CORPORATE PROFILE

OUR VISION

To be a leading environmental solutions company capable of meeting the needs of tomorrow.

OUR MISSION

To provide reliable and cost-effective total solutions for water and waste management, driven by innovation and executional excellence.

OUR CORE VALUES

Safety First

We believe that no job or task is so important that we can risk our colleagues' and stakeholders' lives for.

Boldness

We dare to step into the unknown to create a better environment for our society.

Be Different

We think out of the box when providing solutions for our clients.

Integrity

We believe that honesty is the best policy to ensure a healthy and long-term relationship between our partners and us.

Unity

We strive together as one family to achieve success.

We are an environmental engineering company in the field of water and waste management. Our expertise is in the design, supply, delivery, installation, commissioning, maintenance, repair and overhaul of mechanical and electrical equipment as well as process, instrumentation and control systems in wastewater treatment plants, water reclamation plants, NEWater plants, waterworks, service reservoirs, pumping stations and incineration plants.

Our business is divided into two main business segments:

ENGINEERING, PROCUREMENT AND CONSTRUCTION

- We provide engineering, procurement and construction services within the field of water and waste management.
- Our services include process upgrading of existing water treatment plants, upgrading of pumping station capacities, replacement of aged mechanical and electrical equipment, and design and build of various treatment process systems.

Water Management

Engineering solutions and services for the treatment of raw water and used water.

Waste Management

Engineering solutions and services for the treatment of refuse in incineration plants.

OPERATIONS AND MAINTENANCE

- We provide corrective and preventive maintenance services to ensure reliability and minimal disruptions to customers' operations.

Backed by our strong engineering capabilities, we have the ability to integrate mechanical, electrical and process engineering expertise to provide customised, cost- and time-efficient integrated engineering solutions and services to our customers.

CHAIRMAN'S MESSAGE

DEAR SHAREHOLDERS,

On behalf of the Board, I am pleased to present the annual report of Sanli Environmental Limited (“Sanli”, the “Company”, and together with its subsidiaries, the “Group”) for the financial year ended 31 March 2021 (“FY2021”).

THE YEAR IN REVIEW

This year, the Group continued to face and manage numerous challenges, including the ongoing COVID-19 pandemic, industry-wide manpower disruptions, supply chain interruptions, and stiff competition. We have remained resilient and successfully completed key projects, while maintaining a healthy and stable financial performance for the Group.

Despite experiencing aggressive competitor bids for several project tenders, the Group is heartened by the S\$72.67 million contract win from the Public Utilities Board for the construction, commissioning and subsequent maintenance of new disinfection systems, which was announced on 15 July 2021. As the Singapore government continues its efforts to manage the country’s water demand, water security, and solid waste treatment, Singapore’s water and waste management sectors will continue to remain a stable source of business opportunities for the Group.

During FY2021, the Group focused on investing in its people and technology. We brought in key talent, re-organised work scopes for stronger teamwork, and re-engineered work processes in the areas of safety and cybersecurity, whilst adopting digital delivery systems to increase efficiency. The Group has also started to explore investing in green technologies with growth potential that can utilise our existing knowledge and expertise.

On 2 August 2021, we had a leadership transition with the resignation of Mr Chua Teck Huat, and the re-designation of Mr Kew Boon Kee, as the Chief Executive Officer of the Company. The Board wishes to assure shareholders that leadership renewal and succession planning is a priority, and we will continue to identify and bring in key talent that can help enhance the management bench. Good leadership is critical to build on the steady transformational momentum of Sanli into a leading environmental solutions company that leverages on its investments in people and technology to drive innovation. The Board would like to take this opportunity to thank Mr Chua Teck Huat for his leadership and service to the Company.

CHAIRMAN'S MESSAGE

FY2021 FINANCIAL PERFORMANCE

Despite dealing with unforeseen challenges, the Group has reported relatively stable financials for FY2021. The Group's FY2021 revenue amounted to S\$60.5 million with the contribution of S\$42.9 million from our Engineering, Procurement, and Construction ("EPC") sector and S\$17.6 million from our Operations and Maintenance ("O&M") sector. Although the EPC sector experienced a significant 20.4% decline in revenue, it was offset by the 33.7% increase in revenue from the O&M sector, as the Group secured and completed certain higher value O&M contracts.

Correspondingly, the Group's gross profit of S\$4.4 million experienced a decrease of 40.7% from S\$7.4 million for FY2020 with gross profit margin down by 3.7 percentage points to 7.3% mainly due to lower revenues and higher labour related costs. Overall, Sanli achieved a net profit of S\$0.5 million in FY2021, an increase of 25.1% as compared to S\$0.4 million in FY2020.

As at 31 March 2021, the Group's financial position continues to be healthy and stable, with a net asset value of S\$26.5 million, which translates into a net asset value per share of 9.86 Singapore cents. Furthermore, the Group's cash and cash equivalents increased by S\$0.9 million to S\$19.1 million.

DIVIDEND

Our Board is pleased to propose a final dividend of 0.07 Singapore cents (or S\$0.0007) per ordinary share for FY2021, which will be subjected to the approval of shareholders at the upcoming Annual General Meeting. The total dividend amount represents approximately 56.3% of the net profit attributable to shareholders.

OUTLOOK

For the financial year ending 31 March 2022 ("FY2022"), we believe that it will remain challenging as the COVID-19 pandemic persists and continues to disrupt our operating environment. The pandemic had caused the Group's projects to be delayed, with schedules further affected due to the Singapore government's evolving directives to mitigate the situation. Given the uncertainties, the Group is still hopeful that the overall global economy and industries will normalise as the Singapore government starts to develop a broader set of reopening plans. As a result of the above, the Group is cautiously optimistic for FY2022.

MYANMAR UPDATE

Sanli Environmental (Myanmar) Company Limited ("Sanli Myanmar") is a 60%-owned subsidiary of the Group which provides engineering, construction and related services in Myanmar. Sanli Myanmar contributed approximately 10% of the Group's revenue for FY2021. With the military takeover in Myanmar in February 2021 and its impact on Sanli Myanmar's operations, we would like to report that certain projects such as the local government projects have resumed. However, the situation in Myanmar is not unaffected by the COVID-19 pandemic, as Myanmar is administering ongoing vaccinations throughout the country and implementing COVID-19 safety measures. This has caused most of our staff to work from home with certain essential staff to work in Sanli Myanmar's office. With the recent announcement of Myanmar's state of emergency being extended to 2023, the Group will continue to monitor and assess the possible impacts and risks on its business and ensure the safety of its staff in Myanmar.

APPRECIATION

It is during difficult times, that we can truly appreciate the resilience and fortitude that we have established amongst our staff here at Sanli. I would like to thank my fellow Board members for their stewardship and guidance through these tough times, as well as our management and staff for responding to every challenge with diligence and determination. I would also like to thank our shareholders for their continued trust, and our business partners and customers for their constant support, as we work through another year together and build a world-class Sanli.

MR NG LIP CHI, LAWRENCE

Independent Director**

REVENUE

For the financial year ended 31 March 2021 (“FY2021”), the Group’s revenue decreased by 9.8% to S\$60.5 million from S\$67.1 million in the financial year ended 31 March 2020 (“FY2020”). On a segmental basis, the revenue for the Engineering, Procurement and Construction (“EPC”) segment fell by 20.4% from S\$53.9 million to S\$42.9 million. This was due to disruptions to EPC projects caused by COVID-19 pandemic restrictions as well as intense market competition.

Conversely, the revenue from the Operations and Maintenance (“O&M”) segment increased significantly by 33.7% to S\$17.6 million as the Group had secured and completed certain higher value O&M contracts in FY2021.

The Group’s EPC and O&M segments accounted for 71.0% and 29.0% of revenue respectively in FY2021, as compared to 80.4% and 19.6% in FY2020.

PROFITABILITY

The Group’s gross profit decreased by 40.7% to S\$4.4 million in FY2021 mainly due to the lower revenue contribution from the EPC segment, and higher labour related costs because of the COVID-19 pandemic. Correspondingly, the Group’s gross profit margin was down by 3.7 percentage points to 7.3% (FY2020: 11.0%) mainly due to lower revenues and higher labour related costs.

Other income in FY2021 increased to S\$3.6 million as compared to S\$0.4 million in FY2020, mainly arising from the COVID-19 pandemic relief that comprised government grants and incentives under the Jobs Support Scheme and rebates for foreign worker levies.

While administrative expenses for FY2021 were comparable to FY2020, other operating expenses has increased by 28.1% to S\$1.5 million mainly due to an increase in depreciation and foreign exchange loss. Finance costs however decreased by 31.2% to S\$0.1 million mostly due to lower bank borrowings, as the Group disposed its leasehold property at 50 Tuas Avenue 11, #02-15 Singapore 639107 (“the Property Disposal”), as announced on 10 September 2020.

Overall, the Group’s net profit for FY2021 increased to S\$0.5 million from S\$0.4 million in FY2020. This translates into a net profit attributable to shareholders of S\$0.33 million and an earnings per share of 0.12 Singapore cents (or S\$0.0012) for FY2021.

FINANCIAL REVIEW

FINANCIAL POSITION

The Group's financial position remained stable and positive, with a net asset value of S\$26.5 million as at 31 March 2021 and a net asset value per share of 9.86 Singapore cents. Cash and cash equivalents increased by S\$0.9 million to S\$19.1 million as at 31 March 2021.

As at 31 March 2021, current assets increased to S\$41.0 million due to an increase in contract assets, that was partially offset by a decrease in trade and other receivables. Contract assets increased by 25.6% to S\$12.5 million, while trade and other receivables declined by 18.1% to S\$9.4 million as significant works performed towards the end of FY2021 had billings made in the following financial year based on completion milestones of ongoing projects. Current liabilities increased slightly by 4.5% to S\$22.0 million, and this was mostly caused by an increase in contract liabilities as at 31 March 2021.

Non-current assets decreased by 7.6% to S\$10.5 million as at 31 March 2021 mainly due to the Property Disposal, while non-current liabilities also decreased by 21.7% to S\$2.7 million as at 31 March 2021, which is in line with the lower bank borrowings as a result of the Property Disposal.

CASH FLOW

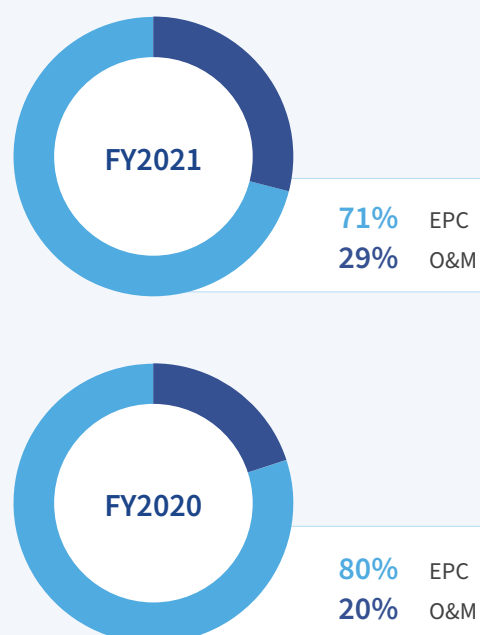

The Group saw a net increase of S\$0.9 million in cash and cash equivalents as at 31 March 2021.

Net cash generated from operating activities amounted to S\$1.6 million, comprising operating cash flow before movements in working capital of S\$1.6 million, adjusted for net cash inflow from working capital changes of S\$0.2 million and income tax paid of S\$0.2 million.

The net cash inflow from working capital of S\$0.2 million was a result of (a) a decrease in trade and other receivables of S\$2.0 million due to prompt collections; (b) an increase in contract liabilities of S\$2.7 million due to advance billings; which was offset by (c) an increase in contract assets of S\$2.6 million due to significant works performed towards the end of 2021 and billings made in the following year based on the completion milestones of ongoing projects; (d) a decrease in trade and other payables of S\$1.9 million due to prompt payments to suppliers.

Net cash generated from investing activities of S\$0.6 million was mainly from proceeds of the Property Disposal. The net cash used in financing activities of S\$1.2 million was mainly due to the repayment of borrowings related to the Property Disposal and lease liabilities.

BUSSINESS SEGMENT

GEOGRAPHICAL SEGMENT

For FY2020, the Group's activities are located primarily in Singapore and the revenue contribution for Myanmar expansion is not significant as compared to the Group's revenue. The geographical locations of the Group's customers and assets are primarily in Singapore. Accordingly, there are no geographical segments presented.

CORPORATE GOVERNANCE REPORT

The Board of Directors (the “**Board**” or “**Directors**”) of Sanli Environmental Limited (the “**Company**” and together with its subsidiaries, the “**Group**”) recognises the importance of corporate governance to shareholders and is committed to ensuring the practices recommended in the Code of Corporate Governance 2018 (the “**Code**”) and the accompanying practice guidance as published by the Singapore Exchange Securities Trading Limited (the “**SGX-ST**”) on 7 February 2020 (the “**Guide**”) are practiced throughout the Group. The Company believes that good corporate governance provides the framework for an ethical and accountable corporate environment, which will maximise long-term shareholders’ value and protect the interests of shareholders.

For the financial year ended 31 March 2021 (“**FY2021**”), the Company has adhered to the principles and guidelines set out in the Code and the Guide, where applicable, and will continue to review its practices on an on-going basis. Appropriate explanations have been provided in the relevant sections below where there are deviations from the Code and/or the Guide.

The Company will also continue to enhance its corporate governance practices appropriate to the conduct and growth of its business and to review such practices from time to time to ensure compliance with the Listing Manual Section B: Rules of Catalist (the “**Catalist Rules**”) of the SGX-ST.

Board MATTERS

The Board’s Conduct of Affairs

Principle 1 : The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company.

The Board is entrusted to lead and oversee the Group, with the fundamental principle to act in the best interests of the Group. In addition to its statutory duties, the Board’s principal functions include:-

- (a) To set and direct strategic plans and performance objectives of the Group, to provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the Company to meet its objectives;
- (b) To establish a framework of prudent and effective controls which enables risks to be assessed and managed, including safeguarding of shareholders’ interests and the Company’s assets;
- (c) To review Management performance and advice on the Group’s policies and procedures;
- (d) To conduct periodic reviews of the Group’s internal controls, financial performance, compliance practices and resource allocation;
- (e) To review and approve financial plans and financial results, annual budgets, proposals for acquisitions, investments and disposals, material borrowings, fund raising exercises and announcements;
- (f) To identify the key stakeholder Groups and recognise that their perceptions affect the Company’s reputation;
- (g) To set the Group’s values and standards, including ethical standards, and ensure that obligations to shareholders and other stakeholders are understood and met;
- (h) To consider sustainability issues, such as environmental, social and governance factors, as part of its strategic formulation;
- (i) To review performance and succession planning of key management personnel; and
- (j) To monitor and ensure the Group’s compliance with good corporate governance practices.

Each Director is expected, during the course of carrying out his/her duties, to exercise due diligence and independent judgement in dealing with the business affairs of the Group and are obliged to act in good faith and to make decisions objectively at all times, as fiduciaries, in the best interest of the Group.

CORPORATE GOVERNANCE REPORT

To facilitate effective Management, the Audit Committee (the “AC”), Remuneration Committee (the “RC”) and Nominating Committee (the “NC”) (collectively, the “Board Committees”), have been constituted to assist the Board in the discharge of specific responsibilities. The Board Committees function within clearly defined terms of references and operating procedures, which are reviewed on a regular basis. The role and function of each committee is described in subsequent sections in this report. The compositions of the Board Committees are as follows:-

	AC	NC	RC
CHAIRMAN	Chan Hock Leong	Latiff Bin Ibrahim	Ng Lip Chi, Lawrence
MEMBER	Ng Lip Chi, Lawrence	Ng Lip Chi, Lawrence	Chan Hock Leong
MEMBER	Latiff Bin Ibrahim	Chan Hock Leong	Latiff Bin Ibrahim
MEMBER	–	Sim Hock Heng	–

The schedule of all Board and Board Committees meetings and the Annual General Meeting (the “AGM”) for each financial year is planned well in advance, in consultation with the Directors. The Board will meet at least two (2) times a year at regular intervals and on an ad-hoc basis where warranted by the circumstances. The constitution of the Company (the “Constitution”) also provides for telephonic and video-conference meetings. In addition to holding meetings, important matters regarding the Group are also put to the Board for decision making by way of written resolutions.

The number of Board and Board Committees meetings held during FY2021 and the attendance of each Director, where relevant, are as follows:-

CORPORATE GOVERNANCE REPORT

The Board has adopted a set of guidelines on matters that require its approval which include, amongst others, the following:-

- Material acquisitions or disposals of assets, major funding proposals and investments; Corporate strategy and business plans;
- Share issuance, Share Buy-Back, recommending dividend payments and other returns to shareholders;
- Annual budgets, financial results announcements, annual report and audited financial statements for each financial year;
- The appointment and remuneration packages of the Directors and key management personnel;
- Approving appointments to the Board and the various Board committees; and
- Material interested person transactions, matters involving conflict of interest for a substantial shareholder or a Director and assuming responsibility for corporate governance practices.

While matters relating to the Group's strategies and policies require the Board's direction and approval, the Management is responsible for the day-to-day operations and administration of the Group.

All newly appointed Directors will undergo an orientation programme and be briefed by the Management on the Group's business, operations, structure and governance practices relating to, inter alia, disclosure of interests in the Company's securities, prohibition on dealings in the Company's securities and restrictions on the disclosure of price-sensitive information. For a first-time Director who does not have prior experience as a Director of a public listed Company in Singapore, the Company will arrange for the first-time Director to attend the SGX-ST's prescribed training courses organised by the Singapore Institute of Directors ("**SID**") on the roles and responsibilities of a Director of a listed Company and other training institutions in areas such as Management accounting, legal and industry-specific knowledge, where appropriate. To obtain a better understanding of the Group's business, the first-time Director will have the opportunity to visit the Group's operational offices and facilities and meet with the key management personnel(s).

The Company is responsible for arranging and funding briefings, updates, seminars and training courses for the Directors. The Board is updated, from time to time, when new laws or regulations affecting the Group are introduced. The professional advisors to the Company will conduct briefings and presentations to update the Board in areas such as corporate governance, changes to laws and regulations pertaining to the Group's business and operations, and changes in financial reporting standards. The Directors are also encouraged to attend seminars and training courses that will assist them in executing their obligations and responsibilities as Directors of the Company.

During FY2021, the Directors were provided with briefings and updates on: (i) the developments in financial reporting and governance standards by the external auditors; and (ii) changes in the relevant laws and regulations pertaining to the Group's business and changing commercial risks and business conditions of the Group by the Management during the Board and Board Committee meetings. The Executive Directors have attended training courses organised by SID in relation to Director Financial Reporting Fundamentals and Stakeholder Engagement.

All Board Committees are constituted with clear terms of references to assist the Board in discharging its functions and responsibilities. Formal letters of appointment and terms of references are furnished to every newly-appointed Director upon their appointment, explaining, among other matters, their roles, obligations, duties and responsibilities as a member of the Board.

The Directors can also request for further briefings or information on any aspect of the Group's business or operations from the Management. Directors have separate and independent access to the Company Secretary. The Company Secretary or his/her representatives attend all Board meetings and Board Committees meetings to ensure that Board procedures are followed and that applicable rules and regulations, and all governance matters are complied with. The appointment and removal of the Company Secretary is a matter for the Board as a whole.

CORPORATE GOVERNANCE REPORT

Board Composition and Guidance

Principle 2 : The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

The Board comprises seven (7) Directors of whom three (3) are Non-Executive and Independent Directors. The Directors as at the date of this report are:-

NAME OF DIRECTOR	DESIGNATION
Ng Lip Chi, Lawrence	Non-Executive Chairman and Independent Director
Chua Teck Huat	Executive Director and Chief Executive Officer (“CEO”)
Sim Hock Heng	Executive Director
Kew Boon Kee	Executive Director
Lee Tien Chiat	Executive Director
Chan Hock Leong	Independent Director
Latiff Bin Ibrahim* ¹	Independent Director

Note:

*¹ Mr Latiff Bin Ibrahim was appointed as Independent Director on 19 October 2020.

The Non-Executive and Independent Directors have made up at least one third (1/3) of the Board, and the Non-Executive Chairman and the CEO are not the same person. This enables the Board to exercise independent and objective judgement on corporate affairs and no individual or small Group of individuals dominate the decisions of the Board.

Under Provision 2.3 of the Code, it provides that Non-Executive Directors shall make up a majority of the Board. The Board is of the view that the current Board size and composition are appropriate for the time being for the facilitation of effective decision making, taking into account the nature and scope of the Company's operations. The Board will meanwhile deliberate whether the Company will make any changes to the Board's composition. The Non-Executive and Independent Chairman and the Independent Directors ensure that the Company's current Board's composition is consistent with the intent of Principle 2.

The NC, reviews the independence of each Director on an annual basis, in accordance with the Guide as set out in the Code and the Catalist Rules. Each of the Independent Directors has completed a declaration form and confirmed his/her independence. The Independent Directors being, Mr Ng Lip Chi, Lawrence, Mr Chan Hock Leong, and Mr Latiff Bin Ibrahim, have confirmed that they do not have any relationship with the Company, its related corporations, its substantial shareholders or its officers with shareholdings of 5% or more in the voting shares of the Company that could interfere or be reasonably perceived to interfere, with the exercise of their independent business judgement with a view to the best interests of the Company.

In relation to the assessment of the independence of the Directors, specific tests of Directors' independence have been hardcoded into the Catalist Rules to clarify that these circumstances which deemed Directors not to be independent should be applied without any exceptions. Under Rules 406(3)(d)(i) and 406(3)(d)(ii) of the Catalist Rules which took effect on 1 January 2019, it stipulates that a Director will not be considered as independent if he is employed by the issuer or any of its related corporations for the current or any of the past three (3) financial years; or if he has an immediate family member who is employed or has been employed by the issuer or any of its related corporation for the current or any of the past three (3) financial years, and whose remuneration is determined by the remuneration committee of the issuer. In this regard, the Independent Directors have confirmed that they and their respective associates do not have any employment relationships with the Company or any of its related corporations for the current or any of the past three (3) financial years.

The NC has reviewed and confirmed the independence of the Independent Directors. The Board has determined, taking into account the views of the NC, that Mr Ng Lip Chi, Lawrence, Mr Chan Hock Leong and Mr Latiff Bin Ibrahim are independent in character and judgement and that there are no relationships or circumstances which are likely to affect, or could appear to affect, the judgement of each of the aforesaid Directors. There are no Directors who are deemed independent by the Board, notwithstanding the existence of a relationship as stated in the Code, that would otherwise deem him/her not to be independent.

CORPORATE GOVERNANCE REPORT

As at the date of this report, none of the Independent Directors have served on the Board beyond nine (9) years since the date of his/her first appointment. Nonetheless, the independence of any Directors who has served on the Board beyond nine (9) years since the date of his/her first appointment will be subject to particularly rigorous review.

The NC is responsible for examining the size and composition of the Board and Board Committees. Having considered the scope and nature of the Group's operations, the requirements of the business and the need to avoid undue disruptions from changes to the composition of the Board and Board Committees, the Board, in concurrence with the NC, believes that its current Board size and the existing composition of the Board Committees can effectively serve the Group. The current Board size and composition provides sufficient diversity of skills, experience and knowledge of the Company without interfering with efficient decision-making.

The Board's policy in identifying Director nominees is primarily to have an appropriate mix of members with complementary skills, core competencies and experience for the Group, regardless of gender. The Company is in the midst of formalising its Board Diversity Policy, which will set out its policy for promoting diversity on the Board.

The Board comprises Directors who as a Group, provide an appropriate balance and diversity of skills, experience and knowledge of the Company. The Board also provides core competencies such as accounting and finance, legal expertise, business and Management experience, industry knowledge, strategic planning experience, customer-based experience and knowledge and this enables Management to benefit from a diverse and objective external perspective on issues raised before the Board.

The Board, with the assistance of the NC, has established and adopted an assessment system and evaluation forms to assess annually the existing attributes and core competencies of the Board, and whether are they complementary to enhance the efficacy of the Board as a whole. The Directors also evaluate, at least once a year, the skill sets that the other Directors possess, with a view to understand the range of expertise that is lacking by the Board.

The NC will compile the feedbacks from the forms and discuss the results of these exercises and consider its recommendations to the Board to maintain or further enhance its balance and diversity.

The Independent Directors, who are Non-Executive Directors, are kept well informed of the Group's business and be knowledgeable about the industry the Group operates in. The Non-Executive Directors constructively challenge and help develop proposals on strategy, and review the performance of the Management in meeting agreed goals and objectives and monitor the reporting of performance.

To ensure that the Independent Directors are well supported by accurate, complete and timely information, they have unrestricted access to the Management at all times in carrying out its duties, and will be provided sufficient time and resources to discharge their oversight functions effectively. The Management provides the Board with adequate and timely information on an on-going basis including Board papers and related materials, and updates on initiatives and developments for the Group's business whenever possible.

The Independent Directors met and discussed with the external and internal auditors post-FY2021, in the absence of the Executive Directors and key management personnel. To facilitate a more effective check on Management, the Independent Directors may meet, where necessary, without the presence of the Executive Directors and the Management.

Chairman and Chief Executive Officer

Principle 3 : There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The Non-Executive Chairman and Independent Director of the Board is Mr Ng Lip Chi, Lawrence and the CEO of the Company is Mr Chua Teck Huat.

The roles of the Non-Executive Chairman and CEO are separated to ensure a clear division of their responsibilities, increased accountability and greater capacity of the Board for independent decision making. The Non-Executive Chairman is not related to the CEO.

CORPORATE GOVERNANCE REPORT

The Non-Executive Chairman oversees the business of the Board. He leads the Board discussions and ensures that Board meetings are convened when necessary. He sets the Board meeting agenda in consultation with the CEO and the Company Secretary, and ensures sufficient allocation of time for thorough discussions. He ensures that the Directors receive complete adequate and timely information and encourages constructive communications between the Board and key management personnel to facilitate efficient decision making. The Non-Executive Chairman also promotes an open concept culture and debate among the Board members, ensuring effective communication with shareholders. He also facilitates the effective contribution of the Non-Executive Directors in particular, as well as promoting high standards of corporate governance of the Group.

The CEO takes a leading role in developing the business of the Group and manages the day-to-day operations with the assistance of the Executive Directors and key management personnel. He also oversees the execution of the Group's business and corporate strategy decisions made by the Board.

The Company has not appointed a Lead Independent Director as the Chairman and the CEO is not the same person. The Independent Directors are available to shareholders where they have concerns and for which contact through the normal channels of the CEO or the Chief Financial Officer has failed to resolve or is inappropriate.

Board Membership

Principle 4 : The Board has a formal and transparent process for the appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board.

The NC consists of three (3) Independent Directors and one (1) Executive Director. Accordingly, majority of the NC, including the NC Chairman is independent. The NC meet at least once every year. The members of the NC as at the date of this report are:-

Latiff Bin Ibrahim	(Chairman)
Ng Lip Chi, Lawrence	(Member)
Chan Hock Leong	(Member)
Sim Hock Heng	(Member)

The NC is guided by the key terms of reference as follows:-

- To make recommendations to the Board on the appointment of Directors, including making recommendations on the composition of the Board and assessing the balance between executive and non-executive Directors appointed to the Board;
- To regularly review the Board structure, size and composition and make recommendations to the Board with regard to any adjustments that are deemed necessary;
- To determine the process for search, nomination, selection and appointment of new Board members (including alternate Directors, if appropriate) and be responsible for assessing nominees or candidates for appointment or election to the Board, determining whether or not such nominee has the requisite qualifications and whether or not he/she is independent;
- To be responsible for succession planning as and when the circumstance arises, in particular for the Chairman and the CEO;
- To determine, on an annual basis and when circumstances require, if a Director is independent. If the NC considers that a Director who has one or more of the relationships mentioned under the Code and the Catalist Rules, including a Director who has served on the Board beyond nine (9) years from the date of his/her first appointment, as independent, it shall provide its views to the Board for the Board's consideration. The NC may at its discretion consider that a Director is not independent even if he/she has no business or, other relationships with the Company, its related corporations, its substantial shareholders or its officers;
- To recommend Directors who are retiring by rotation to be put forward for re-election. All Directors are required to submit themselves for re-appointment and re-election at regular intervals and at least every three (3) years;
- To review annually whether or not a Director is able to and has been adequately carrying out his/her duties as a Director of the Company, particularly when he/she has multiple Board representations and other principal commitments;

CORPORATE GOVERNANCE REPORT

- To recommend the process and criteria for assessing the effectiveness of the Board as a whole and its Board Committees and for assessing the contribution and commitment of the Chairman and each individual Director to the effectiveness of the Board and assist to implement these assessments;
- To review induction and training needs of Directors including professional development programs;
- To be responsible for the progressive renewal of the Board and each Director's competencies, commitment, contribution and performance (e.g. attendance, preparedness, participation and candour);
- To review and approve any new employment of persons related to the Directors and/or substantial shareholders and the proposed terms of their employment;
- To make recommendations to the Board concerning suitable candidates for the role of Lead Independent Director (if required); and
- To ensure that, upon appointment to the Board, all newly-appointed Directors receive a formal letter of appointment setting out clearly what is expected of them in terms of time commitment, committee service and involvement outside of Board meetings.

Each member of the NC shall abstain from voting on any resolutions and making any recommendations and/or participating in any deliberations of the NC in respect of the assessment of his/her own performance or re-nomination as Director.

The NC has reviewed the independence of each Independent Director and is of the view that Mr Ng Lip Chi, Lawrence, Mr Chan Hock Leong and Mr Latiff Bin Ibrahim are independent as defined in the Code and the Catalist Rules and are able to exercise judgement on the corporate affairs of the Group independently of the Management.

The Board has not capped the maximum number of listed Company Board representations each Director may hold as the NC is of the view that the Directors are able to and have adequately carried out their duties as Directors of the Company.

The Board is of the view that at present, it would not be meaningful to define the maximum number of listed Company Directorships which any Director may hold and would review the matter on a case-by-case basis, taking into account the ability and performance of each Director in his/her performance and discharge of duties and responsibilities.

The NC also believes that it is for each Director to assess his/her own capacity and ability to undertake other obligations or commitments together with serving on the Board effectively. The NC does not wish to omit from considering outstanding individuals who, despite the demands on their time, have the capacity to participate and contribute as members of the Board. The NC, with the concurrence of the Board, is satisfied that sufficient time and attention to the affairs of the Company have been given by those Directors who have multiple Board representations.

The Board provides for appointment of alternate Director only in exceptional cases such as when a Director has a medical emergency. The Board will take into consideration the same criteria for selection of Directors such as his/her qualifications, competencies, and independence. Currently, the Company does not have alternate Directors.

The NC is responsible for identifying candidates and reviewing all nominations for the appointments of new Directors.

When an existing Director chooses to retire or the need for a new Director arises, either to replace a retiring Director or to enhance the Board's strength, the NC, in consultation with the Board, evaluates and determines the selection criteria so as to identify candidates with the appropriate expertise and experience for the appointment as new Director. The selection criterion includes integrity, diversity of competencies, expertise, industry experience and financial literacy. The NC seeks potential candidates widely and beyond Directors / Management recommendations and is empowered to engage external parties, such as professional search firms, to undertake research on or assessment of candidates as it deems necessary.

The NC then meets with the shortlisted potential candidates with the appropriate profile to assess suitability and to ensure that the candidates are aware of the expectation and the level of commitment required, before nominating the most suitable candidate to the Board for approval and appointment as Director.

CORPORATE GOVERNANCE REPORT

The role of the NC also includes the responsibility of reviewing the re-nomination of Directors who retire by rotation, taking into consideration the Directors' integrity, independence mindedness, contribution and performance (such as attendance, participation, preparedness and candour) and any other factors as may be determined by the NC.

Pursuant to Regulation 108 of the Company's Constitution, at least one-third of the Directors for the time being (or, if their number is not a multiple of three, the number nearest to one-third) shall retire from office by rotation at each AGM. All Directors shall retire from office once in every three years.

In accordance with Regulation 109 of the Company's Constitution, the Directors to retire in every year shall be those subject to retirement by rotation based on who have been longest in office since their last re-election or appointment. For Directors who were appointed or were last re-elected Directors on the same day, those to retire shall (unless they otherwise agree among themselves) be determined by lot. Regulation 110 of the Company's Constitution provides that a retiring Director shall be eligible for re-election.

Regulation 118 of the Company's Constitution further provides that, the Company may, by Ordinary Resolution, appoint any person to be a Director either to fill a casual vacancy or as an additional Director. Any Director so appointed shall only hold office until the next AGM of the Company and thereafter be eligible for re-election at the AGM, but shall not be taken into account in determining the number of Directors who are to retire by rotation at such meeting.

Pursuant to the Company's Constitution, the NC has recommended three (3) Directors, namely Mr Kew Boon Kee (Executive Director), Mr Lee Tien Chiat (Executive Director) and Mr Latiff Bin Ibrahim (Independent Director) to retire as Directors of the Company by rotation at the forthcoming AGM. All proposed Directors, being eligible, have offered themselves for re-election. Upon re-election, they will remain as Directors of the Company.

Mr Chua Teck Huat had indicated to the Company that he will step down as Executive Director and CEO of the Company on 25 October 2021. Mr Kew Boon Kee will succeed Mr Chua Teck Huat and be re-designated as Executive Director and CEO of the Company with effect 26 October 2021.

The key information of the Directors, including their profiles, academic and professional qualifications are set out under the section titled "Board of Directors" of this Annual Report.

The shareholdings of the individual Directors of the Company are set out on page 42 of this Annual Report. None of the Directors hold shares in the subsidiaries of the Company.

Board Performance

Principle 5 : The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its Board committees and individual Directors.

The Board has established processes to be carried out by the NC, for monitoring and evaluating the performance of the Board as a whole and Board Committees, and the effectiveness and contribution of each individual Director annually. The Board has not engaged any external facilitator in conducting the assessment of the Board's and Board Committees' performance and the performance of individual Directors. Where relevant, the NC will consider such engagement.

CORPORATE GOVERNANCE REPORT

For the evaluation process, the Directors will complete a Board evaluation questionnaire which seeks to assess the effectiveness of the Board and the Board Committees, covering areas including, amongst others, the size and composition of the Board, the Board's access to information, Board processes and accountability annually. The results are then collated by the Company Secretary who will submit to the NC Chairman in the form of a report. The report will be discussed during the NC meeting with a view to implementing recommendations to further enhance the effectiveness of the Board and/or the Board Committees, following which the NC will recommend to the Board key areas for improvement and follow-up actions.

The contribution of each individual Director to the effectiveness of the Board is assessed individually and reviewed by the NC Chairman. The assessment criteria include, inter alia, Director's attendance, commitment of time, candour, participation, knowledge and abilities, teamwork and overall effectiveness. The performance of each Director will be taken into account in his/her re-election or re-appointment.

The NC, having reviewed the overall performance of the Board in terms of its roles and responsibilities and the conduct of its affairs as a whole, and the individual Director's performance, is of the view that the performance of the Board, the Board Committees and each individual Director has been satisfactory for the period under review.

Each member of the NC shall abstain from voting on any resolutions and making any recommendation and/or participating in any deliberations of the NC in respect of the assessment of his/her own performance or re-nomination as Director.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6 : The Board has a formal and transparent procedure for developing policies on Director and executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. No Director is involved in deciding his or her own remuneration.

Level and Mix of Remuneration

Principle 7 : The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Disclosure on Remuneration

Principle 8 : The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation

The RC consists of three (3) Independent Directors. All members of the RC, including the RC Chairman, are Independent and Non-Executive Directors. The RC meet at least once every year. The RC comprises the following members:-

Ng Lip Chi, Lawrence	(Chairman)
Chan Hock Leong	(Member)
Latiff Bin Ibrahim	(Member)

The RC is guided by the key terms of reference as follows:-

- To review and recommend to the Board a general framework of remuneration for the Board and key management personnel, review and make remuneration recommendations, in consultation with the Chairman of the Board the specific remuneration packages for each Director, key management personnel and employees who are immediate family members of a Director or CEO;
- To review the design of any long-term incentive schemes for approval by the Board and shareholders and to determine whether the Executive Directors and key management personnel should be eligible for benefits under long-term incentive schemes;
- To review the Company's obligations arising in the event of termination of the Executive Directors' and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous. The RC should aim to be fair and avoid rewarding poor performance;

CORPORATE GOVERNANCE REPORT

- To review and determine the link between remuneration paid to the Executive Directors and key management personnel with performance taking into account long-term and short-term incentive schemes;
- To review the ongoing appropriateness and relevance of the remuneration policy in place for each Director, key management personnel and employees who are immediate family members of a Director or CEO;
- As part of its review, the RC shall ensure that:-
 - (i) all aspects of remuneration including Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits-in-kind should be considered;
 - (ii) the remuneration of Non-Executive Directors should be appropriate to the level of contribution, taking into account factors such as effort and time spent, and responsibilities of the Directors. Non-Executive Directors should not be over-compensated to the extent that their independence may be compromised. The RC should consider implementing schemes to encourage Non-Executive Directors to hold shares in the Company so as to better align the interests of such Non-Executive Directors with the interests of shareholders;
 - (iii) the remuneration package of employees who are immediate family members of a Director or the CEO, if any, are in line with the Group's staff remuneration guidelines and commensurate with their respective job scopes and levels of responsibility;
 - (iv) the existing relationships, if any, between the Company and its appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants; and
 - (v) the costs and benefits of all long-term incentive schemes should be carefully evaluated.

Each member of the RC shall abstain from voting on any resolutions and making any recommendations and/or participating in any deliberations of the RC in respect of his/her own remuneration package.

The RC reviews and recommends to the Board on the specific remuneration packages for the Directors and key management personnel. The recommendations of the RC will be submitted for endorsement by the entire Board. All aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, share-based incentives and awards, and benefits in kind, will be covered by the RC.

Where applicable, the RC will also review annually the remuneration of employees related to the Directors and substantial shareholders to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with their respective job scopes and level of responsibilities. In the event that a member of the RC is related to the employee under review, he/she will abstain from participating in the review and voting on any resolution in relation to the remuneration package of that employee related to them.

If necessary, the RC will seek expert advice inside and/or outside the Company on the remuneration of the Directors and key management personnel. The RC ensures that in the event of such advice being sought, existing relationships, if any, between the Company and its appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants. During the financial year, the RC did not require the service of an external remuneration consultant.

The RC reviews the Company's obligations arising in the event of termination of service contracts entered into between the Group and its Executive Directors or key management personnel, as the case may be, to ensure that the service contracts contain fair and reasonable termination clauses which are not overly onerous to the Group.

Annual review of the remuneration packages is carried out by the RC to ensure that the remuneration of the Executive Directors and key management personnel are commensurate with their performance and that of the Company, giving due regard to the financial and commercial health and business needs of the Group. The remuneration of the Executive Directors (together with other key management personnel) is reviewed periodically by the RC and the Board.

CORPORATE GOVERNANCE REPORT

The remuneration of the Executive Directors and the key management personnel consists of fixed salary and allowances. The Executive Directors do not receive Directors' fees. There is variable compensation which is determined based on the level of achievement of corporate and individual performance objectives. Such performance-related remuneration is structured to align with the interests of shareholders and promote the long-term success of the Company.

Each of the Executive Directors has entered into a service agreement with the Company and the terms of these service agreements are reviewed by the RC annually. Each of the Service Agreements is valid for an initial period of three (3) years with effect from the date of admission of the Company to Catalist. Upon the expiry of the initial period of three (3) years, the employment of each Executive Director shall be automatically renewed on a year-to-year basis on such terms and conditions as the parties may agree in writing. During the initial period of three (3) years, either party may terminate the Service Agreement at any time by giving to the other party not less than six (6) months' notice in writing, or in lieu of notice, payment of an amount equivalent to six (6) months' salary based on the Executive Directors' last drawn monthly salary.

Each of the Executive Director shall abstain from voting in respect of any resolution or decision to be made by the Board in relation to the terms and renewal of his service agreement.

The Company has yet to implement a long-term incentive scheme.

The Independent Directors do not have service contracts with the Company and are paid Directors' fees which are recommended by the Board and the RC, based on factors such as their level of contributions, effort and time spent for serving on the Board and Board Committees, as well as the responsibilities and obligations of the Directors. The Company recognises the need to pay competitive fees to attract, motivate and retain Directors without being excessive to the extent that their independence might be compromised.

Directors' fees are recommended by the Board for approval by the shareholders at the AGM of the Company.

Having reviewed and considered the variable components of the remuneration of the Executive Directors and the key management personnel, the RC is of the view that there are currently no requirements to implement contractual provisions to allow the Company to reclaim incentive components of their remuneration packages.

In addition, the Executive Directors owe a fiduciary duty to the Company. The Company should be able to avail itself to remedies against the Executive Directors in the event of such breach of fiduciary duties.

The Company's remuneration policy is one that seeks to attract, retain and motivate talent to achieve the Company's business objective and create sustainable value for its stakeholders. The remuneration policy articulates to the Executive Directors and key management personnel the link on total compensation to the achievement of organisational and individual performance objective, and benchmarked against relevant and comparative compensation in the market.

After reviewing the industry practice and analysing the advantages and disadvantages in relation to the disclosure of remuneration of each Director and key management personnel, the Company is of the view that such disclosure would be prejudicial to its business interest given the highly competitive environment. As such, the disclosure of the remuneration of each individual Director and key management personnel is kept in incremental salary bands of S\$250,000.

CORPORATE GOVERNANCE REPORT

The breakdown for the remuneration of the Directors in FY2021 is as follows:-

The total remuneration paid to the three (3) key management personnel in FY2021 was S\$480,501.

There was no employee of the Group whose remuneration exceeds S\$50,000 and who is an immediate family member of any Directors or the CEO during FY2021.

There were no termination, retirement and post-employment benefits that were granted to Directors and key management personnel as of the date of this report.

CORPORATE GOVERNANCE REPORT

Currently, the Company has not implemented any share-based compensation scheme or any long-term scheme involving the offer of shares or option in place.

To recognise and reward employees their past contributions and services to the Company, and to align their interest with the Group to encourage greater dedication and loyalty to the Group, 83 employees received Employee Shares from Typha Holdings Pte. Ltd. at pre-IPO stage. Details of the Employee Shares are set out in the Company's Offer Document.

The remuneration received by the Executive Directors and key management personnel takes into consideration the Group's performance and his/her individual performance and contribution towards the overall performance of the Group. Their remuneration is made up of fixed and/or variable compensations. The fixed compensation consists of an annual base salary and allowances. The variable compensation is based on the level of achievement of corporate and individual performance objectives.

The terms of their service agreements and remuneration packages are subject to review by the RC. There are no excessive or onerous clauses in these service agreements

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Control

Principle 9 : The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk Management and internal controls, to safeguard the interests of the Company and its shareholders.

The Board believes that it should conduct itself in a way that delivers maximum sustainable value to its shareholders. Timely releases of the Group's financial results and all significant information to shareholders as well as the prompt fulfilment of statutory requirement are ways to maintain shareholders' confidence and trust in the Board's capability and integrity.

The Board, with the assistance of the professional advisors, ensures compliance with the disclosure requirements under the Catalist Rules. In this regard, the Company demonstrates its accountability to its shareholders by announcing its financial results on a half yearly basis and other information via SGXNET in accordance with the requirements of the SGX-ST, so that the shareholders can have a detailed explanation and balanced assessment of the Group's financial position and prospects.

The Board provides a negative assurance statement to the shareholders in its half-yearly financial statements announcement in accordance with Rule 705(5) of the Catalist Rules. For the financial year under review, the Board has received assurance from the CEO and the CFO that to the best of their knowledge, the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances. The Board has also received assurance from CEO and other key management personnel that the risk Management and internal control (including financial, operational, compliance and information technology controls) systems are adequate and effective, based on the established risk Management and internal control systems.

In addition, the Company had, pursuant to Rule 720(1) of the Catalist Rules, received undertakings from all its Directors and executive officers that they each shall, in the exercise of their powers and duties as Directors and officers comply with the best of their abilities with the provisions of the Catalist Rules and will also procure the Company to do so.

The Management provides the Board with updates covering operational performance, financial results, marketing and business development and other relevant information on a regular basis as the Board may require from time to time, enabling the Board to make a balanced and informed assessment of the Company's performance, position and prospect.

The Board acknowledges its responsibilities for the governance of risks and the overall internal control framework, but recognizes that no cost-effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objective, and can provide only reasonable and not absolute assurance against material misstatements or loss.

Risk assessment and evaluation has become an essential part of the business planning and monitoring process. Having identified the risks to the achievement of the Group's strategic objectives, each business unit is required to document the mitigating actions in place and/or proposed in respect of each significant risk. Risk awareness and ownership of risk treatments are also continuously fostered across the Group.

CORPORATE GOVERNANCE REPORT

The Group currently does not have a Risk Management Committee but the Management regularly reviews the Group's operating and business activities to identify areas of significant business risk as well as appropriate measure to control and mitigate these risks. The Management reviews all the significant control policies and procedures and highlights all significant findings and matters to the Board and the AC for further discussion. The Board is ultimately responsible for the Group's risk Management and internal control systems.

On an annual basis, the internal audit function of the Group prepares the internal audit plan taking into consideration the risks identified which is approved by the AC.

The Board, with the assistance of independent internal auditors, has reviewed the adequacy and the effectiveness of the Group's risk Management and the internal control systems put in place to address key financial, operational, compliance and information technology controls. Any material non-compliance or lapses in internal controls, together with recommendation for improvement are reported to the Board and AC. A copy of the report is also issued to the relevant departments for its follow-up action. The timely and proper implementation of all required corrective, preventive or improvement measures are closely monitored.

The Board with the concurrence of the AC, is of the view that the Company's internal controls (including financial, operational, compliance and information technology controls) and risk Management systems were adequate and effective to meet the needs of the Group in their current business environment as of the date of this report.

The bases for the Board's view are as follows:-

- Assurance had been received from the CEO and CFO/other key management personnel;
- Based on the internal controls established and maintained by the Group, work performed by the internal auditors, and reviews performed by the key management personnel and the Board. The Group has outsourced its internal audit function to BDO LLP which reported on the audit findings and recommendations directly to the AC; and
- Discussion was held between the AC and the external auditor and internal auditor in the absence of the Management to review and address any potential concerns.

The Company is gradually placing emphasis on sustainability and would implement appropriate policies and programmes when the opportunities arise.

The Board has obtained assurance from the CEO and CFO/other key management personnel in respect of FY2021 that:-

- (i) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (ii) the Company's risk Management and internal control systems, including financial, operational, compliance and information technology controls, are adequate and effective as at the date of this report.

In addition, Mr Koh Chin Beng, Risk Advisory Partner of BDO LLP, the Group's outsourced internal auditor ("IA"), has briefed the Board on the internal controls matters and highlighted the issues identified and the Management's responses. Also, BDO LLP had joined the AC meeting without the presence of Management, to brief the AC on the internal controls matters and highlighted the issues identified and Management's responses.

The Company has developed an Enterprise Risk Management ("ERM") Framework to facilitate the Board in identifying and assessing key operational, financial, compliance and information technology risks with reference to the business goals, strategies and critical success factors of the Group. Under the ERM Framework, Management and executives of all levels are expected to constantly review the business operations and the operating environment to identify risk areas and ensure mitigating measures are promptly developed to minimise these risks. The ERM Framework outlines the Group's approach to managing enterprise-wide risks and sets out a systematic process for identifying, evaluating, monitoring, managing and reporting risks faced by the Group. Thus, it allows the Group to address the changes and the challenges in the business environment, reduce uncertainties and facilitates the shareholder value creation process on an ongoing basis.

CORPORATE GOVERNANCE REPORT

Audit Committee

Principle 10 : The Board has an Audit Committee which discharges its duties objectively.

The AC consists of three (3) Independent Directors. All members of the AC, including the AC Chairman, are Independent and Non-Executive Directors. The AC meet at least twice a year. The AC comprises the following members:-

Chan Hock Leong	(Chairman)
Ng Lip Chi, Lawrence	(Member)
Latiff Bin Ibrahim	(Member)

The AC is guided by the following key terms of reference:-

- Review, with the internal and external auditors, the audit plans, scope of work, their evaluation of the system of internal accounting controls, their Management letter and the Management's responses and results of our audits compiled by our internal and external auditors;
- Review the half-yearly and annual financial statements and results announcements before submission to the Board for approval, focusing in particular, on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with financial reporting standards as well as compliance with the Catalist Rules and other statutory/regulatory requirements;
- To discuss problems and concerns, if any, arising from the interim and final audits, in consultation with the external auditors and the internal auditors where necessary;
- To meet with the external auditors and with the internal auditors, in each case without the presence of Management, at least annually, to discuss any problems and concerns they may have;
- To review annually the scope and results of the external audit and the independence and objectivity of the external auditors. Where the external auditors also supply a substantial volume of non-audit services to the Company, the AC should keep the nature and extent of such services under review, seeking to maintain objectivity;
- To review the assistance and co-operation rendered by Management to the internal and external auditors;
- To review and report to the Board, at least annually, the adequacy and effectiveness of the Company's internal controls including financial, operational, compliance and information technology controls (such review can be carried out internally or with the assistance of any competent third parties);
- To review and discuss with the external auditors, any suspected fraud or irregularity, or suspected infringement of any law, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and the Management's response;
- To review policy and arrangements by which staff of the Company or of the Group and any other persons may, in confidence, raise concerns about possible improprieties in matters of financial reporting or any other matters relating to fraud and illegal acts and, to conduct an independent investigation of such matters for appropriate follow up action to be taken. The existence of a whistle blowing policy should be disclosed in the Company's Annual Report, and procedures for raising such concerns should be publicly disclosed as appropriate;
- To investigate any matter within its terms of reference, with full access to and co-operation by Management and full discretion to invite any Director or executive officer to attend its meetings, and obtain reasonable resources to enable it to discharge its functions properly;
- To report to the Board its findings from time to time on matters arising and requiring the attention of the AC;
- To review interested person transactions falling within the scope of the Catalist Rules;
- To undertake such other reviews and projects as may be requested by the Board;
- To undertake such other functions and duties as may be required by statutes or the Catalist Rules, and by such amendments made thereto from time to time;

CORPORATE GOVERNANCE REPORT

- To recommend to the Board on the proposals to the shareholders on the appointment/re-appointment and removal of the external auditors and approving the remuneration and terms of engagement of the external auditors;
- To approve the hiring, removal, evaluation and compensation of the head of the internal audit function, or accounting / auditing firm or corporation if the internal audit function is outsourced. The internal auditor should have unfettered access to all the Company's documents, records, properties and personnel, including access to the AC;
- To receive at least on a half-yearly basis, Management accounts of the Group from the Management detailing such information as breakdown of major expenses, revenue earned, aging of receivables, loss allowances, order book, major contracts entered into, all litigations and other matters;
- To review annually the adequacy and effectiveness of the Company's internal audit function; and
- To assess annually the qualifications, expertise and resources of the auditor and the effectiveness of the audit process and monitor the auditor's compliance with relevant ethical and professional guidance on the rotation of the audit partner.

The Board considers that Mr Chan Hock Leong, who has extensive and practical accounting and auditing knowledge and experience, to be well-qualified to be the AC Chairman. The members of the AC, collectively, have relevant expertise or experience in accounting and related financial Management and are appropriately qualified to discharge the AC's responsibilities.

The AC has explicit authority to investigate any matter within its terms of reference. It has full access to, and the cooperation of the Management and full discretion to invite any Executive Director or key management personnel to attend its meetings. The AC has adequate resources, including access to external consultants and auditors, to enable it to discharge its responsibilities properly.

The AC met twice with the external auditors and once with the internal auditors respectively, without the presence of the Management in FY2021, to ascertain if there are any material weaknesses or control deficiencies in the Group's financial and operational systems.

The Company has outsourced its internal audit functions to BDO Advisory Pte Ltd. The IA has unrestricted direct access to all of the Group's documents, records, properties and personnel and reports to the designated members of the AC on the findings and Management's responses on the findings. The AC approves the appointment, removal, evaluation and compensation of the IA. The IA plans its internal audit work and schedules in consultation with, but independent of, the Management. The internal audit plan will be submitted to the AC for approval prior to the commencement of the internal audit work.

The objective of the internal audit function is to provide an independent review of the adequacy and effectiveness of the Group's internal controls and provide reasonable assurance to the AC and the Management that the Group's risk Management, controls and governance processes are adequate and effective.

BDO Advisory Pte Ltd is an international auditing firm and they perform their work based on the BDO Internal Audit Methodology which references the International Standards for the Professional Practice of Internal Auditing established by the Institute of Internal Auditors ("IIA"). The engagement team assigned comprises 4 members and is headed by Mr Koh Chin Beng, Risk Advisory Partner who has more than 25 years of experience in audit and advisory services, and is a Chartered Accountant of the Institute of Singapore Chartered Accountants and Certified Internal Auditor of the IIA. The Risk Advisory Partner graduated with a Bachelor of Accountancy (Honours) from Nanyang Technological University.

The AC is satisfied that IA is adequately qualified (given, inter alia, its adherence to standards set by nationally or internationally recognised professional bodies) and resourced, to discharge its duties effectively. The AC will also review the adequacy and effectiveness of the internal audit function on an annual basis.

Deloitte & Touche LLP is the Company's current external auditors. The AC will review the independence of the external auditors annually. The AC has also reviewed the audit fees paid to the external auditors for FY2021. During the year under review, the fees paid to the external auditors of the Company for audit services amounted to S\$95,000. There was no non-audit services provided by the external auditors of the Company.

The AC is satisfied with the independence and objectivity of the external auditors and has recommended to the Board the nomination of Messrs Deloitte & Touche LLP, for re-appointment as external auditors of the Company at the forthcoming AGM. The external auditors, Deloitte & Touche LLP, have indicated their willingness to accept the re-appointment.

CORPORATE GOVERNANCE REPORT

Both the AC and the Board have reviewed the appointment of different auditors for its foreign-incorporated subsidiaries and were satisfied that the appointment of different auditors would not compromise the standard and effectiveness of the audit of the Company.

The Company confirms that it is in compliance with the Rules 712 and 715 of the Catalist Rules in relation to its appointment of the audit firm of the Group. No former partner or Director of the Company's existing auditing firm or audit corporation is a member of the AC.

The Board advocates the highest level of conduct and ethical standards of governance for the Group. The Company's employee handbook provides a set of guiding principles in terms of having the appropriate conduct for common ethical issues, such as conflicts of interest, bribery and corruption, confidential information and insider trading, among others. We also educate all our employees on the Company's Whistle-blowing Policy is to facilitate the reporting of suspected and actual cases of improper, unethical or fraudulent conduct. The Whistle-Blowing Policy, reviewed and endorsed by the AC, where employees of the Group can raise concerns about improprieties. The Whistle-Blowing Policy serves to encourage and provide a channel to employees to report in good faith and in confidence, without fear of reprisals, concerns about possible improprieties in financial reporting or other matters to the AC Chairman or CFO. The objective for such arrangement is to ensure independent investigation of such matters raised and for appropriate follow-up action to be taken. Details of the whistle-blowing policies and arrangements have been made available to all employees and provides assurance that employees will be protected from reprisal within the limits of the law.

The AC is kept abreast by the Management and the external auditors of any changes to accountings standards, Catalist Rules, and other regulations which could have an impact on the Group's business and financial statements.

FINANCIAL REPORTING AND KEY AUDIT MATTER

During the year, the AC had full access to and cooperation from the Management, internal auditors and external auditors.

The AC reviewed the financial statements of the Group and the Company before submitting them to the Board for its approval and the announcement of the financial results. The AC also reviewed and monitored the Group's and the Company's financial condition, internal and external audits, and the effectiveness of the Group's and the Company's system of accounting and internal controls. The following key audit matter was discussed between the external auditors and Management, and reviewed by the AC.

KEY AUDIT MATTER

Revenue recognition of engineering, procurement and construction ("EPC") contracts

The Group is involved in EPC contracts with customers for which it applies cost-to-cost method, i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs ("**input method**") to measure the Group's progress towards complete satisfaction of a performance obligation and recognise revenue over time in accordance with SFRS(I) 15 *Revenue from Contracts with Customers*.

Significant judgement is required from Management and project teams to estimate the total cost on completion. The uncertainty and subjectivity involved in determining the total cost on completion may result in a significant impact to the revenue recognised during the year. The key source of estimate is disclosed in Note 3 of the Financial Statements.

The accounting policy for revenue recognition of EPC contracts is disclosed in Note 2 of the Financial Statements and the amount of revenue recognised based on input method is disclosed in Note 19 of the Financial Statements.

HOW THE MATTER WAS ADDRESSED BY THE AC

The AC has considered the approach and methodology applied by the Management for revenue recognition of EPC contracts.

The AC has also discussed the above with the external auditors and understand that the estimates used by the Management is reasonable for the purpose of revenue recognition using input method.

The auditors have included revenue recognition as a key audit matter in the independent auditor's report for FY2021. This is set out on page 46 of this Annual Report.

CORPORATE GOVERNANCE REPORT

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11 : The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Engagement with Shareholders

Principle 12 : The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Management STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders

Principle 13 : The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

The Company recognises the importance of maintaining transparency and accountability to its shareholders. The Board ensures that all the Company's shareholders are treated equitably and the rights of all investors, including non-controlling shareholders are protected. The Company is committed to providing shareholders with adequate, timely and sufficient information pertaining to changes in the Company's business which could have a material impact on the Company's share price.

The Company ensures that shareholders have the opportunity to participate effectively in and vote at general meetings of shareholders. The Company conducts poll voting for all resolutions tabled at general meetings. Shareholders will be briefed on the rules, including voting procedures that govern such meeting. The Company will address any queries that the shareholders may have on the procedures.

The Company is committed to corporate governance and transparency by disclosing to its stakeholders, including its shareholders, in a timely, fair and transparent manner.

The Company does not practice selective disclosure and price-sensitive information is publicly released on an immediate basis where required under the Catalist Rules before the Company meets with any investors/analysts. In addition, all shareholders will receive the Company's annual reports together with the notices of AGM, which are also accessible through SGXNET.

All material information on the performance and development of the Group is disclosed in an accurate, timely and comprehensive manner through SGXNET.

When necessary and appropriate, the CEO will meet analysts and fund managers who would like to seek a better understanding of the Group's operations. The CEO also engages with local and foreign investors to solicit feedback from the investment community on a range of strategic and topical issues which should provide valuable insights to the Board on investors' views.

The Company has engaged an investor relations firm, namely Cogent Media Pte Ltd, to assist the Company on its investor relations activities.

The Company keeps its website (www.sanli.com.sg) updated and maintains a dedicated investor relations section for shareholders' convenience to access information on the Group. Announcements disclosed through SGXNET are also posted on the Company's website.

When opportunities arise, the CEO conducts media interviews to give its shareholders and the investors' public a profound prospective of the Group's business prospects.

CORPORATE GOVERNANCE REPORT

The Company does not have a formal dividend policy. The form, frequency and amount of dividends that the Board may recommend or declare in respect of any particular financial year or period will be subject to, inter alia, the Group's level of cash and retained earnings, actual and projected financial performance, projected levels of capital expenditure and expansion plans, working capital requirements and general financing condition, and any restrictions on payment of dividends imposed by the Group's financing arrangements.

Notwithstanding the foregoing, any pay-out of dividends would be clearly communicated to shareholders via announcements released on the SGXNET when the Company discloses its financial results announcement.

For FY2021, the Board has proposed a final one-tier tax exempt dividend of 0.07 Singapore cent per ordinary share, which would constitute 56.3% of net profit after tax attributable to owners of the Company. The proposed dividend is subjected to shareholders' approval at the forthcoming AGM.

The Company's general meetings are the principal forums for dialogue with shareholders. Shareholders are encouraged to attend the general meetings to ensure a high level of accountability and to stay apprised of the Company's strategy and goals. At general meetings, shareholders are given the opportunity to communicate their views and direct questions to the Directors or the Management relating to the resolutions to be passed as well as questions regarding the Company and its operations.

Notice of the general meetings will be published on the Company website as well as SGXNET. If shareholders are unable to attend the general meetings, the Company's Constitution allows all shareholders to appoint up to two (2) proxies to the general meetings and to vote on their behalf through proxy form sent in advance. Voting in absentia and by electronic mail may only be possible following careful study to ensure that integrity of the information and authentication of the identity of shareholders through the web is not compromised. This is also subject to legislative amendment to recognise electronic voting.

All Directors (including the respective chairman of the Board Committees) will be present at all general meetings of shareholders, unless of exigencies. The external auditor is also required to be present to address shareholders' queries about the conduct of audit and the preparation and content of the independent auditor's report.

Every matter requiring shareholders' approval is proposed as a separate resolution. In compliance with Rule 730A(2) of the Catalist Rules, all resolutions tabled at general meetings of shareholders will be put to vote by poll, the procedures of which will be explained by the appointed scrutineer(s) at the general meetings of shareholders. Detailed results of all resolutions put to vote will be announced on the SGXNET after conclusion of the general meeting.

The Company also maintains minutes of the general meetings, which includes the key comments and queries raised by shareholders and the responses from the Board and the Management. Moving forward, the Company will publish its minutes of general meetings of shareholders on its corporate website or SGXNET.

MATERIAL CONTRACTS

(Rule 1204(8) of the Catalist Rules)

Save for the Service Agreements entered into with the Executive Directors, which are subsisting as at the end of FY2021, there were no material contracts involving the interests of the CEO, each Director or controlling shareholders entered into by the Group which are subsisting as at the end of the financial year or entered into during the financial year.

INTERESTED PERSON TRANSACTION ("IPT")

(Rule 907 of the Catalist Rules)

The Group has established procedures governing all IPTs to ensure that they are properly documented and reported in a timely manner to the AC and that the transactions are carried out on normal commercial terms and are not prejudicial to the interests of the Company and its minority shareholders.

If the Company does enter into an IPT, and a potential conflict of interest arises, the Director concerned will abstain from any discussions and will also refrain from exercising any influence over other members of the Board.

CORPORATE GOVERNANCE REPORT

The Group does not have a shareholders' mandate for IPTs pursuant to Rule 920(1)(a)(i) of the Catalist Rules. There were no IPT for the year under review.

DEALING IN SECURITIES

(Rule 1204(19) of the Catalist Rules)

The Company has complied with the best practices pursuant to Rule 1204(19) of the Catalist Rules in relation to dealings in the Company's securities by its Directors and employees. The Company has adopted an internal policy which prohibits the Directors and officers from dealing in the securities of the Company while in possession of price-sensitive information.

The Company, its Directors and officers are also discouraged from dealing in the Company's securities on short term considerations and are prohibited from dealing in the Company's securities during the period beginning one (1) month before the announcement of the Company's half-year and full-year financial statements respectively, and ending on the date of the announcement of the relevant results.

NON-SPONSOR FEES

(Rule 1204(21) of the Catalist Rules)

SAC Capital Private Limited is the Continuing Sponsor of the Company. There was no non-sponsor fee paid to the Sponsor during FY2021.

USE OF IPO PROCEEDS

(Rule 1204(22) of the Catalist Rules)

INDEPENDENT AUDITOR'S REPORT

To the Members of Sanli Environmental Limited

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Sanli Environmental Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at March 31, 2021, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 49 to 90.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at March 31, 2021 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and of the changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

Key audit matter is the matter that, in our professional judgement, was of most significance in our audit of the financial statements of the current year. The matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on the matter.

INDEPENDENT AUDITOR'S REPORT

To the Members of Sanli Environmental Limited

KEY AUDIT MATTER

HOW THE MATTER WAS ADDRESSED IN THE AUDIT

Revenue recognition of engineering, procurement and construction ("EPC") contracts

The Group is involved in EPC contracts with customers for which it applies cost-to-cost method, i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs ("input method") to measure the Group's progress towards complete satisfaction of a performance obligation and recognise revenue over time in accordance with SFRS(I) 15 *Revenue from Contracts with Customers*.

Significant judgement is required from management and project teams to estimate the total cost on completion. The uncertainty and subjectivity involved in determining the total cost on completion may result in a significant impact to the revenue recognised during the year. The key source of estimate is disclosed in Note 3.

The accounting policy for revenue recognition of EPC contracts is disclosed in Note 2 and the amount of revenue recognised based on input method is disclosed in Note 19.

The following procedures were performed:

- Obtained an understanding and evaluated the design and implementation of relevant controls to address significant risks associated with revenue recognition, cost recognition and total cost estimation;
- Performed substantive tests of details on a sampling basis for the costs incurred during the reporting period and checked that costs incurred were recorded in the correct accounting period;
- Obtained the estimated total costs on completion and assessed the reasonableness of the estimates used by management, including on a sampling basis, agreed the estimates to the supporting documents and performed retrospective review;
- Discussed with management on any potential project delays or cost overruns which cannot be recovered from customers;
- Agreed the contract sum or any variation orders to the signed agreements; and
- Re-computed the percentage of progress of the contracts based on input method to test the accuracy of the percentage of progress used to recognise revenue.

INDEPENDENT AUDITOR'S REPORT

To the Members of Sanli Environmental Limited

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

INDEPENDENT AUDITOR'S REPORT

To the Members of Sanli Environmental Limited

- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Aw Xin-Pei.

1 GENERAL

The Company (Registration No. 201705316M) is incorporated in Singapore with its principal place of business and registered office at 28 Kian Teck Drive, Singapore 628845. The Company was listed on the Catalist Board of the Singapore Exchange Securities Trading Limited ("SGX-ST") on June 8, 2017. The financial statements are expressed in Singapore dollars which is also the functional currency of the Company.

The principal activities of the Company are those of investment holding and provision of management services.

The principal activities of the subsidiaries are disclosed in Note 12.

The consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the year ended March 31, 2021 were authorised for issue by the Board of Directors on August 30, 2021.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements have been prepared in accordance with the historical cost basis, except as disclosed in the accounting policies below, and are drawn up in accordance with the provisions of the Singapore Companies Act and Singapore Financial Reporting Standards (International) ("SFRS(I)").

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of SFRS(I) 2 *Share-based Payment*, leasing transactions that are within the scope of SFRS(I) 16 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in SFRS(I) 1-2 *Inventories* or value in use in SFRS(I) 1-36 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

ADOPTION OF NEW AND REVISED STANDARDS - On April 1, 2020, the Group and the Company adopted all the new and revised SFRS(I) pronouncements that are relevant to its operations. The adoption of these new and revised SFRS(I) pronouncements does not result in changes to the Group's and the Company's accounting policies and has no material effect on the amounts reported for the current or prior years.

At the date of authorisation of these financial statements, the following SFRS(I)s, SFRS(I) INTs and amendments to SFRS(I) that are relevant to the Group and the Company were issued but not effective.

- Annual improvements to SFRS(I)s 2018-2020¹; and
- Amendments to SFRS(I) 1-1: *Classification of Liabilities as Current or Non-current*².

¹ Effective for annual periods beginning on or after January 1, 2022.

² Effective for annual periods beginning on or after January 1, 2023.

Management anticipates that the adoption of the above SFRS(I)s, SFRS(I) INTs and amendments to SFRS(I) in future periods will not have a material impact on the financial statements of the Group and the Company in the period of their initial adoption.

BASIS OF CONSOLIDATION - The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- The size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- Potential voting rights held by the Company, other vote holders or other parties;
- Rights arising from other contractual arrangements; and
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All significant intercompany transactions and balances between the entities in the Group are eliminated on consolidation.

Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable SFRS(I)s). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 *Financial Instruments*.

In the Company's separate statements, investments in subsidiaries are carried at cost less any impairment in net recoverable value that has been recognised in profit or loss.

FINANCIAL INSTRUMENTS - Financial assets and financial liabilities are recognised on the statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

All financial assets are recognised and de-recognised on a trade date where the purchase or sale of an investment is under a contract whose terms require delivery of assets within the timeframe established by the market concerned.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (FVTOCI):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Despite the foregoing, the Group may make the following irrevocable election/designation at initial recognition of a financial asset:

- the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if certain criteria are met; and
- the Group may irrevocably designate a debt investment that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest income is recognised in profit or loss using effective interest method and is included in the "other income" line item.

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI are measured at FVTPL. Specifically:

- Investments in equity instruments are classified as at FVTPL, unless the Group designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition.
- Debt instruments that do not meet the amortised cost criteria or the FVTOCI criteria are classified as at FVTPL. In addition, debt instruments that meet either the amortised cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Group has not designated any debt instruments as at FVTPL.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Financial assets at FVTPL are measured at fair value as at each reporting date, with any fair value gains or losses recognised in profit or loss to the extent they are not part of a designated hedging relationship. The net gain recognised in profit or loss includes any dividend or interest earned on the financial asset and is included in the "other income" line item. Fair value is determined in the manner disclosed in Note 4(b)(vi).

Foreign exchange gains and losses

The carrying amount of financial assets that are denominated in a foreign currency is determined in that foreign currency and translated at the spot rate as at each reporting date. Net exchange differences are recognised in profit or loss in the "other operating expenses" line item.

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses ("ECL") on investments in debt instruments that are measured at amortised cost, contract assets, as well as on loan commitments and financial guarantee contracts. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group always recognises lifetime ECL for trade receivables and contract assets. The expected credit losses on these financial assets are estimated based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For all other financial instruments, the Group recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Significant increase in credit risk

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort. Forward-looking information considered includes the future prospects of the industries in which the Group's debtors operate, as well as consideration of various external sources of actual and forecast economic information that relate to the Group's core operations.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

Despite the foregoing, the Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if the financial instrument is determined to have low credit risk at the reporting date. A financial instrument is determined to have low credit risk if, i) the financial instrument has a low risk of default, ii) the borrower has a strong capacity to meet its contractual cash flow obligations in the near term, and iii) adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

For loan commitments and financial guarantee contracts, the date that the Group becomes a party to the irrevocable commitment is considered to be the date of initial recognition for the purposes of assessing the financial instrument for impairment. In assessing whether there has been a significant increase in the credit risk since initial recognition of a loan commitment, the Group considers changes in the risk of a default occurring on the loan to which a loan commitment relates; for financial guarantee contracts, the Group considers the changes in the risk that the specified debtor will default on the contract.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable:

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings and there is no realistic prospect of recovery. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

Measurement and recognition of expected credit losses

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information as described above. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the reporting date; for loan commitments and financial guarantee contracts, the exposure includes the amount drawn down as at the reporting date, together with any additional amounts expected to be drawn down in the future by default date determined based on historical trend, the Group's understanding of the specific future financing needs of the debtors, and other relevant forward-looking information.

For financial assets, the expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

For a financial guarantee contract, as the Group is required to make payments only in the event of a default by the debtor in accordance with the terms of the instrument that is guaranteed, the expected loss allowance is the expected payments to reimburse the holder for a credit loss that it incurs less any amounts that the Group expects to receive from the holder, the debtor or any other party.

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments (i.e. the Group's trade and other receivables and amounts due from customers are each assessed as a separate group);
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12-month ECL at the current reporting date.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

Trade and other payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method, except for short-term balances when the recognition of interest would be immaterial.

Interest-bearing borrowings are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest method. Interest expense calculated using the effective interest method is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs (see below).

Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost, the fair value of financial liabilities that are denominated in a foreign currency is determined in that foreign currency and translated at the spot rate as at each reporting date. Net exchange differences are recognised in profit or loss in the "other operating expenses" line item.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Offsetting arrangements

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when the Group has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

CONTRACT ASSETS AND LIABILITIES - A contract asset is recognised when the Group has performed services under the contract but has not yet billed the customer. Conversely, a contract liability is recognised when the Group has not yet performed services under the contract but has received advanced payments from the customer. Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the Group performs services under the contract.

LEASES (AS LESSOR) - When the Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

When a contract includes lease and non-lease components, the Group applies SFRS(I) 15 *Revenue from Contracts with Customers* to allocate the consideration under the contract to each component.

LEASES (AS LESSEE) - The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate specific to the lessee.

Lease payments included in the measurement of the lease liability comprise:

- fixed lease payments (including in-substance fixed payments), less any lease incentives;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the statement of financial position.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Group remeasures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- the lease term has changed or there is a significant event or change in circumstances resulting in a change in the assessment of exercise of a purchase option, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate;
- the lease payments change due to a change in expected payment under a guaranteed residual value, in which case the lease liability is remeasured by discounting the revised lease payments using the initial discount rate (unless the lease payments change is due to a change in a floating interest rate, in which case a revised discount rate is used); or
- a lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Whenever the Group incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under SFRS(I) 1-37 *Provisions, Contingent Liabilities and Contingent Assets*. To the extent that the costs relate to a right-of-use asset, the costs are included in the related right-of-use asset, unless those costs are incurred to produce inventories.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

Depreciation is charged over the lease terms, using the straight-line method, on the following bases:

Motor vehicles	10 years
Leasehold properties	2 to 23 years (2020: 19 to 23 years)
Dormitories	2 years

The right-of-use assets are presented as a separate line in the statement of financial position.

The Group applies SFRS(I) 1-36 to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss.

Variable rents that do not depend on an index or rate are not included in the measurement of the lease liability and the right-of-use asset. The related payments are recognised as an expense in the period in which the event or condition that triggers those payments occurs and are included in the line 'administrative expenses' in the statement of comprehensive income.

As a practical expedient, SFRS(I) 16 permits a lessee not to separate non-lease components, and instead account for any lease and associated non-lease components as a single arrangement. The Group has used this practical expedient.

PROPERTY, PLANT AND EQUIPMENT - Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Depreciation is charged so as to write off the cost less residual values, over their estimated useful lives, using the straight-line method, on the following bases:

Motor vehicles	2 to 10 years
Office equipment	5 to 10 years (2020 : 5 years)
Leasehold properties	Over the lease term of 25 to 27 years
Renovation	5 to 10 years (2020 : 5 years)
Furniture and fittings	5 years
Workshop equipment	5 to 10 years (2020 : 5 years)

The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

Fully depreciated assets still in use are retained in the financial statements.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

IMPAIRMENT OF NON-FINANCIAL ASSETS - At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

INTERESTS IN A JOINT OPERATION - A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

When a group entity undertakes its activities under a joint operation, the Group as a joint operator recognises in relation to its interest in a joint operation:

- Its assets, including its share of any assets held jointly;
- Its liabilities, including its share of any liabilities incurred jointly;
- Its revenue from the sale of its share of the output arising from the joint operation;
- Its share of the revenue from the sale of the output by the joint operation; and
- Its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the SFRS(I)s applicable to the particular assets, liabilities, revenues and expenses.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a sale or contribution of assets), the Group is considered to be conducting the transaction with the other parties to the joint operation, and gains and losses resulting from the transactions are recognised in the Group's consolidated financial statements only to the extent of other parties' interests in the joint operation.

When a group entity transacts with a joint operation in which a group entity is a joint operator (such as a purchase of assets), the Group does not recognise its share of the gains and losses until it resells those assets to a third party.

PROVISIONS - Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

REVENUE RECOGNITION - Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties. The Group recognises revenue when it transfers control of a product or service to a customer.

Engineering, procurement and construction contracts

The Group constructs facilities that are stated in the contract and it is common to have a warranty period included in the contract. The Group's performance creates an asset with no alternative use to the Group, as each construction project is customised to the customer's needs and is physically built at the customer's premises or at a location that the customer controls, hence the asset cannot be resold to another customer. The Group has an enforceable right to payment for work done. Contract revenue is therefore recognised over time on a cost-to-cost method, i.e. based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs. Management considers that this input method is an appropriate measure of the progress towards complete satisfaction of these performance obligations under SFRS(I) 15.

NOTES TO FINANCIAL STATEMENTS

March 31, 2021

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Group becomes entitled to invoice customers for construction of facilities based on achieving a series of performance-related milestones. The Group will previously have recognised a contract asset for any work performed. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point at which it is invoiced to the customer. If the milestone payment exceeds the revenue recognised to date under the cost-to-cost method then the Group recognises a contract liability for the difference. Financing component in construction contracts with customers is not considered to be significant as the period between the recognition of revenue under the cost-to-cost method and payment from customer is always less than one year.

Operations and maintenance services

The Group provides maintenance services to customers throughout the contract or defect liability period. Revenue relating to the maintenance services is recognised over time when the customer simultaneously receives and consumes the benefits as the Group performs the services (i.e. the monthly maintenance services performed).

INTEREST INCOME - Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

GOVERNMENT GRANTS - Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and the grants will be received. Government grants are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

SHARE-BASED PAYMENTS - Equity-settled share-based payments are measured at fair value of the equity instruments at the date of grant. The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the moratorium period of two years. At the end of each reporting period, the shareholder revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity settled employee benefits reserve.

BORROWING COSTS - Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

RETIREMENT BENEFIT COSTS - Payments to defined contribution retirement benefit plans are charged as an expense when employees have rendered the services entitling them to the contributions. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

EMPLOYEE LEAVE ENTITLEMENT - Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

INCOME TAX - Income tax expense represents the sum of the tax currently payable and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the statement of comprehensive income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and subsidiaries operate by the end of the reporting period.

Deferred tax is recognised on the differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised on taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised as an expense or income in profit or loss.

FOREIGN CURRENCY TRANSACTIONS AND TRANSLATION - The individual financial statements of each group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group are presented in Singapore dollars, which is the functional currency of the Company and the presentation currency for the consolidated financial statements.

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period.

For the purpose of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Singapore dollars using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in a separate component of equity under the header of foreign currency translation reserve.

NOTES TO FINANCIAL STATEMENTS

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation), all of the accumulated exchange differences in respect of that operation attributable to the Group are reclassified to profit or loss. Any exchange differences that have previously been attributed to non-controlling interests are derecognised, but they are not reclassified to profit or loss.

In the case of a partial disposal (i.e. no loss of control) of a subsidiary that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss.

CASH AND CASH EQUIVALENTS IN THE STATEMENT OF CASH FLOWS - Cash and cash equivalents in the statement of cash flows comprise fixed deposits, cash on hand and cash at bank that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 2, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the Group's accounting policies

Management is of the opinion that any instances of application of judgements are not expected to have a significant effect on the amounts recognised in the financial statements apart from those involving estimation which are dealt with below.

(i) Control over Link Control Co. Ltd. ("LCCL")

LCCL has been described as a subsidiary of the Group in Note 12 even though the Group has only 21% ownership interest and voting rights in LCCL. The remaining 79% of the ownership interests are held by 2 different shareholders.

Judgement is required in assessing whether the Group has control over LCCL. In making this judgement, management considered the size of the Group's holding of voting rights relative to the size and dispersion of holdings of other vote holders. Management concluded that the Group has achieved control as it has power over LCCL given that the voting rights held by the Group are sufficient to give it the practical ability to direct the relevant activities of LCCL unilaterally.

3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONT'D)

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(i) Revenue recognition of engineering, procurement and construction ("EPC") contracts

The Group recognises contract revenue by reference to the progress towards complete satisfaction of a performance obligation at the end of the reporting period. Progress towards complete satisfaction of a performance obligation is measured based on input method.

Significant judgement is required to estimate the total cost on completion. The uncertainty and subjectivity involved in determining the total cost on completion may result in a significant impact to the revenue recognised during the year.

Management has reviewed the estimates, which are based on committed purchases and historical experience. Management is satisfied that the estimates are realistic, and that total project costs do not exceed total project revenue for each individual contract that is ongoing as at the end of the reporting period.

The amount of contract revenue recognised based on input method is disclosed in Note 19. The carrying amounts of contract assets and contract liabilities arising from EPC contracts are disclosed in Note 9.

(ii) Loss allowance of receivables and contract assets

The Group assesses at each reporting date the allowance required for its receivables and contract assets. The Group considers factors such as the probability of significant difficulties of the receivables and contract assets, historical defaults or significant delay in payments and economic conditions. Significant judgment is made by management in determining the amount and timing of future cash flows, estimated based on historical loss experience for assets with similar credit risk characteristics, and any relevant forward-looking adjustments, including taking into consideration the credit-worthiness, past collection history, settlement arrangements, subsequent receipts and on-going dealings with the balance.

The carrying amounts of trade and other receivables and contract assets are disclosed in Notes 8 and 9.

(a) Categories of financial instruments

The following table sets out the financial instruments as at the end of the reporting period:

	GROUP		COMPANY	
	2021	2020	2021	2020
	\$'000	\$'000	\$'000	\$'000
Financial assets

Financial liabilities				
- amortised cost	17,124	19,722	206	176
- lease liabilities	1,565	1,292	-	-

(b) Financial risk management policies and objectives

(i) Foreign exchange risk management

The Group's foreign currency exposures arise mainly from the exchange rate movements of the United States dollar and Euro against the Singapore dollar.

At each reporting date, the carrying amounts of significant monetary assets and monetary liabilities denominated in currencies other than the group entities' functional currencies are as follows:

	GROUP			
	ASSETS		LIABILITIES	
	2021	2020	2021	2020
	\$'000	\$'000	\$'000	\$'000
United States dollar	199	1,122	64	2,604
Euro	-	-	223	824

Foreign currency sensitivity

The sensitivity rate used when reporting foreign exchange risk exposures internally to key management personnel is 10%, which represents management's assessment of the possible change in foreign exchange rates.

If the relevant foreign currencies strengthen by 10% against the group entity's functional currencies, the Group's profit before tax will increase (decrease) by:

	GROUP	
	2021	2020
	\$'000	\$'000
United States dollar	14	(148)
Euro	(22)	(82)

(b) Financial risk management policies and objectives (Cont'd)

(i) Foreign exchange risk management (Cont'd)

Foreign currency sensitivity (cont'd)

If the relevant foreign currencies weaken by 10% against the group entity's functional currencies, the impact on the Group's profit before tax would be vice versa.

The Company is not exposed to foreign exchange risk as it does not have monetary assets and monetary liabilities denominated in foreign currencies.

(ii) Interest rate risk management

The Group is exposed to interest rate risk mainly through certain floating-rate borrowings (Note 13).

Interest rate sensitivity

The sensitivity analysis below has been determined based on the exposure to interest rates for financial instruments at the end of the reporting period and the stipulated change taking place at the beginning of the reporting period and held constant throughout the reporting period in the case of instruments that have floating rates. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the possible change in interest rates.

If interest rates had been 50 basis points higher/lower and all other variables were held constant, the impact on the Group's profit before tax would decrease/increase by \$9,000 (2020 : \$12,000).

The Company is not exposed to interest rate risk as it does not have interest-bearing assets and liabilities.

(iii) Equity price risk management

The Group and the Company are not exposed to any significant equity price risk as management has assessed the impact to be immaterial.

(iv) Credit risk management

The Group has adopted procedures in extending credit terms to customers and in monitoring its credit risk. The Group only grants credit to creditworthy counterparties, based on the credit evaluation process performed by management. Bank balances are held with creditworthy financial institutions.

The Group develops and maintains its credit risk gradings to categorise exposures according to their degree of risk of default. The Group uses its trading records to rate its major customers and other debtors. The Group does not hold any collateral to cover its credit risks associated with its financial assets and contract assets.

(b) Financial risk management policies and objectives (Cont'd)

(iv) Credit risk management (Cont'd)

The Group's current credit risk grading framework comprises the following categories:

CATEGORY	DESCRIPTION	BASIS FOR RECOGNISING EXPECTED CREDIT LOSSES (ECL)
Performing	The counterparty has a low risk of default and does not have any past due amounts.	12-month ECL
Doubtful	Amount is >30 days past due or there has been a significant increase in credit risk since initial recognition unless the Group has reasonable and supportable information that amount is subjected to low credit risk.	Lifetime ECL - not credit-impaired
In default	Amount is >90 days past due or there is evidence indicating the asset is credit-impaired unless the Group has reasonable and supportable information that amount is subjected to low credit risk.	Lifetime ECL - credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery.	Amount is written off

Further details of the credit quality and maximum exposure to credit risk of the Group's financial assets and contract assets are disclosed in Notes 8 and 9.

The Group has a concentration of credit risk as 52% (2020 : 84%) of trade receivables are due from its largest debtor. The Group considers this debtor to be of good credit quality.

The maximum exposure to credit risk in the event that the counterparties fail to perform their obligations as at the end of the year in relation to each class of recognised financial assets and contract assets are the carrying amount of those assets as stated in the statement of financial position.

Non-derivative financial liabilities

The following table details the remaining contractual maturity for non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. The adjustment column represents the possible future cash flows attributable to the instrument included in the maturity analysis which is not included in the carrying amount of the financial liabilities on the consolidated statement of financial position.

(b) Financial risk management policies and objectives (Cont'd)

(vi) Fair values of financial assets and financial liabilities

The carrying amounts of cash and cash equivalents, trade and other receivables and payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments. Management is of the view that the carrying amounts of borrowings and leases liabilities approximate their respective fair values as the interest rates approximate the prevailing market rates.

The Group and the Company has no financial assets and financial liabilities that are measured at fair value on a recurring basis.

(c) Capital management policies and objectives

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of debt and equity attributable to owners of the Company, comprising issued capital, reserves and retained earnings. The Group is required to maintain specific financial ratio in order to comply with covenants in loan agreements with banks. The Group is in compliance with external imposed capital requirements.

The Group's overall strategy remains unchanged from the preceding year.

5 HOLDING COMPANY AND RELATED COMPANY TRANSACTIONS

The Company is a subsidiary of Typha Holdings Pte. Ltd., incorporated in Singapore, which is also the Company's ultimate holding company.

Related companies in these financial statements refer to the subsidiaries of the Company. Transactions and arrangements between members of the Group and the effect of these on the basis determined between the parties is reflected in these financial statements. The intercompany balances are unsecured, interest-free and repayable on demand unless otherwise stated.

Transactions between members of the Group have been eliminated on consolidation and are therefore not disclosed in this note.

6 OTHER RELATED PARTY TRANSACTIONS

Some of the Group's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties is reflected in these financial statements. The balances are unsecured, interest-free and repayable on demand.

8 TRADE AND OTHER RECEIVABLES (CONT'D)

Trade receivables and accrued revenue

The credit period ranges from 21 to 60 days (2020 : 21 to 60 days) and non-interest bearing. Loss allowance for trade receivables and accrued revenue have always been measured at an amount equal to lifetime ECL. The ECL on trade receivables and accrued revenue are estimated by reference to past default experience of the debtor and an analysis of the debtor's current financial position, adjusted for factors that are specific to the debtors, general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecast direction of conditions at the reporting date. There are no loss allowance in 2021 and 2020.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period in assessing the loss allowance for trade receivables and accrued revenue.

A trade receivable is written off when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings, or when the trade receivables are over two years past due, whichever occurs earlier. There are no trade receivables that have been written off in 2021 and 2020.

The Group's trade receivables past due amounted to \$57,000 (2020 : \$1,047,000). The Group has not recognised loss allowance against these receivables because there has not been a significant change in credit quality and the amounts are still considered recoverable.

Other receivables

For purpose of impairment assessment, other receivables are considered to have low credit risk as they are not due for payment as the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to the 12-month ECL.

In determining the ECL, management has taken into account the historical default experience and the financial position of the counterparties, adjusted for factors that are specific to the debtors and general economic conditions of the industry in which the debtors operate, in estimating the probability of default of each of these financial assets occurring within their respective loss assessment time horizon, as well as the loss upon default in each case.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period in assessing the loss allowance for other receivables.

Amount due from a subsidiary

For purpose of impairment assessment, the receivables are considered to have low credit risk as the timing of payment is controlled by the Company taking into account cash flow management within the subsidiary and there has been no significant increase in the risk of default on the receivables since initial recognition. Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to the 12-month ECL.

In determining the ECL, management has taken into account the financial position of the subsidiary, adjusted for factors that are specific to the subsidiary and general economic conditions of the industry in which the subsidiary operates, in estimating the probability of default of the receivables as well as the loss upon default. Management determines the receivables from the subsidiary are subject to immaterial credit loss.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period in assessing the loss allowance for amount due from the subsidiary.

Engineering, procurement and construction contracts:		
Contract assets	12,515	9,966
Contract liabilities	5,793	3,133

Contract assets

Amounts relating to engineering, procurement and construction contracts are balances due from customers under contracts that arise when the Group receives payments from customers in line with a series of performance - related milestones. The Group will previously have recognised a contract asset for any work performed. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point at which it is invoiced to the customer.

The significant increase (2020 : decrease) in the contract asset balances was due to commencement of new projects (2020 : completion of projects) during the reporting period.

Management always estimates the loss allowance on amounts due from customers at an amount equal to lifetime ECL, taking into account the historical default experience and the future prospects of the industry in which the customers operate. None of the amounts due from customers at the end of the reporting period is past due.

As there was no historical credit loss experience by the Group, no loss allowance has been made.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period in assessing the loss allowance for contract assets.

Contract liabilities

Amounts relating to engineering, procurement and construction contracts are balances due to customers under contracts that arise when a particular milestone payment exceeds the revenue recognised to date under the input method.

The significant increase in the contract liability balances was due to advance billing for projects during the reporting period.

The following table shows how much of the revenue recognised in the current reporting period relates to brought-forward contract liabilities. There was no revenue recognised in the current reporting period that related to performance obligations that were satisfied in a prior year.

The Group's revenue recognised that was included in the contract liability balance at the beginning of the period:

| (a) | (i) allot and issue shares in the capital of the Company (“ Shares ”) whether by way of rights, bonus or otherwise; and/or |
| | (ii) make or grant offers, agreements or options (collectively, “ Instruments ”) that might or would require Shares to be issued, including but not limited to the creation or issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares; and/or |
| | (iii) issue additional Instruments arising from adjustments made to the number of Instruments previously issued in the event of rights, bonus or capitalisation issues; |

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

NOTICE OF ANNUAL GENERAL MEETING

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors of the Company while this Resolution was in force, provided always that:
- (i) the aggregate number of Shares to be allotted and issued (including Shares to be issued pursuant to the Instruments made or granted) pursuant to this Resolution shall not exceed 100% of the total number of issued Shares (excluding treasury shares and subsidiary holding) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below), of which the aggregate number of Shares to be allotted and issued (including Shares to be issued pursuant to the Instruments made or granted) other than on a pro-rata basis to the Shareholders of the Company shall not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holding) in the capital of the Company (as calculated in accordance with sub-paragraph (ii) below);
 - (ii) (subject to such manner of calculation and adjustments as may be prescribed by the SGX-ST) for the purpose of determining the percentage number of Shares that may be issued (including Shares to be issued pursuant to the Instruments made or granted) under sub-paragraph (i) above, the total number of issued Shares (excluding treasury shares and subsidiary holding) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holding) in the Company at the time of the passing of this Resolution, after adjusting for:
 - i. new Shares arising from the conversion or exercise of any convertible securities;
 - ii. new Shares arising from exercising share options or vesting of share awards which are outstanding or subsisting at the time of the passing of this Resolution, provided that the share options or share awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - iii. any subsequent bonus issue, consolidation or subdivision of shares;
- (c) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST) and all applicable legal requirements under the Act and the Constitution of the Company for the time being; and
- (d) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier."

10. Proposed Renewal of The Share Buy-Back Mandate

Resolution 9

"That:

- (a) for the purposes of the Companies Act, Cap. 50 of Singapore ("**Companies Act**"), the exercise by the Directors of all the powers of the Company to purchase or otherwise acquire ordinary shares in the capital of the Company ("**Shares**") not exceeding in aggregate the Maximum Limit (defined below), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (defined below), whether by way of:
 - (i) on-market purchases ("**On-Market Share Purchase(s)**") transacted on the Singapore Exchange Securities Trading Limited ("**SGX-ST**") or, as the case may be, any other stock exchange on which Shares may for the time being be listed and quoted, through one or more duly licensed stockbrokers appointed by the Company for the purpose; and/or
 - (ii) off-market purchases ("**Off-Market Share Purchase(s)**") transacted otherwise than on the SGX-ST, in accordance with an equal access scheme (as defined in Section 76C of the Companies Act);

and otherwise in accordance with all other laws and regulations, including but not limited to the rules of the SGX-ST, as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally ("**Share Buy-Back Mandate**");

NOTICE OF ANNUAL GENERAL MEETING

- (b) the authority conferred on the Directors pursuant to the Share Buy-Back Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the passing of this resolution relating to the Share Buy-Back Mandate and expiring on the earliest of:
- (i) the date on which the next annual general meeting of the Company is held or is required by law to be held;
 - (ii) the date on which the authority conferred by the Share Buy-Back Mandate is revoked or varied by the shareholders of the Company in a general meeting; or
 - (iii) the date on which the purchases or acquisitions of Shares pursuant to the Share Buy-Back Mandate have been carried out to the full extent mandated,
- (c) in this resolution relating to the Share Buy-Back Mandate:

"Average Closing Price" means the average of the closing market prices of a Share over the last five (5) Market Days on which transactions in the Shares were recorded, immediately preceding the day of the On-Market Share Purchase by the Company or, as the case may be, the Offer Date (defined below) pursuant to the Off-Market Share Purchase, and deemed to be adjusted for any corporate action that occurs during the relevant five (5)-Market Day period and the day on which the On-Market Share Purchase is made or, as the case may be, the Offer Date;

"Market Day" means a day on which the SGX-ST is open for trading in securities;

"Maximum Limit" means that number of Shares representing 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the date of the passing of this resolution relating to the Share Buy-Back Mandate, unless the Company has, at any time during the Relevant Period, reduced its share capital in accordance with the applicable provisions of the Companies Act, in which event the total number of issued Shares shall be taken to be the total number of issued Shares as altered (excluding any treasury shares and subsidiary holdings);

"Maximum Price" in relation to a Share to be purchased, means the purchase price (excluding applicable brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) not exceeding:

- (i) in the case of an On-Market Share Purchase, 105% of the Average Closing Price; and
- (ii) in the case of an Off-Market Share Purchase, 120% of the Average Closing Price; and

"Offer Date" means the day on which the Company announces its intention to make an offer for the purchase or acquisition of Shares from shareholders of the Company, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Share Purchase;

"Relevant Period" means the period commencing from the date on which this resolution relating to the Share Buy-Back Mandate is passed and expiring on the earlier of the date of the next annual general meeting of the Company or the date by which such annual general meeting is required by law to be held;

- (d) any Share that is purchased or otherwise acquired by the Company pursuant to the Share Buy-Back Mandate shall, at the discretion of the Directors of the Company, either be cancelled or held in treasury and dealt with in accordance with the Companies Act; and
- (e) the Directors and/or any of them be and are hereby authorised to complete and do all such acts and things (including, without limitation, executing such documents as may be required and to approve any amendments, alterations or modifications to any documents) as they and/or he may consider desirable, expedient or necessary to give effect to the transactions contemplated and/or authorised by this resolution relating to the Share Buy-Back Mandate."

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Notes:

- (a) In relation to Ordinary Resolution No. 4, Mr Kew Boon Kee, will be retiring from office at the AGM pursuant to Regulation 108 of the Constitution of the Company, and will be standing for re-election at the AGM. Please refer to the sections on "Board of Directors", "Corporate Governance Report" and "Additional Information On Directors Seeking Re-Election" of the Company's 2021 Annual Report for more information relating to Mr Kew. There are no relationships (including immediate family relationships) between Mr Kew and other directors of the Company. Mr Kew will, upon re-election, continue to serve as an Executive Director of the Company.
- (b) In relation to Ordinary Resolution No. 5, Mr Lee Tian Chiat, will be retiring from office at the AGM pursuant to Regulation 108 of the Constitution of the Company, and will be standing for re-election at the AGM. Please refer to the sections on "Board of Directors", "Corporate Governance Report" and "Additional Information On Directors Seeking Re-Election" of the Company's 2021 Annual Report for more information relating to Mr Lee. There are no relationships (including immediate family relationships) between Mr Lee and other directors of the Company. Mr Lee will, upon re-election, continue to serve as an Executive Director of the Company.
- (c) In relation to Ordinary Resolution No. 6, Mr Latiff Bin Ibrahim, will be retiring from office at the AGM pursuant to Regulation 118 of the Constitution of the Company, and will be standing for re-election at the AGM. Please refer to the sections on "Board of Directors", "Corporate Governance Report" and "Additional Information On Directors Seeking Re-Election" of the Company's 2021 Annual Report for more information relating to Mr Latiff. There are no relationships (including immediate family relationships) between Mr Latiff and other directors of the Company. Mr Latiff will, upon re-election, continue to serve as the Chairman of the Nominating Committee, a member of the Remuneration Committee and the Audit Committee. Mr Latiff is considered independent for purposes of Rule 704(7) of the Catalist Rules.

Statement Pursuant to Regulation 74 of the Company's Constitution

The effect of the resolutions under the heading "Special Business" in this Notice of the AGM are:

- (1) The Ordinary Resolution 8 above, if passed, will empower the Directors of the Company from the date of this Meeting until the date of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such instruments, up to a number not exceeding, in total, 100% of the total number of issued shares (excluding treasury shares and subsidiary holding), of which up to 50% may be issued other than on a pro-rata basis to Shareholders.

For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares in the capital of the Company will be calculated based on the total number of issued Shares (excluding treasury shares and subsidiary holding) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new Shares arising from the conversion or exercise of the Instruments or any convertible securities, the exercise of share options or the vesting of share awards outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent consolidation or subdivision of Shares.

- (2) The Ordinary Resolution 9 above, if passed, will empower the Directors, during the period commencing from the passing of the Resolution and expiring on the earliest of the date on which the next annual general meeting of the Company is held or is required by law to be held, the date on which the mandate is revoked or varied by Shareholders in general meeting or the date on which the purchase of Shares has been carried out to the full extent mandated, to purchase or otherwise acquire, by way of On-Market Share Purchases or Off-Market Share Purchases, up to 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the date of the passing of the Resolution, on the terms of the Share Buy-Back Mandate as set out in the Appendix to the Annual Report. The Company may use internal sources of funds or borrowings or a combination of both to finance the Company's purchase or acquisition of the Shares pursuant to the Share Buy-Back Mandate. The Directors do not propose to exercise the Share-Buy Mandate in a manner and to such extent that it would have a material adverse effect on the financial position, liquidity and/or the capital adequacy of the Group.

NOTICE OF ANNUAL GENERAL MEETING

NOTES:

1. MEASURES TO MINIMISE RISK OF COVID-19 TRANSMISSION

Participation in the AGM via live audio-visual webcast and live audio-only stream

- (i) The AGM is being convened, and will be held, by live audio-visual webcast and live audio-only stream pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice of AGM, 2021 Annual Report of the Company for the financial year ended 31 March 2021, the Appendix on Share Buy-Back Mandate and the proxy form will not be despatched to members. Instead, this Notice of AGM, Annual Report, Appendix on Share Buy-Back Mandate and the proxy form will be published on the Company's website at <https://www.sanli.com.sg> and on the SGX website at <https://www.sgx.com/securities/company-announcements>.
- (ii) Shareholders will NOT be able to attend the AGM in person. All shareholders or their corporate representatives (in the case of shareholders which are legal entities) will be able to participate in the AGM proceedings by accessing a live audio-visual webcast and live audio-only stream. To do so, shareholders are required to pre-register their participation in the AGM ("Pre-registration") at this link: <https://septusasia.com/sanli-agm-registration/> ("AGM Registration and Q&A Link") by **10.00 a.m. on 26 September 2021** ("Registration Deadline") for verification of their status as shareholders (or the corporate representatives of such shareholders).
- (iii) Upon successful verification, authenticated shareholders or its corporate representative will receive an email by **10.00 a.m. on 28 September 2021**. The email will contain instructions on how to access the live audio-visual webcast and live audio-only stream of the AGM proceedings. Shareholders or corporate representative must not forward the email to other persons who are not Shareholders and who are not entitled to attend the AGM. This is to avoid any technical disruption or overload to the live audio-visual webcast or audio-only stream. Shareholders who have pre-registered by the Registration Deadline in accordance with paragraph (ii) above but do not receive the email by **10.00 a.m. on 28 September 2021**, should contact the Company's Share Registrar, Boardroom Corporate & Advisory Services Pte. Ltd. at srs.teamc@boardroomlimited.com or at +65 6536 5355.

2. VOTING BY PROXY

- (i) Shareholders who wish to vote on any or all of the resolutions at the AGM must appoint the Chairman of the Meeting as their proxy to do so on their behalf. The proxy form for the AGM may be accessed at the Company's website at <https://www.sanli.com.sg>.
- (ii) The duly executed proxy form must be deposited not less than seventy-two (72) hours before the time appointed for the holding of the AGM.
- (iii) All the resolutions proposed at the AGM will be voted on by way of poll.

Submission of Proxy Forms to Vote

Members (including shareholders which are legal entities) are strongly encouraged to exercise their voting rights by submitting their Proxy Forms and, if doing so, must appoint the "Chairman of the Meeting" to act as their proxy and must specifically direct how their votes at the AGM are to be cast.

The Proxy Form, duly completed and signed, must be deposited:

- (i) If sent by post, must be deposited at the Company's Share Registrar's office at Boardroom Corporate & Advisory Services Pte. Ltd., 50 Raffles Place #32-01 Singapore Land Tower Singapore 048623; or
- (ii) if submitted by electronic means, must be sent by email to srs.teamc@boardroomlimited.com;

not less than seventy-two (72) hours before the time appointed for the holding of the AGM.

Persons who would have been able to be appointed as proxies by relevant intermediaries (e.g. SRS investors) who wish to appoint the "Chairman of the Meeting" as their proxy should approach their relevant intermediaries (e.g. SRS Operators) to submit their votes **at least seven (7) working days before the AGM**. Such persons shall also be entitled to participate in the live audio-visual webcast and live audio-only stream and to submit questions in relation to the resolutions. "Relevant intermediary" has the meaning ascribed to it in section 181 of the Singapore Companies Act, Chapter 50.

3. SUBMISSION OF QUESTIONS PRIOR TO THE AGM

- (i) Shareholders may submit questions related to the resolutions to be tabled at the AGM during Pre-registration via the AGM Registration and Q&A Link by **10.00 a.m. on 23 September 2021** so that they may be addressed during the AGM proceedings.
- (ii) The Company shall address relevant and substantial questions (as may be determined by the Company in its sole discretion) received. The Company will publish the minutes of the AGM on SGXNet and the Company's website within one month after the date of AGM.

NOTICE OF ANNUAL GENERAL MEETING

Important reminder

Due to the constantly evolving COVID-19 situation, the Company may be required to change its AGM arrangements at short notice. Shareholders are advised to regularly check the Company's website or announcements released on SGXNET for updates on the AGM. Further, in light of the current COVID-19 measures, which may make it difficult for shareholders to submit completed proxy forms by post, shareholders are strongly encouraged to submit completed proxy forms electronically via email.

Notes :

1. Please insert the total number of Shares held by you. If you have Shares entered against your name in the Depository Register, you should insert that number. If you have Shares registered in your name in the Register of Members of the Company, you should insert that number. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number. If no number is inserted, this form of proxy will be deemed to relate to all the Shares held by you.
2. **Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the Annual General Meeting in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the Annual General Meeting if such member wishes to exercise his/her/its voting rights at the Annual General Meeting.** Printed copies of the proxy form will not be despatched to members. Instead, the proxy form will be published on the Company's website at <https://www.sanli.com.sg> and on the SGX website at <https://www.sgx.com/securities/company-announcements>.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

3. The Chairman of the Meeting as proxy, need not be a member of the Company.
4. The instrument appointing the Chairman of the Meeting as proxy must be submitted:
 - (i) if sent by post, must be deposited at the Company's Share Registrar's office at Boardroom Corporate & Advisory Services Pte. Ltd., 50 Raffles Place #32-01 Singapore Land Tower Singapore 048623; or
 - (ii) if submitted by electronic means, must be sent by email to srs.teamc@boardroomlimited.com;

not less than seventy-two (72) hours before the time appointed for the holding of the AGM.

In view of the current Covid-19 situation and the related safe distancing measures which may make it difficult for members to submit completed proxy forms by post, members are strongly encouraged to submit completed proxy forms electronically via email.

5. The instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointer or of his/her/its attorney duly authorised in writing. Where the instrument appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed under its common seal or under the hand of its officer or attorney duly authorised.
6. Where an instrument appointing the Chairman of the Meeting as proxy is signed on behalf of the appointer by an attorney, the letter or the power of attorney (or other authority) or a duly certified copy thereof shall (failing previous registration with the Company) if required by law, be duly stamped and be deposited at the Office, **not less than seventy-two (72) hours before the time for holding the meeting or adjourned meeting** at which the person named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid.
7. The Company shall be entitled to reject an instrument of proxy which is incomplete, improperly completed, illegible or where the true intentions of the appointer are not ascertainable from the instructions of the appointer specified on the instrument of proxy. In addition, in the case of Shares entered in the Depository Register, the Company may reject an instrument of proxy if the member, being the appointer, is not shown to have Shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the meeting, as certified by The Central Depository (Pte) Limited (CDP) to the Company.
