DECEMBER 2021**

---

The Board of Directors (the "**Board**") of Anchun International Holdings Ltd. (the "**Company**") and together with its subsidiary, Hunan Anchun Advanced Technology Co., Ltd. (collectively known as "**Group**") wishes to provide the following update and profit guidance for the Group's unaudited consolidated financial results for the second half ending 31 December 2021 ("**H2 2021**") and the full year ended 31 December 2021 ("**FY 2021**").

Based on a preliminary review of the Group's unaudited management accounts, the Group expects to report a loss in H2 2021 and FY 2021, mainly due to higher research and development expenses in relation to the new structural design for internal vessel of CO (carbon monoxide) shift reactor.

The Group is in the process of finalising its unaudited consolidated financial results for the H2 2021 and FY 2021. The aforementioned is only a preliminary assessment based on information currently available. Further details of the Group's financial performance will be disclosed when the Company announces its unaudited consolidated financial statements for FY 2021 by 1 March 2022.

Shareholders and investors are advised to exercise caution when dealing in the shares of the Company. In the event of any doubt, they should consult their stockbrokers, bankers, solicitors, accountants or other professional advisors.
