Chairman's Statement

On behalf of the board of directors (the “**Board**”), it is my pleasure to present to all of our valued investors the annual results of Elec & Eltek International Company Limited (the “**Company**”) and its subsidiaries (the “**Group**”) for the financial year ended 31 December 2015 (“**CY2015**”).

BUSINESS REVIEW

During the year under review, the Group was principally engaged in the distribution and manufacturing of PCB. The Group's customers mainly come from manufacturers and distributors of automotive products, communication and networking products (including mobile phones) and High Density Interconnect (“**HDI**”) products with geographical locations spanning across Asia, Europe and North America.

Sales of the Group decreased by 12.4% to US\$453.0 million (CY2014: US\$517.1 million), a decrease of US\$64.1 million. The decrease was due to the intense competition in the PCB market and the impact from the uncertain global economic environment, which caused customers to be cautious in placing their orders.

The Group's gross profit declined by 18.7% to US\$36.4 million (CY2014: US\$44.8 million), a decrease of US\$8.4 million. The gross margin was trimmed down to 8.0% in CY2015 as compared with 8.7% in CY2014. The decline was primarily attributable to the average selling price remaining under pressure due to intense competition in the PCB market, lower plant output against a higher overhead absorption at the plants and rising operating costs. The net loss attributable to shareholders was US\$4.8 million (CY2014: net profit of US\$3.5 million). Earnings before interest, tax, depreciation and amortization for the Group (“**EBITDA**”) stood at US\$45.1 million (CY2014: US\$54.7 million). At the end of CY2015, the net gearing ratio was maintained at a level of 17.3% (end of CY2014: 19.4%). The Group's financial position remained healthy and continued to generate steady operating cash flow.

The Group continued to maintain a balanced portfolio of PCB products manufactured with more focus on high profit margin and signature PCB products. During the year under review, sales of PCB for communication and networking industry (including mobile phones) accounted for about 37% of total sales (CY2014: about 47%) while automotive accounted for about 23% of total sales (CY2014: about 18%). Sales of HDI accounted for about 37% of the Group's total sales (CY2014: about 33%). The change in percentage of product mix this year as compared with last year was due to the increase in average selling price for products sold to customers in automotive industry as a result of higher specification required by customers in this industry. It was also the management decision to gradually replace the orders of thin profit margin products, as a result of price pressure and fierce competition, by products with better profit margin.

Income tax expenses increased by 96.4% from approximately US\$1,656,000 in CY2014 to approximately US\$3,252,000 in CY2015 as a result of the increase in the Group's taxable profit in the PRC.

Please refer to Note 29 to the Group's consolidated financial statement (“**Financial Statement**”) regarding contingent liabilities of the Group, which included bank guarantee given to third parties and corporate guarantees given by the Company to secure credit facilities of its subsidiaries.

To the best of the Board's knowledge, nothing has come to the attention of the Board which may render the audited financial results for CY2015 to be false or misleading in any material respect.

LIQUIDITY AND CAPITAL RESOURCES

As at 31 December 2015, the Group's net current assets was US\$7.2 million (31 December 2014: US\$13.6 million), making the current ratio 1.04 as compared to 1.07 as at 31 December 2014.

The net working capital cycle was 26 days as at 31 December 2015 (31 December 2014: 15 days) on the following key metrics:

- Inventories, in terms of stock turnover days, increased to 30 days (31 December 2014: 29 days).
- Trade receivables, in terms of debtors turnover days, increased to 104 days (31 December 2014: 83 days).
- Trade payables, in terms of creditors turnover days, increased to 108 days (31 December 2014: 97 days).

Chairman's Statement

The Group's net gearing ratio (ratio of interest bearing borrowings net of cash and cash equivalents to total equity) as at 31 December 2015 was about 17.3% (31 December 2014: about 19.4%). The proportion of short-term and long-term bank borrowings stood at 54%: 46% (31 December 2014: 51%: 49%). The total equity of the Group as at 31 December 2015 was US\$371.4 million (31 December 2014: US\$342.7 million). As at 31 December 2015, the Group had cash on hand and undrawn loan facilities of approximately US\$11.0 million and US\$32.3 million respectively.

The Group's transactions and monetary assets are principally denominated in United States dollars, Renminbi and Hong Kong dollars. There was no material foreign exchange exposure to the Group during the year under review.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

During CY2015, as far as the Company is aware, there was no material breach of or non-compliance with applicable laws and regulations by the Group that has a significant impact on the businesses and operations of the Group.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group encourages environmental protection and promotes awareness towards environmental protection in its daily business operation.

The Group is in compliance with international and national environmental standards and implemented green production policies to raise efficiency and minimize both energy consumption and pollutant discharge.

The Group will review its environmental practices from time to time and will consider implementing further eco-friendly measures and practices in the Group's business operation to enhance sustainability.

KEY RELATIONSHIPS WITH CUSTOMERS AND SUPPLIERS

The Group maintains a good relationship with its customers. A customer complaint handling mechanism is in place to receive, analyse and study complaints and make recommendations on remedies with the aim of improving service quality.

The Group is in good relationship with its suppliers and conducts a fair and strict appraisal of its suppliers on an annual basis.

HUMAN RESOURCES

As at 31 December 2015, the Group had a workforce of approximately 8,900 (31 December 2014: approximately 9,300). Salaries of employees are maintained at a competitive level and are reviewed annually, with close reference to the relevant labour market as well as the minimum wages guideline as prescribed by the local government from time to time. The Group awards discretionary bonuses to eligible employees based upon profit achievements of the Company and individual performance.

The Company has in place a share option scheme in order to attract and retain the best available personnel and to align the interests of the employees with the Group's interests.

Being people-oriented, the Group ensures all staff are reasonable remunerated and also continues to improve and regularly review and update its policies on remuneration and benefits, training, occupational health and safety.

POSSIBLE RISK EXPOSURE

The Group's business is highly dependent on the computer and computer peripherals, communications and network equipments and customer electronics industries which are cyclical in nature, and our industry is subject to rapid technological change.

During CY2015, the Group further improved its comprehensive risk management system which covered all aspects of corporate strategies, operation and finance. In future developments, the Group will be highly aware of the risks associated with the conduct of its business and will adopt effect tackling measures proactively.

PROSPECTS

Looking forward to 2016 and beyond, the Group expects the PCB market to remain challenging. Amid the uncertain global economic environment, apart from developing potential new customers, the Group will continue to strengthen its relationship with existing customers so as to maintain a consistent growth of a sizable and loyal customer base to enhance the Group's long term business objectives.

On the production side, the Group will continue to streamline its manufacturing processes so as to further improve its efficiency and effectiveness. Prudent cost control measures will be implemented in all production plants. The Group will continue to upgrade its production capabilities and product quality in order to keep up with customer demands and achieve consistent customer satisfaction. By doing so, the Group aims to strengthen its competitiveness over its rivals in the PCB market, generate sustainable returns and maximize shareholders' wealth.

APPRECIATION

On behalf of the Board, we take this opportunity to thank our stakeholders including shareholders, customers, suppliers and business partners for all their support extended to the Group. We would also like to thank members of the Board for their dedication and commitment, and our diligent employees worldwide for their hard work, loyal service and contributions made during 2015.

Report on Corporate Governance

INTRODUCTION

The Board and the management of the Company are committed to the maintenance of good corporate governance practices and procedures. The Company believes that good corporate governance provides a framework that is essential for effective management, a healthy corporate culture, successful business growth and enhancing shareholders' value.

As the Company is also dually listed on the Main Board of The Stock Exchange of Hong Kong Limited ("SEHK"), the Company has adopted, for corporate governance purposes, the provisions of the Corporate Governance Code (Appendix 14 to the Rules Governing the Listing of Securities on the SEHK (the "HK Listing Rules")) (the "Hong Kong Code"), in addition to the Singapore Code of Corporate Governance 2012 (the "Singapore Code"). In the event of any conflict between the Singapore Code and the Hong Kong Code, the Company will comply with the more onerous provisions. Throughout the CY2015, the Company has complied with the Singapore Code and the Hong Kong Code, except those appropriately justified and disclosed.

BOARD MATTERS

Board's Conduct of Its Affairs

Principle 1: Effective board to lead and control the company

- (a) The Board shall be responsible for establishing and maintaining the most effective leadership structure for the Company.
- (b) The Board oversees the business of the Company and every director of the Company ("Director") is expected to exercise objective judgment on the Company's affairs and to always consider the interests of the Company and its subsidiary companies (collectively, the "Group"). The Board reviews and discusses reports prepared by the management on the performance, plans and prospects of the Group.
- (c) In addition to general overseeing of the management, the Board also performs various other functions, including, but not limited to:
 - (i) reviewing, approving and monitoring fundamental financial and business strategies and major corporate actions;
 - (ii) approving major acquisitions or disposals, corporate or financial restructuring, issuance of shares or other equity or debt instruments, payment of dividends or other distributions to shareholders;
 - (iii) assessing the risks the Group faces and reviewing and implementing appropriate measures to manage such risks;
 - (iv) nominating and appointing potential candidates for senior management and evaluating the performance and compensation of senior management;
 - (v) approving nominations to the Board;
 - (vi) reviewing and endorsing the framework for remuneration of the Board and senior management, as recommended by the Remuneration Committee; and
 - (vii) assuming overall responsibility for corporate governance of the Company.

BOARD MATTERS (Continued)

Board's Conduct of Its Affairs (Continued)

Principle 1: Effective board to lead and control the company (Continued)

The Board is responsible for performing the functions and roles set out in Code Provision D.3.1 of the Hong Kong Code and Principle 1 and its corresponding Guidelines of the Singapore Code. During the year under review, the Board met once to review the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management of the Company, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code (as defined below) and the Company's compliance with the Hong Kong Code and the Singapore Code and disclosure in this Corporate Governance Report.

- (d) To give effect to the discharge of its responsibilities (but without abdicating its responsibilities), the Board has established five Board committees, namely, the nomination committee of the Board ("**Nomination Committee**"), the remuneration committee of the Board ("**Remuneration Committee**"), the employees' share option scheme committee of the Board ("**Employees' Share Option Scheme Committee**"), the audit committee of the Board ("**Audit Committee**") and the executive committee of the Board ("**Executive Committee**"). These committees have written mandates and operating procedures which are reviewed periodically. The chairman of each Board committee will report to the Board the outcome of the respective Board committee meetings.
- (e) The Board conducts scheduled meetings on a quarterly basis to coincide with the announcement of the Group's quarterly and year end results, and as may be warranted by particular circumstances as deemed appropriate by the Board from time to time. The Articles of Association of the Company (the "**Articles**") provides for Directors to convene meetings by means of telephone conference or other methods of simultaneous communication by electronic or telegraphic means. The number of Board meetings and Board Committee meetings and general meetings of shareholders held from the date of the last annual report to the date of this annual report, as well as the attendance of each Board and Board Committee member at these meetings are disclosed below:

Report on Corporate Governance

BOARD MATTERS (Continued)

Board's Conduct of Its Affairs (Continued)

Principle 1: Effective board to lead and control the company (Continued)

- (f) The Board adopts an internal framework whereby a formal letter of appointment explaining the duties and responsibilities as a Director is sent to each newly appointed Director. All newly appointed Directors would receive an orientation kit comprising, but not limited to, the Articles, Directors' code of professional conduct, Directors' duties on notification, internal code for securities transactions, code of corporate governance and other relevant materials. All Directors have undergone an induction and orientation programme, as well as training programmes conducted by the Company.
- (g) During the period from the date of the last annual report to the date of this Annual Report, in accordance with A.6.5 of the Hong Kong Code, Ms. Stephanie Cheung Wai Lin, Mr. Chang Wing Yiu, Mr. Ng Hon Chung, Mr. Cheung Kwok Wing, Mr. Larry Lai Chong Tuck, Professor Raymond Leung Hai Ming and Mr. Stanley Chung Wai Cheong attended a Directors' seminar relating to the HK Listing Rules and the statutory disclosure obligation for listed companies to disclose inside information under Part XIVA of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) conducted by our Hong Kong Legal Advisors, Ashurst Hong Kong.

Executive Committee

- (h) The current Executive Committee comprises the following members: Stephanie Cheung Wai Lin (chairman) and Ng Hon Chung.
- (i) The Board (without abdicating its responsibility) has delegated the management of day-to-day operations of the Group to the Executive Committee. The Executive Committee will keep the Board informed of important issues.
- (j) The Executive Committee's terms of reference are as follows:
 - (i) To manage and oversee the operation of respective business units within the Group and to implement the performance target as set forth in the annual budgeting and forecast;
 - (ii) To execute and monitor the Group's strategy and progress of approved investments as directed by the Board;
 - (iii) To carry out the Group's operating and capital expenditure budget after obtaining Board approval for expansion guidelines;
 - (iv) To formulate policies in relation to the Group's business operations for the Board's consideration and to supervise the implementation of and compliance with the laid down policies by the management;
 - (v) To assist the Board in executing decisions in respect of compliance with all statutory duties imposed on the Group under the relevant legislations, rules and regulations including but not limited to the listing rules of the respective stock exchanges, and other statutory requirements, as appropriate. The members of the Executive Committee are expected to report to the Board immediately on any critical compliance matters as and when it arises;

BOARD MATTERS (Continued)

Executive Committee (Continued)

- (vi) To address areas or topics specifically referred to the Executive Committee by the Board; and
 - (vii) To do any such things and actions to enable the Executive Committee to discharge its powers and duties as conferred by the Board from time to time.
- (k) The detailed terms of reference (referred to in paragraph (j) above) of the Executive Committee are published on the websites of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”), SEHK and the Company.

Board Composition and Guidance

Principle 2: Strong and independent element on the board

- (a) Presently, the Board comprises seven Directors, three of whom are executive Directors (“**Executive Directors**”, and each an “**Executive Director**”), one of whom is a non-executive Director (“**Non-executive Director**”) and three of whom are independent non-executive directors (“**Independent Non-executive Directors**” and each an “**Independent Non-executive Director**”). The composition of the Board is as follows:

Executive Directors

Stephanie Cheung Wai Lin (*Vice-Chairman*)
Chang Wing Yiu
Ng Hon Chung

Non-executive Director

Cheung Kwok Wing (*Chairman*)

Independent Non-executive Directors

Larry Lai Chong Tuck
Raymond Leung Hai Ming
Stanley Chung Wai Cheong

Mr. Larry Lai Chong Tuck, our Independent Non-executive Director, has served the Company for more than 9 years after 26 February 2014. During his years of appointment, Mr. Lai has demonstrated his ability to provide an independent view to the Company’s matters. Mr. Lai has made an annual confirmation of independence pursuant to Rule 3.13 of the HK Listing Rules. The Board is satisfied that Mr. Lai remains independent, and that there is no evidence that his tenure had an impact on his independence. Pursuant to Guideline 2.2(d) of the Singapore Code, Independent Non-executive Directors should make up at least half of the Board as the chairman of the Board (“**Chairman**”) is not an Independent Non-executive Director. Currently, the number of the Independent Non-executive Directors makes up one-third of the Board.

The Board considers that the current Board size and number of Board Committees facilitate effective decision making and are appropriate for the nature and scope of the Group’s operations. To maintain flexibility and ensure that the Board’s functions are discharged effectively simultaneously, all Independent Non-executive Directors have full access to the Chairman on all matters that require prompt attention. The Board also considers, among other things, the policies and practices that have been put in place which provide independent Board oversight.

Report on Corporate Governance

BOARD MATTERS (Continued)

Board Composition and Guidance (Continued)

Principle 2: Strong and independent element on the board (Continued)

Accordingly, no additional Independent Non-executive Director would be invited to join the Board for the time being. The Board will review its leadership structure, size and composition together with the Nomination Committee from time to time and at least annually to ensure an effective decision-making process is in place.

- (b) Mr. Chang Wing Yiu is the brother-in-law of Mr. Cheung Kwok Wing and Ms. Stephanie Cheung Wai Lin. Ms. Stephanie Cheung Wai Lin is the sister of Mr. Cheung Kwok Wing.
- (c) During the year under review, the Non-executive Directors and Independent Non-executive Directors are not appointed for specific terms pursuant to Code Provision A.4.1 of the Hong Kong Code. Notwithstanding the aforesaid deviation, save for Mr. Larry Lai Chong Tuck (Please refer to paragraph (j) of Principle 4 for further details), all the Directors (including the Non-executive Directors and Independent Non-executive Directors) are subject to retirement by rotation and re-election at the Company's annual general meeting ("**AGM**"), as required under the Articles. As such, the Company considers that sufficient measures have been taken to ensure the Company's corporate governance practices are no less exacting than those set out in the Hong Kong Code.
- (d) The Board examines the independence of its Directors based on the criterion of independence as defined in Rule 3.13 of the HK Listing Rules and Guideline 2.3 and 2.4 of the Singapore Code. The Company has received from each of the Independent Non-Executive Directors an annual confirmation of his independence as required under Rule 3.13 of the HK Listing Rules.
- (e) Under the Singapore Code, an Independent Director is one who has no relationship with the Company, its related companies, its 10% shareholders¹, or its officers that could interfere, or be reasonably perceived to interfere with the exercise of the Director's independent business judgment with a view to ensuring that they act in the best interests of the Company.
- (f) To facilitate a more effective check on management, Non-Executive Directors are encouraged to meet regularly without the presence of management.

Chairman and Chief Executive Officer

Principle 3: Chairman and Chief Executive Officer to be separate persons to ensure appropriate balance of power, increased accountability and greater capacity of the board for independent decision making

- (a) The Chairman and the Vice-Chairman (who assumes the role and responsibility of the chief executive officer of the Company ("**Chief Executive Officer**"), collectively bear responsibility for the workings of the Board and ensure the integrity and effectiveness of the governance process of the Board. Whilst the Chairman plays a pivotal role in steering the strategic direction for the Board, the Vice-Chairman manages the day-to-day business of the Group and ensures the execution of the Board's decisions.

¹ "10% shareholder" (as defined in Principle 2 of the Singapore Code) shall refer to a person who has an interest or interests in one or more voting shares in the Company and the total votes attached to that share, or those shares, is not less than 10% of the total votes attached to all the voting shares in the Company. "Voting shares" exclude treasury shares.

Chairman and Chief Executive Officer (Continued)

Principle 3: Chairman and Chief Executive Officer to be separate persons to ensure appropriate balance of power, increased accountability and greater capacity of the board for independent decision making (Continued)

- (b) Pursuant to Guideline 3.3(d) of the Singapore Code, the Company should appoint a lead independent Director as the Chairman is not an Independent Non-executive Director.

The Board is of the opinion that all Independent Non-executive Directors communicate regularly with the Chairman as and when the need arises. In addition, the Independent Non-executive Directors ensure that there is sufficient time for discussion of all agenda items, and ensure that information is sent to the Board prior to Board meeting(s). The direct communication between the Independent Non-executive Directors and the Board allows actions to be handled more expeditiously and effectively by the Chairman.

Accordingly, the Board opines that a lead independent Director may not be required for the time being. The Board will review and assess the situation jointly with the Nomination Committee from time to time to consider whether a lead independent Director is required.

- (c) The Independent Non-executive Directors have met periodically without the presence of the other Directors.

Board Membership

Principle 4: Formal and transparent process for the appointment and reappointment of Directors to the board

- (a) The Board endeavours to ensure that there is an appropriate mix of core competencies and collective expertise to provide the necessary knowledge and objective judgment to meet its responsibilities.
- (b) The Board benefits from the depth and breadth of expertise that each Director possesses, collectively providing core competencies in finance, industry, business and management.

Nomination Committee

- (c) The current Nomination Committee comprises the following members: Professor Raymond Leung Hai Ming (chairman), Mr. Larry Lai Chong Tuck and Mr. Stanley Chung Wai Cheong, all of whom are Independent Non-executive Directors.
- (d) The Nomination Committee shall carry out its duties and responsibilities within its terms of reference with the following authority delegated by the Board:
- (i) to have access to information from the Company and the management when making evaluations concerning the contribution and performance of individual Directors;
 - (ii) to seek independent professional advice, if required, to perform its responsibilities and the cost of such professional advice will be borne by the Company; and
 - (iii) any other authority that the Board may delegate from time to time.
- (e) The Nomination Committee has a set of terms of reference defining its scope of authority and the detailed terms of reference of the Nomination Committee are published on the websites of SGX-ST, SEHK and the Company.

BOARD MATTERS (Continued)

Nomination Committee (Continued)

- (f) The Nomination Committee's key terms of reference are as follows:
- (i) to identify individuals suitably qualified to become new Directors and to select or make recommendations to the Board in the selection of suitable new Director;
 - (ii) to review the background, academic and professional qualifications of persons to be appointed as new Directors;
 - (iii) to review the structure, size and composition (including the skills, knowledge and experience) of the Board at least annually and make recommendations on any proposed changes to the Board to complement the Company's corporate strategy;
 - (iv) to assess annually the independence of the Independent Non-Executive Directors by making reference to Rule 3.13 of the HK Listing Rules and Guideline 2.3 and 2.4 of the Singapore Code, bearing in mind that an "independent" Director is one who has no relationship with the Company, its related companies or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment with a view to the best interests of the Company;
 - (v) to make recommendations to the Board on the appointment or re-appointment of Directors and succession planning for Directors, in particular, the Chairman and the Chief Executive Officer;
 - (vi) to re-nominate Directors retiring at the AGM for re-election, having regard to the contribution and performance of each retiring Director, such as attendance, preparedness, participation and candour, at meetings;
 - (vii) to evaluate the Board's performance as a whole, to propose objective performance criteria, as well as to assess the contribution of each Director to the effectiveness of the Board;
 - (viii) where a Director has multiple board representations, to assess if such Director has given sufficient time and attention to the affairs of the Company, and is able to and has been adequately carrying out his duties as a Director of the Company;
 - (ix) to liaise with the Board in relation to the preparation of the Nomination Committee's report to shareholders of the Company in the annual report as required; and
 - (x) to ensure the chairman of the Nomination Committee, or in the absence of the chairman of the Nomination Committee, another member of the Nomination Committee or failing which, his duly appointed delegate, to be available to answer questions at the AGM of the Company.
- (g) A Director, who holds a full-time position in the Company, should not hold more than 4 directorships in listed companies and a Director, who does not hold a full-time position in the Company, should not hold more than 6 directorships in listed companies.

BOARD MATTERS (Continued)

Nomination Committee (Continued)

- (h) Where it is considered that the Board would benefit from the services of a new Director with particular skills, the Nomination Committee would, in consultation with the Board, determine the selection criteria and identify candidates with the appropriate expertise for the position. The Company has in place a comprehensive and detailed process for the selection of new Directors, if required. Generally, candidates are first sourced through an extensive network of contacts and identified based on the relevant expertise and knowledge required. After the chairman and other members of the Nomination Committee have interviewed the candidates, the Nomination Committee would nominate the most suitable candidate to the Board for consideration and appointment as a Director.
- (i) During the period from the date of the last annual report to the date of this Annual Report, the Nomination Committee had convened one meeting during which they considered, among other things, which Directors should retire as Directors at the forthcoming AGM.
- (j) In accordance with the Hong Kong Code and the Articles, each Director is required to retire at least once every three years by rotation and all newly appointed Directors are required to retire at the next AGM. The retiring Directors are eligible to offer themselves for re-election. The Nomination Committee (save that a member shall abstain from making a recommendation in respect of his own re-appointment) has recommended to the Board, the re-appointment of Mr. Chang Wing Yiu, Mr. Stanley Chung Wai Cheong and Mr. Ng Hon Chung. Both Mr. Chang Wing Yiu and Mr. Stanley Chung Wai Cheong have been the longest in office since their last re-election, which occurred at the same day. Both Directors are due to retire by rotation. Mr. Cheung Kwok Wing, Mr. Raymond Leung Hai Ming, Ms. Stephanie Cheung Wai Lin and Mr. Ng Hon Chung (all of whom have been longest in office since their last re-election, and who were all re-elected on the same day) have determined by lot pursuant to Article 95(4) of the Articles that Mr. Ng Hon Chung shall retire at the forthcoming AGM. The Board has accepted the Nomination Committee's recommendations, and all the abovementioned Directors, having accepted the Company's invitation for re-election, will be offering themselves for re-election at the forthcoming AGM.

Mr. Larry Lai Chong Tuck is not retiring by rotation pursuant to the Hong Kong Code and the Articles. According to the Companies Act (Cap. 50, Singapore Statutes) (the "Act"), the Company must have a Singapore-resident Director at all times failing which would render the Company and each of its Directors to be in breach of the Companies Act. Given that Mr. Larry Lai Chong Tuck is the sole Singapore-resident Director of the Company, the Company considers that he is not subject to retirement by rotation in order to comply with the Act.

- (l) Save for the abovementioned Independent Non-Executive Directors in paragraph (k) above, no other Directors are considered to be independent by the Nomination Committee.

BOARD MATTERS (Continued)

Board Performance

Principle 5: Formal annual assessment of the effectiveness of the board as a whole and its board committees and the contribution by each Director to the effectiveness of the board

- (a) The Board has established a formal assessment process which will be carried out annually for evaluation of the performance of the Board by the Nomination Committee and the individual Directors on the basis of the following performance criteria:
 - (i) Attendance at Board meetings;
 - (ii) Level of participation at Board meetings and overall commitment;
 - (iii) Ability to strategise and propose sound business direction; and
 - (iv) Contribution of specialised knowledge.
- (b) The Board uses its best efforts to ensure that each Director appointed to the Board possesses the background and expertise in technology, business, finance and management skills critical to the Group's business to enable the Board to make sound and well-considered decisions.
- (c) The Nomination Committee has identified a set of performance criteria, which the Board has approved, to be used for evaluating the effectiveness of the Board as a whole, as well as the performance of each Director. Such performance criteria also addresses how the Board enhanced long term shareholders' value. The set of performance criteria includes qualitative and quantitative factors, including (but not limited to), the performance of principal functions and fiduciary duties, level of participation at meetings, guidance provided to the management and attendance records. Other performance criteria that may be used include return on assets, return on equity, return on investment and the comparison of the Company's share price performance against appropriate indices of SGX-ST.
- (d) Each Director has been assessed individually and the individual evaluation aims to assess whether each Director continues to contribute effectively and demonstrate commitment to the role (including commitment of time for meetings of the Board and Board Committees, and any other duties). The Chairman acts on the results of the performance evaluation, and, in consultation with the Nomination Committee, proposes, where appropriate, new members to be appointed to the Board or seek the resignation of Directors.

Access to Information

Principle 6: Board members to have complete, adequate and timely information

- (a) The management provides the Board and its various Board Committees with adequate and timely information and reports, including budgets, forecasts and internal financial statements prior to their respective meetings and on an on-going basis.
- (b) The Board has separate and independent access to the Company's management and the Company Secretary for additional information. In addition, should the Directors, whether as a group or individually, need independent professional advice relating to the Company's affairs, the management will, upon direction by the Board, appoint the appropriate professional advisor(s) selected by the Group or the individual Director, to render the requisite advice. The cost of such professional advice will be borne by the Company.

BOARD MATTERS (Continued)

Access to Information (Continued)

Principle 6: Board members to have complete, adequate and timely information (Continued)

- (c) Our Company Secretary will attend Board meetings, particularly the meetings for reviewing the draft announcements of the Group's quarterly and full year results, and is responsible for ensuring that Board procedures are followed. Together with the management, the Company Secretary is responsible for ensuring compliance with the Companies Act (Cap. 50, Singapore Statutes) (the "Act"), the SGX-ST rules, the HK Listing Rules and all other regulations applicable to the Company. Under the direction of the Chairman, the Company Secretary's responsibilities include ensuring good information flows within the Board and its Board Committees and between management and Non-executive Directors, advising the Board on all governance matters, as well as facilitating orientation and assisting professional development.
- (d) The Articles provide that the appointment and removal of any Company Secretary are subject to the approval of the Board.

REMUNERATION MATTERS

Principle 7: Formal and transparent procedure for developing policy on executive remuneration and for fixing remuneration packages of individual Directors

Remuneration Committee

- (a) The current Remuneration Committee comprises the following members: Professor Raymond Leung Hai Ming (chairman), Mr. Larry Lai Chong Tuck and Mr. Stanley Chung Wai Cheong, all of whom are Independent Non-executive Directors.
- (b) The Company has adopted the model of Remuneration Committee as described in Code Provision B.1.2(c) (ii) of the Hong Kong Code to make recommendations to the Board on the remuneration packages of individual executive Directors and senior management. The Remuneration Committee will review and recommend remuneration policies and packages for senior management and the Board. The review will cover all aspects of remuneration, including but not limited to, salaries, allowances, bonuses, share options and benefits-in-kind. In conducting its review, the Remuneration Committee will give due regard to the financial and commercial health and business needs of the Group. Where appropriate, external consultants will be appointed to assist the Remuneration Committee in conducting its review and making its recommendations. The Remuneration Committee's recommendations will thereafter be submitted for endorsement by the entire Board.
- (c) The Remuneration Committee has a set of terms of reference defining its scope of authority, and is responsible for the following functions:
 - (i) to ensure the Remuneration Committee's recommendations have been made in consultation with the Chairman and submitted for endorsement by the entire Board; and
 - (ii) to liaise with the Board in relation to the preparation of executive compensation for inclusion in the Company's annual report as required.
- (d) The detailed terms of reference for the Remuneration Committee are published on the websites of SGX-ST, SEHK and the Company.

REMUNERATION MATTERS (Continued)

Principle 7: Formal and transparent procedure for developing policy on executive remuneration and for fixing remuneration packages of individual directors (Continued)

Remuneration Committee (Continued)

- (e) The key terms of reference of the Remuneration Committee are as follows:
- (i) to make recommendations to the Board on the Company's policy and structure for all Directors' and senior management's remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy;
 - (ii) to review and approve the management's remuneration proposals with reference to the Board's corporate goals and objectives;
 - (iii) to make recommendations to the Board on the remuneration packages of individual executive Directors, the Chief Executive Officer (or executive of equivalent rank) and senior management, including benefits-in-kind, pension rights and compensation payments, including any compensation payable for loss or termination of their office or appointment;
 - (iv) to make recommendations to the Board on the remuneration of Non-executive Directors;
 - (v) to ensure that the remuneration packages of each Director, the Chief Executive Officer (or executive of equivalent rank) and senior management commensurate with their respective job scopes, time commitment, levels of responsibilities, performance on recommendation by the Nomination Committee and salaries paid by comparable companies;
 - (vi) to ensure the Remuneration Committee's recommendation relating to the remuneration of other Executive Directors have been made in consultation with the Chairman and/or Chief Executive Officer and submitted for endorsement by the entire Board;
 - (vii) to consider and make recommendations on whether to grant share options to eligible participants pursuant to the share option scheme of the Company;
 - (viii) to review and approve compensation payable to Executive Directors and senior management for any loss or termination of office or appointment, and to ensure that it is consistent with contractual terms of their contracts of service and is otherwise fair, and not excessive;
 - (ix) to review and approve compensation arrangements relating to dismissal or removal of Directors for misconduct and to ensure that they are consistent with contractual terms and are otherwise reasonable and appropriate;
 - (x) to liaise with the Board in relation to the preparation of information on executive compensation for inclusion in the Company's annual report as required;
 - (xi) to review whether Directors should be eligible for benefits under long-term incentive schemes; and
 - (xii) to ensure the chairman of the Remuneration Committee, or in the absence of the chairman of the Remuneration Committee, another member of the Remuneration Committee or failing which his duly appointed delegate, to be available to answer questions at the AGM.
 - (xiii) to seek expert advice, either within the Company or to enlist a professional third party, on the remuneration of all Directors, if necessary.

REMUNERATION MATTERS (Continued)

Remuneration Committee (Continued)

Principle 7: Formal and transparent procedure for developing policy on executive remuneration and for fixing remuneration packages of individual directors (Continued)

- (f) The Remuneration Committee is also tasked with reviewing the Company's obligations arising in the event of termination of the Executive Directors' key management executive's contracts of service, to ensure that such contracts of service contain reasonable termination clauses which are not overly generous.
- (g) During the period from the date of the last annual report to the date of this Annual Report, the Remuneration Committee had convened one meeting and reviewed various remuneration matters, including, among other things, the remuneration packages for all Directors and senior management.
- (h) Each member of the Remuneration Committee abstains from voting on any resolution concerning his own remuneration.

Principle 8: Remuneration of Directors should be adequate but not excessive

- (a) In setting the remuneration packages, the Company will take into account pay and employment conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of individual Directors and senior management.
- (b) All Independent Non-executive Directors receive Director's fees, which is subject to shareholders' approval at each AGM.
- (c) Executive Directors do not receive Directors' fees. The remuneration for the Company's executive Directors and senior management comprise of a basic salary component and a variable component which is the discretionary bonus, based on the performance of the Group as a whole and their individual performance.
- (d) The annual review of the compensation of Directors and senior management will be carried out by the Remuneration Committee and approved by the Board to ensure that their remuneration packages commensurate with their performance, giving due regard to the financial and commercial well-being of the Company.

Principle 9: Disclosure on remuneration policy, level and mix of remuneration, and procedure for setting remuneration

- (a) The Group's remuneration policy is to provide compensation packages at rates which reward good performance and the enhancement of shareholder value and to attract, retain and motivate the Directors and employees. For disclosure of the remuneration of the Executive and Non-Executive Directors and the five top earning senior management and a breakdown of the fees payable to each Director, please refer to Note 10 to the Financial Statements on pages 97 to 99. The Board is of the view that given the sensitive and confidential nature of employee's remuneration, detailed disclosure on the top five key executives is not in the best interests of the Company and the Group. Such disclosure would disadvantage the Group in relation to its competitors and may affect adversely the cohesion and spirit of team work prevailing among of the employees of the Group. The amounts are presented in United States dollars equivalent (exchange rate: US\$1: S\$0.7073) instead of Singapore dollars as this Annual Report is prepared in the functional currency of United States dollars.

Employees' Share Option Scheme Committee

- (b) The Employees' Share Option Scheme Committee comprises Mr. Cheung Kwok Wing (Non-executive Director) and Mr. Chang Wing Yiu (executive Director).
- (c) The Employees' Share Option Scheme Committee is authorised to administer the 2008 Elec & Eltek Employees' Share Option Scheme adopted by the Company's shareholders in May 2008 (the "**2008 Scheme**"), including but not limited to, offer and grant of share options to eligible participants in accordance with the rules of the 2008 Scheme, to modify and/or amend the 2008 Scheme from time to time; and to take such steps to complete and do all such acts and things and to enter into such transactions, arrangements and agreements as may be necessary or expedient to give full effect to the 2008 Scheme.
- (d) No options were granted since the commencement of the 2008 Scheme or to the end of CY2015 to the Directors, controlling shareholders and eligible employees of the Company and their associates.
- (e) Information on the 2008 Scheme is disclosed on page 44 in the Directors' Statement and Report and pages 117 to 118 in Note 27 to the Financial Statements.

ACCOUNTABILITY AND AUDIT

Accountability

Principle 10: The Board should present a balanced and understandable assessment of the Company's performance, position and prospects

- (a) The Board is responsible for providing a balanced and understandable assessment of the Company's performance, position and prospects, including interim reports other price-sensitive public reports and reports to regulators (if required). In presenting the quarterly and annual financial statements to shareholders, it is the aim of the Board to provide the shareholders with a balanced and comprehensible assessment of the Group's position and prospects. The management is responsible for providing the Board with appropriately detailed management accounts of the Group's performance, position and prospects on a monthly basis, and as the Board may require from time to time to enable the Board to make a balanced and informed assessment of the Company's performance, position and prospects.
- (b) The Directors acknowledge their responsibilities for preparing the Company's accounts which gives a true and fair view of the financial position of the Group. The Company deploys appropriate and sufficient resources to prepare unaudited quarterly accounts and audited annual accounts. The senior management is required to present and explain the financial reporting and matters that materially affect or may materially affect the financial performance and operations of the Company to the Audit Committee and the Board on a monthly basis, and respond to the queries and concerns raised by the Audit Committee and the Board to their satisfaction. The statement by the Company's auditors about their reporting responsibilities on the financial statements is set out in the Independent Auditor's Report on pages 54 and 55 of this annual report.

ACCOUNTABILITY AND AUDIT (Continued)

Risk Management and Internal Controls

Principle 11: Sound system of risk management and internal controls

- (a) The Group's system of internal controls is designed to provide reasonable assurance that assets are safeguarded, that proper accounting records are maintained, and that financial information used within the business and for publication are reliable.
- (b) The statutory auditors, in the course of conducting their annual audit procedures on the statutory financial statements, also reviewed the Group's significant internal financial controls to the extent of their scope as laid out in their audit plan. Any material non-compliance and internal financial control weaknesses noted by the auditors are reported to the Audit Committee together with the auditors' recommendations. The management would then take appropriate actions to rectify the weaknesses highlighted.
- (c) The Audit Committee, in the course of their review of the reports presented by the internal auditors and statutory auditors, also reviewed the effectiveness of the Group's system of risk management and internal controls and is satisfied that there are adequate internal controls to meet the needs of the Group in its current business environment. As such, the Board, with the concurrence of the Audit Committee, is satisfied with the adequacy of the internal controls, including financial, operational and compliance and information technology controls, and risk management systems.
- (d) The Board has received assurance from the Chief Executive Officer and Financial Controller (the equivalent of Chief Financial Officer) that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances and regarding the effectiveness of the Company's risk management and internal control systems.

Audit Committee

Principle 12: Establishment of Audit Committee with written terms of reference

- (a) The current Audit Committee comprises the following members: Mr. Larry Lai Chong Tuck (chairman), Professor Raymond Leung Hai Ming and Mr. Stanley Chung Wai Cheong, all of whom are Independent Non-Executive Directors. The Board has ensured that the members of the Audit Committee are appropriately qualified to discharge their duties.
- (b) The Audit Committee has written terms of reference defining its scope of authority and carries out its duties and responsibilities with the following authority delegated by the Board:
 - (i) to investigate any matter within its written terms of reference;
 - (ii) to have full access to and cooperation by the management and full discretion to invite any Director or executive officer to attend its meetings;
 - (iii) to seek any information it requires from any employee and all employees shall be directed to co-operate with any request made by the Audit Committee; and
 - (iv) any other authority that the Board may delegate from time to time.

ACCOUNTABILITY AND AUDIT (Continued)

Audit Committee (Continued)

Principle 12: Establishment of Audit Committee with written terms of reference (Continued)

- (c) During the financial year and up to the date of this Annual Report, the Audit Committee met with the management, internal auditor and statutory auditors of the Company and performed, inter alia, the following functions:
- (i) reviewed the internal audit plans, the results of internal audits and evaluation of the Group's systems of internal accounting controls, and the effectiveness of actions or policies taken by the management on its recommendations and observations;
 - (ii) reviewed the Group's continuing connected transactions; and
 - (iii) reviewed the co-operation and assistance given by the management to the Company's statutory auditors.
- (d) The detailed terms of reference of the Audit Committee are published on the websites of SGX-ST, SEHK and the Company.
- (e) The key terms of reference of the Audit Committee are as follows:
- (i) to monitor the integrity and to review periodically and satisfy themselves of the quality, especially as to the completeness, accuracy and fairness of the financial statements prepared by the management and to monitor the Company's annual report and accounts, half-year report and, if prepared for publication, quarterly reports and to review significant financial reporting judgements contained in them before submission to the Board;
 - (ii) to review the scope and results of the audit and its cost effectiveness in accordance with the applicable standards;
 - (iii) where the external auditors supply a substantial volume of non-audit services to the Company, to review the nature and extent of such services, seeking to balance the maintenance of objectivity and value for money;
 - (iv) to review and monitor the independence and objectivity of the external auditors annually;
 - (v) to be primarily responsible for making recommendations to the Board on the appointment, re-appointment and/or removal of a person or persons as external auditors;
 - (vi) to be primarily responsible for approving the remuneration and terms of engagement of the external auditors and any questions of its resignation or dismissal;
 - (vii) to discuss with the external auditors the nature and scope of the audit and reporting obligations before the audit commences;
 - (viii) to ensure that there is coordination between the internal and external auditors and that the internal audit function is adequately resourced and has appropriate standing within the Company and to review and monitor its effectiveness;
 - (ix) to review the scope and results of the internal audit procedures;
 - (x) to review the significant financial reporting issues and judgments so as to ensure the integrity of financial statements of the Company and any formal announcements relating to the Company's financial performance;

Report on Corporate Governance

ACCOUNTABILITY AND AUDIT (Continued)

Audit Committee (Continued)

Principle 12: Establishment of Audit Committee with written terms of reference (Continued)

- (xi) to review arrangements which staff of the Company can, in confidence, raise concerns about possible improprieties in matters of financial reporting and other matters, bearing in mind that the Committee's objective should be to ensure that arrangements are in place for independent investigation of these matters and for appropriate follow-up action;
- (xii) to review the adequacy and effectiveness of the internal audit function at least annually;
- (xiii) to ensure that a review, by the internal and/or external auditors, of the adequacy and effectiveness of the Company's material internal controls, including financial, operational and compliance controls, and risk management policies and systems established by the management, is conducted at least annually, provided that where the public accountant is also the external auditor of the Company, the Committee should satisfy itself that the independence of the public accountant is not compromised by any other material relationship with the Company;
- (xiv) to discuss the internal control system with management to ensure that management has performed its duty to have an effective system of internal controls including the adequacy of resources, staff qualifications and experience, training programmes and budget of the Company's accounting and financial reporting function;
- (xv) to consider major investigation findings on internal control matters as delegated by the Board or on its own initiative and the management's response to these findings;
- (xvi) to review the Company and its subsidiaries' financial and accounting policies and practices;
- (xvii) to review the external auditor's management letter, any material queries raised by the auditor to management about accounting records, financial accounts or systems of control and the management's response;
- (xviii) to ensure that the Board will provide a timely response to the issues raised in the external auditor's management letter;
- (xix) to report to the Board on the matters in the provisions of the Hong Kong Code (as amended from time to time);
- (xx) to consider other topics, as defined by the Board from time to time;
- (xxi) to act as the key representative body for overseeing the Company's relations with the external auditors;
- (xxii) to review the assistance given by the Company's officers to the auditors;
- (xxiii) to review the procedures set up to identify, report and where necessary, seek appropriate approval for interested person transactions;
- (xxiv) to review compliance with legal, regulatory and industry requirements, as well as the Company's obligations to the community and social or ethical codes practiced within the business; and
- (xxv) to ensure the chairman of the Audit Committee, or in the absence of the chairman of the Audit Committee, another member of the Audit Committee or failing which his duly appointed delegate, to be available to answer questions at the AGM.

ACCOUNTABILITY AND AUDIT (Continued)

Audit Committee (Continued)

Principle 12: Establishment of Audit Committee with written terms of reference (Continued)

- (f) The Audit Committee has reviewed with the management the accounting principles and practices adopted by the Group and discussed auditing, internal control and financial reporting matters, including the review of the audited annual Financial Statements for CY2015.
- (g) The Audit Committee has undertaken a review of the policy and arrangements by which staff of the Company and any other persons may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The Audit Committee has full access to and co-operation from the management and the statutory and internal auditors and has full discretion to invite any Director or executive officer to attend its meeting. The statutory and internal auditors have unrestricted access to the Audit Committee, without the presence of management.
- (h) The Company has adopted a whistleblower policy which allows the staff of the Group to raise concerns, in confidence, about suspected improper conduct or incidents on matters of financial reporting, internal accounting controls, auditing and other matters or potential violations of the laws; and for the independent investigation of such matters and appropriate follow-up actions.
- (i) During the year under review, the fees paid or payable to the Company's statutory auditors in respect of audit and non-audit services provided by the Company's statutory auditors to the Group were as follows:

Nature of services	Amount (US\$'000)
Audit services	442
Non-audit services	110
Total:	<u>552</u>

- (j) The Audit Committee has undertaken a review of all the non-audit services provided by the Company's statutory auditors and concluded that in their opinion, such services did not affect the independence of the statutory auditors.
- (k) The Audit Committee met four times during the financial year under review. The Vice-Chairman, Company Secretary, Chief Internal Audit Officer, finance manager and the statutory auditors were invited to attend these meetings. The Audit Committee considered and reviewed with management, the Chief Internal Audit Officer and the statutory auditors the following:
 - (i) Significant internal audit observations, risk assessment and management responses thereto;
 - (ii) Planned scope of annual and internal audit plans to ensure that the plans have sufficiently reviewed the system of internal controls;

ACCOUNTABILITY AND AUDIT (Continued)

Internal Audit

Principle 13: Independent internal audit function

In the review of the audited annual Financial Statements for CY2015, the Audit Committee has discussed with the management and the statutory auditors the accounting principles and practices adopted by the Group and discussed auditing, internal control and financial reporting matters as well as their judgment of items that might affect the integrity of the Financial Statements. Following the review and discussions, the Audit Committee has recommended to the Board the release of the full-year Financial Statements. The Audit Committee keeps abreast of the latest updates of changes in accounting standards and principles and practices through the quarterly meetings with the statutory auditors.

- (a) The Group has an adequately resourced independent internal audit function to conduct regular review of the systems of internal controls in selected areas and to report independently the findings and recommendations of any internal control weakness to the Audit Committee and to the senior management for remedial action.
- (b) The internal auditors have a direct and primary reporting line to the chairman of the Audit Committee and the internal auditors would report administratively to the Vice-Chairman (who assumes the role and responsibility of the Chief Executive Officer) and assist the Board in monitoring and managing the business risks and the system of internal controls of the Group. The Audit Committee reviews and approves the internal audit plan at every quarterly meeting or prior to the commencement of the audit. Reports from the internal auditors containing the summary of findings and recommendations for improvements (if any) are tabled and discussed at quarterly meetings by the Audit Committee members. The Audit Committee approves the hiring, removal, evaluation and compensation of the head of the independent internal audit function. The internal auditors have unfettered access to all the Company's documents, records, properties and personnel, including access to the Audit Committee.
- (c) The internal auditors carry out its function according to the standards set by nationally recognized professional bodies including the Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors.
- (d) The Audit Committee has reviewed the effectiveness and adequacy of internal audit function and is satisfied that the internal audit function is adequately resourced and has appropriate standing within the Group.

Currently (and on a temporary basis), there is no head of the internal audit function. However, the Company is sourcing for an appropriate person with relevant qualifications and experience, to assume the role of head of the internal audit function.

Shareholder Rights

Principle 14: Facilitate the exercise of shareholders' rights

Procedures for shareholders to convene extraordinary general meetings of the Company (“EGM”) and AGM

(a) Pursuant to the Articles

An AGM shall be called by notice of not less than twenty-one clear days or twenty clear business days (whichever is longer) and any EGM at which the passing of a special resolution is to be considered shall be called by notice of not less than twenty one clear days or ten clear business days (whichever is longer). All other EGM may be called by notice of not less than fourteen clear days and not less than ten clear business days (whichever is longer), provided always that a general meeting notwithstanding that it has been called by a shorter notice than that specified above, shall be deemed to have been duly called if it is so agreed (a) in the case of an AGM by all the members entitled to attend and to vote thereat; and (b) in the case of an EGM by a majority in number of the members having a right to attend and vote thereat, being a majority together holding not less than 95 per cent of the total voting rights of all the members having a right to vote thereat. The period of notice shall in each case be exclusive of the day on which it is served or deemed to be served and of the day on which the general meeting is to be held. Every notice calling a general meeting shall specify the place and the day and the hour of meeting, and there shall appear with reasonable prominence in every such notice a statement that a member entitled to attend and vote is entitled to appoint more than one proxy to attend and vote instead of him and that a proxy need not be a Member of the Company and be given in manner hereinafter mentioned to such persons as are under the provisions of these Articles entitled to receive notices of general meetings from the Company. Any notice of a meeting called to consider special business shall be accompanied by a statement regarding the effect of any proposed resolution in respect of such special business. At least fourteen clear business days' notice of every such meeting shall be given by advertisement in the daily press and in writing to the SGX-ST and the SEHK, and in the case of any AGM or any EGM at which it is proposed to pass a special resolution, at least twenty-one clear business days' notice in writing of such AGM or EGM shall be given to the SGX-ST and the SEHK. For the avoidance of doubt, “business day” shall mean any day on which the SGX-ST and the SEHK is open for business of dealing in securities. The accidental omission to give such notice to, or the non-receipt of such notice by, any such person shall not invalidate the proceedings or any resolution passed at any such meeting.

(b) Pursuant to the Act

(i) Convening of an EGM on requisition

- (a) the Directors of the Company, notwithstanding anything in its Articles, shall, on the requisition of members holding at the date of the deposit of the requisition not less than 10% of such of the paid-up capital as at the date of the deposit carries the right of voting at general meetings immediately proceed to duly convene an EGM to be held as soon as practicable but in any case not later than 2 months after the receipt by the Company of the requisition.
- (b) The requisition shall state the objects of the meeting and shall be signed by the requisitionists and deposited at the registered office of the Company, and may consist of several documents in like form each signed by one or more requisitionists.

Principle 14: Facilitate the exercise of shareholders' rights (Continued)

Procedures for shareholders to convene EGM and AGM (Continued)

- (c) If the Directors do not within 21 days after the date of the deposit of the requisition proceed to convene a meeting the requisitionists, or any of them representing more than 50% of the total voting rights of all of them, may themselves, in the same manner as nearly as possible as that in which meetings are to be convened by Directors convene a meeting, but any meeting so convened shall not be held after the expiration of 3 months from that date.
 - (d) Any reasonable expenses incurred by the requisitionists by reason of the failure of the Directors to convene a meeting shall be paid to the requisitionists by the Company, and any sum so paid shall be retained by the company out of any sums due or to become due from the Company by way of fees or other remuneration in respect of their services to such of the Directors as were in default.
 - (e) A meeting at which a special resolution is to be proposed shall be deemed not to be duly convened by the Directors if they do not give such notice thereof as is required by the Act in the case of special resolutions.
- (ii) Calling of meetings
- (a) Two or more members holding not less than 10% of the total number of issued shares of the company (excluding treasury shares) may call a meeting of the company.
 - (b) A meeting of a Company or of a class of members, other than a meeting for the passing of a special resolution, shall be called by notice in writing of not less than 14 days or such longer period.
 - (c) A meeting shall, notwithstanding that it is called by notice shorter than is required by paragraph (ii) (b), be deemed to be duly called if it is so agreed:
 - (i) In the case of a meeting called as the AGM, by all the members entitled to attend and vote thereat; or
 - (ii) In the case of any other meeting, by a majority in number of the members having a right to attend and vote thereat, being a majority which together holds not less than 95% of the total voting rights of all the members having a right to vote at that meeting.

Procedures for shareholders to propose a person for election as a Director

- (b) Shareholders may also make enquiries with the Board at the general meetings of the Company.

Company Secretary, Investor Relations and Communication with Shareholders

- (a) Ms. Marian Ho Wui Mee, being the Company's sole Company Secretary, has confirmed that, for the year under review, she has taken no less than 15 hours of relevant professional training.
- (b) The Company has also set up a public relations website which enables the shareholders and public to post their questions, comments and opinions to the Board in relation to the Group.
- (c) During the year under review, there is no change in the Company's constitutional documents.

Principle 15: Regular, effective and fair communication with shareholders

- (a) The Board is mindful of its obligation to provide timely and fair disclosure of material information to its shareholders. Quarterly, half-yearly and annual financial statements, annual reports, circulars and other announcements are released through SGXNET and SEHK, and annual reports and circulars are sent to all shareholders by post. The information is also available on the Company's website (<http://www.eleceltek.com>).
- (b) Price-sensitive information is first publicly released, either before the Company meets with any group of investors or investment analysts or simultaneously with such meetings, if necessary.
- (c) The Company discloses information in compliance with the SGX-ST Listing Manual Mainboard Rules ("SGX Listing Manual") and HK Listing Rules, and publishes periodic reports and announcements to the public in accordance with the relevant laws and regulations. The primary focus of the Company is to ensure information disclosure is timely, fair, accurate, truthful and complete, thereby enabling shareholders, investors as well as the public to make rational and informed decisions.
- (d) Notices of shareholders' meetings will be dispatched to shareholders as well as advertised in the newspapers in Singapore. Shareholders are encouraged to communicate their views and ask questions regarding the Group and resolutions being proposed during shareholders' meetings.

ACCOUNTABILITY AND AUDIT (Continued)

Company Secretary, Investor Relations and Communication with Shareholders (Continued)

Principle 15: Regular, effective and fair communication with shareholders (Continued)

- (e) All resolutions in shareholders' meetings have been voted by poll, and the detailed results showing the number of votes cast for and against each resolution and their respective percentages have been communicated to the shareholders and posted on the websites of the Company, SEHK and SGX-ST accordingly.
- (f) Through the above measures, the Company endeavours to communicate with its shareholders and provide them with the latest development of the Group.

Principle 16: Engage greater shareholder participation at AGM

- (a) The Board endeavours to maintain an on-going dialogue with shareholders. All Directors are encouraged to attend the general meetings to have personal communication with shareholders.
- (b) The statutory auditors and the members of the Audit Committee, Nomination Committee and/or Remuneration Committee will normally be available at shareholders' meetings to assist the Directors in addressing any queries by shareholders at the meetings.
- (c) At shareholders' meetings, each distinct issue is proposed as a separate resolution.
- (d) Under the Articles, a shareholder of the Company is allowed to appoint one or more proxies to attend and vote at all shareholders' meetings on his or her behalf. The Articles allows a shareholder to vote in absentia such as by voting via mail, e-mail or facsimile.
- (e) The Company prepares minutes of general meetings, and these minutes are made available to shareholders upon their request.
- (f) The Company puts all resolutions to vote by poll and makes an announcement of the detailed results showing the number of votes cast for and against each resolution and their respective percentages.
- (g) At the annual general meeting of the Company held on 24 April 2015 ("**2015 AGM**"), the Chairman did not attend the 2015 AGM pursuant to Code Provision E.1.2 of the Hong Kong Code and Guideline 16.3 of the Singapore Code. The Chairman delegated the duty of attending the 2015 AGM to the Vice-Chairman, Ms. Stephanie Cheung Wai Lin, one of our Executive Directors, who was able to answer and address questions raised by shareholders at the 2015 AGM. The Company considers that sufficient measures have been taken to ensure the Company's corporate governance practices are no less exacting than those in the Hong Kong Code or the Singapore Code.

CORPORATE GOVERNANCE FUNCTIONS

The Board is responsible for performing the functions set out in the code provision D.3.1 of the Hong Kong Code. During the year, the Board has reviewed and monitored the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management of the Group, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code (as defined below) and the Company's compliance with the Hong Kong Code and disclosure in this Report on Corporate Governance.

INTERESTED PERSON TRANSACTIONS

The Company has adopted an internal policy in respect of any transaction with interested persons and has set out the procedures for review and approval of the Company's interested person transactions. For the current financial year, the amount of interested person transactions to be disclosed pursuant to Rule 907 of the Listing Manual of SGX-ST is disclosed in the section "Interested Persons Transactions" on page 123.

CONTINUING CONNECTED TRANSACTIONS

Details of continued connected transactions for CY2015 which fall under Chapter 14A of the HK Listing Rules are set out in the section headed “Continuing Connected Transactions” on pages 49 to 52 in this Annual Report.

INTERNAL CODE ON DEALING IN SECURITIES

- (a) The Company has adopted the code of conduct regarding securities transactions by the Directors and relevant employees (as defined in the Hong Kong Code) on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers contained in Appendix 10 to the HK Listing Rules (the “**Model Code**”). A copy of the internal memorandum is circulated to each Director and relevant employees, at least 30 days and 60 days respectively before the date of the board meeting to approve the Company’s quarterly results and annual results, with a reminder that the Directors and relevant employees cannot deal in the securities of the Company until after such results have been published.
- (b) Directors and officers are also prohibited from dealing in the Company’s securities when they are in possession of unpublished inside or price sensitive information of the Group. Directors and officers are also advised not to deal in the Company’s securities for short term considerations and they are expected to observe insider trading laws at all times.
- (c) Following specific enquiry made by the Company, all Directors have confirmed that they have complied with the required standard set out in the Model Code and the Company’s code of conduct throughout CY2015.

NON-COMPETE UNDERTAKINGS

- (a) The Company has received an annual declaration from Kingboard that Kingboard has complied with the non-compete undertakings pursuant to the terms of the deed of non-competition dated 27 June 2011 entered into between Kingboard and the Company (the “**Deed**”) as referred to on pages 141 to 144 in the listing document of the Company dated 30 June 2011. Appropriate compliance procedures have been established by the Company to minimize the effect of any actual or potential business competition.
- (b) The Independent Non-executive Directors of the Company, to the best of their knowledge and beliefs, are of the view that:
 - (1) Kingboard has complied with the terms of the Deed for CY2015 and has not entered into any transaction with the intent to breach the terms of the Deed during the abovementioned year; and
 - (2) The Company has complied with the Corporate Governance Report as described in Appendix 14 to the HK Listing Rules for CY2015.
- (c) There was no new business investment and other merger and acquisition opportunity being deliberated, accepted or declined by the Company for CY2015.

SHARE OPTIONS

(a) Options to take up unissued shares

The 2008 Scheme was approved by the shareholders of the Company at an EGM held on 21 April 2008 and was adopted by the Company on 9 May 2008 upon fulfilment of all the conditions precedent as set out in Rule 2 of the 2008 Scheme. Since its adoption, no option has been granted by the Company pursuant to the 2008 Scheme.

Under the 2008 Scheme, options granted to the directors and employees may, except in certain special circumstances, be exercised at any time after the first or second anniversary of the date of grant but no later than the fifth anniversary of the date of grant of the relevant option. The options may be exercised in full or in respect of 1,000 ordinary shares of the Company ("**Shares**") or a multiple thereof, on the payment of the aggregate exercise price. The exercise price is based on the average of the last dealt prices for a Share on the Singapore Exchange Securities Trading Limited ("**SGX-ST**") for a period of five consecutive market days immediately preceding the date of grant. The Employees' Share Option Scheme Committee may at its discretion fix the exercise price at a discount not exceeding 20 percent to the above price.

The 2008 Scheme is administered by the Employee's Share Option Scheme Committee whose members are:

Mr. Cheung Kwok Wing
Mr. Chang Wing Yiu

(b) Unissued shares under option and option exercised

During the financial year, no options to take up unissued shares of the Company or any corporation in the Group were granted and there were no shares of the Company or any corporation in the Group issued by virtue of the exercise of an option to take up unissued shares.

At the end of the financial year, there were no unissued shares of the Company or any corporation in the Group under option.

AUDIT COMMITTEE

The Audit Committee of the Company, comprising all non-executive directors, is chaired by Mr. Larry Lai Chong Tuck, an independent non-executive director, and includes Prof. Raymond Leung Hai Ming and Mr. Stanley Chung Wai Cheong, independent non-executive directors. The Audit Committee has met four times since the last AGM and has reviewed the following, where relevant, with the executive directors and statutory and internal auditors of the Company:

- (a) the internal audit plans, the results of the internal audits and evaluation of the Group's systems of internal accounting controls and the effectiveness of actions or policies taken by the management on its recommendations and observations;
- (b) the Group's financial and operating results and accounting policies;
- (c) the annual audit plan of the Company's statutory auditors and the results of their examination of the financial information of the Company, the consolidated Financial Statements and statutory auditors' report on those Financial Statements before their submission to the directors of the Company;
- (d) the quarterly and annual announcements on the results and financial position of the Company and the Group;
- (e) the co-operation and assistance given by the management to the Company's statutory auditors;
- (f) recommended to the Board, subject to shareholders' approval, the re-appointment of the statutory auditors of the Company; and
- (g) the Group's interested person transactions and continuing connected transactions.

In addition, the Audit Committee has undertaken a review of all the non-audit services provided by the statutory auditors, and concluded that in their opinion, such services did not affect the independence of the statutory auditors.

The Audit Committee has full access to and has the co-operation of the management and has been given the resources required for it to discharge its function properly. It also has full discretion to invite any director and executive officer to attend its meetings. The statutory and internal auditors have unrestricted access to the Audit Committee.

The Audit Committee has recommended to the Directors the nomination of Deloitte & Touche LLP for re-appointment as statutory auditors of the Company at the forthcoming AGM of the Company. The Group has complied with Rules 712 and 715 of the Listing Manual of the SGX-ST.

AUDITORS

Deloitte & Touche LLP, have expressed their willingness to accept re-appointment.

Directors' Statement and Report

ADDITIONAL INFORMATION

The directors are pleased to present in the report the following additional information as required under the Companies Ordinance (Chapter 622, the Laws of Hong Kong) (“**HKCO**”) and other relevant laws and regulations governed in Hong Kong.

PRINCIPAL ACTIVITIES

The Company is an investment holding company. The principal activities of major subsidiaries of the Company are set out in Note 20 to the Financial Statements.

BUSINESS REVIEW

Discussion and analysis of the business review of the Group for CY2015 required by Schedule 5 to the HKCO, including a description of the principal risks and uncertainties facing the Group and an indication of likely future development in the Group's business, can be found in “Chairman's Statement” of this annual report, which discussion forms part of this “Directors' Statement and Report”.

To the best of the Board's knowledge, nothing has come to the attention of the Board which may render the audited financial results for CY2015 to be false or misleading in any material respect.

PRINCIPAL SUBSIDIARIES

Details of the Company's principal subsidiaries at 31 December 2015 are set out in Note 20 to the Financial Statements.

RESULTS AND DIVIDENDS

The results of the Group for the year are set out in the consolidated statement of profit or loss and consolidated statements of profit or loss and other comprehensive income on pages 56 and 57.

No interim dividend was paid to the shareholders of the Company during the year. In appreciation of shareholders' long-standing support, the Directors recommended the payment of a final one-tier tax exempt dividend of US3.0 cents per ordinary share to the Company's shareholders whose names appear on the register of members of the Company on 17 May 2016, and the retention of the remaining profit in the Company.

The Singapore Principal Share Transfer Books, Singapore Register of Members of the Company, Hong Kong Share Transfer Books and Hong Kong Register of Members of the Company will be closed from 18 May 2016 to 19 May 2016 for the purpose of determining the shareholders' entitlements to the dividends to be proposed at the AGM to be held on 29 April 2016.

All removal in respect of Shares in the Company, between the principal register of members in Singapore and the branch register of members in Hong Kong, all necessary documents, remittances accompanied by the relevant share certificates, received up to close of the business at 5.00 p.m. and 4:30 p.m. on 6 May 2016 by the Company's Singapore Principal Share Registrar, Boardroom Corporate & Advisory Services Pte Ltd. at 50 Raffles Place, #32-01, Singapore Land Tower, Singapore 048623 (for Singapore Shareholders) or the Hong Kong Branch Share Registrar of the Company, Tricor Investor Services Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong (for Hong Kong Shareholders) will be registered to determine shareholders' entitlements to such dividend. Shareholders whose Securities Accounts with The Central Depository (Pte) Limited are credited with Shares of the Company as at 5.00 p.m. on 17 May 2016 will be entitled to such proposed dividend.

Directors' Statement and Report

CONTINUING CONNECTED TRANSACTIONS (Continued)

1. Sharing of office space and office expenses between the Kingboard Group and the Group (Continued)

The above mentioned agreements entered into between the Group and the Kingboard Group are collectively referred to as the “**Rental Sharing and Cost Reimbursement Agreements**”. The Rental Sharing and Cost Reimbursement Agreements are on terms no less favorable to the Group or the Kingboard Group than those offered to other parties, which are independent third parties, sharing the office space or the office expenses with the Kingboard Group or the Group.

Each of EECSL, EEDTL and EE Computers is a wholly-owned subsidiary of EEIH (and hence a member of the Kingboard Group). Each of Zhande and Joyful is a wholly-owned subsidiary of Kingboard (a member of the Kingboard Group).

2. Purchase of equipment

On 12 November 2013, the Company entered into an equipment purchase framework agreement with Kingboard (the “**Equipment Purchase Framework Agreement**”). Pursuant to the Equipment Purchase Framework Agreement, the Kingboard Group will sell certain equipment to the Group from time to time in accordance with the terms of the Equipment Purchase Framework Agreement for a term commencing from 1 January 2014 to 31 December 2016. The Equipment Purchase Framework Agreement comprises the general terms and conditions upon which the Group may purchase equipment from the Kingboard Group. The Group and the Kingboard Group may from time to time enter into purchase agreements or the Group may submit purchase orders setting out the detailed terms for the purchase of the equipment, provided that such detailed terms shall not be inconsistent with the terms of the Equipment Purchase Framework Agreement. The Kingboard Group will not be obligated to sell any prescribed quantity of equipment to the Group during the term of the Equipment Purchase Framework Agreement. The actual quantity, specification and price of the equipment under the Equipment Purchase Framework Agreement will be subject to the individual orders placed by the Group with the Kingboard Group.

The prices at which the equipment are to be supplied by the Kingboard Group to the Group shall be the market price, or if the same is not available, a price which is not less favorable to the Group than the price at which the Kingboard Group supplies similar equipment to the independent third parties, having regard to the quantity and other conditions of the purchase.

3. Sale and purchase of goods and services

On 12 November 2013, the Company entered into a master sales and purchases agreement with Kingboard (the “**Master Sales and Purchases Agreement**”). Pursuant to the Master Sales and Purchases Agreement, the Kingboard Group will sell certain goods and/or services including but not limited to copper foil, kraft paper, copper balls, laminates, glass fabric and prepreg etc. to the Group and the Group will sell certain goods and/or services including but not limited to repair of drill spindle services, prepreg, laminates and any other value-added sub-contract services relating to PCB manufacturing microdrilling services for PCBs to the Kingboard Group from time to time in accordance with the terms of the Master Sales and Purchases Agreement for a term commencing from 1 January 2014 to 31 December 2016.

CONTINUING CONNECTED TRANSACTIONS (Continued)

3. Sale and purchase of goods and services (Continued)

The Master Sales and Purchases Agreement comprises the general terms and conditions upon which the Kingboard Group may purchase the abovementioned goods and/or services from the Group and vice versa. The relevant party may from time to time enter into purchase agreements or submit purchase orders setting out the detailed terms for the purchase of the goods and/or services provided that such detailed terms shall not be inconsistent with the terms of the Master Sales and Purchases Agreement. The Kingboard Group will not be obligated to sell or purchase any prescribed quantity of goods and/or services from the Group and the Group will not be obligated to sell or purchase any prescribed quantity of goods and/or services to the Kingboard Group during the term of the Master Sales and Purchases Agreement. The actual quantity, specification and price of the goods and/or services under the Master Sales and Purchases Agreement will be subject to the individual orders placed by the relevant party with the other party.

The prices at which the goods and/or services are to be supplied by the relevant party to the other party shall be the market price, or if the same is not available, a price which is not less favourable to the Group or the Kingboard Group (as the case may be) than the price at which the relevant party supplies similar goods and/or services to independent third parties, having regard to the quantity and other conditions of the purchase.

The table below illustrates the actual transaction amount and the corresponding annual cap for each of the above continuing connected transaction for CY2015.

	Actual amount for CY2015 (US\$'000)	Corresponding annual cap for CY2015 (US\$'000)
Sharing of office space and office expenses - Fees payable by the Group to Kingboard Group	99	509
Sharing of office space and office expenses - Fees payable by the Kingboard Group to the Group	18	111

Independent Auditors' Report

TO THE MEMBERS OF
ELEC & ELTEK INTERNATIONAL COMPANY LIMITED

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Elec & Eltek International Company Limited (the "Company") and its subsidiary companies (the "Group") which comprise the statements of financial position of the Group and the Company as at 31 December 2015, and the consolidated statement of profit or loss, consolidated statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 56 to 122.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditors' Report

OPINION

In our opinion, the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2015 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

Notes to the Financial Statements

For the year ended 31 December 2015

1. GENERAL

Elec & Eltek International Company Limited (Registration Number 199300005H) (the “Company”) is a limited liability company incorporated and domiciled in Singapore. The Company’s ultimate holding company is Kingboard Chemical Holdings Limited (“Kingboard”), a company incorporated in Cayman Islands. Related companies in these financial statements refer to the ultimate holding company and its subsidiary companies.

The Company is listed on the Main Board of the Singapore Exchange Securities Trading Limited and the Main Board of The Stock Exchange of Hong Kong Limited (“SEHK”). The financial statements are expressed in United States Dollars, which is the functional currency of the Company.

The Company’s principal office in Singapore is located at 237 Alexandra Road, #06-12 The Alexcier, Singapore 159929 and its registered office is located at 80 Raffles Place, #33-00 UOB Plaza 1, Singapore 048624.

The headquarters and principal place of business of the Company in Hong Kong is located at 2nd Floor, Harbour view 1, No.12 Science Park East Avenue, Phase II, Hong Kong Science Park, Shatin, New Territories, Hong Kong.

The Group’s manufacturing operations are located in the People’s Republic of China (the “PRC”), Hong Kong and Thailand.

The principal activity of the Company is investment holding. Its subsidiary companies are primarily engaged in the fabrication and distribution of double-sided, multi-layer and high density interconnect (“HDI”) printed circuit boards (“PCB”). Details of the principal activities of the subsidiary companies are disclosed in Note 20. There have been no significant changes in the nature of these activities during the financial year.

As at 31 December 2015, the Group’s net current assets and total assets less current liabilities amounted to US\$7,169,000 (2014: US\$13,611,000) and US\$407,129,000 (2014: US\$387,508,000) respectively.

The consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the year ended 31 December 2015 were authorised for the issue by the Board of Directors on 26 February 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared in accordance with the historical cost basis, except for the investment properties which are measured at fair values. In addition, the financial statements are drawn up in accordance with the provisions of the Singapore Companies Act and Singapore Financial Reporting Standards (“FRS”).

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of FRS 102 “Share-based payment”, leasing transactions that are within the scope of FRS 17 “Leases”, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in FRS 2 “Inventories” or value in use in FRS 36 “Impairment of assets”.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Adoption of new and revised standards

On 1 January 2015, the Group adopted all the new and revised FRSs and Interpretations of FRS (“INT FRS”) that are effective from that date and are relevant to its operations.

The adoption of these new and revised FRSs and INT FRS does not result in change to the Group’s and Company’s accounting policies and has no material effect on the account reported for the current or prior years.

Notes to the Financial Statements

For the year ended 31 December 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of accounting (Continued)

New FRS and INT FRS yet to be adopted

At the date of authorisation of these financial statements, the following new/revised FRSs, INT FRSs and amendments to FRS that are relevant to the Group and the Company were issued but not effective:

- FRS 109 Financial Instruments
- FRS 115 Revenue from Contracts with Customers
- Amendments to FRS 1 Presentation of Financial Statements: Disclosure Initiative

Consequential amendments were also made to various standards as a result of these new/revised standards.

Management anticipates that the adoption of the above FRSs, INT FRSs and amendments to FRS in future periods will not have a material impact on the financial statements of the Group and of the Company in the period of initial adoption except for the following:

FRS 109 Financial Instruments

FRS 109 was issued in December 2014 to replace FRS 39 Financial Instruments: Recognition and Measurement and introduced new requirements for (i) the classification and measurement of financial assets and financial liabilities (ii) general hedge accounting (iii) impairment requirements for financial assets.

Key requirements of FRS 109:

All recognised financial assets that are within the scope of FRS 39 are now required to be subsequently measured at amortised cost or fair value through profit or loss (FVTPL). Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows comprising solely payments of principal and interest on the principal outstanding are generally measured at amortised cost at the end of each accounting period. Debt instruments that are held within a business model whose objective is achieved both by selling financial assets and by collecting contractual cash flows comprising solely payments of principal and interest on the principal amount outstanding, are measured at fair value through other comprehensive income (FVTOCI). All other debt investments and equity investments are measured at FVTPL at the end of each accounting period. In addition, under FRS 109, entities may make an irrevocable election, at initial recognition, to measure an equity investment (that is not held for trading) at FVTOCI, with only dividend income generally recognised in profit or loss.

With some exceptions, financial liabilities are generally subsequently measured at amortised cost. With regard to the measurement of financial liabilities designated as at FVTPL, FRS 109 requires that the amount of change in fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch to profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Under FRS 39, the entire amount of the change in the fair value of the financial liability designated as at FVTPL is presented in profit or loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of accounting (Continued)

FRS 109 Financial Instruments (Continued)

In relation to the impairment of financial assets, FRS 109 requires an expected credit loss model, as opposed to an incurred credit loss model under FRS 39. The expected credit loss model requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognised.

The new general hedge accounting requirements retain the three types of hedge accounting mechanisms currently available in FRS 39. Under FRS 109, greater flexibility has been introduced to the types of transactions eligible for hedge accounting, specifically broadening the types of instruments that qualify for hedging instruments and the types of risk components of non-financial items that are eligible for hedge accounting. In addition, the effectiveness test has been overhauled and replaced with the principle of an 'economic relationship'. Retrospective assessment of hedge effectiveness is also no longer required. Enhanced disclosure requirements about an entity's risk management activities have also been introduced.

FRS 109 will take effect for companies with financial years beginning on or after 1 January 2018, with retrospective application subject to transitional provisions.

Management is currently evaluating the potential impact of FRS 109 on the financial statements of the Group and of the Company in the period of initial application.

FRS 115 Revenue from Contracts with Customers

In November 2014, FRS 115 was issued which establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. FRS 115 will supersede the current revenue recognition guidance including FRS 18 "Revenue", FRS 11 "Construction contracts" and the related Interpretations when it becomes effective.

The core principle of FRS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the Standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract (s) with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.
- Step 4: Allocate the transaction price to the performance obligations in the contract.
- Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

Notes to the Financial Statements

For the year ended 31 December 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of accounting (Continued)

FRS 115 Revenue from Contracts with Customers (Continued)

Under FRS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer. Far more prescriptive guidance has been added in FRS 115 to deal with specific scenarios. Furthermore, extensive disclosures are required by FRS 115.

FRS 115 will take effect from financial years beginning on or after 1 January 2018.

Management is currently evaluating the impact of FRS 115 “Revenue from contracts with customers” on the financial statements of the Group and the Company.

Amendments to FRS 1 Presentation of Financial Instruments: Disclosure Initiative

The amendments which will be effective for financial years beginning on or after 1 January 2016 have been made to the following:

- **Materiality and aggregation** - An entity shall not obscure useful information by aggregating or disaggregating information and materiality considerations apply to the primary statements, notes and any specific disclosure requirements in FRSs.
- **Statement of financial position and statement of profit or loss and other comprehensive income** - The list of line items to be presented in these statements can be aggregated or disaggregated as relevant. Guidance on subtotals in these statements has also been included.
- **Presentation of items of other comprehensive income (“OCI”) arising from equity-accounted investments** - An entity’s share of OCI of equity-accounted associates and joint ventures should be presented in aggregate as single items based on whether or not it will subsequently be reclassified to profit or loss.
- **Notes** - Entities have flexibility when designing the structure of the notes and guidance is introduced on how to determine a systematic order of the notes. In addition, unhelpful guidance and examples with regard to the identification of significant accounting policies are removed.

The amendments to FRS 1 are effective for companies with annual periods beginning on or after 1 January 2016, with retrospective application subject to transitional provisions. The management is currently assessing the potential impact of amendments to FRS 1 in the period of initial adoption.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiary companies. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary company begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary company. Specifically, income and expenses of a subsidiary company acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary company.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Where necessary, adjustments are made to the financial statements of subsidiary companies to bring their accounting policies into line with the Group's accounting policies.

All intra-group assets and liabilities, income, equity, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Notes to the Financial Statements

For the year ended 31 December 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of consolidation (Continued)

Non-controlling interests in subsidiary companies are identified separately from the Group's equity therein. The interest of non-controlling shareholders that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured (at date of original business combination) either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition-by-acquisition basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another FRS. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiary companies that do not result in the Group losing control over the subsidiary companies are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary companies. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary company and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary company are accounted for as if the Group and directly disposed of the related assets or liabilities of the subsidiary company (i.e. reclassified to profit or loss or transferred to another category of equity as specified permitted by applicable FRSs). The fair value of any investment retained in the former subsidiary company at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under FRS 39, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the Company's financial statements, investments in subsidiary companies are carried at cost less any impairment in net recoverable value that has been recognised in profit or loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Business combinations

Acquisitions of subsidiary companies and businesses are accounted for using the acquisition method. The consideration for each acquisition is measured at the aggregate of the acquisition date fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred.

Where applicable, the consideration for the acquisition includes any asset or liability resulting from a contingent consideration arrangement, measured at its acquisition-date fair value. Subsequent changes in such fair values are adjusted against the cost of acquisition where they qualify as measurement period adjustments (see below). The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at subsequent reporting dates at fair value, with changes in fair value recognised in profit or loss.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under the FRS are recognised at their fair value at the acquisition date, except that:

- deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with FRS 12 "Income taxes" and FRS 19 "Employee benefits" respectively;
- liabilities or equity instruments related to share-based payment transactions of the acquiree or the replacement of an acquiree's share-based payment awards transactions with share-based payment awards transactions of the acquirer in accordance with the method in FRS 102 "Share-based payment" at the acquisition date; and
- assets (or disposal groups) that are classified as held for sale in accordance with FRS 105 "Non-current assets held for sale and discontinued operations" are measured in accordance with that Standard.

Notes to the Financial Statements

For the year ended 31 December 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Business combinations (Continued)

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another FRS.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see below), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

The measurement period is the period from the date of acquisition to the date the Group obtains complete information about facts and circumstances that existed as of the acquisition date - and is subject to a maximum of one year from acquisition date.

Financial instruments

Financial assets and financial liabilities are recognised on the Group's statements of financial position when the Group becomes a party to the contractual provisions of the instrument.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments (including all fees on points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or where appropriate, a shorter period. Income and expense is recognised on an effective interest basis for debt instruments.

Financial assets

All financial assets are recognised and derecognised on a trade date where the purchase or sale of an investment is under a contract whose terms require delivery of the investment within the timeframe established by the market concerned, and are initially measured at fair value plus transaction costs.

Financial assets are classified as "loans and receivables". The classification depends on the nature and purpose of financial assets and is determined at the time of initial recognition.

Financial assets (Continued)

Loans and receivables

Trade receivables, bills receivables and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as “loans and receivables”. Loans and receivables are measured at amortised cost using the effective interest method less impairment. Interest is recognised by applying the effective interest method, except for short-term receivables when the recognition of interest would be immaterial.

Impairment of financial assets

Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

Objective evidence of impairment could include:

- significant financial difficulty of the issuer or counterparty; or
- default or delinquency in interest or principal payments; or
- it becoming probable that the borrower will enter bankruptcy or financial re-organisation.

For certain categories of financial asset, such as trade receivables, assets that are assessed not to be impaired individually are, in addition, assessed for impairment on a collective basis. Objective evidence of impairment for a portfolio of receivables could include the Group’s past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the credit period, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets carried at amortised cost, the amount of the impairment is the difference between the asset’s carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

For financial assets that are carried at cost, the amount of the impairment loss is measured as the difference between the asset’s carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets (Continued)

Impairment of financial assets (Continued)

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade and other receivables where the carrying amount is reduced through the use of an allowance account. When a trade and other receivable is uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against that allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risk and rewards of ownership and continues to control the transferred financial asset, the Group recognises its retained interest in the financial asset and an associate liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial liabilities and equity instruments (Continued)

Financial liabilities

Trade and other payables and bills payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest method, with interest expense recognised on an effective yield basis.

Interest-bearing bank loans and overdrafts are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs (see below).

Financial guarantee contract liabilities are measured initially at their fair values and, subsequently at the higher of the amount of obligation under the contract recognised as a provision in accordance with FRS 37 "Provisions, contingent liabilities and contingent assets" and the amount initially recognised less cumulated amortisation in accordance with FRS 18 "Revenue".

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

Offsetting arrangements

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when the Company and the Group has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. A right to set-off must be available today rather than being contingent on a future event and must be exercisable by any of the counterparties, both in the normal course of business and in the event of default, insolvency or bankruptcy.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessor

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease income.

The Group as lessee

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Construction-in-progress are stated at cost. No depreciation is provided until the construction is completed and the asset are available for use.

Depreciation is charged so as to write off the cost or valuation of assets, other than freehold land and properties under construction, over their estimated useful lives, using the straight-line method, on the following bases:

Freehold buildings	20 years
Leasehold land and buildings	50 years
Leasehold improvements	lower of 10 years or lease terms
Furniture and fixtures	5 years
Plant and equipment	5 - 10 years
Motor vehicles and yacht	5 - 7 years

The estimated useful lives, residual values and depreciation method are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

If an item of property, plant and equipment becomes an investment property because its use has changed as evidenced by end of owner-occupation, any difference between the carrying amount and the fair value of that item at the date of transfer is recognised in other comprehensive income and accumulated in the revaluation reserve. On the subsequent sale or retirement of the asset, the relevant revaluation reserve will be transferred directly to retained earnings.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognised in the profit or loss.

Prepaid land use rights

The cost acquiring land use rights in the PRC are classified as prepaid land use rights and amortised on a straight line basis over the period of 50 years, which represents the relevant land use rights that have been granted to the Group.

Investment property

Investment property, which is property held to earn rentals and/or for capital appreciation, is measured initially at its cost, including transaction costs. Subsequent to initial recognition, investment property is measured at fair value. Gains or losses arising from changes in the fair value of investment property are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Notes to the Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Impairment of tangible assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates for future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Statutory reserve

PRC

The PRC's laws and regulations require Sino-foreign cooperative joint ventures to provide for certain statutory reserves, mainly reserve fund and enterprise expansion fund, which are appropriated from net income as reported in the statutory financial statements. The use of these reserves is at the discretion of the entities' board of directors. The reserve fund can only be used, upon approval by the relevant authority, to offset accumulated losses or increase capital. The enterprise expansion fund can only be used to increase capital upon approval by the relevant authority.

Thailand

Under the Thailand Civil and Commercial Code, the subsidiary companies in Thailand are required to set up the appropriation for legal reserve of at least 5% of its net income at each dividend declaration until the reserve reaches 10% of authorised capital. The reserve is not available for dividend distribution.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue from the sale of manufactured goods is recognised when all the following conditions are satisfied:

- the Group has transferred to the buyer the significant risks and rewards of ownership of the goods;
- the Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the economic benefits associated with the transaction will flow to the entity; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividend income from investments is recognised when the shareholders' rights to receive payment have been established.

Rental income is recognised on a straight-line basis over the term of the relevant lease agreement.

Income from providing financial guarantee is recognised in profit or loss over the guarantee period on a straight-line basis.

Notes to the Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

Retirement benefit obligations

Payments to defined contribution retirement benefit plans are charged as an expenses when employees have rendered the services entitling them to the contributions. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, state-sponsored retirement benefit scheme in the PRC and Mandatory Provident Fund in Hong Kong, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting period.

Income tax

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated statement of profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Group's liability for current tax is calculated using tax rates (and tax laws) that have been enacted or substantively enacted in countries where the Company and its subsidiary companies operate by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiary companies, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income tax (Continued)

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Except for investment properties measured using the fair value model the measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purpose of measuring deferred tax liabilities and deferred tax assets for investment properties that are measured using the fair value model the carrying amounts of such properties are presumed to be recovered through sale, unless the presumption is rebutted. The presumption is rebutted when the investment properties is depreciable and is held within a business model of the Group whose business objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised as an expense or income in profit or loss, except when they relate to items credited or debited outside profit or loss (either in other comprehensive income or directly in equity), in which case the tax is also recognised outside profit or loss (either in other comprehensive income or directly in equity, respectively), or where they arise from the initial accounting for a business combination. In the case of a business combination, the tax effect is taken into account in calculating goodwill or determining the excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over cost.

Foreign currency transactions and translation

The individual financial statements of each group entity are measured and presented in the currency of the primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statements of financial position of the Company are presented in United States Dollars, which is the functional currency of the Company and the presentation currency for the consolidated financial statements.

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rates of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised in other comprehensive income. For such non-monetary items, any exchange component of that gain or loss is also recognised in other comprehensive income.

Notes to the Financial Statements

For the year ended 31 December 2015

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreign currency transactions and translation (Continued)

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in United States Dollars using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in a separate component of equity under the header of foreign currency translation reserve.

On the disposal of a foreign operation (i.e. a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary company that includes a foreign operation), all of the accumulated exchange differences in respect of that operation attributable to the Group are reclassified to profit or loss. Any exchange differences that have previously been attributed to non-controlling interests are derecognised, but they are not reclassified to profit or loss.

In the case of a partial disposal (i.e. no loss of control) of a subsidiary company that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. of associates or jointly controlled entities that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are recognised in other comprehensive income and accumulated in foreign currency translation reserve.

Cash and cash equivalents in the statement of cash flows

Cash and cash equivalents in the statement of cash flows comprise cash on hand and demand deposits, bank overdrafts and other short term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in Note 2, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the entity's accounting policies

There are no the critical judgements, apart from those involving estimations (see below), that management has made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) Depreciation of property, plant and equipment

Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives. Management estimates the useful lives of property, plant and equipment to be within 5 to 50 years. The carrying amount of the Group's property, plant and equipment at 31 December 2015 was US\$286,245,000 (2014: US\$308,017,000). Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, and therefore future depreciation charges could be revised.

(ii) Investment properties

The fair value of each investment property is individually determined at the end of each reporting period by independent valuers based on a market value assessment, on an existing use basis. The valuers have adopted direct comparison approach, which involved certain assumptions of market conditions. Any favourable or unfavourable changes to these assumptions would result in changes in the fair value of the Group's investment properties and corresponding adjustments to the amount of gain or loss reported in the consolidated statements of profit or loss and other comprehensive income. The fair value of US\$98,834,000 (2014: US\$46,592,000) also reflects, on a similar basis, any cash outflows that could be expected in respect of the property.

Notes to the Financial Statements

For the year ended 31 December 2015

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Key sources of estimation uncertainty (Continued)

(iii) Allowance for doubtful debts

The policy for allowances for doubtful debts of the Group is based on the evaluation of recoverability and aging analysis of accounts and on management's judgement. The allowances as at 31 December 2015 amounted to US\$5,512,000 (2014: US\$5,032,000). A considerable amount of judgement is required in assessing the ultimate realisation of these receivables, including the current creditworthiness and the past collection history of each customer. If the financial conditions of customers of the Group were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required. The carrying amounts of the Group's trade and bills receivables as at 31 December 2015 are US\$132,724,000 and US\$268,000 (2014: US\$129,863,000 and US\$518,000) respectively.

(iv) Allowance for inventory obsolescence

The management of the Group reviews an aging analysis at the end of each reporting period, and makes allowance for inventory obsolescence for items that are identified as obsolete and slow-moving. The accumulated allowance for inventories as at 31 December 2015 amounted to US\$2,159,000 (2014: US\$2,528,000). The management estimates the net realisable value for goods for resale based primarily on the latest selling prices and current market conditions. The carrying amount of the inventories of the Group as at 31 December 2015 is US\$32,880,000 (2014: US\$42,729,000).

(v) Investment in subsidiaries

In the Company's financial statements, investment in subsidiaries is carried at cost less impairment loss. Determining whether investments in subsidiaries are impaired requires an estimation of the fair values less costs to sell or the value in use of those investments. The fair values less costs to sell require the company to estimate the fair values of the subsidiaries or their underlying assets. Where there are no active markets for the assets, management has to exercise judgement in estimating the fair values of these assets.

During the year, the Company carried out a review of the recoverable amount of the investment in subsidiaries having regard to the existing performance of the relevant subsidiaries and management is satisfied that no impairment is required. The carrying amount at the end of the reporting period is disclosed in Note 20.

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY
(Continued)

Key sources of estimation uncertainty (Continued)

(vi) Income and deferred taxes

The Group has exposure to income taxes in several jurisdictions. Significant judgement is involved in determining the provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made. The Group's tax payable amounts at 31 December 2015 is US\$709,000 (2014: US\$1,836,000). The Group's deferred tax assets and deferred tax liabilities at 31 December 2015 are US\$83,000 (2014: US\$84,000) and US\$1,428,000 (2014: US\$1,169,000), respectively.

(vii) Deferred taxation on investment properties

For the purposes of measuring deferred tax liabilities or deferred tax assets arising from investment properties that are measured using the fair value model, the management has reviewed the Group's investment property portfolio and concluded that, while the Group's investment properties located in Hong Kong are depreciable, they are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time. Therefore, in determining the Group's deferred taxation arising from investment properties located in Hong Kong, the management has determined that the presumption that investment properties measured using the fair value model are recovered through sale is not rebutted.

For the Group's investment properties located in the PRC, the management concluded that they are depreciable, and being held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time, rather than through sale. Therefore, in determining the Group's deferred taxation arising from investment properties located in the PRC, the management has determined that the presumption that investment properties measured using the fair value model are recovered through sale is rebutted. The potential deferred tax impact to the Group is immaterial and no deferred tax liability arising from the change in fair value of investment properties located in the PRC was recognised at the end of the reporting period.

Changes in the management assessment could impact whether the Group rebuts the presumption to recover the investment properties measured under fair value model through sale, and therefore future deferred tax charge could be revised.

Financial risk management policies and objectives

The Group's and the Company's major financial instruments include bank balances and cash, bank borrowings, trade and other receivables and bills receivables, trade and other payables and bills payables. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Foreign exchange risk management

The Group transacts business in various foreign currencies, and therefore exposed to foreign exchange risk.

Whenever possible, the Group seeks to maintain a natural hedge through the matching of liabilities, including borrowings, against assets in the same currency or against the entity's functional currency, in particular its future revenue stream.

When necessary, foreign exchange forward contracts are used by the Group to manage its foreign currency exposure arising from its operating activities.

The following table detail the sensitivity to a 5% increase and decrease in the Chinese Renminbi against the United States Dollar. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates.

If the Chinese Renminbi and Hong Kong Dollars strengthens by 5% against the United States Dollars, profit or loss will (decrease) increase by:

	THE GROUP	
	2015 US\$'000	2014 US\$'000
Chinese Renminbi	(2,547)	(2,635)
Hong Kong dollars	(3,520)	(3,522)

For a 5% weakening of the Chinese Renminbi and Hong Kong Dollars against the United States Dollars, there would be an equal and opposite impact on the profit and loss. This is mainly attributable to the exposure outstanding on receivables and payables at the end of the reporting period in the Group.

No sensitivity analysis on other currencies has been prepared as the directors of the Company considered that the financial impact arising from exchange rate fluctuation on the other currencies is immaterial.

Notes to the Financial Statements

For the year ended 31 December 2015

4. FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL RISKS MANAGEMENT (Continued)

Interest rate risk management

The Group's primary interest rate risk relates to its borrowings from banks. The interest rates and terms of repayment of the term loan and revolving loans, trust receipt loans and other short-term bank loans of the Group are disclosed in Note 21.

Interest rate sensitivity

The sensitivity analyses below have been determined based on the exposure to interest rates for non-derivative instruments as referred to above at the end of the reporting period and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period in the case of instruments that have floating rates. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher or lower and all other variables were held constant, the Group's loss for the year ended 31 December 2015 would increase/decrease by US\$436,000 (2014: profit decrease/increase by US\$411,000). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

Credit risk management

Credit risk is the risk that counterparties are unable to meet their obligations resulting in financial loss to the Group and claims by counterparties under the financial guarantee issued by the Group. It is the Group's policy to enter into transactions with a diversity of credit-worthy parties to mitigate any significant concentration of credit risk. The Group ensures that sales of products are rendered to customers with appropriate credit history and has internal mechanisms to monitor the granting of credit and management of credit exposures. The Group has made provisions for potential losses on credits extended. Surplus funds are placed with reputable financial institutions. The Group's maximum exposure to credit risk in the event the counterparties fail to perform their obligations in relation to each class of recognised financial assets is the carrying amount of those assets as indicated in the statement of financial position. As at financial year end, there was no significant concentration of credit risk to the Group or the Company.

Further details of credit risks on trade receivables is disclosed in Note 14 to the financial statements.

The amount of contingent liabilities in relation to financial guarantee issued by the Group and the Company are disclosed in Note 29 to the financial statements.

Liquidity risk management

The Group's and the Company's cash and short term deposits, operating cash flow and availability of banking facilities are actively managed to ensure that there is adequate working capital and that repayment and funding needs are met.

The amount due to subsidiary companies are payable at the sole discretion of the directors of the Company.

Non-derivative financial assets

The following table details the expected maturity for non-derivative financial assets. The inclusion of information on non-derivative financial assets is necessary in order to understand the Group's liquidity risk as the Group's liquidity risk is managed on a net asset and liability basis. The tables below have been drawn up based on the undiscounted contractual maturities of the financial assets including interest that will be earned on those assets except where the Group and the Company anticipates that the cash flow will occur in a different period. The adjustment column represents the possible future cash flows attributable to the instrument included in the maturity analysis which are not included in the carrying amount of the financial asset on the statement of financial position.

Fair value of financial assets and financial liabilities

Management has determined that the carrying amounts of cash and bank balances, trade and other receivables, bills receivables, amounts due to subsidiary companies, bank overdrafts, trade and other payables, bills payables and interest bearing loans and borrowings, based on their notional amounts, reasonably approximate their fair values because these are mostly short term in nature or are repriced frequently.

Capital risk management policies and objectives

The Group manages its capital to ensure that the entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of bank borrowings and equity attributable to owners of the Company, comprising issued capital, reserves and retained earnings.

5. HOLDING COMPANY AND RELATED COMPANY TRANSACTIONS

The Company is a subsidiary of Kingboard which is also the Company's ultimate holding company. Related companies in these financial statements refer to members of the ultimate holding company's groups of companies.

Notes to the Financial Statements

5. HOLDING COMPANY AND RELATED COMPANY TRANSACTIONS (Continued)

Some of the Group's transactions and arrangements are between members of the Group and the effect of these on the basis determined between the parties is reflected in these financial statements. The intercompany balances are unsecured, interest-free and repayable on demand unless otherwise stated.

Transactions between the Company and its subsidiary companies, which are related companies of the Company, have been eliminated on consolidation and are not disclosed in this note. Details of transactions between the Group and other related companies are disclosed below.

8. INCOME TAX EXPENSE (Continued)

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both years.

Under the Law of the People's Republic of China on Enterprise Income Tax (the "EIT Law") and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% for both years. Pursuant to the EIT Law, a High-New Technology Enterprise shall be entitled to a preferential tax rate of 15% for three years since it was officially endorsed. As at 31 December 2015, there are three subsidiary companies (2014: three) in the PRC qualified as High-New Technology Enterprise.

Income tax for the Group is calculated at the rate prevailing for the respective jurisdiction.

In addition, the Company's subsidiary company in Thailand is exempted from corporate profits tax for a period ranging from seven to eight years with another five years of a 50% exemption after the initial eight-year term, effective from the date the taxable income is first earned.

The tax charge for the year can be reconciled as follows:

	THE GROUP	
	2015	2014
	US\$'000	US\$'000
(Loss) profit before taxation	(756)	5,927

Total trade receivables	132,724	129,863
Bills receivables	268	518

The following is an ageing analysis of trade receivables net of allowance for doubtful debts presented based on the invoice date, which is also approximate the dates when revenue were recognised, at the end of the reporting period:

	THE GROUP	
	2015 US\$'000	2014 US\$'000
Within 90 days	112,331	116,037
91 to 180 days	16,320	13,293
Over 180 days	4,073	533
	132,724	129,863

An allowance has been made for estimated irrecoverable amounts from the sales of goods to third parties of US\$5,512,000 (2014: US\$5,032,000). This allowance has been determined by reference to past default experience and assessment of recoverability by management.

Notes to the Financial Statements

For the year ended 31 December 2015

14. TRADE AND BILLS RECEIVABLES (Continued)

At the end of the reporting period, the bills receivables are aged within 180 days (2014: 180 days).

Trade receivables are unsecured, non-interest bearing and generally on 30 to 120 days' credit terms. They are recognised at their original invoice amounts which approximate their fair values on initial recognition.

The Group has made substantial provision for all receivables which are overdue more than 180 days because historical experience is that such receivables are generally not fully recoverable.

Included in the Group's trade receivable balance are debtors with a carrying amount of US\$30.5 million (2014: US\$20.9 million) which are past due at the reporting date for which the Group has not provided as there has not been a significant change in credit quality and the amounts are still considered recoverable. The Group does not hold any collateral over these balances.

Aging of trade receivables which are past due but not impaired:

	THE GROUP	
	2015	2014
	US\$'000	US\$'000
Over due by 1 to 90 days	27,665	20,866
Over due by 91 to 180 days	2,798	–
	30,463	20,866

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the reporting date. The concentration of credit risk is limited due to the customer base being large and unrelated. Accordingly, the directors believe that there is no further credit provision required in excess of the allowance for doubtful debts.

Movement in the allowance for doubtful debts:

	THE GROUP	
	2015	2014
	US\$'000	US\$'000
Balance at beginning of the financial year	5,032	5,070
Currency realignment	(87)	(10)

21. BANK OVERDRAFTS AND LOANS (Continued)

The effective interest rate of bank overdrafts was 2.17% per annum (2014: 2.17%).

The Group's unsecured bank loans are repayable in quarterly or monthly instalments commencing from 2008 and ending in 2017 and bear interest at weighted effective rates of 2.37% (2014: 2.16%) per annum. The interest rates of these floating rate loans reprice at 1.0% to 3.0% (2014: 1.0% to 2.4%) per annum over 1, 2 or 3 months London Interbank Offer Rate ("LIBOR") or Hong Kong Interbank Offer Rate ("HIBOR").

The above credit facilities are provided under:

- (a) corporate guarantees from the Company;
- (b) the Company undertakes to maintain:
 - (i) a consolidated tangible net worth at a level not less than US\$300,000,000 (2014: US\$300,000,000) at any time;
 - (ii) a consolidated gearing ratio and consolidated interest cover ratio at a level of not higher than 70% and not less than 8 times, respectively at all time; and
- (c) negative pledges from the Company.

The Group has complied with the financial covenants as at the end of the financial year.

There are no fixed or floating charges against any assets belonging to the Group or the Company.

All borrowings are arranged at floating rates, thus exposing the Group to cash flow interest rate risk.

The fair value of the Group's borrowings approximates their carrying amount.

Notes to the Financial Statements

25. DEFERRED TAXATION (Continued)

Deferred tax liabilities (Continued)

At the end of the reporting period, the Group has unutilised tax losses of US\$60.6 million (2014: US\$44.8 million) available for offset against future profits. Included in the unutilised tax losses are tax losses of US\$49.1 million, (2014: US\$40.8 million), which can only be carried forward for a maximum period of 5 years from the year of assessment. Other losses may be carried forward indefinitely. No deferred tax asset has been recognised due to the unpredictability of future profit streams.

26. SHARE CAPITAL

	THE GROUP AND THE COMPANY			
	2015		2014	
	No. of shares	US\$'000	No. of shares	US\$'000
Issued and fully paid: At the beginning and the end of the year	186,919,962	113,880	186,919,962	113,880

As at the end of the reporting period, the Company has a total of 186,919,962 (2014: 186,919,962) issued ordinary shares.

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restriction and has no par value.

As at the end of the financial year, there are no options outstanding (2014: Nil) granted to directors and employees of the Group and associates of controlling shareholders to subscribe for unissued ordinary shares each as described in the report of directors.

27. SHARE-BASED PAYMENTS

The Company has granted share options to eligible employees under the 2002 Elec & Eltek Employees' Share Option Scheme (the "2002 Scheme") which was terminated at 12 November 2012 without affecting the rights of holders of any options granted and outstanding under the 2002 Scheme.

In 2008, the 2008 Elec & Eltek Employees' Share Option Scheme (the "2008 Scheme") was approved by the shareholders at the Extraordinary General Meeting held on 21 April 2008 and was adopted by the Company on 9 May 2008 upon fulfilment of all the conditions precedent as set out in Rule 2 of the 2008 Scheme. The adoption of the 2008 Scheme enabled the Group, among others, to recruit and retain high-caliber employees and to improve loyalty. Since its adoption, no option was granted by the Company pursuant to the 2008 Scheme.

The 2008 Scheme is open to full-time employees and directors of any company within the Group, the parent group and of an associated company of the Company, subject to certain conditions being satisfied.

Notes to the Financial Statements

For the year ended 31 December 2015

27. SHARE-BASED PAYMENTS (Continued)

The 2008 Scheme entitles the option holders to exercise their options and subscribe for new ordinary shares in the Company either at an “Exercise Price”, which equals to the average of the last dealt prices of the Company’s shares for a period of five consecutive market days immediately preceding the relevant date of grant, or at a discount to the Exercise Price as defined earlier, whereby the discount shall not exceed 20% of the Exercise Price.

Options granted at the Exercise Price or at a discount to the Exercise Price may be exercised after the first or second anniversary respectively, of the date of grant and expiring on the fifth anniversary of the date of grant.

The duration of the 2008 Scheme is ten years from the adoption date with a remaining life of approximately 26 months. The total number of shares that may be issued shall not exceed 17,963,506 shares (which represents 10% of the total number of shares in issue of the Company as at the adoption date or 10% of the total number of shares in issue of the Company as at the respective dates of the Company’s annual report for the year ended 31 December 2015). Subject to certain conditions being satisfied, the scheme limit may be increased to 15% of the total number of shares in issue of the Company excluding treasury shares (if any) from time to time. The total number of shares of the Company issued and to be issued upon the exercise of the options granted to each participant (including both exercised and outstanding options) in any 12-month period must not exceed 1% of the total number of shares in issue of the Company from time to time, aggregate number of shares for the time being issued and issuable under the 2008 Scheme in the 12-month period up to and including the proposed grant date unless such grant is approved in advance by the shareholders in general meeting.

No qualifying participant who is a substantial shareholder or an independent non-executive director of Kingboard, or any of their respective associates shall be granted any options, which, if exercised in full, would result in the shares issued and issuable to such person under the 2008 Scheme in the 12-month period up to and including the proposed grant date for such options representing in aggregate over 0.1% of the number of shares then in issue, unless such grant of options is approved in advance by the shareholders of the Company in general meeting.

No qualifying participant who is a substantial shareholder or an independent non-executive director of the Company, or any of their respective associates shall be granted any options, which, if exercised in full, would result in the shares issued and issuable to such person under the 2008 Scheme in the 12-month period up to and including the proposed grant date for such options, unless such grant of options is approved in advance by the shareholders of the Company in general meeting: (a) representing in aggregate over 0.1% of the number of shares then in issue; and (b) having an aggregate value, based on the closing price of the shares as stated in the Stock Exchange’s daily quotations sheets on each relevant date on which the grant of such options is made to such person under the relevant scheme, in excess of HK\$5 million.

Share options may be accepted within 30 days after the relevant date of grant accompanied by payment of S\$1.00 (or its equivalent) as consideration by the participants, but the grant of share options do not confer rights on the option holders to any dividend entitlement or to vote at any shareholders’ meeting.

The Company did not grant any share option under the 2008 Scheme in 2014 and 2015.

Notes to the Financial Statements

28. RETIREMENT BENEFIT OBLIGATIONS

Defined contribution plans

The employees of the Group that are located in Singapore, the PRC and Hong Kong are members of the Central Provident Fund Board in Singapore, a state-sponsored retirement benefit plan in the PRC and Mandatory Provident Fund Scheme in Hong Kong, operated by the Government of Singapore, the PRC and Hong Kong, respectively. The respective entities are required to contribute a specified percentage of payroll costs to the retirement benefit schemes to fund the benefits. The only obligation of the Group with respect to the retirement benefit plans is to make the specified contributions.

The total expense recognised in profit or loss of US\$2,927,000 (2014: US\$3,088,000) represents contributions payable to these plans by the Group at rates specified in the rules of the respective plans.
