The principal activities of the Group are:

- (a) operation and management of restaurants
- (b) manufacturer of food stuff
- (c) investment holding

#### 2. Basis of Preparation

The condensed interim consolidated financial statements for the six months and full year ended 30 September 2022 have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)") 1-34 Interim Financial Reporting issued by the Accounting Standards Council Singapore. The condensed interim financial statements do not include all the information required for a complete set of financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance of the Group since the last interim financial statements for the period ended 31 March 2022.

The accounting policies adopted are consistent with those of the latest audited financial statements for the financial year ended 30 September 2021 which were prepared in accordance with SFRS(I)s, except for the adoption of new and amended standards set out in Note 2.1.

The condensed interim consolidated financial statements are presented in Singapore dollar which is the Company's functional currency.

#### 2.1 New and amended standards adopted by the Group

The Group has adopted the same accounting policies and methods of computation in the condensed interim financial statements as compared to the most recently audited financial statements for the financial year ended 30 September 2021, as well as applicable new and revised SFRS(I) which became effective for financial years beginning on or after 1 October 2021. The adoption of the applicable new and revised SFRS(I) did not require any significant change to the accounting policies, measurement methods or make retrospective adjustments as a result of adopting those SRFS(I).

#### 2.2 Use of judgements and estimates

In preparing the condensed interim consolidated financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by the management in applying the Group's accounting policies and key sources of estimation uncertainty were the same as those that applied to the audited consolidated financial statements as at and for the financial year ended 30 September 2021.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in material adjustment to the carrying amounts of assets and liabilities within the next financial period are as follows:

- a) Impairment test of intangible assets and goodwill: key assumptions underlying recoverable amounts.
- b) Deferred income tax assets are recognised to the extent that realisation of the related tax benefits through future taxable profits is probable.
- c) Loss allowance for trade and other receivables due from associates.
- d) Impairment of property, plant and equipment and right-of-use asset of non-performing outlets.

#### 3. Seasonal operations

The Group's businesses are not affected significantly by seasonal or cyclical factors during the financial period.

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (b) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e as prices) or indirectly (i.e derived from prices) (Level 2); and
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

#### 12. Goodwill

Goodwill acquired in a business combination is allocated, at acquisition, to the cash generating units ("CGU") that are expected to benefit from that business combination.

The Group tests goodwill annually for impairment, or more frequently if there are indications that goodwill might be impaired.

At 30 September 2021	3,466

At 30 September 2022	3,405

#### 12. Goodwill (cont'd)

The carrying amount of goodwill of \$3,405,000 (2021: \$3,466,000) is allocated to the respective CGUs:

JUMBO Seafood business in Taiwan	809	870
Kok Kee Wanton Noodle Pte Ltd	1,814	1,814
Total	3,405	3,466

The recoverable amount of each CGU is determined from a value in use calculation. The key assumptions for the value in use calculations are those regarding the discount rates, growth rates and expected changes to selling prices and direct costs during the period. Management estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and the risks specific to the CGU. The growth rates are based on industry growth forecasts. Changes in selling prices and direct costs are based on past practices and expectations of future changes in the market.

Cash flow projections used in the value-in-use calculations were based on the most recent financial budgets approved by management for the next five years.

For the financial years ended 30 September 2022 and 2021, management has assessed that no allowance for impairment was required.

#### 2. Review of performance of the Group

#### Revenue

Our Group's revenue increased by 81.3% or \$29.6 million, from \$36.4 million for the six months period ended 30 September 2021 ("2H2021") to \$66.0 million for the six months period ended 30 September 2022 ("2H2022"). Our Group's revenue increased by 41.3% or \$33.8 million, from \$81.8 million for the financial year ended 30 September 2021 ("FY2021") to \$115.6 million for the financial year ended 30 September 2022 ("FY2022"). The increase was mainly due to an increase in revenue from our Singapore operations with the gradual easing of COVID-19 measures.

With the further easing of COVID-19 measures in Singapore, revenue from our Singapore operations increased by 197.1% or \$35.4 million, from \$17.9 million in 2H2021 to \$53.3 million in 2H2022, and 88.5% or \$39.1 million, from \$44.2 million in FY2021 to \$83.4 million in FY2022.

Revenue from our PRC operations in FY2022 were negatively affected by the COVID-19 measures despite a full year revenue contribution from our new JUMBO Seafood outlet at Universal Beijing Resort. As such, revenue from our PRC operations decreased by 33.8% or \$5.7 million, from \$16.7 million in 2H2021 to \$11.0 million in 2H2022, and 12.2% or \$3.9 million, from \$31.8 million in FY2021 to \$27.9 million in FY2022, from \$31.8 million in FY2021.

With the closure of our Taichung JUMBO Seafood outlet in September 2021, revenue from our Taiwan operations decreased by 8.4% or \$0.2 million, from \$1.8 million in 2H2021 to \$1.6 million in 2H2022, and 25.7% or \$1.5 million, from \$5.8 million in FY2021 to \$4.3 million in FY2022.

#### **REVIEW OF THE GROUP'S FINANCIAL POSITION**

#### Current assets

The Group's current assets increased by \$6.3 million to \$49.5 million as at 30 September 2022, largely due to:

- i. an increase in short-term investments of \$9.2 million, as the Group placed contingent funds from bank borrowings to bank managed funds, which are pending deployment to operations or investments, and excess cash to generate returns; and partially offset by
- ii. a decrease in cash and cash equivalents of \$3.4 million.

#### Non-current assets

The Group's non-current assets decreased by \$1.2 million to \$57.6 million as at 30 September 2022, largely due to:

- i. a decrease in (a) investments at FVTPL of \$0.7 million due to mark-to-market losses, and (b) net property, plant and equipment of \$0.9 million; and partially offset by
- ii. an increase in right-of-use assets of \$1.2 million mainly due to lease renewals during the financial year.

#### **Current liabilities**

The Group's current liabilities increased by \$4.0 million during the financial year to \$33.6 million as at 30 September 2022 mainly due to:

- i. an increase in trade and other payables of \$2.6 million due to more purchases made, in line with the increase in revenue; and
- ii. an increase in bank borrowings of \$1.2 million for working capital purposes.

#### Non-current liabilities

The Group's non-current liabilities increased by \$1.5 million to \$26.8 million as at 30 September 2022, mainly attributed to an increase in bank borrowings of \$0.2 million for working capital and long-term lease liabilities of \$1.3 million mainly from new leases obtained during the financial year.

#### **REVIEW OF THE GROUP'S CASH FLOW STATEMENT**

The Group generated net cash from operating activities before movements in working capital of \$18.8 million for FY2022. The higher operating cashflow was predominantly due to higher revenue generated for the year. Net cash generated from operations amounted to \$2.0 million due to mainly to an increase in trade and other payables of \$2.6 million and partially offset by an increase in inventories of \$0.4 million. Including the \$1.3 million paid for interest, net cash generated from operating activities was \$19.7 million for FY2022.

Net cash used in investing activities amounted to \$14.6 million mainly due to:

- i. acquisition of property, plant and equipment of \$5.6 million, largely for the new JUMBO Signatures outlet and Kok Kee Wonton Noodle outlets in Singapore; and
- ii. \$9.9 million deployed to other investments to generate returns to offset interest expense on bank borrowings.

Net cash used in financing activities for FY2022 of \$8.5 million was mainly for the repayment of lease obligations of \$9.8 million and repayment of bank borrowings of \$3.6 million, partially offset by the drawdown of temporary bridging loans amounting to \$5.0 million.

As a result, cash and cash equivalents decreased by \$3.4 million during the financial year to \$17.0 million as at 30 September 2022.

4. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the Group operates and any known factors or events that may affect the Group in the next operating period and the next 12 months

The further easing of community measures in late August 2022 and the subsequent lifting of vaccination-differentiated safe management measures in Singapore from 10 October 2022, had increased the revenue potential for our Singapore operations and we are optimistic that revenue will return to pre-COVID levels in Singapore. We have seen revenue and footfall reaching pre-COVID levels in some of our Singapore outlets in the final quarter of FY2022.

Since the beginning of FY2022, as part of the Group's strategy to expand the diversity of our offerings and increase our business in Singapore, we added 5 Kok Kee Wanton Noodles outlets and 1 Lau Lim Mee Pok outlet across Singapore, launched our new premium dining concept, JUMBO Signatures at MBS and a mod-Asian gastrobar, Sui Yi Gastrobar, at Riverwalk. For our overseas operations, we added 2 franchised JUMBO Seafood outlets in Ho Chi Minh City, and one each in Hanoi, Xiamen and Seoul.

In recent months, we have also seen significant relaxation in COVID-19 measures beyond Singapore especially in cities in which we have a presence such as Seoul, Taipei, Ho Chih Minh City, Hanoi and Bangkok, and we are looking to improved business from these outlets. However, we are mindful of our PRC operations may be affected by the on-going COVID-19 measures.

Barring any unforeseen circumstances, the Group is cautiously optimistic of a rebound in its business performance for the next 12 months.
