NEWS RELEASE

CSE Global secures major contract variations for Data Centre market

Singapore, 5 August 2025 – **CSE Global Limited** ("**CSE Global**" and together with its subsidiaries, the "**Group**"), a global systems integrator providing electrification, communications and automation solutions, today announced that it has secured major contract variations worth US$46.0 million (approximately S$59.3 million) in the data centre market in the United States of America.

This is an extension to a current contract with an existing hyperscaler customer. The scope is for the design, engineering, fabrication, installation and integration of power management systems and solutions.

Mr Lim Boon Kheng, Group Managing Director / Chief Executive Officer of CSE Global, said, "The awarding of these contract variations reflects the continued confidence and trust in our solutions and services. Since last year, we have built strong order momentum in the rapidly expanding data centre market, driven by the growing demand for cloud services. These contract variations are expected to contribute positively to CSE Global's financial performance for the financial years 2025 and 2026."

The contract variations are not expected to have any material impact on the consolidated net tangible assets per share or earnings per share of the Group for the current financial year. None of the directors or substantial shareholders of CSE Global has any interest, direct or indirect, in the contracts.
