OUR BUSINESS AND STRATEGIES

TRAVEL & FASHION RETAIL

The Yangon International Airport ("YIA") reopened in mid-April. Having been closed for two years, since re-opening the number of flights and passengers has continued to pick-up and there are encouraging signs that flights from China will continue to increase; passengers from China are amongst the highest spenders at the airport. In FY2023 retail income increased by US\$668,552 and this momentum is expected to continue for the next twelve months. There has also been a recovery in domestic sales as Covid-19 restrictions have been lifted and Mall operating hours lengthened.

Sales to our local business partners have therefore increased particularly in the second half of FY2023. SMI will continue to take a prudent approach to this business. Limiting any further investment, but at the same time taking advantage of the recovery and continuing to work with many of our strong supply partners who have supported us during the difficult years in FY2021 and FY2022.

SMI continues to believe that mid-term outlook for travel retail in Myanmar is positive.

LOGISTICS

SMI's joint venture with Senko has managed to operate throughout FY2023 and provide much needed services to its customers in challenging circumstances.

The company has also recently announced an acquisition of a Singapore firm, Provino Logistics Pte. Ltd. which provides specialised logistics services to wines & spirits and alcoholic beverage brand owners and distributors.

FOOD & BEVERAGE

SMI's F&B business in Myanmar has also shown a recovery in FY2023. In particular Coffee Bean & Tea Leaf and Ippudo have both shown strong growth reflecting the strength of those franchises and the good reputation that they have established with local customers. The Coffee Bean & Tea Leaf cafe at the airport has also re-opened.

An exciting development has been the first RoboChef outlet opened in Singapore at the end of March 2023. This concept which features AI machines that can cook fresh food very quickly – FAST FRESH AND DELICIOUS – combined with labour-saving technology, which we believe to be very relevant to Singapore and other advanced economies in the APAC region. The Company signed a franchise agreement on 10 October 2022 and expects to continue to roll out at least ten outlets in the coming years. This initial focus on Singapore and possible expansion into other locations fits the new directions agreed with the company's Board and endorsed by the shareholders.

CONSTRUCTION SERVICES

No new delivery of machines was made in FY2023.

However, SMI CS is the corporate entity that has now taken on the ownership and operation of the Group's BTC mining machines. The low BTC price during most of the year meant that utilisation was very low. However, the outlook has become more positive, and the Group is looking at new low power cost locations and has signed agreements with SOVSYSTEK of Malaysia to identify suitable locations.

CHAIRMAN'S STATEMENT

Dear Shareholders,

SMI was severely impacted by the continuation of the pandemic for the entire financial year. The Travel Retail business was unable to operate as the airport was closed by the airport operator in conformity prevailing government regulations. The businesses in the domestic market were also heavily impacted by restricted operating hours linked to both health and safety issues.

The management team led by CEO, Mark Bedingham has continued to implement very strong and robust cost control measures as well as liaising with our staff and our suppliers to achieve positive outcomes for nearly all of our stakeholders.

The business has continued to be refocused onto Retail, F&B and Logistics and the exit from the Auto Services and Serviced Office business has been successfully concluded.

The Company is well positioned to reopen its Travel Retail business which is expected to start to recover over the course of the next year or so and in addition, the Company has announced some exciting new business directions which we expect to be able to comment on at greater length in the future.

A Note of Thanks & Appreciation

We have made every effort to keep our employees safe and secure during this global health crisis and we are most appreciative of the sacrifices that they have made in support of the company during this difficult time.

Thank You!

MR.HO KWOK WAI Chairman

CEO'S MESSAGE

Dear Shareholders,

FY2023 has been a year of recovery for SMI. The international airport in Yangon re-opened in mid-April and there has been a steady increase in the number of flights and passengers, throughout the last twelve months. This has allowed SMI's retail subsidiary SMI Retail to start to replenish the stock of our local distributor, particularly in the second half of FY2023.

The Group's F&B business has also seen a recovery in sales from its Coffee Bean & Tea Leaf and Ippudo outlets in Myanmar. The Group was excited to announce that it signed a franchise agreement to bring the innovative RoboChef brand to Singapore. This incorporates ground-breaking AI technology to food preparation and the first store was opened on 31st March 2023 in Singapore.

We have continued to exercise tight cost control throughout the year, whilst investing in new business opportunities as we look to grow our business with a renewed focus on Singapore, our home base, as well as looking at opportunities in SE Asia and the broader Asia region.

Moving Ahead

In continuation of the previous announcements made by The Company's reflecting its new focus on technology-based services including F&B related businesses; the Company confirmed that it plans to launch up to six RoboChef stores within its current financial year and following on the launch of the first outlet, the Company has opened a second outlet in April 2023.

The Company acquired a number of Bitcoin mining machines, as previously announced, the low prices of BTC during most of the year reduced the utilisation of these machines; however the Company is looking to increase activity in the current financial year, and is looking at new sites with advantageous power costs, an agreement has been signed with SOVSYSTEK of Malaysia to identify suitable locations.

The Company has announced on 27 June 2023 that it has signed an agreement to acquire 51% of Provino Logistics Pte. Ltd. in line with the Group's corporate strategy to diversify and expand into complementary business areas within the Food & Beverage industry. The Board is of the view that the acquisition would allow the Company to further develop its logistics business, an area which the Group already has an existing joint venture in SMI-Senko Logistics Pte. Ltd. with Senko Co., Ltd. (Japan) and combined with the Group's CEO's considerable knowledge of, and global network in the field of wine and spirits. This will provide the Group with a new source of revenue, improve profitability, and enhance shareholders' value.

The Company will continue to look into more new business opportunities in line with announcements made on its new business direction as well as reflecting the core competencies of the Company and its senior management.

MARK BEDINGHAM

President and Chief Executive Officer

MR.MARK BEDINGHAM

President and Chief

Executive Officer

BOARD OF DIRECTORS

HO KWOK WAI

Mr. Ho was re-designated from Chairman of the Board and Executive Director of the Company to Non-Executive Chairman of the Board and Non-Executive Director on 23 January 2015. Mr. Ho is primarily responsible for spearheading the Group's corporate directions and strategies. The Board of Directors (the "Board") of SMI Vantage Limited ("SMI" or the "Company", together with its subsidiaries, the "Group") is committed to comply with the principles and provisions of the Code of Corporate Governance issued by the Monetary Authority of Singapore on 6 August 2018 (the "Code"). SMI believes that good corporate governance is essential in building a sound corporation with an ethical environment, thereby protecting the interests of all shareholders. This Corporate Governance Report sets out SMI's corporate governance practices.

The Board confirms that, for the financial year ended 31 March 2023 ("FY2023"), SMI has generally adhered to the principles and provisions set out in the Code, except where otherwise stated. Where there have been deviations from the Code, SMI has sought to provide an appropriate explanation for each deviation in this Corporate Governance Report. SMI will continue to enhance its corporate governance practices appropriate to the conduct and growth of its business and to review such practices from time to time, to ensure compliance with the Code and Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST").

A. BOARD MATTERS

Board's Conduct of Affairs

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

Board's Leadership and Control

The primary function of the Board is to provide effective leadership and direction to enhance the long-term value of the Group to its shareholders and other stakeholders. The Board assumes responsibility for the Group's overall strategic plans and performance objectives, key operational initiatives, major funding and investment proposals, financial performance reviews, compliance and accountability systems and corporate governance practices. Directors are fiduciaries who act objectively in the best interests of the Group. The Board puts in place a code of conduct and ethics which sets appropriate tone-from-the-top for the Group in respect of ethics, values and desired organisational culture, and ensures proper accountability within the Group. Any Director who faces a conflict of interest or a possible conflict of interest, in relation to a matter, must promptly declare his interest at a meeting of Directors or send a written notice to the Company containing details of his interest and the conflict and recuses himself from discussions and decisions on the matter.

The Board oversees the business performance and affairs of the Group and holds Management accountable for the performance of the Group. The Board leads, directs and works closely with Management, to ensure alignment of interests of the Board and Management with that of the shareholders, so as to achieve the long-term sustainable success of the various businesses of the Group.

The Board has established a framework on authorisation and approval limits for capital and operating expenditure, as well as specified transactions including acquisitions and disposals of investments, procurement of goods and services, bank facilities and cheque signatories. Within this framework, the Board has set relevant authority and approval sub-limits for delegation to various Management levels to optimise operational efficiency.

Material items that require Board's decision or approval include:

- corporate strategy and business plans;
- investment and divestment proposals;

ANNUAL REPORT 2023

- capital structure and funding decisions of the Group;
- nominations of Directors for appointment to the Board and appointment of the Group Chief Executive Officer ("CEO");
- announcement of interim and full-year financial reports and the annual report;
- share issuances, dividends release or changes in capital;
- material acquisitions and disposals of assets;
- all matters of strategic importance;
- corporate governance; and
- interested person transactions.

Board Committees

The Board has constituted the following Board Committees to assist the Board in discharging of its functions:

- the Audit Committee ("AC");
- the Nominating Committee ("NC"); and
- the Remuneration Committee ("RC").

The composition of the Board Committees and their specific responsibilities and authority are set out in the relevant sections of this Corporate Governance Report. These Committees play an important role in ensuring good corporate governance in SMI and within the Group. The Board also delegates certain of its functions to these Committees, which would make recommendations to the Board. Each Board Committee is required to operate and make decisions on matters within its Terms of Reference which are reviewed on a regular basis to ensure their continued relevance. Any changes to the terms of reference for any Board Committee require Board's approval. The Board accepts that while these various Board Committees have the authority to examine particular issues and will report back to the Board with their decisions and/or recommendations, the ultimate responsibility on all matters lies with the Board.

Further information regarding the key responsibilities of the Board Committees is set out in the later part of this Corporate Governance Report.

Board Meetings

The Board meets on a regular basis and ad-hoc Board meetings are convened when they are deemed necessary to review the financial performance and to update the Board on significant business activities and overall business environment. Throughout the financial year, as and when deemed necessary by the Board, additional Board meetings may be convened to consider urgent proposals or matters that require the Board's review and approval.

The Constitution of SMI (the "Constitution") allows Board meetings to be conducted by means of telephone conference or other methods of simultaneous communication by electronic or other communication facilities. When a physical Board meeting is not possible, the Board can communicate through electronic means or via circulation of written resolutions for approval. The Directors attend and actively participate in Board and Board Committee meetings. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of the Company.

A summary of the number of Board and Board Committee meetings held in FY2023 and the attendance of each Director at these meetings are set out in the table below:

The number of Board and Board Committee meetings held in FY2023 and each Director's attendances at such meetings are set out below:

	Board	Board Committee Meetings			General Meeting
Directors	Meetings	AC	NC	RC	
Number of Meetings held	5	5	1	1	2
Ho Kwok Wai	5	n.a.	n.a.	n.a.	1
Mark Francis Bedingham	5	n.a.	n.a.	n.a.	2
Fong Sing Chak Jack ¹	1	1	1	1	1
Wee Sung Leng ²	4	4	1	1	2
Sam Chong Keen	5	5	1	1	2
Willem Mark Nabarro ³	4	4	0	0	0
Edna Claudine Leong Lai Yee ⁴	1	1	0	0	0

Notes:

- 1. Mr Fong Sing Chak Jack retired as Independent Director on 28 July 2022.
- 2. Mr Wee Sung Leng resigned as Independent Director on 1 January 2023.
- 3. Mr Willem Mark Nabarro was appointed as Independent Director on 1 August 2022.
- 4. Ms Edna Claudine Leong Lai Yee was appointed as Independent Director on 1 January 2023.
- n.a. not applicable

Induction and training of Directors

The Directors understand the Company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors).

Briefings are conducted by Management for newly-appointed Directors to familiarise with the Group's business activities, strategic directions, financials, policies, governance practices, corporate culture as well as key regulatory, legal and industry developments which affect the Group. There are also orientation programmes tailored to familiarise newly appointed Directors with the role and responsibilities of a Director of a public company in Singapore.

Upon the appointment of a new Director, SMI would issue a formal letter of appointment setting out the statutory and other duties and obligations of the Director.

All Directors are encouraged to keep themselves updated on changes to the financial, legal and regulatory as well as corporate governance requirements, framework and the business environment through reading relevant literature and attending appropriate seminars and courses conducted by bodies such as SGX-ST and Singapore Institute of Directors ("SID").

As at the date of this report, all Directors have attended the prescribed sustainability training course authorised by the Singapore Exchange Regulation Pte. Ltd. ("SGX RegCo") to equip themselves with basic knowledge on sustainability matters.

Mr Willem Mark Nabarro and Ms Edna Claudine Leong Lai Yee were appointed as non-executive and independent directors on 1 August 2022 and 1 January 2023 respectively, and are in the process of completing all the required training courses within their respective deadlines.

In addition, the Company Secretary and members of Senior Management also provide regular updates to the Directors during Board meetings and through emails on key legal, regulatory, industry and accounting changes which affect the Group. Such new releases issued which are relevant to the Directors are circulated to the Board.

The Board is provided with complete, adequate and timely information and analysis by the Management pertaining to matters to be brought before the Board for discussion and decision, so that the Board is able to make informed decisions and discharge their duties and responsibilities. Management also provides regular reports on the Group's financial performance and operations to the Board. Board papers are sent to all directors at least two days before the Board meetings. Senior managers who have prepared the papers, or who can provide additional insight on the matters to be discussed, are normally invited to present the paper or attend the Board meeting.

As a general rule, notices are sent to the Board at least two days in advance of Board meetings, followed by the Board papers, in order for the Board to be adequately prepared for the Board meetings.

The Directors have separate and independent access to the Management and Company Secretary at all times. In addition, the Directors are free to conduct independent or collective discussions with Management and the Company Secretaries. Where necessary, the Company will, upon the request of directors (whether as a group or individually), provide them with independent professional advice, at the Company's expense, to enable them to discharge their duties effectively. The appointment and removal of the Company Secretary are deliberated on by the Board as a whole. The Company Secretaries attend Board meetings and are responsible for, amongst other things, ensuring that Board procedures are observed, and that applicable rules and regulations are complied with. Where the Company Secretaries are unable to attend any Board meeting, they ensure that a suitable replacement is in attendance and that proper minutes of the same are taken and kept.

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

Board size and board composition

The Board comprises five Directors, three of whom are Independent Directors. The Directors at the date of this report are as follows:-

Name of Directors Ho Kwok Wai	Board of Directors	Date of Appointment 6 November	Date of last re-election 15 December	AC	NC	RC	Present Directorship in other Listed Companies Nil	Principal Commitments
HO KWOK WAI	Executive Chairman	2013	2021	_	_	_	NII	NII
Mark Francis Bedingham	Executive Director, President and Chief Executive Officer	23 January 2015	27 October 2020	-	-	-	Artisanal Spirits Company plc	Nil
Sam Chong Keen	Lead Independent Director	31 January 2022	28 July 2022	Chairman	Member	Member	Lion Asiapac Limited Stamford Tyres Corporation Limited A-Smart Holdings Ltd. Parkson Retail Asia Limited	Nil
Willem Mark Nabarro	Independent Director	1 August 2022	N/A	Member	Member	Chairman	Nil	Win Management & Advisory Gaia Founders Pte. Ltd. Gaia Global Services Pte. Ltd. Francophone Catholic Community Singapore (FCCS)
Edna Claudine Leong Lai Yee	Independent Director	1 January 2023	N/A	Member	Chairman	Member	Nil	RSVP Singapore The Organisation of Senior Volunteers

The Board recognises the benefits of diversity of experience, age, skill sets and gender as a key element to support the attainment of objective and development of the Group. The Board conducts annual reviews to assess if the existing attributes and core competencies of the Board are complementary and contributes to the efficacy of the Board, of which enables the Board to maintain and/or enhance balance and diversity. These competencies include banking, accounting and finance, business acumen, management experience, industry knowledge, strategic planning experience, customer-based knowledge, familiarity with regulatory requirements and knowledge of risk management. In consideration for the need for diversity, there is an appropriate mix of expertise and experience and other aspects of diversity such as gender and age to enable Management to benefit from a diverse perspective of issues that are brought before the Board; and no individual or small group of individuals dominates the Board's decision-making process.

The Board considers that its Directors possess the necessary competencies and knowledge to lead and govern the Group effectively. The Board also comprises directors from different nationalities. In addition, the Company strives to maintain a diversity of experience across international finance, corporate management and governance and knowledge of the requirements for a SGX listed company. It also seeks to strengthen its awareness of all matters related to corporate ESG obligations and its social responsibility as a Singapore based company. It will at all times seek to have at least one female as one of its three independent directors. The Company endeavours to formalise the Board Diversity Policy before the end of year 2023.

Although the Company does not have a formal Board Diversity Policy, the Company has already embarked on major changes to its Board structure and making progress in compliance with Rule 710A of the Listing Manual. For instance, the Board embraces gender diversity and currently has a female member and the Board members have a range of core competencies that would provide effective directive for the Group. Mr Sam Chong Keen has had extensive experience of both running major Singapore businesses, including leading a major IPO as well as familiarity with the rules and regulations in Singapore. Mr Willem Mark Nabarro brings an international perspective to the Company and extensive international banking experience for enhancement. Ms Edna Claudine Leong Lai Yee has had experiences in banking and management of some of the leading charities in Singapore. Her appointment improved gender diversity on the Board and added knowledge and capabilities to the Company's ESG development programs particular in the context of the Company's announced intention to grow its business further in Singapore and nearby markets.

The Board has reviewed and believes that its composition satisfies a diversity of skills, knowledge, experience and gender, as further described:

	Number of Directors	Proportion of Board
Core Competencies		
Accounting/Finance/Legal/Corporate	4	80%
governance		
Industry/Customer based-knowledge or	4	80%
experience		
Strategic planning experience	4	80%
Gender		
Male	4	80%
Female	1	20%
Age		
>60	3	60%
51 - 60	2	40%
Nationality		
Local	3	60%
Foreigner	2	40%

Although the Chairman is not independent, the Independent Directors of the Company make up majority of the Board; there are three independent directors making up more than half of the Board, providing an independent element on the Board capable of exercising objective judgment; no individual or group is able to dominate the Board's decision-making process. It is also noteworthy that given the scope and nature of the Group's operations, the Board is of the view that its current size of 5 is appropriate and conducive to facilitate effective decision-making. In this regard, the Board has also taken into account the complexity and requirement of the Group's businesses. The Directors' academic and professional qualifications are presented in pages 5 to 6 of the Annual Report.

Directors' independence review

The Board, taking into account the views of the NC, assesses the independence of each Director annually and as and when the circumstances require whether or not a director is independent, in accordance with the guidance in the Code. A Director who is independent in conduct, character and judgement, and has no relationship with the Group, its related corporations, officers or its shareholders with shareholdings of 5% or more in the voting shares of SMI that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the Group, is considered to be independent.

After taking into account the views of the NC, all the Directors on the Board are considered by the NC and the Board to be Independent Directors except the following:

Name of Directors	Reasons for non-independence
Ho Kwok Wai	Mr Ho Kwok Wai is deemed not independent as he holds more than 10% of SMI's voting shares.
Mark Francis Bedingham	As President and CEO of the Group, Mr Mark Francis Bedingham is employed by the Group and he holds more than 10% of SMI's voting shares.

The Board also recognises that independent directors may over time develop significant insights in the Group's businesses and operations and can continue to provide significant and valuable contribution objectively to the Board as a whole. When there are such directors, the Board will do a rigorous review of their continuing contribution and independence and may exercise its discretion to extend the tenures of these directors.

Role of the Non-Executive Director

Non-executive directors ("NEDs") make up a majority of the Board. The Board and Management fully appreciate that an effective and robust Board whose members engage in open and constructive debate, and challenge Management on its assumptions and proposals is fundamental to good corporate governance. The Board should also aid in the development of strategic proposals and oversee effective implementation by Management to achieve set objectives.

The Board, in particular the NEDs, must be kept well informed of the Group's businesses and be knowledgeable about the industry the Group operates in.

To ensure that NEDs are well supported by accurate, complete and timely information, NEDs have unrestricted access to Management. In addition, the NEDs meet as necessary to review and discuss matters such as board processes, corporate governance initiatives, succession planning, leadership development and other issues of concern. Where necessary or appropriate, the NEDs will meet without the presence of Management. FY2023, the NEDs have met in the absence of the Management to discuss concerns or matters. The chairman of such meetings provides feedback to the Board and/or the Chairman as appropriate.

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The roles of the Chairman and the CEO of the Company are kept separate to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.

Mr Ho Kwok Wai, who is the Chairman and the Non-Executive Director, is unrelated to the CEO. He:

- ensures board meetings are held when necessary;
- sets the board meeting agenda with the assistance of the Company Secretary and in consultation with the CEO:
- ensures board members are provided with complete, adequate and timely information in compliance with the Code; and
- ensures effective communication within the Board and within the shareholders.

The Board has delegated the daily operations of the Group to the CEO who is Mr Mark Francis Bedingham. He:

- leads the Management team;
- formulates the Group's strategic directions and expansion plans;
- executes the strategic plan;
- reviews the performance of its existing businesses;
- manages the Group's overall business development to achieve the goal set out by the Board;
 and
- ensures the Directors are kept updated and informed of the Group's businesses.

The Board has a Lead Independent Director to provide leadership in situations where the Non-Executive Chairman is conflicted. The Lead Independent Director also provides feedback to the Non-Executive Chairman after meetings of independent Directors. Mr Sam Chong Keen is the Lead Independent Director. He is available to the shareholders where they have concerns and for which contact through the normal channels of communication with the Non-Executive Chairman or the Management is inappropriate or inadequate.

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

The NC comprises the following three members, all of whom are Independent Non-Executive Directors:

- 1. Ms Edna Claudine Leong Lai Yee (NC Chairman)
- 2. Mr Sam Choong Keen
- 3. Mr Willem Mark Nabarro

The Board established the NC to lead and facilitate the selection, appointment and re-appointment of Directors to the Board with written terms of reference that clearly set out its authority and duties.

Key responsibilities include:

- review and recommend the nominations for the appointment or re-appointment of Directors (including alternate director, if any) having regard to the composition and progressive renewal of the Board, each Director's qualifications, competencies, commitment, contribution and performance, the number of other listed company board representations;
- review the Board structure, size and composition having regards to the scope and nature of the
 operations, the requirements of the business, the diversity of skills, experience, gender and
 knowledge of SMI, the core competencies of the Directors as a group and make
 recommendations to the Board with regard to any adjustments that may be deemed necessary;
- review board succession plan for Directors, in particular the appointment and/or replacement of the Chairman of the Board, the CEO and key management personnel;
- determine on an annual basis for the Directors' independence;
- assess and evaluate the performance of the Board and contribution of each Director to the effectiveness of the Board as a whole; and
- recommend to the Board comprehensive induction training programmes for new directors and reviews training and professional development programmes for the Board to keep the Board apprised of relevant new laws, regulations and changing commercial risks.

Directors' independence review

The task of assessing the independence of Directors is delegated to the NC. The NC reviews the independence of each Director annually and as and when circumstances require. The NC has used its best efforts to ensure that Directors appointed to the Board possess the experience and knowledge, business, finance and management skills necessary to our businesses and each Director, through his contributions, brings to the Board an independent and objective perspective to enable balanced and well-considered decisions to be made.

Each Independent Director is required to complete a Director's Independence Checklist ("Checklist") to confirm his independence annually. The Checklist is drawn up based on the guidelines provided in the Code.

Each Independent Director must also confirm in the Checklist whether he considers himself independent despite not having any relationships identified in the Code. Thereafter, the NC reviews the Checklist completed by each Independent Director, assess the independence of the Directors and recommends its assessment to the Board.

The Board, after taking into account the views of the NC, determined that with the exception of Mr Mark Francis Bedingham and Mr Ho Kwok Wai, all the other three NEDs are independent.

Directors' time commitments and multiple directorships

The NC has adopted internal guidelines addressing competing time commitments that are faced when Directors serve on multiple boards. The Board does not prescribe a maximum number of listed company board representatives which any director with multiple board representations may hold and in lieu wishes to review the matter on a case-by-case basis taking into account the ability and performance of each director in his performance and discharge of duties and responsibilities.

The NC determines annually whether a Director with multiple board representations and/or other principal commitments is able to and has been adequately carrying out his duties as a Director of SMI. Such other listed company directorships and principal commitments of each Director are disclosed in the table under "Principle 2" on page 13.

The NC takes into account the results of the assessment of the effectiveness of the individual Director and the respective Directors' actual conduct on the Board, in making this determination.

The NC has reviewed the individual performance of each Director and is satisfied that all Directors have dedicated adequate time to the affairs of SMI and have properly discharged their duties for FY2023 and will continue to do so in FY2024. The NC is of the view that the duties of all Directors have been fully discharged based on the time and attention devoted by each Director, their individual abilities and their respective individual contribution of skills, knowledge and experience and their commitment to the affairs of SMI.

Process for selection and appointment of new Directors

The NC has put in place a formal process for the selection of new Directors to increase transparency of the nomination process in identifying and evaluating nominees for Directors of SMI. The NC leads the process as follows:

- NC evaluates the balance, skills, knowledge and experience of the existing Board and the
 requirements of the Group. In light of such evaluation, the NC determines the role and the key
 attributes that an incoming Director should have.
- After endorsement by the Board of the key attributes, the NC taps on the resources of Directors'
 personal contacts and recommendations of the potential candidates and goes through a shortlisting process. If candidates identified from this process are not suitable, executive recruitment
 agencies are appointed in the search process.
- NC meets with the shortlisted candidate to assess suitability and to ensure that the candidate is aware of the expectations and the level of commitment required.
- NC recommends the most suitable candidate to the Board for appointment as Director. They are appointed by way of Board resolutions of SMI.

Process for re-appointment of Directors

The NC is responsible for re-appointment of Directors. In its deliberations on the re-appointment of existing Directors, the NC takes into consideration the Director's contribution and performance (including his contribution and performance as an Independent Director, if applicable).

All Directors submit themselves for re-nomination and re-appointment as regular intervals of at least once every three years pursuant to Rule 720(5) of the Listing Manual of SGX-ST. Article 91 of SMI's Constitution provides that one third of the Directors shall retire from office by rotation and be subject to re-appointment at SMI's annual general meeting ("**AGM**").

In addition, Article 97 of SMI's Constitution provides that a newly appointed Director during the financial year must retire and submit himself/herself for re-appointment at the next AGM following his/her appointment but shall not be taken into account in determining the number of Directors who are to retire by rotation at such meeting. Thereafter, he/she is subject to be re-appointed at least once every three years.

New Directors of the Company and the Group are appointed by way of Board resolutions of the respective companies, after the NC makes necessary recommendations to the Board. According to the Constitution, such new Directors of the Company shall submit themselves for re-election at the AGM of the Company.

The NC has reviewed and recommended the re-election of the following Directors who will be retiring pursuant to the provisions of Rule 720(5) of the Listing Manual of SGX-ST and SMI's Constitution at the forthcoming AGM scheduled to be held on 31 July 2023:

- Mr Mark Francis Bedingham (retiring pursuant to Article 91)
- Mr Willem Mark Nabarro (retiring pursuant to Article 97)
- Ms Edna Claudine Leong Lai Yee (retiring pursuant to Article 97)

The Board has accepted the recommendations and the retiring Directors will be offering themselves for re-election at the forthcoming AGM.

The NC also assessed and reviewed the independence of the Independent Directors, namely Mr Willem Mark Nabarro and Ms Edna Claudine Leong Lai Yee based on the provisions set out in the Code. The Board, with the concurrence of the NC, concludes that Mr Willem Mark Nabarro and Ms Edna Claudine Leong Lai Yee remain independent.

The information relating to the date of last election of the Directors are set out in the table under "Principle 2" on page 13.

Key information regarding the Directors is set out under the section of "Board of Directors" on pages 5 to 6 of this Annual Report.

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that each of its board committees and individual directors.

The Board has implemented a process carried out by the NC for assessing the performance and effectiveness of the Board as a whole, its board committees and the contribution of each Director to the effectiveness of the Board on an annual basis.

During FY2023, the Board engaged the Company Secretary to facilitate the evaluation of the Board and Board Committees, as well as the contributions by each Director.

The Board believes that such arrangement not only encourages Directors to be more candid in their evaluation of the Board performance but also enhances the objectivity and transparency of the evaluation process.

Board evaluation process

The NC Chairman, in conjunction with the Chairman of the Board, conducts an annual assessment of the effectiveness of the Board as a whole, effectiveness of its Board Committees and the contribution by each individual Director. There are three components to this assessment:

- a. Self-assessment:
- b. Board assessment; and
- c. Peer evaluations.

The key objective of the board evaluation is to obtain constructive feedback on the various aspects of the Board's performance. The performance evaluation process begins with an annual meeting between the NC Chairman and SMI's Company Secretary on the evaluation framework to ensure that areas of particular interest and key issues are focused on.

The Company Secretary sends out a customised Board Evaluation Questionnaire ("Questionnaire") to each Director for completion. Each Director is required to complete the Questionnaire and send it directly to the Company Secretary. Based on the returns from each of the Directors, the Company Secretary prepares a consolidated report and briefs the NC Chairman and the Chairman of the Board on the report. Thereafter, the Company Secretary presents the report for discussion at a meeting with all the Directors, chaired by the NC Chairman. The NC Chairman then holds a discussion with all Directors to agree on future action plans.

All NC members have abstained from the voting or review process of any matters in connection with the assessment of his/her performance. The Board has not engaged any external facilitator in conducting the assessment of the Board's performance.

Individual Director Evaluation

The performance of individual Directors is taken into account in their re-appointment. Specific needs which arise from time to time are taken into account in any appointment of new Directors and review of the Board's performance is carried out collectively by the Board on an annual basis. For Board assessment, it is based on factors such as the Board's structure, size, conduct of meetings, corporate strategy and planning, risk management and internal controls, measuring and monitoring performance and financial reporting. In the case of individual assessments, each Director is evaluated based on factors which include the Director's attendance, adequacy of preparation for meetings, participation in discussions as well as industry and business knowledge.

B. REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

The RC comprises the following three members, all of whom are Independent Non-Executive Directors:

- 1. Mr Willem Mark Nabarro (RC Chairman)
- 2. Mr Sam Chong Keen
- 3. Ms Edna Claudine Leong Lai Yee

The RC is responsible for ensuring a formal and transparent procedure for developing policy on executive remuneration and for determining the remuneration packages of individual Directors and senior management. The RC assists the Board to ensure that remuneration policies and practices are sound in that they are able to attract, retain and motivate without being excessive and thereby maximise shareholder value.

The functions of the RC include:

- review and recommend to the Board a framework of remuneration for the Directors and key management personnel.
- review and recommend to the Board the specific remuneration packages for the Executive Director(s) of SMI, of which a significant portion of the Executive Director's remuneration is structured to link rewards to corporate and individual performance.
- review all aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits in kind.
- review the level and mix of remuneration and benefits policies and practices of SMI, including
 the long-term incentive schemes on an annual basis. The performance of SMI and that of the
 Executive Director(s) would be considered by the RC in undertaking such reviews.
- implement and administer the share and other incentive scheme(s) adopted by the Group.
- review the Group's obligations arising in the event of termination of the Executive Director's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

None of the members of the RC or any Director is involved in deliberations in respect of any remuneration, compensation, share-based incentives or any form of benefits to be granted to them.

The Company did not engage any external remuneration consultants in FY2023. The RC has the authority to seek any external professional advice on matters relating to remuneration of Directors as and when the need arises.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

In recommending the level and mix of remuneration, the RC seeks to establish a framework for attracting, retaining and motivating the Directors to provide good stewardship of the Group and key management personnel to successfully manage the Group for the long term. The Group's compensation framework comprises of fixed pay, short term and long term incentives. The Group subscribes to linking Executive Directors' and key management personnel's remuneration to corporate and individual performance, based on an annual appraisal. The level and structure of remuneration of Executive Directors and key management personnel are aligned with the long term interest and risk policies of SMI.

NEDs receive director fees for their effort and time spent, responsibilities and contributions to the Board, subject to shareholders' approval at annual general meetings. Given the size and operations of the Group, the RC considers the current fees adequately compensate the NEDs, without overcompensating them as to compromise their independence.

The details are set out under Principle 8 below.

Disclosure on Remuneration

Principle 8: The company is transparent on its remuneration policies, level of mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

The RC seeks to ensure that the level and mix of remuneration is competitive, relevant and appropriate in finding a balance between current versus long term compensation and between cash versus equity incentive compensation.

Directors' Remuneration

For the period under review, the Executive Director's remuneration package includes:

- fixed remuneration
- other benefits
- share-based incentives

It is based on a service agreement entered into between SMI and the Executive Director for a period of three (3) to five (5) years and subject to automatic renewal for subsequent periods of three (3) years unless earlier terminated. Executive Director does not receive Director's Fees.

At the moment, SMI does not use any contractual provisions to reclaim incentive components of the remuneration from the Executive Director in exceptional circumstances of misstatement of financial results or of misconduct resulting in financial loss to the Group. The Executive Director owes a fiduciary duty to SMI and SMI should be able to avail itself to remedy against the Executive Director in the event of such breach of fiduciary duties. The RC will consider, if required, whether there is a requirement to institute such a contractual provision.

NEDs, including the Chairman, are paid Directors' fees, subject to the approval of shareholders at the AGM. The Directors' Fees, determined by the Board, are appropriate to the level of contribution, taking into account factors such as effort and time spent and responsibilities of the Directors such that the independence of the NEDs is not compromised by their compensation.

Each member of the RC shall abstain from voting on any resolutions in respect of his remuneration package.

For the financial year under review, the RC had recommended to the Board, total Directors' Fees of S\$160,000 for the NEDs, which will be tabled by the Board at the forthcoming AGM for shareholders' approval.

A breakdown, showing the level and mix of each individual Director's remuneration payable for FY2023 is as follows:

Name of Director	Fixed Salary	Fees ¹	Bonus	Benefits in kind	Share- based incentives	Total
S\$250,000 to S\$500,000	97%	_	_	3%	_	100%
Mark Francis Bedingham						
Below S\$250,000						
Ho Kwok Wai	_	100%	_	_	_	100%
Fong Sing Chak Jack ²	_	100%	_	_	_	100%
Wee Sung Leng ³	_	100%	_	_	_	100%
Sam Chong Keen	_	100%	_	_	_	100%
Willem Mark Nabarro4	_	100%	_	_	_	100%
Edna Claudine Leong Lai Yee ⁵	_	100%	_	_	_	100%

Notes:

- 1. Subject to approval by shareholders as a lump sum at the AGM for the financial year ended 31 March 2023.
- 2. Mr Fong Sing Chak Jack retired as Independent Director on 28 July 2022.
- 3. Mr Wee Sung Leng resigned as Independent Director on 1 January 2023.
- 4. Mr Willem Mark Nabarro was appointed as Independent Director on 1 August 2022.
- 5. Ms Edna Claudine Leong Lai Yee was appointed as Independent Director on 1 January 2023.

Remuneration of Key Management Personnel

SMI adopts a remuneration policy for staff comprising a fixed component, a variable component and benefits in kind. The fixed component is in the form of a base salary. The variable component is in the form of a variable bonus that is aligned to SMI's and individual performance. The other benefits include housing and car benefits.

The remuneration paid to or accrued to the top five key management personnel (who are not Directors or the CEO) for FY2023 is as follows:

Name of Key Executives	Fixed Salary	Bonus	Benefits in kind	Share- based incentives	Total
Below S\$250,000					
Satheeishwaran Subramaniam	100%	_	_	_	100%
Khine Thinzar Htun	100%	_	_	_	100%
Gao Guanyi ¹	100%	_	_	_	100%
Foo Shao Juan ²	100%	_	_	_	100%
Chua Siew Khim ³	100%	_	_	_	100%

Notes:

- 1. Ms Gao Guanyi resigned on 1 August 2022.
- 2. Ms Foo Shao Juan joined on 1 August 2022 and resigned on 9 January 2023.
- 3. Ms Chua Siew Khim joined on 9 January 2023 and resigned on 28 April 2023.

The annual aggregate remuneration paid to the top five key management personnel of SMI (excluding the CEO) for FY2023 is US\$206,051. The RC approves the bonus for distribution to staff based on individual contributions as well as the financial performance and commercial needs of the Group and has ensured they are adequately but not excessively remunerated.

The exact remuneration of each individual Director and key management personnel is not fully disclosed as the Company believes that disclosure may be prejudicial to its business interests given the highly competitive environment it is operating in. The RC has reviewed the practice of the industry in this regard, weighing the advantages and disadvantages of such disclosure. The Company believes that disclosing individual Director's and key management personnel's remuneration in bands and breakdown in percentage terms strikes a good balance between detailed disclosure and confidentiality.

The Board is of the view that the Company's practices are consistent with the intent of Principle 8 of the Code in relation to the Company's transparency on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration and the relationships between remuneration, performance and value creation. Nevertheless, the Board notes the announcement by the Singapore Exchange Regulation on 11 January 2023 which, inter alia, requires issuers to disclose the exact amount and breakdown of remuneration paid to directors and CEO in their annual reports for the financial years ending on or after 31 December 2024, and the Company will consider disclosing the specific remuneration of each individual director and key management personnel from Annual Report 2024 onwards.

No employee of the Group was a substantial shareholder of the Company, or an immediate family member of any Director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeded S\$100,000 per annum during this financial year.

Share-based Incentive Plan

There are no termination, retirement or any post-employment benefits to Directors and key management personnel.

The SMI Performance Share Plan ("**PSP**") was adopted at an Extraordinary General Meeting on 30 July 2014. The SMI PSP is administrated by the RC and contemplates the award of fully paid shares, free of charge, when or after prescribed performance targets are achieved by the Directors.

In addition, the SMI Share Option Scheme ("**SMI ESOS**") was approved and adopted at the EGM of SMI held on 25 July 2017. The key objective of the SMI ESOS is to motivate Group's key management personnel to optimise their performance standards and efficiency and to reward them for their significant contributions with participation in the equity of the Group.

Further details on these incentives can be found in the Notes to the Financial Statements.

Remuneration for the Executive Director and key management personnel in the form of salaries, SMI PSP, SMI ESOS and bonuses are based on corporate and individual performance with emphasis on long term profitability, revenue growth and sustainability of the Company.

C. ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board is responsible in overseeing the risk governance in the Group to ensure that Management maintains a sound system of risk management and internal controls to safeguard shareholders' interests and the Group's assets. It also determines the nature and extent of the significant risks which the Board is willing to take in achieving its strategic objectives and value creation. The Board has delegated such tasks to the AC.

The Board and the AC are responsible for the governance of risk management matters including (a) monitoring the Company's risk of becoming, subject to, or violating, any sanctions-related law or regulation; and (b) ensuring timely and accurate disclosures to SGX-ST and other relevant authorities.

Based on the audit reports and management controls in place, the Board and AC is satisfied that the internal control systems provide reasonable assurance that assets are safeguarded, that proper accounting records are maintained and financial statements are reliable. In the course of the statutory audit, the external auditors will highlight any material internal control weaknesses which have come to their attention in carrying out their normal audit, which is designed primarily to enable them to express their opinion on the financial statements. Such material internal control weaknesses noted during their audit, and recommendations, if any, by the external auditors are reported to the AC.

The Board has received assurance from:

- (i) the CEO and Group Financial Controller that the financial records have been properly maintained and the financial statements for the financial year ended 31 March 2023 give a true and fair view of SMI's operations and finances; and
- (ii) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of SMI's risk management and internal control systems.

Based on the internal controls established and maintained by SMI, as well as statutory audit by the external auditors and regular reviews performed by Management, and the written assurance from management, the Board, with the concurrence of the AC, is of the opinion that the Group's risk management and internal control systems were adequate and effective as at 31 March 2023 to address financial, operational, compliance and information technology risks, as well as sanctions related risks which SMI considers relevant and material within the current scope of the Group's business operations.

The Board and AC notes that the risk management and internal control systems of the Group provide reasonableness, but not absolute assurance that the Group will not be adversely affected by any event that can be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that there is no risk management system and internal controls that can provide absolute assurance in this regard or against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities.

Audit Committee

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

The AC comprises the following three members, all of whom are Independent Non-Executive Directors:

- 1. Mr Sam Chong Keen (AC Chairman)
- 2. Mr Willem Mark Nabarro
- 3. Ms Edna Claudine Leong Lai Yee

The AC members are appropriately qualified to discharge their responsibilities and collectively have strong accounting and related financial and legal management expertise and experience. None of the AC members is a former partner or director of the Group's existing auditing firm or auditing corporation (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

The AC performs the functions as set out in the Code including the following:

- review with the external auditors the audit plan, their evaluation of the system of internal accounting controls, their letter to Management and Management's response;
- review the financial statements before submission to the Board for approval, focusing in particular, on changes in accounting policies and practices, major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with accounting standards as well as compliance with any stock exchange and statutory/regulatory requirements;
- review the internal control and procedures and ensure co-ordination between the external auditors and Management, reviewing the assistance given by Management to the auditors to discuss problems and concerns, if any, arising from the interim and final audits and any matters which the auditors may wish to discuss (in the absence of Management where necessary);
- review the adequacy and effectiveness of SMI's risk management and internal control systems (including financial, operations, compliance and information technology controls) and to report to the Board annually;
- review and discuss with the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have material impact on SMI's operating results or financial position and Management's response;
- consider and recommend the appointment or re-appointment of the external auditors, matters
 relating to the resignation or dismissal of the auditors and the remuneration and terms of
 engagement of the external auditors;
- review interested person transactions (if any) falling within the scope of Chapter 9 of the Listing Manual of the SGX-ST;
- review potential conflicts of interest, if any;
- undertake such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and requiring attention of AC;
- generally undertake such other functions and duties as may be required by statute or the Listing Manual of the SGX-ST, or by such amendments as may be made thereto from time to time;
- review the assurance from the CEO and the Group Financial Controller on the financial records and financial statements; and
- review the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on and to ensure that the Company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.

The AC has explicit authority to investigate any matter within its terms of reference, with full access to and co-operation from Management. The AC also has full discretion to invite any Director or executive officer to attend its meetings and to require Management to provide it with reasonable resources to enable it to discharge its functions properly.

As the Company has yet to engage a new internal audit firm in FY2023, the AC has met with the external auditors, at least once a year, without the presence of Management. The audit partner of the external auditors is rotated every five years, in accordance with the requirements of the Listing Manual of the SGX-ST.

Half-yearly financial statements and the accompanying announcements are reviewed by the AC before presentation to the Board for approval, to ensure the integrity of information to be released.

During the financial year, the AC reviewed the half-yearly and full year financial statements prior to approving or recommending their release to the Board, as applicable; the auditors' evaluation of the system of internal accounting controls; the adequacy and effectiveness of SMI's internal controls; the annual audit plan of the external auditors and the results of the audits performed by them and potential interested person transactions. It also reviewed the scope, results and effectiveness of the external audit functions; the independence and objectivity of the external auditors and the non-audit services rendered by them (if any) and the re-appointment of the external auditors and their remuneration. Management's assessment of fraud risks, adequacy of the whistleblowing arrangements and whistleblowing complains are monitored and reviewed by the AC.

Significant matters that were discussed with Management and the external auditors have been included as key audit matters ("**KAMs**") in the independent auditors' report for the financial year ended 31 March 2023, as set out on pages 43 to 48 of this Annual Report.

The AC, considering the report from the external auditors, including their findings and views on the key areas of audit focus, concluded that SMI's accounting treatment and estimates in each of the KAMs was appropriate.

External Auditors

The AC has conducted an annual review of the performance of the external auditor and the volume of non-audit services to satisfy itself that the nature and extent of such services will not prejudice the independency and objectivity of the external auditors, before confirming their re-nomination.

The aggregate amount of fees paid or payable to the external auditors of the Group, broken down into audit and non-audit services for the financial year ended 31 March 2023 are as follows:

Audit fees: US\$120,603

Non-audit fees: US\$0

There were no non-audit services provided by the external auditors during the year under review.

The Company's external auditors, PKF-CAP LLP was re-appointed as external auditors of the Company at the Company's AGM held on 28 July 2022 and will hold office until the conclusions of the Company's forthcoming AGM to be held on 31 July 2023. PKF-CAP LLP will be seeking reappointment at the Company's forthcoming AGM to be held on 31 July 2023 as external auditors of the Company.

SMI engages suitable independent auditors to audit its foreign incorporated subsidiaries and joint ventures, as disclosed in Notes 16 and 18 to the financial statements in this annual report which have been cleared by SMI's external auditors. The Board and AC have reviewed and are satisfied that the appointment of different auditors would not compromise the standard and effectiveness of the audit of SMI.

SMI confirms that the appointment of the external auditors is in accordance with Rules 712 and 715 of the Listing Manual of the SGX-ST.

Internal Audit

The primary role of internal auditor ("IA") is to assist the Board to evaluate the reliability, adequacy and effectiveness of the internal controls and risk management processes of the Company, reviewing the internal controls of SMI to ensure prompt and accurate recording of transactions and proper safeguarding of assets and reviewing that the Company complies with the relevant laws, regulations and policies established by the SMI. The IA will have unfettered access to all the Group's documents, records, properties and personnel, including access to the AC. The primary reporting line of internal audit function is to the AC and the internal audit function has appropriate standing within the Company.

In view of the very limited business activities in both Singapore and Myanmar, the internal audit function for FY2023 was carried out by the Management to save cost. The AC reviewed the adequacy of the internal audit function carried out by management on a regular basis. The AC is of the opinion that the internal audit function for the year under review was adequately resourced and had appropriate independent standing within the Company.

The Company is seeking to outsource its internal audit function to an external professional firm for the business of the Group by the second half of FY2024.

Whistleblowing Policy

The Group also has a Whistleblowing Policy to allow staff to raise concerns or observations in confidence to SMI about possible irregularities for independent investigation and appropriate follow up action to be taken. Such concerns include dishonesty, fraudulent acts, corruption, legal breaches and other serious improper conduct; unsafe work practices and any other conduct that may cause financial or non-financial loss to the Group or damage to the Group's reputation. The Whistleblowing Policy encourages staff to identify themselves whenever possible to facilitate investigations but will also consider anonymous complaints, in certain circumstances. Moreover, the Company is committed to ensuring protection of whistleblowers who have acted in good faith against reprisal and detrimental or unfair treatment. The AC is responsible for oversight and monitoring the whistleblowing. There were no reports of fraudulent or inappropriate activities or malpractice received during the year under review.

D. SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholders Rights and Responsibilities

Principle 11: The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

SMI respects shareholders' rights and promotes the fair and equitable treatment of all shareholders. SMI keeps all of its shareholders sufficiently informed of its corporate affairs and activities, including any changes to SMI or its business which may materially affect the price or value of SMI shares on a timely basis.

All new material price-sensitive information is disclosed on an adequate, accurate and timely basis via SGXNET, which are also posted on the SMI Investor Relation ("IR") website. SMI recognises that the release of timely and relevant information is central to good corporate governance and assists shareholders to make informed investment decisions.

Any notice of a general meeting of shareholders is issued at least 14 days before the scheduled date of such meeting for ordinary resolution(s). These notices are published in the local newspaper and posted onto SGXNET and SMI IR website. These notices are also contained in annual reports or circulars which are sent to all shareholders.

All shareholders are entitled to attend and vote at general meetings, afforded the opportunity to participate effectively in the general meetings and informed of the rules governing general meetings of shareholders. The Constitution of the Company allows each shareholder to appoint up to two proxies to attend, speak and vote in their place at general meetings. SMI does not provide for absentia voting methods such as by mail, email or fax due to concerns as to the integrity of such information and authentication of the identity of shareholders voting by such means.

Pursuant to the Companies (Amendment) Act 2014, a shareholder who is a "relevant intermediary", is entitled to appoint more than two proxies to attend and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the instrument appointing a proxy or proxies. "Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

At general meetings of shareholders, each distinct issue is proposed as a separate resolution. Such resolutions include matters of significance to shareholders such as, where applicable, adoption of Audited Financial Statements together with Directors' Statements and Independent Auditors' Report, remuneration of directors, re-election of directors, change of auditors and assignment of authority to the directors to fix their remuneration and authorisation to issue additional shares. Votes cast for and against and the respective percentages on each resolution will be displayed to shareholders/proxies immediately after each poll conducted. The total number of votes cast for or against the resolutions and the respective percentages are also announced in a timely manner after the general meeting via SGXNET. Each share is entitled to one vote. Where the resolutions are "bundled", the Company explains the reasons and material implications in the notice of meeting.

All Directors, including the Chairmen of the AC, NC and RC and senior Management, are in attendance at the general meetings of shareholders to allow shareholders the opportunity to air their views and ask Directors or Management questions regarding the Group. The external auditors also attend the AGMs to assist the Directors in answering any queries relating to the conduct of the audit and the preparation and content of the auditors' report. The AGM is held within four months after the close of the financial year.

The Company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and Management.

SMI does not have a fixed dividend policy at present. Key considerations that affect dividend decisions and the level of payouts include the Group's profit growth, level of cash available, projected levels of capital expenditure and investment plans and any other factors as the Board may deem appropriate.

No dividend was paid for FY2023 as the Group reported a net operating loss for the year.

Engagement with Shareholders

Principle 12: The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meeting and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

SMI protects and facilitates the exercise of shareholders' rights and regular, effective and non-discriminatory communications between shareholders and Management who will receive and attend to their queries and concerns.

SMI provides regular and timely information to the investment community regarding the Group's performance, progress and prospects as well as major industry and corporate developments and other relevant information. In addition to shareholders' meetings, the CEO meet with investors, analysts and the media, as well as participate in industry conferences to solicit and understand the views of the investment community. The CEO also travelled widely for non-deal roadshows to meet investors across countries. Such meetings provide useful platforms for the CEO to engage with investors and analysts.

SMI has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders. The policy sets out the mechanism through which shareholders may contact the Company with questions and through which the Company may respond to such questions.

Apart from SGXNET, announcements and the annual report, the SMI IR website at sin-mi.listedcompany.com, which is regularly updated, is the main source of information for shareholders. It houses all media releases, financial results, annual reports, SGXNET announcements, presentation materials as well as other corporate information relating to the Group. However, new material price-sensitive information such as financial results are released via SGXNET before being posted on the SMI IR website or before any media or analyst conferences are conducted. This ensures fair and non-selective disclosure of information to all shareholders.

Shareholders may direct their queries and concerns to SMI at the contact particulars given at the SMI IR website.

MANAGING STAKEHOLDERS RELATIONSHIPS ENGAGEMENT WITH STAKEHOLDERS

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company has put in place practices (including the maintenance of a current corporate website) that enable regular communication and engagement with stakeholders, so as to understand and address their needs and interests.

Formal materiality assessment exercises with internal and external stakeholders are conducted annually to identify environment, social and governance (ESG) topics that matter to them. The results from the materiality assessments and ongoing engagements continue to influence sustainability efforts in the Company. The results, the basis for and methods of engagement with the stakeholders, along with the key areas of focus for each stakeholder group, can be found in the Sustainability Report of the Company which will be announced to SGX-ST separately.

DEALINGS IN SECURITIES

In line with the SGX listing rules, SMI has in place a policy and guidelines on dealings in the Company's securities, which have been disseminated to employees of the Group and Directors of the companies within the Group.

Directors and officers of the Group should not deal in the Company's securities during the periods commencing two weeks before the announcement of the Group's financial statements for each of the first three quarters of its financial year and one month before the announcement of the Group's full year financial statements (if the Company announces its quarterly financial statements, whether required by the Exchange or otherwise), or one month before the announcement of the Group's half year and full year financial statements (if the Company does not announce its quarterly financial statements), or if they are in possession of unpublished price-sensitive information on the Group. The Company refrains from purchasing its shares during these periods and at any time after a price or trade sensitive development has occurred or has been the subject of a decision until the price or trade sensitive information has been publicly announced. Directors and officers are also required to comply with insider trading laws at all times even when dealing in the Company's securities outside the prohibited trading period. They are also discouraged trading on short-term considerations.

The Company issues periodic reminders to its Directors, relevant officers and employees on the restrictions in dealings in the Company's securities.

MATERIAL CONTRACTS AND LOANS

Pursuant to Rule 1207(8) of the Listing Manual of the SGX-ST, SMI confirms that except as disclosed below in the Interested Person Transactions Section, and in the Directors' Statement and Financial Statements, there were no other material contracts and loans of SMI and the Group involving the interests of the CEO or any Director or controlling shareholder, either still subsisting at the end of the financial year or if not then subsisting, which were entered into since the end of the previous financial year.

INTERESTED PERSON TRANSACTIONS

SMI has adopted an internal policy in respect of any transaction with an interested person, which sets out the procedures for review and approval of such transaction.

All interested person transactions will be documented and submitted to the AC for their review to ensure that such transactions are carried out on an arm's length basis and on normal commercial terms and are not prejudicial to the interests of SMI and its minority shareholders.

SMI has not obtained a general mandate from shareholders for interested person transactions ("IPTs").

The aggregate value of IPTs during the reporting year was as follows:

Name of interested person	Nature of Relationship	person transact during the finar review (excluding than S\$100,000 a conducted unde	and transactions	person transac under shareho pursuant to Ru	e of all interested tions conducted olders' mandate le 920 (excluding s than S\$100,000)
		FY2023	FY2022	FY2023	FY2022
Ho Kwok Wai	Director: Loan from Director and interest accrued thereon	US\$2,149,610.93	US\$2,092,078.68	_	_
Mark Francis Bedingham	Director: Loan from Director and interest accrued thereon	US\$4.299.666.92	US\$3,708,024.66		

Mr Ho Kwok Wai is the Non-Executive Chairman and controlling shareholder of SMI who holds 28.74% of the total issued and paid-up shares (inclusive of both direct and deemed interests) as at the date of this report. During the reporting year, Mr Ho Kwok Wai has granted the following loan to SMI:

Date of Loan	Loan Amount	Interest	Tenure
Agreement	(US\$)	Rate	
8 January 2018	2,000,0001	2.34% per annum	Repayable twenty-four months from the date of first disbursement upon giving seven days' notice by Mr Ho Kwok Wai to SMI

Note:

¹ US\$1,940,000 has been disbursed with remaining US\$60,000 available for disbursement as and when needed by SMI.

Mr Mark Francis Bedingham is the Executive Director, President and CEO and controlling shareholder of SMI who holds 30.69% of the total issued and paid-up shares (inclusive of both direct and deemed interests) as at the date of this report. During the reporting period, Mr Mark Francis Bedingham has granted the following loans to SMI, all of which have been fully disbursed and remain outstanding.

Date of Loan Agreement	Loan Amount (US\$)	Interest Rate	Tenure
10 September 2018	150,000		Repayable three months from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
11 October 2018	300,000		Repayable three months from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
1 April 2021	100,000	2.34%	Repayable two months from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
14 May 2021	100,000	per annum	Repayable two months from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
21 December 2021	2,500,000		Repayable two years from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
15 March 2022	500,000		Repayable two years from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
26 April 2022	300,000		Repayable two years from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI
19 December 2022	200,000		Repayable two months from the date of disbursement, upon giving seven days' notice by Mr Mark Francis Bedingham to SMI

The interest rate for the loan was agreed between the parties, having regard to be lower than the applicable interest rate of 8.02% charged by Oversea-Chinese Banking Corporation, Limited, being one of SMI's banking partners, for a two-year working capital loan. The loan is unsecured.

ANNUAL REPORT 2023 33

Use of proceeds

Pursuant to the June Subscription in FY2022, the Company received gross proceeds from the placement of approximately US\$1.3 million. The utilisation of the gross proceeds from the placement as of 30 June 2022 is set out as below:

- Audit fees	(35)
- Corporate Secretarial fees	(7)
- Other administrative expenses	(6)
Balance	99

CORPORATE SOCIAL RESPONSIBILITY

Sustainable growth is an important consideration for SMI's business. The Board of Directors of SMI (the "Board") has considered the sustainability topics as part of our business strategy. The Board oversees the monitoring and management of the material ESG aspects.

In prior years, we have established some sustainability targets in our inaugural sustainability report. This year, we need to advise that only limited progress could be made as most of the operations in Myanmar, particularly our largest operation Travel Retail, has been gradually recovering since reopening in April 2022.

Measures have been taken to reduce plastic usage in our Food & Beverage (F&B) and Travel & Fashion Retail operations, reducing plastic bag usage as well as the usage of plastic cups in our restaurants. In the upcoming years, we will look into implementing more initiatives to further reduce plastic waste in our operations.

We greatly value our people and seek to continue to grow our talent pool through our investments in training and development of our employees which we plan to renew after recovery of the local economy and opening up to international travel.

We have contributed to the development of local communities by creating jobs, paying taxes and doing business with local enterprises. We have sponsored performance by young Myanmar nationals who are developing an interest in classical music.

SMI will issue the full Sustainability Report on 28 July 2023.

The directors hereby present their statement to the members together with the audited consolidated financial statements of SMI Vantage Limited (the "Company") and its subsidiaries (collectively, the "Group") and the statement of financial position and statement of changes in equity of the Company for the financial year ended 31 March 2023.

1. Opinion of the directors

In the opinion of the directors,

- (a) the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 March 2023 and the financial performance, changes in equity and cash flows of the Group and changes in equity of the Company for the year then ended in accordance with the provisions of the Companies Act 1967 (the "Act") and the Singapore Financial Reporting Standards (International) ("SFRS(I)s"); and
- (b) at the date of this statement, after considering the measures taken by the Group and the Company with respect to the Group's and Company's ability to continue as going concerns as described in Note 1 to the financial statements, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

2. Directors

Sam Chong Keen

The directors of the Company in office at the date of this statement are:

Ho Kwok Wai - N
E
Mark Francis Bedingham - E

Willem Mark Nabarro (Appointed on 1 August 2022)

Leong Lai Yee (Appointed on 1 January 2023)

 Non-Executive Chairman and Non Executive Director

 Executive Director, President and Chief Executive Officer

Lead Independent and Non-Executive Director

Independent and Non-Executive Director

Independent and Non-Executive Director

3. Arrangements to enable directors to acquire benefits by means of the acquisition of shares and debentures

Other than as disclosed under "Employee share option scheme and performance share plan" in this statement, neither at the end of the financial year nor at any time during the financial year did there subsist any arrangement whose object is to enable the directors of the Company to acquire benefits by means of the acquisition of shares or debentures in the Company or any other body corporate.

ANNUAL REPORT 2023 37

4. Directors' interests in shares and debentures

The Directors of the Company holding office at the end of the financial year had no interests in the shares and debentures of the Company and its related corporations as recorded in the Register of Directors' Shareholdings kept by the Company under Section 164 of the Act, except as follows:

Name of directors and	At beginning of	At end of the	At
companies in which interests are held	the financial year	financial year	21 April 2023

The Company Number of shares of no par value

Ho Kwok Wai 164,749,871 164,749,871 164,749,871 Mark Francis Bedingham 175,918,383 175,918,383 175,918,383

By virtue of Section 7 of the Act, Ho Kwok Wai and Mark Francis Bedingham are deemed to have an interest in the related body corporates of the Company.

5. Employee share option scheme and performance share plan

SMI Vantage Limited Employee Share Option Scheme ("SMI ESOS")

The Company has an employee share option scheme known as the "SMI Vantage Limited Employee Share Option Scheme" ("SMI ESOS").

The SMI ESOS was approved and adopted at the Extraordinary General Meeting ("EGM") of the Company held on 25 July 2017.

The SMI ESOS is administered by the Remuneration Committee ("RC") of the Company. The RC shall periodically make recommendations to the Board of Directors of the Company as to the grant of options under the SMI ESOS.

The members of the RC at the date of this statement are as follows:

Willem Mark Nabarro (Chairman) (Appointed on 1 August 2022)

Sam Chong Keen

Leong Lai Yee (Appointed on 1 January 2023)

5. Employee share option scheme and performance share plan (cont'd)

SMI Vantage Limited Employee Share Option Scheme ("SMI ESOS") (Cont'd)

The SMI ESOS is established for the benefit of all personnel in the key management team and its objectives are as follows:

- (a) to incentivize all participants;
- (b) to motivate participants to optimise performance, efficiency and productivity;
- (c) to reward and retain key participants whose contributions are important to the long-term prospect and profitability of the Group;
- (d) to promote a sense of loyalty amongst the participants to further the growth of the Group;
 and
- (e) to align the interests of the participants with the interests of the shareholders.

Subject to the absolute discretion of the Remuneration Committee ("RC"), key employees shall be eligible to participate in the SMI ESOS, provided that as of the offer date such key employees:

- (a) have attained the age of 21 years;
- (b) are not undischarged bankrupts;
- (c) in the opinion of the committee, have contributed or will contribute to the success and development of the Group;
- (d) must hold such position as may be designated by the Company from time to time; and
- (e) must have their eligibility confirmed by the Company as at each proposed date of grant as determined by the committee.

Key employees who are controlling shareholders or their associates shall not participate in the SMI ESOS, unless:

- (a) such participation is approved by independent shareholders and that a separate resolution is and will be passed to approve the participation of each such person and further that the resolution will approve the actual number and terms of options to be granted to that participant;
- (b) the actual number and terms of any option to be granted to them have been specifically approved by shareholders who are not beneficiaries of the SMI ESOS in a general meeting in separate resolutions for each such controlling shareholder or his associates; and
- (c) all conditions for their participation in the SMI ESOS as may be required by the regulations of the SGX-ST from time to time are satisfied. In this regards, pursuant to Rule 845 of the Listing Manual, (1) the aggregate number of the Company's shares available to controlling shareholders and their associates must not exceed 25% of the Company's shares available under the SMI ESOS; and (2) the number of the Company's shares available to each controlling shareholder or his associates must not exceed 10% of the Company's shares available under the SMI ESOS.

5. Employee share option scheme and performance share plan (cont'd)

SMI Vantage Limited Employee Share Option Scheme ("SMI ESOS") (Cont'd)

The outstanding number of options at the end of the financial year were as follows:

Exercise price	Grant date	Exercise period	Number of at 31 M	•
			2023	2022
			'000	'000
S\$0.46	4 October 2017	From 4 October 2019 to 3 October 2022	-	283
S\$0.29	8 June 2018	From 7 June 2020 to 7 June 2023	245	245
S\$0.13	6 July 2021	From 6 July 2022 to 5 July 2025	308	461
Balance a	t end of the year		553	989

SMI Vantage Limited Performance Share Plan ("PSP")

The SMI Vantage Limited Performance Share Plan ("PSP") was adopted at an Extraordinary General Meeting on 30 June 2014. The PSP is administrated by the RC and contemplates the award of fully paid shares, free of charge, when or after prescribed performance targets are achieved by directors.

On 13 June 2019, the Company granted 4,500,000 share award under the PSP to Mark Francis Bedingham, a Director of the Company. The share award has a vesting period of 24 months from 1 April 2019. On 8 April 2021, the 4,500,000 shares were issued to Mark Francis Bedingham.

On 27 March 2020, the Company granted a further 14,000,000 share award under the PSP to Mark Francis Bedingham. The share award has no vesting period. The 14,000,000 shares were issued pursuant to the PSP in prior year.

Other than Mark Francis Bedingham, no employee or employee of related corporations has received 5% or more of the total options. No options have been granted at a discount.

No incentive share award under the PSP have been granted during financial year ended 31 March 2023.

6. Audit Committee

The members of the Audit Committee at the date of this statement are as follows:

Sam Chong Keen (Chairman) Willem Mark Nabarro Leong Lai Yee

(Appointed on 1 August 2022) (Appointed on 1 January 2023)

6. Audit Committee (cont'd)

The Audit Committee ("AC") carried out its functions in accordance with Section 201B(5) of the Singapore Companies Act 1967 and the Code of Corporate Governance 2018, which include *inter alia* the following:

- reviewed the audit plan of the Company's independent auditors and, if any, their report on any recommendations on internal accounting controls arising from the statutory audit;
- (ii) reviewed the assistance given by the Company's management to the independent auditors:
- (iii) reviewed the quarterly and annual statement of financial position of the Company and the consolidated financial statements of the Group for the financial year ended 31 March 2023 before their submission to the Board of Directors, as well as the independent auditors' report on the statement of financial position of the Company and the consolidated financial statements of the Group;
- (iv) reviewed the significant financial reporting issues and judgments so as to ensure the integrity of the financial statements of the Group and any formal announcements relating to the Group's performance;
- reviewed the effectiveness of the Group's material internal control systems, including financial, operational, compliance and information technology controls and risk management;
- (vi) met with the independent auditors, other committees, and/or the management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- (vii) reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- (viii) reviewed the scope and results of the external audit, cost effectiveness and independence and objectivity of the independent auditors;
- (ix) reviewed the nature and extent of non-audit services provided by the independent auditors;
- recommended to the Board of Directors the independent auditors to be nominated, approved the compensation and terms of engagement of the auditors;
- (xi) reported actions and minutes of the AC to the Board of Directors with such recommendations as the AC considered appropriate; and
- (xii) reviewed interested person transactions, if any, in accordance with the requirements of the SGX-ST's Listing Manual.

6. Audit Committee (cont'd)

The AC convened six meetings during the year. In performing its function, the AC met with the Company's independent external auditors to discuss the scope of their work, and the results of their examination and evaluation of the Company's internal accounting control system without the presence of the management of the Company.

The Company confirms that Rules 712 and 715 of the SGX-ST's Listing Manual have been complied with.

Further details regarding the AC are disclosed in the Corporate Governance Report in the Company's Annual Report.

7. Directors' opinion on the adequacy of internal controls

It is the opinion of the Board of Directors with the concurrence of the AC that the system of internal controls, which addresses the Group's financial, operational, compliance and information technology risks, maintained by the Group is in place and adequate throughout the financial year and up to the date of this report.

8. Auditor

The auditor, PKF-CAP LLP, has expressed its willingness to accept re-appointment.

On behalf of the Board of Directors,	
Ho Kwok Wai Director	Mark Francis Bedingham Director
14 July 2023	

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of SMI Vantage Limited (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 March 2023, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2023 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Key Audit Matters (Cont'd)

Assessment of impairment of trade receivables

As at 31 March 2023, the Group had trade receivables of US\$18.6 million (2022: US\$19.5 million) as disclosed in Note 19 to the financial statements which accounts for 73% (2022: 67%) of the total assets of the Group . Approximately 99% (2022: 98%) of the net trade receivables are due from the Group's major distributors and an associate in Myanmar. Management has performed an impairment review based on the expected credit loss ("ECL") model and based on the review, ECL allowance of US\$6.0 million (2022: US\$6.0 million) was provided for by management.

The estimated credit loss allowance is based on the historical and forward looking trends of the receivables from these distributors and associate, which includes analysis of the age of these receivables, credit worthiness of the distributors and associate and future collectability.

We identified this as a key audit matter as the assessment of the determination of ECL requires management to exercise significant judgement and estimation. In determining the credit quality and whether any significant increase in credit risk occurs, the standard requires both forward-looking and historical information to be considered.

We designed our audit procedures to be responsive to this risk. As part of our audit:

- We performed an evaluation of the Group's policies and procedures in assessing impairment of financial assets.
- We evaluated the impairment assessment performed by management through the following:
 - a) We discussed with management on the basis adopted by management in assessing the recoverability of the outstanding trade receivables from the Group's major distributors and an associate in Myanmar. During the discussion, we also enquired management on the respective distributors' and associate's business models and business environment in which these distributors and associate operate in Myanmar and obtained confirmation from the distributors and associate on the outstanding trade receivable balances at the end of the financial year.
 - b) We evaluated the Group's parameters and assumptions used in the collective impairment model, and compared them with observable economic data, market information and industry trends.
 - c) We assessed the credit risks of the debtors by analysing the payment history and receipts subsequent to year end of selected debtors and considered events or indicators which resulted in increase in credit risk of those debtors.
- We discussed with management and scrutinised the appropriateness of those key assumptions applied in management's impairment assessment, and compared them with available external evidence where appropriate. We also applied sensitivity testing of the underlying key assumptions.
- We evaluated the adequacy of disclosure in the financial statements.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Key Audit Matters (Cont'd)

Assessment of impairment of plant and equipment

The Group and Company have plant and equipment with carrying values of US\$4.2 million (2022: US\$5.6 million) and US\$0.3 million (2022: US\$0.4 million) respectively as disclosed in Note 14 to the financial statements.

a) Leasehold improvements and furniture and fittings

Included in the Group's plant and equipment are leasehold improvements and furniture and fittings with carrying values of US\$3.7 million (2022: US\$4.9 million) which are leased out to the Group's major distributor and associate to be utilised in the retail outlets operated by the distributor and associate.

b) Cryptocurrency mining machines

During the current financial year, the Group acquired cyptocurrency mining machines amounting to US\$0.5 million (2022: US\$0.07 million) to undertake its cryptocurrency mining operations. As at 31 March 2023, the Group has recognised impairment loss of US\$0.6 million (2022: US\$Nil) for these machines.

An impairment review is performed when there are indications of impairment. Management had carried out impairment assessment to determine whether the recoverable amount of the plant and equipment are less than the respective carrying amounts using the value in use method. The value in use calculation requires management to estimate the future cash flows that the Group and Company expect to derive from the assets. In estimating the future cash flows, management forecasted the future cash flows based on historical information and latest approved budgets and forecasts as well as using suitable discount rates in order to calculate present value of the future cash flows in deriving the value in use.

We identified this as a key audit matter as the estimation of the value in use involved significant management judgement and estimation. Especially for the impairment assessment process of the cryptocurrency machines is complex and highly judgemental and is based on several key assumptions such as Bitcoin price growth and useful live which are impacted by future market and economic conditions, giving rise to high estimation uncertainties.

We designed our audit procedures to be responsive to this risk. As part of our audit:

- We performed evaluation of the Group's policies and procedures to identify indicators for potential impairment of the plant and equipment.
- We reviewed the discounted future cash flows used to assess the value in use of the cash generating unit ("CGU") to which the plant and equipment is allocated for impairment testing, including reperforming the calculations to verify the accuracy.
- We assessed that the discounted future cash flows are based on the budgets approved by the Board of Directors.
- For leasehold improvements and furniture and fittings, we assessed the appropriateness of the key assumptions used such as revenue growth rates, Earnings Before Interest and Tax ("EBIT") margins, discount rates and long-term economic growth rates when performing the assessment together with our internal valuation specialists.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Key Audit Matters (Cont'd)

Assessment of impairment of plant and equipment (cont'd)

- For cryptocurrency mining machines, we assessed the appropriateness of the key assumptions
 used such as forecasted bitcoin price, forecasted number of bitcoin mined by the machines when
 performing the assessment.
- We assessed and tested the key assumptions which the outcome of the impairment is most sensitive to.
- We assessed the adequacy of the disclosure in the financial statements.

Assessment of impairment of investment in joint venture

As at 31 March 2023, the Group and Company had investment in joint venture of US\$0.4 million (2022: US\$0.6 million) and US\$0.4 million (2022: US\$0.9 million) respectively as disclosed in Note 18 to the financial statements.

This pertains to the Group's joint venture investment with Senko Co., Ltd. (Japan) in SMI-Senko Logistics Pte Ltd which has incurred a net loss of US\$0.1 million (2022: US\$0.05 million). An impairment review is performed when there are indications of impairment. Management had carried out impairment assessment to determine whether the recoverable amount of the investment in joint venture is less than the respective carrying amounts using the value in use method. Management has assessed that SMI-Senko Logistics Pte Ltd is a CGU that generate independent cash flows from other segments of the Group for impairment purpose.

The value in use calculation requires management to estimate the future cash flows that the Group and Company expect to derive from the CGU. In estimating the future cash flows, management forecasted the future cash flows based on historical information and latest approved budgets and forecasts as well as using suitable discount rates in order to calculate present value of the future cash flows in deriving the value in use of the CGU.

We have reviewed the impairment loss and noted that impairment of US\$0.1 million (2022: US\$Nil) and US\$0.5 million (2022: US\$Nil) were made for the Group's and Company's investment in joint venture respectively. We identified this as a key audit matter as the estimation of the value in use involved significant management judgement and estimation.

We designed our audit procedures to be responsive to this risk. As part of our audit:

- We performed evaluation of the Group's policies and procedures to identify indicators for potential impairment of the investment in joint venture.
- We reviewed the discounted future cash flows used to assess the value in use of the joint venture which is assessed as a stand alone CGU for impairment testing, including reperforming the calculations to verify the accuracy.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Key Audit Matters (Cont'd)

Assessment of impairment of investment in joint venture (cont'd)

- We assessed that the discounted future cash flows are based on the budgets approved by the Board of Directors.
- We assessed the appropriateness of the key assumptions used such as revenue growth rates, Earnings Before Interest and Tax ("EBIT") margins, discount rates and long-term economic growth rates when performing the assessment together with our internal valuation specialists.
- We assessed the adequacy of the disclosure in the financial statements.

Going concern assessment

As disclosed in Note 1 to the financial statements, the Group incurred loss from continuing operations, net of tax and net operating cash outflows of US\$3.3 million (2022: US\$4.0 million) and US\$0.7 million (2022: US\$0.8 million) respectively for the financial year ended 31 March 2023.

Management is of the opinion that the use of the going concern basis in the preparation of these financial statements is appropriate based on the following considerations:

- Subsequent to the financial year end, on 29 May 2023 and 27 June 2023, the Group received additional funding support from its shareholders in the form of shareholders' loans of US\$0.75 million and US\$1.5 million respectively.
- Subsequent to the financial year end, on 27 June 2023, the Group announced it has entered into a sale and purchase agreement to acquire 255,000 ordinary shares representing 51% of the issued and paid share capital of Provino Logistics Pte. Ltd. ("Provino") for a total consideration of S\$1.7 million. The acquisition will be funded via the allotment and issuance of new shares of the Company and cash payment to the acquiree of S\$1.2 million and S\$0.5 million respectively. This is part of the Group's corporate strategy to diversify and expand into complementary business areas within the food and beverage industry and the proposed acquisition will provide the group with a new source of revenue and further develop the Group's business.
- Subsequent to the financial year end, on 30 June 2023, the Group has fully repaid its external bank borrowing amounting to US\$1.5 million. Following this repayment, the Group does not have any outstanding external bank borrowings moving forward.
- The Group has further entered into a loan agreement with one of its shareholders for additional loans of US\$0.75 million which is expected to be disbursed in September 2023.
- The Group has also obtained undertakings from the shareholders not to recall the shareholders' loans of US\$6.1 million (2022: US\$5.6 million), and to provide financial support for at least another 12 months from the date of the financial statements. Accordingly, the shareholders' loans are presented as non-current liabilities as at 31 March 2023 and 31 March 2022 respectively.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Key Audit Matters (Cont'd)

Going concern assessment (cont'd)

We have reviewed the going concern assessment by management and noted that the Group is capable to continue as going concerns. We identified this as a key audit matter as the going concern assessment including the preparation of the cash flow forecasts for the next 12 months from the date of the financial statements involved significant management judgement and estimation.

We designed our audit procedures to be responsive to this risk. As part of our audit:

- We evaluated management's going concern assessments for the Group.
- We reviewed the latest available cash flow forecasts for the next 12 months from the date of the financial statements, factoring in the abovementioned acquisition of Provino subsequent to the financial year end.
- Assessed the inputs and assumptions within the cash flow forecast by comparing them to historical trends and against our understanding and knowledge of the Group's operations;
- We assessed that the latest cash flow projections are based on the budgets approved by the Board of Directors.
- We assessed the adequacy of the disclosure in the financial statements.

Other information

Management is responsible for other information. The other information comprises the information included in the 2023 Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.
 We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

To the Members of SMI Vantage Limited (Formerly known as Singapore Myanmar Investco Limited)

Report on the Audit of the Financial Statements (Cont'd)

Auditor's responsibilities for the audit of the financial statements (cont'd)

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Tang Hui Lin.

For the financial year ended 31 December 2023

1. General

SMI Vantage Limited (the "Company") is a limited liability company incorporated and domiciled in Singapore and is listed on the Main Board of the Singapore Exchange Securities Trading Limited (SGX-ST).

The Board of Directors approved and authorised these financial statements for issue on the date of the Statement by Directors.

The principal activity of the Company is that of investment holding. The Company registered a branch in Myanmar so as to have a stronger business presence to support its Myanmar business operations. The principal activities of the subsidiaries are disclosed in Note 16 to the financial statements. The address of the Company's registered office and principal place of business is at 300 Beach Road, #31-03, The Concourse, Singapore 199555.

Going concern

The Group incurred loss from continuing operations, net of tax and net operating cash outflows of US\$3.3 million (2022: US\$4.0 million) and US\$0.7 million (2022: US\$0.8 million) respectively for the financial year ended 31 March 2023.

Management is of the opinion that the use of the going concern basis in the preparation of these financial statements is appropriate based on the following considerations:

- Subsequent to the financial year end, on 29 May 2023 and 27 June 2023, the Group received additional funding support from its shareholders in the form of shareholders' loans of US\$0.75 million and US\$1.5 million respectively.
- Subsequent to the financial year end, on 27 June 2023, the Group announced it has entered into a sale and purchase agreement to acquire 255,000 ordinary shares representing 51% of the issued and paid share capital of Provino Logistics Pte. Ltd. ("Provino") for a total consideration of S\$1.7 million. The acquisition will be funded via the allotment and issuance of new shares of the Company and cash payment to the acquiree of S\$1.2 million and S\$0.5 million respectively. This is part of the Group's corporate strategy to diversify and expand into complementary business areas within the food and beverage industry and the proposed acquisition will provide the group with a new source of revenue and further develop the Group's business.
- Subsequent to the financial year end, on 30 June 2023, the Group has fully repaid its external bank borrowing amounting to US\$1.5 million. Following this repayment, the Group does not have any outstanding external bank borrowings moving forward.
- The Group has further entered into a loan agreement with one of its shareholders for additional loans of US\$0.75 million which is expected to be disbursed in September 2023.
- The Group has also obtained undertakings from the shareholders not to recall the shareholders' loans of US\$6.1 million (2022: US\$5.6 million), and to provide financial support for at least another 12 months from the date of the financial statements.

For the financial year ended 31 December 2023

1. General (cont'd)

Going concern (cont'd)

If the Group or the Company is unable to continue in operational existence for the foreseeable future, the Group or the Company may be unable to discharge its liabilities in the normal course of business and adjustments may have to be made to reflect the situation that assets may need to be realised other than in the normal course of business and at amounts which could differ significantly from the amounts at which they are currently recorded in the statements of financial position. In addition, the Group or the Company may need to reclassify non-current assets and may have to provide for further liabilities that may arise. No such adjustments have been made to these financial statements.

2. Significant accounting policies and other explanatory information

Basis of accounting

The financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies below, and are drawn up in accordance with the provisions of the Companies Act 1967 and Singapore Financial Reporting Standards (International) ('SFRS(I)s').

The financial statements are prepared under the historical cost convention except where a financial reporting standard requires an alternative treatment (such as fair values) as disclosed where appropriate in these financial statements.

The financial statements are presented in United States Dollar ("US\$"), which is the Company's functional currency and all values in the tables are rounded to the nearest thousand, unless otherwise stated.

Basis of consolidation

(i) Consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment indicator of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity, and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

For the financial year ended 31 December 2023

2. Significant accounting policies and other explanatory information (cont'd)

Basis of consolidation (cont'd)

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

The excess of (a) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (b) fair value of the identifiable net assets acquired is recorded as goodwill. Please refer to the paragraph "Intangible assets – Goodwill" for the subsequent accounting policy on goodwill.

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific SFRS(I).

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to the paragraph "Investments in subsidiaries, associates and joint ventures" for the accounting policy on investments in subsidiaries in the separate financial statements of the Company.

For the financial year ended 31 December 2023

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies

a) Revenue recognition

SFRS(I) 15 "Revenue from Contracts with Customers" establishes a five-step model to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which the entity expects to be entitled in exchange for transferring goods or services to a customer (which excludes estimates of variable consideration that are subject to constraints, such as right of return exists, trade discounts, volume rebates and changes to the transaction price arising from modifications), net of any related sales taxes and excluding any amounts collected on behalf of third parties. An asset (goods or services) is transferred when or as the customer obtains control of that asset. As a practical expedient the effects of any significant financing component is not adjusted if the payment for the good or service will be within one year.

For distinct goods or services in a series such as routine or recurring service contracts where the promise under the contract is for a specified quantity of goods or services that meets the over time criteria or is a stand-ready or single continuous service and if the nature of each good or service is distinct, substantially the same and has the same pattern of transfer or each time increment is distinct, then revenue is recognised at the amount that the entity has the right to bill a fixed amount for each unit of goods or services provided.

Sale of goods

Revenue is recognised at a point in time when the performance obligation is satisfied by transferring a promised good or service to the customer. Control of the goods is transferred to the customer, generally on delivery of the goods (in this respect, incoterms are considered).

Rental income

Rental income is recognised either a straight-line basis or another systematic basis over the term of the lease.

Cryptocurrency mining income

The Group has entered into a contract with a mining pool and has undertaken the performance obligation of providing computing power to the mining pool in exchange for non-cash consideration in the form of cryptocurrency (Bitcoin).

Revenue is recognised upon receipt of Bitcoin in exchange for its mining activities at the fair value of the Bitcoin received. The fair value is determined using the Bitcoin prices quoted on publicy available sources at the point of conversion.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- a) Revenue recognition (cont'd)

Cryptocurrency mining income (cont'd)

Management considers the prices quoted to be a level 2 input under SFRS(I)13 Fair Value Measurement. Any difference between the fair value of the Bitcoin recorded upon receipt from mining activities and the actual realised price upon conversion to fiat currency is recorded as a fair value gain or loss.

Commission and consultancy income

Commission and consultancy income is recognised when the Group's right to the entitlement of the income is established.

b) Employee benefits

Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

Short-term compensated absences

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

Provision for bonus

A liability for bonuses is recognised where the entity is contractually obliged or where there is constructive obligation based on past practice.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- c) Share-based payments

Equity-settled share based payments with employees

For the equity-settled share-based compensation transactions, the fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed on a straight-line basis over the vesting period is measured by reference to the fair value of the options granted ignoring the effect of non-market conditions such as profitability and sales growth targets. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. The fair value is measured using a relevant option pricing model. The expected lives used in the model are adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioural considerations. At each end of the reporting year, a revision is made of the number of options that are expected to become exercisable. It recognises the impact of the revision of original estimates, if any, in profit or loss with a corresponding adjustment to equity. The proceeds received net of any directly attributable transaction costs are credited to share capital when the options are exercised. Cancellations of grants of equity instruments during the vesting period (other than a grant cancelled by forfeiture when the vesting conditions are not satisfied) are accounted for as an acceleration of vesting, therefore any amount unrecognised that would otherwise have been charged is recognised immediately in profit or loss.

Benefits to employees are also provided in the form of share-based payment transactions, whereby employees render services in exchange for shares or rights over shares ("equity-settled transactions"). The fair value of the employee services rendered is measured by reference to the fair value of the shares awarded or rights granted, excluding the impact of any non-market vesting conditions. These are fair valued based on the market price of the entity's shares (or an estimated market price, if the entity's shares are not publicly traded). This fair value amount is charged to profit or loss over the vesting period of the share-based payment scheme, with the corresponding increase in equity. The value of the charge is adjusted in profit or loss over the remainder of the vesting period to reflect expected and actual quantities vesting, with the corresponding adjustment made in equity. Cancellations of grants of equity instruments during the vesting period (other than a grant cancelled by forfeiture when the vesting conditions are not satisfied) are accounted for as an acceleration of vesting, therefore any amount unrecognised that would otherwise have been charged is recognised immediately in profit or loss.

Equity-settled share based payments with with parties other than employees

Equity-settled share-based payment transactions with parties other than employees are measured at the fair value of the goods or services received, except where that fair value cannot be estimated reliably, in which case they are measured at the fair value of the equity instruments granted, measured at the date the entity obtains the goods or the counterparty renders the service.

For the financial year ended 31 December 2023

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies (cont'd)

d) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowings and are recognised as an expense in the period in which they are incurred. Interest expense is calculated using the effective interest rate method.

e) Currency translation

Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in United States Dollar ("US\$"), which is the functional currency of the Company.

Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. Monetary items include primarily financial assets (other than equity investments), contract assets and financial liabilities. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement within "Finance expense". All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within "other losses".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- e) Currency translation (cont'd)

Translation of Group entities' financial statements (cont'd)

- (i) assets and liabilities are translated at the closing exchange rates at the reporting date;
- income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal with loss of control of the foreign operation.

f) Income tax

The income taxes are accounted using the asset and liability method that requires the recognition of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequence of events that have been recognised in the financial statements or tax returns. The measurements of current and deferred tax liabilities and assets are based on provisions of the enacted or substantially enacted tax laws; the effects of future changes in tax laws or rates are not anticipated. Tax expense (tax income) is the aggregate amount included in the determination of profit or loss for the reporting year in respect of current tax and deferred tax. Current and deferred income taxes are recognised as income or as an expense in profit or loss unless the tax relates to items that are recognised in the same or a different period outside profit or loss.

For such items recognised outside profit or loss the current tax and deferred tax are recognised (a) in other comprehensive income if the tax is related to an item recognised in other comprehensive income and (b) directly in equity if the tax is related to an item recognised directly in equity.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same income tax authority. The carrying amount of deferred tax assets is reviewed at each end of the reporting year and is reduced, if necessary, by the amount of any tax benefits that, based on available evidence, are not expected to be realised.

A deferred tax amount is recognised for all temporary differences, unless the deferred tax amount arises from the initial recognition of an asset or liability in a transaction which (i) is not a business combination; and (ii) at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss). A deferred tax liability or asset is recognised for all taxable temporary differences associated with investments in subsidiaries and branches except where the Group is able to control the timing of the reversal of the taxable temporary difference and it is probable that the taxable temporary difference will not reverse in the foreseeable future or for deductible temporary differences, they will not reverse in the foreseeable future and they cannot be utilised against taxable profits.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- g) Plant and equipment

Plant and equipment are carried at cost on initial recognition and after initial recognition at cost less any accumulated depreciation and any accumulated impairment losses. Depreciation is provided on a straight-line method to allocate the gross carrying amounts of the assets less their residual values over their estimated useful lives of each part of an item of these assets.

The estimated useful lives are as follows:

Cryptocurrency mining machines - 2 years
Leasehold improvements - 3 to 10 years
Furniture and fittings - 2 to 10 years

An asset is depreciated when it is available for use until it is derecognised even if during that period the item is idle. Fully depreciated assets still in use are retained in the financial statements.

The gain or loss arising from the derecognition of an item of plant and equipment is recognised in profit or loss. The residual value and the useful life of an asset is reviewed at least at each end of the reporting year and, if expectations differ significantly from previous estimates, the changes are accounted for as a change in an accounting estimate, and the depreciation charge for the current and future periods are adjusted.

Cost also includes acquisition cost, borrowing cost capitalised and any cost directly attributable to bringing the asset or component to the location and condition necessary for it to be capable of operating in the manner intended by management. Subsequent costs are recognised as an asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss when they are incurred.

h) Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- h) Leases (cont'd)

As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

Rights-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2A(n).

Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- h) Leases (cont'd)

As lessee (cont'd)

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

As lessor

As a lessor, the Group classifies each of its leases as either an operating lease or a finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset and it is presented in its statement of financial position as a receivable at an amount equal to the net investment in the lease. For a finance lease, the finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset. Lease payments from operating leases are recognised as income on either a straight-line basis or another systematic basis over the term of the lease.

i) Intangible assets

An identifiable non-monetary asset without physical substance is recognised as an intangible asset at acquisition cost if it is probable that the expected future economic benefits that are attributable to the asset will flow to the entity and the cost of the asset can be measured reliably.

After initial recognition, an intangible asset with finite useful life is carried at cost less any accumulated amortisation and any accumulated impairment losses. An intangible asset with an indefinite useful life is not amortised. An intangible asset is regarded as having an indefinite useful life when, based on an analysis of all of the relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows for the entity. The amortisable amount of an intangible asset with finite useful life is allocated on a systematic basis over the best estimate of its useful life from the point at which the asset is ready for use.

The useful lives are as follows:

Franchises – 5 to 10 years Licenses – 5 to 10 years

For the financial year ended 31 December 2023

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies (cont'd)

j) Subsidiaries

A subsidiary is an entity that is controlled by the Group and the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The existence and effect of substantive potential voting rights that the Group has the practical ability to exercise (that is, substantive rights) are considered when assessing whether the Group controls another entity.

In the Company's separate financial statements, an investment in a subsidiary is accounted for at cost less any allowance for impairment in value. Impairment loss recognised in profit or loss for a subsidiary is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying value and the net book value of the investment in a subsidiary are not necessarily indicative of the amount that would be realised in a current market exchange.

k) Associates and Joint Ventures

An associate or a joint venture is an entity in which the Group has a significant influence and that is neither a subsidiary nor a joint arrangement of the Group. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint arrangement (that is, either a joint operation or a joint venture, depending on the rights and obligations of the jointly controlling parties to the arrangement), is one in which the Group is a party to an arrangement of which two or more parties have joint control, which is the contractually agreed sharing of control of the arrangement; it exists only when decisions about the relevant activities (that is, activities that significantly affect the returns of the arrangement) require the unanimous consent of the parties sharing control. In a joint venture, the parties with joint control have rights to the net assets of the arrangement. The reporting interests in joint ventures are recognised using the equity method in accordance with the financial reporting standard on investments in joint ventures.

In the consolidated financial statements, the accounting for investments in an associate or a joint venture are on the equity method. Under the equity method the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the investor's share of the investee's net assets. The carrying value and the net book value of the investment in the associate or joint venture are not necessarily indicative of the amounts that would be realised in a current market exchange. The investor's profit or loss includes its share of the investee's profit or loss and the investor's other comprehensive income includes its share of the investee's other comprehensive income.

Losses of an associate or a joint venture in excess of the Group's interest in the relevant associate or joint venture are not recognised except to the extent that the Group has an obligation. Profits and losses resulting from transactions between the Group and an associate or a joint venture are recognised in the financial statements only to the extent of unrelated Group's interests in the associate or joint venture.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- k) Associates and Joint Ventures (cont'd)

Unrealised gains on transactions between the Group and its associates or joint ventures are eliminated to the extent of the Group's interest in the associates or joint ventures. Unrealised losses are also eliminated unless the transactions provide evidence of impairment of the assets transferred. Accounting policies of associates or joint ventures are changed where necessary to ensure consistency with the policies adopted by the Group. The Group discontinues the use of the equity method from the date that when its investment ceases to be an associate or a joint venture and accounts for the investment in accordance with the financial reporting standard on financial instruments from that date. Any gain or loss is recognised in profit or loss. Any investment retained in the former associate or joint venture is measured at fair value at the date that it ceases to be an associate or a joint venture.

If there is objective evidence that the Group's net investment in an associate or joint venture is impaired, the requirements of SFRS(I) 1-36 are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group's investment in an associate or a joint venture. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with SFRS(I) 1-36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any asset, including goodwill that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with SFRS(I) 1-36 to the extent that the recoverable amount of the investment subsequently increases.

In the Company's separate financial statements, an investment in an associate or a joint venture is accounted for at cost less any allowance for impairment in value. Impairment loss recognised in profit or loss for an associate or a joint venture is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying value and the net book value of an investment in the associate or joint venture are not necessarily indicative of the amounts that would be realised in a current market exchange.

I) Non-controlling interests

The non-controlling interest is equity in a subsidiary not attributable, directly or indirectly, to the Group as the parent. The non-controlling interest is presented in the consolidated statement of financial position within equity, separately from the equity of the owners of the parent. For each business combination, any non-controlling interest in the acquiree (subsidiary) is initially measured either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets. Where the non-controlling interest is measured at fair value, the valuation techniques and key model inputs used are disclosed in the relevant note of this financial statements.

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

For the financial year ended 31 December 2023

2. Significant accounting policies and other explanatory information (cont'd)

2A. Significant accounting policies (cont'd)

m) Inventories

Inventories are measured at the lower of cost (first in first out method) and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Bitcoin held are accounted for as inventories as the Group holds them for sale in the ordinary course of its business. The Bitcoin are mined and awarded to the Group through its mining activities via the arrangement entered with a cryptocurrency mining pool to provide computing power to the mining pool.

The Bitcoin mined and awarded to the Company will be accounted for at the quoted price of Bitcoin on the time of receipt of the Bitcoin which is the deemed costs of the cryptocurrencies accounted for using the first in first out method. Subsequently, the Bitcoin are measured at the lower of cost and net realisable value. Impairment exists when the carrying amount exceeds the net realisable value of the Bitcoin, which is measured using the quoted price of the Bitcoin at the time of measurement less the estimated costs necessary to convert the Bitcoin to fiat currency. Impairment losses are recognised in profit or loss.

n) Impairment of non-financial assets

At the end of the reporting date, the Group assesses the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with an indefinite useful life are tested for impairment at least annually and whenever there is an indication at the end of a reporting period that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease and to the extent that the impairment loss is greater than the related revaluation surplus, the excess impairment loss is recognised in profit or loss.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- n) Impairment of non-financial assets (cont'd)

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A previously recognised impairment for an asset other than goodwill is only reversed if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

o) Financial instruments

Recognition and derecognition of financial instruments

A financial asset or a financial liability is recognised in the statements of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. All other financial instruments (including regular-way purchases and sales of financial assets) are recognised and derecognised, as applicable, using trade date accounting or settlement date accounting.

A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the entity neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. A financial liability is derecognised from the statement of financial position when, and only when, it is extinguished, that is, when the obligation specified in the contract is discharged or cancelled or expires.

At initial recognition the financial asset or financial liability is measured at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Classification and measurement of financial assets

- 1. Financial asset classified as measured at amortised cost: A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss ("FVTPL"), that is (a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial asset that is a debt asset instrument classified as measured at fair value through other comprehensive income ("FVTOCI"): There were no financial assets classified in this category at reporting year end date.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- o) Financial instruments (cont'd)

Classification and measurement of financial assets (cont'd)

- 3. Financial asset that is an equity investment measured at fair value through other comprehensive income ("FVTOCI"): There were no financial assets classified in this category at reporting year end date.
- 4. Financial asset classified as measured at fair value through profit or loss ("FVTPL"): All other financial assets are classified as measured at FVTPL. There were no financial assets classified in this category at reporting year end date.

Classification and measurement of financial liabilities

Financial liabilities are classified as at fair value through profit or loss ("FVTPL") in either of the following circumstances: (1) the liabilities are managed, evaluated and reported internally on a fair value basis; or (2) the designation eliminates or significantly reduces an accounting mismatch that would otherwise arise.

All other financial liabilities are carried at amortised cost using the effective interest method. Reclassification of any financial liability is not permitted.

p) Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)
- p) Impairment of financial assets (cont'd)

Definition of default

The Group considers the followings as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the company, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, the Group considers that default has occurred when there is evidence that a financial asset is credit impaired unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

q) Cash and cash equivalents

Cash and cash equivalents in the statement of cash flows include cash and bank balances which are subject to insignificant risk of changes in value.

r) Fair value measurement

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, market observable data to the extent possible is used. If the fair value of an asset or a liability is not directly observable, an estimate is made using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs (eg by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset / liability that market participants would take into account. The entity's intention to hold an asset or to settle or otherwise fulfil a liability is not taken into account as relevant when measuring fair value.

Fair values are categorised into different levels in a fair value hierarchy based on the degree to which the inputs to the measurement are observable and the significance of the inputs to the fair value measurement in its entirety: Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (ie as prices) or indirectly (ie derived from prices). Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs). Transfers between levels of the fair value hierarchy are recognised at the end of the reporting period during which the change occurred. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value. The fair values of non-current financial instruments may not be disclosed separately unless there are significant differences at the end of the reporting year and in the event the fair values are disclosed in the relevant notes to the financial statements.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)

s) Provisions

A liability or provision is recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. A provision is made using best estimates of the amount required in settlement and where the effect of the time value of money is material, the amount recognised is the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense. Changes in estimates are reflected in profit or loss in the reporting year they occur.

t) Share capital

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

u) Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2A. Significant accounting policies (cont'd)

v) Segment reporting

The Group discloses financial and descriptive information about its consolidated reportable segments. Reportable segments are operating segments or aggregations of operating segments that meet specified criteria. Operating segments are components about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing the performance. Generally, financial information is reported on the same basis as is used internally for evaluating operating segment performance and deciding how to allocate resources to operating segments.

w) Related parties

A related party is defined as follows:

- (a) A person or close member of the person's family is related to the Group and Company if that person:
 - (i) Has control or joint control over the Company;
 - (ii) Has significant influence over the Company; or
 - (iii) Is a member of the key management personnel of the Group and Company or of a parent of the Company.
- (b) An entity is related to the Group and Company if any of the following conditions apply:
 - (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

2B. Critical judgements, assumptions and estimation uncertainties

The critical judgements made in the process of applying the accounting policies that have the most significant effect on the amounts recognised in the financial statements and the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities currently or within the next reporting year are discussed below. These estimates and assumptions are periodically monitored to ensure they incorporate all relevant information available at the date when financial statements are prepared. However, this does not prevent actual figures differing from estimates.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2B. Critical judgements, assumptions and estimation uncertainties (cont'd)

Going concern assessment

The preparation of consolidated financial statements requires an assessment on the validity of the going concern assumption. As the Group is expanding into cryptocurrency mining business subsequent to the year end, cash flows from cryptocurrency mining activity has contributed to the overall cash flows forecast of the Group. Management's assessment process is highly judgmental and is based on assumptions which are impacted by expected future market or economic conditions, giving rise to high estimation uncertainty.

Expected credit loss for trade and other receivables

The trade receivables are subject to the expected credit loss model under the financial reporting standard on financial instruments. The allowance for expected credit loss is based on the lifetime expected credit loss. The estimate is based on the historical and forward-looking trends of the receivables. The loss allowance was determined accordingly. The carrying amounts might change materially within the next reporting year but these changes may not arise from assumptions or other sources of estimation uncertainty at the end of the reporting year. The carrying amount and key assumptions are disclosed in Note 19 on Trade and Other Receivables.

Impairment assessment of plant and equipment

An assessment is made for the reporting year whether there is any indication that the asset may be impaired. If any such indication exists, an estimate is made of the recoverable amount of the asset. The recoverable amounts of cash-generating units if applicable is measured based on the fair value less costs of disposal or value in use calculations. It is impracticable to disclose the extent of the possible effects. It is reasonably possible, based on existing knowledge, that outcomes within the next reporting year that are different from assumptions could require a material adjustment to the carrying amount of the balances affected. The carrying amount of the specific asset or class of assets at the end of the reporting year affected by the assumption, and the key assumptions applied in the value-in-use calculation is disclosed in Note 14 on Plant and Equipment.

Estimation of useful lives of plant and equipment

Leasehold improvements and furniture and fittings

Included in plant and equipment of the Group are leasehold improvements and furniture and fittings with a carrying amount of US\$3.7 million (2022: US\$4.6 million) as at end of the financial year. Management has depreciated the leasehold improvements on a straight-line basis over their estimated useful lives of 2 to 10 years (2022: 2 to 10 years). The terms of the lease for these premises however are less than the estimated useful lives. Management has assumed the Group will be able to renew the terms of its lease on its expiry and hence the estimated useful lives for leasehold improvements of 2 to 10 years (2022: 2 to 10 years) is appropriate. In the event the Group is not able to renew the terms of its lease and the group vacates the relevant premise, the carrying value of leasehold improvements related to the vacated premise would have to be fully impaired.

For the financial year ended 31 December 2023

- 2. Significant accounting policies and other explanatory information (cont'd)
- 2B. Critical judgements, assumptions and estimation uncertainties (cont'd)

Estimation of useful lives of plant and equipment (cont'd)

Cryptocurrency mining machines

Included in plant and equipment of the Group are cryptocurrency mining machines with a carrying amount of US\$0.008 million (2022: US\$0.07 million) as at end of the financial year. Management has depreciated the cryptocurrency mining machines on a straight-line basis over their estimated useful lives of 2 years based on the industry benchmark of the estimated useful life of these machines.

Revenue recognition and value of cryptocurrency

There is currently no specific definitive guidance in SFRS(I)s or alternative accounting frameworks for the accounting for the mining of cryptocurrency and subsequent measurement of the cryptocurrency held. Management has exercised significant judgment in determining appropriate accounting treatment. Management has determined that the Group has a business objective of incurring cost to earn mining rewards and subsequently sells the earned rewards (Bitcoins) in ordinary course of business, therefore earned rewards are accounted as inventories. Revenue is recognised when the cryptocurrency is converted into fiat currency or when the cryptocurrency is transferred to another party in settlement of a debt to this party. In the event authoritative guidance is enacted by the IASB, the Group may be required to change its policies which could result in a change in the Group's financial position and earnings. Management has exercised significant judgement in determining the completion stage for this revenue stream.

Impairment assessment of investment in joint ventures

An assessment is made for the reporting year whether there is any indication that the investment in joint ventures may be impaired. If any such indication exists, an estimate is made of the recoverable amount of the investment in joint ventures. The recoverable amounts of cash-generating units if applicable is measured based on the fair value less costs of disposal or value in use calculations. It is impracticable to disclose the extent of the possible effects. It is reasonably possible, based on existing knowledge, that outcomes within the next reporting year that are different from assumptions could require a material adjustment to the carrying amount of the balances affected. The carrying amount of the investment in joint ventures at the end of the reporting year affected by the assumption, and the key assumptions applied in the value-in-use calculation is disclosed in Note 18 on Investment in Joint Ventures.

3. Related party transactions

There are transactions and arrangements between the Group and related parties and the effects of these on the basis determined between the parties are reflected in these financial statements. The related party balances and transfer of resources, services or obligations if any are unsecured, without fixed repayment terms and interest or charge unless stated otherwise.

Intragroup transactions and balances that have been eliminated in these consolidated financial statements are not disclosed as related party transactions and balances. There were no significant related party transactions entered between the Group and related parties (excluding entities within the Group) that took place during the financial years ended 31 March 2023 and 31 March 2022.

For the financial year ended 31 December 2023

3. Related party transactions (cont'd)

Key management personnel compensation

Key management personnel include the directors and those persons having authority and responsibilities for planning, directing and controlling the activities of the Group, directly or indirectly. The remuneration paid to directors and other members of key management for the financial year is as shown below.

	Gro	oup
	2023	2022
	US\$'000	US\$'000
Salaries and other short-term employee benefits	450	454
Contributions to defined contribution plans	21	18

The above amounts are included under employee benefits expense. Included in the above amounts are the following items:

		Group
	2023	2022
	US\$'000	US\$'000
Directors' fees	117	119

Further information about the remuneration of individual directors is provided in the report on corporate governance. The above amounts for key management compensation are for all the directors and other key management personnel.

4. Segment information

4A. Information about reportable segment profit or loss, assets and liabilities

Disclosure of information about operating segments, products and services, the geographical areas, and the major customers are made as required by SFRS(I) 8 *Operating Segments*. This disclosure has no impact on the reported financial performance or financial position of the Group and Company.

The Chief Executive Officer ("CEO") is the Group's chief operating decision maker. For management purposes, the Group's principal operating businesses are organised according to their nature of activities as follows:

- (a) Travel and fashion retail;
- (b) Crypcurency mining;
- (c) Food and beverages;

Inter-segment sales are measured on the basis that the entity actually used to price the transfers are as far as practicable based on market prices. The accounting policies of the operating segments are the same as those described in Section 2A(v) "Summary of significant accounting policies".

Notes to the Financial Statements (Cont'd) For the financial year ended 31 March 2023

4. Segment information (cont'd)

For the financial year ended 31 December 2023

4A. Information about reportable segment profit or loss, assets and liabilities (cont'd)

The discontinued operations relate to the disposal and discontinuation of the operating segments pertaining to the provision of telecommunication towers and related service, serviced office business, vehicles rental business and construction services (see Note 12).

The management reporting system evaluates performances based on a number of factors. However, the primary profitability measurement to evaluate segment's operating results comprises two major financial indicators as follows:

- a) Earnings from operations before depreciation and amortisation, interests and income taxes (called "Recurring EBITDA"); and
- b) Operating result before interests and income taxes and other unallocated items (called "ORBIT").

The following tables illustrate the information about the reportable segment profit or loss, assets and liabilities.

10A SMI Vantage Limited Employee Share Option Scheme

The key objective of the SMI Vantage Limited Employee Share Option Scheme ("SMI ESOS" or the "Scheme") is to motivate group's key employees to optimise their performance standards and efficiency and to reward them for their significant contributions with participation in the equity of the Group.

The management of the Company has underlined the following primary objectives of the implementation of the SMI ESOS, such as:

- (a) To incentivise all participants;
- (b) To motivate participants to optimise performance, efficiency and productivity;
- (c) To reward key participants whose contributions are important to the long-term prospects and profitability of the group;
- (d) To promote a sense of loyalty amongst the participants to further the growth of the group; and
- (e) To align the interests of the participants with the interests of the shareholders.

The outstanding number of options at the end of the financial year were as follows:

Exercise price	Grant date	Exercise period	Number o at 31 N	
			<u>2023</u> '000	<u>2022</u> '000
S\$0.46	4 October 2017	From 4 October 2019 to 3 October 2022	_	283
S\$0.29	8 June 2018	From 7 June 2020 to 7 June 2023	245	245
S\$0.13	13 June 2019	From 13 June 2019 to 12 June 2021	_	_
S\$0.13	6 July 2021	From 6 July 2022 to 5 July 2025	308	461
Balance a	t end of the year		553	989

For the financial year ended 31 December 2023

10. Share-based payments (cont'd)

10A SMI Vantage Limited Employee Share Option Scheme (cont'd)

The table below summarises the number of options that were outstanding, their weighted average exercise price as at the end of the financial year as well as the movements during the financial year.

			Weighted average exercise price	
	2023	<u>2022</u>	2023	2022
	'000	'000	cents	cents
Balance at beginning of the year	989	1,392	26	26
Granted	_	461	_	13
Forfeited	(436)	(864)	34	21
Balance at end of the year	553	989	20	26

The following table summaries information about the share options outstanding at the end of the financial year.

Exercise price	Number outstanding	Number exercisable	Weighted average remaining life
	'000	'000	(Years)
2023			
S\$0.29	245	245	0.19
	308	308	2.27
	553	553	1.34
2022			
S\$0.46	283	283	0.51
S\$0.29	245	245	1.19
S\$0.13	461	461	4.25
	989	989	2.42

	Group and Company	
	2023	2022
	US\$'000	US\$'000
At beginning of the year	61	96
Forefeiture of share options	(44)	(41)
Amortisation	8	6
At end of the year	25	61

The fair value of the options is obtained using binomial model (level 3) at the grant value date of the options. In order to approximate the expectations that would be reflected in a current market or negotiated exchange price for these options, the calculations take into consideration factors like behavioural considerations and non-transferability of the options granted.

For the financial year ended 31 December 2023

10. Share-based payments (cont'd)

10A SMI Vantage Limited Employee Share Option Scheme (cont'd)

The fair value of the options and the underlying assumptions under the valuation model take into account the following factors:

	2023	2022
Fair value at grant date	S\$0.0456 – S\$0.1294	S\$0.0456 – S\$0.1294
Historical and expected volatility Dividend yield Risk-free interest rate	12.5% – 44.4% 0.0% 0.4% – 2.1%	12.5% – 44.4% 0.0% 0.4% – 2.1%
Forfeiture probability: leaving pre-vesting	10.0% - 15.0%	10.0% - 15.0%

Expected volatility was determined taking into consideration the Company's volatility over a three and half-year period prior to each award date. Dividends yield are those last known at the date the plan was approved.

10B. SMI Vantage Performance Share Plan

The SMI Vantage Limited Performance Share Plan ("PSP") was adopted at an Extraordinary General Meeting on 30 June 2014. The PSP is administrated by the RC and contemplates the award of fully paid shares, free of charge, when or after prescribed performance targets are achieved by directors.

	Group and	Group and Company	
	2023	2022	
	US\$'000	US\$'000	
At beginning of the year	_	427	
Grant of share options	_	_	
Issuance of shares		(427)	
At end of the year			

On 8 April 2021, 4,500,000 shares amounting to US\$0.4 million were issued to Mark Francis Bedingham, a Director of the Company under the PSP.

No incentive share awards under the PSP have been granted during the current financial year ended 31 March 2023.

For the financial year ended 31 December 2023

11. Income tax credit

Components of tax credit recognised in profit or loss includes:

	Gr	oup
	2023	2022
	US\$'000	US\$'000
Current tax credit	4	

The income tax in profit or loss varied from the amount of income tax amount determined by applying the Singapore income tax rate of 17% (2022: 17%) to loss before income tax as a result of the following differences:

	Group	
	2023	2022
	US\$'000	US\$'000
Loss before tax from continuing operations	(3,292)	(4,049)
Profit/(Loss) before tax from discontinued operations	3	(74)
	(3,289)	(4,123)
Tax credit calculated at tax rate of 17% (2022: 17%)	(559)	(701)
Expenses not deductible for tax purposes	372	352
Deferred tax assets not recognised	229	372
Effect of tax rates in foreign jurisdictions	(38)	(23)
Total income tax credit	4	_

Unrecognised deferred tax assets:	Tax lo	osses	Unrecognis tax as	
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000
Unused tax losses available	30,540	32,206	5,299	5,658

No deferred tax asset for the tax losses (including deductible temporary differences, unused tax losses and unused tax credits) has been recognised in respect of the remaining for the above balance, as the future profit streams are not probable against which the deductible temporary difference can be utilised.

For the Singapore companies, the realisation of the future income tax benefits from tax loss carryforwards and temporary differences from capital allowances is available for an unlimited future period subject to the conditions imposed by law including the retention of majority shareholders as defined.

For the Myanmar companies, the realisation of the future tax benefits from tax loss carry forwards is available for a period of 3 years subject to certain conditions imposed by law. During the year, US\$4.3 million (2022: US\$Nil) of unutilised tax losses for the Myanmar companies have expired.

For the financial year ended 31 December 2023

12. Profit/(Loss) from discontinued operations, net of tax

Discontinued operations from prior years

On 20 October 2016, the Group announced an agreement to divest its entire interests of its telecommunication tower business, Myanmar Infrastructure Group Pte Ltd ("MIG") and its subsidiary, TPR Myanmar Limited ("TPR"). This disposal was however terminated on 30 June 2017. The Group continued to negotiate with other potential buyers to dispose its interest in TPR and on 1 June 2018, the Group entered into a share sale agreement with an independent entity, Tiger Infrastructure Pte. Ltd. ("Tiger"), for the proposed disposal of (i) the entire interest in TPR held by MIG, and (ii) all tower stock and power equipment stock held by TPR for a consideration of US\$10.8 million. This proposed disposal was then terminated on 5 April 2019 due to failure to complete on the part of Tiger by 31 March 2019.

On 11 April 2019, MIG entered into a tower transfer agreement with Irrawaddy Green Towers Limited and Irrawaddy Towers Asset Holding Pte. Ltd. (collectively "IGT") for the sale of all TPR's telecommunications towers and tower leases in Myanmar to IGT for an aggregate sale price in cash of approximately US\$8 million. Further to the extraordinary general meeting held on 18 September 2019 at which shareholders voted in favour of the disposal, all the conditions precedent for the disposal had been fulfilled or waived and the tower sale was completed.

On 18 September 2020, the Group announced that the applications to the Accounting and Corporate Regulatory Authority ("ACRA") for the proposed striking off of wholly-owned subsidiaries, SMI Mobile Pte. Ltd. and SMI Infrastructure Services Pte. Ltd. have been approved. These subsidiaries were part of the Group's telecommunication tower business that has been discontinued.

On 19 March 2021, the Group announced that the application to ACRA for the proposed striking off of wholly-owned subsidiary, Kinnaya Pte. Ltd. has been approved. Kinnaya operates the Group's serviced office business and this has been discontinued during prior year.

During the financial year ended 31 March 2021, management decided to discontinue the business of car rental and limousine services previously undertaken by the Group's whollyowned subsidiary SMI Auto Services Pte. Ltd.

Discontinued operation in current year

During financial year ended 31 March 2023, management decided to discontinue the construction services segment previously undertaken by the Group's wholly-owned subsidiary, SMI CS Pte. Ltd. Following from this discontinuation, SMI CS Pte. Ltd. has been redesignated to undertake the cryptocurrency mining operations of the Group.

For the financial year ended 31 December 2023

12. Profit/(Loss) from discontinued operations, net of tax (cont'd)

The entire results from the telecommunication tower business, serviced offices business and vehicles rental business are presented separately in the consolidated statement of profit or loss and other comprehensive income for the financial years ended 31 March 2023 and 31 March 2022 as "Discontinued Operations".

	Group	
	2023	2022
	US\$'000	US\$'000
Revenue	_	22
Cost of sales		(15)
Gross profit	_	7
Other income and gains	4	11
Distribution costs	_	(3)
Administrative expenses	(1)	(33)
Other losses	_	(56)
Profit/(Loss) before income tax from discontinued operations	3	(74)
Income tax expense	(1)	(2)
Profit/(Loss) from discontinued operations, net of tax	2	(76)

The cash flow of the discontinued operations which have been included in the consolidated financial statements, were as follows:

	Group	
	2023	2022
	US\$'000	US\$'000
Net cash flows (used in)/generated from operating activities	(1)	30
Net cash flows used in investing activities Net cash flows used in financing activities		(95)
Total net cash outflows	(1)	(65)

^{*}Amount is less than US\$1,000.

For the financial year ended 31 December 2023

13. Loss per share

The following table illustrates the numerators and denominators used to calculate basic and diluted losses per share of no par value:

	Group		
	2023	2022	
	US\$'000	US\$'000	
Numerators: Losses attributable to equity owners of the Company:			
Continuing operations	(3,288)	(4,049)	
Discontinued operations	2	(76)	
Total basic and diluted losses	(3,286)	(4,125)	
	No. of s	shares	
Denominators: Weighted average number of equity shares Basic and diluted	532,768,708	417,880,565	

The weighted average number of ordinary shares refers to shares in circulation during the financial year.

There is no dilutive effect from the share options as they are anti-dilutive because their conversion to ordinary shares would increase earnings per share or decrease loss per share from continuing operations.

For the financial year ended 31 December 2023

14. Plant and equipment

At 31 March 2023	8	3,672	477	4,157

The cash outflow on acquisition of plant and equipment is US\$0.2 million (2022: US\$0.2 million).

Acquisition of plant and equipment via equity settled share based payment

During the year, the Group acquired 3,000 units of cryptocurrency mining machines ("machines") for a total consideration of US\$0.5 million via the issuance of 7,834,757 of the Company's shares to the vendor (Note 10). The machines acquired are recognised based on original negotiated purchase price of the machines of US\$0.5 million which represents the best estimate of the fair value of the machines on the dates the Group received delivery and obtained control of the machines.

For the financial year ended 31 December 2023

14. Plant and equipment (cont'd)

Impairment assessment of cryptocurrency mining operations

For the year ended 31 March 2023, the Group identified indicator of impairment for its cryptocurrency mining Cash-Generating Unit ("CGU") and tested its cryptocurrency mining CGU for impairment. Management has determined the recoverable amount as the Value in Use ("VIU") for the cryptocurrency mining CGUs based on geographical area. These CGUs include cryptocurrency mining machines and mining server. The significant assumptions in determining the VIU included the following:

The calculation of the value-in-use is most sensitive to the following key assumption:

(i) Forecasted Bitcoin price

Bitcoin price is forecasted to remain constant at US\$30,000 for the remaining estimated economic useful lives of the machines.

(ii) Forecasted number of Bitcoins mined by the machines

Number of Bitcoins forecasted to be mined by the machines is mainly based on the computing power of the machines.

(iii) Remaning economic useful lives

Estimated remaining economic useful lives of the machines are 2 years based on the industry benchmark of the expected useful life of the machines.

(iv) Discount rate

The discount rate applied is 20%. This reflects the current market assessments of the risks specific to the cryptocurrency mining machines and time value of money.

Impairment is recognised in the profit or loss when the carrying amount of the machines exceeds its recoverable amount. In current financial year, the total impairment loss amounted to US\$0.6 million (2022: US\$Nil) has been recognised in profit or loss under the line item "other losses".

For the financial year ended 31 December 2023

14. Plant and equipment (cont'd)

Assets leased out under operating leases are as follows:

	Leasehold	Furniture	
Group	improvements	and fittings	Total
	US\$'000	US\$'000	US\$'000
Cost			
At 1 April 2021	9,531	4,780	14,311
Disposal	(172)	(234)	(406)
At 31 March 2022	9,359	4,546	13,905
Additions	_	32	32
Write-offs	_	(27)	(27)
At 31 March 2023	9,359	4,551	13,910
Accumulated depreciation and impairment losses			
At 1 April 2021	4,129	3,318	7,447
Depreciation for the year	962	899	1,861
Disposal	(171)	(157)	(328)
Impairment for the year	` 9 [']	1	10
At 31 March 2022	4,929	4,061	8,990
Depreciation for the year	958	292	1,250
Write-offs	_	(27)	(27)
At 31 March 2023	5,887	4,326	10,213
Carrying value			
At 1 April 2021	5,402	1,462	6,864
At 31 March 2022	4,430	485	4,915
At 31 March 2023	3,472	225	3,697

During the year, the assets leased out under operating leases were subjected to impairment assessment. The impairment assessment was performed using the value in use method by computing the discounted future cash flows expected to be generated from the use of the assets.

The calculation of the value-in-use is most sensitive to the following key assumptions:

(i) Discount rate

The discount rate applied is 17% (2022: 11.8%). This reflects the current market assessments of the risks specific to the plant and equipment and time value of money.

(ii) Remaining economic useful lives

Cash flows projections are made over the expected remaining economic useful lives of the plant equipment of 8 years (2022: 10 years).

Based on the assessment, the difference between the recoverable amount of the assets and the carrying amount is immaterial.

18. Investments in joint ventures (cont'd)

Impairment assessment of investment in joint venture

During the financial year, management performed impairment testing on its investment in joint venture, SMI-Senko Logistics Pte. Ltd. which has indication of impairment by comparing the carrying amount of the Cash Generating Unit ("CGU"), SMI-Senko Logistics Pte. Ltd with its recoverable amount. The impairment assessment was performed using the value in use method by computing the discounted future cash flows expected to be generated from the joint venture's operations.

The calculation of the value-in-use is most sensitive to the following key assumptions:

(i) Revenue Growth Rates

Forecasted revenue growth rates of between 5% to 12% (2022: 4% to 9%) per annum had been used. The forecasted revenue growth rates are based on the average growth rates achieved in prior years, adjusted for future market and economic conditions and management future plans.

(ii) Discount Rate

The discount rate applied to the future cash flow projections is 19.5% (2022: 14.4%). This reflects the current market assessments of the risks specific to the CGU and time value of money.

(iii) Terminal Growth Rate

The terminal growth rate applied to the future cash flow projections is 3% (2022: 5.8%). This steady growth rate beyond the initial 7-year period is estimated based on the long-term economic growth rate of the market in which the CGU operates in.

Impairment is recognised in the profit or loss when the carrying amount of the CGU exceeds its recoverable amount. In current financial year, the total impairment loss amounted to US\$0.12 million (2022: US\$NiI) has been recognised in profit or loss under the line item "other losses". No impairment loss was recognised in prior year because the recoverable amount exceeded the carrying amount of the CGU.

Loss before tax	(58)	(870)
Income tax expense Loss for the year representing total comprehensive loss		
for the year	(58)	(870)
ioi tile year	(30)	(070)
Summarised statement of financial position:		
Current assets	36	55
Includes:		
Cash and cash equivalents	28	47
Non-current assets – plant and equipment	8	14
Current liabilities	(385)	(387)
Includes:	(303)	(301)
- Trade and other payables	(385)	(385)
	(333)	(000)
Non-current liabilities – trade and other payables	(200)	(200)
Reconciliation:		
Net liabilities of the joint venture	(341)	(518)
Proporation of the Group's interest in the joint venture	50%	50%
Carrying amount of the interest in the joint venture	_*	_*
, <u> </u>		

^{*}Share of losses of the joint venture with DKSH Holding (S) Pte Ltd exceeding the amount of the investment are not recognised as losses in the Group's profit or loss. The Group's share of losses of the joint venture not recognised as at 31 March 2023 was US\$0.3 million (2022: US\$0.3 million).

After the Group's interest is reduced to zero, additional losses are provided for, and a liability is recognised, only to the extent that the investor has incurred legal or constructive obligations or made payments on behalf of the joint venture. If the joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised. The Group has not incurred legal or constructive obligations to account for these losses on behalf of the joint venture.

The Group's joint venture with DKSH Holding (S) Pte Ltd which was established for the distribution of products under the "Levi's" brand name ceased in prior year on 31 March 2022 following the termination of DKSH Holding (S) Pte Ltd's commercial arrangement with "Levi's".

	•			<u> </u>	

The fair value of the Group's non-current trade receivables are computed based on cash flows discounted at market borrowing rates of 8.0% (2022: 4.6%). The fair values are within Level 2 of the fair value hierarchy. The fair value of the Group's non-current trade and other receivables is US\$11.8 million (2022: US\$15.3 million).

For the financial year ended 31 December 2023

19. Trade and other receivables (cont'd)

The trade and other receivables due from subsidiaries, joint ventures and associates are unsecured, interest free and repayable on demand. As at reporting date, the fair value of the non-current portion of the other receivables of the Company due from its subsidiaries cannot be estimated reliably. These are classified as non-current as the Company has provided a written undertaking to its subsidiaries that it will not demand for repayments for a minimum of the next 12 months after the reporting date or until the operations of its subsidiaries have stabilised post-COVID-19 pandemic. As a result, the timing of any future cash inflows cannot be estimated reliably.

Movements in allowance for impairment on trade receivables:

	Group		
	2023	2022	
	US\$'000	US\$'000	
At beginning and at end of the year	5,985	5,985	

The trade receivables are subject to the expected credit loss allowance model. The allowance for expected credit loss is based on the lifetime expected credit loss. The Group has worked with local distributors and associate to derive the cash flow projections of local distributors and associate to determine the ability of the debtors to settle the trade receivable amounts. The calculations made use of cash flow projections prepared by the distributors and associate, assisted by the group's management, based on budgets and projections, taking into account initiatives currently undertaken to deliver expected future performance upon business resumption against latest market expectations. Key assumptions include the following: number of years of cash flow projections: 5 years (2022: 5 years); revenue growth rate: 22% to 148% (2022: 6% to 123%) and gross profit margin: 41.8% to 50.3% (2022: 47.0% to 54.9%).

The amounts are written off when there are indications that there is no reasonable expectation of recovery or the failure of a debtor to make contractual payments over an extended period.

As part of the process of setting customer credit limits, different credit terms are used. The average credit period generally granted to trade customers is about 90 days (2022: 90 days).

Ageing analysis of the age of trade receivable amounts that are past due as at the end of reporting year but not impaired:

	Group		Company	
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000
0 to 60 days	90	_	_	_
61 to 90 days	88	_	_	_
151 to 365 days	_	449	_	449
Over 365 days	17,513	19,005	774	_
Total	17,691	19,454	774	449

For the financial year ended 31 December 2023

19. Trade and other receivables (cont'd)

Concentration of gross trade receivable from the top 3 customers as at 31 March 2023 and 31 March 2022 are as follows:

	Gro	Group		
	2023	2022		
	US\$'000	US\$'000		
Top 1 customer	17,360	19,600		
Top 2 customers	19,397	21,719		
Top 3 customers	21,324	22,924		

Movements in allowance on other receivables:

	Group		Company	
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000
At beginning of the year (Reversal)/Charge for other receivables to profit or loss included	527	401	19,302	19,376
in other losses (Note 6)	(25)	126	5,773	(74)
At end of the year	502	527	25,075	19,302

The other receivables at amortised cost shown above are subject to the expected credit loss model. The other receivables at amortised cost and which can be graded as low risk individually are considered to have low credit risk. At the end of the first reporting period a loss allowance is recognised at an amount equal to 12 month expected credit losses because there has not been a significant increase in credit risk since initial recognition.

At each subsequent reporting date, an evaluation is made whether there is a significant change in credit risk by comparing the debtor's credit risk at initial recognition (based on the original, unmodified cash flows) with the credit risk at the reporting date (based on the modified cash flows). Adjustment to the loss allowance is made for any increase or decrease in credit risk. As there is a significant increase in credit risk, an additional loss allowance of US\$5.8 million (2022: US\$NiI) was made on the amount due from subsidiaries.

20. Other non-financial assets

	Group		Company	
	2023	2022	2023	2022

naw materials and consumation				

The Group mined digital assets during the year, which are recorded at fair value on the day of acquisition. Movements in fair value between acquisition (date mined) and disposal (date sold) are recorded in profit or loss. During the financial year, the Group incurred fair value loss of US\$0.004 million (2022: US\$Nil) which is recognised in profit or loss under the line item "other losses".

	Gro	Group		
	2023	2022		
	US\$'000	US\$'000		
At 1 April 2022	_	_

23. Share capital (cont'd)

The ordinary shares of no par value are fully paid, carry one vote each and have no right to fixed income. The company is not subject to any externally imposed capital requirements.

In prior year:

On 13 June 2019, the Company granted 4,500,000 share awards under the PSP to Mark Francis Bedingham, a director of the Company. The share award has a vesting period of 24 months from 1 April 2019. On 8 April 2021, 4,500,000 shares were issued and allotted to the director (see Note 10B).

On 1 September 2021, the Company issued 52,633,333 shares to various parties for a total consideration of US\$1.2 million pursuant to the subscription agreements entered with those parties in June 2021. On the same day, 5,245,000 shares were issued as consideration for the settlement of the professional expenses directly attributable to the subscription amounting to US\$0.1 million.

On 12 October 2021, the Company issued 132,910,062 shares as consideration for the conversion of shareholders' loans and associated accrued interests of US\$5.05 million into equity. On the same day, 1,250,000 share were issued as consideration for the settlement of the professional expenses directly attributable to the subscription amounting to US\$0.06 million.

In current year:

On 22 April 2022, 7,834,757 shares were issued to The9 in connection with the Purchase of Cryptocurrency Mining Machines ("The9 Consideration Shares") amounting to US\$0.51 million. On the same day, the Company issued 727,272 shares to a former director and of its directors pursuant to the Proposed Capitalisation of Directors' Fees (collectively, "Conversion Shares") amounting to US\$0.06 million.

On 19 August 2022, 18,698,062 shares were issued to various parties for a total consideration of US\$0.4 million pursuant to the subscription agreements entered with the parties on 30 June 2022.

On 13 December 2022, 32,427,632 shares were issued to one of the existing shareholders for a total consideration of US\$0.7 million pursuant to the subscription agreement entered with the existing shareholder on 7 October 2022.

Capital management:

The objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for owners and benefits for other stakeholders, and to provide an adequate return to owners by pricing the sales commensurately with the level of risk. The management sets the amount of capital to meet its requirements and the risk taken. There were no changes in the approach to capital management during the reporting year.

For the financial year ended 31 December 2023

23. Share capital (cont'd)

Capital management (cont'd):

The management manages the capital structure and makes adjustments to it where necessary or possible in the light of changes in conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the management may adjust the amount of dividends paid to owners, return capital to owners, issue new shares, or sell assets to reduce debt. Adjusted capital comprises all components of equity (that is, share capital, reserves and accumulated losses).

In order to maintain its listing on the SGX-ST, the company has to have share capital with a free float of at least 10% of the shares. The company met the capital requirement on its initial listing and the rules limiting treasury share purchases mean it will continue to satisfy that requirement, as it did throughout the reporting year. Management receives a report from the share registrars frequently on substantial share interests showing the non-free float to ensure continuing compliance with the 10% limit throughout the reporting year.

The management monitors the capital on the basis of the debt-to-adjusted capital ratio. This ratio is calculated as net debt / adjusted capital (as shown below). Net debt is calculated as total borrowings less cash and cash equivalents.

	Group	
	2023	2022
Net debt:	US\$'000	US\$'000
All current and non-current borrowings including lease liabilities	9,667	12,416
Less cash and cash equivalents	(750)	(2,359)
Net debt	8,917	10,057
Adjusted capital: Total equity	10,320	11,935
Debt-to-adjusted capital ratio	86%	84%

For the financial year ended 31 December 2023

24. Trade and other payables

	Gro	oup	Com	pany
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000

Accrued liabilities	1,096	1,115	1,019	866
Deposits from customers	_	5	_	_
Other payables	1,766	217	276	215
Other payables – subtotal	3,049	1,511	1,326	1,096
Total trade and other payables	4,600	3,850	1,452	1,412
Presented as:				
Trade and other payabes, current	3,087	3,850	904	1,412
Trade and other payables, non-current	1,513	_	548	
	4,600	3,850	1,452	1,412

The other payables due to joint ventures and associates are unsecured, interest free and repayable on demand. The fair value of the Group's non-current trade and other payables are computed based on cash flows discounted at market borrowing rates of 8.0%. The fair value of the Group's and Company's non-current trade and other payables is US\$1.3 million and US\$0.5 million respectively.

In prior year, there was lease liabilities payable to a former lessor of US\$1.5 million ("outstanding debt") relating to the early termination of the lease agreement for leases of motor vehicles pertaining to the Group's discontinued auto services operations. Lease liabilities was not derecognised as the Group has obligation to pay the remaining lease liabilities as a penalty for early termination of the lease. During the financial year, a settlement agreement was entered between the Group and the former lessor to finalise the penalty of early termination of leases and accordingly, US\$1.5 million was reclassified from lease liabilities (Note 22B) to other payables during the year.

Under the terms of the settlement agreement, the Group shall repay agreed instalment payments of US\$0.96 million ("aggregate payment amount") over the monthly installment payments set by former lessor commencing from 1 July 2023 until December 2024, US\$0.5 million will be due for payment in financial year ending 31 March 2024 and the remainder of US\$0.46 million will be due in financial year ending 31 March 2025.

The former lessor agrees to waive the repayment of the additional amount of US\$0.5 million ("additional amount") arising from the difference between outstanding debt of US\$1.5 million and aggregate payment amount of US\$0.96 million provided the Group has paid the former lessor all of the agreed installment payments promptly by 31 December 2024. The Group will derecognise the waiver of the additional amount of US\$0.5 million in December 2024 should this waiver condition be met. To the extent that the Group is unable to meet the waiver condition, the Group is required to repay the additional amount of US\$0.5 million which has been recognised as other payables as at 31 March 2023.

For the financial year ended 31 December 2023

24. Lease liabilities

As lessee

Lease liabilities are presented in the statements of financial position as follows:

	Gro	Group		pany
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000
Lease liabilities, current	210	596	94	91
Lease liabilities, non-current	388	1,234	180	_
	598	1,830	274	91

Other information about the leasing activities relating to the right-of-use assets are summarised as follows:

	Office	
	premise	Shop spaces
Number of right-of-use assets	1	3
Remaining term – range	3 years	1 - 3 years
Remaining term – average	3 years	2 years

The leases are for office space and shop spaces to operate restaurants.

There are restrictions or covenants imposed by the leases to sublet the asset to another party. The right-of-use asset can only be used by the lessee. Unless permitted by the owner, the lease prohibits from selling or pledging the underlying leased assets as security. The leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. A summary of the maturity analysis of lease liabilities is disclosed in Note 28E. Total cash outflows from leases are shown in the statement of cash flows. The related right-of-use-assets are disclosed in Note 14A.

Apart from the disclosures made in other notes to the financial statements, amounts relating to leases include the following:

	Group		Company	
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000
Expense relating to short-term leases included in:-				
Cost of sales	_	4	_	4
Distribution expenses	203	96	_	_
Administrative expenses	32	60	22	60

For the financial year ended 31 December 2023

25. Lease liabilities (cont'd)

As lessor

The Group has leased out its plant and equipment under operating leases as disclosed in Note 14. The leases are classified as operating leases because the risk and rewards incidental to the ownership of the assets are not substantially transferred. The plant and equipment are leased out to the Group's major distributors ("lessees") to be utilised in the retail and food & beverage outlets operated by the distributors.

The table below discloses the undiscounted lease payments to be received by the Group for its operating leases after the reporting date as follows:

	Group		
	2023	2022	
	US\$'000	US\$'000	
Less than one year	752	402	
One to five years	4,630	4,144

The ranges of fixed rate interest rates p Shareholders' loan	aid were as fo	ollows:		
2023 2022			2.3	34% - 8.00% 2.34%

26A. Bank loans (secured)

The bank loans amounting to US\$1.5 million (2022: US\$5.0 million) are subject to floating interest rates. The fair value (Level 2) is a reasonable approximation of the carrying amounts as they are floating rate instruments that are frequently re-priced to market interest rates. In prior year, the Group restructured the facilities to convert part of the bank overdrafts into bank loans.

The bank loans are covered by the following:

- (a) Personal guarantees from a director of the Company; and
- (b) Floating charge over a subsidiary's bank account.

The bank loan of US\$3.5 million is initially repayable over 36 monthly installments, commencing from the drawdown on various date. On 31 March 2023, the bank loan was fully repaid.

The secured bank loan of US\$1.5 million (2022: US\$1.5 million) as at 31 March 2023 is initially repayable within 12 months from the date of drawdown and its maturity is extended on a rolling 12 months basis. Subsequent to the financial year end, on 30 June 2023, the Group has fully repaid this secured bank loan.

26B. Shareholders' loans

In 2022, US\$5.05 million of the shareholders' loans and associated accrued interests were converted into share capital of the Company.

The loan amounts of US\$6.1 million are due to shareholders, who are also directors of the Company, are denominated in US Dollars and are unsecured, interest is accrued on indebtedness at the rate of 2.34% per annum (2022: 2.34% per annum) and new corpoarate shareholder's loans amount of US\$1.5 million which are denominated in Singapore Dollars and are unsecured, interest is accrued on indebtedness at the rate of 8.00% per annum (2022: Nil% per annum).

For the financial year ended 31 December 2023

27. Contingent liabilities

Corporate guarantees

The Company has provided guarantees to its subsidiaries' franchisors in relation to the payments and performance obligations of the subsidiaries. The financial effects of SFRS(I) 9 relating to financial guarantee contracts issued by the Company are not material to the financial statements of the Company and therefore not recognised.

28. Financial instruments: information on financial risks

28A. Categories of financial assets and liabilities

The following table categorises the carrying amount of financial assets and liabilities recorded at the end of the reporting year:

	Group		Com	pany
	2023	2022	2023	2022
	US\$'000	US\$'000	US\$'000	US\$'000
Financial assets: Financial assets at amortised cost	19,469	22,115	21,825	25,082
<u>Financial liabilities:</u> Financial liabilities at amortised cost	14,267	16,266	9,295	7,093

28B. Financial risk management

The main purpose for holding or issuing financial instruments is to raise and manage the finances for the Group's operating, investing and financing activities. There are exposures to the financial risks on the financial instruments such as credit risk, liquidity risk and market risk comprising interest rate, currency risk and price risk exposures. Management has certain practices for the management of financial risks. The guidelines set up the short and long term objectives and action to be taken in order to manage the financial risks. The guidelines include the following:

- 1. Minimise interest rate, currency, credit and market risks for all kinds of transactions.
- 2. Maximise the use of "natural hedge": favouring as much as possible the natural off-setting of sales and costs and payables and receivables denominated in the same currency and therefore put in place hedging strategies only for the excess balance. The same strategy is pursued with regard to interest rate risk.
- All financial risk management activities are carried out and monitored by senior management staff.
- 4. All financial risk management activities are carried out following acceptable market practices.

There have been no changes to the objectives, policies and processes for managing the risk and the methods used to measure the risk during the year.

For the financial year ended 31 December 2023

28. Financial instruments: information on financial risks (cont'd)

28C. Fair values of financial instruments

The analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 are disclosed in the relevant notes to the financial statements. These include the significant financial instruments stated at amortised cost and at fair value in the statement of financial position. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value.

28D. Credit risk on financial assets

Financial assets that are potentially subject to concentrations of credit risk and failures by counterparties to discharge their obligations in full or in a timely manner. These arise principally from cash balances with banks, cash equivalents, receivables and other financial assets. The maximum exposure to credit risk is the total of the fair value of the financial assets at the end of the reporting year. Credit risk on cash balances with banks and any other financial instruments is limited because the counter-parties are entities with acceptable credit ratings. The Group worked with local distributors to derive the cash flow projections of local distributors to determine the ability of the debtors to settle the trade receivable amounts. The calculations made use of cash flow projections prepared by the debtors (assisted by the Group's management) based on budgets and projections, taking into account initiatives currently undertaken to deliver expected future performance against latest market expectations, and using suitable discount rates for the projections. These estimates require a degree of estimation and judgement. The allowance for expected credit loss is based on the lifetime expected credit loss.

Note 22 disclosed the maturity of cash and cash equivalents balances. Cash and cash equivalents are held with reputable financial institutions and there was no identified impairment loss.

Maximum exposure and concentration of credit risk

The maximum exposure to credit risk is the total of the fair value of the financial assets at the end of the financial year.

Concentration of credit risk exists when changes in economic, industry or geographical factors similarly affect group of counterparties whose aggregate exposure is significant in relation to the Group's total credit exposure. Ongoing credit evaluation is performed on the financial condition of receivables. As at 31 March 2023, approximately 99% (2022: 98%) of the Group's trade receivables were due from 3 (2022: 3) local business partners in Myanmar and 1 (2022: 1) associate. Credit risk on cash balances with banks and any other financial instruments is limited because the counter-parties are entities with acceptable credit ratings.

Significant increase in credit risk

In assessing whether the credit risk on a financial asset has increased signifi cantly since initial recognition, the Group compares the risk of a default occurring on the financial asset as at the end of the reporting period with the risk of a default occurring on the financial asset as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information, such as future economic and industry outlook, that is available without undue cost or effort.

For the financial year ended 31 December 2023

28. Financial instruments: information on financial risks (cont'd)

28D. Credit risk on financial assets (cont'd)

Significant increase in credit risk (cont'd)

A financial instrument is determined to have low credit risk; the borrower has a strong capacity to meet its contractual cash flow obligations in the near term; and adverse changes in economic and business conditions in the longer term may, but will not necessarily, reduce the ability of the borrower to fulfil its contractual cash flow obligations.

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes. Where information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred such as evidence that the borrower is in significant financial difficulty, there is a breach of contract such as default or past due event; there is information that it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; the disappearance of an active market for that financial asset because of financial difficulties; or the purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

Financial guarantees

The Company has issued financial guarantees to its subsidiaries' franchisors in relation to the payments and performance obligations of the subsidiaries. These guarantees are subject to the impairment requirements of SFRS(I) 9. The Company has assessed that its subsidiaries have the financial and operational capacity to meet the performance obligations. Hence, the Company does not expect significant credit losses arising from these guarantees.

28E. Liquidity risk - financial liabilities maturity analysis

The liquidity risk refers to the difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. It is expected that all the liabilities will be settled at their contractual maturity. The average credit period taken to settle trade payables varies. The classification of the financial assets is shown in the statement of financial position as they may be available to meet liquidity needs and no further analysis is deemed necessary.

The liquidity risk refers to the difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. It is expected that all the liabilities will be settled at their contractual maturity. The average credit period taken to settle trade payables varies. The classification of the financial assets is shown in the statement of financial position as they may be available to meet liquidity needs and no further analysis is deemed necessary.

The following table analysis the non-derivative financial liabilities by remaining contractual maturity (contractual and undiscounted cash flows):

For the financial year ended 31 December 2023

For the financial year ended 31 December 2023

28. Financial instruments: information on financial risks (cont'd)

28E. Liquidity risk – financial liabilities maturity analysis (cont'd)

The undiscounted amounts on the borrowings with fixed and floating interest rates are determined by reference to the conditions existing at the reporting date. In order to meet such cash commitments the operating activity is expected to generate sufficient cash inflows.

For issued financial guarantee contracts, the maximum amount of the guarantee is allocated to the earliest period in which the guarantee could be called. At the end of the year, no claims on the financial guarantees are expected to be payable.

28F. Interest rate risk

Interest rate risk arises on interest-bearing financial instruments recognised in the statement of financial position.

The following table analyses the breakdown of the significant financial instruments by type of interest rate:

	Group	
	2023	2022
	US\$'000	US\$'000
Financial assets with interest:		
Fixed rate	_	21
Floating rate	750	2,338
At end of year	750	2,359
Financial liabilities with interest: Fixed rate Floating rate At end of year	7,569 1,500 9,069	5,590 4,996 10,586

The floating rate debt instruments are with interest rates that are re-set regularly at one, three or six month intervals. The interest rates are disclosed in the respective notes. Sensitivity analysis for interest rate risk is not disclosed as the effect on the profit or loss is considered not significant with all other variables including tax rate being held constant.

For the financial year ended 31 December 2023

28. Financial instruments: information on financial risks (cont'd)

28G. Foreign currency risk

Foreign exchange risk arises on financial instruments that are denominated in a foreign currency, ie in a currency other than the functional currency in which they are measured. Currency risk does not arise from financial instruments that are non-monetary items or from financial instruments denominated in the functional currency.

Analysis of amounts denominated in non-functional currency:

	Singapore Dollars	Myanmar Kyats	Total
	US\$'000	US\$'000	US\$'000
2023:			
Financial assets:			
Cash and cash equivalents	556	81	637
Trade and other receivables	20	_	20
Total financial assets	576	81	657
Financial liabilities:			
Borrowings	1,479	_	1,479
Trade and other payables	813	535	1,348
Lease liabilities	579	_	579
Total financial liabilities	2,871	535	3,406
Net financial liabilities at end of year	(2,295)	(454)	(2,749)
	Singapore Dollars	Myanmar Kyats	Total
	US\$'000	US\$'000	US\$'000
2022:			
Financial assets:			
Cash and cash equivalents	44	50	94
Loans and receivables	14	_	14
Total financial assets	58	50	108
Financial liabilities:			
Borrowings	_	3,496	3,496
Trade and other payables	989	38	1,027
Total financial liabilities	989	3,534	4,523
Net financial liabilities at end of year	(931)	(3,484)	(4,415)
·		, ,	

For the financial year ended 31 December 2023

28. Financial instruments: information on financial risks (cont'd)

28G. Foreign currency risk (cont'd)

Sensitivity analysis:

	Group	
	2023	2022
	US\$'000	US\$'000
A 10% strengthening in the exchange rate of the functional currency United States Dollar against Singapore Dollar (SGD) with all other variables held constant would have an adverse		00
effect on pre-tax loss of:	230	93
A 10% strengthening in the exchange rate of the functional currency United States Dollar against Myanmar Kyats (MMK) with all other variables held constant would have a favourable		
effect on pre-tax loss of:	45	348

The above table shows sensitivity to a hypothetical percentage variation in the functional currency against the relevant material non-functional foreign currencies. The sensitivity rate used is the reasonably possible change in foreign exchange rates. For similar rate weakening of the functional currency against the relevant foreign currencies above, there would be comparable impacts in the opposite direction on profit or loss.

The hypothetical changes in exchange rates are not based on observable market data (unobservable inputs). The sensitivity analysis is disclosed for each non-functional currency to which the entity has significant exposure at end of the reporting year. The analysis above has been carried out on the basis that there are no hedged transactions.

29 Events after the end of the reporting year

- (a) Subsequent to the financial year end, on 29 May 2023 and 27 June 2023, the Group received additional funding support from its shareholders in the form of shareholders' loans of US\$0.75 million and US\$1.5 million respectively.
- (b) Subsequent to the financial year end, on 27 June 2023, the Group announced it has entered into a sale and purchase agreement to acquire 255,000 ordinary shares representing 51% of the issued and paid share capital of Provino Logistics Pte. Ltd. ("Provino") for a total consideration of S\$1.7 million. The acquisition will be funded via the allotment and issuance of new shares of the Company and cash payment to the acquiree of S\$1.2 million and S\$0.5 million respectively. This is part of the Group's corporate strategy to diversify and expand into complementary business areas within the food and beverage industry and the proposed acquisition will provide the group with a new source of revenue and further develop the Group's logistics business.
- (c) Subsequent to the financial year end, on 30 June 2023, the Group has fully repaid its external bank borrowing amounting to US\$1.5 million. Following this repayment, the Group does not have any outstanding external bank borrowings moving forward.

For the financial year ended 31 December 2023

2022

29 Events after the end of the reporting year (cont'd)

- (d) The Group has further entered into a loan agreement with one of its shareholders for additional loans of US\$0.75 million which is expected to be disbursed in September 2023.
- (e) The Group has also obtained undertakings from the shareholders not to recall the shareholders' loans of US\$6.1 million (2022: US\$5.6 million), and to provide financial support for at least another 12 months from the date of the financial statements.

30. Comparative figures

In the previous financial year, depreication charges for the Group's plant and equipment amounting to US\$1.85 million were classified under administrative expenses.

During the financial year, management has reassessed and reclassified the depreciation charges for the Group's plant and equipment which are leased out under operating leases as disclosed in Note 14 to the financial statements from administrative expenses to costs of sales in view of the trade nature of the depreciation charges taking into consideration that revenue earned from the lease of the plant and equipment following the resumption of the usage rental charges for the use of the plant and equipment.

The impact of the reclassification adjustment to the comparative figures is summarised in the table below:

2022		
As previously		As
reported	Reclassification	reclassified
US\$'000	US\$'000	US\$'000
(4)	(1,850)	(1,854)
(3,718)	1,850	(1,868)
	reported US\$'000	reported Reclassification US\$'000 US\$'000 (4) (1,850)

31. Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial year, the Group has adopted all the new and amended standards which are relevant to the Group and are effective for annual financial periods beginning on or after 1 April 2022. The adoption of these standards did not have any material effect on the Group's financial statements.

For the financial year ended 31 December 2023

32. Standards issued but not effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

	Effective for annual periods beginning on or after
Amendments to SFRS(I) 1-1 and SFRS(I) Practice Statement Disclosure of Accounting Policies	1 January 2023
Amendments to SFRS(I) 1-8 Definition of Accounting Estimates	1 January 2023
Amendments to SFRS(I) 1-12 Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023
Amendments to SFRS(I) 1-1 Classification of Liabilities as Current or Non-current	1 January 2024
 Amendments to SFRS(I) 16 Lease Liability in a Sale and Leaseback 	1 January 2024
 Amendments to SFRS(I) 1-1 Non-current Liabilities with Covenants 	1 January 2024
 Amendments to SFRS(I) 1-7 and SFRS(I) 7: Supplier Finance Arrangements 	1 January 2024

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the period of initial application.

STATISTICS OF SHAREHOLDINGS

As at 19 June 2023

Issued and fully paid share capital : \$\$100,432,543.83

Total number of shares in issue : 573,222,910

Class of shares : One vote per share

Voting rights : One vote per share

There are no treasury shares held in the issued share capital of the Company.

SHAREHOLDINGS HELD IN HANDS OF PUBLIC

Based on the information provided and to the best knowledge of the Directors, approximately **32.79%** of the issued ordinary shares of the Company were held in the hands of the public as at 19 June 2023 and therefore Rule 723 of the Listing Manual is complied with.

NOTICE IS HEREBY GIVEN that the Annual General Meeting of SMI VANTAGE LIMITED (the "Company") will be held at Singapore Cricket Club, Connaught Drive, Singapore 179681 on Monday, 31 July 2023 at 3.00 p.m., for the following purposes:

AS ORDINARY BUSINESS:

1.	To receive and adopt the Audited Financial Statements for the financial year ended 31 March 2023 together with the Directors' Statement and the Independent Auditors' Report thereon.	(Resolution 1)
2.	To approve the payment of Directors' fees of S\$160,000 for the financial year ended 31 March 2023. (2022: S\$160,000)	(Resolution 2)
3.	To re-elect Mr Mark Francis Bedingham, a Director who is retiring under Article 91 of the Company's Constitution and who being eligible, offers himself for re-election.	(Resolution 3)
4.	To re-elect Mr Willem Mark Nabarro, a Director who is retiring under Article 97 of the Company's Constitution and who being eligible, offers himself for re-election. (see explanatory note 1)	(Resolution 4)
5.	To re-elect Ms Edna Claudine Leong Lai Yee, a Director who is retiring under Article 97 of the Company's Constitution and who being eligible, offers herself for re-election. (see explanatory note 1)	(Resolution 5)
6.	To re-appoint Messrs PKF-CAP LLP as Auditors of the Company and to authorise the Directors to fix their remuneration.	(Resolution 6)

AS SPECIAL BUSINESS:

To consider and, if thought fit, to pass the following as Ordinary Resolutions with or without any modifications:

7. Authority to Allot and Issue Shares

(Resolution 7)

- "(A) That, pursuant to Section 161 of the Companies Act 1967 and the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST"), approval be and is hereby given to the Directors of the Company to:
 - (i) issue shares in the capital of the Company whether by way of rights, bonus or otherwise;
 - (ii) make or grant offers, agreements or options that might or would require shares to be issued or other transferable rights to subscribe for or purchase shares

(collectively, "**Instruments**") including but not limited to the creation and issue of warrants, debentures or other instruments convertible into shares; and/or

- (iii) issue additional Instruments arising from adjustments made to the number of Instruments previously issued in the event of rights, bonus or capitalisation issues, at any time to such persons and upon such terms and for such purposes as the Directors of the Company may in their absolute discretion deem fit; and
- (B) (notwithstanding the authority conferred by the shareholders may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors of the Company while the authority was in force,

provided always that

- (a) the aggregate number of shares to be issued pursuant to this resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this resolution) does not exceed 50% of the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) of the Company (as calculated in accordance with sub-paragraph (b) below), of which the aggregate number of shares (including shares to be issued in pursuance of Instruments made or granted pursuant to this resolution) to be issued other than on a pro rata basis to shareholders of the Company does not exceed 20% of the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) of the Company (as calculated in accordance with sub-paragraph (b) below);
- (b) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under subparagraph (a) above, the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings, if any) of the Company at the time this Resolution is passed, after adjusting for:
 - (i) new shares arising from the conversion or exercise of any convertible securities:
 - (ii) new shares arising from exercising share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual of SGX-ST; and
 - (iii) any subsequent bonus issue, consolidation or subdivision of shares,

Adjustments in accordance with sub-paragraphs (i) and (ii) above are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time this Resolution is passed;

(c) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution of the Company; and unless revoked or varied by the Company in general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier."

(see explanatory note 2)

8. Authority to allot and issue shares pursuant to the awards granted under SMI Performance Share Plan

(Resolution 8)

"That, pursuant to Section 161 of the Companies Act 1967, approval be and is hereby given to the Directors to allot and issue from time to time such number of shares as may be required to be issued pursuant to the vesting of the awards under SMI Performance Share Plan ("SMI PSP"), provided always that the aggregate number of shares to be allotted and issued pursuant to SMI PSP, when aggregated together with shares to be allotted and issued pursuant to any other existing employee share schemes of the Company shall not exceed 15 per cent (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) from time to time."

(see explanatory note 3)

9. Authority to allot and issue shares pursuant to the exercise of options under SMI Employee Share Option Scheme

(Resolution 9)

"That, pursuant to Section 161 of the Companies Act 1967, approval be and is hereby given to the Directors to allot and issue from time to time such number of shares as may be required to be issued pursuant to the vesting of the options under SMI Employee Share Option Scheme ("SMI ESOS"), provided always that the aggregate number of shares to be allotted and issued pursuant to SMI ESOS, when aggregated together with shares to be allotted and issued pursuant to any other existing employee share schemes of the Company shall not exceed 15 per cent (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) from time to time."

(see explanatory note 4)

10. To transact any other business that may be properly transacted at an Annual General Meeting.

BY ORDER OF THE BOARD

Lee Wei Hsiung Company Secretary Singapore

14 July 2023

EXPLANATORY NOTES:

- 1. Mr Willem Mark Nabarro will, upon re-election as a Director of the Company, remain as an Independent Director, the Chairman of the Remuneration Committee, a member of the Audit and Nominating Committees.
 - Ms Edna Claudine Leong Lai Yee will, upon re-election as a Director of the Company, remain as an Independent Director, the Chairman of the Nominating Committee, a member of the Audit and Remuneration Committee.
 - The Directors who have offered themselves for re-election have each confirmed that, they do not have any relationships (including immediate family relationships) with other Directors, the Company, its related corporations or its substantial shareholders. Please refer to the "Disclosure of information on Directors seeking re-election" section of the Annual Report of the Company for detailed information required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- 2. The proposed Ordinary Resolution 7, if passed, will authorise and empower the Directors from the date of this Meeting until the conclusion of the next Annual General Meeting, or the date by which the next Annual General Meeting of the Company is required by law to be held, or when revoked or varied by the Company in general meeting, whichever is earlier, to allot and issue shares in the Company. The maximum number of shares which the Directors may issue under this resolution shall not exceed the quantum as set out in the resolution.
- 3. The proposed Ordinary Resolution 8 if passed, will empower the Directors to allot and issue shares in the capital of the Company, pursuant to the vesting of the awards under SMI PSP which was approved at the extraordinary general meeting of the Company on 30 July 2014, provided always that the aggregate number of shares to be issued under SMI PSP, when aggregated with shares to be issued under any other existing share scheme of the Company, does not exceed 15 per cent (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) for the time being.
- 4. The proposed Ordinary Resolution 9, if passed, will empower the Directors to allot and issue shares in the capital of the Company, pursuant to the vesting of the options under SMI ESOS which was approved at the extraordinary general meeting of the Company on 23 July 2017, provided always that the aggregate number of shares to be issued under SMI ESOS, when aggregated with shares to be issued under any other existing share scheme of the Company, does not exceed 15 per cent (15%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) for the time being.

IMPORTANT NOTES:

Format of Meeting

1. The Annual General Meeting ("AGM") will be held, in a wholly physical format, at Singapore Cricket Club, Connaught Drive, Singapore 179681 on Monday, 31 July 2023 at 3.00 p.m. Shareholders, including Central Depository Fund Investment Scheme ("CPF") and Supplementary Retirement Scheme ("SRS") investors, and (where applicable) duly appointed proxies and representatives will be able to ask questions and vote at the AGM by attending the AGM in person. There will be no option for shareholders to participate virtually.

Access to Documents

2. Printed copies of this Notice, the accompanying proxy form and the Annual Report 2023 will be sent by post to members. These documents will also be published on the Company's website at http://sinmi.listedcompany.com/newsroom.html and the SGX website at https://www.sgx.com/securities/company-announcements.

Submission of Questions

- 3. **Submission of questions.** Shareholders, including CPF and SRS investors, can submit substantial and relevant questions related to the resolutions to be tabled for approval at the AGM in advance of the AGM, in the following manner:
 - (a) **by post** to the Company's Share Registrar, Tricor Barbinder Share Registration Services, at 80 Robinson Road, #11-02, Singapore 068898; or
 - (b) **by email** to the Company's Share Registrar, Tricor Barbinder Share Registration Services at sg.is.proxy@sg.tricorglobal.com.

Shareholders are required to provide the Company with the following details when sending in their questions by post or email:

- their full names;
- their full address: and
- the manner in which they hold shares in the Company (e.g. via The Central Depository (Pte) Limited, CPF or SRS).

For submission of questions in advance by the shareholders, all questions must be received by 5.00 p.m. on 22 July 2023.

Addressing questions. The Company will endeavour to address all substantial and relevant questions which shareholders have submitted in advance by publishing the Company's responses to such questions via the SGX website and the Company's website by 3.00 p.m. on 26 July 2023. The Company will respond to questions or follow-up questions (which are related to the resolutions to be tabled for approval at the AGM) submitted after the 22 July 2023 deadline either within a reasonable timeframe before the AGM, or at the AGM itself. Where substantially similar questions are received, the Company will consolidate such questions and consequently not all questions may be individually addressed.

Minutes of AGM. The Company will, within one month after the date of the AGM, publish the minutes of the AGM on the SGX website and the Company's website respectively. The minutes of the AGM will include the responses to substantial and relevant questions from shareholders which are addressed during the AGM.

Appointment of Proxy(ies)

4. A member who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member's form of proxy appoints more than one (1) proxy, the proportion of his/her shareholding concerned to be represented by each proxy shall be specified in the form of proxy.

A member who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

A member who wishes to appoint a proxy(ies) must complete the instrument appointing a proxy(ies), before submitting it in the manner set out below.

- 5. A proxy need not be a member of the Company. A member may choose to appoint the Chairman of the Meeting as his/her/its proxy.
- 6. Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting for, voting against or abstentions from voting, in respect of a resolution in the form of proxy appointing the Chairman of the Meeting as proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.
- 7. CPF or SRS investors:
 - (a) may vote at the AGM if they are appointed as proxies by their respective CPF Agent Banks or SRS Operators, and should contact their respective CPF Agent Banks or SRS Operators if they have any queries regarding their appointment as proxies; or
 - (b) may appoint the Chairman of the Meeting as proxy to vote on their behalf at the AGM, in which case they should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 19 July 2023, being 7 working days before the date of the AGM.
- 8. The instrument appointing a proxy(ies) must be submitted to the Company in the following manner:
 - (a) if submitted by post, be deposited at the Company's Share Registrar, Tricor Barbinder Share Registration Services at 80 Robinson Road, #11-02, Singapore 068898; or
 - (b) if submitted electronically, be submitted via email to the Company's Share Registrar, Tricor Barbinder Share Registration Services at sg.is.proxy@sg.tricorglobal.com.

in either case not less than forty-eight (48) hours before the time appointed for holding the AGM.

PERSONAL DATA PRIVACY

By submitting a proxy form appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the AGM and/or any adjournment thereof, a member of the Company (i) consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing and administration by the Company (or its agents or service providers) of proxies and representatives appointed for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the AGM (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the member discloses the personal data of the member's proxy(ies) and/or representative(s) to the Company (or its agents or service providers), the member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the member's breach of warranty.

Mr Mark Francis Bedingham, Mr Willem Mark Nabarro and Ms Edna Claudine Leong Lai Yee are the Directors seeking reelection at the forthcoming Annual General Meeting of the Company to be convened on 31 July 2023 ("AGM") (collectively, the "Retiring Directors" and each a "Retiring Director").

Pursuant to Rule 720(6) of the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST"), the following is the information relating to the Retiring Directors as set out in Appendix 7.4.1 to the Listing Manual of the SGX-ST:

SMI VANTAGE LIMITED

(Company Registration Number 200505764Z) (Incorporated in the Republic of Singapore)

PROXY FORM ANNUAL GENERAL MEETING

Address

This proxy form has been made available on SGXNet and the Company's website at http://sin-mi.listedcompany.com/newsroom.html.

IMPORTANT:

- The Annual General Meeting ("AGM") will be held, in a wholly physical format, at Singapore Cricket Club, Connaught Drive, Singapore 179681 on Monday, 31 July 2023 at 3.00 p.m. There will be no option for shareholders to participate virtually. Arrangements relating to, among others, attendance at the AGM, submission of questions in advance, addressing of substantial and relevant questions in advance of, or at the AGM and voting at the AGM are set out in the Notice of AGM dated 14 July 2023 which are published on the SGX website and the Company's website.
- This Proxy Form is not valid for use by Central Depository Fund Investment Scheme ("CPF") and Supplementary Retirement Scheme ("SRS") investors and shall be ineffective for all intents and purposes if used or purported to be used by them. CPF/ SRS investors:
 - may vote at the AGM if they are appointed as proxies by their respective CPF Agent Banks or SRS Operators, and should contact their respective CPF Agent Banks or SRS Operators if they have any queries regarding their appointment as proxies; or
 - may appoint the Chairman of the Meeting as proxy to vote on their behalf at the AGM, in which case they should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 19 July 2023, being 7 working days before the date of the AGM.
- By submitting an instrument appointing a proxy(ies), the member accepts and agrees to the personal data privacy terms set out in the Notice of AGM dated 14 July 2023. Please read the notes overleaf which contain instructions on, inter alia, the appointment of a proxy(ies).

No.	Ordinary Resolutions	For	Against	Abstain	
ORDI	ORDINARY BUSINESS				
1.	Adoption of Audited Financial Statements for the financial year ended 31 March 2023 together with the Directors' Statements and the Independent Auditors' Report thereon.				
2.	Approval of Directors' fees amounting to S\$160,000 for the financial year ended 31 March 2023.				
3.	To re-elect Mr Mark Francis Bedingham, a Director who is retiring under Article 91 of the Company's Constitution and who being eligible, offers himself for re-election.				
4.	To re-elect Mr Willem Mark Nabarro, a Director who is retiring under Article 97 of the Company's Constitution and who being eligible, offers himself for re-election.				
5.	To re-elect Ms Edna Claudine Leong Lai Yee, a Director who is retiring under Article 97 of the Company's Constitution and who being eligible, offers herself for re-election.				
6.	To re-appoint Messrs PKF-CAP LLP as Auditors of the Company and to authorise the Directors to fix their remuneration.				
SPEC	SPECIAL BUSINESS				
7.	To authorise the Directors to allot and issue new shares in the Company and make/grant/offer Instruments.				
8.	To authorise the Directors to allot and issue shares pursuant to the awards granted under SMI Performance Share Plan.				
9.	To authorise the Directors to allot and issue shares pursuant to the exercise of options under SMI Employee Share Option Scheme.				

Note: Voting will be conducted by poll. If you wish your proxy/proxies to cast all your votes "For" or "Against" a resolution, please indicate with an "X" in the "For" or "Against" box provided in respect of that resolution. Alternatively, please indicate the number of votes "For" or "Against" in the "For" or "Against" box provided in respect of that resolution. If you wish your proxy/proxies to abstain from voting on a resolution, please indicate with an "X" in the "Abstain" box provided in respect of that resolution. Alternatively, please indicate the number of ordinary shares that your proxy/proxies is directed to abstain from voting in the "Abstain" box provided in respect of that resolution. In any other case, the proxy/proxies may vote or abstain as the proxy/proxies deem(s) fit on any of the above resolutions if no voting instruction is specified, and on any other matter arising at the AGM.

*Delete as appropriate			
Datad this	day of 2000	Total No. of Shares in	No. of Shares
ated this day of 2023	CDP Register		
		Register of Members	

NOTES:

- 1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in section 81SF of the Securities and Futures Act 2001), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy shall be deemed to relate to all the shares held by you.
- 2. A member of the Company who is not a relevant intermediary is entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. Where such member's form of proxy appoints more than one (1) proxy, the proportion of his/her shareholding concerned to be represented by each proxy shall be specified in the form of proxy.

A member of the Company who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend, speak and vote at the AGM, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two (2) proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act 1967.

A member who wishes to appoint a proxy(ies) must complete the instrument appointing a proxy(ies), before submitting it in the manner set out below.

- 3. A proxy need not be a member of the Company. A member may choose to appoint the Chairman of the Meeting as his/her/its proxy.
- 4. Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.
- 5. The form appointing a proxy(ies) must be under the hand of the appointor or of his/her attorney duly authorised in writing. Where the form appointing a proxy(ies) is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where a form appointing a proxy(ies) is signed and authorised on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the form appointing a proxy(ies) is submitted by post, be lodged with the form of proxy or, if the form of proxy is submitted electronically via email, be emailed with the form of proxy, failing which the form may be treated as invalid.
- 6. A corporation which is a member may also authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Annual General Meeting, in accordance with Section 179 of the Companies Act 1967.
- 7. The appointment of a proxy(ies) shall not preclude a member from attending, speaking and voting in person at the Annual General Meeting. If a member attends the Annual General Meeting in person, the appointment of a proxy(ies) shall be deemed to be revoked, and the Company reserves the right to refuse to admit such proxy(ies) to the Annual General Meeting.
- 8. The form appointing a proxy(ies), duly completed and signed, must be submitted to the Company in the following manner:
 - (a) if submitted by post, be deposited at the Company's Share Registrar, Tricor Barbinder Share Registration Services at 80 Robinson Road #11-02, Singapore 068898; or
 - (b) if submitted electronically, be submitted via email to the Company's Share Registrar, Tricor Barbinder Share Registration Services at sg.is.proxy@sg.tricorglobal.com,

in either case, by not later than 3.00 p.m. on 29 July 2023, being forty-eight (48) hours before the time appointed for holding the Annual General Meeting.

Members are strongly encouraged to submit completed proxy forms electronically via email.

- 9. An investor who holds shares under the Central Depository Fund Investment Scheme ("CPF investor") and/or the Supplementary Retirement Scheme ("SRS") (as may be applicable) may attend and cast his/her vote(s) at the Annual General Meeting in person. CPF and SRS investors who are unable to attend the Annual General Meeting but would like to vote, may inform their CPF and/or SRS Approved Nominees to appoint the Chairman of the Annual General Meeting to act as their proxy, in which case, the CPF and SRS investors shall be precluded from attending the Annual General Meeting.
- 10. The Company shall be entitled to reject the form appointing a proxy(ies) if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the form appointing a proxy(ies) (including any related attachment). In addition, in the case of members whose shares are entered against their names in the Depository Register, the Company may reject any form appointing a proxy(ies) lodged or submitted if such members are not shown to have shares entered against their names in the Depository Register seventy-two (72) hours before the time appointed for holding the Annual General Meeting, as certified by The Central Depository (Pte) Limited to the Company.
