**DONATION OF HAND SANITISERS TO THE HOME NURSING FOUNDATION**

---

The Board of Directors (the “**Board**”) of USP Group Limited (the “**Company**” and together with its subsidiaries, the “**Group**”), is pleased to announce that as part of its corporate social responsibility initiatives to support local charitable or medical institutions at the frontline in the fight against the Covid-19 pandemic, the Group has on 14 August 2020 donated a batch of 300 bottles of 500 ml anti-bacterial Hand Sanitisers (with aloe vera), to the Home Nursing Foundation, Singapore.

Founded in 1976, HNF is the largest and most established home healthcare service provider in Singapore and is also the only provider that operates island-wide in Singapore. HNF delivers comprehensive care programmes dedicated to patients, regardless of their income level. From nursing to medical care, to looking after patients’ social well-being and other practical daily needs, HNF bring care and support into the homes of those in need.

During this Covid-19 pandemic, HNF’s nurses and staff continue to deliver care and attention to patients selflessly.

The Group recognises HNF’s nurses and staff who are at the frontline of the fight against the Covid-19 pandemic in Singapore and hopes to support it with donations of hand sanitisers (with aloe vera) for use by its nurses and staff.

The Group will continue to produce more of these Hand Sanitisers to support HNF and other front-liners in this fight against the Covid-19 pandemic.

For and on behalf of  
USP Group Limited

Tanoto Sau Ian  
Executive Director and Chief Executive Officer
