## **E. NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

These notes form an integral part of the condensed interim consolidated financial statements.

### **1. Domicile and activities**

Aedge Group Limited (the “**Company**”) is a company incorporated in the Republic of Singapore on 3 October 2019 under the name Aedge Group Pte Ltd. The Company was converted to a public limited company on 24 March 2020 and the name of the Company was changed to Aedge Group Limited in connection therewith. The address of the Company’s registered office is Block 4009 Ang Mo Kio Avenue 10, Tech Place I #04-33, Singapore 569738.

The financial statements of the Group as at and for the six months ended 31 December 2025 comprise the Company and its subsidiaries (together referred to as the “**Group**” and individually as “**Group entities**”).

The immediate and ultimate holding company is PTCC Holdings Pte. Ltd., a company incorporated in the Republic of Singapore.

The principal activities of the Company are those of investment holding. The principal activities of the Group consist of provision of engineering services, transportation services, cleaning services, security and manpower services and properties investment.

### **2. Basis of preparation**

#### **2.1 Statement of compliance**

The condensed interim consolidated financial statements as at and for the six months ended 31 December 2025 have been prepared in accordance with SFRS(I) 1-34 *Interim Financial Reporting* issued by the Accounting Standards Council Singapore. The condensed interim consolidated financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance of the Group since the last consolidated financial statements for the year ended 30 June 2025.

The accounting policies adopted are consistent with those of the previous financial year which were prepared in accordance with SFRS(I), except for the adoption of new and amended standards as set out in Note 4.

These condensed interim consolidated financial statements have been prepared on the historical cost basis except as otherwise described in the notes below.

These condensed interim consolidated financial statements are presented in Singapore dollars, which is the Company’s functional currency. The financial information has been rounded to the nearest thousand, unless otherwise stated.

## 2.2 Use of estimates and judgements

The preparation of the condensed interim consolidated financial statements in conformity with SFRS(I)s requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements as at and for the year ended 30 June 2025.

### ***Measurement of fair values***

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. The finance team has overall responsibility for all significant fair value measurements, including Level 3 fair values, and reports directly to the Chief Executive Officer.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- *Level 1:* quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2:* inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- *Level 3:* inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement (with Level 3 being the lowest).

The Group recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the change has occurred.

## 3. Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

## 4. New and amended standards adopted by the Group

A number of amendments to standards have become applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting those standards.

## 5. Property, plant and equipment

During the six months ended 31 December 2025, the Group acquired assets amounting to approximately \$475,000 (31 December 2024: \$712,000) of which \$126,000 (31 December 2024: \$431,000) were acquired under lease arrangements and disposed of assets with a net book value amounting to approximately \$177,000 (31 December 2024: \$117,000).

The investment properties have been mortgaged to secure borrowings of the Group (see Note 11). The Group is not allowed to pledge this asset as security for other borrowings.

As at 31 December 2025, the fair value of the Group's investment properties is approximately \$26,000,000. Management conducted an internal assessment of the valuation of the investment properties as at 31 December 2025, taking into consideration any significant changes in operating performance of the properties during the period and assessed whether movement in market data such as discount rates, and capitalisation rates have any significant impact to the valuation of the investment properties.

***Diluted earnings/ (loss) per share***

There is no dilutive earnings/(loss) per share as there were no potential dilutive ordinary shares outstanding as at 31 December 2025 and 31 December 2024. The dilutive earnings/(loss) per share is the same as basic earnings/(loss) per share.

## 16. **Operating segments**

The Group has the following four strategic divisions, which are its reportable segments. These divisions offer different services, and are managed separately. The Group's Chief Executive Officer reviews internal management reports of each division at least quarterly. The following summary describes the operations in each of the Group's reportable segments:

- **Engineering services**

Provision of integrated engineering solutions, including the sales and installation of scaffolding equipment as well as communication systems. The division also does project execution for projects in renewable energy space.

- **Transportation services**

Provision of bus services for public premium service routes, schools, corporates and ad hoc charters.

- **Security and manpower services**

Provision of security services, cleaning services, manpower staffing for aviation technicians.

- **Investment properties**

Leasing of investment properties to generate rental income and to gain from the appreciation in the value of the properties in the long term.

- **Others**

Others relate to unallocated amounts that includes provision of management, treasury and administrative services.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit/ (loss) before tax, as included in the internal management reports that are reviewed by the Group's CEO. Segment profit/ (loss) is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

**A. Consolidated Statement of Comprehensive Income (1H FY2026 vs 1H FY2025)**

- (1) Revenue:  
Total revenue increased by \$4.02 million or 30.2% from \$13.31 million in 1H FY2025 to \$17.33 million in 1H FY2026. The increase in revenue is attributable to improvement across all business segments. The Engineering Services business segment saw greater revenue recognition from ongoing projects while the Transport Services segment secured contract renewals with expanded scope of work and improved margin terms. The Security and Manpower Services business onboarded new customers in 1H FY2026, with some existing customers expanded project requirements. 1H FY2026 saw full contribution from Investment Properties segment, where Amethyst House is 100% occupied while the Beryl House is seeking the required regulatory approvals for partial conversion to workers' accommodation.
- (2) Cost of Sales:  
Cost of sales increased by \$2.16 million or 18.4% from \$11.71 million in 1H FY2025 to \$13.87 million in 1H FY2026. The increase was in line with the increase in total revenue.
- (3) Gross Profit:  
Gross profit increased by \$1.86 million or 116.0% from \$1.61 million in 1H FY2025 to \$3.47 million in 1H FY2026. Correspondingly, the gross profit margins improved from 12.1% in 1H FY2025 to 20.0% in 1H FY2026. The increase was due to higher profit margin contracts were executed in 1H FY2026.
- (4) Other Income:  
Other income increased from \$0.06 million in 1H FY2025 to \$0.1 million in 1H FY2026. This was mainly due to increase in government grants received in 1H FY2026.
- (5) Administrative Expenses:  
Administrative expenses increased from \$1.86 million in 1H FY2025 to \$2 million in 1H FY2026, mainly due to increase in managerial and administrative staffs' remuneration.
- (6) Other Expenses:  
Other expenses decreased from \$0.2 million in 1H FY2025 to \$0.08 million in 1H FY2026 mainly due to a decrease in depreciation of right-of-use (ROU) assets relating to rented premises.
- (7) Finance Costs:  
Finance costs remain stable at approximately \$0.25 million in 1H FY2025 and 1H FY2026.

## **B. Consolidated Statement of Financial Position as at 31 December 2025**

### **(1) Non-Current Assets:**

Non-current assets increased to \$23.49 million as at 31 December 2025 from \$22.64 million as at 30 June 2025, mainly due to the renovation of an investment property during 1H FY2026.

### **(2) Current Assets:**

Current assets increased to \$12.27 million as at 31 December 2025 from \$9.68 million as at 30 June 2025. This was mainly due to increase in other receivables for deposit paid for acquisition of investment property.

### **(3) Non-Current Liabilities:**

Non-current liabilities decreased to \$10.83 million as at 31 December 2025 from \$11.31 million as at 30 June 2025. This was mainly due to repayment of loans and borrowings.

### **(4) Current Liabilities:**

Current liabilities increased to \$10.86 million at 31 December 2025 from \$9.90 million as at 30 June 2025, mainly due to higher customer deposits, which comprise security deposits collected from tenants and advance collections from contract customers.

## **C. Consolidated Statement of Cash Flows (1H FY2026)**

### **(1) Net cash generated from operating activities in 1H FY2026 amounted to \$1.96 million.**

This was mainly due to operating cash flow before working capital changes of \$3.02 million, partially offset against increase in trade and other receivables.

### **(2) Net cash used in investing activities in 1H FY2026 amounted to \$2.25 million. This was mainly due to the renovation of an investment property.**

### **(3) Net cash generated from financing activities in 1H FY2026 amounted to \$0.52 million.**

This was mainly due to additional proceeds from non-controlling shareholders of subsidiaries, offset with repayment of lease liabilities and loans and borrowings.

## **5. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.**

The Group's financial results for 1H FY2026 is consistent with the profit guidance announcement released by the Company on 21 January 2026.

**6. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.**

The Group anticipates an improved financial result for both revenue and profitability in the second half of FY2026 as compared with 1H FY2026, underpinned by recent contract wins across all business segments, ongoing efficiency gains, and a supportive industry and operating environment.

For our Engineering Services, new contracts secured in 1H FY2026 are progressively recognised in 2H FY2026, which should lift the Engineering segment's revenue in the coming months. We are actively executing our project pipeline and continue to pursue additional projects from Singapore's robust construction sector. Notably, the Building and Construction Authority (BCA) projects that construction demand in 2026 will remain high at approximately S\$47–53 billion, comparable to 2025<sup>1</sup>. In addition, industry forecasts indicate construction output could grow by around 7% year-on-year in 2026, reflecting a sustained pipeline of infrastructure and development projects (e.g. Changi Terminal 5 development, Marina Bay Sands Integrated Resort expansion and New Tengah General & Community Hospital, Downtown Line 2 Extension and Thomson-East Coast Line Extension). The Group remains focused on cost management and execution efficiency to improve project margins, even as we scale up activity in this segment.

For our Transport Services, the division has secured several contract renewals with expanded scope and improved margin terms in recent months. These renewed contracts, alongside new transport contracts won, will be progressively delivered from 2H FY2026 and are expected to bolster revenue in this segment. The improved deployment of our bus fleet and manpower has already reduced idle capacity, and the incoming projects are expected to further increase asset utilization. As a result, we anticipate the Transport segment to maintain its positive momentum, contributing steady earnings in 2H FY2026. Whilst the stable demand from corporate and ad-hoc charter clients will continue to sustain this segment's performance, we remain vigilant on fuel and operating costs.

For Security and Manpower Services, the division secured new projects which will be executed and recognised in 2H FY2026 with expanded project requirements from existing clients. These wins, with reputable private sector clients, are expected to drive revenue growth for the division in the second half. We remain conscious of manpower cost inflation and labour availability, and will manage these factors closely to sustain the division's performance.

For our Investment Properties, the Group's second dormitory is on track to become operational in 2H FY2026. This new facility – together with our existing fully occupied 299-bed dormitory – will more than double our dormitory capacity, significantly boosting our recurring rental income base in the coming periods. Market conditions for worker accommodation are favourable<sup>2</sup> with industry data showing that occupancy rates in

<sup>2</sup> SBR, Tight supply, rising rents spur interest in worker dormitory sites

Singapore's purpose-built dormitories are averaging about 96–97%, with bed rental rates now markedly higher than pre-pandemic levels. This reflects a persistent demand-supply gap in migrant worker housing amid the ongoing construction boom. While the government has announced plans to incrementally add around 45,000 dormitory beds over the next six years to ease the shortage, this new supply will be introduced gradually. Underlying demand is expected to remain robust, supported by large infrastructure projects and sustained foreign worker inflows. Given this backdrop, we are optimistic that our new dormitory will achieve high occupancy quickly, contributing positively to the Group's revenue and profit in 2H FY2026. The dormitory business provides a stable, long-term revenue stream, and we will continue to ensure high service standards and compliance with new regulatory requirements.

On the back of core and overall inflation staying at 2025's high of 1.2%, the Monetary Authority of Singapore and Ministry of Trade and Industry have said that Singapore could see greater price pressures in 2026 with imported costs declining at a slower pace and regional inflation picking up modestly.<sup>3</sup> Labour costs domestically could also start to increase as productivity growth normalised.

Barring unforeseen circumstances, the Board is cautiously optimistic that the combination of new business wins, improved operational efficiencies, and supportive industry conditions will translate into a stronger financial performance in the second half of FY2026, compared to 1H FY2026. The strategic initiatives undertaken in the past year – diversifying revenue streams and strengthening our cost structure – have positioned the Group well to sustain this improvement beyond FY2026. Nevertheless, we remain vigilant of potential challenges, including rising operating costs or macro-economic uncertainties, and will continue to manage these risks proactively.

Overall, the Group is confident that the positive momentum is sustainable and we are committed to delivering long-term value to our shareholders through disciplined execution of our growth strategy.
