(c) Investments (continued)

(ii) Subsequent measurement

Investments are subsequently carried at fair value. Net changes in fair value on investments are included in the Statement of Total Return in the year in which they arise.

(iii) Derecognition

Investments are derecognised on the trade date of disposal. The resultant realised gains and losses on the sale of investments are computed on the basis of the difference between the weighted average cost and selling price gross of transaction costs, and are taken up in the Statement of Total Return.

(d) Basis of valuation of investments

The fair value of financial assets and liabilities traded in active markets is based on quoted market prices at the close of trading on the financial year end date. The quoted market price used for investments held by the Sub-Fund is the last traded market price for both financial assets and financial liabilities where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of fair value.

(e) Foreign currency translation

(i) Functional and presentation currency

The performance of the Sub-Fund is measured and reported to the investors in the Singapore Dollar. The Manager considers the Singapore Dollar as the currency of the primary economic environment in which the Sub-Fund operates. The financial statements are presented in the Singapore Dollar, which is the Sub-Fund's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Total Return within "Net foreign exchange gains/(losses)". Translation differences on non-monetary financial assets and liabilities are also recognised in the Statement of Total Return within "Net gains/(losses) on investments".

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

2 Material accounting policy information (continued)

(f) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Receivables are initially recognised at their fair value and subsequently carried at amortised cost using the effective interest method, less accumulated impairment losses.

(g) Sales and purchases awaiting settlement

Sales and purchases awaiting settlement represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered on the Statement of Financial Position date respectively. These amounts are recognised initially at fair value and subsequently measured at amortised cost.

(h) Cash and bank balances

Cash and bank balances comprise cash at banks which are subject to an insignificant risk of changes in value.

(i) Payables

Payables are recognised initially at fair value and subsequently stated at amortised cost using the effective interest method.

(j) Expenses

Expenses are recognised in the Statement of Total Return as the related services are performed.

(k) Management fee

Management fee expense is recognised on an accrual basis and in accordance with the Prospectus. Management fee is recognised as an expense over the period for which the service is provided.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

2 Material accounting policy information (continued)

(l) Distributions

The Manager has the absolute discretion to determine whether a distribution is to be made. In such an event, an appropriate amount will be transferred to a distribution account, to be paid out on the distribution date. The amount shall not be treated as part of the property of the Sub-Fund. Distributions are accrued for at the financial year end date if the necessary approvals have been obtained and a legal or constructive obligation has been created.

(m) Creation and cancellation of units

Units are issued and redeemed at the prices based on the Sub-Fund's net asset value per unit at the time of issue or redemption for each respective class. The Sub-Fund's net asset value per unit is calculated by dividing the net asset attributable to the holders of each class of units with the total number of outstanding units for each respective class.

(n) Income taxes

Current income tax for current year is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the Statement of Financial Position date. The Manager periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability that affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax is measured at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the Statement of Financial Position date.

Current and deferred income taxes are recognised as income or expenses in the Statement of Total Return, except to the extent that the tax arises from a transaction which is recognised directly in net assets attributable to unitholders.

United ESG Advanced ETF Series
(Constituted under a Trust Deed in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

3 Income tax

	UOB APAC Green REIT ETF	
	2025	2024
	\$	\$
Singapore income tax	51,156	94,546
Overseas income tax	<u>173,634</u>	<u>308,636</u>
Total income tax	<u>224,790</u>	<u>403,182</u>

The Sub-Fund has been approved by the Monetary Authority of Singapore (“MAS”) under the Enhanced-Tier Fund (“ETF”) Scheme (section 13U of the Income Tax Act 1947 and the relevant Regulations). Subject to certain conditions being met on an annual basis, the Sub-Fund may enjoy Singapore corporate income tax exemption on “specified income” derived from “designated investments” for the life of the Sub-Fund. Losses from “designated investments” are correspondingly disregarded. The terms “specified income” and “designated investments” are defined in the relevant income tax regulations.

The Trustee of the Sub-Fund has assessed and is satisfied that the Sub-Fund has met the requisite conditions under the ETF Scheme for the current financial year. The Trustee of the Sub-Fund will also ensure that the Sub-Fund fulfills its reporting obligations under the ETF Scheme.

The Singapore income tax represents tax deducted at source for Singapore sourced dividends.

The overseas income tax represents tax withheld on foreign sourced income.

** *denotes amount less than 0.0001.*

8 Financial risk management

The Sub-Fund's activities expose it to a variety of market risk (including foreign exchange risk, price risk and interest rate risk), liquidity risk and credit risk. The Sub-Fund's overall risk management programme seeks to minimise potential adverse effects on the Sub-Fund's financial performance. The Sub-Fund may use financial futures contracts, financial options contracts and/or foreign currency contracts subject to the terms of the Trust Deed to moderate certain risk exposures. Specific guidelines on exposures to individual securities and certain industries are in place for the Sub-Fund at any time as part of the overall financial risk management to reduce the Sub-Fund's risk exposures.

The Sub-Fund's assets principally consist of financial instruments such as equity investments and cash. They are held in accordance with the published investment policies of the Sub-Fund. The allocation of assets between the various types of investments is determined by the Manager to achieve its investment objectives.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

8 Financial risk management (continued)

(a) Market risk

Market risk is the risk of loss arising from uncertainty concerning movements in market prices and rates, including observable variables such as interest rates, credit spreads, exchange rates, and others that may be only indirectly observable such as volatilities and correlations. Market risk includes such factors as changes in economic environment, consumption pattern and investor's expectation etc. which may have significant impact on the value of the investments. The Sub-Fund's investments are substantially dependent on changes in market prices and are monitored by the Manager on a regular basis so as to assess changes in fundamentals and valuation. Although the Manager makes reasonable efforts in the choice of investments, events beyond reasonable control of the Manager could affect the prices of the underlying investments and hence the asset value of the Sub-Fund. Guidelines are set to reduce the Sub-Fund's risk exposures to market volatility such as diversifying the portfolio by investing across various geographies, alternatively, the Sub-Fund may be hedged using derivative strategies.

(i) Foreign exchange risk

The Sub-Fund has monetary financial assets and liabilities denominated in currencies other than the Singapore Dollar and it may be affected favourably or unfavourably by exchange rate regulations or changes in the exchange rates between the Singapore Dollar and such other currencies. The Manager may at his discretion, implement a currency management strategy either to reduce currency volatility or to hedge the currency exposures of the Sub-Fund.

United ESG Advanced ETF Series
(Constituted under a Trust Deed in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

8 Financial risk management (continued)

(a) Market risk (continued)

(i) Foreign exchange risk (continued)

Investments, which is the significant item in the Statement of Financial Position, is exposed to foreign exchange risk and other price risk. Other price risk sensitivity analysis includes the impact of foreign exchange risk on non-monetary investments. The Sub-Fund's net financial assets comprise significantly of non-monetary investments, hence foreign exchange risk sensitivity analysis has not been presented on the remaining financial assets.

(ii) Price risk

Price risk is the risk of potential adverse changes to the value of financial investments because of changes in market conditions and volatility in security prices.

The table below summarises the impact of increases/decreases from the Sub-Fund's investments in equities on the Sub-Fund's net assets attributable to unitholders at 30 June 2025 and 2024. The analysis is based on the assumption that the index components within the benchmark increased/decreased by a reasonable possible shift, with all other variables held constant and that the prices of the Sub-Fund's investments moved according to the historical correlation with the index.

Benchmark component	2025		2024	
	Volatility %	Net impact to net assets attributable to unitholders \$	Volatility %	Net impact to net assets attributable to unitholders \$
UOB APAC Green REIT ETF				
iEdge-UOB APAC Yield Focus Green REIT Index	20	5,449,343	20	10,829,651

(iii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates.

The Manager will regularly assess the economic condition, monitor changes in interest rates outlook and take appropriate measures accordingly to control the impact of the interest rate risk. The Sub-Fund's overall market positions are monitored frequently.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

8 Financial risk management (continued)

(a) Market risk (continued)

(iii) Interest rate risk (continued)

Other than cash and bank balances which are at short term market interest rates, and therefore subject to insignificant interest rate risk, the Sub-Fund's financial assets and liabilities are largely non-interest bearing.

Hence, no sensitivity analysis has been presented separately.

(b) Liquidity risk

The Sub-Fund is exposed to daily cash redemptions and disbursements for the settlements of purchases. The Manager therefore ensures that the Sub-Fund maintains sufficient cash and bank balances and that it is able to obtain cash from the sale of investments held to meet its liquidity requirements. Reasonable efforts will be taken to invest in securities which are traded in a relatively active market and which can be readily disposed of.

The Sub-Fund's investments in quoted securities are considered to be readily realisable as they are quoted on established regional stock exchanges.

The Manager may from time to time employ derivatives to implement a portfolio strategy to reduce risk or for the purpose of efficient portfolio management. Market liquidity of complex derivatives are significantly less than traditional investment instruments and such positions may therefore require a longer time to reverse than would typically be expected for traditional investment instruments. No such investments were held at the financial year end date.

United ESG Advanced ETF Series
(Constituted under a Trust Deed in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

8 Financial risk management (continued)

(b) Liquidity risk (continued)

The tables below analyse the Sub-Fund's financial liabilities into relevant maturity groupings based on the remaining period at the financial year end to the contractual maturity date. The amounts in the tables are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	UOB APAC Green REIT ETF		
	Less than 3 months	3 months to 1 year	Over 1 year
	\$	\$	\$
As at 30 June 2025			
Payables	191,474	-	-
	Less than 3 months	3 months to 1 year	Over 1 year
	\$	\$	\$
As at 30 June 2024			
Payables	362,689	-	-

(c) Credit risk

The Sub-Fund takes on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. The Sub-Fund's credit risk is concentrated on cash and bank balances and amounts or securities receivable on the sale and purchase of investments respectively. In order to mitigate exposure to credit risk, all transactions in listed securities are settled/paid for upon delivery and transacted with approved counterparties using an approved list of brokers that is regularly assessed and updated by the Manager.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

8 Financial risk management (continued)

(c) Credit risk (continued)

The table below summarises the credit rating of banks and custodians in which the Sub-Fund's assets are held as at 30 June 2025 and 2024.

The credit ratings are based on the Viability ratings published by Fitch.

UOB APAC Green REIT ETF

	Credit rating as at 30 June 2025	Credit rating as at 30 June 2024
Bank and custodian		
State Street Bank and Trust Company	aa-	aa-

The maximum exposure to credit risk at the financial year end date is the carrying amount of the portfolio of investments and cash and bank balances as presented in Statement of Financial Position.

For purposes of impairment assessment, the Sub-Fund's assets which are measured at amortised cost are considered to have low credit risk as they are not due for payment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month expected credit losses ("ECL"). The ECL for these assets as at the end of the reporting period is not significant.

(d) Capital management

The Sub-Fund's capital is represented by the net assets attributable to unitholders. The Sub-Fund strives to invest the subscriptions of redeemable participating units in investments that meet the Sub-Fund's investment objectives while maintaining sufficient liquidity to meet unitholder redemptions.

8 Financial risk management (continued)

(e) Fair value estimation

The Sub-Fund classifies fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The following tables analyse within the fair value hierarchy, the Sub-Fund's financial assets and liabilities (by class) measured at fair value at 30 June 2025 and 2024:

	UOB APAC Green REIT ETF			
	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
As at 30 June 2025				
Assets				
Portfolio of investments				
- Quoted equities	<u>27,546,956</u>	-	-	<u>27,546,956</u>
Total	<u>27,546,956</u>	-	-	<u>27,546,956</u>

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
As at 30 June 2024				
Assets				
Portfolio of investments				
- Quoted equities	<u>55,960,611</u>	-	-	<u>55,960,611</u>
Total	<u>55,960,611</u>	-	-	<u>55,960,611</u>

Investment whose values are based on quoted market prices in active markets and therefore classified within Level 1, comprise listed equities. The Sub-Fund does not adjust the quoted price for these instruments.

The assets and liabilities included in the Statement of Financial Position except portfolio of investments are carried at amortised cost; their carrying values are reasonable approximation of fair value.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2025

11 Financial ratios

	UOB APAC Green REIT ETF	
	2025	2024
	\$	\$
Total operating expenses	484,007	504,461
Average daily net assets value	<u>51,568,427</u>	<u>61,623,608</u>
Expense ratio ¹	<u>0.94%</u>	<u>0.82%</u>
Lower of total value of purchases or sales	14,251,266	13,454,617
Average daily net assets value	<u>51,568,427</u>	<u>61,623,608</u>
Turnover ratio ²	<u>27.64%</u>	<u>21.83%</u>

1 The expense ratio has been computed based on the guidelines laid down by the Investment Management Association of Singapore ("IMAS"). The calculation of the Sub-Fund's expense ratio at financial year end was based on total operating expenses divided by the average net assets value respectively for the financial year. The total operating expenses do not include (where applicable) brokerage and other transactions costs, interest expense, distribution paid out to unitholders, foreign exchange gains/(losses), front or back end loads arising from the purchase or sale of other funds and tax deducted at source or arising out of income received. The Sub-Fund does not pay any performance fee. The average net assets value is based on the daily balances.

2 The portfolio turnover ratio is calculated in accordance with the formula stated in the Code on Collective Investment Schemes. The calculation of the portfolio turnover ratio was based on the lower of the total value of purchases or sales of the underlying investments divided by the average daily net assets value.
