Independent Auditor's Report

To the Board of Directors and Shareholders of
Pan Ocean Co., LTD.

Opinion

We have audited the accompanying consolidated financial statements of Pan Ocean Co., LTD. and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated statements of financial position as at December 31, 2021 and 2020, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with International Financial Reporting Standards as adopted by the Republic of Korea (Korean IFRS).

Basis for Opinion

We conducted our audits in accordance with Korean Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements of the Republic of Korea that are relevant to our audit of the consolidated financial statements and we have fulfilled our other ethical responsibilities in accordance with the ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The voyage operating revenue and revenue from time charter

Reasons why the matter was determined to be a key audit matter

As described in Note 2.20 to the Consolidated financial statements, the Group recognizes revenue as performance obligation is satisfied, and the underlying information for the revenue amount exist in the complex sales system. As revenue is a key performance indicator of the Group and executives, it is the matter in which intentional adjustment may arise to achieve target and has high inherent risk. Considering the above reasons, we have decided the existence of voyage operating revenue and revenue from time charter as a significant risk to pay attention.

Key audit matters addressed in the audit

For the accounting treatment on the voyage operating revenue and revenue from time charter of the Group, we conducted audit procedures including the following:

- We obtained an understanding of and evaluated accounting policy for the voyage operating revenue and revenue from time charter.
- We tested design and effectiveness of operation of the controls related to the the voyage operating revenue and revenue from time charter.
- We tested the appropriateness of information technology general control on system of revenue recognition.
- We performed interface test between sales system and accounting system.
- We tested the existence of transaction of the amount by inspecting contracts with customers and supporting documents for the selected samples of individual transaction units.

Other Matter

Auditing standards and their application in practice vary among countries. The procedures and practices used in the Republic of Korea to audit such consolidated financial statements may differ from those generally accepted and applied in other countries.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Korean IFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Korean Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Korean Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Yun-Won Jang, Certified Public Accountant.

Samuel PricewaterhouseCoopers

Seoul, Korea

March 11, 2022

This report is effective as of March 11, 2022, the audit report date. Certain subsequent events or circumstances, which may occur between the audit report date and the time of reading this report, could have a material impact on the accompanying consolidated financial statements and notes thereto. Accordingly, the readers of the audit report should understand that there is a possibility that the above audit report may have to be revised to reflect the impact of such subsequent events or circumstances, if any.

There are no changes in the Group's consolidated subsidiaries compared to previous period.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

2. Significant Accounting Policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

The consolidated financial statements of the Group have been prepared in accordance with Korean IFRS. These are the standards, subsequent amendments and related interpretations issued by the International Accounting Standards Board (IASB) that have been adopted by the Republic of Korea.

The preparation of financial statements requires the use of critical accounting estimates. Management also needs to exercise judgement in applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 3.

2.2 Changes in Accounting Policies and Disclosures

(a) New and amended standards and interpretations adopted by the Group

The Group has applied the following standards and amendments for the first time for their annual reporting period commencing January 1, 2021.

- Amendments to Korean IFRS 1109 Financial Instruments, Korean IFRS 1039 Financial Instruments: Recognition and Measurement, Korean IFRS 1107 Financial Instruments: Disclosure, Korean IFRS 1104 Insurance Contracts and Korean IFRS 1116 Lease – Interest Rate Benchmark Reform (Phase 2 amendments)

In relation to interest rate benchmark reform, the amendments provide exceptions including adjust effective interest rate instead of book amounts when interest rate benchmark of financial instruments at amortized costs is replaced, and apply hedge accounting without discontinuance although the interest rate benchmark is replaced in hedging relationship. The amendment does not have a significant impact on the financial statements.

(b) New standards and interpretations not yet adopted by the Group

The following new accounting standards and interpretations have been published that are not mandatory for December 31, 2021 reporting periods and have not been early adopted by the Group.

- Amendments to Korean IFRS 1103 Business Combination – Reference to the Conceptual Framework

The amendments update a reference of definition of assets and liabilities to be recognized in a business combination in revised Conceptual Framework for Financial Reporting. However, the

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

amendments add an exception for the recognition of liabilities and contingent liabilities within the scope of Korean IFRS 1037 *Provisions, Contingent Liabilities and Contingent Assets*, and Korean IFRS 2121 *Levies*. The amendments also clarify that contingent assets should not be recognized at the acquisition date. The amendments should be applied for annual periods beginning on or after January 1, 2022, and earlier application is permitted. The Group does not expect that these amendments have a significant impact on the financial statements.

- Amendments to Korean IFRS 1016 Property, Plant and Equipment - Proceeds before intended use

The amendments prohibit an entity from deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while the entity is preparing the asset for its intended use. Instead, the entity will recognize the proceeds from selling such items, and the costs of producing those items, in profit or loss. The amendments should be applied for annual periods beginning on or after January 1, 2022, and earlier application is permitted. The Group is in review for the impact of these amendments on the financial statements.

- Amendments to Korean IFRS 1037 Provisions, Contingent Liabilities and Contingent Assets - Onerous Contracts : Cost of Fulfilling a Contract

The amendments clarify that the direct costs of fulfilling a contract include both the incremental costs of fulfilling the contract and an allocation of other costs directly related to fulfilling contracts when assessing whether the contract is onerous. The amendments should be applied for annual periods beginning on or after January 1, 2022, and earlier application is permitted. The Group does not expect that these amendments have a significant impact on the financial statements.

- Annual improvements to Korean IFRS 2018-2020

Annual improvements of Korean IFRS 2018-2020 Cycle should be applied for annual periods beginning on or after January 1, 2022, and earlier application is permitted. The Group does not expect that these amendments have a significant impact on the financial statements.

- Korean IFRS 1101 *First time Adoption of Korean International Financial Reporting Standards* – Subsidiaries that are first-time adopters
- Korean IFRS 1109 *Financial Instruments* – Fees related to the 10% test for derecognition of financial liabilities
- Korean IFRS 1116 *Leases* – Lease incentives
- Korean IFRS 1041 *Agriculture* – Measuring fair value

- Amendments to Korean IFRS 1001 Presentation of Financial Statements - Classification of Liabilities as Current or Non-current.

The amendments clarify that liabilities are classified as either current or non-current, depending on the substantive rights that exist at the end of the reporting period. Classification is unaffected by the likelihood that an entity will exercise right to defer settlement of the liability or the expectations of management. Also, the settlement of liability includes the transfer of the entity's own equity instruments, however, it would be excluded if an option to settle them by the entity's own equity

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

instruments if compound financial instruments is met the definition of equity instruments and recognized separately from the liability. The amendment should be applied for annual periods beginning on or after April 1, 2021, and earlier application is permitted. The Group is in review for the impact of these amendments on the financial statements.

- Amendment to Korean IFRS 1116 - Covid-19 - Related Rent Concessions beyond June 30, 2021

The application of the practical expedient, a lessee may elect not to assess whether a rent concession occurring as a direct consequence of the COVID-19 pandemic is a lease modification, is extended to lease payments originally due on or before June 30, 2022. A lessee shall apply the practical expedient consistently to eligible contracts with similar characteristics and in similar circumstances. The amendment should be applied for annual periods beginning on or after April 1, 2021, and earlier application is permitted. The Group does not expect that these amendments have a significant impact on the financial statements.

- Korean IFRS 1001 Presentation of Financial Statements - Disclosure of Accounting Policies

The amendments to Korean IFRS 1001 define and require entities to disclose their material accounting policies. The IASB amended IFRS Practice Statement 2 *Disclosure of Accounting Policies* to provide guidance on how to apply the concept of materiality to accounting policy disclosures.

The amendments should be applied for annual periods beginning on or after January 1, 2023, and earlier application is permitted. The Group is in review for the impact of these amendments on the financial statements.

- Korean IFRS 1008 Accounting policies, changes in accounting estimates and errors - Definition of Accounting Estimates

The amendments define accounting estimates and clarify how to distinguish them from changes in accounting policies. The amendments should be applied for annual periods beginning on or after January 1, 2023, and earlier application is permitted. The Group does not expect that these amendments have a significant impact on the financial statements.

- Korean IFRS 1012 Income Taxes - Deferred Tax related to Assets and Liabilities arising from a Single Transaction

The amendments include an additional condition to the exemption to initial recognition of an asset or liability that a transaction does not give rise to equal taxable and deductible temporary differences at the time of the transaction. The amendments should be applied for annual periods beginning on or after January 1, 2023, and earlier application is permitted. The Group is in review for the impact of these amendments on the financial statements.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

2.3 Consolidation

The Group has prepared the consolidated financial statements in accordance with Korean IFRS 1110 *Consolidated Financial Statements*.

(a) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group. The consideration transferred is measured at the fair values of the assets transferred, and identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. All other non-controlling interests are measured at fair values, unless otherwise required by other standards. Acquisition-related costs are expensed as incurred.

The excess of consideration transferred, amount of any non-controlling interest in the acquired entity and acquisition-date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognized directly in the profit or loss as a bargain purchase.

Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Transactions, not having to cease any control, with non-controlling interest recognize the difference between the adjusted amount of non-controlling interest and the fair value of the paid and received amount directly in the Group's equity.

The remaining share of the subsidiaries will be re-measured at fair value when the Group ceases control over subsidiaries, and difference will be recognized as profit or loss.

(b) Associates

Associates are entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting, after initially being recognized at cost. Unrealized gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. If the Group's

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

share of losses of an associate equals or exceeds its interest in the associate (including long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognizing its share of further losses. After the Group's interest is reduced to zero, additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate. If there is an objective evidence of impairment for the investment in the associate, the Group recognizes the difference between the recoverable amount of the associate and its book amount as impairment loss. If an associate uses accounting policies other than those of the Group for like transactions and events in similar circumstances, if necessary, adjustments shall be made to make the associate's accounting policies conform to those of the Group when the associate's financial statements are used by the Group in applying the equity method.

(c) Joint arrangements

A joint arrangement, wherein two or more parties have joint control, is classified as either a joint operation or a joint venture. A joint operator recognizes its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. Interests in joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated statement of financial position.

2.4 Foreign Currency Translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which each entity operates (the 'functional currency'). The consolidated financial statements are presented in the US dollar, which is the Parent Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

They are deferred in other comprehensive income if they relate to qualifying cash flow hedges and qualifying effective portion of net investment hedges, or are attributable to monetary part of the net investment in a foreign operation.

Foreign exchange gains and losses that relate to borrowings and financial assets are presented in the statement of profit or loss, within finance income and costs. All other foreign exchange gains and losses are presented in the statement of profit or loss within 'Other Non-operating Income or expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equities held at fair value through profit or loss are recognized in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equities held at fair value through other comprehensive income are recognized in other comprehensive income.

(c) Translation to the presentation currency

The results and financial position of foreign operations that have a functional currency different from the presentation currency are translated into the presentation currency by applying the below exchange rates. The translation differences are recognized as other comprehensive income(loss):

- assets and liabilities for each statement of financial position presented are translated at the closing rate at the end of the reporting period,
- income and expenses for each statement of comprehensive income are translated at average exchange rates for the reporting period.
- equity is translated at the historical exchange rate.

2.5 Financial Assets

(a) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently through profit or loss
- those to be measured subsequently at fair value through other comprehensive income
- those to be measured at amortized cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For financial assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. The Group reclassifies debt investments when, and only when its business model for managing those assets changes.

For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. Changes in fair value of non-designated equity investment are recognized in profit or loss.

(b) Measurement

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset or the issuance of the financial liabilities. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

A. Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments into one of the following three measurement categories:

- **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in 'finance income' using the effective interest rate method.
- **Fair value through other comprehensive income:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment loss (reversal of impairment loss), interest income and foreign exchange gains and losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss. Interest income from these financial assets is included in 'finance income' using the effective interest rate method. Foreign exchange gains and losses are presented in 'other non-operating income or expenses' and impairment losses are presented in 'other non-operating expenses'.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortized cost or fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of comprehensive income within 'finance income or costs' in the year in which it arises.

B. Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments, in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividend income from such

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

investments continue to be recognized in profit or loss as 'finance income' when the right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in 'finance income or costs' in the statement of comprehensive income as applicable. Impairment loss (reversal of impairment loss) on equity investments measured at fair value through other comprehensive income are not reported separately from other changes in fair value.

(c) Impairment

The Group assesses expected credit losses on debt instruments carried at amortized cost and fair value through other comprehensive income based on forward-looking information. The impairment methodology applied depends on whether there has been a significant increase in credit risk. However, for trade receivables, the Group applies the simplified approach, which requires expected lifetime credit losses to be recognized from initial recognition of the receivables.

(d) Recognition and Derecognition

Regular way purchases and sales of financial assets are recognized or derecognized on trade-date. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership

If a transfer does not result in derecognition because the Group has retained substantially all the risks and rewards of ownership of the transferred asset, the Group continues to recognize the transferred asset in its entirety and recognizes a financial liability for the consideration received. The Group classified the financial liability as 'borrowings or other liabilities' in the statement of financial position

(e) Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the consolidated statements of financial position where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the assets and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

2.6 Derivative Instruments

Derivatives are initially recognized at fair value on the date when a derivative contract is entered into and are subsequently remeasured at their fair value. Changes in the fair value of the derivatives that are not qualified for hedge accounting are recognized in the statement of comprehensive income within 'other non-operating income (expenses)' or 'finance income (costs)' based on the nature of transactions.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged. The Group has hedge relationships and designates certain derivatives as:

- hedges of a particular risk associated with the cash flows of recognized assets and liabilities and highly probable forecast transactions (cash flow hedges)

At inception of the hedge relationship, the Group documents the economic relationship between hedging instruments and hedged items including whether changes in the cash flows of the hedging instruments are expected to offset changes in the cash flows of hedged items.

The fair values of derivative financial instruments designated in hedge relationships are disclosed in Note 5. Movements in the cash flow hedge reserve are shown in Note 11.

The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months. A non-derivative financial asset and a non-derivative financial liability is classified as a current or non-current based on its expected maturity and its settlement, respectively.

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the cash flow hedge reserve within equity, limited to the cumulative change in fair value (present value) of the hedged item (the present value of the cumulative change in the future expected cash flows of the hedged item) from the inception of the hedge. The ineffective portion is recognized in 'other non-operating income (expenses)'.

Amounts accumulated in equity are reclassified in the periods when the hedged item affects profit or loss, as follows:

- The gain or loss relating to the effective portion of the interest rate swaps hedging variable rate borrowings is recognized in profit or loss within 'finance cost' at the same time as the interest expense on the hedged borrowings.

2.7 Trade Receivables

Trade receivables are recognized initially at the amount of consideration that is unconditional, unless they contain significant financing component. Trade receivables are subsequently measured at amortized cost using the effective interest method, less loss allowance.

2.8 Inventories

Inventories mainly comprise fuel and spare parts. The quantity of inventories is counted at the end of every reporting period. The cost of inventories is based on the gross average cost formula, and includes expenditures for acquiring the inventories and other costs incurred in bringing them to their existing location and condition.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

The book amount of inventories is recognized as cost of goods sold when profits are recognized with the consumption of inventories

2.9 Non-current Assets (or Disposal Group) Held-for-sale

Non-current assets (or disposal group) are classified as assets held-for-sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable. The assets are measured at the lower amount between their book amount and the fair value less costs to sell.

2.10 Vessels, Property and Equipment

Vessels, property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Historical cost includes expenditures that are directly attributable to the acquisition of the items.

Depreciation of all vessels, property and equipment, except for land, is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives as follows:

	<u>Useful lives(Years)</u>
Buildings and structures	50
Vessels	20 ~ 30
Vehicles	5
Others	2.5 ~ 10

The assets' depreciation method, residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

2.11 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Other borrowing costs are expensed in the period in which they are incurred.

2.12 Intangible Assets

Intangible assets are initially recognized at its historical cost, and carried at cost less accumulated amortization and accumulated impairment losses.

Software development costs that are directly attributable to internally generated by the Group are recognized when the criteria; such as, technically feasible, generate probable future economic benefits and other, are met. Membership rights that have an indefinite useful life are not subject to amortization because there is no foreseeable limit to the period over which the assets are expected

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

to be utilized. The Group amortizes intangible assets with a limited useful life using the straight-line method over the following periods:

	<u>Useful lives(Years)</u>
Development costs	5
Other intangible assets	5

2.13 Government Grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions. Government grants related to assets are presented in the statement of financial position by deducting the grant in arriving at the carrying amount of the asset, and government grants related to income are deferred and later deducted from the related expense.

2.14 Impairment of Non-financial Assets

Goodwill or intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Non-financial assets, other than goodwill, that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.15 Financial Liabilities

(a) Classification and measurement

The Group's financial liabilities at fair value through profit or loss are financial instruments held for trading. A financial liability is held for trading if it is incurred principally for the purpose of repurchasing in the near term. A derivative that is not a designated as hedging instruments and an embedded derivative that is separated are also classified as held for trading.

The Group classifies non-derivative financial liabilities, except for financial liabilities at fair value through profit or loss, financial guarantee contracts and financial liabilities that arise when a transfer of financial assets does not qualify for derecognition, as financial liabilities carried at amortized cost and presented as 'trade payables', 'borrowings', and 'other financial liabilities' in the consolidated statement of financial position.

Preferred shares that require mandatory redemption at a particular date are classified as liabilities. Interest expenses on these preferred shares calculated using the effective interest method are recognized in the consolidated statement of comprehensive income as 'finance costs', together with interest expenses recognized on other financial liabilities.

Borrowings are to be classified as a current liabilities unless having unconditional right to postpone the due of liabilities for more than 12 months after the reporting period.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(b) Derecognition

Financial liabilities are removed from the statement of financial position when it is extinguished, for example, when the obligation specified in the contract is discharged, cancelled or expired or when the terms of an existing financial liability are substantially modified.

2.16 Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of reporting period which are unpaid. Trade and other payables are presented as current liabilities, unless payment is not due within 12 months after the reporting period.

2.17 Provisions

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation and the increase in the provision due to passage of time is recognized as interest expense.

2.18 Current and Deferred Tax

The tax expense for the period consists of current and deferred tax. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

The tax expense is measured at the amount expected to be paid to the taxation authorities, using the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. The Group recognizes current income tax on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit or loss.

Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

The Group recognizes a deferred tax liability all taxable temporary differences associated with investments in subsidiaries, associates, and interests in joint arrangements, except to the extent that the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. In addition, The Group recognizes a deferred tax asset for all deductible temporary differences arising from such investments to the extent that it is probable the temporary difference will reverse in the foreseeable

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

future and taxable profit will be available against which the temporary difference can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis.

2.19 Employee Benefits

Most of employees and directors are entitled to receive a lump-sum payment upon termination of their employment with the Group based on their periods of service and salary levels at the time of termination. The Group operates defined benefit plans for employees who works at sea and operates defined contribution plans for employees work at ground. In addition, the Group contributes a certain portion of severance benefits to the National Pension Service according to the National Pension Law.

(a) Short-term employee benefits

Liabilities for wages and salaries that are expected to be settled wholly within 12 months after the end of the reporting period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at undiscounted amount.

(b) Post-employment benefits

The Group operates both defined contribution and defined benefit pension plans.

For defined contribution plans, the Group pays contribution to publicly or privately administered pension insurance plans on mandatory, contractual or voluntary basis. The Group has no further payment obligation once the contribution has been paid. The contribution is recognized as employee benefit expense when they are due.

A defined benefit plan is a pension plan that is not a defined contribution plan. Generally, post-employment benefits are payable after the completion of employment, and the benefit amount depended on the employee's age, periods of service or salary levels. The liability recognized in the statement of financial position in respect of defined benefit pension plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service costs.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(c) Other long-term employee benefits

The Group provides long-term employee benefits to only those who render service over 10 years or more. Other long-term employee benefits are measured in the same way defined benefit plan is measured, and interest arising from service costs and other long-term employee benefit liabilities and re-measurement are recognizes in profit or loss.

2.20 Revenue Recognition

(a) Identify performance obligation

With the implementation of Korean IFRS 1115, if a performance obligation is satisfied over time the Group also recognizes the related revenue over time. The Group recognizes revenue over time based on costs incurred relative to total estimated costs to determine the extent of progress toward completion.

(b) A performance obligation is satisfied over the period

With the implementation of Korean IFRS 1115, the Group recognizes revenue as performance obligation is satisfied over period and the recognized revenue amount is allocated transaction price for the satisfied performance obligation. For performance obligations satisfied over time, the Group recognizes revenue over time by selecting an appropriate method for measuring the Group's progress towards complete satisfaction of that performance obligation.

(c) A performance obligation is satisfied at a point in time

With the implementation of Korean IFRS 1115, the Group recognizes revenue as performance obligation is satisfied at a point in time once the customer has the significant risks and rewards of ownership of the asset and the recognized revenue amount is allocated transaction price for the satisfied performance obligation.

(d) Variable consideration

In addition to the freight charge from contracts with customers, there may be a discount charge(dispatch money) to be paid to the shippers for early loading / unloading of cargoes or late fee(demurrage) to be paid to the shipping companies for delay of loading / unloading of cargoes. With implementation of Korean IFRS 1115, the Group estimates an amount of variable consideration by using the expected value which the Group expects to better predict the amount of consideration. The Group recognize revenue with transaction price including variable consideration only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the refund period has lapsed.

(e) Incremental costs of obtaining a contract

With implementation of Korean IFRS 1115, the Group recognizes as an asset the incremental costs of obtaining a contract with a customer of the Group and costs that are recognized as assets

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

are amortized over the period that the related goods or services transfer to the customer.

2.21 Leases

(a) Lessor

Lease income from operating leases where the Group is a lessor is recognized in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognized as expense over the lease term on the same basis as lease income. The respective leased assets are included in the statement of financial position based on their nature.

(b) Lessee

The Group leases various vessels, offices, equipment and cars. Lease contracts are typically made for fixed periods, but may have extension options as described below.

Contracts may contain both lease and non-lease components. The Group allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Group is lessee, the Group applies the practical expedient which has elected not to separate lease and non-lease components and instead accounts for these as a single lease component. Contracts usually contain various terms and negotiate individually. Although there are no restrictions by the lease contract, lease asset cannot be provided as collateral for borrowings.

The Group determines the lease term as the non-cancellable period of a lease, together with both (a) periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and (b) periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option. When the lessee and the lessor each has the right to terminate the lease without permission from the other party, the Group should consider a termination penalty in determining the period for which the contract is enforceable.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable
- Variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable by the Group (the lessee) under residual value guarantees
- The exercise price of a purchase option if the Group (the lessee) is reasonably certain to exercise that option, and

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

- Payments of penalties for terminating the lease, if the lease term reflects the Group (the lessee) exercising that option

Lease payment arising from extension of the lease to be included in the measurement of lease liabilities if the lessee is reasonably certain to exercise an option to extend the lease

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be determined, the lessee's incremental borrowing rate is used, being the rate that the lessee would have to pay to borrow the funds necessary to obtain an asset of similar value in a similar economic environment with similar terms and conditions.

To determine the incremental borrowing rate, the Group:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received

The Group is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs

The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The Group elected not to apply the evaluation model to the right-of-use assets held by the Group.

Payments associated with short-term leases and leases of low-value assets are recognized on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less without a purchase option. Low-value assets comprise IT-equipment and small items of office furniture.

(c) Extension and termination options

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

Extension and termination options are included in property leases across the Group. These terms are used to maximize operational flexibility in terms of managing contracts. The majority of extension and termination options held are exercisable only by the Group and not by the respective lessor.

2.22 Debt-to-equity Swap and Debt Restructuring

When the Group issues equity securities to creditors to repay the debts (debt-to-equity swap), the difference between the book amount of debts and the fair value of the securities is recorded as gain or loss from debt restructuring. In case the Group agreed with creditors to be converted into capital, but not implemented immediately, the Group accounted for the restructured debts as other capital.

2.23 Operating Segments

Information of each operating segment is reported in a manner consistent with the internal business segment reporting provided to the chief operating decision-maker (Note 34). The chief operating decision-maker is responsible for allocating resources and assessing performance of the operating segments. The Group has four operating segments consist of bulk carrier service, container service, tanker service and other shipping services as described in Note 34. Each operating segment is a strategic business unit. The strategic business units offer different shipping services, and are managed separately because they require different technology and marketing strategies.

Operating segments reported to the Group's chief operating decision maker include items direct attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise corporate assets primarily the Group's headquarters, head office expenses, and income tax assets and liabilities.

2.24 Approval of Issuance of the Financial Statements

The consolidated financial statements 2021 of the Group were approved for issue by the Board of Directors on February 11, 2022 and are subject to change with the approval of shareholders at their Annual General Meeting.

3. Critical Accounting Estimates and Assumptions

The preparation of financial statements requires the Group to make estimates and assumptions concerning the future. Management also needs to exercise judgement in applying the Group's accounting policies. Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. As the resulting accounting estimates will, by definition, seldom equal the related actual results, it can contain a significant risk of causing a material adjustment.

The estimates and assumptions that have a significant risk of causing a material adjustment to the

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

carrying amounts of assets and liabilities within the next financial year are discussed below. Additional information of significant judgement and assumptions of certain items are included in relevant notes.

(a) Impairment of assets

The Group periodically determines whether there is any indication that the Group's major assets may be impaired and assesses whether there is any impairment incurred if there is any indication that an asset may be impaired. The Group determines by applying both external sources of information and internal sources of information at the end of each reporting period for assessment of indication that an asset may be impaired and calculation the amounts of impairment (Note 16).

(b) Net defined benefit liability

The present value of net defined benefit liability depends on a number of factors that are determined on an actuarial basis using a number of assumptions including the discount rate (Note 22).

4. Financial Risk Management

4.1 Financial Risk Factors

The Group's activities exposed to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance. The Group uses derivative financial instruments to hedge certain risk exposures.

Risk management is carried out under policies approved by the Board of Directors. The board reviews and approves written principles for overall risk management, as well as written policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

4.1.1 Market risk

(1) Foreign exchange risk

The Group's revenue and expenses are denominated primarily in U.S. dollars, the functional currency. The Group's foreign exchange risks mainly comprise:

- transaction risks which arise from day-to-day requirements to pay and/or receive currencies other than U.S. dollars, and
- foreign exchange exposures arising from repayment obligations or borrowings which are denominated in currencies other than U.S. dollars.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

A vast majority of the Group's sales and operating expenses are denominated in U.S. dollars. The Group's vessels are principally chartered in or purchased in U.S. dollars, including those vessels acquired under the terms of lease financing agreements or other similar agreements. Moreover, since the market value of the vessels is denominated in U.S. dollars, the dollar exposure related to the financing of vessels is considered an effective hedge.

The Group does not actively use foreign exchange derivative instruments as a means of hedging transaction risks. The risk is reduced through matching, as far as possible, receipts and payments in each individual currency. The Group holds bank deposits, beneficiary certificates and borrowings denominated in Korean won that are short-term in nature, therefore, foreign exchange risk of these assets and liabilities may not be material.

Gain and loss on foreign currency translations and transactions for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>		2021		2020
Gains (losses) on foreign currency translations	\$	8,834	\$	(8,889)
Losses on foreign currency transactions		(835)		(6,854)

The Group is primarily exposed to exchange risk in relation to currencies other than USD.

Exposures to exchange risk in relation to currencies other than USD as at December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>		2021		2020
Cash and cash equivalents	\$	101,361	\$	40,894
Trade receivables		21,503		18,514
Other receivables		1,396		1,760
Trade payables		(33,765)		(10,901)
Other non-trade payables		(7,340)		(7,401)
Long-term borrowings		(21,510)		(61,121)
Bonds		(126,529)		(91,912)
Vessel borrowings		(12,930)		(18,314)
Other		20,029		30,509
	\$	<u>(57,785)</u>	\$	<u>(97,972)</u>

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

The effect of a 10% increase or decrease in exchange rates on profit before tax as at December 31, 2021 and 2020, is as follows:

<i>(in thousands of US dollars)</i>		<u>2021</u>	<u>2020</u>
KRW / US dollars	10% increase	\$ 7,170	\$ 12,268
	10% decrease	(5,091)	(15,003)

(2) Price risk

The Group is exposed to grain purchase contract price risk arising from various market conditions. The Group enters into grain future contract to hedge, in whole and in part, the exposure to changes in fair values and cash flows of grain purchase contract as a result of market fluctuations. In order to retain hedge effectiveness, the Group matches grain future contracts with the grain purchase contracts. Generally, the underlying agreement pursuant to which the Group enters into contract based on CBOT (Chicago Board of Trade) future index.

The Group is exposed to charter contract price risk arising from various market conditions. The Group enters into forward freight agreements (FFAs) to hedge, in whole and in part, the exposure to changes in fair values and cash flows of long-term chartered-in vessels as a result of market fluctuations with respect to freight spot contract rates derived in utilizing these vessels. The Group matches forward freight agreements and long-term charter contracts to effectively hedge risks. Usually, the Group enters into charter contract according to BDI (Baltic Dry Index) or other similar index.

The Group is exposed to fuel oil purchase price risk arising from various market conditions. The Group enters into commodity swap contracts to hedge, in whole and in part, the exposure to changes in fair values and cash flows of relevant fuel oil contracts as a result of market fluctuations. In order to retain hedge effectiveness, the Group matches commodity swap contracts with the fuel oil contracts. Generally, the underlying agreement pursuant to which the Group charters vessels will be based on WTI or a similar index.

The Group will then attempt to match FFAs and commodity swap contracts that the Group has entered into with a third party, which is usually another shipping company, a shipper or a financial institution, with such charter-in agreement in terms of the duration and index in order to hedge against any market fluctuations in freight spot contract rates and fuel oil purchase prices, and "lock in" a profit margin. In order to reduce counterparty risk, all the relevant agreements require periodic cash settlement, depending on the movement of the relevant index. The Group limits the counterparties for such transactions to long-time market participants. Most of forward freight agreements have terms of between three to twelve months.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(3) Interest risk

Interest rate risk is defined as the risk that the interest expenses arising from borrowings will fluctuate because of changes in future market interest rate. The interest rate risk mainly arises on floating rate borrowings. The objective of interest rate risk management lies in maximizing corporate value by minimizing uncertainty in interest rates fluctuations and interest expense.

Book amount of interest-bearing financial liabilities held by the Group as at December 31, 2021 and 2020, is as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Financial liabilities with fixed interest rate	\$ 174,458	\$ 190,400
Financial liabilities with floating interest rate	1,464,165	1,124,994
	<u>\$ 1,638,623</u>	<u>\$ 1,315,394</u>

The Group does not recognize financial instruments with fixed interest rate as financial instruments at fair value through profit or loss, and does not designate derivatives such as interest rate swap as hedge instrument of fair value hedge accounting. Therefore, changes in interest rates do not affect profit or loss.

The effect of a 0.5%P increase (decrease) in interest rates would have resulted in a decrease (increase) in profit before tax as at December 31, 2021 and 2020, as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Interest rate		
0.5P% increase	\$ (5,853)	\$ (4,557)
0.5P% decrease	5,853	4,557

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

4.1.2 Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers. Outstanding balances of financial assets which represent maximum exposures of credit risk as at December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Non-current		
Other receivables	\$ 15,478	\$ 21,863
Derivative financial assets	1,709	-
Other financial assets	4,934	5,352
	<u>22,121</u>	<u>27,215</u>
Current		
Cash and cash equivalent ¹	436,527	215,838
Trade receivables	210,213	137,082
Other receivables	36,364	11,649
Derivative financial assets	4,804	13,746
Other financial assets	25,900	23,066
	<u>713,808</u>	<u>401,381</u>
	<u>\$ 735,929</u>	<u>\$ 428,596</u>

¹ Excludes 'cash on hand'.

The Group requests for collaterals or additional credit based on the credit of the counterparty.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

4.1.3 Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, the Group's treasury department aims to maintain flexibility in funding by keeping committed credit lines available.

The table below analyses the Group's financial liabilities and derivative financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal to their carrying balances as the impact of discounting is not significant.

Present value	154,071	176,364	281,621	462,584	1,074,640

4.2 Capital Risk Management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'short and long-term borrowings' as shown in the consolidated statement of financial position) less cash and cash equivalents. Total capital is calculated as 'equity' as shown in the consolidated statement of financial position plus net debt.

The gearing ratios as at December 31, 2021 and 2020, are as follows:

(in thousands of US dollars)	2021	2020
Total borrowings	\$ 1,638,623	\$ 1,315,394
Less: cash and cash equivalents	(439,976)	(218,346)
Net debt (A)	1,198,647	1,097,048
Total equity (B)	3,034,026	2,579,643
Total capital (C = A + B)	\$ 4,232,673	\$ 3,676,691
Gearing ratio (A / C)	28.3%	29.8%

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

5. Fair Value of Financial Assets and Liabilities

5.1 Fair value of Financial Instruments by Category

There are no significant changes in the business and economic environment that affect the fair value of the Group's financial assets and liabilities in 2021. Financial instruments whose carrying amount is a reasonable approximation of fair value are excluded from fair value disclosures.

Carrying amount and the fair value of financial assets as at December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021		2020	
	Carrying amount	Fair value	Carrying amount	Fair value
Non-current				
Derivative financial assets	\$ 1,709	\$ 1,709	\$ -	\$ -
	1,709	1,709	-	-
Current				
Derivative financial assets	\$ 4,804	\$ 4,804	\$ 13,746	\$ 13,746
Financial assets at fair value through profit or loss	23	23	26	26
	\$ 6,536	\$ 6,536	\$ 13,772	\$ 13,772

Carrying amount and the fair value of financial liabilities as at December 31, 2021 and 2020, are summarized as follows:

<i>(in thousands of US dollars)</i>	2021		2020	
	Carrying amount	Fair value	Carrying amount	Fair value
Non-current				
Derivative financial liabilities	\$ 3,639	\$ 3,639	\$ 1,077	\$ 1,077
Current				
Derivative financial liabilities	3,710	3,710	9,489	9,489
	\$ 7,349	\$ 7,349	\$ 10,566	\$ 10,566

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

5.2 Fair value Hierarchy

Items that are measured at fair value or for which the fair value is disclosed are categorized by the fair value hierarchy levels, and the defined levels are as follows:

- Quoted prices in active markets for identical assets or liabilities (Level 1).
- All inputs other than quoted prices included in level 1 that are observable (either directly that is, prices, or indirectly that is, derived from prices) for the asset or liability (Level 2).
- Unobservable inputs for the asset or liability (Level 3).

Fair value hierarchy classifications of the financial instruments that are measured at fair value or its fair value is disclosed as at December 31, 2021 are as follows:

(in thousands of US dollars)

	2021			
	Level 1	Level 2	Level 3	Total
Financial assets				
Non-current				
Derivatives financial assets	\$ -	\$ 1,709	\$ -	\$ 1,709

Financial assets at fair value through profit or loss	\$ -	\$ 23	\$ -	\$ 23
Derivative financial assets	-	4,804	-	4,804
	<u>\$ -</u>	<u>\$ 6,536</u>	<u>\$ -</u>	<u>\$ 6,536</u>
Financial liabilities				
Non-current				
Derivative financial liabilities	\$ -	\$ 3,639	\$ -	\$ 3,639
Current				
Derivative financial liabilities	-	3,710	-	3,710
	<u>\$ -</u>	<u>\$ 7,349</u>	<u>\$ -</u>	<u>\$ 7,349</u>

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

Fair value hierarchy classifications of the financial assets and financial liabilities that are measured at fair value or its fair value is disclosed as at December 31, 2020 are as follows:

(in thousands of US dollars)

	2020			
	Level 1	Level 2	Level 3	Total
Financial assets				
Current				
Financial assets at fair value through profit or loss	\$ -	\$ 26	\$ -	\$ 26
Derivative financial assets	-	13,746	-	13,746
	<u>\$ -</u>	<u>\$ 13,772</u>	<u>\$ -</u>	<u>\$ 13,772</u>
Financial liabilities				
Current				
Derivative financial liabilities	\$ -	\$ 9,489	\$ -	\$ 9,489
Non-current				
Derivative financial liabilities	-	1,077	-	1,077
	<u>\$ -</u>	<u>\$ 10,566</u>	<u>\$ -</u>	<u>\$ 10,566</u>

5.3 Valuation Technique and the Inputs

Valuation techniques and inputs used in the fair value of assets and liabilities categorized within Level 2 of the fair value hierarchy as at December 31, 2021 and 2020, are as follows:

(in thousands of US dollars)

	Fair value		Valuation techniques	Inputs
	2021	2020		
Assets				
Financial assets at fair value through profit or loss (current)	\$ 23	\$ 26	Market comparison technique (Carbon Fund)	Adjusted market price of underlying asset
Derivative financial liabilities (current)	4,804	13,746	Market comparison technique(FFA, Bunker Swap, Grain Futures, Interest-rate Swap)	Adjusted market price of underlying asset, Interest rate of 3-month USD Libor
Derivative financial liabilities (non-current)	1,709	-	Market comparison technique(Interest-rate Swap)	Interest rate of 3-month USD Libor
	<u>\$ 6,536</u>	<u>\$ 13,772</u>		
Liabilities				
Derivative financial liabilities (current)	\$ 3,710	\$ 9,489	Market comparison technique(FFA, Bunker Swap, Grain Futures, Interest-rate Swap)	Adjusted market price of underlying asset
Derivative financial liabilities (non-current)	3,639	1,077	Market comparison technique(Interest-rate Swap)	Interest rate of 3-month USD Libor
	<u>\$ 7,349</u>	<u>\$ 10,566</u>		

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

6. Financial Instrument by Category

(1) Categorizations of financial assets as at December 31, 2021 and 2020, are as follows:

(in thousands of US dollars)

	2021			
	Financial assets at fair value through profit or loss	Financial assets at fair value through other comprehensive income ¹	Financial assets at amortized cost	Total
Non-current				
Other receivables	\$ -	\$ -	\$ 15,478	\$ 15,478

Closing net book amount	<u>\$ 231,998</u>	<u>\$ 12,088</u>	<u>\$ 11,143</u>	<u>\$ 314</u>	<u>\$ 255,543</u>

¹ In 2020, the Group received 6.6 billion won in state subsidies from Korea Ocean Business Corporation as a candidate to support the conversion of eco-friendly ships, and the Group recognized the subsidies as a deduction for the carrying amount of the acquired vessels during 2021.

² The Group has performed an impairment reversal test for 1 vessel in bulker segment to determine whether to reverse a previous impairment loss. As a result, recoverable amount of \$ 8,389 thousand was recognized due to increase in vessel's market value resulting from increase in freight rate index. Recoverable amount, calculated based on value of the vessel, was not to exceed the amount in the case previous impairment loss was not applied. Discount rate for calculation of value in use is 9.33%

(in thousands of US dollars)

	2020

¹ Due to the decrease in shipping industry market trends, the Group has performed the impairment test for 12 vessels in bulker segment, of which 10 vessels recognized the impairment loss of \$ 58,957 thousand. The recoverable amount of the vessels is calculated on a basis of the value in use and impairment losses are recognized as other non-operating expenses. Discount rate for calculation of value in use is 7.75%. The impairment loss from changes in discount rate is as follows.

(in thousands of US dollars)

Category	Change	Discount rate	Amount
Impairment losses	10% increase	8.53%	\$ 73,088
	10% decrease	6.98%	44,003

Additionally, 1 vessel held for sale recognized impairment loss amounting to \$5,861 thousands on the basis of net fair value and the vessel was sold during the period ended December 31, 2020.

(2) The acquisition costs, accumulated depreciation and accumulated impairment losses for each item of vessels, property and equipment as at December 31, 2021 and 2020, are as follows:

(in thousands of US dollars)	2021			
	Cost	Accumulated depreciation	Accumulated impairment losses	Government grants

19. Other Payables

Details of other payables as at December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Current:		
Non-trade payables	\$ 14,719	\$ 13,645
Dividends payables	1	-
Withholdings ¹	91,875	44,913
	<u>\$ 106,595</u>	<u>\$ 58,558</u>

¹ The Group received government grants related to eco-ship conversion project during the years ended December 31, 2020 and 2021.

20. Provisions

(1) Changes in provisions for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021				
	Opening net book amount	Effect of accounting changes	Recognized (reversal of) provision	Paid or transferred amount	Closing net book amount
Current	\$ 4,193	\$ -	\$ 4,561	\$ (286)	\$ 8,468
Non-current	20,970	-	1,802	(2,407)	20,365

<i>(in thousands of US dollars)</i>	2020				
	Opening net book amount	Effect of accounting changes	Recognized (reversal of) provision	Paid or transferred amount	Closing net book amount
Current	\$ 3,170	\$ -	\$ 737	\$ 286	\$ 4,193
Non-current	22,638	-	4,571	(6,239)	20,970

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(2) Non-current provisions

Details of non-current provisions as at December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Litigation for finalization of reorganization ¹	\$ 15,044	\$ 16,402
Compensation for claims ²	5,321	4,568
	<u>\$ 20,365</u>	<u>\$ 20,970</u>

¹ As at December 31, 2021, 9 lawsuits (amounting to \$ 44,311 thousand) including litigation for finalization of reorganization claim or security are in progress. The Group recognized provisions for realizable contingent liabilities including the litigation for finalization for reorganization claim or security. Meanwhile, the provision is exposed to an uncertainty of additional obligations that depend on the result of the litigation.

² The amounts are provisions for cargo claims and vessel damages brought against the Group by customers and vessel owners. The amount accrued during the period is recorded as other non-operating expenses, and recognized non-current provisions for estimated payments of legal provisions.

(3) Current provisions

The Group recognizes expected loss as current provision if it is probable that a loss will incur from voyage and time charter contracts. The amount accrued during the period is recorded in cost of sales.

21. Other Liabilities

Details of other liabilities as at December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Advance received	\$ 3,981	\$ 1,056
Deferred income	-	200
Accrued expense	13,426	10,755
Current tax liabilities	19	558
Other	103	278
	<u>\$ 17,529</u>	<u>\$ 12,847</u>

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

22. Retirement Benefit Obligations

(1) The amounts of post-employment benefit obligations recognized in the consolidated statements of financial position are determined as follows:

<i>(In thousands of US dollars)</i>	2021	2020
Present value of wholly or partially funded defined benefit obligations	\$ 12,190	\$ 13,029
Fair value of plan assets	(11,152)	(13,874)
Liabilities in the statement of financial position	<u>\$ 1,038</u>	<u>\$ (845)</u>

(2) The changes in the present value of the defined benefit obligation and the fair value of plan assets for the periods ended December 31, 2021 and 2020, are as follows:

① The changes in the present value of the defined benefit obligations

<i>(In thousands of US dollars)</i>	2021	2020
Beginning	\$ 13,029	\$ 11,895
Current service cost	2,827	2,811
Interest cost	285	299
Benefits paid	(2,637)	(2,478)
Remeasurements of defined benefit liability	(245)	(261)
Other	(1,069)	763
Ending	<u>\$ 12,190</u>	<u>\$ 13,029</u>

② The changes in the fair value of plan assets

<i>(In thousands of US dollars)</i>	2021	2020
Beginning	\$ 13,874	\$ 9,586
Contributions	885	5,264
Interest income	318	251
Remeasurements of defined benefit liability	(178)	(101)
Benefits paid	(2,608)	(1,740)
Other	(1,139)	614
Ending	<u>\$ 11,152</u>	<u>\$ 13,874</u>

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(3) The amounts of post-employment benefits recognized in the consolidated statements of comprehensive income are as follows:

<i>(In thousands of US dollars)</i>	2021	2020
Current service cost	\$ 2,827	\$ 2,811
Interest cost	285	299
Interest income	(318)	(251)
Remeasurements of defined benefit liability	(67)	(160)
	<u>\$ 2,727</u>	<u>\$ 2,699</u>
Cost of sales	\$ 2,794	\$ 2,859
Other comprehensive income	(67)	(160)

(4) The principal actuarial assumptions used were as follows:

	2021	2020
Discount rate	3.00%	2.50%
Salary growth rate	4.00%	4.00%

(5) As at December 31, 2021 and 2020, the Group has the following component as plan assets.

<i>(in thousands of US dollars)</i>	2021		2020	
	Amount	Ratio	Amount	Ratio
Deposits, etc.	\$ 11,152	100%	\$ 13,874	100%

Actual revenues generated from plan assets recognized for the periods ended December 31, 2021 and 2020 are \$ 141 thousand and \$ 150 thousand, respectively.

(6) Remeasurements of net defined benefit liabilities recognized as other comprehensive income for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Defined benefit obligation:		
- Changes in financial assumptions	\$ (517)	\$ (193)
- Experience adjustment	272	(69)
- Changes in demographic assumptions	-	-
	<u>(245)</u>	<u>(262)</u>
Fair value of plan asset	178	101
	<u>\$ (67)</u>	<u>\$ (161)</u>

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(7) The sensitivity of the defined benefit obligation to changes in the principal assumptions is as follows:

① Discount rate

<i>(in thousands of US dollars)</i>	Changes in discount rate	Discount rate	Book amount	Amount of change
	0.25% increase	3.25%	\$ 11,993	\$ (197)
Defined benefit obligation	-	3.00%	12,190	-
	0.25% decrease	2.75%	12,395	205

② Salary growth rate

<i>(in thousands of US dollars)</i>	Changes in salary growth rate	Salary growth rate	Book amount	Amount of change
	0.25% increase	4.25%	\$ 12,405	\$ 215
Defined benefit obligation	-	4.00%	12,190	-
	0.25% decrease	3.75%	11,983	(207)

(8) Impact of defined benefit plans on future cash flows

The expected maturity analysis of undiscounted pension benefits as at December 31, 2021 is as follows.

<i>(in thousands of US dollars)</i>	Less than 1 year	Between 1 year and 2 years	Between 2 years and 5 years	Over 5 years	Total
Pension benefits	\$ 1,673	\$ 2,028	\$ 5,048	\$ 9,374	\$ 18,123

The weighted average duration of the defined benefit obligations is 8.3 years.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

23. Income Tax Expense

(1) Income tax expense for the periods ended December 31, 2021 and 2020, is as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Current tax expense	\$ 790	\$ 1,042
Origination and reversal of temporary differences	130	3
Total income tax expense	<u>\$ 920</u>	<u>\$ 1,045</u>

(2) Reconciliation of effective tax rate:

<i>(in thousands of US dollars)</i>	2021	2020
Profit before income tax	\$ 481,040	\$ 77,899
Income tax expense at the domestic rates applicable to profit in the country concerned	116,412	18,852
Adjustment:		
- Non-taxable income	309	(49)
- Temporary differences incurred during the year, but not recognized as deferred tax	(112,709)	(22,206)
- Other	(3,092)	4,448
Income tax expense	<u>\$ 920</u>	<u>\$ 1,045</u>

(3) Changes in deferred tax assets (liabilities) for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021			
	Beginning balance	Profit or loss	Other comprehensive income	Ending balance
Vessel	\$ 89,460	\$ (2,724)	\$ -	\$ 86,736
Land	37	(1)	-	36
Gain on valuation of finance assets	160	-	-	160
Present value of defined benefit obligation	290	(72)	-	218
Derivatives	18	63	162	243
Provisions	4,764	(413)	-	4,351
Other	21,579	(12,894)	-	8,685
Total	<u>116,308</u>	<u>(16,041)</u>	<u>162</u>	<u>100,429</u>
Tax loss carryforwards	336,905	(94,284)	-	242,621
Unrecognized deferred tax assets	(453,038)	110,195	(162)	(343,005)
	<u>\$ 175</u>	<u>\$ (130)</u>	<u>\$ -</u>	<u>\$ 45</u>

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(in thousands of US dollars)

	2020			
	Beginning balance	Profit or loss	Other comprehensive income	Ending balance
Vessel	\$ 79,969	\$ 9,491	\$ -	\$ 89,460
Land	36	1	-	37
Gain (loss) on valuation of finance assets	156	4	-	160
Present value of defined benefit obligation	496	(206)	-	290
Derivatives	(82)	(156)	256	18
Provisions	4,684	80	-	4,764
Other	21,125	454	-	21,579
Total	106,384	9,668	256	116,308
Tax loss carryforwards	363,684	(26,779)	-	336,905
Unrecognized deferred tax assets	(469,890)	17,108	(256)	(453,038)
	\$ 178	\$ (3)	\$ -	\$ 175

(4) The possibility of realization of deferred tax assets depends on the estimated timing of the utilization of the temporary differences and the future taxable income during the carry forward periods of the deficit. The Group did not recognize the deferred tax assets exceeding the deferred tax liabilities because the Group predicted that the utilization of the deductible temporary differences and deficit carried forward is not considered probable. The unused amounts and their expiration dates for the amounts that the income tax effect has not been recognized because they are not considered probable to be realized are as follows:

(in thousands of US dollars)

	Amount	Expiration date
Temporary differences	\$ 414,996	-
Tax loss carryforwards	982,026	2024
	17,753	-
	999,779	
Total	\$ 1,414,775	

(5) Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Group has a legally enforceable right to offset and intends either to settle on a net basis.

(6) The Group had applied tonnage tax from 2005 to 2008, in accordance with tax incentive limitation law, but has applied the general corporate income tax since 2009. The Group considers re-adoption of tonnage tax. Under tonnage tax system, temporary difference and tax loss carry forward may not be deductible from income of shipping business.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

24. Paid-in Capital

(1) Details of ordinary share as at December 31, 2021 and 2020, are as follows:

(in thousands of US dollars, except share data and par value)

	2021	2020
Number of authorized shares	3,000 million	3,000 million
Par value	KRW 1,000	KRW 1,000
Number of shares issued	534,569,512	534,569,512
Share capital	\$ 480,756	\$ 480,756

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

30. Earnings per Share

(1) Basic earnings per share

Basic earnings per share for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Earnings per share		
Profit for the period, attributable to the owners ¹	\$ 480,120	\$ 78,384
Weighted average number of ordinary shares ²	534,569,512	534,569,260
Basic earnings per share (expressed in US\$ per share)	\$ 0.90	\$ 0.15

¹ Profit for the period, attributable to the owners:

<i>(in thousands of US dollars)</i>	2021	2020
Earnings per share		
Profit for the period	\$ 480,120	\$ 76,853
Profit attributable to non-controlling interests	-	(1,531)
Profit attributable to owners of the Group	480,120	78,384

² Weighted average number of ordinary shares:

<i>(in shares)</i>	2021	2020
Beginning number of shares	534,569,512	534,569,207
Debt-to-equity swap, etc.	-	53
Ending number of shares	534,569,512	534,569,260

(2) Diluted earnings per share

As at December 31, 2021, the Group has no convertible bonds or warrants. Therefore, basic earnings per share is identical to diluted earnings per share.

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

31. Contingencies, Collaterals and Commitments

(1) Litigation case

As at December 31, 2021, the Group has pending lawsuits for cargo and hull damages as a defendant with litigation costs of \$ 9,537 thousand (2020: \$ 9,154 thousand), and also has pending non-contentious cases with claim costs of \$ 7,391 thousand (2020: \$ 5,974 thousand). The Group recognized provisions for a certain portion of the lawsuits and claims as described in Note 20 if requirements for provision recognition were met.

(2) Assets provided as collateral for the Group's debts as at December 31, 2021 are as follows:

(in thousands of US dollars)

Assets pledged as collateral	Carrying amounts	Related account	Borrowings	Description
Vessel ¹	\$ 3,170,100			
Other financial assets	7,967	Borrowings (Note 18)	\$ 1,322,085	Collateral on borrowings

¹ There is an arrangement (minimum commitment) to provide additional collateral or to repay some of the borrowings to meet the percentage in case that the amount of collateral is less than a certain percentage (110%~145%) of the outstanding borrowings related to the ship financing. However, there are no necessary measures to be taken under this arrangement at the end of the reporting period. In addition, there is a put option agreement for certain ship financing, which is classified as current borrowings regardless of its exercise, if exercise date is within one year at the end of the reporting period.

(3) Payment guarantees and performance guarantees provided by others as at December 31, 2021, are summarized as follows:

(in thousands of US dollars / in millions of Korean won)

Guarantee provider	Guarantee amount	Guaranteed customer
Shinhan Bank Bank	\$ 15,000	
Korea Development Bank	\$ 50,134	
Standard Chartered Bank	\$ 7,816	Korea South-east Power Co., Ltd., Korea
KEB Hana Bank	\$ 2,022	Southern Power Co., Ltd., Korea East-west
Mizuho Corporate Bank	\$ 3,954	Power Co., Ltd., Korea Western Power Co.,
Seoul Guarantee Insurance	\$ 18,393	Ltd., Korea Midland Power Co., Ltd. and
	KRW 21,432	etc.
Korea Ocean Business Corporation	KRW 14,561	

(4) Ship Investment Agreement

As at December 31, 2021, the Group has signed a contract to construct 8 vessels (total purchase price: \$ 1,027,779 thousand) to replace the old ship and to expand the fleet. These vessels will be delivered between 2022 and 2024. According to the vessel construction contract, as at December

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

31, 2021, the estimated future expenditure is \$ 943,291 thousand.

(5) The Group provides a single check (KRW 100 million) and a note (KRW 50 million) for the implementation of the obligations adopted by the joint committee of the Korea Offshore Transportation Association and the Yellow Sea Periodical Shipping Association.

(6) The Group has entered into a credit agreement with Standard Chartered Bank and etc. for \$ 266,000 thousand. There is no outstanding borrowing balance for the credit agreement. Of these credit agreements, the limit of \$ 70,000 thousand with the Standard Chartered Bank and Mizuho Corporate Bank is a comprehensive agreement that can be used for borrowing or performance guarantees. The remaining balance of the agreements is \$ 11,571 thousand. In addition, the Group has the secured loan of credit sales limit amounting to KRW 6,000 million with KEB Hana Bank and the Group has not used the limit yet.

(7) Litigation for Finalization of Reorganization Claim or Security

The Group decided to apply for a reorganization plan to the Seoul District Court in 2013 due to a maritime recession and liquidity crisis.

In addition, after the signing of a large-scale investment contract with the Harim Group-JKL Consortium in February 2015, the Group received approval for a plan to amend the plan to include early redemption after a partial exemption of residual debt, etc. in June 2015. In July 2015, the Group received a decision to terminate the reorganization process through the early redemption of reviving debts according to the revised reorganization plan (lump-sum repayment to approximately 83% of the confirmed receivables).

According to the revised reorganization plan, if confirmed, approximately 67% of the confirmed amounts change to equity and 33% of that should be paid by cash.

Meanwhile, the Group recognized provisions for the contingencies relating to unsettled receivables of reorganization as described in Note 20, and deposited US\$ 4,931 thousand in escrow accounts for cash redemption according to the amended reorganization plan.

(8) The bond management contract for unguaranteed public bonds issued by the Group stipulates the Group's obligations, such as maintaining a debt ratio of less than 1,500% based on separate financial statements, banning the Group from exceeding 800% of equity capital for the total amount of debts to which payment guarantees or collateral rights are set, prohibiting the disposal of assets more than three times the equity capital in a single fiscal year, and prohibiting the change of the largest shareholder. Therefore, the Group may lose its due profit if it violates the above regulations.

(9) The Group has entered into long-term freight contracts with overseas shippers including Vale, the world's largest producer of iron ore, and Suzano, a Brazilian pulp and paper company, as well as POSCO, Hyundai Glovis Co., Ltd, Korea Midland Power Co., Ltd., Korea Southern Power Co., Ltd. and Korea South-east Power Co., Ltd. In October 2005, the Company was appointed as a shipper for the Korea Gas Corporation's long-term LNG transportation. Since the first half of 2009, the Company has transported LNG contracted with Korea Gas Corporation and the contract period

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

for transportation is 20 years.

(10) The Group has 7 LNG ship long-term time-charter out contracts with Shell tankers and others. 1 of 7 contracted vessel has been delivered and remaining 6 vessels are scheduled to be delivered between 2023 and 2024.

(11) The Group has approved its voluntary delisting from the Singapore Exchange (SGX) during the extraordinary general meeting held in December 2021 and the delisting from SGX will take place on March 21, 2022.

32. Cash Generated from Operations

(1) Details of cash generated from operations of the Group using the indirect method for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

34. Operating Segment Information

(1) Information about reportable segments

The Group has four reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different shipping services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Group's CEO reviews internal management reports on a quarterly basis.

The management performance result and significant financial information by each operating segment for the periods ended December 31, 2021 and 2020, are as follows:

(in thousands of US dollars)

	2021									
	Bulker	Container	Tanker	Other ¹	Grain	Reportable segment total	Non-shipping ² /Unallocated	Elimination of inter-segment	Total	
Sales	\$ 3,119,650	\$ 308,838	\$ 122,513	\$ 81,827	\$ 435,436	\$ 4,068,264	\$ 205,310	\$ (238,868)	\$ 4,034,706

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

¹ Other segment includes LNG shipping services.

² Non-shipping segment includes rental services.

Assets by each segment consist of vessels, inventories and trade receivable, and cash, deferred income tax and other financial assets are not allocated. Liabilities by each segment consist of trade payables, other liabilities and borrowings. Acquisition of vessels, property and equipment primarily consist of vessel investments.

(2) Geographical segments

The Group's five reportable segments excluding other segment are operating in six geographical areas and managed multi-nationally. The main operating segment is located in Korea and segment information is allocated based on the location of loading port.

Details of revenue by geographical area for the periods ended December 31, 2021 and 2020, are as follows:

<i>(in thousands of US dollars)</i>	2021	2020
Asia	\$ 1,701,622	\$ 796,433
Oceania	827,377	382,731
Europe	61,117	6,699
North America	849,035	488,775
South America	527,930	394,303
Africa	67,625	46,471
	<u>\$ 4,034,706</u>	<u>\$ 2,115,412</u>

The vessels are used all over the world, and the remaining property and equipment are primarily located in Korea; therefore, assets and capital expenditure information by geographical area are not disclosed as the disclosure of the information is immaterial.

(3) The Group derives the following types of revenue:

<i>(in thousands of US dollars)</i>		2021	2020
Revenue recognized over period	Revenue from voyage operation	\$ 3,094,056	\$ 1,606,897
	Revenue from time charter ¹	505,214	189,434
Revenue recognized at a point in time	Revenue from grain	435,436	319,081
		<u>\$ 4,034,706</u>	<u>\$ 2,115,412</u>

¹ Revenue from time charter includes \$ 43,638 thousand sublease income from right-of-use asset

The future revenue from time charter expected to be received by time charterers as at December 31, 2021 are as follows:

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

(in thousands of US dollar)

	2021
Within one year	\$ 114,863
Between 1 and 2 years	25,587
Between 2 and 3 years	10,439
Between 3 and 4 years	-
	<u>\$ 150,889</u>

(4) Revenue from external customers

Revenues derived from a single external customer amount to 10% or more of the Group's total revenues are as follows;

(in thousands of US dollars)

	2021	2020	Segment
Customer A	\$ 330,920	\$ 242,229	Bulkier

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

35. Leases

Set out below is information for leases when the Group is a lessee.

(1) Amounts recognized in the consolidated statement of financial position

The consolidated statement of financial position shows the following amounts relating to leases:

<i>(in thousands of US dollar)</i>	2021	2020
Right-of-use assets		
Vessels	\$ 231,998	\$ 19,736
Container vans	12,088	7,752
Buildings	11,143	14,416
Vehicles	314	304
	<u>\$ 255,543</u>	<u>\$ 42,208</u>

Additions to the right-of-use assets during the 2021 financial year were \$ 331,417 thousand (2020: \$ 25,321 thousand).

<i>(in thousands of US dollar)</i>	2021	2020
Lease liabilities		
Current	\$ 171,594	\$ 15,051
Non-current	81,114	28,164
	<u>\$ 252,708</u>	<u>\$ 43,215</u>

(2) Amounts recognized in the consolidated statements of comprehensive income

The consolidated statements of comprehensive income show the following amounts relating to leases:

<i>(in thousands of US dollar)</i>	2021	2020
Depreciation of right-of-use assets		
Vessels	\$ 111,464	\$ 10,305
Container vans	2,560	2,315
Buildings	3,731	2,836
Vehicles	191	209
	<u>\$ 117,951</u>	<u>\$ 15,665</u>
Interest expense relating to lease liabilities (included in finance cost)	3,633	1,418
Expense relating to short-term leases (included in cost of sales and administrative expenses)	1,138,965	322,608

Pan Ocean Co., Ltd. and Subsidiaries

Notes to the Consolidated Financial Statements

December 31, 2021 and 2020

Expense relating to leases of low-value assets that are not short-term leases (included in administrative expenses)	109	94
---	-----	----

The total cash outflow for leases in 2021 was \$ 1,259,436 thousand (2020: \$ 339,751 thousand).

36. Contract Assets and Liabilities

(1) The contract assets and liabilities recognized by the Group are as follows:

<i>(in thousands of US dollars)</i>	<u>2021</u>	<u>2020</u>
Contract assets for carriage contracts	\$ 97,212	\$ 50,790
Contract liabilities for carriage contracts	186,996	107,381

The contract assets and liabilities are included in 'contract assets' and 'contract liabilities' in statements of financial position, respectively.

(2) The revenue from the contract liabilities

Revenue recognized for the periods ended December 31, 2021 and 2020, related to the carried-forward contract liabilities balance:

<i>(in thousands of US dollars)</i>	<u>2021</u>	<u>2020</u>
Revenue recognized that was included in the contract liability balance at the beginning of the period	\$ 77,288	\$ 62,068

(3) Assets recognized from costs to fulfil a contract

In addition to the contract balances disclosed above, the Group has also recognized an asset in relation to costs to fulfil a transportation contract. This is presented within 'other current asset' in the statements of financial position:

<i>(in thousands of US dollars)</i>	<u>2021</u>	<u>2020</u>
Assets recognized from costs to fulfil a contract at the end of the reporting period	\$ 186,657	\$ 68,256

The costs incurred to fulfil transportation contracts have been recognized as assets. The asset is amortized over the term of the specific contract, which does not exceed one to two months due to the nature of the transportation service. Accordingly, the Group has not recognized impairment loss on assets as at December 31, 2021.
