VibroPower Subsidiary Scott & English Secures Exclusive Distribution Rights for Lister Petter Engines for Asia Pacific Region

- Lister Petter is an established U.K. Producer of engines in manufacturing, agriculture, construction , telecom and marine sectors
- Exclusive Distribution Rights for Lister Petter Engines for Asia Pacific Region

SINGAPORE, 27 February 2019 – VibroPower Corporation Limited (“VibroPower”, or together with its subsidiaries “the Group”), a provider of custom power solutions announced today, that its wholly-owned subsidiary Scott & English Pte Ltd has secured distribution rights for a range of Lister Petter Power Systems Limited products.

Lister Petter is an iconic 150-year old British brand-name, producing a wide range of engines covering manufacturing, agriculture, construction, telecom and marine sectors.

Scott & English will be offering Lister Petter engines, spare parts as well as provide product support services for Lister Petter engines.

Scott & English will have exclusive distribution rights for Singapore, Malaysia, Indonesia, Myanmar and Hong Kong, with the potential to expand the number of territories depending on performance.

Commenting on the securing of the exclusive distribution rights, **Mr Benedict Chen, CEO and Executive Chairman, VibroPower Corporation Limited** said ***“Lister Petter products are well-known globally for their superior quality and reliability. This exclusive distributorship adds significantly to VibroPower’s marketing reach and business potential. Customers can expect a wide suite of innovative power solutions from VibroPower.”***

In FY2018, the Group intensified its business development activities and expanded its market to include the high-specification and high-value power generation solutions to the marine and offshore industries.

On the Group’s opportunities for custom power solutions projects in markets abroad Mr Chen added, ***“Indonesia, Myanmar and Malaysia are fast-growing economies requiring the kind of products that Lister Petter manufactures. VibroPower will not only make available Lister Petter products but add value by offering customised power solutions for clients in those markets.”***

Commenting on this news **Rajesh Sadhu Director for Lister Petter Power Systems Limited** said ***“we are delighted to have Scott and English in our family and this partnership will together help us to serve our customers better in the fast developing Asia Pacific region.”***

About VibroPower Corporation Limited (SGX Stock Code: BJD)

VibroPower is a premier manufacturer and supplier of customisable power generators sets, with track records and experience in serving customers across a broad range of industries around the world. VibroPower has established an extensive distribution network covering some 60 countries, thus enabling us to serve you whenever you may be. In addition, we are making steady and visible progress towards our goal of moving up the power-generation value chain to be producers of clean energy.
