CYBERSECURITY INCIDENT

The board of directors (the "**Board**") of ES Group (Holdings) Limited (the "**Company**", and together with its subsidiaries, the "**Group**") wishes to announce that the Group has a cybersecurity incident recently. The Group's servers were attacked by a ransomware, where an unknown party gained unauthorized access to the servers and encrypted information therein (the "**Incident**").

The ongoing investigations into the Incident indicate that the threat has been contained and is believed to have impacted majority of the data stored in the servers. However, as of the date of this announcement, there has been no significant impact to the Group's business and operations arising from the Incident, and the Group's business and operations continue to be operational as usual.

Upon discovering the Incident, the Group activated its business continuity plan and took immediate actions, including disconnecting its systems from the network and engaging information technology consultant to assist with the investigations, as well as containment, remedial and data recovery efforts. The Group has also reported the Incident to relevant authorities, including the Singapore Police Force, Personal Data Protection Commission and Singapore Cyber Emergency Response Team for their assistance.

Further investigations into the Incident, including whether data in the Group's servers have been compromised or leaked, are still ongoing. The Group takes information security extremely seriously and as part of this process, it is conducting a rigorous review of the Incident and its systems to ensure that the Group's data remains safe and secure.

The Group is fully committed to respond to the Incident transparently and will provide further update(s) should there be any other material developments relating to the Incident.
