PT TRI OETAMA PERSADA ACHIEVES 2025 RKAB TARGET

The board of directors (the "**Board**") of Resources Global Development Limited (the "**Company**", and together with its subsidiaries, the "**Group**") wishes to announce that the PT Tri Oetama Persada ("**TRIOP**") coal mine, owned by the Company's subsidiary, PT Paragon Karya Perkasa Tbk, has achieved its 2025 RKAB ("**Rencana Kerja dan Anggaran Biaya**") coal production and sales target as of mid-November 2025.

The 2025 RKAB target of 1,100,000 tonnes of coal was achieved ahead of the year-end, representing a significant ramp-up in TRIOP's coal production as compared to the 388,600 tonnes of coal produced in the first six months of 2025. This strong performance underscores the management's execution capability, especially as TRIOP is a greenfield coal mine that only commenced production in September 2024.

RKAB is a mandatory operational and financial plan that mineral and coal mining companies in Indonesia must prepare and submit to Indonesia's Ministry of Energy and Mineral Resources ("**ESDM**") for approval. The coal production and sales target, which is set out in the RKAB plan, will guide companies' mining plans and sales targets.

TRIOP is currently in the process of submitting its 2026 RKAB plan for a production and sales target of 3,000,000 tonnes of coal to ESDM for approval.
