## 11. LISTING STATUS AND COMPULSORY ACQUISITION

### 11.1 Listing status

- (a) Pursuant to Rule 1105 of the listing manual (the "**Listing Manual**") of the SGX-ST, upon an announcement by the Offeror that acceptances have been received pursuant to the Offer that bring the holdings owned by the Offeror and parties acting in concert with it to above 90% of the total number of Shares (excluding any Shares held by the Company as treasury shares), the SGX-ST may suspend the listing of the Shares until it is satisfied that at least 10% of the total number of Shares (excluding any Shares held by the Company as treasury shares) are held by at least 500 Shareholders who are members of the public. Rule 1303(1) of the Listing Manual provides that if the Offeror succeeds in garnering acceptances exceeding 90% of the total number of Shares (excluding any Shares held by the Company as treasury shares), thus causing the percentage of the total number of Shares (excluding any Shares held by the Company as treasury shares) held in public hands to fall below 10%, the SGX-ST will suspend trading of the Shares only at the Closing Date.

<sup>5</sup> Based on the information provided in the Company's Circular and assuming that Shareholders make a Cash Election.

<sup>6</sup> Calculated on the basis of the Diluted Share Capital.

- (b) Under Rule 724 of the Listing Manual, if the percentage of the Shares held in public hands falls below 10%, the Company must, as soon as possible, announce that fact and the SGX-ST may suspend trading of all the Shares. Rule 725 of the Listing Manual states that the SGX-ST may allow the Company a period of 3 months, or such longer period as the SGX-ST may agree, to raise the percentage of the Shares held in public hands to at least 10%, failing which the Company may be delisted.

## 11.2 Compulsory acquisition

Pursuant to Section 215(1) of the Companies Act, Chapter 50 of Singapore (the “**Companies Act**”) in the event that the Offeror acquires not less than 90% of the total number of Shares (other than those already held by the Offeror, its related corporations or their respective nominees as at the date of the Offer and excluding any Shares held by the Company as treasury shares), the Offeror would be entitled to exercise the right to compulsorily acquire all the Shares of Shareholders who have not accepted the Offer.

**In such event, the Offeror intends to exercise its right to compulsorily acquire all the Offer Shares not acquired under the Offer.**

## 11.3 Offeror’s intentions

- (a) As stated in the Pre-Conditional Announcement, the Offeror intends to make the Company its wholly-owned subsidiary and does not intend to preserve the listing status of the Company. Accordingly, the Offeror, if and when entitled, intends to exercise its rights of compulsory acquisition under Section 215(1) of the Companies Act and does not intend to take steps for the lifting of any trading suspension of the Shares by the SGX-ST in the event that, *inter alia*, less than 10% of the total number of Shares (excluding any Shares held by the Company as treasury shares) are held in public hands. In addition, the Offeror also reserves the right to seek a voluntary delisting of the Company from the SGX-ST pursuant to Rules 1307 and 1309 of the Listing Manual.
- (b) The Offeror believes that the privatisation and delisting of the Company would allow it to save on the additional expenses relating to the maintenance of its listing status and focus its resources on its business operations. If the Company is delisted, the Company will be able to dispense with costs associated with complying with listing and other regulatory requirements as well as human resources that have to be committed for such compliance.
