

# Presentation to Shareholders

# Highlights of FY2015

## We made excellent progress in 2015...

### 1 Growing our core business

- Successfully completed high-density handler product development.
- High volume manufacturing (HVM) machine reached commercial readiness in 4Q15.
- Continued to monetize existing ESS platforms with upgrades and consumables.

### 2 Streamlining non-performing assets

- Disposed Malacca factory for RM8M (announced 4/8/15, completed 15/4/16)
- Disposed plating business (announced 2/2/16)
- Continued to drive productivity improvements with core business.

### ...resulting in solid performance and outlook

- ↑ \$47.6M revenue (up 54% from \$30.9M in 2014)
- ↑ \$3.2M profit before tax & impairment reversal gain (vs loss in 2014)
- ↑ Well positioned for continued growth

# Moving Forward

- Reflecting the positive performance of the Company over the last year, the Board of Directors recommends a dividend of 1 cent per share for FY2015, payable in May 2016.
- Business momentum has continued to build favorably this year, reflecting positive commercial reception of our new products. AEM announced on 18 March 2016 that, as at 15 March 2016, it has received \$24.5M in equipment and kit orders to be delivered this year.
- We thank our investors for our patience in the last few years as we've streamlined and improved the business. Our investments in growth are showing returns today, and our order book today continues to reflect the positive momentum at the Company.
