

InterCement new CEO

InterCement is proud to announce that Ricardo Lima, as of August 1st, will assume the position of CEO of InterCement Participações, S.A.. Ricardo Lima will accumulate this office with his previous responsibilities within the company as Chief of Operations.

Mr. Lima has worked at InterCement since 2004, serving as general executive in Brazil and Argentina. Prior to assuming his current position, he worked at Aços Villares Sidenor S.A. and Eluma S.A. Mr. Lima graduated with a degree in metallurgical engineering from Escola Politécnica – Universidade de São Paulo, a master's degree in industrial management from Fundação Don Cabral, a post master's degree in market leadership from Kellogg University and Advanced Management Program at Harvard.

Ricardo Lima will take the office previously taken by José Édison Barros Franco, that will continue in the company as Chairman of the Board of Directors. It is due a special word of praise for José Édison Barros Franco for his invaluable contribution since 2004, namely in the development, internationalization and growth success story of InterCement.
