## MISSION & VISION

To be the preferred supplier of quality plastic packaging materials, offering quality products and services to meet the needs of customers.

To meet customers' plastic packaging material needs with innovative products and value creation, strengthened by technology, market insights and expertise.

## *Based On*
# *SOLID FOUNDATION*

# Corporate Profile

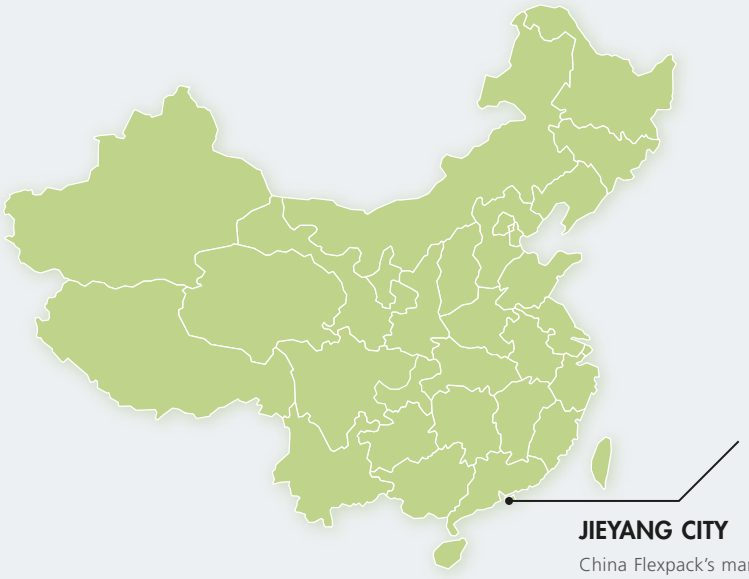

China Flexible Packaging Holdings Limited ("China Flexpack") is a leading manufacturer of Biaxially Oriented Polypropylene ("BOPP") film and synthetic paper in the People's Republic of China ("PRC").

Based in Jieyang City, Guangdong Province, China Flexpack produces a wide variety of BOPP film including high shrinkage film such as labeling film and tobacco film, and low shrinkage film such as pearlised film, matt film and plain films for printing, lamination and coating. We also produce synthetic paper, a packaging material with attributes of paper and plastic, commonly used in commercial packaging, printing, food, medical and cosmetical industries.

Our major customers are mainly from industries which require various kinds of plastic packaging materials such as food processing, tobacco and other light industries involving labeling, printing and gift wrapping.

Our current operating production line has a total production capacity of 33,750 tonnes per annum. Our production line has the capabilities to manufacture high and low Shrinkage BOPP film, synthetic paper and five-layer high barrier film ("5-layer BOPP film") – a higher value BOPP film product which has high humidity-resistance, high capability to preserve freshness and high transparency, suitable for use in the vacuum packing of meat products which will prolong shelf life.

China Flexpack was listed on the Mainboard of The Singapore Exchange Securities Trading Limited in February 2004.

**JIEYANG CITY**

China Flexpack's manufacturing facilities are located in Jieyang City, Guangdong Province (广东省), China. Our production line has the capacity to manufacture up to 33,750 tonnes of BOPP film annually.

# Chairman's Statement

*" To our valued shareholders, we present to you the annual report for the financial year ended 31 October 2016 ("FY2016")."*

## DEAR SHAREHOLDERS,

On behalf of the Board of Directors and Management, I hereby present to you our audited financial results for the financial year ended 31 October 2016 ("FY2016").

## YEAR IN REVIEW

In FY2016, the Group registered a gross loss of RMB81.9 million on the back of revenue which fell 58.3% to RMB141.3 million. During the financial year, we faced difficult challenges both in our industry as well as within our own operations.

Externally, it is now widely accepted that the days of exponential expansion in the world's second largest economy are long gone. In 2016, China's economy grew 6.7 per cent in the first three quarters, which although still decent, is its slowest growth in 25 years[1]. This is a reflection of a weakening manufacturing sector, which has been plagued by falling external and internal demand. All this has had an adverse impact on the packaging industry and our business as an upstream supplier of packaging materials. Poor business expectations and conditions in recent years had in turn impacted on consumer sentiment mainly due to concerns about job security.

[1] Source: Three Things That Weakened China's Economy In 2016 (Forbes, 13 Dec 2016). http://www.forbes.com/sites/sarahsu/2016/12/13/three-things-that-weakened-chinas-economy-in-2016/#15b922f44cef

Accordingly, we experienced further decline in demand for our main product – low shrinkage films due to the weakening of the domestic market, which resulted in keener price competition that drove down average selling prices.

Our usual product mix comprises mainly of two categories – high and low shrinkage products. In FY2016, the mix was undesirable as we were unable to secure orders for our high margin (high shrinkage BOPP) product because of poor market sentiment.

Internally, we continued to encounter production issues that led to sub-standard products because of persistent problems with our aging machinery. As in FY2015, some of our products were found to be sub-standard during our production, which meant that we had to once again sell the finished products at highly discounted prices.

In November 2015, the Group ceased the operations of one of our subsidiaries, namely Jieyang City Yuntong Plastic Packaging Co., Limited ("Yuntong"), which runs production line no. 3 and which mainly produces low cost BOPP products. Although there was an option to move the machinery to a new premise, the decision to shut down was made after careful consideration of the following factors:

i. Persistent issues with the aging machinery leading to sub-standard products; and

ii. The expiry of Yuntong's land use rights on 7 September 2016.

As such, the Group believes a stoppage of Yuntong's operations would reduce the continuous losses we have suffered. The Group is currently evaluating appropriate options for the production site, of which most items in the production line have been fully depreciated.

This means that the Group is now left with production line no. 4 located at our remaining factory site area, which houses our other operating subsidiary – Jieyang City Rui Xing ("Ruixing") Plastic Packaging Co., Limited.

Although sales in FY2016 had fallen sharply as a result of the aforementioned, the Group was able to narrow its loss attributable to shareholders of the company from RMB182.3 million to RMB125.3 million mainly because of lower cost of sales as a result of the shutdown of the less efficient production line no. 3 in September 2016 as well as an improvement in the quality of our products in the second half of FY2016. In addition, the Group had lower overall expenses during the year mainly because of the absence of a one-time impairment loss on non-current assets of RMB56.6 million, which was recognised in FY2015.

In spite of the current adverse conditions and poor performance in FY2016, the Board and management are of the view that the Group needs to maintain its manufacturing operations to maintain customer relationships as well as to safeguard our share of the market, albeit a smaller one.

## LOOKING AHEAD

There is widespread anticipation that China's economy will slow further in 2017. The recent sharp drop in the yuan, which slid to an eight-year low in November 2016 on speculation of capital outflows in the wake of Donald Trump's U.S. election victory, has furthered fuelled fears of uncertainty. The Chinese Academy of Social Sciences (CASS) has forecasted China's economic growth will shrink further to 6.5 per cent, which would be the slowest pace in more than 25 years, down from expected growth of around 6.7 percent for this year[2].

The Group is of the view that the aforementioned economic and industry factors as well as our own internal operating issues will persist and will continue affecting our business. Therefore, we expect to report an operating loss for the next reporting period and for the next 12 months. In spite of this, the Group is committed to putting in its best efforts to optimise the capacity of production line no. 4 while stepping up our sales efforts at the same time.

[2] Source: China set for slower growth, tighter policy in 2017 as government targets asset bubbles (Reuters, 19 December 2016). http://www.reuters.com/article/us-china-economy-idUSKBN14807H

However, the Group acknowledges that there exists a material uncertainty, which may cast significant doubt on the Group's ability to continue as a going concern, and hence our ability to realise our assets and discharge our liabilities in the normal course of business. Despite this, the Group is of the view that there is sufficient working capital to finance our operations the calendar year 2017 given the following considerations:

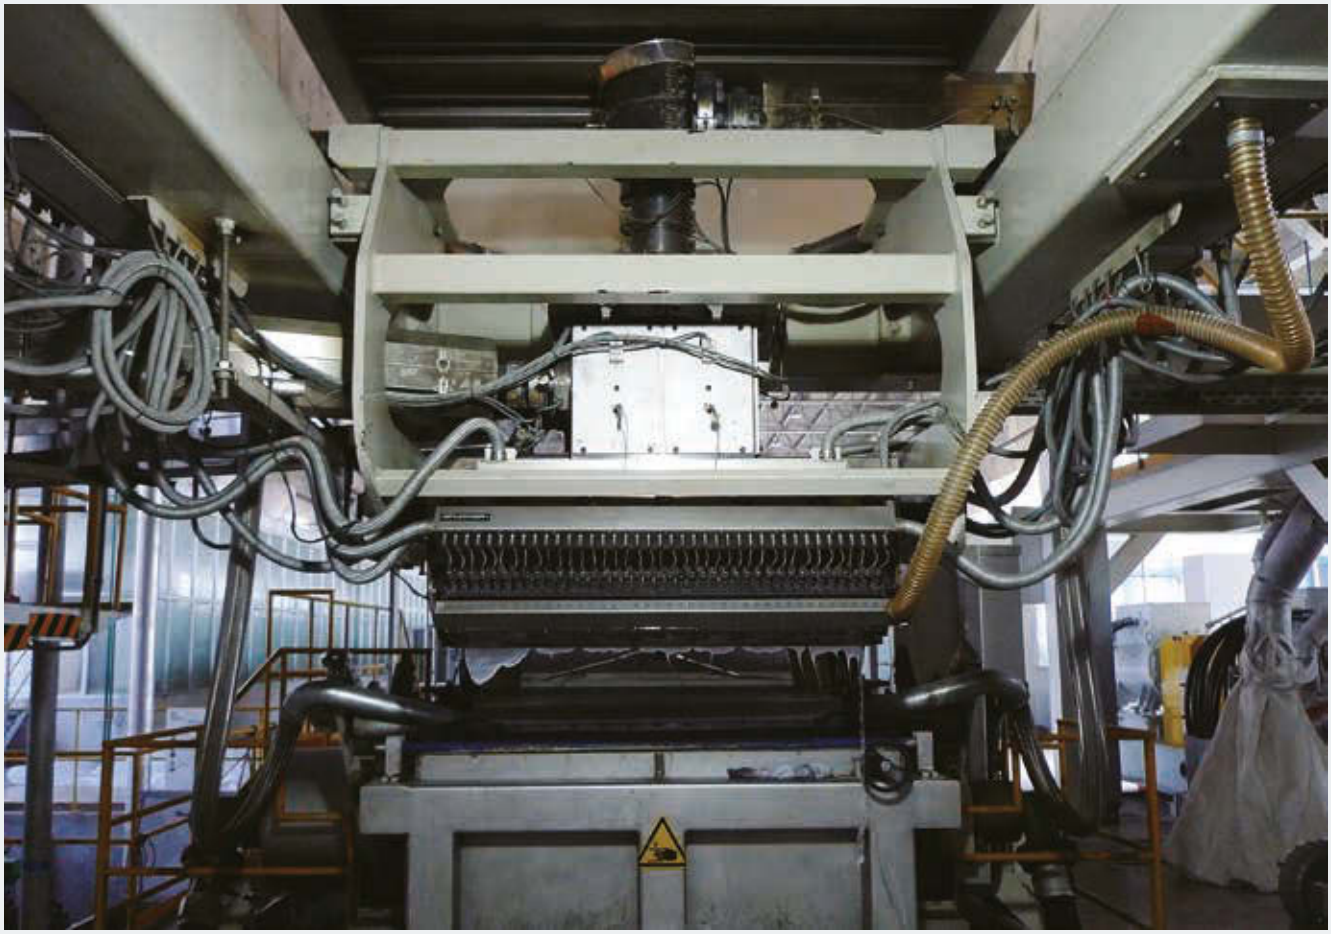

a) The Group completed the Rights cum Warrants Issue on 7 December 2016 and had raised gross proceeds of approximately S$6.1 million or RMB29.9 million. Following the issuance of over 4.3 million Warrants, the Group can also potentially raise an additional S$4.5 million or RMB22.3 million in the event that all the Warrants are exercised;

b) I, as Chairman, have undertaken not to demand for immediate repayment of the advance of RMB30.0 million for the next 12 months after year end until such time when the Group has sufficient financial resources;

c) The less effective production line no. 3 has been shut down, which will result in lower operating losses; and

d) The Group continues to implement measures to improve its liquidity condition, including external debt financing options, shortening the collection of receivables, lowering inventory levels and tightening cost controls over various selling and administrative expenses.

The Board of Directors is also actively evaluating various options in relation to how the business can be improved or transformed. We are also looking at how we can increase productivity and efficiency or even work with potential partners so as to achieve a turnaround for the business. I would like to assure shareholders that in making its

decisions, the Board will do its due diligence and act in the best interest of all shareholders.

## RIGHTS CUM WARRANTS ISSUE

The Group had raised RMB29.9 million, or S$6.1 million, from the subscription of Rights cum Warrants Issue. The intended use of the net proceeds will be 60% for the repayment of short term bank loan; 20% for general working capital and the remaining to fund general corporate activities such as new business development, acquisitions, joint ventures and strategic alliances.

## ACKNOWLEDGEMENT

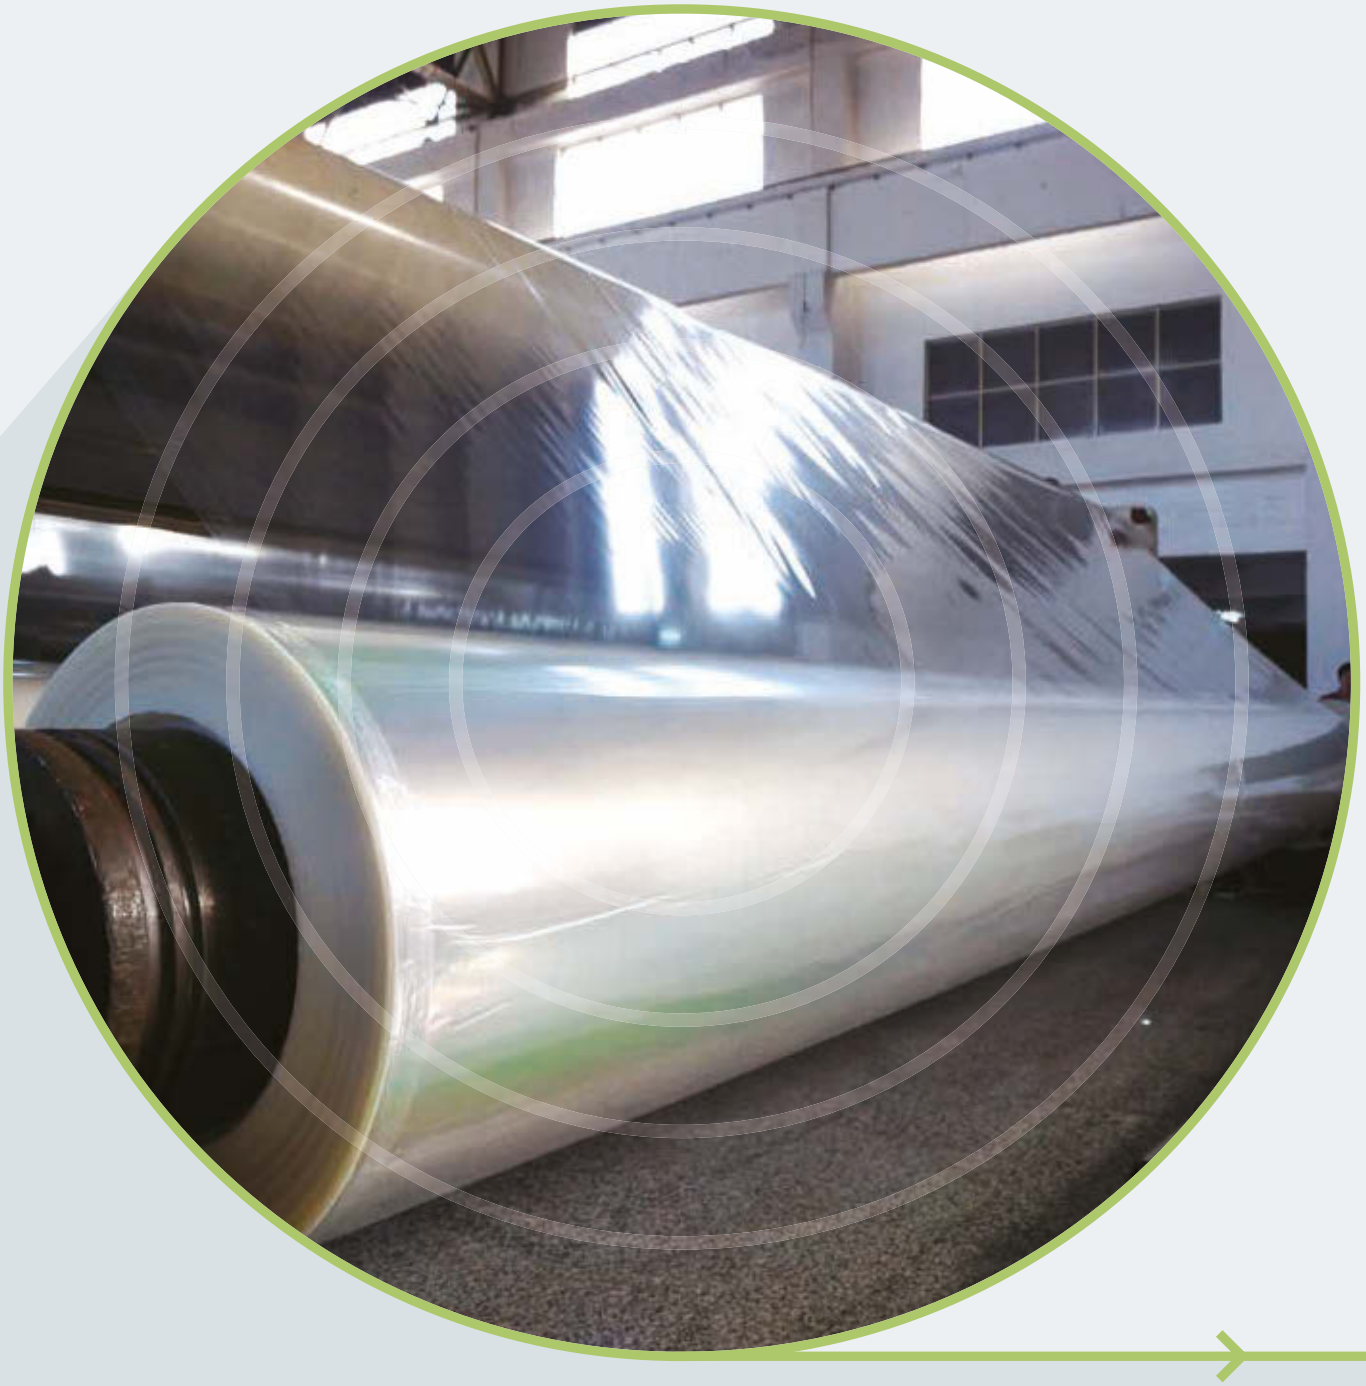

The past few years have been very tough on the Group's business. On behalf of the Board, I would like to express my sincere thanks to everyone who has stood by us, including our shareholders, customers and business associates.

I wish to thank the management and staff of China Flexible Packaging for their unwavering dedication to their responsibilities in the company. They have truly given their all under the circumstances, going after every sales lead and making the best out of our equipment situation.

Last but not least, I would also like to thank my fellow Directors on the Board for their guidance and contribution over the course of a very difficult year.

**Zeng Hanming**

## REVIEW ON GROUP'S PERFORMANCE

### THE GROUP'S CONSOLIDATED STATEMENT OF PROFIT OR LOSS AND OTHER COMPREHENSIVE INCOME

– THE GROUP'S REVENUE

The Group's revenue decreased by 58.3% or RMB197.6 million from RMB338.9 million in FY2015 to RMB141.3 million in FY2016. The decrease was mainly attributed to the significant drop in sales volume of the Group's major product low shrinkage films. It was attributed to (i) shutdown of the production line no.3 in the fourth quarter for the financial period ended 31 October 2016 ("4Q2016") resulting from the expiry of land use rights on 7 September 2016 in one of the operating subsidiaries in the People's Republic of China ("PRC"), namely Jieyang City Yuntong Plastic Packaging Co., Limited ("Yuntong"); and (ii) lower overall market demand from the weakening domestic consumer market and keener market competition.

– THE GROUP'S GROSS LOSS AND OPERATING LOSS BEFORE TAX

The cost of sales decreased from RMB448.4 million in FY2015 to RMB223.2 million in FY2016, representing a decrease of 50.2% or RMB225.2 million. It was due to the (i) decrease in production volume affected by the drop in sales quantity, production disruptions and shutdown of production line no.3 in FY2016; (ii) lower raw material consumption contributed by lower production rejection rate, and; (iii) lower direct material cost as well as production overheads including utilities expenses, direct labour costs, fuel and other production costs in FY2016.

The Group recorded a gross loss of RMB81.9 million in FY2016. The gross loss was mainly attributable to (i) the unfavourable product mix where only low margin products accounted for our total sales; (ii) presence of sub-standard products issue mainly in low margin segment which further affected the margins, and; (iii) higher fixed overheads absorption due to the significant drop in production volume. However, the gross loss decreased by 25.3% or RMB27.7 million from RMB109.6 million in 4Q2015 to RMB81.9 million in FY2016. It was attributed to the shutdown of the less efficient production line no.3 in 4Q2016 and an improvement in overall sub-standard production rate.

Under the current adverse market conditions even as the Group suffers a gross loss with the sale of its products, management believes that the Group needs to maintain its manufacturing operations to meet market demand and to maintain customer relationships.

Other revenue of RMB0.2 million in FY2016 (FY2015: RMB0.2 million) mainly comprised of sales of scrap materials and interest income from bank deposits.

Selling and distribution costs in FY2016 decreased by 56.5% over the last year to RMB0.4 million (FY2015: RMB0.8 million), mainly due to the significant drop in travelling and other business related expenses.

Administrative expenses in FY2016 decreased by 5.2% over the last reporting period to RMB14.6 million (FY2015: RMB15.4 million), due mainly to the drop in depreciation charges, staff cost and other office related expenses in administration department. The decrease was partially offset by the increase in legal and professional fees incurred in corporate action in FY2016.

Other expenses decreased from RMB56.7 million in FY2015 to RMB27.8 million in FY2016. The decrease was mainly due to no impairment loss on the Group's non-current assets recognised in FY2016, compared with an RMB56.6 million impairment loss recognised in FY2015. The decrease was partially offset by (i) an allowance for impairment on valued-added tax ("VAT") of RMB23.5 million, and (ii) fixed production costs during production shutdown period of RMB4.3 million. The details of these items are explained below:

(i) *An allowance for impairment on VAT receivable*

An allowance for impairment on VAT receivable of RMB23.5 million was recognised as at 31 October 2016 in relation to the full amount of VAT receivable accumulated in Yuntong. VAT receivable relates to the accumulated net amounts from VAT payables (from sales) and VAT receivables (primarily from purchases of materials). The recoverability of the VAT receivable is dependent on future operations and sales of goods of Yuntong. The accumulated VAT receivable of Yuntong resulted mainly from the gross loss on sales over past years. Owing to the expiry of certain land use rights of Yuntong in September 2016, management has in the current financial year ended 31 October 2016 decided to shut down the production line no.3 (BOPP) permanently. As there are no foreseeable future sales to offset the VAT receivables, the VAT receivable of approximately RMB23.5 million has been fully impaired as at 31 October 2016.

(ii) *Fixed production costs during the production shutdown period*

It relates to the fixed depreciation charges, labour costs and overhead costs which amounted to RMB2.3 million, RMB1.1 million and RMB0.8 million respectively associated with the production function during the production shutdown period of the production line no.3 in 4Q2016. These fixed production costs were recognised as other expenses instead of being absorbed into cost of sales for that corresponding reporting period in accordance with accounting matching principle.

– THE GROUP'S NET LOSS FROM ORDINARY ACTIVITIES ATTRIBUTABLE TO OWNERS OF THE COMPANY

The Group recorded a net loss of RMB125.4 million for the FY2016, compared with RMB182.3 million in FY2015.

## REVIEW ON CONSOLIDATED STATEMENT OF FINANCIAL POSITION AND STATEMENT OF CASH FLOWS

– THE GROUP'S CONSOLIDATED STATEMENT OF FINANCIAL POSITION

Non-current assets comprised of land use rights, property, plant and equipment. It decreased by 13.4% or RMB27.9 million from RMB209.1 million as at 31 October 2015 to RMB181.2 million as at 31 October 2016 due to amortisation and depreciation charges.

One of the land use rights in Yuntong has expired on 7 September 2016 and the subject land use rights and the buildings and structures erected thereon were fully depreciated on the same date without residual value.

Current assets of the Group decreased by 48.5% or RMB33.1 million from RMB68.1 million as at 31 October 2015 to RMB35.0 million as at 31 October 2016. It was mainly due to the decrease in accounts receivable from RMB30.7 million as at 31 October 2015 to RMB9.5 million as at 31 October 2016, representing a decline of 69.2% or RMB21.2 million. The decrease was attributed to the one-off expense of the allowance for impairment on VAT receivable amounting to RMB23.5 million as explained in previous section. Accounts receivables comprised of debtors receivable and VAT receivable. As VAT receivable was arisen directly from the Group's principle revenue generation activities and the PRC subsidiaries of the Group were de facto agent accounts for and collect VAT on behalf of the local PRC tax authorities, it was accounted for as accounts receivable. Excluding the allowance for impairment on VAT receivables of RMB23.5 million, accounts receivable actually increased by 7.1% or RMB2.2 million, while the average accounts receivable's turnover days increased to 82 days in FY2016 from 71 days in FY2015. The increase was the result of the slightly longer repayment period from customers.

The decrease in current assets was also due to the decrease in inventories by 31.9% or RMB5.0 million from RMB15.7 million as at 31 October 2015 to RMB10.7 million as at 31 October 2016. It was ascribed to lower purchases in 4Q2016 in response to lower sales and shutdown of the production in Yuntong. Apart from this, deposits, prepayments and other receivables decreased by 92.8% or RMB2.7 million to RMB0.2 million as at 31 October 2016, which was largely attributable to the settlement of advance payments to suppliers subsequent to the year ended 31 October 2015.

Current liabilities of the Group increased by 547.0% or RMB64.3 million to RMB76.1 million as at 31 October 2016. It was largely attributable to external short-term bank loans of RMB40.0 million obtained from the Bank of China Limited (including an initial loan of RMB20.0 million in 2Q2016 and an extended loan of RMB20.0 under the same loan terms in 4Q2016) as well as an advance from a director amounting to RMB30.0 million in 3Q2016. The increase in current liabilities was partially offset by the drop in accruals and other payables by 47.9% or RMB4.8 million, to RMB5.2 million as at 31 October 2016. It was due to lower advance payments from customers at the current financial year end compared with the last financial year end. Besides, accounts payable decreased from RMB1.8 million as at 31 October 2015 to RMB0.5 million as at 31 October 2016, largely due to a decrease in purchases of inventories.

– THE GROUP'S CONSOLIDATED STATEMENT OF CASH FLOWS

In FY2016, the net cash outflow from operating activities of the Group amounted to RMB73.5 million as compared with RMB10.0 million in the last corresponding period of 2015. The net cash outflow was mainly attributable to the operating loss before working capital changes of RMB73.0 million, and a negative net capital change of RMB73.5 million. The negative net capital change was mainly attributable to the increase in accounts receivable, as well as decrease in accounts payable, accruals and other payables during the FY2016.

The Group recorded a net cash inflow in financing activities amounting to RMB69.4 million in FY2016. It ascribed mainly to the cash generated from bank loans of RMB40.0 million obtained from the Bank of China Limited and an advance from a director of RMB30.0 million.

– LIQUIDITY AND GOING CONCERN'S ASSUMPTION

The financial statements have been prepared on a going concern basis assuming that the Group will continue to operate as a going concern notwithstanding that:

(i) the Group recorded negative cash flow in operating activities of RMB73.5 million in FY2016;

(ii) the net loss excluding an one-off allowance for impairment on VAT receivable amounting to RMB101.9 million in FY2016; and

(iii) the net current liabilities of RMB41.0 million of the Group as at 31 October 2016.

These events and conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern and hence, its ability to realise its assets and discharge its liabilities in the normal course of business. Nevertheless, the Group prepared the financial statements based on the assumption that the Group can be operated as a going concern and is of the view that the Group will have sufficient working capital to finance its operations in the next twelve months from the year end date, after taking into consideration of the following:

(i) the Group completed the Rights cum Warrants Issue on 7 December 2016 and the Company had raised gross proceeds of approximately S$6.1 million or RMB29.9 million. Following the issuance of 4,326,898 Warrants, the Group can also potentially raise an additional S$4.5 million or RMB22.3 million in the event that all the Warrants are exercised;

(ii) the Chairman of the Board, Mr Zeng Hanming has undertaken not to demand immediate repayment of the advance of RMB30.0 million from him for the next 12 months after year end until such time when the Group has sufficient financial resources;

(iii) the Group had closed down the less effective production line no.3 resulting in reduction on operating loss as seen in 4Q2016; and

(iv) the Group continues to implement measures to improve its liquidity condition, including but not limited to, external debt financing options, shortening receivable collection period, lowering inventory levels and tightening cost controls over various selling and administrative expenses.

## BUSINESS SEGMENT PERFORMANCE

In FY2016, our Group's business performance was affected by unfavourable economic and operational factors. We continued to experience weakening demand from the domestic market and faced downward price pressures due to intense competition and also because our persistent machinery issues continued to affect the quality of our products and resulted in us having to sell them at heavily discounted prices.

We also had to grapple with an undesirable product mix as there was a lack of demand for our high margin product and in FY2016, the low margin BOPP high shrinkage film made up the bulk of our sales. The total sales in FY2015 were also made up of low shrinkage film only.

However, we were able to narrow the gross loss from RMB109.6 million in FY2015 to RMB81.9 million in FY2016 despite poorer sales mainly because of the cessation of the inefficient production line no. 3 and an overall improvement in the quality of our products, which resulted in a lower sub-standard product and rejection rate.

Moving forward, the Group will continue to respond nimbly to changing market conditions and continue to monitor the situation so as to be well-prepared to capture any upswing in demand. Concurrently, the Group is actively seeking opportunities in new industries for its high-margin product segment.

## INDUSTRIAL OUTLOOK & FUTURE PLANS

As China's economic growth continued to decelerate and expected to hit a new low of 6.5% in 2017[1], we expect this to cause further volatility and downward price pressures resulting in low margins in our industry. However, the Group believes that busy lifestyles and the modern world's continuing emphasis on convenient, on-the-go packaging options, especially in the F&B industry, means that there will always be demand for plastic packaging products. As such, the management is committed to seeking out all possible business angles and leads to achieve future stability for the Group.

China's plastic packaging industry is likely to remain challenged in the near term due to declining demand from downstream industries triggered by slower manufacturing growth and spending cuts.

The Group is also anticipating cost pressures in the form of relatively high raw material prices. One of the major raw materials for BOPP film production is polypropylene, which is a by-product of petroleum. With average crude oil prices having risen in 2016, we expect propylene prices to remain high in near term in China especially because of the oligopolistic control of polypropylene supply by a small group of local petroleum suppliers.

Operationally, the Group will continue to build on and grow its business relationships with new and existing customers and suppliers. The Group will focus its resources on the remaining production line no.4 in Ruixing which was set up in 2009. The management has also been attempting to restructure its operations by simplifying and streamlining the BOPP manufacturing process in order to lower production costs and sub-standard product rate. An improving sign on sub-standard product rate is seen in the fourth quarter of FY2016 and we hope the improvement can be sustained going forward.

We also intend to utilise part of the funds raised from our Rights cum Warrants Issue for corporate activities such as new business development, acquisitions, joint ventures or strategic alliances which could enhance shareholders value.

# Major Products

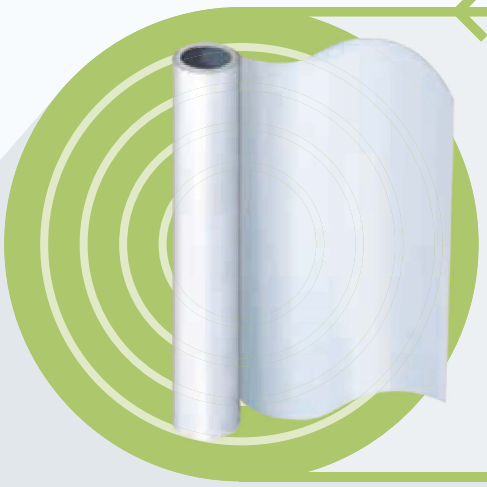

## LOW SHRINKAGE FILM
## （低收縮膜）

It refers to film that can shrink by less than 4% of its original length or width during the packaging process. It is typically used as packaging materials in many industries such as food, tobacco and pharmaceutical business.

## HIGH SHRINKAGE FILM
## （高收縮膜）

It refers to film that can shrink by more than 8% of its original length or width when heat or pressure is applied during the packaging process. It provides packaging that wraps the packaging product tightly and smoothly.

## SYNTHETIC PAPER
## （合成紙）

It refers to film that can shrink by less than 4% of its original length or width during the packaging process. It is typically used as packaging materials in many industries such as food, tobacco and pharmaceutical business.

# Corporate Structure

# Board of Directors

## ZENG HANMING
### Chairman and Executive Director

Zeng Hanming has been appointed as Chairman of our Group on 21 July 2008. He has more than 20 years of experience in the flexible packaging industry in areas of marketing, merchandising, production and operations. Mr Zeng is responsible for the daily operations, business development and strategic planning of our manufacturing operations. He holds a Bachelor of Business Administration degree from the University of Jinan in China. Mr Zeng was first appointed as a Director on 1 July 2003 and was last re-elected as a Director on 23 February 2016.

## LI WEIHUA
### Executive Director

Li Weihua has more than 30 years of experience in trading, logistic and manufacturing field in China, in particular with more than 15 years of experience in the flexible packaging industry. Mr Li joined Jieyang City Yuntong Plastic Packaging Company Limited (one of the Group's operating subsidiaries in PRC) in January 1999 and prior to his appointment as Executive Director he was the Assistant to the Chairman. He has held senior management positions in various departments in the Company and is currently responsible for the daily operations, production, administrative and human resources affairs.

He holds a Bachelor of Accounting and Finance from Guangdong Financial Management Institute in China. He is also a member of the Chinese Institute of Certified Public Accountant. Mr Li was first appointed as a Director on 15 March 2014 and was last re-elected as a Director on 24 February 2015.

## CHNG HEE KOK
### Lead Independent Director

Chng Hee Kok is our Lead Independent Director and he has more than 30 years of experience in finance, accounting and manufacturing operations in various industries. Mr Chng is currently the Independent Director and non-Executive Chairman of Ellipsiz Ltd and presently sits on the board of a number of listed companies in Singapore which include Full Apex (Holdings) Ltd, Luxking Group Holdings Ltd, Samudera Shipping Line Ltd, Infinio Group Limited and United Food Holdings Limited. He was a Director of the Singapore Institute of Directors and had served as a Member of the Sentosa Development Corporation. He was also an elected Member of the Singapore Parliament from 1984 to 2001. He has served as the CEO of Scotts Holdings Ltd, Yeo Hiap Seng Ltd, Hartawan Holdings Ltd and HG Metal Manufacturing Ltd. Mr. Chng's other past Directorships over the preceding three years include Pacific Century Regional Developments Ltd, Sunray Holdings Limited, Autovox Korea Ltd, EL Corp Ltd and LH Group Limited.

Mr Chng was awarded a Merit Scholarship in 1967, and the Mobil Silver Medal and the Institution of Engineers Singapore Gold Medal in 1972. He received the Engineering Alumni Award in 1992. He graduated with a B.Eng First Class Honours degree from University of Singapore in 1972 and received his MBA from the National University of Singapore in 1984. Mr Chng was first appointed as a Director on 1 March 2013 and was last re-elected as a Director on 23 February 2016.

## PROFESSOR LING CHUNG YEE ROY
### Independent Director

Professor Ling Chung Yee Roy is currently a Managing Director at RL Capital Management and RL Academy. Concurrently, he also serves as an Independent Board Director in a number of listed companies across Asia which include Elektromotive Group Ltd, United Food Holdings Limited, Vingroup JSC and Ley Choon Group Holdings Limited, as an Adjunct Professor in Finance at the EDHEC Business School, and as a Consultant for RHT Strategic Advisory and RHT Academy. Professor Roy Ling's other past Directorships over the preceding three years include Aquaint Capital Holdings Ltd, China Paper Holdings Ltd and JES International Holding Ltd.

Prior to RL Capital, Prof. Ling held senior investment banking positions with JPMorgan, Lehman Brothers, Goldman Sachs and Salomon Smith Barney. Prof. Ling is a Chartered Financial Analyst and was a former Board Director of the CFA Society of Japan. He was honored as one of 20 Rising Stars in Real Estate by Institutional Investor in 2008.

Prof. Ling graduated from INSEAD with a Global EMBA and from the National University of Singapore with a Bachelors degree in Business Administration. Professor Ling was first appointed as a Director on 1 March 2013 and was last re-elected as a Director on 26 February 2014.

## PROFESSOR DU JINMIN
### Independent Director

Professor Du Jinmin is a member of the academic committee in the School of Business of Jinan University. He has more than 20 years of experience and graduate level courses in financial institution management, finance, corporate finance and mergers and acquisition. Professor Du is also a director in several companies in PRC. He holds a PhD in Economics from the Nanjing Agriculture University in China. Professor Du was first appointed as a Director on 26 June 2009 and was last re-elected as a Director on 24 February 2015.

# Key Management

## KIT CHAN
### Chief Financial Officer and Company Secretary

Mr Chan is the Chief Financial Officer and the Joint Company Secretary of our Group. He joined our Group in 2011 and is in charge of the overall control of our Group's finance, accounting and taxation aspects of our Group. In addition, he is responsible for implementing internal controls and corporate governance and practices, as well as liaising with external parties and regulatory bodies in respect of the Group's financial matters. Mr Chan has several years experience in accounting and auditing for a number of listed companies in Hong Kong and Singapore. He worked in an international audit firm prior to joining our Group. He is a member of the Hong Kong Institute of Certified Public Accountants (HKICPA), the Hong Kong Institute of Chartered Secretaries (HKICS) and the Institute of Chartered Secretaries and Administrators (ICSA). He holds a master degree in Corporate Governance and a Bachelor degree in Accountancy from the Hong Kong Polytechnic University.

## CORPORATE GOVERNANCE STATEMENT

The Board of Directors of China Flexible Packaging Holdings Limited (the "Board") is committed to setting and maintaining high standards of corporate governance to ensure greater corporate transparency and to protect shareholders' interests and enhance shareholders' value. This report describes the Company's corporate governance processes and activities with specific reference made to the principles and guidelines as set out in the revised Code of Corporate Governance 2012 (the "Code"). The Company has complied in all material respects with the principles and guidelines in the Code. Where there are deviations from the Code, appropriate explanations will be provided.

## BOARD MATTERS

### PRINCIPLE 1: BOARD'S CONDUCT OF AFFAIRS

The Board's primary roles are to provide entrepreneurial leadership and to protect and enhance long-term shareholders' value.

The Board also plays an important role in setting the Company's values and standards, establishing framework of prudent and effective controls and engaging with stakeholder groups and overseeing the sustainability issues of the Group.

Board meetings are held at least once every quarter to:

- oversee the business affairs of the Group;
- review and approves the strategic and financial objectives;
- review and approves the strategies implemented by management; and
- monitor standards of performance and issues of policy.

This enables the Board to meet on a regular basis while not interfering with the Company's operations. The Board is free to request for further clarification and information from management on all matters within their purview. Ad hoc meetings are convened when the circumstances require. The Bye-Laws of the Company also provide for directors to convene meetings by tele-conferencing.

To assist in the execution of its responsibilities, the Board is supported by three sub-committees, namely Nominating Committee ("NC"), Remuneration Committee ("RC") and Audit Committee ("AC"). Each Committee has its own defined terms of reference and operating procedures to discharge its responsibilities more efficiently.

The Board met 4 times in FY2016 to review the Group's business operations and financial performance. The attendance of the Directors at meetings of the Board and Board Committees during the year are disclosed as follows:

| DIRECTORS | BOARD | | AC | | NC | | RC | |
|---|---|---|---|---|---|---|---|---|
| | Number | Attended | Number | Attended | Number | Attended | Number | Attended |
| Zeng Hanming | 4 | 4 | NA | NA | 1 | 1 | NA | NA |
| Li Weihua | 4 | 4 | NA | NA | NA | NA | NA | NA |
| Prof. Du Jinmin | 4 | 4 | 4 | 3 | 1 | 1 | 1 | 1 |
| Chng Hee Kok | 4 | 4 | 4 | 4 | 1 | 1 | 1 | 1 |
| Prof. Ling Chung Yee Roy | 4 | 4 | 4 | 4 | 1 | 1 | 1 | 1 |

The Company has a written internal guidelines and policies on matters reserved for Board's approval. The Board's approval is required for transactions or matters such as major investments, corporate restructuring, mergers and acquisitions, material acquisitions or disposal of assets, the release of the Group's financial results announcements, interested person transactions of a material nature and declaration of dividends.

The Company is responsible for arranging regular training for the Company's Directors from time to time particularly on changes in the relevant new laws, regulations and changing commercial risks to enable them to make well-informed decision and to ensure that the Directors are competent in carrying out their expected roles and responsibilities. The costs of such training is borne by the Company. All new directors appointed on the Board (if any) will go through an induction programme and are briefed by the Management on the Group's operational issues as well as issues relating to the Board and Board Committees. As part of the induction programme, they will be invited to attend to a site visit at the Group's production plant. The Company will also responsible for training for first-time director in relevant skill areas and industry knowledge as appropriate.

## PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE

The Board of Directors consists of five members, three of whom are Independent Directors. This composition complies with the Code's requirement that at least half of the Board should be made up of independent directors.

Executive Directors

Zeng Hanming (Chairman and Executive Director)
Li Weihua (Executive Director)

Non-executive Directors

Chng Hee Kok (Lead Independent Director)
Prof. Ling Chung Yee Roy (Independent Director)
Prof. Du Jinmin (Independent Director)

The profiles of the Directors including the date of last re-election as a director and directorships or chairmanships held over the preceding three years in other listed companies are set out on page 17 on this Annual Report.

All appointments and retirements of Directors would be recommended by the NC to the Board. In addition, the NC also reviews annually the independence of each Director and board succession planning. When deciding on the appointment of new directors to the Board of the Company, the NC and the Board consider various factors such as skills, experience and competencies of the candidates that are required on the Board and Board Committees, conflicts of interest and time commitments.

The Board is of the view that the current Board comprises persons who as a group, provide core competencies necessary to meet the Company's requirements and that the current board size is adequate, taking into account the gender, skills and experience of the directors, diversity, nature and scope of the Company's operations.

The Company's Non-executive Directors constructively challenge and help develop proposals on strategy formulated by the Management. They also review the performance of Management in meeting agreed goals and objectives and monitor the reporting of financial and operational performances.

## PRINCIPLE 3: CHAIRMAN AND CEO

Mr Zeng Hanming has assumed the roles of both Chairman and CEO since 21 July 2008. As such, Mr Zeng bears executive responsibility for the Company's business as well as responsibility for the workings of the Board and ensures that procedures are introduced to comply with the Code.

The other roles of the Chairman include the following:

- lead the Board to ensure its effectiveness on all aspects of its role
- set the agenda and ensure that adequate time is available for discussion of all agenda items, in particular strategic issues
- promote a culture of openness and debate at the Board
- ensure that the directors receive complete, adequate and timely information
- ensure effective communication with shareholders
- encourage constructive relations within the Board and between the Board and Management
- facilitate the effective contribution of non-executive directors

Although the roles and responsibilities for the Chairman and CEO are vested in Mr Zeng, major decisions are made in consultation with the Board which comprises a majority of independent non-executive directors. The Board believes that there are adequate measures in place against any uneven concentration of power and authority in one individual.

The Company has a Lead Independent Director, Mr Chng Hee Kok who was appointed on 1 March 2013. The Lead Independent Director is a key member of the Board, representing the views of independent directors and facilitating a two-way flow of information between shareholders, the Chairman and the Board. The Lead Independent Director shall be available to the shareholders where they have concerns which contact through the normal channels of the Executive Chairman and CEO has failed to resolve or for which such contact is inappropriate. The Lead Independent Director may call for meetings of independent directors from time to time without the presence of other directors and provide feedback to the Chairman after such meetings. In FY2016, the independent directors had met separately without the presence of the management.

## PRINCIPLES 4 AND 5: BOARD MEMBERSHIP AND PERFORMANCE

The Nominating Committee ("NC") comprises the following four members, three of whom are independent directors. The NC Chairman is not associated in any way with the 10% shareholders of the Company.

Prof. Ling Chung Yee Roy (Chairman)
Chng Hee Kok
Prof. Du Jinmin
Zeng Hanming

The principal functions of the NC under its terms of reference are to:

1) Provide nominations for the re-appointment of our directors having regard to their contribution and performance;
2) Assess the independence of the directors annually;
3) Assess whether or not a director is able to and has been adequately carrying out his duties as a director;
4) Review the appropriate size of the Board;
5) Evaluate the effectiveness and performance of the Board;
6) Review on a yearly basis the training and professional development programmes for the Board; and
7) Review board succession plans for directors.

The NC has reviewed the independence of each director for FY2016 in accordance with the Code's definition of independence. A director of the Company is considered independent if he has no relationship with the Group or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of his independent business judgement in the best interest of the Company.

The NC is satisfied that more than half of the Board comprises independent Directors. The Company's independent directors, Mr Chng Hee Kok, Prof. Ling Chung Yee Roy and Prof. Du Jinmin have fulfilled the requirements for determination of independence as set out in Guideline 2.3 of the Code in the discharge of their responsibilities. The NC has assisted the Board to review the Board and Board Committee meeting minutes for incidents or records of how independent directors have actively sought clarification and explanation, directors' declaration and confirmation of independence. Accordingly, the NC is of the view that Mr Chng Hee Kok, Prof. Ling Chung Yee Roy and Prof. Du Jinmin are independent. The Company does not have any independent directors who have served the Board beyond nine years from the date of his first appointment as a director of the Company.

The NC acknowledges the importance of a formal assessment of Board and Board Committees performances. An assessment system and evaluation forms have been established and adopted. The NC has conducted a formal assessment of the Board's and Board Committees' performances including Directors' commitment of time for meetings of the Board and Board Committees for FY2016. No external facilitator was appointed to assist in the formal assessment.

The NC has reviewed the training needs for the Directors in FY2016 and encouraged directors to attend the relevant training courses that could enhance the knowledge of directors to perform its duties as Directors of the Company.

Pursuant to the existing Bye-Laws of the Company, each Director of the Company shall retire from office at least once every three (3) years by rotation. Directors who retire are eligible to offer themselves for re-election. It was also provided in the Bye-Laws of the Company that any additional Director appointed during the year shall only hold office until the next Annual General Meeting and are subject to re-election by the Shareholders.

The NC, in considering the re-election of a director, evaluate such director's contribution and performance, such as his attendance at meetings of the Board and/or Board committees, participation, candour and any special contribution.

The Board has accepted NC's nomination of the retiring director, Prof. Ling Chung Yee Roy for re-election as a Director at this forthcoming AGM. Therefore, he is to retire and subject to re-election at the forthcoming AGM. Prof. Ling Chung Yee Roy was last reelected as a director of the Company on 26 February 2014.

The Board has not imposed a limit on multiple board representations. The Board is of the view that, the limit on the number of listed company directorships that an individual may hold should be considered on a case-by case basis, as a Director's available time and attention may be affected by many different factors such as personal capabilities of the Director, differing company complexities and other responsibilities. A Director with multiple directorships is expected to manage his own time commitment and ensure that sufficient attention is given to the affairs of the Group. The Board believes that each individual Director is best placed to determine and ensure that he is able to devote sufficient time and attention to discharge his duties and responsibilities as a Director of the Company, bearing in mind his other commitments.

The Company does not have any alternate director on board.

## PRINCIPLE 6: ACCESS TO INFORMATION

To enable the Board to fulfill its responsibility, Management strives to provide Board members with adequate information for Board meetings on a timely and an ongoing basis. The Board receives quarterly management report pertaining to the operational and financial performance of the Group and information relating to the Group's competitors, industry and technological developments.

Before each Board meeting, Management provides the Board with Board papers and related materials containing information relevant to matters on the agenda items for the meeting.

Directors are given separate and independent access to the Company's key management personnel and Joint Company Secretaries to address any enquiries. The appointment and removal of Joint Company Secretaries should be a matter for the Board as a whole.

The Joint Company Secretaries or their representatives attend all Board meetings and are responsible for ensuring that proper procedures at such meetings are followed. Together with the Management, they are responsible to ensure that the Company complies with the requirements of the Companies Act, Listing Manual of the SGX-ST and other rules and regulations that are applicable to the Company.

A Director or as a group, may seek professional advice in furtherance of their duties and the costs will be borne by the Company.

## REMUNERATION MATTERS

### PRINCIPLE 7: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

### PRINCIPLE 8: LEVEL AND MIX OF REMUNERATION

### PRINCIPLE 9: DISCLOSURE OF REMUNERATION

The Remuneration Committee ("RC") comprises the following three members, all of whom are Independent Directors:

Prof. Ling Chung Yee Roy (Chairman)
Chng Hee Kok
Prof. Du Jinmin

The principal functions of the RC under its terms of reference are to:

1) Review and approve annually the remuneration of the senior management and key management personnel of the Group with a goal to recruit, motivate and retain employees through competitive compensation and progressive policies;
2) Review and approve annually the remuneration for the directors; and
3) Review the terms of executive directors and key management personnel's contract of service including termination clauses.

Each member of the RC refrains from voting on any resolutions in respect of the assessment of his remuneration. No Director will be involved in determining his own remuneration.

Executive Directors do not receive directors' fees. In setting the remuneration packages of the Executive Directors, the Company takes into account the performance of the group and that of the Executive Directors which are aligned with long term interest and risk policies of the Group.

Non-Executive Directors do not have service contracts but have received letters of appointment issued by the Company and their terms of appointment are specified in the Bye-Laws of the Company. The Non-Executive Directors received directors' fees which are recommended by the Board for approval at the Company's AGM.

The RC has full authority to engage any external professional advice on matters relating to remuneration as and when the need arises.

A breakdown of each individual director's remuneration for FY2016 is as follows:

| | Fees | Salary | Bonus | Other Benefits | Total Compensation |
|---|---|---|---|---|---|
| | S$ | S$ | S$ | S$ | S$ |
| **Directors** | | | | | |
| Zeng Hanming | – | 188,000 | – | 16,000 | 204,000 |
| Li Weihua | – | 11,000 | – | 1,000 | 12,000 |
| Chng Hee Kok | 56,000 | – | – | – | 56,000 |
| Prof. Ling Chung Yee Roy | 48,000 | – | – | – | 48,000 |
| Prof. Du Jinmin | 11,000 | – | – | – | 11,000 |

Given the highly competitive industry conditions and in the interest of maintaining good morale and a strong spirit of teamwork with the Group, the disclosure relating to the remuneration of the key management personnel (who are not directors of the Company) of the Group in bands of S$250,000 is set out below:

| | Fees | Salary | Bonus | Other Benefits | Total Compensation |
|---|---|---|---|---|---|
| | % | % | % | % | % |
| **Key Management** | | | | | |
| Below S$250,000 | | | | | |
| Kit Chan | – | 97 | – | 3 | 100 |
| Zhang Jiang Zhou | – | 93 | – | 7 | 100 |

Due to the Company's relatively small customer base and scale of operation, the Company has only two key management personnel. The aggregate amount of the total remuneration paid to the Key Management staff (who are not directors or CEO) is approximately S$164,000 for FY2016.

There is no employee of the Group who is an immediate family member of a director or substantial shareholder whose remuneration exceeds S$50,000 for FY2016.

The Company does not have an employee share option scheme in place. The Company will consider establishing an employee share option scheme when the business performance has improved.

## ACCOUNTABILITY AND AUDIT

### PRINCIPLE 10: ACCOUNTABILITY

In presenting the annual financial statements and announcements of financial results to the shareholders, it is the aim of the Board to provide the shareholders with a balanced and understandable assessment of the Company's and Group's performance, position and prospects.

Management currently provides the Board with appropriately detailed management accounts of the Group's performance, position and prospects on a quarterly basis. For FY2016, the Chairman & CEO and Chief Financial Officer have provided a written confirmation to the Board on the integrity of the Company's financial statements and on the adequacy and effectiveness of internal controls systems, addressing financial, operational and compliance risks including information technology risks. The written confirmation covers the subsidiaries within the Group.

The Board will update the Shareholders on the operations and financial position of the Company through quarterly and full year announcements as well as timely announcements of other matters as prescribed by the relevant rules and regulations.

## PRINCIPLE 11: RISK MANAGEMENT AND INTERNAL CONTROLS

### RISK MANAGEMENT

Management regularly reviews the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks within the Group's policies and strategies.

The Company has an Enterprise Risk Management Framework in place for the Group. The Framework has been reviewed by the AC and approved by the Board of Directors. In view of the size and operations of the Company, the Company does not have a separate board risk management committee. The AC and the Management will continually assess the adequacy and effectiveness of the risk management framework and processes.

### INTERNAL CONTROLS

The Board is responsible for the overall internal control framework and is fully aware of the need to put in place a system of internal controls within the Group to safeguard shareholders' interests and the Group's assets, and to manage risks. The Board recognises that no cost effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss. The Company also maintains a risk register which identifies the key business risks and the steps to mitigate the associated risk.

The Company's internal and external auditors conduct an annual review of the effectiveness of the Company's material internal control systems including financial, operational, compliance and information technology controls and risk assessment at least annually to ensure the adequacy thereof. In addition, annual review to ensure that safeguards, checks and balances are put in place to prevent any conflict of interest or any weakening of internal controls. Any material non-compliance or failures in internal controls and recommendations for improvements are reported to the AC. The AC also reviews the effectiveness of the actions taken by the Management on the recommendations made by the internal and external auditors in this respect.

The Board has also received assurance from the Chairman & CEO and the Chief Financial Officer that (i) the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances and (ii) the Company risk management and internal control systems in place are effective.

Based on the Group's framework of management control, the internal control policies and procedures established and maintained by the Group, the regular audits, monitoring and reviews performed by the internal and external auditors and review of the Enterprise Risk Management Framework, the Board, with the concurrence of the Audit Committee, is of the opinion that the Group's internal controls and risk management are adequate and effective to address the financial, operational, compliance and information technology risks which the Group considers relevant and material to its current business scope and environment. The Board regularly reviews the effectiveness of all internal controls, including operational controls of the Group.

## PRINCIPLE 12: AUDIT COMMITTEE

The Audit Committee ("AC") comprises the following 3 members, of whom all are independent directors:

Chng Hee Kok (Chairman)
Prof. Ling Chung Yee Roy
Prof. Du Jinmin

None of the members of the AC is a former partner of the Company's Joint External Auditors' firms or has any financial interest in Joint External Auditors' firms.

The Company has adopted and has complied with the principles of corporate governance under the Code in relation to the roles and responsibilities of the AC.

The Board is of the view that the Audit Committee chairman and members of the Audit Committee are appropriately qualified, with the necessary accounting, financial, business management and corporate expertise and experience to discharge their responsibilities. The Audit Committee comprises three members, all of whom are non-executive and independent. The Audit Committee chairman possesses practical business and financial management knowledge and experience and is well qualified to chair the Audit Committee. The other members of the Audit Committee have expertise or experience in related business and financial management.

The AC meets quarterly and as and when necessary to carry out the following functions:

1) Review the audit plans of our Company's internal and external auditors;
2) Review the internal and external auditors' reports;
3) Review the co-operation given by our Company's officers to the internal and external auditors;
4) Review the effectiveness of the Company's internal audit function;
5) Review the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
6) Review the financial statements of our Company and the Group before their submission to the Board;
7) Review the independence of external auditors and the nomination of their re-appointment as external auditors;
8) Reviewing all non-audit services provided by the external auditors so as to ensure that any provision of such services would not affect the independence of the external auditors;
9) Review the adequacy and effectiveness of the Group's material internal controls including financial, operational, compliance and information technology controls; and
10) Review interested person transactions, if any.

Each member of the AC shall abstain from voting on any resolution in respect of matters in which he is interested.

The AC has full access to and co-operation of the Management and external and internal auditors. It also has full discretion to invite any Director or key management to attend its meetings, and has been given reasonable resources to enable it to discharge its function.

The AC is responsible to conduct an annual review of the volume of audit and non-audit services provided by the Joint External Auditors to ensure such services will not prejudice the independence and objectivity of the Joint External Auditors. For FY2016, the total remuneration for audit services by the Joint External Auditors amounted to approximately S$278,000. The fee for non-audit services performed for FY2016 was S$3,600. The Company complies with the requirements of Rules 712 and 715 of the Listing Manual of the SGX-ST.

The accounts for the year were audited by HLB Hodgson Impey Cheng Limited and Foo Kon Tan LLP whose term of office will expire upon the forthcoming annual general meeting. The AC has recommended to the Board of Directors that HLB Hodgson Impey Cheng Limited be nominated for appointment and that Foo Kon Tan LLP be nominated for reappointment as Joint External Auditors at the forthcoming Annual General Meeting of the Company.

The AC meets with the Joint External Auditors, without the presence of management, at least once a year. The AC will meet with the internal auditor without the presence of the Management as and when it deems necessary.

The Company has put in place a whistle-blowing framework, endorsed by the AC where employees of the Company may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters and to ensure that arrangements are in place for the independent investigations of such matters and for appropriate follow up actions. Employees could raise serious concerns relating to financial reporting, unethical or illegal conduct to the AC and employment related concerns should continue to be reported to different levels of management staff as set out in the whistle-blowing framework. The AC reviews the whistle-blowing policy and arrangements on a yearly basis. There were no whistle-blowing letters received during the year and until the date of this report.

During FY2016, the AC also reviewed the debtor and inventory ageing analysis, adequacy and timeliness of the Management's responses to the recommendations made by the internal or external auditors and the 5-year management forecast apart from the reviews as mentioned above.

### PRINCIPLE 13: INTERNAL AUDIT

The AC approves the appointment, removal, evaluation and fees of the outsourced internal audit function. In accordance with the AC's recommendation, the Company has outsourced the internal audit function to a professional firm which has appropriate standing within the Company and staffed with persons with the relevant qualifications and experience.

The Internal Auditor reports directly to the AC Chairman on internal audit matters and to management on administrative matters. The internal auditor has unfettered access to all the Company's documents, records, properties and personnel including access to the AC.

To ensure the adequacy of the internal audit function, the AC reviews and approves, on an annual basis, the internal audit plans and the resources required to adequately perform this function. In conducting the internal audit, the appointed internal auditor pay particular attention to follow-up on the identified inherent and operational risks of each business entity as well as the content of any management letter issued by the external auditors to ensure that the committed rectification measures have been implemented.

During FY2016, the Internal Auditor reviewed several key operational cycles including revenue, purchase, accounts receivable, accounts payable and cash payment cycles, and performed tests on the control procedures for those operational cycles to identify control weaknesses. There were no major and material weaknesses in internal controls highlighted by the Group's external auditors or the internal auditor for the attention of the AC for FY2016.

### PRINCIPLE 14: SHAREHOLDER RIGHTS

### PRINCIPLE 15: COMMUNICATION WITH SHAREHOLDERS

### PRINCIPLE 16: GREATER SHAREHOLDER PARTICIPATION

The Company is committed to regular and proactive communication with its shareholders in line with continuous disclosure obligations of the Company according to the Listing Manual of the SGX-ST.

To facilitate all shareholders to exercise their ownership rights, pertinent information will be disclosed to shareholders in a timely, fair and equitable manner.

Communication with Shareholders and the public is maintained through regular dissemination of information such as announcements on quarterly results, press releases on the SGXNet and the Company's corporate website. Public awareness on the Company's latest developments and businesses is also maintained through the Company's website, http://www.cnflexpack.com. Shareholders of the Company can submit their feedback and raise question to the Company's investor relations contact so that the Company can maintain a close relationship with the shareholders of the Company.

Annual reports, circulars and notices of General Meeting will be delivered to all shareholders of the Company. The notices are also advertised in newspapers and available at SGX-ST's website.

The Company does not have a dividend policy. Given that the Company has been suffering operating losses, the Board is of the view that no final dividend is to be declared for FY2016.

Shareholders can vote for resolutions or appoint up to two proxies to attend and vote at every general meeting ("GM") on his/her behalf using a proxy form sent with the annual report or circular to Shareholders. All resolutions put to every GM of the Company are voted separately unless the resolutions are interdependent and linked so as to form one significant proposal. The resolutions shall be voted by way of poll and the Company will consider electronic polling as and when necessary. Shareholders or proxies are briefed by the appointed polling agent on the poll voting procedures at the GM and appointed scrutineer will ensure that the poll process is properly carried out. The results of the poll will be announced to the SGX-ST after trading hours on the same day as the GM.

As a public company listed on SGX-ST, all GMs of the Company are held in Singapore. All Directors of the Company, who are available, will participate either in person or via video conference. The participation of shareholders is encouraged at the Company's GM through open question and answer session while the Chairman of the Audit, Remuneration and Nominating Committees will be available at the forthcoming GM to address any queries or concerns. The External Auditors will also be present to assist the Directors in addressing any relevant queries from the shareholders.

The Company's Bye Laws allow for absentia voting at general meetings of shareholders. The Company will review its Bye Laws from time to time and make such amendments to the Bye Laws to be in line with the applicable requirements or rules and regulations governing the continuing listing obligations on the stock exchange which the Company's securities are listed.

The minutes of GMs are prepared with the names of the Directors, key management personnel and external auditor and consultants (if any) who attended the meetings as well as details of proceedings including questions and answers session, where relevant. The Company will make these meeting minutes available to shareholders upon their request.

## DEALINGS IN SECURITIES

The Group has adopted a set of code in relation to dealings in the Company's securities to all its officers pursuant to the Listing Manual of the SGX-ST. The internal code is also in compliance with Rule 1207(19) of the Listing Manual. The Company and its officers are informed via email that they are not allowed to deal in the Company's shares during the period commencing two weeks before the announcement of the Company's financial results for each of the first three quarters of its financial year, or one month before the announcement of the Company's full year financial results and ending on the date of the announcement of the relevant results or when they are in possession of any unpublished price sensitive information on the Group. In addition, the Directors, key officers and employees of the Group are discouraged from dealing in the Company's securities on short-term considerations.

The guidelines on share purchases under the share purchase mandate, renewed annually at the Company's AGM also provides that the Company may not effect any repurchases of Shares on the SGX-ST two weeks before the announcement of the Company's financial statements for each of the first three quarters of its financial year and one month before the release of full year financial statements and ending on the date of announcement of the relevant results.

## INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that the transactions are conducted on an arm's length basis.

The AC will review all interested person transactions to be entered to ensure that the relevant rules under Chapter 9 of the Listing Manual of the SGX-ST are complied with. When a potential conflict of interest arises, the Director concerned does not participate in discussions and refrains from exercising any influence over other members of the Board. There was an interested person transaction between the Company's wholly-owned subsidiary, Jieyang City Rui Xing Plastic Packaging Company Limited ("Ruixing") and the Company's Chairman & CEO, Mr Zeng Hanming ("Mr Zeng") during FY2016. In July 2016, Mr Zeng provided an unsecured advance of approximately RMB30.0 million to Ruixing and is interest bearing at 4.5% per annum which is in line with the prevailing bank borrowing rate in China.

The AC was of the view that the above-mentioned IPT had been carried out on normal commercial terms and is not prejudicial to the interests of the Company and its minority shareholders.

As at 31 October 2016, the aggregate value of the IPT (interest expense) was approximately RMB352,000.

## MATERIAL CONTRACTS

There were no material contracts of the Group or its subsidiaries involving the interest of any Director or controlling shareholder subsisting during FY2016.

## USE OF PROCEEDS

The Company completed a renounceable non-underwritten rights cum warrants issue (the "Rights cum Warrants Issue") and has issued 8,653,823 rights shares on 7 December 2016, with net proceeds amounting to approximately S$6.1 million. The net proceeds have been utilised in the following manner:

| No. | Descriptions | S$ million |
|---|---|---|
| | **Proceeds from Rights cum Warrants Issue** | 6.1 |
| 1. | General working capital | (1.2) |
| 2. | Repayment of short-term bank loan | – |
| 3. | To fund general corporate activities including, but not limited to, new business developments, acquisitions, joint ventures and/or strategic alliances | – |
| | Balance of net proceeds | 4.9 |

The use of proceeds was in accordance with the purposes set out in the offer information statement dated 14 November 2016 issued by the Company to its shareholders.

There was no warrant exercised up to 13 January 2017.

# *Directors' Statement*

*For the financial year ended 31 October 2016*

The directors present their statement to the members together with the audited consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the financial year ended 31 October 2016.

In the opinion of the directors,

(a) the statement of financial position of the Company and the consolidated financial statements of the Group as set out on pages 38 to 42 are drawn up so as to give a true and fair view of the financial positions of the Company and of the Group as at 31 October 2016 and the financial performance, changes in equity and cash flows of the Group for the financial year covered by the consolidated financial statements; and

(b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

## DIRECTORS

### EXECUTIVE DIRECTORS:

Mr Zeng Hanming
Mr Li Weihua

### INDEPENDENT NON-EXECUTIVE DIRECTORS

Prof. Du Jinmin
Mr Chng Hee Kok
Prof. Ling Chung Yee Roy

### ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES OR DEBENTURES

Except as disclosed in this report, neither at the end of the year, nor at any time during the year, was the company a party to any arrangement whose object was to enable directors of the company acquire benefits by means of the acquisition of shares and debentures of the company or any other body corporate.

## DIRECTORS' INTEREST IN SHARES OR DEBENTURES

According to the Register of Directors' Shareholdings, none of the directors who held office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations, except as follows:

| | Number of ordinary shares | | | | | |
|---|---|---|---|---|---|---|
| | Shares registered in the name of director | | | Shares in which director is deemed to have an interest | | |
| | As at 1.11.2015 | As at 31.10.2016 | As at 21.11.2016 | As at 1.11.2015 | As at 31.10.2016 | As at 21.11.2016 |
| Mr Zeng Hanming | 142,689 | 142,689 | 142,689 | 66,245 | 66,245 | 66,245 |
| Mr Li Weihua | – | – | – | – | – | – |
| Prof. Du Jinmin | – | – | – | – | – | – |
| Mr Chng Hee Kok | – | – | – | – | – | – |
| Prof. Ling Chung Yee Roy | – | – | – | – | – | – |

## DIRECTORS' CONTRACTUAL BENEFITS

The company has renewed the service agreements (the service agreements), effective 1 January 2016, with Mr Zeng Hanming for a period of 3 years (such terms of the service agreements may be extended only upon the mutual consent of the parties) unless otherwise terminated by either party giving not less than 3 months' written notice.

The company has a service agreement effective 15 March 2014 with Mr Li Weihua for a period of 3 years (such terms of the service agreements may be extended only upon the mutual consent of the parties)) unless otherwise terminated by either party giving not less than 3 months' written notice.

Apart from the foregoing, no director proposed for re-election at the forthcoming annual general meeting has a service contract with the company which is not determinable by the company within 1 year without payment other than statutory compensation.

## SHARE OPTIONS GRANTED

There is presently no option scheme on the unissued shares of the company.

## AUDIT COMMITTEE

The audit committee at the end of the financial year comprises the following members:

Chng Hee Kok (Chairman)
Prof. Ling Chung Yee Roy (Member)
Prof. Du Jinmin (Member)

Details of the company's audit committee, nominating committee and remuneration committee are set on pages 21 to 31 of the Corporate Governance Statement.

## INDEPENDENT AUDITOR

The accounts for the year were audited by HLB Hodgson Impey Cheng Limited and Foo Kon Tan LLP whose term of office will expire upon the forthcoming annual general meeting. HLB Hodgson Impey Cheng Limited and Foo Kon Tan LLP have expressed their willingness to accept reappointment. A resolution for the reappointment of HLB Hodgson Impey Cheng Limited and Foo Kon Tan LLP as the joint external auditors of the company for the subsequent year is to be proposed at the forthcoming annual general meeting.

# Directors' Statement

*For the financial year ended 31 October 2016*

## OTHER INFORMATION REQUIRED BY THE SGX-ST

### MATERIAL INFORMATION

The details are set out in page 31 of the Corporate Governance Statement.

### INTERESTED PERSON TRANSACTIONS

During the financial year ended 31 October 2016, there was an interested person transaction between the Company's wholly-owned subsidiary Jieyang City Rui Xing Plastic Packaging Company Limited and the Company's Chairman & CEO, Mr Zeng Hanming with the aggregate value of approximately RMB352,000.

In July 2016, Mr Zeng Hanming provided an advance of approximately RMB30.0 million to Jieyang City Rui Xing Plastic Packaging Company Limited, which is a 100% wholly-owned subsidiary of the Company. The advance is unsecured and interest-bearing at 4.5% per annum which is in line with the prevalent bank borrowing rate in China. The audit committee of the Company is of the view that the interested person transaction had been carried out on normal commercial terms and is not prejudicial to the interests of the Company and its minority shareholders.

When a potential conflict of interest arises, the Director concerned does not participate in discussions and refrains from exercising any influence over other members of the Board.

The AC will review all interested person transactions to be entered to ensure that the relevant rules under Chapter 9 of the Listing Manual of the SGX-ST are complied with.

The Board of Directors is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards, and Section 90 of the Companies Act 1981 of Bermuda, and for such internal control as management determines is necessary to enable the preparation of financial statement that are free from material statements, whether due to fraud or error.

In the opinion of the directors, the accompanying consolidated statement of financial position, the statement of financial position of the Company, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows, together with the notes thereon, are drawn up in accordance with and comply with International Financial Reporting Standards so as to present fairly the state of affairs of the Group and of the Company as at 31 October 2016 and of the results of the business, changes in equity and cash flows of the Group for the year ended on that date and as at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

## WARRANTS

On 7 December 2016, the Company issued 8,653,823 rights shares and 4,326,898 free detachable warrants. Each warrant carries the right to subscribe for one new ordinary share in the capital of the Company at an exercise price of S$1.05 and is exercisable during a three year period from the date of issue. The warrants will expire on 6 December 2019 (inclusive).

As at 13 January 2017, details of the outstanding warrants on the unissued ordinary shares of the Company are as follows:

| Date of issue of warrants | Exercise price per warrants | Warrants outstanding at 6 December 2016 | Warrants issued | Warrants exercised | Warrants outstanding at 13 January 2017 | Expiry date |
|---|---|---|---|---|---|---|
| 7/12/2016 | S$1.05 | 0 | 4,326,898 | 0 | 4,326,898 | 6/12/2019 |

# Independent Joint Auditors' Report

**TO THE MEMBERS OF**
**CHINA FLEXIBLE PACKAGING HOLDINGS LIMITED**
(Incorporated in the Bermuda with limited liability)

## REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying financial statements of China Flexible Packaging Holdings Limited (the "Company") and its subsidiaries (collectively, the "Group") set out on pages 38 to 88, which comprise the statements of financial position of the Group and the Company as at 31 October 2016, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information.

## MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards, and Section 90 of the Companies Act 1981 of Bermuda, and for such internal control as management determines is necessary to enable the preparation of financial statement that are free from material statements, whether due to fraud or error.

## AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## OPINION

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company present fairly, in all material respects, the financial position of the Group and the Company as at 31 October 2016 and the financial performance, changes in equity and cash flows of the Group for the year then ended in accordance with International Financial Reporting Standards.

## EMPHASIS OF MATTER

### (1) GOING CONCERN

Without qualifying our opinion, we draw attention to Note 2 to the consolidated financial statements which indicates that the Group incurred net losses of approximately RMB125.3 million (2015: RMB182.3 million) and generated negative cash flow from operating activities of the Group of approximately RMB73.5 million (2015: RMB10.0 million) for the financial year ended 31 October 2016. As at 31 October 2016, the Group has an outstanding bank loan of RMB40.0 million and loan of approximately RMB30.0 million by director, Mr Zeng Hanming, both of which are due within 12 months after year end and the Group had net current liabilities of RMB41.0 million at that date. As at 31 October 2016, the Group only has cash balances of approximately RMB14.7 million. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's and the Group's ability to continue as going concerns.

## EMPHASIS OF MATTER (CONTINUED)

### (1) GOING CONCERN (CONTINUED)

The Company's directors are of the view that the going concern assumption is appropriate and that the Group will have sufficient working capital to finance its operations in the next twelve months from the end of the reporting period, after taking into consideration of the following:

(i) Subsequent to year end, the Company completed the Rights cum Warrants Issue on 7 December 2016 and the Company had raised net proceeds of approximately S$6.1 million or RMB29.9 million. Further to the issuance of 4,326,898 Warrants, the Group could also potentially raise an additional of approximately S$4.5 million or RMB22.3 million in the event that all the Warrants are exercised;

(ii) the Company has prepared a cash flow forecast for the next 12 months after year end and is of the view that sufficient working capital will be available to the Group taking into account the proceeds from the above Rights cum Warrants Issue and Mr Zeng's confirmation that he will not demand immediate repayment of his loan (see point iii below);

(iii) the Chairman of the Board, Mr Zeng Hanming has agreed not to demand immediate repayment of his advance of approximately RMB30.0 million for the next 12 months after year end until such time when the Company has sufficient financial resources to do so. The Group also believes that external debt financing options are available;

(iv) the Group has closed down production from the less effective production line as an immediate measure to conserve cash balance; and

(v) the Group continues to implement measures to improve the Group's liquidity condition, including but not limited to, shortening receivable collection period, lowering inventory level and tightening cost controls over various selling and administrative expenses.

Our opinion is not qualified in respect of this matter.

### (2) SIGNIFICANT JUDGMENT ON IMPAIRMENT ASSESSMENT ESTIMATES AND ASSUMPTIONS

During the current financial year ended 31 October 2016, the Company has assessed and impaired an amount of RMB107.2 million on the carrying amount of its investment in its subsidiaries. As at 31 October 2016, the Group has assessed but did not reverse the impairment losses of its property, plant and equipment and land use rights notwithstanding that the recoverable amount was higher than the carrying amount of such assets as at 31 October 2016. The above impairment assessments were made based on the recoverable amounts and the significant estimates and assumptions as disclosed in Note 7. The recoverable amount is dependent on the assumptions made; and actual results are likely to be different from the estimates since anticipated events frequently do not occur as expected and the variation could be material. Our opinion is not qualified in this respect.

## OTHER MATTERS

This report, including the opinion, has been prepared for and only for you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

| **Cash and cash equivalents as at end of year** | *20* | **14,675** | 18,729 |

The accompanying notes form an integral part of these consolidated financial statements.

# Consolidated Statement of Cash Flows

*For the year ended 31 October 2016*

*Note A: An allowance for impairment on VAT receivable was recognised in relation to a full amount of VAT receivable accumulated in one of the operating subsidiaries in the People's Republic of China ("PRC"), namely Jieyang City Yuntong Plastic Packaging Co., Limited ("Yuntong").*

*VAT receivable relates to the accumulated net amounts from VAT payables (from sales) and VAT receivables (primarily from purchases of materials). The recoverability of the VAT receivable is dependent on future operations and sales of goods of Yuntong. The accumulated VAT receivable of Yuntong resulted mainly from the gross loss on sales over past years. Owing to the expiry of certain land use rights of Yuntong in September 2016, management has in the current financial year ended 31 October 2016 decided to shut down the production line no.3 (BOPP) permanently. As there are no foreseeable future sales to offset the VAT receivables, the VAT receivable of approximately RMB23.5 million has been fully impaired as at 31 October 2016.*

## 1. CORPORATE INFORMATION

The Company is incorporated as a limited liability company and is domiciled in Bermuda. The registered office of the Company is located at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda.

The principal activity of the Company is investment holding. The Company's subsidiaries are principally engaged in the manufacture and sale of plastic packaging films, synthetic papers and high barrier films in the People's Republic of China (the "PRC"), excluding Hong Kong and Macau. The Group sources its raw materials from suppliers in the PRC and distributes its products in the PRC. There were no significant changes in the nature of the Group's principal activities during the year.

The Company is listed on the Singapore Exchange Securities Trading Limited.

The consolidated financial statements of the Company were authorised and approved for issue in accordance with a resolution of the directors of the Company dated 24 January 2017.

## 2. GOING CONCERN

The Group incurred net losses of approximately RMB125.3 million (2015: RMB182.3 million) and generated negative cash flow from operating activities of the Group of approximately RMB73.5 million (2015: RMB10.0 million) for the financial year ended 31 October 2016. As at 31 October 2016, the Group has an outstanding bank loan of RMB40.0 million and loan of approximately RMB30.0 million by director, Mr Zeng Hanming, both of which are due within 12 months after year end and the Group had net current liabilities of RMB41.0 million at that date. As at 31 October 2016, the Group only has cash balances of RMB14.7 million.

These events and conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern and hence, its ability to realise its assets and discharge its liabilities in the normal course of business. Nevertheless, the Company prepared the financial statements based on the assumption that the Group can be operated as a going concern and is of the view that the Group will have sufficient working capital to finance its operations in the next twelve months from the end of the reporting period, after taking into consideration of the following:

(i) Subsequent to year end, the Company completed the Rights cum Warrants Issue on 7 December 2016 and the Company had raised net proceeds of approximately S$6.1 million or RMB29.9 million. Further to the issuance of 4,326,898 Warrants, the Group could also potentially raise an additional of approximately S$4.5 million or RMB22.3 million in the event that all the Warrants are exercised;

(ii) the Company has prepared a cash flow forecast for the next 12 months after year end and is of the view that sufficient working capital will be available to the Group taking into account the proceeds from the above Rights cum Warrants Issue and Mr Zeng's confirmation that he will not demand immediate repayment of his loan (see point iii below);

(iii) the Chairman of the Board, Mr Zeng Hanming has agreed not to demand immediate repayment of his advance of approximately RMB30.0 million for the next 12 months after year end until such time when the Company has sufficient financial resources to do so. The Group also believes that external debt financing options are available;

(iv) the Group has closed down production from the less effective production line as an immediate measure to conserve cash balance; and

(v) the Group continues to implement measures to improve the Group's liquidity condition, including but not limited to, shortening receivable collection period, lowering inventory level and tightening cost controls over various selling and administrative expenses.

## 2. GOING CONCERN (CONTINUED)

Barring any unforeseen circumstance, the management of the Company believes that given the above financing/ business plans and operational measures, the Group will have sufficient cash resources to satisfy its future working capital and other financing requirements in next twelve months.

In addition, the management are of the opinion that the Group and the Company are able to meet their obligations for the next financial year as and when they fall due having regard to the sufficiency of cash flows estimated by the management. Based on the cash flow forecast prepared by management for the next twelve months from the end of the reporting period, the management have estimated that adequate liquidity exists to finance the working capital requirements of the Group for the next financial year. In reviewing the cash flow forecasts, the management have considered the cash requirements of the Group as well as other key factors, including the ability of the Group to generate sufficient revenue to satisfy the Group's future working capital needs, which may impact the operations of the Group during the next financial year. The management is of the opinion that assumptions which are included in the cash flow forecasts are reasonable.

The directors believe that the Group and the Company will have sufficient cash resources to satisfy their working capital requirements for at least the next financial year. Accordingly, the management considers it appropriate that these financial statements should be prepared on a going concern basis and do not include any adjustments that would be required should the Group and the Company fail to continue as a going concern.

## 3. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS

On 1 November 2015, the Group has adopted all the new and amended IFRS and interpretations from International Financial Reporting Interpretations Committee ("IFRICs") that are mandatory for application from that date. The amended IFRS and IFRIC are not relevant to the Group and the adoption of these amended RFSs did not result in substantial changes to the Group's accounting policies and had no material effect on the amounts reported for the current or prior financial years.

## 4. INTERNATIONAL FINANCIAL REPORTING STANDARDS NOT YET EFFECTIVE

The Group has not applied the following new and revised IFRSs that have been issued but are not yet effective:

| | |
|---|---|
| IAS 1 (Amendments) | Disclosure Initiatives[1] |
| IFRS 9 | Financial Instruments[2] |
| IFRS 15 | Revenue from Contracts with Customers[2] |
| IFRS 16 | Leases[3] |
| IFRIC Interpretation 22 | Foreign Currency Transactions and Advance Consideration[2] |

[1] *effective for annual periods beginning on or after 1 January 2016*
[2] *effective for annual periods beginning on or after 1 January 2018*
[3] *effective for annual periods beginning on or after 1 January 2019*

The Group has not early applied these new and revised IFRSs and IFRICs that have been in issue but are not yet effective. The directors do not anticipate that the application of these new and revised IFRSs and IFRICs will have a material impact on the financial statements of the Group and the Company except for the following which may be relevant to the Group and may have a significant effect on the consolidated financial statements in future financial periods.

## 4. INTERNATIONAL FINANCIAL REPORTING STANDARDS NOT YET EFFECTIVE (CONTINUED)

### IAS 1 (AMENDMENTS) DISCLOSURE INITIATIVES

The amendments to IAS 1 Presentation of Financial Statements clarify that materiality applies to the whole of financial statements and that the inclusion of immaterial information can inhibit the usefulness of financial disclosures. Furthermore, the amendments clarify that companies should use professional judgement in determining where and in what order information is presented in the financial disclosures. These amendments are effective from annual periods beginning on or after 1 January 2016. The directors are currently assessing the impact to the consolidated financial statements in future financial periods.

### IFRS 9 FINANCIAL INSTRUMENTS

IFRS 9 replaces IAS 39 Financial Instruments: Recognition and Measurement and it is a package of improvements introduced by IFRS 9 includes a logical model for classification and measurement, a single, forward-looking "expected loss" impairment model and a substantially reformed approach to hedge accounting. IFRS 9 is effective for annual periods beginning on or after 1 January 2018. The Group is currently assessing the impact to the consolidated financial statements.

### IFRS 15 REVENUE FROM CONTRACTS WITH CUSTOMERS

IFRS 15 requires the entity to recognise revenue which depicts transfer of promised goods or services to customers in an amount that reflects the consideration (payment) to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 is effective for annual periods beginning on or after 1 January 2018. The directors are currently assessing the impact to the consolidated financial statements in future financial periods.

### IFRS 16 LEASES

IFRS 16 specifies how an IFRS reporter will recognise, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17. IFRS 16 is effective for annual periods beginning on or after 1 January 2019. The directors are currently assessing the impact to the consolidated financial statements in future financial periods.

### IFRIC INTERPRETATION 22 FOREIGN CURRENCY TRANSACTIONS AND ADVANCE CONSIDERATION

This Interpretation provides requirements about which exchange rate to use in reporting foreign currency transactions (such as revenue transactions) when payment is made or received in advance.

The Interpretations are effective from 1 January 2018.

On initial application, entities would have the option of applying the Interpretations either retrospectively or prospectively in accordance with IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors. The Group is currently assessing the impact.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### (A) BASIS OF PREPARATION

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards.

The consolidated financial statements have been prepared on the historical cost basis, except as otherwise stated in the consolidated financial statements. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

The consolidated financial statements are presented in Renminbi ("RMB") which is the functional currency of the Company and most of its subsidiaries. All financial information presented in RMB has been rounded to the nearest thousand ("RMB'000"), unless otherwise stated.

### (B) BASIS OF CONSOLIDATION

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

The results of subsidiaries acquired or disposed of during the year, if any, are included in the consolidated statement of profit or loss and other comprehensive income from the effective date of acquisition or up to the effective date of disposal, as appropriate.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (B) BASIS OF CONSOLIDATION (CONTINUED)

All inter-company balances and significant inter-company transactions and resulting unrealised profits or losses are eliminated on consolidation and the consolidated financial statements reflect external transactions and balances only.

### (C) BUSINESS COMBINATION

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the Group. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Costs related to the acquisition, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

Any contingent consideration payable is recognised at fair value at the acquisition date. If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity. Otherwise, subsequent changes to the fair value of the contingent consideration are recognised in profit or loss.

When share-based payment awards (replacement awards) are required to be exchanged for awards held by the acquiree's employees (acquiree's awards) and relate to past services, then all or a portion of the amount of the acquirer's replacement awards is included in measuring the consideration transferred in the business combination. This determination is based on the market-based value of the replacement awards compared with the market-based value of the acquiree's awards and the extent to which the replacement awards relate to past and/or future service.

Goodwill is stated after separate recognition of identifiable intangible assets. It is calculated as the excess of the sum of a) fair value of consideration transferred; b) the recognised amount of any non-controlling interest in the acquiree; and c) acquisition-date fair value of any existing equity interest in the acquiree, over the acquisition date fair values of identifiable net assets. If the fair values of identifiable net assets exceed the sum calculated above, the excess amount (i.e. gain on a bargain purchase) is recognised in profit or loss immediately.

### (D) SUBSIDIARIES

Subsidiaries are entities controlled by the Group. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value as at the date that control is lost. Subsequently it is accounted for as an equity accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

Investments in subsidiaries are stated in the Company's statement of financial position at cost less accumulated impairment losses. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (E) PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Dismantlement, removal or restoration costs are included as part of the cost of property, plant and equipment if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the asset.

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Group and the cost can be measured reliably. The carrying amount of the replaced component is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation is calculated using the straight-line method to allocate the depreciable amount of property, plant and equipment to their estimated useful lives as follows:

| | |
|---|---|
| Leasehold buildings | 15 – 20 years or over the lease terms, whichever is shorter |
| Plant and machinery | 10 years |
| Motor vehicles | 10 years |
| Furniture, fixtures and office equipment | 5 years |
| Leasehold improvements | 5 years |

Depreciation methods, useful lives and residual values are reviewed and adjusted as appropriate as at the end of each reporting period.

The gain on disposal or retirement of property, plant and equipment recognised in the consolidated statement of profit or loss and other comprehensive income is the difference between the net sales proceeds and the carrying amount of the relevant asset.

### (F) LAND USE RIGHTS

Land use rights classified as intangible assets are stated at cost less accumulated amortisation and any impairment losses. Amortisation is calculated on the straight-line basis to write off the cost of the land use rights over its land use rights period of 50 years for which the rights are attached to therein.

### (G) FINANCIAL INSTRUMENTS

#### FINANCIAL ASSETS

Financial assets can be divided into the following categories: financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables and available-for-sale financial assets. Financial assets are assigned to the different categories by management on initial recognition, depending on the purpose for which the investments were acquired. The designation of financial assets is re-evaluated and classification may be changed as at the end of the reporting period with the exception that the designation of financial assets at fair value through profit or loss is not revocable.

All financial assets are recognised on their trade date – the date on which the Group commits to purchase or sell the asset. Financial assets are initially recognised at fair value, plus directly attributable transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (G) FINANCIAL INSTRUMENTS (CONTINUED)

#### FINANCIAL ASSETS (CONTINUED)

Derecognition of financial assets occurs when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

An assessment for impairment is undertaken at least as at the end of the reporting period whether or not there is objective evidence that a financial asset or a group of financial assets is impaired. Appropriate allowances for estimated irrecoverable amounts are recognised in profit or loss when there is objective evidence that the assets are impaired. The allowances recognised is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate computed at initial recognition.

Non-compounding interest and other cash flows resulting from holding financial assets are recognised in profit or loss when received, regardless of how the related carrying amount of financial assets is measured.

The Group did not hold any financial assets at fair value through profit or loss, held-to-maturity investments or available-for-sale financial assets during the financial year.

*Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides goods or services directly to a debtor with no intention of trading the receivables. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period which are classified as non-current assets.

Loans and receivables are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less provision for impairment. Any change in their value is recognised in profit or loss.

Any reversal shall not result in a carrying amount that exceeds what the amortised cost would have been had any impairment loss not been recognised as at the date the impairment is reversed. Any reversal is recognised in profit or loss.

Receivables are provided against when objective evidence is received that the Group will not be able to collect all amounts due to it in accordance with the original terms of the receivables. The amount of the write-down is determined as the difference between the assets's carrying amount and the present value of estimated future cash flows.

The Group's loans and receivables comprise accounts receivable, deposits and cash and cash equivalents.

*Cash and cash equivalents*

Cash and cash equivalents comprise cash and bank balances. For the purpose of the consolidated statement of cash flows, pledged bank balances are excluded from cash and cash equivalents.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (G) FINANCIAL INSTRUMENTS (CONTINUED)

#### FINANCIAL LIABILITIES

The Group's financial liabilities include accounts payable, accruals, other payables, amount due to director and short-term bank loan.

Financial liabilities are recognised when the Group becomes a party to the contractual agreements of the instrument. All interest-related charges are recognised as an expense in the consolidated statement of profit or loss and other comprehensive income.

Financial liabilities are initially measured at fair value, and subsequently measured at amortised cost, using the effective interest rate method.

Financial liabilities are derecognised if the Group's obligations specified in the contract expire or are discharged or cancelled.

#### OFFSETTING FINANCIAL INSTRUMENTS

Financial assets and liabilities are offset and the net amount presented in the consolidated statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

### (H) IMPAIRMENT OF NON-CURRENT ASSETS

The carrying amounts of the Group's non-financial assets are reviewed as at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. If it is not possible to estimate the recoverable amount of the individual asset, then the recoverable amount of the cash-generating unit to which the assets belong will be identified.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). As a result, some assets are tested individually for impairment and some are tested at cash-generating unit level.

Individual assets or cash-generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the assets or cash-generating unit's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs of disposal and value in use, based on an internal discounted cash flow evaluation. Impairment losses are recognised in profit or loss.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount or when there is an indication that the impairment loss recognised for the asset no longer exists or decreases. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (I) INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and a proportion of manufacturing overheads based on normal operating capacity but excluding borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

### (J) EMPLOYEE BENEFITS

#### SHORT-TERM EMPLOYEE BENEFITS

Short-term benefit obligations, including accumulated compensated absences, are measured on an undiscounted basis and are expensed as the related service is provided.

A provision is recognised for the amount expected to be paid under short-term cash bonuses if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### DEFINED CONTRIBUTION PLANS

The Group pays contributions to defined contribution plans which are post-employment benefit plans under which the Group pays fixed contributions into publicly or privately administered pension insurance entities. The Group has no further payment obligations once the contributions have been paid. Obligations for contributions to defined contribution pension plans are recognised as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

### (K) OPERATING LEASES

Rentals payable under operating leases are recognised in profit or loss on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

### (L) FOREIGN CURRENCY

#### (A) FOREIGN CURRENCY TRANSACTIONS

Foreign currency transactions are translated to the respective functional currencies of Group entities at exchange rates as at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies as at the end of the reporting period are retranslated to the functional currency at the exchange rate as at the end of the reporting period.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of transaction.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (L) FOREIGN CURRENCY (CONTINUED)

#### (A) FOREIGN CURRENCY TRANSACTIONS (CONTINUED)

Foreign currency differences arising on translation are recognised in profit or loss except for differences arising from the translation of monetary items that in substance form part of the Group's net investment in a foreign operation, which are recognised initially in a separate component of equity as foreign currency translation reserve in the consolidated statement of financial position and recognised in the consolidated statement of profit or loss and other comprehensive income on disposal of the foreign operation. In the Group entities' respective financial statements, such exchange differences are recognised in profit or loss.

#### (B) FOREIGN OPERATIONS

The assets and liabilities of foreign operations are translated to RMB at exchange rates as at the end of the reporting period.

The income and expenses of foreign operations are translated to RMB at average exchange rates. None of the Group entities has the currency of a hyper-inflationary economy.

All resultant currency translation differences are recognised in foreign currency translation reserve in other comprehensive income. When a foreign operation is disposed of, in part or in full, the relevant amount in foreign currency translation reserve is transferred to profit or loss. However, if the operation is a non-wholly-owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the non-controlling interests. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests.

### (M) INCOME TAXES

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current taxation is provided at tax rates enacted or substantively enacted as at the end of the reporting period, and any adjustment to tax payable in respect of prior years.

Deferred taxation is provided at the current taxation rate on all temporary differences existing as at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of an asset or liability in a transaction that is not a business combination and that affects neither accounting nor taxable profit, and differences relating to investments in subsidiaries and jointly-controlled entities to the extent that the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted as at the end of the reporting period.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (M) INCOME TAXES (CONTINUED)

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authorities on the same taxable entity, or on different tax entities, provided they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed as at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

### (N) KEY MANAGEMENT PERSONNEL

Key management personnel of the Group are those persons having the authority and responsibility for the planning, directing and controlling the activities of the Group. Key management personnel include the directors and senior management of the Group.

### (O) RELATED PARTY TRANSACTIONS

A related party is a person or entity that is related to the Group.

(a) A person or a close member of that person's family is related to the Group if that person:

(i) has control or joint control over the Group;

(ii) has significant influence over the Group; or

(iii) is a member of the key management personnel of the Group or of a parent of the Group.

(b) An entity is related to the Group if any of the following conditions applies:

(i) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);

(ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);

(iii) Both entities are joint ventures of the same third party;

(iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;

(v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group;

(vi) The entity is controlled or jointly controlled by a person identified in (a);

(vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and

(viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the true Group.

## 5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (O) RELATED PARTY TRANSACTIONS (CONTINUED)

A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

Close family members of an individual are those family members who may be expected to influence by, that person in their dealings with the entity.

### (P) EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

### (Q) REVENUE RECOGNITION

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, goods and services taxes or other sales taxes, trade discounts and volume rebates. Revenue is recognised when the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods. Transfer of risks and rewards occurs when the goods are received by the customer.

### (R) INTEREST INCOME

Interest income is recognised on a time proportion basis using the effective interest rate method.

### (S) DIVIDEND DISTRIBUTION

Final dividends proposed by the directors are not accounted for in shareholders' equity as an appropriation of retained profit, until they have been approved by the shareholders in a general meeting. When these dividends have been approved by the shareholders and declared, they are recognised as a liability.

Interim dividends are recognised directly as a liability when they are proposed and declared, because of the articles of association of the Company grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised directly as a liability when they are proposed and declared.

### (T) SEGMENT REPORTING

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker has been identified as Group Executive Chairman who makes strategic resources allocation decisions.

### (U) CURRENT ASSETS AND LIABILITIES

Current assets are expected to be realized within twelve months of the reporting date or in the normal course of the operating cycle. Current liabilities are expected to be settled within twelve months of the reporting date or in the normal course of the operating cycle.

## 6. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of consolidated financial statements in conformity with IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgment about carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The critical accounting estimates and assumptions used are detailed below:

### CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

#### (A) IMPAIRMENT OF INVESTMENTS IN SUBSIDIARIES *(NOTE 14)*

Investments in subsidiaries are tested for impairment when there are indicators that the carrying amounts may not be recoverable or indications that an impairment loss recognised in prior periods may no longer exist or may have decreased as at the end of the reporting period. Recoverable amount is defined as the higher of an asset's or cash generating unit's fair value less costs of disposal and its value-in-use.

In making this judgment, the Group determined the recoverable amount of the cash-generating units using fair value less disposal cost of the cash-generating unit as it was higher than value in use in respect of property, plant and equipment and land use rights and the realization of net assets as at 31 October 2016. The assumption applied in the fair valuation assessment is disclosed in Note 7. The net assets after the fair valuation assessment of the investment in subsidiaries are disclosed in Note 14.

#### (B) USEFUL LIVES OF PROPERTY, PLANT AND EQUIPMENT *(NOTE 15)*

Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives. Management estimates the useful lives of plant and equipment to be within the range as indicated in the accounting policy for plant and equipment and depreciation. Changes in the expected level of usage and technological obsolescence could impact the economic useful lives of these assets, leading to potential changes in future depreciation charges, impairment losses and/or write-offs. As at 31 October 2016, a 10% difference in the estimated useful lives of property, plant and equipment would result in an increase/decrease in the Group's result by approximately RMB2,653,000 (2015: RMB3,070,000).

#### (C) IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS *(NOTES 7, 15 AND 16)*

Property, plant and equipment and land use rights are reviewed to determine whether there is any indication that the carrying value of these assets may not be recoverable and have suffered an impairment loss or indications that an impairment loss recognised in prior periods may no longer exist or may have decreased as at the end of the reporting period. If any such indication exists, the assets are tested for impairment. The recoverable amount of the assets is estimated in order to determine the extent of the impairment loss or reversal of impairment loss, if any. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

## 6. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS (CONTINUED)

### CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS (CONTINUED)

#### (D) FAIR VALUE MEASUREMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS *(NOTES 7, 15 AND 16)*

In regard to the impairment assessment in Note 6 (a) and 6 (c), an independent valuation was performed by the valuers to determine the fair value less cost of disposal of the Group's property, plant and equipment and land use rights. The fair value of the land use right was determined based on the market comparable approach that reflects recent transaction prices for similar properties (Level 2 valuation). The fair value of building was determined using depreciated replacement cost approach (Level 3 valuation). This approach was based on an estimate of the cost of reproduce with allowance for accrued depreciation as evidenced by observed condition or obsolesce present in the properties. The fair value of machinery and equipment were determined based on established used market comparable. In the absence of market comparable, the fair value was determined based on cost to reproduce or replacement under new condition with current market prices for similar assets, with allowance for accrued depreciation arising from the conditions, utility, age, wear and tear, or obsolescence present (physical, functional or economic), taking into consideration past and present maintenance policy and rebuilding history (Level 3 valuation). The recoverability of these amounts is dependent on the assumptions; and actual results are likely to be different from the estimates since anticipated events frequently do not occur as expected and the variation could be material.

The critical accounting judgments are detailed below:

### CRITICAL ACCOUNTING JUDGMENTS

#### (A) INCOME TAXES *(NOTE 12)*

Significant judgment is required in determining the provision for income taxes. The Group recognises, as current liabilities, liabilities for anticipated tax issues based on estimates of whether additional taxes will eventually be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

## 7. IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS

### FY2016

No impairment loss or reversal was recognised in FY 2016 in relation to the Group's non-current assets. The details of the rationale are described below.

For the purpose of the Circular in relation to the Rights cum Warrants Issue exercise and impairment testing for the year end date as required by the International Accounting Standards No. 36 ("IAS 36"), the Company commissioned Peak Vision Appraisals Limited ("Peak Vision"), an independent valuer, which is a Registered Professional Surveyor and Registered Business Valuer, to assess the fair value less costs of disposal of the Group's non-current assets as at the period ended 31 July 2016, and further review for the year ended 31 October 2016 using the same basis and methodology. Peak Vision was of the opinion that there was no material difference between the fair value less costs of disposal of the Group's non-current assets as at the above two valuation dates.

There was a surplus in the fair value less cost of disposal of approximately RMB15.0 million to the carrying value of the Group's non-current assets as at the year ended 31 October 2016. The surplus in the Group's non-current assets comprising of (i) approximately RMB14.3 million arising from property, plant and equipment and (ii) approximately RMB0.7 million arising from land use rights.

The value of the impairment reversal ascribes to fair value less costs of disposal ("FVLCD") valuation basis. FVLCD amount was determined as the recoverable amount of the Group's non-current assets including property, plant and equipment and land use rights.

## 7. IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS (CONTINUED)

### FY2016 (CONTINUED)

The surplus of the recoverable amount to the carrying value represented that the impairment loss recognised in prior years may have decreased and hence an impairment reversal may needed. The calculation of impairment reversal is as follows:

| | As at 31 October 2016 RMB'000 |
|---|---|
| Carrying amount of: | |
| Property, plant and equipment | **131,171** |
| Land use rights | **50,019** |
| | **181,190** |
| FVLCD of: | |
| Property, plant and equipment | **145,473** |
| Land use rights | **50,722** |
| | **196,195** |
| Surplus of FVLCD over the carrying amount of: | |
| Property, plant and equipment | **14,302** |
| Land use rights | **703** |
| | **15,005** |

Notwithstanding the surplus, management considered number of factors including the fact that the surplus was insignificant to the carrying amount of the non-current assets, as well as the performance potential of the Group's non-current assets has not increased from the same plant and machineries being in use. Also in accordance with IAS 36, as there had been no change in the estimates used in determining the FVLCD, the management therefore determined that no reversal of impairment had to be made on the carrying values of the Group's non-current assets during the year ended 31 October 2016.

### FY2015

During the year ended 31 October 2015, the Group recognised substantial loss from operation and deficit in cash flow from operating activities. Under the requirements of IAS 36, the loss and negative operating cash flow are indicators of impairment which requires management to perform impairment testing of the Group's non-current assets. In view of the persistence of production issues and significant decline in profitability in the current year since the last financial year end, which were indicators of impairment under IAS 36, during the current year the Board conducted two comprehensive reviews on the carrying value of the Group's non-current assets respectively as at the interim period ended 30 April 2015 and financial year ended 31 October 2015. The Board commissioned Peak Vision Appraisals Limited ("Peak Vision"), an independent valuer, which is a Registered Professional Surveyor and Registered Business Valuer, to assess the carrying value of the Group's assets as of the respective period and year end date.

## 7. IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS (CONTINUED)

### FY2015 (CONTINUED)

According to the Peak Vision's valuation reports dated 28 December 2015, there was a shortfall of approximately RMB56.6 million to the carrying value of the Group's non-current assets as at the year ended 31 October 2015. The shortfall in the Group's non-current assets was a net amount comprising of (i) a shortfall of RMB72.4 million arising from property, plant and equipment and (ii) a surplus of RMB15.8 million arising from land use rights. The shortfall and surplus to the carrying value represented the need of recognising an impairment loss and reversal.

This is the first financial year that the Group determined the recoverable amount based on FVLCD. An independent valuation of the Group's property, plant and equipment was performed by independent valuer not connected with the Group, who have appropriate qualifications and recent experience in the fair value measurement of the properties to determine the fair value of the property, plant and equipment as at 31 October 2015.

An impairment loss of RMB56.6 million was recognized during year ended 31 October 2015 in relation to the Group's non-current assets based on the impairment assessment by management. The calculation of impairment loss and reversal of impairment loss is as follows:

| | As at 31 October 2015 RMB'000 |
|---|---|
| Carrying amount of: | |
| – Property, plant and equipment | 230,108 |
| – Land use rights | 35,647 |
| | 265,755 |
| FVLCD of: | |
| – Property, plant and equipment | 157,706 |
| – Land use rights | 51,434 |
| | 209,140 |
| Shortfall/(surplus) of FVLCD over the carrying amount of: | |
| – Property, plant and equipment | 72,402 |
| – Land use rights | (15,787) |
| | 56,615 |

The shortfall arising from property, plant and equipment during year ended 31 October 2015 was mainly due to the following factors;

(i) the operation of the production lines in Yuntong may be permanently closed down in 2016 according to the management plan, as a result the machineries which will be abandoned were apprised on dismantling and disposal basis;

## 7. IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS (CONTINUED)

### FY2015 (CONTINUED)

(ii) unexpected deterioration of operating and economic performance of the production line no. 3 at Yuntong;

(iii) changing technology in the machineries and facilities in the industry; and

(iv) changing market demand in all segments.

The surplus arising from land use rights during year ended 31 October 2015 was mainly due to the following factors;

(i) the use of the higher of FVLCD and VIU. In the last financial year, the recoverable amount of the land use rights was determined based on a VIU (which was higher than FVLCD) on the Group's cash-generating units, in which cash flow projections for the Group's business were used in the calculation and the resulting shortfall was allocated to land use rights on a pro-rata basis. In 2015, the FVLCD was higher than VIU. This resulted in the surplus and hence reversal of impairment loss in land use rights; and

(ii) appreciation in value in the prevailing land lease market in the People's Republic of China.

The impairment loss is a non-cash flow item and is not expected to have any adverse impact on the operations of the Group.

### MEASUREMENT OF FAIR VALUES

The fair valuation of the assets had taken into consideration the cost of disposal as required under IAS 36. The following table analyses the non-financial assets carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical asset.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3 – Inputs for the asset that are not based on observable market data (that is, unobservable inputs).

| | Fair value measurements at 31 October 2016 | | |
|---|---|---|---|
| | Level 2 RMB'000 | Level 3 RMB'000 | Total RMB'000 |
| Land use rights | **50,720** | **2** | **50,722** |
| Leasehold buildings | **–** | **94,118** | **94,118** |
| Plant and machinery | **–** | **51,246** | **51,246** |
| Others | **–** | **109** | **109** |
| | **50,720** | **145,475** | **196,195** |

## 7. IMPAIRMENT OF PROPERTY, PLANT AND EQUIPMENT AND LAND USE RIGHTS (CONTINUED)

### MEASUREMENT OF FAIR VALUES (CONTINUED)

| | Fair value measurements at 31 October 2015 | | |
|---|---|---|---|
| | Level 2 RMB'000 | Level 3 RMB'000 | Total RMB'000 |
| Land use rights | 51,360 | 74 | 51,434 |
| Leasehold buildings | – | 100,966 | 100,966 |
| Plant and machinery | – | 56,606 | 56,606 |
| Others | – | 134 | 134 |
| | 51,360 | 157,780 | 209,140 |

#### VALUATION TECHNIQUES USED TO DERIVE LEVEL 2 FAIR VALUES

Level 2 fair values of land use rights have been derived using the sales comparison approach. Sales prices of comparable land in close proximity are adjusted for differences in key attributes such as property size. The most significant input into this valuation is price per square meter. The average price per square meter is RMB391.70 (2015: RMB396.63). If the price per square meter of the valuation increase/decrease by 5% from the independent valuer, the valuation of land use right will increase/decrease by approximately RMB2.54 million (2015: 2.57 million).

#### FAIR VALUE MEASUREMENTS USING SIGNIFICANT UNOBSERVABLE INPUTS (LEVEL 3)

Level 3 fair value of the properties were determined using the cost approach that reflects the cost to a market participant to construct assets of comparable utility and age, adjusted for obsolescence. The significant inputs include the estimated construction costs and other ancillary expenditure, and a depreciation factor applied to the estimated construction cost. An increase in the depreciation factor would result in a decrease in fair value of the properties, and an increase in the estimated construction costs would result in an increase in the fair value of the properties by approximately RMB4.71 million (2015: RMB5.05 million), and vice versa.

The fair value of the plant and machinery was determined based on the reproduction/replacement cost approach which estimated based on current market cost of new asset having the nearest equivalent utility as the asset being appraised and current cost of reproducing a new replica of an asset with the same or closely similar materials. Physical deterioration is the loss in value of an assets from wear and tear of an asset in operation and exposure to various elements. Part of the plant and machinery was determined based on dismantlement and removal basis due to the expiry of land use right and the advanced age of machinery (Level 3 valuation). The fair valuation takes into consideration of those machineries that cannot be relocated and which are therefore assessed at their scrap values and the associated dismantling cost incurred to remove the assets from its present location. The most significant input into this valuation is the depreciation factor, an increase/decrease of the depreciation factor by 5% will increase the valuation of the plant and machinery will increase/decrease by approximately RMB3.35 million (2015: RMB2.94 million).

In financial year 2015, part of the land use rights and leasehold buildings was determined based on capitalization of the hypothetical and reasonable market rents up to the expiry of the land use term due to the short land use term which is expiring on 7 September 2016. The significant input includes the market monthly rental of comparable lands and buildings in close proximity adjusted for differences in key attribute such as property size. The most significant input into this valuation is average rental per square foot which is approximated RMB5.20 per square foot. An increase in the average rental would result in an increase in the fair value of the lands and buildings by approximately RMB49,700, and vice versa.

## 8. FINANCIAL INSTRUMENTS

### (A) CATEGORIES OF FINANCIAL INSTRUMENTS

| | Group | | Company | |
|---|---|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 | **2016 RMB'000** | 2015 RMB'000 |
| Financial assets | | | | |
| Loan and receivables: | | | | |
| – Accounts receivable | **9,465** | 30,744 | **–** | – |
| – Deposits | **144** | 118 | **–** | – |
| – Cash and cash equivalents | **14,675** | 18,729 | **845** | 297 |
| | **24,284** | 49,591 | **845** | 297 |
| Financial liabilities | | | | |
| Amortised cost: | | | | |
| – Accounts payable | **505** | 1,750 | **–** | – |
| – Accruals and other payables | **4,638** | 4,971 | **162** | 163 |
| – Amount due to Director | **30,352** | – | **–** | – |
| – Short-term bank loan | **40,000** | – | **–** | – |
| | **75,495** | 6,721 | **162** | 163 |

### (B) FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Board of Directors has overall responsibility for the establishment and oversight of the Group's and Company's risk management framework. The Group's and Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Group and the Company do not hold or issue derivative financial instruments for trading purposes or to hedge against fluctuations, if any, in interest rates and foreign exchange.

## 8. FINANCIAL INSTRUMENTS (CONTINUED)

### (C) MARKET RISK

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

#### FOREIGN CURRENCY RISK

The Group and the Company has exposure to foreign currency risk in respect of the bank balances denominated in Hong Kong dollars ("HKD"), United States dollars ("USD") and Singapore dollars ("SGD").

The Group's and the Company's exposures to foreign currencies are as follows:

| | Group | | Company | |
|---|---|---|---|---|
| **RMB equivalent** | **2016 RMB'000** | 2015 RMB'000 | **2016 RMB'000** | 2015 RMB'000 |
| HKD *(Note 20)* | **1,116** | 1,095 | **–** | 5 |
| USD *(Note 20)* | **66** | 65 | **3** | 3 |
| SGD *(Note 20)* | **843** | 289 | **842** | 289 |
| Net currency exposure | **2,025** | 1,449 | **845** | 297 |

*Sensitivity analysis – Foreign currency risk*

As at 31 October 2016, a 10% (2015: 10%) strengthening of the above currencies against the functional currencies of the respective subsidiaries of the Group and the Company would have decreased loss before taxation and equity (2015: increased profit before taxation and equity) by the amounts shown in the following table. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant and does not take into account the associated tax effects.

As at 31 October 2016, a 10% (2015: 10%) weakening of the above currencies against the functional currencies of the respective subsidiaries of the Group and the Company would have an equal but opposite effect to the amounts shown in the following table, on the basis that all other variables remain constant.

## 8. FINANCIAL INSTRUMENTS (CONTINUED)

### (C) MARKET RISK (CONTINUED)

#### FOREIGN CURRENCY RISK (CONTINUED)

*Sensitivity analysis – Foreign currency risk (continued)*

**Group – 2016**

| **RMB equivalent** | **HKD RMB'000** | **USD RMB'000** | **SGD RMB'000** | **Total RMB'000** |
|---|---|---|---|---|
| RMB weakened<br>Decrease in loss before taxation and equity | **112** | **6** | **84** | **202** |

Group – 2015

| RMB equivalent | HKD RMB'000 | USD RMB'000 | SGD RMB'000 | Total RMB'000 |

|---|---|---|---|---|
| RMB weakened<br>Decrease in loss before taxation and equity | – | – | 29 | 29 |

#### INTEREST RATE RISK

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group is exposed to interest rate risk in respect of bank balances earning interest at variable rates and borrowings obtained at variable rates.

## 8. FINANCIAL INSTRUMENTS (CONTINUED)

### (C) MARKET RISK (CONTINUED)

#### INTEREST RATE RISK (CONTINUED)

As at 31 October 2016, for bank balances earning interest and borrowings obtained at variable rates, an increase of 50 basis points (2015: 50 basis points) in interest rate would decrease the Group's loss before taxation and equity (2015: decrease the Group's loss before taxation and equity) by approximately RMB277,000 (2015: RMB94,000). A decrease of 50 basis points (2015: 50 basis points) in interest rate would have an equal but opposite effect. The magnitude represents management's assessment of the likely movement in interest rates under normal economic conditions. This analysis has not taken into account the associated tax effects and assumes that all other variables, in particular foreign currency rates, remain constant.

### (D) EQUITY PRICE RISK

The Group is not exposed to any movement in equity price risk as it does not hold any quoted or marketable financial instruments.

### (E) CREDIT RISK

Credit risk refers to the risk that counterparties may default on their contractual obligations resulting in financial loss to the Group. The Group's exposure to credit risk arises primarily from accounts and other receivables.

The Group manages these risks by monitoring credit-worthiness of counterparties and limiting the aggregate risk to any individual counterparty.

The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from such defaults. The Group does not require collateral from its customers.

Bank balances are placed with reputable financial institutions of high credit rating.

The Group establishes an allowance for impairment that represents its estimate of incurred losses in respect of accounts and other receivables. The main component of this allowance is a specific loss component that relates to individually significant exposures. The allowance account in respect of accounts receivable and other receivables is used to record impairment loss unless the Group is satisfied that no recovery of the amount owing is possible. At that point, the financial asset is considered irrecoverable and the amount charged to the allowance account is written off against the carrying amount of the impaired financial asset.

As at the end of the reporting period, the Group's and the Company's maximum exposure to credit risk which will cause a financial loss to the Group and the Company due to the failure to discharge an obligation by the counterparties is arising from the carrying amount of the respective financial assets as stated in the statements of financial position of the Group and the Company. There is no significant concentration of credit risk, as the exposure is spread over a large number of counter-parties and customers unless otherwise disclosed in the notes to the consolidated financial statements. No other financial assets carry a significant exposure to credit risk.

As at 31 October 2016, no allowance was made in respect of the Group's accounts receivable after an assessment of the creditworthiness of the counterparties and credit quality and past collection history of the customers including current and potential disputes by customers on the quality of the Group's products *(Note 18)*.

As at 31 October 2016, 5 (2015:5) customers of one subsidiaries collectively accounted for approximately 45.7% (2015: 51.8%) of total net account receivables of the Group.

## 8. FINANCIAL INSTRUMENTS (CONTINUED)

### (F) LIQUIDITY RISK

Liquidity or funding risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Group manages liquidity risk by maintaining sufficient level of cash to meet its working capital requirement, monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The table below analyses the maturity profile of the Group's and the Company's financial liabilities based on contractual undiscounted cash flows. Refer to Note 2 on going concern assumptions which affects the liquidity assumptions of the Group and the Company.

**Group – 2016**

| | | **Contractual undiscounted cash flows** | | | |
|---|---|---|---|---|---|
| | **Carrying amount RMB'000** | **Total RMB'000** | **Less than 1 year RMB'000** | **Between 2 and 5 years RMB'000** | **Over 5 years RMB'000** |
| Accounts payable *(Note 23)* | **505** | **505** | **505** | **–** | **–** |

### (G) FAIR VALUES OF FINANCIAL INSTRUMENTS

The fair values of financial assets and financial liabilities are determined as follows:

The fair values of financial assets and financial liabilities with standard terms and conditions and trade in active markets are determined with reference to quoted market bid and ask prices respectively.

The Board of Directors considers that the carrying amounts of financial assets and financial liabilities recorded in the consolidated financial statements approximate to their fair value.

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

No analysis is disclosed since the Group has no financial instruments that are measured subsequent to initial recognition at fair value as at 31 October 2016 and 2015.

There were no transfers between level 1 and 2 for the years ended 31 October 2016 and 2015.

## 9. OPERATING SEGMENTS

For management reporting purposes, the Group is organised into the following reportable operating segments which are the Group's strategic business units as follows:

(a) Manufacturing and sales – involved in the manufacturing and sales of packaging products

(b) Corporate – includes corporate office which incurs general corporate expenses and inactive Group entities

Segment accounting policies are the same as the policies described in Note 5. There were no inter-segment transactions during the year (2015: Nil).

### SEGMENT REVENUE AND EXPENSES

Segment revenue and expenses are the operating revenue and expenses reported in the Group's consolidated statement of profit or loss and other comprehensive income that are directly attributable to a segment and the relevant portion of such revenue and expense that can be allocated on a reasonable basis to a segment.

### SEGMENT ASSETS AND LIABILITIES

Segment assets and liabilities include items directly attributable to a segment as well as those can be allocated on a reasonable basis. Capital expenditure includes the total cost incurred to acquire property, plant and equipment directly attributable to the segment.

The Group's Chairman and Chief Executive Officer ("CEO") monitors the operating results of its operating segments for the purpose of making decisions about resource allocation and performance assessment.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Group CEO.

## 9. OPERATING SEGMENTS

| | Manufacturing and sales of packaging product | | Corporate | | Total | |

| Impairment on VAT receivables | **23,451** | – | **–** | – | **23,451** | – |

## 9. OPERATING SEGMENTS (CONTINUED)

### GEOGRAPHICAL INFORMATION

The Group's operations are located in the PRC and all of the Group's products are sold to customers in the PRC. The Group's non-current assets are all based in PRC. Hence, no analysis by geographical area of operations is provided.

### INFORMATION ABOUT MAJOR CUSTOMERS

No information about major customers is presented as no single customer contributed over 10% of the total revenue of the Group during the current financial year (2015: Nil).

## 10. REVENUE

| | Group | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| Sales of plastic packaging products | **141,334** | 338,863 |

## 11. LOSS BEFORE TAXATION

The following items have been included in arriving at loss before taxation:

| | Group | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| Cost of inventories included in cost of sales | **199,949** | 419,424 |
| Depreciation of property, plant and equipment included in | | |
| – Cost of sales | **21,880** | 27,834 |
| – Administrative expenses | **2,344** | 2,865 |
| – Other operating expenses | **2,305** | – |
| | **26,529** | 30,699 |
| Amortisation of land use rights included in cost of sales | **1,415** | 1,189 |
| Auditors' remuneration *(Note (a))* | **1,317** | 1,271 |
| Operating lease expense | **492** | 411 |
| Provision for write-down of inventories to net realisable value | **–** | 1,861 |
| Allowance for impairment on VAT receivable | **23,451** | – |

## 11. LOSS BEFORE TAXATION (CONTINUED)

| | Group | |

| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| **Other expenses:** | | |
| Bank charges | **25** | 42 |
| Exchange loss | **32** | 67 |
| Fixed production costs during production shutdown period | **4,280** | – |
| Impairment on VAT receivables | **23,451** | – |
| Impairment loss on non-current assets | **–** | 56,615 |
| | **27,788** | 56,724 |

*Note:*

*(a) Non-audit fees HK$20,000 (2015: Nil) was paid to the external auditors of the Group during the years ended 31 October 2016.*

## 12. INCOME TAX EXPENSE

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| **Current tax expense** | | |
| Current year | **–** | – |

### RECONCILIATION OF EFFECTIVE TAX RATE

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Loss before taxation | **(125,358)** | (182,280) |
| Tax calculated at tax rate of 25% (2015: 25%) | **(31,340)** | (45,569) |
| Tax effect of different tax rates in other countries | **1,176** | 1,129 |
| Tax effect of non-deductible expenses | **276** | 299 |
| Tax effect of temporary differences not recognised | **3,520** | (9,469) |
| Tax effect of tax losses not recognised | **26,368** | 53,610 |
| | **–** | – |

The temporary difference not recognised mainly relates to impairment of non-current assets that were not recognised as deferred tax assets.

## 12. INCOME TAX EXPENSE (CONTINUED)

The Group has not recognised a deferred tax asset in respect of the deductible temporary differences and tax losses incurred during the financial years due to the unpredictability of future profit streams. As at 31 October 2016, the Group has unrecognised tax losses of approximately RMB1,410.72 million (2015: RMB1,313.41 million) which can be carried forward to offset future taxable profits. All tax losses will expire after five years from the year of assessment they relate to.

The unrecognised tax losses will expire as follows:

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Year 2017 | **161,518** | 161,518 |
| Year 2018 | **321,404** | 321,404 |
| Year 2019 | **665,140** | 665,140 |
| Year 2020 | **165,350** | 165,350 |
| Year 2021 | **97,306** | – |
| | **1,410,718** | 1,313,412 |

The subsidiaries are loss making and there is no deferred tax arising from the investment in subsidiaries.

## 13. LOSS PER SHARE

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Net loss for the year attributable to owners of the Company (A) | **(125,358)** | (182,280) |

| | Number of ordinary shares | |
|---|---|---|
| | **2016** | 2015 |
| Weighted average number of ordinary shares as at beginning and end of the year (B) *(Note)* | **4,860,956** | 4,860,956 |
| Basic and diluted loss per share (A)/(B) | **RMB(25.78)** | RMB(37.49) |

There were no dilutive potential ordinary shares in existence during the years ended 31 October 2016 and 2015, accordingly basic and diluted loss per share are the same.

*Note: On 7 December 2016, the Company completed the Rights cum Warrants Issue and had issued 8,653,823 rights shares and 4,326,898 warrants. Details of the subsequent disclosure are set out in Note 33.*

## 14. INVESTMENTS IN SUBSIDIARIES

| | Company | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Unquoted equity shares, at cost | **486,073** | 486,073 |
| Non-trade amounts due from subsidiaries | **567,623** | 571,279 |
| | **1,053,696** | 1,057,352 |
| Impairment loss on net investment in subsidiaries | **(900,292)** | (793,054) |
| | **153,404** | 264,298 |

The non-trade amounts owing by subsidiaries are an extension of the Company's net investment in the subsidiaries. These are unsecured, interest-free and are not expected to be repaid within one year. Because they represent net investments, with indeterminable repayments, fair valuation is not appropriate.

### IMPAIRMENT LOSS

During the financial years ended 31 October 2016 and 2015, having regard to the financial performance of certain subsidiaries that have been loss making since prior financial years, an impairment loss of approximately RMB107,238,000 (2015: RMB31,671,000) was recognised in respect of the Company's investments in these subsidiaries to reduce the carrying value of the investments to their recoverable amounts. The recoverable amounts of the investments were determined based on the FVLCD of property, plant and equipment and land use rights in consideration of the net current assets of subsidiaries which was higher than the VIU method. The assumption of the fair valuation of property, plant and equipment and land use rights are disclosed in Note 7.

## 14. INVESTMENTS IN SUBSIDIARIES (CONTINUED)

### IMPAIRMENT LOSS (CONTINUED)

The calculation of the impairment loss is as follows:

| | Company | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Unquoted equity shares, at cost | **486,073** | 486,073 |
| Non-trade amounts due from subsidiaries | **567,623** | 571,279 |
| Net investment in subsidiaries | **1,053,696** | 1,057,352 |
| Net assets*/FVLCD of subsidiaries: | | |
| Rui Xing | **108,894** | 189,213 |
| Yuntong | **44,510** | 75,085 |
| | **153,404** | 264,298 |
| Less: Interest-bearing liabilities | **–** | – |
| Net equity in subsidiaries | **153,404** | 264,298 |
| Provision for impairment loss on net investment in subsidiary | **900,292** | 793,054 |

* *The Net Assets consist of the recoverable amount of the property, plant and equipment and land use rights which are based on the independent valuation reports using fair value less cost to sell and includes the net current assets of subsidiaries concerned.*

The movement of the provision for impairment loss on the investments during the years ended 31 October 2016 and 2015 is as follows:

| | Company | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| As at 1 November | **793,054** | 761,383 |
| Provision for impairment loss during the year *(Note 6 (a))* | **107,238** | 31,671 |
| As at 31 October | **900,292** | 793,054 |

The impairment loss that was recognized in the current financial year was mainly the result of the reduction in gross FVLCD of net assets brought from operating losses in the PRC subsidiaries in the current year.

## 14. INVESTMENTS IN SUBSIDIARIES (CONTINUED)

### IMPAIRMENT LOSS (CONTINUED)

Particulars of subsidiaries are set out below:

| Name of subsidiary | Country of Incorporation/ Principal place of business | Effective equity interest held by the Group (%) 2016 | 2015 | Principal activities |
|---|---|---|---|---|
| Full Best Limited *(note (a))* | British Virgin Islands ("BVI") | **100** | 100 | Investment holding |
| Fortune Desire Group Limited *(note (a) & (b))* | BVI | **100** | 100 | Investment holding |
| Winton International Investment Company Limited *(notes (a) & (c))* | Hong Kong | **100** | 100 | Investment holding |
| Jieyang City Rui Xing Plastic Packaging Co., Ltd. (揭陽市瑞興塑料包裝有限公司) *(notes (a) & (d))* | PRC | **100** | 100 | Manufacture and sale of plastic packaging films |

| Charge for the year | 14,157 | 12,338 | 31 | – | 3 | 26,529 |
| Effect of foreign currency exchange differences | – | – | – | – | 1 | 1 |
| As at 31 October 2016 | 458,336 | 681,832 | 662 | 161 | 21 | 1,141,012 |
| **Net book value:** | | | | | | |
| **As at 31 October 2016** | **86,809** | **44,268** | **94** | **–** | **6** | **131,177** |
| As at 31 October 2015 | 100,966 | 56,606 | 125 | – | 9 | 157,706 |

## 15. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

As stated in Note 7, the Board of Directors engaged an independent professional valuer to conduct a review of the recoverable amount of the Group's non-current assets as at the end of the reporting period. IAS 36 requires an entity to assess whether there is any indication that an asset may be impaired or an impairment loss recognised in prior periods may no longer exist or may have decreased as at the end of each reporting period. As at 31 October 2016, no impairment loss had been recognised based on independent valuation on the property, plant and equipment.

During the year ended 31 October 2015, the Board of Directors engaged an independent professional valuer to conduct a review of the recoverable amount of the Group's non-current assets as at the end of the reporting period. IAS 36 requires an entity to assess whether there is any indication that an asset may be impaired or an impairment loss recognised in prior periods may no longer exist or may have decreased as at the end of each reporting period. The substantial loss and deficit in operating cash flows reported during the year ended 31 October 2015 are indications of impairment under IAS 36. The recoverable amount of the Group's assets has been determined based on FVLCD based on the assumption in Note 7. As at 31 October 2015, an impairment of approximately RMB72.4 million had been recognised based on independent valuation on the property, plant and equipment.

## 16. LAND USE RIGHTS

| | Group RMB'000 |
|---|---|
| **Cost:** | |
| As at 1 November 2014, 31 October 2015, 1 November 2015 and 31 October 2016 | 115,668 |
| **Accumulated amortisation and impairment losses:** | |
| As at 1 November 2014 | 78,832 |
| Amortisation charge for the year | 1,189 |
| Reversal of impairment losses recognised in profit or loss | (15,787) |
| As at 31 October 2015 and 1 November 2015 | 64,234 |
| Amortisation charge for the year | 1,415 |
| As at 31 October 2016 | 65,649 |
| **Net book value:** | |
| **As at 31 October 2016** | **50,019** |
| As at 31 October 2015 | 51,434 |

There was a surplus of approximately RMB15.0 million to the carrying value of the Group's non-current assets as at the year ended 31 October 2016. The surplus in the Group's non-current assets comprising of (i) RMB14.3 million arising from property, plant and equipment and (ii) RMB0.7 million arising from land use rights.

## 16. LAND USE RIGHTS (CONTINUED)

Notwithstanding the surplus, management considered number of factors including the fact that the surplus was insignificant to the carrying amount of the land use rights, as well as the performance potential of the Group's land use rights have not increased from the same land use rights being in use. Also in accordance with IAS 36, as there had been no change in the estimates used in determining the FVLCD, the management therefore determined that no reversal of impairment had to be made on the carrying values of the Group's land use rights during the year ended 31 October 2016.

The surplus arising from land use rights during year ended 31 October 2015 was mainly due to the following factors; (i) appreciation in value in the prevailing land lease market in the People's Republic of China; (ii) the change in basis of the recoverable amount to FVLCD as at 31 October 2015 from VIU as at 31 October 2015 for impairment assessment due to the use of the higher of FVLCD and VIU. This resulted in the surplus and hence reversal of impairment loss.

## 17. INVENTORIES

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Raw materials (at net realisable value) | **7,020** | 9,453 |
| Finished goods (at net realisable value) | **3,664** | 6,246 |
| | **10,684** | 15,699 |

As at 31 October 2016, inventories of approximately RMB Nil (2015: RMB17,560,000) were written down to net realisable value, which resulted in a loss of approximately RMB Nil (2015: RMB1,861,000).

## 18. ACCOUNTS RECEIVABLE

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Accounts receivable | **32,916** | 30,744 |
| Allowance of impairment of account receivables | **(23,451)** | – |
| Total | **9,465** | 30,744 |

Accounts receivable has credit terms of between 30 to 120 days.

## 18. ACCOUNTS RECEIVABLE (CONTINUED)

The movement in the allowance for impairment in respect of accounts receivable during the year was as follows:

| | Group | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| As at 1 November | **–** | – |
| Provision for impairment | **23,451** | – |
| As at 31 October | **23,451** | – |

The impaired account receivables arise from the VAT receivables of Yuntong which the operation of the production line in Yuntong had been permanently close down.

The ageing analysis of accounts receivable is as follows:

| | Group | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| No impaired | | |
| – Not past due | **9,465** | 30,744 |
| – Past due 0 – 30 days | **–** | – |
| | **9,465** | 30,744 |

Accounts receivable neither past due nor impaired related to customers which are creditworthy counterparties.

As at 31 October 2016 and 2015, all accounts receivable were denominated in RMB. Details of credit risk are set out in Note 8.

## 19. OTHER RECEIVABLES

| | Group | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| Prepaid expenses | **65** | 2,791 |
| Deposits | **144** | 118 |
| | **209** | 2,909 |

As at 31 October 2016 and 2015, the prepayments and deposits are denominated in RMB.

## 20. CASH AND CASH EQUIVALENTS

| | Group | | Company | |
|---|---|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 | **2016 RMB'000** | 2015 RMB'000 |
| Cash in banks | **14,448** | 18,611 | **845** | 297 |
| Cash on hand | **227** | 118 | **–** | – |
| | **14,675** | 18,729 | **845** | 297 |

Cash and bank balances are denominated in the following currencies:

| | Group | | Company | |
|---|---|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 | **2016 RMB'000** | 2015 RMB'000 |
| RMB | **12,650** | 17,280 | **–** | – |
| HKD | **1,116** | 1,095 | **–** | 5 |
| USD | **66** | 65 | **3** | 3 |
| SGD | **843** | 289 | **842** | 289 |
| | **14,675** | 18,729 | **845** | 297 |

The remittance of cash and cash equivalents denominated in RMB out of the PRC is subject to the foreign exchange control restrictions imposed by the government of the PRC.

As at 31 October 2016, the weighted average effective interest rate on bank balances is approximately 0.30% (2015: 0.32%) per annum.

## 21. SHARE CAPITAL

| | Par value per share US$ | Number of shares | Amount RMB'000 |
|---|---|---|---|
| Authorised: | | | |
| At 1 November 2014, 31 October 2015 and 1 November 2015 | 15 | 20,000,000 | 2,490,000 |
| Change in par value and number of shares *(Note (a))* | (14.99) | 29,980,000,000 | – |
| **At 31 October 2016** | **0.01** | **30,000,000,000** | **2,490,000** |
| Issued and fully paid: | | | |
| At 1 November 2014, 31 October 2015 and 1 November 2015 | 15 | 4,860,956 | 598,197 |
| Change in par value and cancellation of paid up capital arising from Capital Reduction *(Note (a))* | (14.99) | – | (597,798) |
| **At 31 October 2016** | **0.01** | **4,860,956** | **399** |

*Note:*

*(a) Cancellation of shares arising from a capital reduction*

*The par value of each issued and unissued Share was reduced from US$15.00 to US$0.01 by cancellation of the paid-up share capital of the Company to the extent of US$14.99 on each of the Shares on the Effective Date, 18 March 2016, (the "Capital Reduction"), and hence the issued share capital was reduced from US$72,914,340 (equivalent to approximately RMB598,197,000) to US$48,609.56 (equivalent to approximately RMB399,000.00) (divided into 4,860,956 Shares with a par value of US$0.01 each).The credit arising from the Capital Reduction in the sum of US$72,865,730.44 (equivalent to approximately RMB597,798,000) have been credited to the contributed surplus account of the Group and the Company.*

## 22. RESERVES

| | Group | | Company | |
|---|---|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 | **2016 RMB'000** | 2015 RMB'000 |
| Share premium | **–** | 304,361 | **–** | 304,361 |
| Contribution surplus | **138,364** | – | **128,166** | – |
| Share redemption reserve | **62** | 62 | **62** | 62 |
| Foreign currency translation reserve | **3,539** | 3,482 | **–** | – |
| Statutory reserve | **86,527** | 86,527 | **–** | – |
| Other reserve | **36,630** | 36,630 | **36,630** | 36,630 |
| Capital reserve | **–** | – | **99,175** | 99,175 |
| Accumulated losses | **(125,358)** | (763,795) | **(110,345)** | (773,993) |
| | **139,764** | (332,733) | **153,688** | (333,765) |

### SHARE PREMIUM – GROUP AND COMPANY

The share premium may be distributed in the form of fully paid bonus shares.

### CONTRIBUTION SURPLUS – GROUP AND COMPANY

Contribution surplus comprises of amount of credit arising from the Capital Reduction and the Share Premium Reduction; and utilised to set-off against accumulated losses.

### SHARE REDEMPTION RESERVE

Share redemption reserve represents the nominal value of the Shares of the Company which was transferred from the Company's retained earnings upon repurchase and cancellation of Shares by the Company.

### FOREIGN CURRENCY TRANSLATION RESERVE – GROUP

The foreign currency translation reserve comprises foreign exchange differences arising from the translation of the financial statements of Group entities whose functional currencies are different from the functional currency of the Company.

### STATUTORY RESERVE – GROUP

In accordance with the relevant PRC regulations, Rui Xing and Yuntong are required to appropriate not less than 10% of their profits after tax to the statutory reserve, until the statutory reserve reaches 50% of their respective registered capitals. The transfer to the statutory reserve must be made before the distribution of dividends to shareholders. The statutory reserve can only be used to set off against accumulated losses or to increase the registered capitals of the subsidiaries.

### OTHER RESERVE – GROUP AND COMPANY

Other reserve comprises remuneration shares issued in prior years for the cumulative value of services received from an employee and may be distributable to shareholders.

## 22. RESERVES (CONTINUED)

### CAPITAL RESERVE – COMPANY

The capital reserve of the Company represents the excess of the fair value of the net assets of the subsidiaries acquired pursuant to a restructuring exercise in 2004 over the nominal value of the Company's shares issued in exchange thereof and may not be distributable to shareholders until realised.

## 23. ACCOUNTS PAYABLE

Accounts payable has credit terms of 180 days.

An ageing analysis of accounts payable as at the end of the reporting period, based on the invoice date, is as follows:

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB$'000** | RMB$'000 |
| 0 – 30 days | **465** | 1,750 |
| 31 – 60 days | **–** | – |
| 61 – 120 days | **–** | – |
| Over 120 days | **40** | – |
| | **505** | 1,750 |

## 24. ACCRUALS AND OTHER PAYABLES

| | Group | | Company | |
|---|---|---|---|---|
| | **2016** | 2015 | **2016** | 2015 |
| | **RMB'000** | RMB'000 | **RMB'000** | RMB'000 |
| Accrued operating expenses | **1,279** | 1,273 | **150** | 150 |
| Accrued staff and related costs | **1,079** | 1,350 | **12** | 13 |
| Deposit received | **571** | 5,036 | **–** | – |
| Payable to fixed assets vendors *(Note)* | **2,063** | 2,063 | **–** | – |
| Other payables | **217** | 285 | **–** | – |
| | **5,209** | 10,007 | **162** | 163 |

*Note:*

*The amount pertains to renovation work for office building of Rui Xing. The Group has no scheduled payments according to the terms of contract. Repayments are upon the contractor's request. As the renovation works for the office building is still in progress, the Group is not required to settle the outstanding amounts as at the end of the reporting period. There is no requirement for the subsidiaries to reinstate the premises upon expiry of land use rights.*

## 25. AMOUNT DUE TO DIRECTOR

In July 2016, the Chairman of the Board, Mr Zeng Hanming provided an advance of approximately RMB30.0 million to Jieyang City Rui Xing Plastic Packaging Company Limited ("Ruixing"), which is a 100% wholly-owned subsidiary of the Company. The advance is unsecured and interest-bearing at 4.5% per annum which is in line with the prevalent bank borrowing rate in China.

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Advances by director | **30,000** | – |
| Interest payable | **352** | – |
| | **30,352** | – |

## 26. SHORT-TERM BANK LOANS

The following loans were granted to Jieyang City Rui Xing Plastic Packaging Company Limited ("Ruixing"), which is a 100% wholly-owned subsidiary of the Group as at 31 October 2016:

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Loan 1 | **20,000** | – |
| Loan 2 | **20,000** | – |
| | **40,000** | – |

The effective interest rate for short-term bank loans is at 4.568% per annum. The short-term bank loans are repayable in 12 months and due in March and September 2017 respectively.

The short-term loans of the Group are secured against:

(i) Buildings and land use rights with carrying amount of RMB73.6 million and RMB37.4 million respectively; and

(ii) Personal guarantee by a director of the Group, Mr Zeng Hanming.

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Within one year | **40,000** | – |

## 27. OPERATING LEASE ARRANGEMENTS

The Group leases certain of its office premises under operating lease arrangements. The leases typically run for a period of two years, with an option to renew the lease after that date.

Future minimum lease payments payable under non-cancellable operating leases are as follows:

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Within one year | **520** | 215 |
| Between one and five years | **262** | – |
| | **782** | 215 |

## 28. DIRECTORS' REMUNERATION

The emoluments paid or payable to each of the directors during the years ended 31 October 2016 and 2015 were as follows:

**Year ended 31 October 2016**

| | Directors' fee | Salaries | Contributions to defined contributions plans | Total |
|---|---|---|---|---|
| | **RMB'000** | **RMB'000** | **RMB'000** | **RMB'000** |
| **Executive directors:** | | | | |
| Mr Zeng Hanming *(Note)* | **–** | **969** | **7** | **976** |
| Mr Li Weihua | **–** | **57** | **–** | **57** |
| **Independent non-executive directors:** | | | | |
| Prof. Du Jinmin | **55** | **–** | **–** | **55** |
| Prof. Ling Chung Yee Roy | **230** | **–** | **–** | **230** |
| Mr Chng Hee Hok | **269** | **–** | **–** | **269** |
| | **554** | **1,026** | **7** | **1,587** |

## 28. DIRECTORS' REMUNERATION (CONTINUED)

Year ended 31 October 2015

| | Directors' fee RMB'000 | Salaries RMB'000 | Contributions to defined contributions plans RMB'000 | Total RMB'000 |
|---|---|---|---|---|
| **Executive directors:** | | | | |
| Mr Zeng Hanming *(Note)* | – | 969 | 7 | 976 |
| Mr Li Weihua *(appointed on 15 March 2014)* | – | 55 | 12 | 67 |
| **Independent non-executive directors:** | | | | |
| Prof. Du Jinmin | 55 | – | – | 55 |
| Prof. Ling Chung Yee Roy | 221 | – | – | 221 |
| Mr Chng Hee Hok | 257 | – | – | 257 |
| | 533 | 1,024 | 19 | 1,576 |

*Note:*

*Mr Zeng Hanming is also the Chairman and Chief Executive Officer of the Group during the years ended 31 October 2016 and 2015.*

## 29. MATERIAL RELATED PARTIES TRANSACTIONS

### (A) KEY MANAGEMENT PERSONNEL COMPENSATION

| | Group | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| Directors' fee | **554** | 533 |
| Salaries, bonuses and other costs | **1,865** | 1,862 |
| | **2,419** | 2,395 |

## 29. MATERIAL RELATED PARTIES TRANSACTIONS (CONTINUED)

### (B) SIGNIFICANT RELATED PARTY TRANSACTIONS

Other than those disclosed elsewhere in the consolidated financial statements, the following transactions were carried out with related parties in the normal course of business on an arm's length basis:

| | Company | |
|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 |
| Payments made on behalf of subsidiaries | **576** | 564 |
| Payments made by subsidiaries | **950** | 921 |
| Expenses recharged by subsidiaries | **3,159** | 2,328 |
| Advances by director, Zeng Hanming | **30,000** | – |
| Interest payable by advances by director, Zeng Hanming | **352** | – |

## 30. DIVIDEND

No dividend was paid or proposed for years ended 31 October 2016 and 2015, nor has any dividend been proposed subsequent to year end.

## 31. CAPITAL MANAGEMENT

The Group's and the Company's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern while maximizing shareholder value through the optimisation of debt and equity balance.

The Group and the Company manage the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group and the Company may adjust dividend payments, issue shares, issue convertible notes, or obtain or repay bank borrowings. The Group and the Company currently do not adopt any formal dividend policy.

The Group and the Company use equity as disclosed in the statements of financial position of the Group and the Company as its capital.

The Company monitors capital using Gearing Ratio, which is net debt divided by total capital. Net debt represents total liabilities less cash and cash equivalents. Total capital consists of net debt plus equity of the Company.

There has been no change in the Group's and the Company's approach to capital management during the year.

| | Group | | Company | |
|---|---|---|---|---|
| | **2016 RMB'000** | 2015 RMB'000 | **2016 RMB'000** | 2015 RMB'000 |
| Total liabilities | **76,066** | 11,757 | **162** | 163 |
| Cash and cash equivalents | **(14,675)** | (18,729) | **(845)** | (297) |
| Net debt (A) | **61,391** | (6,972) | **(683)** | (134) |
| Total equity | **140,163** | 265,464 | **154,087** | 264,432 |
| Total capital (B) | **201,554** | 258,492 | **153,404** | 264,298 |
| Gearing ratio (A)/(B) | **30.5%** | Not applicable | **Not applicable** | Not applicable |

The Company and its subsidiaries are not subject to externally imposed capital requirements.

## 32. CONTINGENT LIABILITIES

The Group and the Company had no contingent liabilities as at 31 October 2016 (2015: Nil).

## 33. EVENT AFTER THE REPORTING PERIOD

(i) The net proceeds from the subscription of Rights cum Warrants Issue of approximately S$6.1 million or RMB29.9 million were not utilised yet up to the date of this announcement and deposited into bank accounts of the subsidiaries of the Group. The funds will be used in accordance with the Offer Information Statement dated 14 November 2016.

On 7 December 2016, the Company completed the Rights cum Warrants Issue and had issued 8,653,823 rights shares and 4,326,898 warrants. In accordance with the International Accounting Standards no.33 Earnings Per Share ("IAS 33"), as the Rights cum Warrants Issue arose after the reporting period but before the financial statements are authorised for issue, the per share calculations for those and any prior period financial statements presented shall be based on the new number of shares, and the fact that per share calculations reflect such changes in the number of shares shall be disclosed. The restated basic loss per share for 4Q 2016 and FY2016 as well as their comparative figures are presented as below to account for the effect of the Rights cum Warrants Issue. In this presentation, the weighted average number of ordinary shares is increased by the number of rights shares as if the issuance took place at the start of the current year/period and comparative year/period. No diluted loss per share has been presented because the warrants have no dilutive effect on the loss per share.

| | Group | |
|---|---|---|
| | **2016** | 2015 |
| | **RMB'000** | RMB'000 |
| Net loss for the year attributable to owners of the Company (A) | **(125,358)** | (182,280) |

| | Number of ordinary shares | |
|---|---|---|
| | **2016** | 2015 |
| | **(restated)** | (restated) |
| Weighted average number of ordinary shares after Rights cum Warrants Issue under IAS 33 (B) | **5,035,236** | 5,035,236 |
| Basic and diluted loss per share (A)/(B) | **RMB(24.88)** | RMB(36.20) |

(ii) The production line no. 3 Yuntong has closed due to the expiry of one of the land use rights on 7 September 2016 which occupies approximately two-third of the total site area. The subject land, buildings and structures erected thereon are still pending to revert to the state government. The Company is evaluating appropriate options for the production site, of which most items in the production line have been fully depreciated.

# Statistics of Shareholdings

# Notice of Annual General Meeting

NOTICE IS HEREBY GIVEN that the Annual General Meeting ("AGM") of China Flexible Packaging Holdings Limited ("the Company") will be held at Re!Union Function Room, 2nd Floor of Hotel Re, 175A Chin Swee Road, Singapore 169879 on Wednesday, 22 February 2017 at 11 a.m. for the following purposes:

## AS ORDINARY BUSINESS

1. To receive and adopt the Directors' Statement and the Audited Financial Statements of the Company for the financial year ended 31 October 2016 together with the Auditors' Report thereon. **(Resolution 1)**

2. To re-elect Prof. Ling Chung Yee Roy as Director of the Company retiring pursuant to Bye-Law 86 (1) of the Bye-Laws of the Company. **(Resolution 2)**

   *Prof. Ling Chung Yee Roy will, upon re-election as a Director of the Company, remain as Chairmen of Nominating and Remuneration Committees and a member of the Audit Committee and will be considered independent.*

3. To approve the payment of Directors' fees of S$115,000 for the year ended 31 October 2016 (previous year: S$116,000). **(Resolution 3)**

4. To re-appoint Foo Kon Tan LLP and HLB Hodgson Impey Cheng Limited as joint Auditors of the Company and to authorise the Directors of the Company to fix their remuneration. **(Resolution 4)**

5. To transact any other ordinary business which may properly be transacted at an Annual General Meeting.

## AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modifications:

6. **Authority to issue shares**

   That pursuant to the Bye-Laws and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited, the Directors of the Company be authorised and empowered to:

   (a) (i) issue shares in the Company ("shares") whether by way of rights or otherwise; and/or

   (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into shares,

   at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

   (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force,

   provided that:

   (1) the aggregate number of shares (including shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed fifty per centum (50%) of the total number of issued shares in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to existing shareholders of the Company shall not exceed twenty per centum (20%) of the total number of issued shares in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);

(2) (subject to such calculation as may be prescribed by the Singapore Exchange Securities Trading Limited) for the purpose of determining the aggregate number of shares and Instruments that may be issued under sub-paragraph (1) above, the percentage of issued shares and Instruments shall be based on the total number of issued shares in the capital of the Company at the time of the passing of this Resolution, after adjusting for:

(a) new shares arising from the conversion or exercise of the Instruments or any convertible securities;

(b) new shares arising from exercising share options or vesting of share awards which are outstanding or subsisting at the time of the passing of this Resolution; and

(c) any subsequent consolidation or subdivision of shares;

(3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the Singapore Exchange Securities Trading Limited for the time being in force (unless such compliance has been waived by the Singapore Exchange Securities Trading Limited) and the Bye-Laws of the Company; and

(4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.
[See Explanatory Note (i)] **(Resolution 5)**

7. **Renewal of Share Purchase Mandate**
That the Directors of the Company be and are hereby authorised to make purchases or otherwise acquire issued shares in the capital of the Company from time to time (whether by way of market purchases or off-market purchases on an equal access scheme) of up to ten per centum (10%) of the total number of issued shares in the capital of the Company (as ascertained as at the date of Annual General Meeting of the Company) at the price of up to but not exceeding the Maximum Price as defined in the Company's Circular dated 11 February 2006 and in accordance with the Guidelines on Share Purchase set out in Appendix I of the said Circular and this mandate shall, unless revoked or varied by the Company in general meeting, continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.
[See Explanatory Note (ii) & Summary Sheet] **(Resolution 6)**

8. **Authority to issue shares under the China Flexible Packaging Holdings Limited Scrip Dividend Scheme**
That pursuant to Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited, the Directors of the Company be authorised and empowered to issue such number of shares in the Company as may be required to be issued pursuant to the China Flexible Packaging Holdings Limited Scrip Dividend Scheme from time to time in accordance with the "Terms and Conditions of the Scrip Dividend Scheme" set out in pages 11 to 16 of the Circular to Shareholders dated 5 February 2007 and that such authority shall, unless revoked or varied by the Company in a general meeting, continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier.
[See Explanatory Note (iii)] **(Resolution 7)**

By Order of the Board

**Kit Chan**
**Kevin Cho**
Joint Company Secretaries
Singapore, 7 February 2017

# Notice of Annual General Meeting

## EXPLANATORY NOTES:

(i) The Ordinary Resolution 5 in item 6 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next Annual General Meeting of the Company, or the date by which the next Annual General Meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares, make or grant instruments convertible into shares and to issue shares pursuant to such instruments, up to a number not exceeding, in total, 50% of the total number of issued shares in the capital of the Company, of which up to 20% may be issued other than on a pro-rata basis to shareholders.

For determining the aggregate number of shares that may be issued, the total number of issued shares will be calculated based on the total number of issued shares in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent consolidation or subdivision of shares.

(ii) The Ordinary Resolution 6 in item 7 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier, to repurchase ordinary shares of the Company by way of market purchases or off-market purchases of up to ten per centum (10%) of the total number of issued shares in the capital of the Company at the Maximum Price as defined in the Appendix I to the Circular. The Company did not purchase any ordinary shares of the Company during the financial year ended 31 October 2016.

(iii) The Ordinary Resolution 7 in item 8 above, if passed, will empower the Directors of the Company, effective until the conclusion of the next Annual General Meeting of the Company, or the date by which the next Annual General Meeting of the Company is required by law to be held or when varied or revoked by the Company in a general meeting, whichever is the earlier, to issue shares in the Company from time to time pursuant to the China Flexible Packaging Holdings Limited Scrip Dividend Scheme.

*Notes:*

1. *A Member (other than The Central Depository (Pte) Limited ("CDP")) entitled to attend and vote at the Annual General Meeting of the Company (the "Meeting") and who holds two or more Shares is entitled to appoint not more than two proxies to attend and vote in his/her stead. A proxy need not be a Member of the Company.*

2. *A Depositor holding Shares through the CDP and whose name appears in the Depository Register (as defined in Section 81SF of the Securities and Futures Act, Cap. 289 of Singapore) as at a time not earlier than 48 hours prior to the time of the Meeting and who wishes to attend and vote at the Meeting may do so as CDP's proxy. Such Depositor (which is not an individual) should complete the Depositor Proxy Form and deposit the duly completed Depositor Proxy Form at the office of the Share Transfer Agent, Boardroom Corporate & Advisory Services Pte. Ltd. at 50 Raffles Place #32-01, Singapore Land Tower, Singapore 048623 at least forty-eight (48) hours before the time of the Meeting.*

***PERSONAL DATA PRIVACY:***

*By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company or a Depositor, as the case may be (i) consents to the collection, use and disclosure of the member or Depositor's personal data by the Company (or its agents) for the purpose of the processing and administration by the Company (or its agents) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents) to comply with any applicable laws, listing rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member or a Depositor discloses the personal data of the member or Depositor's proxy(ies) and/or representative(s) to the Company (or its agents), the member or Depositor has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member or Depositor will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member or Depositor's breach of warranty.*
