### FURTHER UPDATES ON MALAYSIA MOVEMENT RESTRICTION ORDER

---

The Board of Directors (the "**Board**") of CFM Holdings Limited (the "**Company**", and together with its subsidiaries, collectively the "**Group**") refers to the Company's announcements ("**Announcements**") dated 20 March 2020 and 26 March 2020 respectively relating to the Malaysian federal government's directive to temporarily restrict nationwide movement as part of its efforts to contain the Covid-19 outbreak.

The Company's subsidiary in Penang, Malaysia, namely, Hantong Metal Component (Penang) Sdn Bhd ("**HTPG**") had applied to the Ministry of Domestic Trade and Consumer Affairs ("**MDTCA**") to resume its business operation under the Movement Control Order ("**MCO**"). The MDTCA had on 27 March 2020 approved for HTPG to continue its business operation and to adhere to the conditions stated in the approval by the authorities, which include, among others, (i) reducing the number of employees working at its facilities in Penang to less than 50% of the workforce, (ii) taking precautionary hygiene and health measures during the MCO period. HTPG had resumed its business operation on 30 March 2020 according to the conditions as stipulated by the MDTCA.

The Company's other subsidiary in Johor, Malaysia, namely, Hantong Metal Component Sdn Bhd ("**HTJB**"), had also applied to the Ministry of International Trade and Industry ("**MITI**") to resume its business operation and the said application was rejected by MITI. HTJB are in the midst of re-applying the same with MITI for approval.

At present, we are still unable to assess the impact of the Malaysian Directive that may have on the Group's earnings per share and net asset value per share of the Group for the current financial year ending 30 June 2020, but we note that the revenue contribution contributed from our subsidiaries in Malaysia was approximately 32% of total revenue for the financial year ended 30 June 2019 and 47% for half-year ended 31 December 2019. However, we wish to add that the Covid-19 pandemic and its effects on the global and domestic economy may potentially impair the Group's earnings capacity and profitability and ability to secure new sales in the next 12 months. The Group's earnings per share and net asset value per share for the current financial year ending 30 June 2020 might be negatively impacted arising from the Malaysian MCO.

In the meantime, shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
