

EDITION LTD.
(Registration No. 200411873E)
(Incorporated in the Republic of Singapore)

**USE OF ALTERNATIVE REFERENCE POINT TO DETERMINE MATERIALITY OF
INTERESTED PERSON TRANSACTIONS**

The Board of Directors (the “**Board**”) of Edition Ltd. (the “**Company**”, and together with its subsidiaries, the “**Group**”) is pleased to announce that the Company had on 19 January 2026 consulted with the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) to use the market capitalisation of the Company as an alternative benchmark in lieu of using the latest audited net tangible assets of the Group (“**NTA**”) to determine the materiality of the Group’s interested person transactions (“**IPTs**”) under Rules 905 and 906 of the Listing Manual Section B: Rules of Catalist of the SGX-ST (the “**Catalist Rules**”), for the financial year ending 31 December 2026 (“**FY2026**”).

Given that the Group’s latest audited NTA as at 31 December 2024 and unaudited NTA as at 30 June 2025 were negative, the Company is of the view that it is not meaningful to adopt NTA as the basis to compute the materiality thresholds for IPTs carried out in FY2026.

The SGX-ST has, on 2 February 2026, informed that the Company may use the average of the Company’s daily market capitalisation for the last month of the immediate preceding financial year, which will be computed based on the total number of issued shares (excluding treasury shares) multiplied by the volume weighted average price for each trading day in that month as an alternative reference point (the “**Alternative Reference Point**”) to determine materiality thresholds for IPTs under Rules 905 and 906 of the Catalist Rules for such period that the Group’s net tangible assets remains negative.

Accordingly, the Group will be adopting the Alternative Reference Point to determine the materiality thresholds for IPTs entered into from FY2026 onwards.

By order of the Board
