EXECUTIVE DIRECTOR AND CEO STATEMENT

“

The Group will stay focused on repositioning and growing our business, pushing for a full financial recovery.

”

DEAR SHAREHOLDERS,

It is my pleasure to present to you, on behalf of the Board of Directors of Capital World Limited (“**Capital World**”) and its subsidiaries (collectively, the “**Group**”), the annual report for the financial year ended 30 June 2021 (“**FY2021**”). Using this opportunity, I’d like to express my gratitude to each of you for your continued support and trust in our Group.

At this point in time, our Company is in the midst of preparing its proposal for the resumption of trading of its securities on the Singapore Stock Exchange (“**SGX**”) and we are fully committed to resuming our trading activity soon.

OUTLOOK

The COVID-19 pandemic will come to an end in the foreseeable near future with the world acknowledging the virus and living with it.

This year, we believe that the optimism of a global economic recovery, coupled with many countries easing international travel restrictions and streamlining border controls, the world as we know, will bounce back to even greater heights. Despite the Russia-Ukraine conflict, which remains unpredictable, the Group will stay focused on repositioning and growing our business, pushing for a full financial recovery.

With the Singapore-Malaysia borders re-operating, we foresee the property market in Malaysia, especially in Johor, to see a robust recovery. We are positive and affirmative that the whole economy will prosper. However, due to the pandemic, the landscape of the ever-evolving market, globally and locally, has since transformed dramatically and it is our goal to explore unprecedented opportunities in other areas to strengthen our Group’s portfolio.

We are glad to report that the Company’s 100% subsidiary Capital City Properties Sdn Bhd had entered into the Settlement Agreement with Achwell Property Sdn Bhd and that the Group has on 26 April 2022 completed its corporate debt restructuring by the way of a Scheme of Arrangement. The completion of the Scheme of Arrangement has significantly enhanced the Group’s and the Company’s financial position by significantly reducing its liabilities. The Group is currently in the process of preparing and submitting its trading resumption proposal to the SGX-ST and will update shareholders as and when there are any material developments on this front.

Peeking into our main project, our core project Capital City shall develop into a noteworthy project in Tampoi, Johor Bahru, Malaysia with various potential joint venture parties keen to join strategic forces. We expect the macro-economic factors in the market, such as low interest rates, government initiatives, etc to revitalize the sales of the said project.

Lastly, with this opportunity, I am extremely grateful to all of our stakeholders, our team, and those who have supported us through thick and thin. Thank you for embracing this journey with us and let’s thrive to the exciting years ahead.

SIOW CHIEN FU
EXECUTIVE DIRECTOR
AND CHIEF EXECUTIVE OFFICER

FINANCIAL REVIEW

CONSOLIDATED STATEMENT OF COMPREHENSIVE INCOME

For the financial year ended 30 June 2021 ("FY2021") the Group achieved revenue of RM3.2 million, constant as compared to FY2020 of RM3.1 million on year-on-year basis. The revenue was mainly generated from the sale of inventory properties amounting to RM2.7 million, and sale of marble products amounting to RM0.5 million.

The Group recorded net loss after income tax of RM230.9 million mainly due to the following: -

- impairment losses for property, plant and equipment and write-down of inventory properties by RM36.4 million and RM190.6 million respectively, and
- Higher tax provision due to under provision for Year of Assessment 2017 of approximately RM26.1 million as well as additional tax imposed by Malaysia tax authorities as a subsequent adjustment event.

CONSOLIDATED STATEMENT OF FINANCIAL POSITION

Total asset comprised current assets of RM383.8 million and non-current assets of RM23 million as at 30 June 2021, registering a decrease of RM235.1 million compared to 30 June 2020. The decrease in total assets were mainly due to the following:

- decrease in inventory properties due to write-down of serviced suites under construction and serviced apartments under construction, and
- decrease in net carrying amounts of the freehold land and building-in-progress such as the impairment of hotel under construction.

Total liabilities comprised current liabilities of RM484.8 million and non-current liabilities of RM1.3 million. No significant movement in the liabilities as compared to 30 June 2020 mainly due to the following:

- increase in the provision of taxation amounting to RM34.6 million mainly due to under provision for Year of Assessment 2017 amounting RM26.1 million and reclassification from other payables to provision for tax accrued in prior year amounting to RM8.5 million; and being contra with
- decrease of the accrual amounting to RM38.3 million mainly due to following:
 - reversal of project management consultant fee amounting to RM22 million, and
 - reversal of development costs from accruals and billings from sub-contractor of about RM4 million.

As at 30 June 2021, the Group has a deficit in equity attributable to owners of the Company of RM79.3 million, a decrease of RM230.5 million from RM151.2 million as at 30 June 2020.

For the FY2021, the Group has net current liabilities and net liabilities of RM101 million and RM79.3 million respectively. The capital deficit position is mainly due to impairment

losses for property, plant and equipment and write-down of inventory properties by RM36.4 million and RM190.6 million respectively.

At the same time, as for the capital deficit position, the Board is of the view that upon successful implementation of the restructuring exercises in both the Company and its subsidiary, Capital City Property Sdn Bhd, it will be able to extinguish its debts amounting to RM187 million and accordingly the Group's financial position will improve to a net assets position which will allow the Group to continue to operate as a going concern. The Company's shares had been voluntarily suspended since 14 February 2020. Subject to the opinion of the Group's Independent Auditors on going concern, the Company targets to prepare its proposal for the trading resumption for submission to SGX-ST by 31 December 2022.

Following the completion of the Scheme, the Group was able to improve its working capital position with Scheme Shares issued to creditors settling the debts via the Scheme of Arrangement. In addition, on 28 April 2022, the Company entered into a sale and purchase agreement with Mr Loh Choon Yow, a Malaysian businessman and MIE Corporate Holdings Sdn Bhd, a company incorporated in Malaysia that is principally engaged in investment holding (the "Purchasers"); to dispose its entire 100% equity interest in its wholly-owned subsidiary, Terratech Resources Pte Ltd and CEP Resources Entity Sdn Bhd, to the Purchasers, for a cash consideration of RM4.8 million ("Proposed Disposal") to raise the additional cashflow for its general working capital as well as to meet the Group's short-term debts obligation as and when it fall due.

As the Proposed Disposal relates to a non-core and loss-making asset of the Group, the Company is of the view that the Proposed Disposal is in the best interests of the Company and its shareholders.

CONSOLIDATED STATEMENT OF CASH FLOWS

The Group's net cash used in operating actives is RM0.3 million in FY2021. This comprised mainly operating cash flows before working capital changes of RM25.4 million adjusted for net-working outflow of RM0.3 million.

Net cash generated from investing actives was mainly due to proceeds from disposal of property, plant and equipment during FY2021.

Overall, cash and cash equivalents decreased by RM0.1 million as at 30 June 2021.

The COVID-19 pandemic has significantly impacted the Group's operations and its financial performance for the current financial year ended 30 June 2021 and after the financial year end. Management is closely monitoring the Group's businesses and has taken certain measures i.e., prepare annual budget, cashflow forecast and monitoring the status and results to deal with the impact including managing the Group's liquidity and/or conserving cash flow.

2.5	Non-executive directors and/or independent directors, led by the independent Chairman or other independent director as appropriate, meet regularly without the presence of Management. The chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.	<p>Where necessary, the Company co-ordinates informal meeting for Independent Directors to meet without the presence of the Executive Director and/or the Management.</p> <p>The Independent Directors have met and/or discussed informally on various occasions without the presence of Management in FY2021.</p>
<p>Chairman and Chief Executive Officer</p> <p>Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.</p>		
3.1	The Chairman and the Chief Executive Officer ("CEO") are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making.	<p>The roles of the Chairman and CEO are separate to ensure a clear division of their responsibilities, increased accountability, and greater capacity of the Board for independent decision making.</p> <p>The Independent Chairman, Mr Low Chai Chong, is not related to the CEO. The Independent Chairman oversees the business of the Board. He leads the Board discussions and ensures that Board meetings are convened when necessary. He sets the Board's meeting agenda in consultation with the CEO, Mr Siow Chien Fu, and ensures the quality, quantity, and timeliness of the flow of information between the Board and key management personnel to facilitate efficient decision making.</p> <p>The CEO takes a leading role in developing the businesses of the Group and manages the day-to-day operations with the assistance of key management personnel. He also oversees the execution of the business and corporate strategy decisions made by the Board.</p>
3.2	The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.	The Chairman is a Non-Executive and Independent Director. He is available to shareholders where they have concerns, and for which contact through the normal channels of communication with the Management are inappropriate or inadequate.
3.3	The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent. The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.	The Board does not have any Lead Independent Director since one-third of the Board, including the Chairman is independent.

4.4	<p>The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the company discloses the relationships and its reasons in its annual report.</p>	<p>The NC does determine annually whether each of the Independent Directors still meet the criteria of an Independent Director.</p> <p>The Independent Directors had confirmed their independence in accordance with the Code and Rule 406(3)(d) of the Catalist Rules. The NC had also assessed the independence of each Independent Director and is satisfied that, Mr Lam Kwong Fai, and Mr Low Chai Chong to be independent.</p>
4.5	<p>The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the company. The company discloses in its annual report the listed company directorships and principal commitment of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.</p>	<p>All newly appointed Directors will undergo an orientation program where the Director would be briefed on the Group's strategic direction, governance practices, business and organisation structure as well as the expected duties of director of a listed company. To obtain a better understanding of the Group's business, the Director will also be given the opportunity to visit the Group's operational sites and meet with key management personnel.</p> <p>Although some of the Board members have multiple board representations and other principal commitments, the NC is satisfied that the Directors have devoted sufficient time and attention to the Group. The NC is of the view that setting a maximum number of listed board representations that any Director may hold is not necessary as all the Directors are able to devote to the Company's affairs in light of their other commitments. However, as a general guideline to address time commitments that may be faced, a Director who holds more than five listed company board representations (including the appointment with Company) will consult the Chairman of the NC before accepting any new appointments as a Director.</p> <p>The considerations in assessing the capacity of Directors include the following:</p> <ul style="list-style-type: none"> • Expected and/or competing time commitments of Directors; • Geographical location of Directors; • Size and composition of the Board; • Nature and scope of the Group's operations and size; and • Capacity, complexity and expectations of the other listed directorships and principal commitments held. <p>The NC has reviewed the time spent and attention given by each of the Directors to the Company's affairs, taking into account the multiple directorships and other principal commitments of each of the Directors (if any), and is satisfied that all Directors have discharged their duties adequately for FY2021.</p>

Board Performance										
Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.										
5.1	The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.	<p>Table 5.1 sets out the performance criteria, as recommended by the NC and approved by the Board, to be relied upon to evaluate the effectiveness of the Board as a whole and its Board Committees. The Board evaluation does not include a separate or specific assessment of the performance or contributions of individual Directors. This is because the necessity or efficacy of adopting a formal process for assessing the contribution by each individual Director to the effectiveness of the Board is mitigated by the relatively small size of the Board, although the NC and the Board may review this in the future as the Company and the Board becomes more mature and established in its business and corporate governance practices.</p> <p>The evaluations are designed to assess the Board's effectiveness to enable the NC Chairman and Board to identify areas of improvement or enhancement which can be made to the Board:</p> <table border="1" data-bbox="730 1099 1471 1906"> <thead> <tr> <th colspan="2" data-bbox="730 1099 1471 1144">Table 5.1 – Performance Criteria</th> </tr> <tr> <th data-bbox="730 1144 962 1234">Performance Criteria</th> <th data-bbox="962 1144 1471 1234">Board and Board Committees</th> </tr> </thead> <tbody> <tr> <td data-bbox="730 1234 962 1480">Qualitative</td> <td data-bbox="962 1234 1471 1480"> <ol style="list-style-type: none"> 1. 5.2	The company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the company or any of its directors.	<p>The review of the performance of the Board and the Board Committees is conducted by the NC annually. Currently, such assessment is focused mainly on the performance and effectiveness of the Board as a whole and on the proper functioning of the various Board Committees. In FY2021, the review process was as follows:</p> <ol style="list-style-type: none"> 1. All Directors individually completed a board and board committee performance evaluation on the effectiveness of the Board and the Board Committees based on criteria disclosed in Table 5 above; 2. The NC discussed the report and where applicable considered any appropriate follow up actions to be undertaken. <p>No external facilitator was used in the evaluation process.</p>

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

6.1	<p>The Board establishes a Remuneration Committee ("RC") to review and make recommendations to the Board on:</p> <ol style="list-style-type: none"> (a) a framework of remuneration for the Board and key management personnel; and (b) the specific remuneration packages for each director as well as for the key management personnel. 	<p>The RC is guided by key terms of reference as follows:</p> <ol style="list-style-type: none"> (a) reviewing and recommending annually to the Board, the framework of remuneration and specific remuneration packages for each Director as well as for the key management personnel; (b) reviewing all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits-in-kind; (c) reviewing annually the remuneration of employees who are immediate family members of a Director or CEO whose remuneration exceeds S\$100,000 during the year; (d) reviewing the Company's obligations arising in the event of termination of the executive directors and key management personnel's contracts of service; (e) ensuring that existing relationships, if any, between the Company and its appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants; (f) reviewing and administering whether executive directors, non-executive and independent Directors and key management personnel should be eligible for options, share incentives, awards (collectively the "Schemes") (when it is implemented) and other benefits; (g) administering the Schemes (where it is implemented); and (h) perform such other functions and duties as may be required by the Code.

6.2	The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.	The RC comprises Mr Low Chai Chong, Mr Lam Kwong Fai and Ms Tan Ler Choo, all of whom are non-executive directors and the majority of which are independent. The Chairman of the RC, Mr Low Chai Chong is an Independent Non-Executive Director.
6.3	The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.	Please refer to Provision 6.1 above.
6.4	The company discloses the engagement of any remuneration consultants and their independence in the company's annual report.	No remuneration consultants were engaged by the Company in FY2021.
<p>Level and Mix of Remuneration</p> <p>Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.</p>		
7.1	A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long-term success of the company.	The Company's remuneration policy, which covers all aspects of remuneration, including but not limited to directors' fees, salaries, allowances, benefits-in-kind, bonuses, options, share-based incentives and awards is one that seeks to attract, retain and motivate talent to achieve the Company's business vision and create sustainable value for its stakeholders. The policy articulates the link that total compensation has to the achievement of organisational and individual performance objectives and benchmarked against relevant and comparative compensation in the market.
7.2	The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.	The remuneration of the Non-Executive Directors (including Independent Director) is determined by their contributions to the Company, taking into account factors such as efforts and time spent as well as their responsibilities on the Board and Board Committees, if applicable. The Directors' fees of the Non-Executive Directors are subject to approval by shareholders at each annual general meeting.
7.3	Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the company and key management personnel to successfully manage the company for the long term.	The Company's remuneration policy is one that seeks to attract, retain and motivate talent to achieve the Company's business vision and create sustainable value for its stakeholders. The policy articulates to Directors the link on total compensation has to the achievement of organisational and individual performance objectives and benchmarked against relevant and comparative compensation in the market.

No shares were issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company or its subsidiaries.

There were no unissued shares of the Company under option at the end of the financial year.

5. AUDIT COMMITTEE

The members of the Audit Committee ("AC") carried out its functions specified in accordance with the Listing Manual Section B: Rules of Catalist of the SGX-GT and the Code of Corporate Governance and the Guidebook for Audit Committees in Singapore (Second Edition), including the following:

- reviewed the audit plans of the external auditors of the Group and the Company, and reviewed the adequacy of the Company's system of internal accounting controls and the assistance given by the Group and the Company's management to the external auditors;
- reviewed the quarterly and annual financial statements and the independent auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors;
- reviewed effectiveness of the Group and the Company's material internal controls, including financial, operational and compliance controls and risk management;
- met with the external auditors, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- reviewed the cost effectiveness and the independence and objectivity of the external auditor;
- reviewed the nature and extent of non-audit services provided by the external auditor;
- recommended to the board of directors the external auditors to be nominated, approved the compensation of the external auditors, and reviewed the scope and results of the audit;
- reported actions and minutes of the AC to the board of directors with such recommendations as the AC considered appropriate; and
- reviewed interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited's Listing Manual.

There were no non-audit services provided by the external auditors for the current financial year ended 30 June 2021. The AC has reviewed and is satisfied with the independence of the external auditors. The AC has also conducted a review of interested person transactions.

Further details regarding the AC are disclosed in the Report on Corporate Governance.

INDEPENDENT AUDITOR'S REPORT

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Qualified Opinion

We have audited the financial statements of Capital World Limited (the “**Company**”) and its subsidiaries (the “**Group**”), which comprise the statements of financial position of the Group and the Company as at 30 June 2021, and the consolidated statement of comprehensive income and consolidated statement of cash flows of the Group and the statements of changes in equity of the Group and the Company for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the accompanying financial statements give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 June 2021, and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year then ended in accordance with International Financial Reporting Standards (“**IFRSs**”).

Basis for Qualified Opinion

Our auditor's report dated 16 August 2021 on the consolidated financial statements for the previous financial year ended 30 June 2020 contained a qualified opinion on the carrying amounts of inventory properties – serviced suites under construction and serviced apartments under construction (“**IP**”) and property, plant and equipment – hotel under construction (“**PPE**”). An update of the matter is as follows:

Carrying amounts of IP and PPE

As at the previous financial year ended 30 June 2020, the Group had IP of RM190,603,000 (Note 9) and PPE of RM36,294,000 (Note 16(d)) respectively. Management had assessed that the net realisable value of these IP and the recoverable amount of these PPE were higher than their carrying amounts and therefore no write down or impairment was necessary as at 30 June 2020. We were, however, not able to obtain sufficient appropriate audit evidence to assess the reasonableness and appropriateness of the assumptions used in establishing the net realisable value and the recoverable amount of these IP and PPE respectively. We were also not able to conduct alternative procedures to assess the net realisable value and the recoverable amount of these IP and PPE respectively. Consequently, we were unable to determine whether any adjustments to the consolidated financial statements for the previous financial year ended 30 June 2020 were necessary.

As disclosed in Note 9 and Note 16(d) to the financial statements, during the current financial year ended 30 June 2021, the Group wrote down the IP by RM190,603,000 and impaired the PPE by RM36,294,000. However we were unable to determine whether these amounts in whole or in part (recognised in the consolidated profit or loss for the current financial year ended 30 June 2021) are related to the previous financial year; and whether adjustments are to be made in respect of the consolidated financial statements for the previous financial year ended 30 June 2020 and current financial year ended 30 June 2021 to reflect these amounts in the correct financial year.

We conducted our audit in accordance with International Standards on Auditing (“**ISAs**”). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' (“**IESBA**”) *International Code of Ethics for Professional Accountants (including International Independence Standards)* (“**IESBA Code**”) and the Accounting and Corporate Regulatory Authority (“**ACRA**”) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (“**ACRA Code**”) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements, IESBA Code and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

INDEPENDENT AUDITOR'S REPORT

Material Uncertainty Related to Going Concern

We draw attention to Note 2.1 to the financial statements, which indicates that during the financial year ended 30 June 2021, the Group incurred a net loss of RM230,894,000 (2020: RM152,653,000) and total comprehensive loss of RM230,537,000 (2020: RM152,197,000) and net cash flows used in operating activities of RM256,000 (2020: RM2,022,000). As at 30 June 2021, the Group has net current liabilities and net liabilities of RM101,049,000 and RM79,313,000 (2020: net current assets and net assets of RM91,042,000 and RM151,224,000) respectively, and the Company has net current liabilities and net liabilities of RM10,716,000 and RM10,661,000 (2020: net current assets and net assets of RM40,653,000 and RM148,266,000) respectively.

As disclosed in Note 32, a subsidiary of the Group, Capital City Property Sdn. Bhd. ("**CCP**") was placed under judicial management pursuant to an order of the Judicial Commissioner of the Malaysia High Court dated 13 March 2020 ("**JM Order**") and a judicial manager ("**Judicial Manager**") was appointed to manage the affairs, business and property of CCP. On 25 September 2020, the Judicial Manager had circulated a Statement of Proposal (the "**SOP**") to CCP's creditors in connection with the Debt Settlement Proposal under Section 420 of the Malaysia Companies Act 2016 ("**Debt Settlement Proposal**"). On 9 October 2020, a CCP's creditors' meeting was convened with more than 75% in value of creditors present and voting in person or by proxy supporting the Judicial Manager's SOP. On 16 October 2020, the Judicial Manager had filed the result of the CCP's creditors' meeting with the Malaysia High Court, which is the effective date of the SOP. CCP has commenced and is in the process of completing the Debt Settlement Proposal as disclosed in Note 32.

The ability of the Group and the Company to continue as going concerns is dependent on the successful completion of the Debt Settlement Proposal; which includes the cash settlement of an amount due to the Inland Revenue of Malaysia of approximately RM70 million.

The above conditions and events indicate the existence of material uncertainties which may cast significant doubt on the Group's and the Company's ability to continue as going concerns and therefore they may be unable to realise their assets and discharge their liabilities in the normal course of business.

Nevertheless, in the preparation of the financial statements, the directors of the Company believe that the use of the going concern assumption is appropriate after taking into consideration:

- (i) The Scheme of Arrangement as disclosed in Note 33 to the financial statements has been completed;
- (ii) The Final Settlement Agreement as disclosed in Note 9 to the financial statements has been entered in relation to the amount due to Achwell Property Sdn Bhd;
- (iii) The Debt Settlement Proposal of CCP as disclosed in Note 32 to the financial statements would be successfully completed in due course;
- (iv) The Group has made an application to the Inland Revenue Board of Malaysia to defer the payment of approximately RM70 million and the Board of Directors and management are of the view that the results of the application will be favourable;
- (v) The Board of Directors and management are engaged in various discussions with potential buyers on the sale of the Group's non-current assets held for sale and inventory properties (retail units of the retail mall);
- (vi) The Board of Directors and management are currently sourcing for new funds; and
- (vii) The Board of Directors and management are of the view that the Group and the Company will have sufficient working capital and will be able to meet their obligations as and when they fall due based on a cash flow forecast for the next 12 months.

In the event that the Group and the Company are unable to continue as going concerns, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are recorded in the statements of financial position. In addition, the Group and the Company may have to provide for further liabilities that might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. No such adjustments have been made to these financial statements. Our opinion is not modified in respect of this matter.

INDEPENDENT AUDITOR'S REPORT

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Valuation of Inventory Properties and Non-Current Assets Held for Sale</p>	<p>Our response:</p>
<p>We refer to Note 2.7, Note 2.23, Note 9 and Note 15 to the financial statements.</p>	<p>We focused on this area because of the significant judgement involved in making the estimates of the net realisable value of the inventory properties and the fair value less cost to sale of the non-current assets held for sale.</p>
<p>As at 30 June 2021, the Group has inventory properties (Retail units of the retail mall) of RM147,669,000 and non-current assets held for sale of RM226,539,000, representing 37% and 55% of the Group's total assets respectively.</p>	<p>We designed and performed the following key procedures, amongst others:</p>
<p>Inventory properties are measured at the lower of cost and net realisable value and non-current assets held for sale are measured at the lower of the assets' previous carrying amount and fair value less costs to sell.</p>	<ul style="list-style-type: none"> - Evaluated and tested management's assessment of the inventory properties to state them at the lower of cost and net realisable value; - Evaluated and tested management's assessment of the non-current assets held for sale to state them at the lower of the assets' previous carrying amount and net fair value less costs to sell; and - Evaluated the appropriateness of the presentation and classification of the non-current assets held for sale.
	<p>Our findings:</p>
	<p>We found that management's assessment of the net realisable value of the inventory properties and the net fair value less costs to sell of the non-current assets held for sale to be reasonable and the presentation and classification of the non-current assets held for sale to be appropriate.</p>

INDEPENDENT AUDITOR'S REPORT

Responsibilities of Management and Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (cont'd)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Neo Keng Jin.

NOTES TO THE FINANCIAL STATEMENTS

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. GENERAL INFORMATION

Capital World Limited, (the “Company”) is a limited liability company incorporated and domiciled in the Cayman Islands. The Company was listed on the Catalist Board of the Singapore Exchange Securities Trading Limited (“SGX-ST”) on 30 July 2014.

The address of the Company’s registered office is the office of Conyers Trust Company (Cayman) Limited, Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The principal place of business of the Company is at 1 North Bridge Road, #24-09 High Street Centre, Singapore 179094.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries are as disclosed in Note 18.

These financial statements for the financial year ended 30 June 2021 were approved and authorised for issue by the Board of Directors in accordance with a resolution of the directors on the date of the Directors’ Statement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with International Financial Reporting Standards (“IFRS”).

These financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

These financial statements are presented in Malaysia Ringgit (“RM”) and all values in the tables are rounded to the nearest thousand (“RM’000”), except when otherwise indicated.

Going concern assumption

During the financial year ended 30 June 2021, the Group incurred a net loss of RM230,894,000 (2020: RM152,653,000) and total comprehensive loss of RM230,537,000 (2020: RM152,197,000) and net cash flows used in operating activities of RM256,000 (2020: RM2,022,000). As at 30 June 2021, the Group has net current liabilities and net liabilities of RM101,049,000 and RM79,313,000 (2020: net current assets and net assets of RM91,042,000 and RM151,224,000) respectively, and the Company has net current liabilities and net liabilities of RM10,716,000 and RM10,661,000 (2020: net current assets and net assets of RM40,653,000 and RM148,266,000) respectively.

As disclosed in Note 32, a subsidiary of the Group, Capital City Property Sdn. Bhd. (“CCP”) was placed under judicial management pursuant to an order of the Judicial Commissioner of the Malaysia High Court dated 13 March 2020 (“JM Order”) and a judicial manager (“Judicial Manager”) was appointed to manage the affairs, business and property of CCP. On 25 September 2020, the Judicial Manager had circulated a Statement of Proposal (the “SOP”) to CCP’s creditors in connection with the Debt Settlement Proposal under Section 420 of the Malaysia Companies Act 2016 (“Debt Settlement Proposal”). On 9 October 2020, a CCP’s creditors’ meeting was convened with more than 75% in value of creditors present and voting in person or by proxy supporting the Judicial Manager’s SOP. On 16 October 2020, the Judicial Manager had filed the result of CCP’s creditors’ meeting with the Malaysia High Court, which is the effective date of the SOP. CCP has commenced and is in the process of completing the Debt Settlement Proposal as disclosed in Note 32.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.1 Basis of Preparation (cont'd)

Going concern assumption (cont'd)

The ability of the Group and the Company to continue as going concerns is dependent on the successful completion of the Debt Settlement Proposal; which includes the cash settlement of an amount due to the Inland Revenue of Malaysia of approximately RM70 million.

The above conditions and events indicate the existence of material uncertainties which may cast significant doubt on the Group's and the Company's ability to continue as going concerns and therefore they may be unable to realise their assets and discharge their liabilities in the normal course of business.

Nevertheless, in the preparation of the financial statements, the directors of the Company believe that the use of the going concern assumption is appropriate after taking into consideration:

- (i) The Scheme of Arrangement as disclosed in Note 33 to the financial statements has been completed;
- (ii) The Final Settlement Agreement as disclosed in Note 9 to the financial statements has been entered in relation to the amount due to Achwell Property Sdn Bhd;
- (iii) The Debt Settlement Proposal of CCP as disclosed in Note 32 to the financial statements will be successfully completed in due course;
- (iv) The Group has made an application to the Inland Revenue Board of Malaysia to defer the payment of approximately RM70 million and the Board of Directors and management are of the view that the results of the application will be favourable;
- (v) The Board of Directors and management are engaged in various discussions with potential buyers on the sale of the Group's non-current assets held for sale and inventory properties (Retail units of the retail mall);
- (vi) The Board of Directors and management are currently sourcing for new funds; and
- (vii) The Board of Directors and management are of the view that the Group and the Company will have sufficient working capital and will be able to meet their obligations as and when they fall due based on a cash flow forecast for the next 12 months.

In the event that the Group and the Company are unable to continue as going concerns, the Group and the Company may be unable to discharge their liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are recorded in the statements of financial position. In addition, the Group and the Company may have to provide for further liabilities that might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. No such adjustments have been made to these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.2 Adoption of New and Amended Standards and Interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial period beginning on or after 1 July 2020. The adoption of these standards did not have any material effect on the financial performance or position of the Group and the Company.

2.3 Standards Issued but Not Yet Effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual financial periods beginning on or after
Amendment to IFRS 16 <i>Leases – Covid-19-Related Rent Concessions</i>	1 June 2020
Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16, Interest Rate Benchmark Reform – Phase 2	1 January 2021
Amendment to IFRS 16 <i>Covid-19-Related Rent Concessions beyond 30 June 2021</i>	1 April 2021
Amendments to IAS 16 <i>Property, Plant and Equipment – Proceeds before Intended Use</i>	1 January 2022
Amendments to IAS 37 <i>Provisions – Onerous Contracts – Cost of Fulfilling a Contract</i>	1 January 2022
Amendments to IFRS 3 <i>Business Combinations – Reference to the Conceptual Framework</i>	1 January 2022
Amendments to IAS 1, <i>Presentation of Financial Statements – Classification of Liabilities as Current or Non-Current</i>	1 January 2023
Amendments to IAS 1, <i>Disclosure of Accounting Policies and IFRS Practice Statement 2, Making Materiality Judgements</i>	1 January 2023
Amendments to IAS 8, <i>Accounting Policies, Changes in Accounting Estimates and Errors – Definition of Accounting Estimates</i>	1 January 2023
Amendments to IAS 12, <i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction</i>	1 January 2023

The directors do not expect that the adoption of these new and revised standards above will have a material impact on the financial statements in the period of initial application.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.4 Basis of Consolidation and Business Combinations

(a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in deficit balance.

(b) *Business combinations and goodwill*

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The Group elects for each individual business combination, whether non-controlling interest in the acquiree (if any), that are present ownership interests and entitle their holders to a proportionate share of net assets in the event of liquidation, is recognised on the acquisition date at fair value, or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Other components of non-controlling interests are measured at their acquisition date fair value, unless another measurement basis is required by another IFRS.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.5 Foreign Currency

The financial statements are prepared in Malaysia Ringgit, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

(a) *Transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

(b) *Consolidated financial statements*

For consolidation purpose, the assets and liabilities of foreign operations are translated into RM at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

2.6 Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.6 Property, Plant and Equipment (cont'd)

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Building	50 years
Computer equipment	3 years
Furniture and fittings	3 to 10 years
Motor vehicles	5 to 6 years
Office equipment	5 years
Renovation	5 years
Plant and machinery	10 years
Factory building	10 years
Mining infrastructure	33 years
Theme park	10 years
Office premises	2 years

Freehold land has an unlimited useful life and therefore is not depreciated. Building-in-progress included in property, plant and equipment is stated at cost less any impairment losses, and is not depreciated. Cost comprises the direct costs of construction during the period of construction. Building-in-progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use.

Included in the mining infrastructure are costs in relation to the construction of the gravel roads for access to the marble quarry. As part of its mining operations, the Group incurs stripping (waste removal) costs during the development phase. Stripping costs incurred in the development phase of a mine are capitalised in mining infrastructure. Subsequent to initial recognition, mining infrastructure are amortised over its useful life using a unit of production ("UOP") method to write off the cost of the assets proportionate to the extraction of the proved and probable mineral reserves. The Group's mining rights is for a period of 33 years up to 26 January 2044. The total UOP is estimated based on production of the period of 33 years. As at 30 June 2021, the remaining useful life of the right is 23 (2020: 24) years.

Stripping activity asset shall be recognised, if and only if, all of the following are met:

- it is probable that the future economic benefit (improved access to the marble reserves) associated with stripping activity will flow to the Group;
- the Group can identify the component of the ore body for which access has been improved; and
- the costs relating to the stripping activity associated with that component can be measured reliably.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, useful lives and the depreciation method are reviewed at least at each financial year end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in profit or loss in the year the asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.7 Inventory Properties

Inventory properties are properties acquired or being constructed for sale in the ordinary course of business, rather than to be held for rental or capital appreciation or to be held for the Group's use.

Inventory properties are held as inventories and are measured at the lower of cost and net realisable value.

Costs include:

- Land acquisition costs;
- Amounts paid to contractors for construction of the inventory properties and other costs directly attributable to the development of the inventory properties; and
- Capitalised borrowing costs that are directly attributable to the acquisition of the land.

Net realisable value of inventory property is the estimated selling price in the ordinary course of business based on market prices at the reporting date and discounted for the time value of money if material, less the estimated costs of completion and the estimated costs necessary to make the sale.

The costs of inventory property recognised in profit and loss on disposal are determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on the net floor area of the property sold.

Contract costs

Sales agent commission and legal costs incurred to secure sale contracts of real estate units are capitalised if they are incurred to obtain a contract with a customer that the Group would not have incurred if the contract had not been obtained.

Costs to fulfil a contract are capitalised if the costs relate directly to the contract, generate or enhance resources used in satisfying the contract and are expected to be recovered.

Subsequent to initial measurement, capitalised contracts costs are amortised to profit or loss on a systematic basis as the Group recognises the related revenue.

The Group records capitalised sales agent commission costs and legal costs under "Deferred expenditure" in the Consolidated Statement of Financial Position.

An impairment loss is recognised in profit or loss to the extent that the carrying amount of the capitalised contract costs exceeds the remaining amount of consideration that the Group expects to receive in exchange for the goods or services to which the contract costs relate; less the costs that relate directly to providing the goods and that have not been recognised as expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for as follows:

- Raw materials: purchase costs on a first-in-first-out basis.
- Finished goods and work-in-progress: costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. These costs are assigned on a first-in-first-out basis.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.9 Intangible Assets

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Intangible assets with indefinite useful lives or not yet available for use are tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. Such intangible assets are not amortised. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Mining rights

Mining rights are stated at cost less accumulated amortisation and any accumulated impairment losses. Mining rights include the cost of acquiring mining licences, exploration and evaluation costs transferred from exploration rights and assets upon determination that an exploration property is capable of commercial production, and the cost of acquiring interests in the mining reserves of existing mining properties. The mining rights are amortised over the estimated useful lives of the mines, in accordance with the production plans of the entity concerned and the proved and probable reserves of the mines using the UOP method. Mining rights are written off to the consolidated statement of comprehensive income if the mining property is abandoned.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.10 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's balance sheet, investments in subsidiaries are accounted for at cost less any accumulated impairment losses.

2.11 Impairment of Non-financial Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase. Impairment losses relating to goodwill cannot be reversed in future periods.

2.12 Financial Instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

2.12 Financial Instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement

Investment in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are:

(i) Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

(ii) Fair value through other comprehensive income ("FVOCI")

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Financial assets measured at FVOCI are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is de-recognised.

(iii) Fair value through profit and loss

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss ("FVPL"). A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.12 Financial Instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement (cont'd)

Investment in equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in OCI. Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in OCI, changes in fair value are recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.13 Impairment of Financial Assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For debt instruments at fair value through OCI, the Group applies the low credit risk simplification. At every reporting date, the Group evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Group reassesses the internal credit rating of the debt instrument. In addition, the Group considers that there has been a significant increase in credit risk when the contractual payments are more than 30 days past due.

The Group considers a financial asset in default when contractual payments are more than 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.14 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits and cash in holding accounts that are readily convertible to known amount of cash and which are subject to an insignificant risk of change in value. For the purpose of the statement of cash flows, cash pledged is excluded from cash and cash equivalents.

2.15 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.16 Leases

When the Group is a lessee

At the inception of the contract, the Group assesses if the contract contains a lease. A contract contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Reassessment is only required when the terms and conditions of the contract are changed.

The Group recognises right-of-use assets and lease liabilities at the date which the underlying assets become available for use. Right-of-use assets are measured at cost, which comprises the initial measurement of lease liabilities adjusted for any lease payments made at or before the commencement dates, plus any initial direct costs incurred and an estimate of restoration costs, less any lease incentives received. Any initial direct costs that would not have been incurred if the lease had not been obtained are added to the carrying amount of the right-of-use assets.

Right-of-use assets are subsequently depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease terms. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment and are disclosed in Note 2.6. In addition, the right-of-use assets are periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the corresponding lease liabilities. The Group presents its right-of-use assets (except for those which meets the definition of an investment property) in "Property, plant and equipment" and lease liabilities in "Loans and Borrowings" in the statement of financial position.

The initial measurement of lease liabilities is measured at the present value of the lease payments discounted using the implicit rate in the lease, if the rate can be readily determined. If that rate cannot be readily determined, the Group uses its incremental borrowing rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivables;
- Variable lease payments that are based on an index or rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under residual value guarantees;
- The exercise price of a purchase option if it is reasonably certain to exercise the option; and
- Payment of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

For contracts that contain both lease and non-lease components, the Group allocates the consideration to each lease component on the basis of the relative stand-alone price of the lease and non-lease components. The Group has elected not to separate lease and non-lease components for property leases; instead, these are accounted for as one single lease component.

Lease liabilities are measured at amortised cost, and are remeasured when:

- There is a change in future lease payments arising from changes in an index or rate;
- There is a change in the Group's assessment of whether it will exercise lease extension and termination options;
- There is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee; or
- There is a modification to the lease term.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.16 Leases (cont'd)

When the Group is a lessee (cont'd)

When lease liabilities are remeasured, corresponding adjustments are made against the right-of-use assets. If the carrying amounts of the right-of-use assets have been reduced to zero, the adjustments are recorded in profit or loss. The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have lease terms of 12 months or less, as well as leases of low value assets, except in the case of sub-lease arrangements. Lease payments relating to these leases are expensed to profit or loss on a straight-line basis over the lease term.

Variable lease payments that are based on an index or a rate are included in the measurement of the corresponding right-of-use assets and lease liabilities. Other variable lease payments are recognised in profit or loss when incurred.

2.17 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Sale of inventory properties

The Group develops and sells serviced suites under construction and retail units before completion of construction of the properties.

Revenue is recognised when control over the property has been transferred to the customer, either over time or at a point in time, depending on the contractual terms.

For inventory properties whereby the Group is restricted contractually from directing the properties for another use as they are being developed and has an enforceable right to payment for performance completed to date, revenue is recognised over time, based on the construction and other costs incurred to date as a proportion of the estimated total construction and other costs to be incurred.

The sale of serviced suites under construction to customers are fully furnished. The sale of the serviced suite under construction and the sale of furniture and fittings are accounted for as separate performance obligations. The transaction price is allocated to each performance obligation based on the standalone selling prices.

Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified construction milestones.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.17 Revenue (cont'd)

(a) Sale of inventory properties (cont'd)

A contract asset is recognised when the Group has performed under the contract but has not yet billed the customer. Contract assets is presented under the caption "Unbilled receivables" in the Consolidated Statement of Financial Position. Contract assets are transferred to receivables when the rights to consideration become unconditional.

Conversely, a contract liability is recognised when the Group has not yet performed under the contract but has received advance payments from the customer. Contract liabilities are recognised as revenue as the Group performs under the contract. Contract liabilities is presented under the caption "Deferred revenue" in the Consolidated Statement of Financial Position.

Incremental costs of obtaining a contract are those costs that the Group incurs to obtain a contract with a customer that would not have been incurred if the contract had not been obtained. Incremental costs of obtaining a contract are capitalised if these costs are recoverable. The Group records incremental costs of obtaining a contract under "Deferred expenditure" in the Consolidated Statement of Financial Position. Costs to fulfil a contract are capitalised if the costs relate directly to the contract, generate or enhance resources used in satisfying the contract and are expected to be recovered. Other contract costs are expensed as incurred.

Capitalised contract costs are subsequently amortised on a systematic basis as the Group recognises the related revenue. An impairment loss is recognised in profit or loss to the extent that the carrying amount of the capitalised contract costs exceeds the remaining amount of consideration that the Group expects to receive in exchange for the goods or services to which the contract costs relate; less the costs that relate directly to providing the goods and that have not been recognised as expenses.

(b) Sale of marble products

The Group supplies marble blocks and slabs, aggregates and calcium carbonate powder for customers.

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(c) Construction contracts

The Group is restricted contractually from directing the exterior and interior decoration works for another use as they are being renovated and has an enforceable right to payment for performance completed to date. Revenue is recognised over time, with reference to the percentage of completion of construction contracts. Revenue is recognised over time, based on the construction and other costs incurred to date as a proportion of the estimated total construction and other costs to be incurred.

(d) Forfeiture income

Forfeiture income is recognised when (i) deposits or instalments paid by customers are forfeited to the Group according to the terms of the sales and purchase agreement and (ii) administrative and management fee paid by a customer is forfeited to the Group according to the terms of the contractor agreement.

(e) Interest income

Interest income is recognised using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.18 Convertible Instrument with Embedded Derivative

Convertible bond with conversion option is separated into liability and equity components based on the terms of the contract.

On issuance of the convertible bond, the embedded option is recognised at its fair value as derivative liability with subsequent changes in fair value recognised in profit or loss.

The remainder of the proceeds is allocated to the liability component that is carried at amortised cost until the liability is extinguished on conversion or redemption.

Transaction costs are apportioned between the liability and equity components of the convertible bond based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

When an equity conversion option is exercised, the carrying amounts of the liability component and the equity conversion option are derecognised with a corresponding recognition of share capital.

2.19 Share Capital and Share Issue Expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share premium.

2.20 Borrowing Costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.21 Employee Benefits

Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.22 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current taxes are recognised in profit or loss except to the extent that tax relating to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

2.22 Taxes (cont'd)

(b) Deferred tax (cont'd)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

2.23 Non-Current Assets Held for Sale

Non-current assets are classified as held for sale or distribution if their carrying amount will be recovered through a sale transaction or distribution rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of the assets' previous carrying amount and fair value less cost to sell.

The assets are not depreciated or amortised while they are classified as held-for-sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the date of the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the asset or liability affected in the future periods.

In the process of applying the Group's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the consolidated financial statements. The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Classification of the Group's properties

The Group determines whether a property should be classified as property, plant and equipment, non-current assets held for sale or inventory property based on the Group's intentions regarding the properties:

- Hotel under construction and car parks of retail mall (Capital City) that are held by the Group for use in the production or supply of goods or services are classified as property, plant and equipment.
- Non-current assets held for sale comprise retail units of the retail mall (Capital City), promotional lots, indoor music circus and convention hall in the retail mall (Capital City) that are committed for sale by the Group as at 30 June 2021.
- Inventory properties comprise serviced suites under construction, serviced apartments under construction and retail units of the retail mall (Capital City) that are held for sale in the ordinary course of business.

(b) Carrying amounts of inventory properties and non-current assets held for sale

Inventory properties are stated at the lower of cost and net realisable value ("NRV") and non-current assets held for sale are stated at the lower of the assets' previous carrying amount and fair value less cost to sell.

The NRV of inventory properties and fair value of non-current assets held for sale are assessed with reference to the Group's expectations of future selling prices.

The carrying amounts of the Group's inventory properties and non-current assets held for sale as at 30 June 2021 are disclosed in Note 9 and Note 15 respectively.

NOTES TO THE FINANCIAL STATEMENTS

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

(c) Impairment of property, plant and equipment

Property, plant and equipment are stated at cost less any impairment losses. The Group reviews the carrying amount of property, plant and equipment to determine if there are any indicators of impairment. If any such indication exists, the recoverable amount of the property, plant and equipment is estimated to determine the extent of the impairment loss (if any).

The carrying amount of the Group's property, plant and equipment as at 30 June 2021 is disclosed in Note 16.

(d) Income taxes and deferred tax

Judgement is involved in determining the Group's position for income taxes as there are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business.

The Group recognised liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of this matter is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The carrying amounts of the Group's provision for taxation and deferred tax liabilities at the end of the reporting period was RM70,001,000 (2020: RM35,386,000) and RM1,312,000 (2020: RM1,312,000) respectively.

7. INCOME TAX EXPENSE

Pursuant to the rules and regulations of the Cayman Islands, the Company is not subject to any income tax in the Cayman Islands. Pursuant to the income tax rules and regulations in Singapore and Malaysia, the subsidiaries located in Singapore and Malaysia are liable to corporate income tax at 17% (2020: 17%) and 24% (2020: 24%) on the assessable profits generated in these countries respectively.

The major components of income tax expense for the years ended 30 June 2021 and 2020 are:

	Group	
	2021	2020
	RM'000	RM'000
Consolidated statement of comprehensive income:		
Income tax:		
- Current year	-	169
- Under/(Over) provision in respect of previous years	26,152	(29)
	26,152	140
Deferred income tax:		
- Origination and reversal of temporary differences	-	3,146
Income tax expense recognised in profit or loss	26,152	3,286

The reconciliation between the income tax expense and the product of accounting loss multiplied by the applicable corporate tax rate for the years ended 30 June 2021 and 2020 are as follows:

	Group	
	2021	2020
	RM'000	RM'000
Loss before income tax	(204,742)	(149,367)
Tax benefits at the domestic rates applicable to losses in the countries where the Group operates	(49,178)	(35,718)
Adjustments:		
Non-deductible expenses	49,178	39,033
Under/(Over) provision in respect of previous years	26,152	(29)
Income tax expense recognised in profit or loss	26,152	3,286

The above reconciliation is prepared by aggregating separate reconciliation for each national jurisdiction.

The non-deductible expenses comprise mainly allowance for impairment of assets and certain corporate expenses not deductible for tax purposes.

NOTES TO THE FINANCIAL STATEMENTS

8. LOSS PER SHARE

Basic loss per share is calculated by dividing loss for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year.

Diluted loss per share is calculated by dividing loss for the year attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial year plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

For the years ended 30 June 2021 and 30 June 2020, the computation of diluted loss per share does not assume the conversion of the Company's outstanding convertible loan as they had an anti-dilutive effect on the loss per share calculation.

Computation of basic and diluted loss per share for the years ended 30 June 2021 and 2020:

	Group	
	2021	2020
Loss for the year attributable to owners of the Company used in the computation of diluted loss per share (RM'000)	(230,894)	(152,370)

(a) On 26 December 2013, the Group entered into an agreement with Achwell Property Sdn Bhd ("APSB") to develop and construct an integrated project with retail, hotel, suites and residential facilities on a piece of land which APSB ("Joint Venture Agreement") is the registered and beneficial owner, herein referred to as (the "Land"). In accordance with the terms and conditions of the Joint Venture Agreement, the agreement will become unconditional and effective when the following conditions precedent are fulfilled and satisfied:

- the Group to obtain the unconditional development order approval from the relevant authorities within six months from the execution of the Joint Venture Agreement; and
- APSB to obtain approval from the shareholders of APSB's holding company.

The above two conditions were fulfilled on 13 March 2014.

NOTES TO THE FINANCIAL STATEMENTS

9. INVENTORY PROPERTIES (CONT'D)

(a) The Group is solely responsible:

- to carry out the project planning and design, construction and development, sales and marketing of the integrated project; and
- to apply for and obtain the necessary approvals, licences and clearance required for the development, construction and sale of the integrated project as well as to bear all the costs for these activities.

The Group is required to forward the master title of the integrated project approved by the relevant authorities to APSB within a stipulated time from the date the Group obtained the building plan approval from the relevant authorities.

APSB is required to execute and deliver to the Group a valid and registrable memorandum of transfer in respect of any units sold. The titles of the Land will also be transferred to the Group when the purchase consideration of the land has been fully paid for that portion of the Land that have been classified as property, plant and equipment and investment properties.

Based on the above, management assessed that the Group has obtained control of the Land on 13 March 2014, as the Group is able to control the benefits arising from the Land even though there is no legal right of ownership of the Land.

The consideration payable for the Land is determined based on 16.7% of the final aggregate of the gross individual unit selling price of the units of the integrated project ("gross development value") up to a maximum sum of approximately RM324,000,000 only and is payable within 66 months from the approval received from the appropriate authorities of the integrated project.

The purchase consideration of the Land has been recognised in property, plant and equipment, investment properties and inventory properties according to the Group's intention regarding the use of the Land on initial recognition.

(b) On 29 March 2019, the Group entered into the following agreements with APSB to effect the proposed variation to the terms of the Joint Venture Agreement and the supplemental agreements ("Proposed Variation").

- a conditional settlement agreement to vary the terms of the Joint Venture Agreement and the supplemental agreements ("First Settlement Agreement");
- a conditional put option agreement whereby the Group shall grant to APSB a put option to sell and require the Group to purchase from APSB the identified retail units (as defined in the agreement) which remain unsold by APSB prior to the exercise of the put option during the option period ("Put Option Agreement"); and
- a conditional call option agreement whereby APSB shall grant to the Group a call option to buy and require APSB to sell to the Group the remaining retail units during the option period ("Call Option Agreement").

NOTES TO THE FINANCIAL STATEMENTS

9. INVENTORY PROPERTIES (CONT'D)

(cont'd)

(b) In accordance with the terms and conditions of the First Settlement Agreement, the agreement will become conditional and effective when the following conditions precedent are fulfilled and satisfied:

- the Group to obtain a grant of credit facilities from a reputable financial institution for a loan sum of not less than RM50 million (the "Loan"), and which part of the Loan granted shall be directly disbursed to APSB on the first drawdown (the "Covenanted Sum") as follows:
 - (i) For a Loan amount equal to or less than RM100 million, the Covenanted Sum shall be RM20 million;
 - (ii) For a Loan amount of more than RM100 million but equal to or less than RM150 million, the Covenanted Sum shall be RM30 million; and
 - (iii) For a Loan amount of more than RM150 million, the Covenanted Sum shall be RM35 million;
- the approval of the shareholders of the Company to enter into the Proposed Variation; and
- APSB to obtain the approval of the shareholders of its holding company, a company listed on the main market of Bursa Malaysia Securities Berhad to enter into the First Settlement Agreement.

In September 2019, the Group and APSB have mutually agreed in writing to extend the conditional period for another six months to 28 March 2020. However, the above conditions were not fully fulfilled on 28 March 2020. Accordingly, the First Settlement Agreement, Put Option Agreement and Call Option Agreement have lapsed.

(c) Subsequent to the current financial year ended 30 June 2021, the Group entered into a Conditional Settlement Agreement with APSB on 28 July 2021 which sets out the terms and conditions governing the payment of the final settlement sum of RM40 million ("Final Settlement Sum") and other matters relating to the settlement ("Final Settlement Agreement"). The Final Settlement Sum is to be repaid as follows:

- First tranche of RM5 million within 6 months from the date of the Conditional Settlement Agreement;
- Second tranche of RM5 million within 12 months from the date of the Conditional Settlement Agreement;
- Third tranche of RM10 million within 24 months from the date of the Conditional Settlement Agreement;
- Fourth tranche of RM10 million within 36 months from the date of the Conditional Settlement Agreement; and
- Fifth tranche of RM10 million within 48 months from the date of the Conditional Settlement Agreement.

NOTES TO THE FINANCIAL STATEMENTS

9. INVENTORY PROPERTIES (CONT'D)

(cont'd)

- (c) APSB agrees to transfer the legal and beneficial ownership of the Land to CCP upon the full payment of the Final Settlement Sum in the manner as set out above.

As security for the settlement of the Final Settlement Sum, a first fixed charge of 101 retail units of the retail mall (the "Collateral Units") is created over the Collateral Units in favour of APSB ("the Debenture").

In the event that first tranche of the Final Settlement Sum is unpaid and remains unpaid on the due date of second tranche of the Final Settlement Sum, APSB shall not be entitled to enforce the security created under the Debenture during such period, provided that CCP shall be liable to pay the interest of 5% arising from such late payment and no other event of default has occurred.

Subject to the paragraph above, if CCP defaults in its payment of any tranche of the Final Settlement Sum as set out above, APSB shall be entitled to treat the entire outstanding Final Settlement Sum to become immediately payable by CCP and in such event, APSB shall give a notice of remedy to CCP to require CCP to settle the entire outstanding Final Settlement Sum within 2 months from its receipt of the said notice of remedy from APSB ("Remedy Period") or such extended period of not more than 1 month from the expiry of the Remedy Period as may be granted by APSB at its absolute discretion.

If CCP fails to remedy the default within the stipulated period, APSB shall then be entitled to enforce the security created under the Debenture and proceed to sell the remaining Collateral Units which are not already released from the Debenture and use the said sale proceeds to settle the entire outstanding Final Settlement Sum together with any interest thereon and all other sums due and payable by CCP to APSB under the Final Settlement Agreement and the Debenture. Thereafter, the entire outstanding Final Settlement Sum is deemed fully settled and APSB shall return the balance sale proceeds (if any) to CCP.

In accordance with the terms and conditions of the Final Settlement Agreement, the agreement will become unconditional and effective when the following conditions precedent are fulfilled and satisfied:

- the Group to obtain the sanction of the Malaysia High Court of the Final Settlement Agreement and to grant approval to allow the Group to create a first fixed charge over the collateralised units (as defined in the Final Settlement Agreement) in favour of APSB, to secure the settlement of the Final Settlement Sum and to obtain any other approvals which may be required by the Group to perform the Final Settlement Agreement for which the Group shall be caused to comply therein to satisfy the fulfilment of this condition precedent; and
- APSB to obtain and procure shareholders' approval of its ultimate holding company in an extraordinary general meeting to authorise APSB to enter into the Final Settlement Agreement with the Group.

The above conditions precedent have been fulfilled on 6 September 2021 and 3 November 2021 ("Unconditional Date") respectively.

As at the date of issuance of these financial statements, the first tranche of RM5 million has not been paid by the Group in accordance with the payment terms as stated above. Accordingly, APSB is entitled to impose on the Group interest at the rate of 5% per annum on the first tranche of RM5 million calculated on a daily basis commencing from the date after the due date of the first tranche.

As at 30 June 2021, the carrying amount of the Group's inventory properties, which have been pledged as security for the Debenture is approximately RM41 million

NOTES TO THE FINANCIAL STATEMENTS

9 INVENTORY PROPERTIES (CONT'D)

Particulars of the inventory properties as at 30 June 2021 are as follows:

Location	Tenure	Land area (square feet)	Gross floor area (square feet)	Expected completion date
Tampoi, Johor Bahru (Malaysia)	Freehold	439,727	Retail mall: 683,271 (Included Non-Current Assets Held for Sale)	Completed
			Serviced suites: 347,202	Temporarily suspended
			Serviced apartments: Between 172,954 and 223,427	Temporarily suspended

The serviced suites under construction and the serviced apartments under construction have been suspended.

The management planned to continue the construction via entering into a joint venture agreement with a potential investor or obtain financing from a financier. Up to the date of this report, none of these arrangements are finalised. Therefore, there is a material uncertainty on the outcome. Due to these uncertain circumstances, the management decided to fully write-down the inventory properties that are under construction amounting to RM190,603,000 (2020: Nil).

The Group was granted the right to extract the quarry for a term of 33 years up to 26 January 2044. As at 30 June 2021, the remaining useful life of the right is 23 years (2020: 24 years).

Impairment testing of mining rights and mining infrastructure

During the previous financial year ended 30 June 2020, an impairment loss amounting to RM24,384,000 was recognised to write-down the carrying amount of mining rights and property, plant and equipment (Mining infrastructure) amounting to RM20,586,000 and RM3,798,000 respectively.

The recoverable amount of mining rights and mining infrastructure under the mining CGU is determined based on value-in-use calculations using cash flow projection from the revenue forecast approved by management, covering periods up to the contract period ending in 2031 (2020: periods up to the contract period ending in 2031). The pre-tax discount rate applied to the cash flow projections is 13.5% (2020: 13.5%).

- (a) HKD loan is denominated in Hong Kong Dollar and is secured by a pledge of shares from the Company's controlling shareholders and a corporate guarantee by the Company.
- (b) On 3 October 2019, the Company entered into a convertible loan agreement ("Convertible Loan Agreement") with external parties (the "Lenders") by which the Lenders agreed to grant an interest-bearing convertible loan of an aggregate principal amount of S\$5,500,000 (equivalent to RM16,980,000) (2019: S\$5,500,000 (equivalent to RM16,909,000)) to the Company.

The convertible loan was convertible by the lender from time to time into the Company's ordinary shares ("Conversion Shares") at a conversion price of S\$ \$0.01517 (equivalent to RM0.04683) (2019: S\$0.01517 (equivalent to RM0.04663)) specified in the Convertible Loan Agreement. The conversion option was valid until the date immediately before the date falling 12 months from the disbursement date of the convertible loan ("Maturity Date").

The convertible loan bears a fixed interest rate of 15% per annum and the accrued interest shall be payable in cash by the Company half-yearly in arrears. Each interest period shall be six months ("Interest Period"). In the event that the Company fails to repay any amount payable by its due date, interest shall accrue on the overdue amount from the due date up to the actual date of payment at a fixed interest rate of 17% per annum. Any interest accruing for the overdue amount shall be immediately payable by the Company on demand by the Lenders. Default interest payable arising on an overdue amount will be compounded with the overdue amount at the end of each Interest Period applicable to that overdue amount but will remain immediately due and payable. The Company was to repay the outstanding principal amount of the convertible loan in full, together with any unpaid interest accrued, on or before the Maturity Date.

- (c) Pursuant to the terms of the Convertible Loan Agreement, the Company shall raise funds of an aggregate amount equal to S\$15,000,000 (equivalent to RM46,309,500) (2019: S\$15,000,000 (equivalent to RM46,116,000)) ("Relevant Amount") or more and the Company shall use its best endeavours to repay the outstanding principal sum of the convertible loan in full (together with all accrued and unpaid interest) within 2 calendar months from the date the aggregate funds raised reaches or exceeds the Relevant Amount.

NOTES TO THE FINANCIAL STATEMENTS

28. FAIR VALUE OF FINANCIAL INSTRUMENTS

(a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 - Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 - Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

(b) Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The carrying amount of the current financial assets and financial liabilities are reasonable approximations of fair values due to the insignificant impact of discounting.

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk and liquidity risk. The management reviews and agrees policies and procedures for the management of these risks, which are executed by the management. It is, and has been, throughout the current and previous financial years, the Group does not undertake any trading of derivative financial instruments.

The following sections provide details regarding the Group's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables (including amount due from subsidiaries). For other financial assets (Cash on hand and at banks), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 60 days when they fall due, which are derived based on the Group's historical information.

NOTES TO THE FINANCIAL STATEMENTS

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(a) Credit risk (cont'd)

The Group considers “low risk” to be an investment grade credit rating with at least one major rating agency for those investments with credit rating. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forwarding-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower’s ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increases in credit risk on other financial instruments of the same borrower
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 30 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the borrower
- A breach of contract, such as a default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation
- There is a disappearance of an active market for that financial asset because of financial difficulty

Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the company continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from expected credit losses for each class of financial assets.

NOTES TO THE FINANCIAL STATEMENTS

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(a) Credit risk (cont'd)

Credit risk grading guideline

Management has established the Group's internal credit risk grading to the different exposures according to their degree of default risk. The internal credit risk grading which are used to report the Group's credit risk exposure to key management personnel for credit risk management purposes are as follows:

Internal rating grades	Definition	Basis of recognition of expected credit loss
i. Performing	The counterparty has a low risk of default and does not have any past-due amounts.	12-month expected credit loss
ii. Under-performing	There has been a significant increase in credit risk since initial recognition (i.e. contractual payments are more than 30 days past due).	Lifetime expected credit loss (not credit impaired)
iii. Non-performing	There is evidence indicating that the asset is credit-impaired (i.e. contractual payments are more than 365 days past due).	Lifetime expected credit loss (credit impaired)
iv. Write-off	There is evidence indicating that there is no reasonable expectation of recovery as the debtor is in severe financial difficulty.	Asset is written off

Trade receivables

The Group provides for lifetime expected credit losses for all trade receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due by grouping of customers based on geographical region. The loss allowance provision as at 30 June 2021 is determined as follows, the expected credit losses below also incorporate forward looking information such as forecast of economic conditions where the gross domestic product will deteriorate over the next year, leading to an increased number of defaults.

Summarised below is the information about the credit risk exposure on the Group's trade receivables using provision matrix, grouped by geographical region:

Malaysia:

	Trade receivables				Total RM'000

Other receivables

The Group's credit risk exposure in relation to other receivables, deposits and prepayments under IFRS 9 as at 30 June 2021 are set out in the credit risk rating grades as follows:

	Internal credit rating	Expected credit loss	Gross carrying amount RM'000	Loss allowance RM'000	Net carrying amount RM'000
Group - 2021					
Other receivables, deposits and prepayments	Non-performing	Lifetime ECL	15,979	(14,028)	1,951
Group - 2020					
Other receivables, deposits and prepayments	Non-performing	Lifetime ECL	16,138	(14,028)	2,110

The Group assessed the latest performance and financial position of the debtors, adjusted for the future outlook of the industry in which the debtors operate in, and concluded that there is significant difficulty of certain debtors. Accordingly, the Group measured the impairment loss allowance using lifetime ECL (credit-impaired) and determined that the ECL on the other receivables, deposits and prepayments is significant.

NOTES TO THE FINANCIAL STATEMENTS

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(a) Credit risk (cont'd)

Other receivables (cont'd)

The Company's credit risk exposure in relation to other receivables, deposits and prepayments and amount due from subsidiaries under IFRS 9 as at 30 June 2021 are set out in the credit risk rating grades as follows:

	Internal credit rating	Expected credit loss	Gross carrying amount RM'000	Loss allowance RM'000	Net carrying amount RM'000
Company - 2021					
Other receivables, deposits and prepayments	Performing	12-month ECL	319	-	319

Company - 2020					
Other receivables, deposits and prepayments	Performing	12-month ECL	325	-	325
Amount due from subsidiaries	Under-performing	Lifetime ECL	113,215	(32,723)	80,492

Other receivables, deposits and prepayments

The Company assessed the latest performance and financial position of the debtors, adjusted for the future outlook of the industry in which the debtors operate in, and concluded that there has been no significant increase in the credit risk since the initial recognition of the financial assets. Accordingly, the Company measured the impairment loss allowance using a 12-month ECL and determined that the ECL is insignificant.

Amount due from subsidiaries

In determining the ECL, management has taken into account the historical default experience and the financial positions of the subsidiaries, adjusted for factors that are specific to the subsidiaries and general economic conditions of the industry in which the subsidiaries operate, in estimating the probability of default of each of these financial assets occurring within their respective loss assessment time horizon, as well as the loss upon default in each case.

There has been no change in the estimation techniques or significant assumptions made during the current reporting period in assessing the loss allowance for amount due from subsidiaries. The above assessment is after taking into account the latest financial positions of the subsidiaries.

Information regarding loss allowance movement of other receivables, deposits and prepayments and amount due from subsidiaries is disclosed in Note 12 and Note 13 respectively.

NOTES TO THE FINANCIAL STATEMENTS

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(a) Credit risk (cont'd)

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Group's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country profile of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the end of the reporting year were as follows:

	Group			
	2021		2020	
	RM'000	% of total	RM'000	% of total
By country:				
- Malaysia	4,846	100%	7,144	100%

(b) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from the mismatches of the maturities of financial assets and liabilities.

Further details of the Group's and the Company's management of the financial obligations are disclosed in Note 32 and Note 33.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and Company's financial assets and liabilities at the end of the reporting year based on contractual undiscounted repayment obligations.

30. SEGMENT INFORMATION

Business segments

The segment reporting format is determined to be business segments as the Group's risks and rates of return are affected predominantly by differences in the products and services offered. The operating segments are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Group is organised into three main operating business segments, namely:

(a) Property development business

An innovative property developer that focuses on working with land owners to minimise initial capital outlay. The Group undertakes the conception, design and implementation of integrated property projects.

(b) Mining business

The Group is also engaged in the production and sale of premium quality marble blocks and slabs, aggregates and calcium carbonate powder from its quarry in Kelantan, Malaysia.

(c) Others

It relates to group level corporate services, treasury function and provision for theme park activities in the retail mall.

Allocation basis and transfer pricing

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Transfer prices between operating segments are on terms agreed in a manner similar to transactions with third parties at the then prevailing market prices. Segment revenue, expenses and results include transfers between business segments. These transfers are eliminated on consolidation.

31. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

No changes were made in the objectives, policies or processes during the years ended 30 June 2021 and 2020.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, trade payables and other payables and accruals less cash and bank balances. Capital refers to equity attributable to the equity holders of the Group.

The Group and the Company are not subject to any externally imposed capital requirements for the financial years ended 30 June 2021 and 2020.

NOTES TO THE FINANCIAL STATEMENTS

32. DEBT SETTLEMENT PROPOSAL

On 14 February 2020, the Company's subsidiary, CCP filed an application in the High Court of Malaya, Kuala Lumpur, Malaysia (the "Malaysia High Court") for an order to place itself under judicial management.

Pursuant to an order of the Judicial Commissioner of the Malaysia High Court dated 13 March 2020 ("JM Order"), CCP was placed under judicial management and a judicial manager ("Judicial Manager") was appointed to manage the affairs, business and property of CCP during the period of the JM Order.

On 25 September 2020, the Judicial Manager circulated the Statement of Proposal (the "SOP") to CCP's creditors in connection with the Debt Settlement Proposal under Section 420 of the Malaysia Companies Act 2016 ("Debt Settlement Proposal").

CCP shall settle the outstanding amounts/debt due to its creditors by cash, issuance of the Company's shares or by way of contra of the Group's retail units of the retail mall at the agreed transaction value of RM1,000 per square foot. The settlement of the outstanding amounts/debt due to its creditors by cash includes an amount due to the Inland Revenue Board of Malaysia.

On 9 October 2020, a CCP's creditors' meeting was convened with more than 75% in value of creditors present and voting in person or by proxy supporting the Judicial Manager's SOP.

On 16 October 2020, the Judicial Manager filed the result of the CCP's creditors' meeting with the Malaysia High Court, which is the effective date of the SOP.

As at the date of issuance of these financial statements, CCP has commenced and is in the process of completing all of the following, pursuant to the SOP:

- (a) cash payment to certain class of creditors (excluding the Inland Revenue Board of Malaysia);
- (b) set-off the Group's retail units of the retail mall at the agreed transaction value of RM1,000 per square foot against the outstanding amounts/debt due to certain class of creditors; and
- (c) issuance of the Scheme Shares as disclosed in Note 33.

As at the date of issuance of these financial statements, the Inland Revenue Board of Malaysia has assessed CCP's outstanding tax payable to be approximately RM70 million. CCP has made an application to the Inland Revenue Board of Malaysia to make monthly instalments of RM15,000 over a period of 6 months commencing from May 2022 to October 2022 and thereafter, CCP will apply for further instalments over another 6 months commencing from November 2022 to April 2023 on the same terms. CCP will continue to apply for further instalments on a half yearly basis until the outstanding tax payable of approximately RM70 million has been fully repaid. The application will be subjected to the approval from the Inland Revenue Board of Malaysia.

NOTES TO THE FINANCIAL STATEMENTS

33. SCHEME OF ARRANGEMENT

On 13 February 2020, the Company filed to apply to the High Court of the Republic of Singapore (the "Court") to propose a Scheme of Arrangement for the purposes of implementing and facilitating the restructuring of its debt obligations and liabilities.

On 17 February 2020, the Company made an application to the Court for a moratorium pursuant to Section 211B(1) of the Singapore Companies Act, Chapter 50 (the "Act"), to commence the process of re-organising the liabilities of the Company and one of its subsidiaries, namely, CCP (the "Application").

On 15 July 2020, the Company proposed to enter into a "pre-packaged" Scheme of Arrangement (the "Scheme of Arrangement") with its creditors ("Scheme Parties") pursuant to Section 211I of the Act. The Scheme of Arrangement comprises principally the following elements:

- (a) the Company shall allot and issue the new shares of the Company ("Scheme Shares") for 100 cents to the dollar for each of the approved claims of the Scheme Parties to extinguish all the Company's debts and liabilities through the issuance of Scheme Shares, such that no outstanding debts remain due to the Scheme Parties upon completion of the Scheme of Arrangement; and
- (b) the Company shall allot and issue Scheme Shares to its subsidiary, CCP, in order for CCP to restructure its debts and liabilities by allotting and issuing Scheme Shares for 100 cents to the dollar of adjudicated claims by CCP such that no adjudicated claims by CCP remain due from CCP to its creditors after the terms of the Scheme of Arrangement have been executed.

On 12 August 2020, the Company filed an originating summons to obtain the Court's approval for the Scheme of Arrangement ("Sanction Application").

On 24 June 2021, the Court had sanctioned the Sanction Application and the order of the Court was lodged with the Accounting and Corporate Regulatory Authority of Singapore (ACRA) on 9 July 2021 ("Scheme Effective Date").

On 12 November 2021, the Company's shareholders passed the following resolutions at the extraordinary general meeting:

- (i) the proposed allotment, issuance and distribution of the Scheme Shares at the issue price of S\$0.005 per share ("Issue Price") to the Scheme Parties (including CCP's creditors); and
- (ii) the proposed allotment, issuance and distribution of a total number of 496,975,896 new ordinary shares in the capital of the Company ("Additional New Shares") at the Issue Price to the Company's ex-employees, directors and an advisor (who is also a shareholder of the Company), and the manager of the Scheme ("Scheme Manager").

On 18 November 2021, the Company received the approval-in-principle from SGX-ST for the listing and quotation of the Scheme Shares and the Additional New Shares subject to the Company's compliance with the SGX-ST's listing requirements.

On 30 December 2021, the Scheme Manager filed an application to the Court under Section 264(4)(c) of the Insolvency, Restructuring and Dissolution Act 2018 (No. 40 of 2018), for an order that the time for the Company to issue the Scheme Shares be extended for a period of 4 months, for the convening of an extraordinary general meeting to facilitate the issuance of the Scheme Shares under the Cayman Islands' law by restructuring the par value of the existing unissued authorised share capital of the Company from S\$0.04 to S\$0.001 by creating the relevant number of shares at par value of S\$0.001 ("Sub-division"), as well as the issuance of the Scheme Shares.

NOTES TO THE FINANCIAL STATEMENTS

33. SCHEME OF ARRANGEMENT (CONT'D)

On 13 January 2022, the Court granted the Company a 4-month extension of time to issue the Scheme Shares to 18 April 2022.

On 13 April 2022, the shareholders of the Company approved the Sub-division.

On 14 April 2022, the Company allotted and issued 11,939,595,565 Scheme Shares and 496,975,896 Additional New Shares at the Issue Price.

On 18 April 2022, the Scheme Share and the Additional New Shares were distributed to the Scheme Parties and recipients of the Additional New Shares.

On 19 April 2022, the Scheme Shares and the Additional New Shares were listed and quoted on the Catalist Board of the SGX-ST. On the same day, pursuant to the terms of the Scheme document dated 15 July 2020 ("Scheme Document"), the Company submitted the details of the Scheme Shares issued and distributed to the list of Scheme Parties to the Scheme Manager.

Pursuant to the above, the Scheme of Arrangement has been completed and terminated with effect from 26 April 2022.

34. CONTINGENT LIABILITIES

As at the date of issuance of these financial statements:

- (a) The Group has received a number of legal claims of approximately RM59 million from several third parties, of which approximately RM54.4 million are extinguished through the Debt Settlement Proposal and the Scheme of Arrangement as disclosed in Note 32 and Note 33 respectively. Management is of the view that it is not probable that an outflow of resources embodying economic benefits will be required to settle the remaining claims of RM4.6 million. Accordingly, no provision for any liability has been made in these financial statements.
- (b) Included in (a) above is a third party who has filed a claim against the Company of approximately RM0.1 million in relation to the refund of the sales price for a retail unit of the retail mall. The third party's lawyer has requested for another date for the case management date for the Company to get further direction from the third party after the Company has informed that the Scheme Shares have been issued to the third party, and such date has been fixed on 26 May 2022.
- (c) Included in (a) above is a group of purchasers of the Group's retail units of the retail mall ("Plaintiff") who has filed a claim to CCRM Management Sdn. Bhd. as lessee and CCP as developer (collectively, the "Defendants"). Following the evidence given by the Plaintiff and the Defendant in the trials conducted in March 2022, the Court has fixed the date on 16 June 2022 to give direction when to prepare and submit the Notes of Proceeding. Management is of the view that it is not probable that an outflow of resources embodying economic benefits will be required to settle the claim. Accordingly, no provision for any liability has made in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

35. IMPACT OF COVID-19

In March 2021, the World Health Organisation had declared COVID-19 outbreak a pandemic. The spread of COVID-19 has created a high level of uncertainty to the near-term global economic prospect and caused disruptions to various businesses.

Malaysia implemented a series of measures and policies such as different-level Movement Control Order (MCO), border closures and local inter-state travel restrictions, which significantly disrupted the business activities of the Group.

The COVID-19 pandemic has significantly impacted the Group's operations and its financial performance for the current financial year ended 30 June 2021 and subsequent to the financial year end. Management is closely monitoring the Group's businesses and has taken certain measures to deal with the impact including managing the Group's liquidity and/or conserving cash flow.

36. SUBSEQUENT EVENT

Subsequent to financial year ended 30 June 2021, the Company entered into a Sale and Purchase agreement to disposed of Terratech Resources Pte. Ltd. and its subsidiary company, CEP Resources Entity Sdn Bhd for a consideration of RM4.8 million.

- (a) (i) allot and issue shares in the capital of the Company (“Shares”) whether by way of rights, bonus or otherwise; and/or;
- (ii) make or grant offers, agreements or options (collectively “Instruments”) that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures, convertible securities or other instruments convertible into Shares;

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors shall in their absolute discretion deem fit, and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

NOTICE OF ANNUAL GENERAL MEETING

provided always that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed one hundred per cent. (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), provided that the aggregate number of Shares to be issued other than on a *pro rata* basis to shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed fifty per cent. (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company;
- (2) (subject to such manner of calculation as may be prescribed by the Catalist Rules), for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the percentage of total issued Shares shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time of passing of this Resolution, after adjusting for:
 - (a) new Shares arising from the conversion or exercise of any convertible securities outstanding at the time this authority is given;
 - (b) (where applicable) new Shares arising from exercising share options or vesting of share awards outstanding or subsisting at the time of passing of this Resolution, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;

Adjustments in accordance with sub-paragraphs (2)(a) or (2)(b) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of the resolution approving the mandate.

- (3) in exercising the authority conferred by this Resolution, the Directors shall comply with the Catalist Rules for the time being in force (unless such compliance has been waived by the SGXST), all applicable legal requirements under the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands (the "**Cayman Companies Law**"), and otherwise, and the Articles of Association for the time being of the Company; and
- (4) (unless revoked or varied by the Company in general meeting), the authority conferred by this Resolution shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.

Detailed information of Ms Tan Ler Choo can be found under the "Board of Directors" and "Corporate Governance Report" sections in the Company's Annual Report.
2. The Ordinary Resolution 7 proposed in item 8 above, if passed, will empower the Directors of the Company, from the date of the forthcoming AGM of the Company until the next AGM of the Company, to allot and issue Shares and convertible securities in the Company, without seeking any further approval from Shareholders in a general meeting but within the limitation imposed by Ordinary Resolution 7, for such purposes as the Directors may consider would be in the best interests of the Company. The number of Shares and convertible securities that the Directors may allot and issue under Ordinary Resolution 7 would not exceed one hundred per cent. (100%) of the total number of issued Shares in the capital of the Company (excluding treasury shares and subsidiary holdings) at the time of the passing of Ordinary Resolution 7. For issue of Shares and convertible securities other than on a *pro rata* basis to all shareholders, the aggregate number of Shares and convertible securities to be issued shall not exceed fifty per cent. (50%) of the total number of issued Shares in the capital of the Company (excluding treasury shares and subsidiary holdings) at the time of the passing of Ordinary Resolution 7.

IMPORTANT NOTICE FOR SHAREHOLDERS:

The Company's AGM is being convened, and will be held, by way of electronic means pursuant to the Joint Statement by Accounting and Corporate Regulatory Authority, Monetary Authority of Singapore and Singapore Exchange Regulation titled "Additional Guidance on the Conduct of General Meetings During Elevated Safe Distancing Period".

Copies of the documents and information relating to the AGM (including the Annual Report FY2021, Notice of AGM and Proxy Form) have been made available on SGXNET and may be accessed at the URL <https://www.sgx.com/securities/company-announcements>.

A printed copy of this Notice of AGM, Proxy Form and Annual Report FY2021 will **NOT** be despatched to shareholders.

Shareholders should take note of the following arrangements for the AGM:

(a) Participation in the AGM via Live Webcast

The AGM will be conducted only by way of electronic means, and shareholders will **not** be able to attend the AGM in person. Shareholders will also **not** be able to vote online on the resolutions to be tabled for approval at the AGM. Shareholders may instead participate in the AGM by:-

- (i) Observing and/or listening to the proceedings of the AGM through a "live" audio-visual webcast and "live" audio-only feed;
- (ii) Submitting questions in relation to any agenda item in this notice of AGM in advance of the AGM; and/or
- (iii) Appointing the chairman of the AGM ("**Chairman**") as proxy to vote on their behalf in accordance with their vote instructions.

Details of the steps for pre-registration, pre-submission of questions and voting at the AGM are set out in items (b) to (e) below.

NOTICE OF ANNUAL GENERAL MEETING

(b) Pre-registration for AGM

Shareholders, including investors who hold shares through the Central Provident Fund (“CPF”) and/or Supplementary Retirement Scheme (“SRS”), who wish to follow the proceedings of the AGM must pre-register online at <https://rebrand.ly/Capital-World-Limited-2021-AGM> not later than **26 May 2022, 11.00 a.m.** (“Pre-Registration Deadline”) for verification purposes. Following successful verification, an email with instructions on how to join the live webcast or audio feed of the AGM proceedings will be sent to the registered shareholders via email by 28 May 2022, 2.00 p.m.. Shareholders must not forward the email instruction to other persons who are not shareholders and who are not entitled to attend the AGM proceedings. This is also to avoid any technical disruptions or overload to the AGM proceedings.

Investors holding shares through relevant intermediaries (as defined in Section 181 of the Companies Act 1967 of Singapore) (“Investors”) (other than CPF/SRS investors) will not be able to pre-register for the live webcast of the AGM. An Investor who wishes to participate in the live webcast of the AGM should approach his/her relevant intermediary as soon as possible in order to make the necessary arrangements. The relevant intermediary is required to submit a consolidated list of participants (setting out in respect of each participant, his/her name, email address and NRIC/Passport number), via email to the Company’s Singapore Share Transfer Agent, Boardroom Corporate & Advisory Services Pte. Ltd. at srs.teamd@boardroomlimited.com not later than **26 May 2022, 11.00 a.m.**

Shareholders and Investors who have registered by the Pre-Registration Deadline but did not receive the aforementioned email by 28 May 2022, 2.00 p.m. should contact the Company’s Singapore Share Transfer Agent, Boardroom Corporate & Advisory Services Pte. Ltd. by email to srs.teamd@boardroomlimited.com.

(c) Submission of Questions

Shareholders and Investors will not be able to ask questions during the AGM proceedings.

Shareholders and Investors who have questions in relation to any agenda item in this notice of AGM can submit their questions to the Company in advance, by **20 May 2022**, through any of the following means:

- (i) by email to srs.teamd@boardroomlimited.com; or
- (ii) by post, to be deposited with Boardroom Corporate & Advisory Services Pte. Ltd. at 1 Harbourfront Avenue, Keppel Bay Tower #14-07, Singapore 098632.

Shareholders and/or Investors must identify themselves when posting questions through email or mail by providing the following details:

- (i) Full Name;
- (ii) Contact Telephone Number;
- (iii) Email Address; and
- (iv) The manner in which you hold shares (if you hold shares directly, please provide your CDP account number; otherwise, please state if you hold your shares through CPF or SRS, or are a relevant intermediary shareholder).

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult to submit questions by post, members are strongly encouraged to submit their questions via the pre-registration website or by email. The Company will respond to all substantial and relevant questions not later than 25 May 2022, (via an announcement on SGXNET at the URL <https://www.sgx.com/securities/company-announcements>).

(d) Voting at the AGM by appointing Chairman as Proxy (Submit a Proxy Form)

For Investors who hold shares through relevant intermediaries please refer to item (e) for the procedures to vote at the AGM.

Shareholders will only be able to vote at the AGM by appointing the Chairman as proxy to vote on their behalf. Duly completed Proxy Forms must be submitted through any of the following means not later than **28 May 2022, 11.00 a.m.** (being not later than forty-eight (48) hours before the time appointed for holding the AGM):

- (iii) by email to srs.teamd@boardroomlimited.com; or
- (iv) by post, to be deposited with the Company’s Singapore Share Transfer Agent, Boardroom Corporate & Advisory Services Pte. Ltd. at 1 Harbourfront Avenue, Keppel Bay Tower #14-07, Singapore 098632

The Proxy Form has been made available on SGXNET and may be accessed at the URL <https://www.sgx.com/securities/company-announcements>.

In appointing the Chairman of the Meeting as proxy, the Shareholder (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the Proxy Form, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

Please refer to the detailed instructions set out in the Proxy Form.

NOTICE OF ANNUAL GENERAL MEETING

(e) Voting at the AGM by Relevant Intermediary Investors and CPF/SRS Investors

Relevant Intermediary Investors (including CPF/SRS investors) who wish to appoint the Chairman as their proxy to vote at the AGM should not make use of the Proxy Form and should instead approach their respective relevant intermediaries as soon as possible to specify voting instructions. CPF/SRS investors who wish to vote should approach their respective CPF agent banks or SRS approved banks or depository agents to submit their votes by **18 May 2022, 11.00 a.m.**, being at least seven (7) working days before the AGM, in order to allow sufficient time for their respective relevant intermediaries to in turn submit a Proxy Form to appoint the Chairman to vote on their behalf not later than **28 May 2022, 11.00 a.m.**

Important Reminder

Due to the constantly evolving COVID-19 situation, the Company may be required to change its AGM arrangements at short notice. Shareholders and Investors are advised to regularly check the Company's website or announcements released on SGXNET for updates on the AGM.

Personal Data Privacy

"Personal data" in this notice of AGM has the same meaning as "personal data" in the Personal Data Protection Act 2012, which includes your name, address and NRIC/Passport number. By submitting (a) an application to pre-register for participation in the AGM via the Webcast; (b) questions relating to the resolutions to be tabled for approval at the AGM; and/or (c) an instrument appointing Chairman of the meeting as proxy to vote at the AGM and/or any adjournment thereof, a member of the Company hereby consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers including any organisations the Company has engaged to perform any function related to the AGM) for the purposes of, (i) verifying the member's information and processing of the member's application to pre-register to participate in the AGM via the Webcast and providing the member with any technical assistance where possible; (ii) addressing any selected questions submitted by the member and following up with the member where necessary, and responding to, handling, and processing queries and requests from the member; (iii) the processing and administration by the Company (or its agents or service providers including any organisations the Company has engaged to perform any function related to the AGM) of proxy forms appointing Chairman of the meeting for the AGM (including any adjournment thereof); and (iv) the preparation, compilation and disclosure (as application) of the attendance lists, minutes, questions from members and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers including any organisations the Company has engaged to perform any function related to the AGM) to comply with any applicable laws, listing rules, regulations and/or guidelines.

(Incorporated in the Cayman Islands on 15 March 2013)

ANNUAL GENERAL MEETING - SHAREHOLDER PROXY FORM

IMPORTANT:

1. The Annual General Meeting ("AGM" or the "Meeting") is being convened, and will be held, by electronic means pursuant to the Joint Statement by Accounting and Corporate Regulatory Authority, Monetary Authority of Singapore and Singapore Exchange Regulation titled "Additional Guidance on the Conduct of General Meetings During Elevated Safe Distancing Period". Alternative arrangements relating to, among others, attendance, submission of questions in advance and/or voting by proxy at the AGM are set out in the Notice of AGM dated 13 May 2022 which has been uploaded on SGXNET on the same day.
2. A shareholder WILL NOT be able to attend the AGM in person. If a shareholder (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the Meeting as his/her/its proxy to vote on his/her/its behalf at the AGM. In appointing the Chairman of the Meeting as proxy, a shareholder (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.
3. For CPF, or SRS investors who wish to appoint the Chairman of the Meeting as their proxy, they should approach their CPF and/or SRS Approved Nominees to submit their votes at least seven (7) working days before the AGM. This Proxy Form is not valid for use by CPF, or SRS investors and shall be ineffective for all intents and purposes if used or purported to be used by them.
4. By submitting this proxy form appointing the Chairman of the Meeting as proxy, the shareholder accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 13 May 2022.
5. Please read the notes overleaf which contain instructions on, *inter alia*, the appointment of the Chairman of the Meeting as a shareholder's proxy to vote on his/her/ its behalf at the AGM.

I/We, _____ (Name) _____ (NRIC / Passport no.)
of _____ (Address)

being a *shareholder/shareholders of **CAPITAL WORLD LIMITED** (the "**Company**"), hereby appoint the Chairman of the Meeting as *my/our *proxy/proxies to attend and to vote for *me/us on *my/our behalf at the AGM of the Company to be held by way of electronic means via live webcast on Monday, 30 May 2022 at 11.00 a.m. and at any adjournment thereof. *I/We direct the Chairman of the Meeting to vote for or against the Resolutions to be proposed at the AGM as indicated hereunder.

(Voting will be conducted by poll. If you wish the Chairman of the Meeting as your proxy to cast all your votes for or against a resolution to be proposed at the AGM, please indicate with a "√" in the space provided under "For" or "Against". If you wish the Chairman of the Meeting as your proxy to abstain from voting on a resolution to be proposed at the Meeting, please indicate with a "√" in the space provided under "Abstain". Alternatively, please indicate the number of shares that the Chairman of the Meeting as your proxy is directed to vote "For" or "Against" or to abstain from voting. In the absence of specific directions, the appointment of the Chairman of the Meeting as your proxy for that resolution will be treated as invalid.)
