CORPORATE **PROFILE**

Kori Holdings Limited, through its wholly-owned subsidiaries, Kori Construction (S) Pte. Ltd., Ming Shin Construction (S) Pte. Ltd. and Kori Construction (M) Sdn. Bhd., (collectively, the "Group") is principally engaged in providing civil/structural engineering and infrastructural construction services as a sub-contractor for commercial, industrial and public infrastructural construction projects. Its customers include local and overseas developers in the engineering construction industry. Its portfolio includes supplying and installing strutting and decking for large-scale MRT construction projects. The Group's businesses can be categorised into two main segments, namely, structural steelworks services and tunneling services.

CHAIRMAN'S **STATEMENT**

Although it was another challenging year for the construction sector in 2016, I am pleased to report that the Group's performance for the financial year ended 31 December 2016 ("FY2016") was better than that for the financial year ended 31 December 2015 ("FY2015"). During the year, the Group restructured its operations to overcome the manpower constraints. At the same time, we also sent our staff for training to upgrade their skillsets. All these measures helped the Group to consolidate our strengths to weather the present economic slowdown and future challenges facing the industry.

DEAR SHAREHOLDERS

Although it was another challenging year for the construction sector in 2016, I am pleased to report that the Group's performance for the financial year ended 31 December 2016 ("FY2016") was better than that for the financial year ended 31 December 2015 ("FY2015"). During the year, the Group restructured its operations to overcome the manpower constraints. At the same time, we also sent our staff for training to upgrade their skillsets. All these measures helped the Group to consolidate our strengths to weather the present economic slowdown and future challenges facing the industry.

For FY2016, we achieved total revenue of \$\$60.4 million, an increase of approximately \$\$9.4 million or 18.5% from \$\$51.0 million in FY2015. Revenue from the structural steelworks services segment accounted for approximately 87.1% of our Group's total revenue.

Our structural steelworks services segment's performance was commendable. Revenue increased by approximately 18.5% from S\$44.4 million in FY2015 to \$52.6 million in FY2016. This was due mainly to the increase in work done for the Mayflower Station Project, Beauty World and Hillview Project, Woodlands Station, Lentor Station and one newly commenced development, namely, Raffles Hospital @ North Bridge Road Project. However, the increase in revenue was partially offset by lower revenue contributions from several projects which were reaching completion during FY2016.

Revenue from the tunnelling services segment increased from S\$6.6 million in FY2015 to S\$7.8 million in FY2016 due mainly to increase in work done for the Jurong Island to Pioneer Transmission Cable Tunnel Project and two newly commenced works which are the Stevens Project and Shenton Way Project. The increase in work was partially offset by the reduction in work done for the East-West Transmission Cable Tunnel Project which was reaching completion stage.

We had also reduced our other losses of S\$0.2 million in FY2016 as compared to S\$3.2 million in FY2015. The reduction was attributed to the gain on sales of materials in FY2016 as compared to a loss in FY2015, a decrease in impairment loss and loss on disposal on investment in an associated company of approximately S\$1.6 million and net foreign currency loss of approximately S\$0.1 million.

Our Group's gross profit increased by approximately S\$1.1 million or 15.0% from S\$8.0 million in FY2015 to S\$9.1 million in FY2016. However, gross profit margin decreased slightly from 15.6% in FY2015 to 15.1% in FY2016. For the structural steelworks segment, gross profit margin decreased by 2.8 percentage points to 11.8%. This was due to higher than anticipated costs for a few projects. For the tunnelling services segment, the increase in gross profit margin by 15.1 percentage points to 37.6% was attributed to lower than projected remuneration expenses incurred for the tunnelling staff.

The Group's earnings per share increased from 0.02 Singapore cents in FY2015 to 0.03 Singapore cents for FY2016.

GROWTH STRATEGIES

The projects we secured in 2015 will take 24 months to complete. Projects such as (i) the supply, fabrication, installation and removal of temporary strutting works at Maxwell Station; (ii) the supply, installation and removal of temporary strutting and decking works at Mayflower Station; (iii) strutting and decking works at Lentor Station; and (iv) the strutting, deckpost, kingpost, decking and sheet piling at Marina Bay Station, as well as variation works at the Construction of Tunnels between Woodlands Station and Woodlands Avenue 12 were started in the second quarter of 2015 and due for completion only in 2017.

LOOKING AHEAD

According to the Building Construction Authority, the public sector construction demand is expected to increase in 2017. The mega public sector infrastructure projects will include various major contracts for the second phase of the Deep Tunnel Sewerage System (DTSS phase 2), North-South Corridor and Circle Line 6.

Our established track record, strong technical expertise and our strengths will put us in a favourable position to benefit from the announced public sector projects which are likely to be awarded this year.

According to the Building and Construction Authority (BCA), the outlook for the Singapore construction industry for 2017 looks positive. The BCA has projected the value of construction contracts to be awarded this year to reach between S\$28.0 billion and S\$35.0 billion which is higher than the preliminary estimate of S\$26.1 billion for 2016. The projected stronger construction demand is due to an anticipated increase in public sector construction demand from about S\$15.8 billion in 2016 to between S\$20.0 billion and S\$24.0 billion in 2017. This public sector is expected to contribute about 70% of the total construction demand, boosted by an increase in demand for most building types and civil engineering works.¹

REWARDING OUR SHAREHOLDERS

The Directors have recommended a first and final dividend of 0.1 Singapore cents per ordinary share for 99,200,000 shares of the Company, which, if approved at the forthcoming annual general meeting, will be paid to shareholders on 24 May 2017.

APPRECIATION

On behalf of the Board, I would like to extend my appreciation and gratitude to our customers, suppliers, business associates and bankers for their unwavering support. To the management and staff, thank you for your loyalty, dedication and commitment that have driven the Group to what it is today. My appreciation also goes to my fellow directors on the board for their invaluable counsel and guidance during the past year.

Last but not least, I would like to thank our shareholders and investors for their continued support and confidence in the Group. It is in this spirit that Kori will "Consolidate our Strengths" and build a better future.

Non-Executive and Non-Independent Chairman

FINANCIAL AND OPERATIONS REVIEW

The Group's total revenue for the financial year ended 31 December 2016 ("FY2016") increased by 18.5% from S\$51.0 million in FY2015 to S\$60.4 million. Revenue derived from the structural steelworks services segment accounted for approximately 87.1% of the Group's total revenue.

The increase in revenue from the Group's structural steelworks services segment by approximately 18.5% from S\$44.4 million in FY2015 to S\$52.6 million in FY2016 was mainly due to the increase in work done for Mayflower Station Project, Beauty World and Hillview Project, Woodlands Station Project, Lentor Station Project and one newly commenced development namely Raffles Hospital @ North Bridge Road. The increase in revenue was partially offset by lower revenue contributed from several projects which were reaching completion during FY2016.

Revenue from the tunnelling services segment increased from \$\$6.6 million in FY2015 to \$\$7.8 million in FY2016 due mainly to increase in work for the Jurong Island to Pioneer Transmission Cable Tunnel Project and two newly commenced works, namely Stevens Project and Shenton Way Project. The increase in work was partially offset by the reduction in work done for the East-West Transmission Cable Tunnel Project which was reaching completion stage.

Cost of works increased by approximately 19.1% from \$\$43.0 million in FY2015 to \$\$51.3 million in FY2016. This was primarily attributable to the increase in cost of works for the structural steelworks services segment of approximately \$\$8.5 million.

For the structural steelworks, cost of works for the structural steelworks services segment increased by 22.4% from approximately S\$37.9 million in FY2015 to S\$46.4 million in FY2016. This was largely due to an increase in subcontractors costs of S\$3.2 million, employee compensation of S\$2.9 million and rental expenses of S\$2.3 million which was in line with the increase in revenue from the structural steelworks services segment.

Cost of works for the tunnelling services segment decreased by 3.9% from approximately \$\$5.1 million in FY2015 to \$\$4.9 million in FY2016. This was attributable to decrease in employee compensation of \$\$0.3 million and rental expenses of \$\$0.1 million. But this was partially offset by an increase in other expenses of approximately \$\$0.1 million.

The Group's gross profit increased by approximately S\$1.1 million or 15.0% from S\$8.0 million in FY2015 to S\$9.1 million in FY2016. The Group's gross profit margin decreased from 15.6% in FY2015 to 15.1% in FY2016. For the structural steelworks segment, the decrease in gross profit margin by 2.8 percentage points to 11.8% was due to higher than anticipated costs for a few projects. For the tunnelling services segment, the increase in gross profit margin by 15.1 percentage points to 37.6% was attributable to lower than projected remuneration expenses incurred for the tunnelling staff.

Other losses were reduced by S\$3.0 million from S\$3.2 million in FY2015 to S\$0.2 million in FY2016. This was largely due to the gain on sales of materials in FY2016 as compared to loss on sales of materials in FY2015 and a decrease in impairment loss and loss on disposal on investment in an associated company, Fuchiang Construction Pte Ltd ("Fuchiang") of approximately S\$1.6 million and net foreign currency loss of approximately S\$0.1 million.

Administrative expenses increased by approximately S\$2.7 million or 96.7% from S\$2.8 million in FY2015 to S\$5.5 million in FY2016. This was attributable to an increase in allowance for impairment on trade and other receivables of approximately S\$2.5 million that was in relation to debts owed by Fuchiang, which is in the process of liquidation, and an increase in professional fees of approximately S\$0.1 million.

Interest expense increased by S0.05 million or 18.3% from S0.30 million in FY2015 to S0.35 million in FY2016 mainly due to the increase in utilisation of bank borrowings and finance lease in FY2016.

The Group recorded its share of loss from the Company's 51% owned associated company, Fuchiang, which amounted to approximately S\$0.03 million in FY2016 as compared to a share of profit of S\$0.12 million in FY2015. The losses incurred by Fuchiang in FY2016 were largely due to the increase in cost of sales as a result of more expensive materials and labour costs. The Company completed the disposal of Fuchiang in August 2016.

The Group recorded a profit before tax of S\$3.0 million in FY2016, an increase of S\$1.3 million as compared to the profit before tax of S\$1.7 million in FY2015, mainly due to the abovementioned factors.

Income tax expense of approximately S\$0.5 million was recorded in FY2016 as compared to approximately S\$0.1 million in FY2015. The income tax expense recorded was largely due to tax provision of S\$0.6 million in FY2016 offset by over provision of taxes in prior year of S\$0.1 million. The effective tax rate in FY2016 was lower than the statutory tax rate of 17% due mainly to enhanced tax deduction under the Productivity and Innovation Credit Scheme, statutory stepped income tax exemption and a tax rebate of 50% on the corporate tax payable.

REVIEW OF THE FINANCIAL POSITION OF THE GROUP

As at 31 December 2016, the Group's current assets increased by approximately S\$3.6 million to S\$74.4 million. The increase was attributable to the following:-

- An increase in trade and other receivables by approximately \$\$8.3 million, as a result of:-
 - increase in construction contracts due from customers and retention receivables of approximately S\$15.2 million which was in line with the increase in revenue;

- decrease in trade receivables due to settlement of billings by customers of approximately S\$2.3 million and impairment on amount due from associated company and loan to associated company of approximately S\$5.0 million;
- (ii) This was offset by:-
 - a decrease in inventories by approximately \$\$1.1 million mainly because the Group had utilised materials which were bought back previously for certain projects; and
 - a decrease in cash and bank balances by approximately S\$3.7 million.

The Group's non-current assets decreased by approximately S\$0.2 million to S\$2.3 million as at 31 December 2016. The decrease was mainly attributed to the disposal in investment of associated company of approximately S\$0.4 million in FY2016 and partially offset by an increase in capitalisation of development costs for the factory in Pasir Gudang, Johor Bahru and purchase of copier machine of approximately S\$0.2 million.

As at 31 December 2016, the Group's current liabilities increased by approximately S\$1.4 million to S\$29.3 million. This was mainly due to:-

(i) an increase in current borrowings by S\$4.0 million because of the increase in utilisation of invoice financing facilities from bank, drawdown loan to partially fund the development of the factory in Malaysia on the acquired land at Pasir Gudang, Johor Bahru and hire purchase of a new copier machine in aggregate of approximately S\$4.8 million, partially offset of repayment of bank borrowings and finance lease obligations of approximately S\$0.8 million;

This was offset by:

- a decrease in trade and other payables of approximately \$\$3.1 million. This was the result of:-
 - increase in trade payables of S\$1.6 million which was in line with a higher volume of work carried out for ongoing projects on hand;
 - decrease in construction contracts due to customers by S\$1.0 million. This was attributed to the decrease in the number of projects where revenue earned was less than the amount billed to customers based on percentage of completion method, and
 - decrease in other payables mainly due to the reduction in advance payment of S\$3.7 million from the customers in relation to the Woodlands Station Project, Marina Bay Station Project and Shenton Way Station Project.

As at 31 December 2016, the Group's equity of approximately \$\$47.2 million comprised mainly share capital of \$\$32.3 million and net reserves of \$\$14.9 million.

In FY2016, the Group recorded net cash outflow from operating activities of approximately \$\$6.5 million which was a result of operating cash flows before changes in working capital of approximately \$\$7.0 million, adjusted for net working capital outflow of approximately \$\$13.5 million. The Group's working capital outflows were mainly due to an increase in trade and other receivables of approximately \$\$11.4 million and a decrease in trade and other payables of approximately \$\$3.1 million. This was partially offset by a decrease in inventories of approximately \$\$1.1 million.

Net cash used by the Group in investing activities amounted to approximately S\$0.7 million, which was largely attributable to dividend payment to shareholders of approximately S\$0.5 million, development cost for the factory in Malaysia on the acquired land at Pasir Gudang, Johor Bahru and hire purchase of a new copier machine of S\$0.3 million. This was partially offset by proceeds from disposals of motor vehicle and apartment at Kuala Lumpur, Malaysia of S\$0.03 milion.

Net cash generated from financing activities amounted to approximately \$\$3.5 million in FY2016. This was largely due to the proceeds from bank borrowings of approximately \$\$4.7 million and partially offset by repayment of bank borrowings, bank deposits pledged, interest paid and repayment of finance leases which amounted to an aggregate of approximately \$\$1.2 million.

As at 31 December 2016, the Group's cash and cash equivalents were approximately S\$1.9 million.

Board Com	position and Guidance					
2.1 2.2 3.3		In view that the Chairman is not an independent director, Guideline 2.2 of the Code is met as the Independent Directors make up 60% of the Board.				
2.3 4.3		The Board takes into account the existence of relationships or circumstances, including those identified by the Code, that are relevant in its determination as to whether a Director is independent. In addition, the NC reviews the individual directors' declaration in their assessment of independence.				
		The NC has reviewed and confirmed the independence of the Independent Directors in accordance with the Code. The Independent Directors have also confirmed their independence in accordance with the Code.				

Guideline	Code and/or Guide Description	Company's Compliance or Explanation
	(a) Is there any Director who is deemed to be independent by the Board, notwithstanding the existence of a relationship as stated in the Code that would otherwise deem him not to be independent? If so, please identify the Director and specify the nature of such relationship.	
	(b) What are the Board's reasons for considering him independent? Please provide a detailed explanation.	
2.4	Has any Independent Director served on the Board for more than nine years since the date of his first appointment? If so, please identify the Director and set out the Board's reasons for considering him independent.	
2.5	What are the steps taken by the Board to progressively renew the Board composition?	The Board is of the opinion that it would be most effective to draw on the wealth of experience from the longer serving directors while concurrently taking progressive steps to review and consider opportunities to refresh the Board as and when deemed required. To meet the changing challenges in the industry and countries which the Group operates in, such reviews, which includes considering factors such as the expertise, skills and perspectives which the Board needs against the existing competencies would
		be done on a regular basis to ensure that the Board dynamics remain optimal.

Chairman a	nd Chief Executive Officer	
3.1	Are the duties between Chairman and CEO segregated?	The roles of the Chairman and CEO are separate to ensure a clear division of their responsibilities, increased accountability and greater capacity of the Board for independent decision making. The Chairman is not related to the CEO.
		The Chairman oversees the business of the Board. He ensures that Board meetings are convened when necessary. He sets the Board's meeting agenda in consultation with the CEO and ensures the quality, quantity and timeliness of the flow of information between the Board and key management personnel to facilitate efficient decision making.
		The CEO takes a leading role in developing the businesses of the Group and manages the day-to-day operations with the assistance of key management personnel. He also oversees the execution of the business and corporate strategy decisions made by the Board and ensures that the Directors are kept updated and informed of the Group's businesses.
3.4	Have the Independent Directors met in the absence of other directors?	The Independent Directors will meet in the absence of the other directors as and when circumstances warrant. The Independent Directors have met once in the absence of other directors in FY2016.

REMUNER	ATION MATTERS	
Developing	Remuneration Policies	
7.1	What is the role of the RC?	The RC is guided by key terms of reference as follows:
		 (a) Review and recommend to the Board a general framework of remuneration and specific remuneration packages for each Director and key management personnel; (b) Considering and approving termination payments, retirement payments, gratuities, ex-gratia payment, severance payments and other similar payments to each member of key management personnel; (c) Review and recommend to the Board the service contracts of Chief Executive Officer and Managing Director and key management personnel and ensure that such services contracts are fair and not excessively long or with onerous renewal/termination clauses; and (d) Reviewing the remuneration of employees who are related to the Directors and substantial shareholders to ensure that their remuneration packages are in line with the staff remuneration guideline and commensurate with their respective job scopes and level of responsibilities.
7.3	Were remuneration consultants engaged in the last financial year?	No remuneration consultants were engaged by the Company in FY2016. The Company is of the view that the annual review by the RC, which includes the referencing of Directors and key management personnel's remuneration against comparable benchmarks and giving due regard to prevailing market conditions as well as the financial, commercial health and business needs of the
		Group, is currently sufficient to ensure the continued relevance of such remuneration packages to the Group's strategic business objectives and alignment with market practices.
8.4	Are "claw-back" provisions provided for in the service agreements of Executive Directors and key management personnel?	The Company currently does not have any contractual provisions which allow it to reclaim incentives from the Executive Directors and key management personnel in certain circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or Company (and not on forward-looking results) as well as the actual results of its Executive Directors and key management personnel, "claw-back" provisions in the service agreements may not be relevant or appropriate.

		The AC is guided by the following key terms of reference:
		 (a) Assist the Board in the discharge of its responsibilities on financial reporting matters;
		(b) Review, with the IA and external auditors ("EA"), the audit plans, scope of work, their evaluation of the system of internal accounting controls, reports/management letters and the management's response, and results of the Company's audits compiled by the IA and EA;
		(c) Review the half-yearly and annual financial statements and results announcements before submission to the Board for approval, focusing in particular, on changes in accounting policies and practices, major risks areas, significant adjustments resulting from the audit, the going concern statement, compliance with financial reporting standards as well as compliance with the Catalist Rules and any other statutory/regulatory requirements;
		(d) Review the effectiveness and adequacy of the Company's internal controls and procedures, including accounting and financial controls and procedures and ensure coordination between the internal and external auditors and the management, reviewing the assistance given by the management to the auditors, and discuss problems and concerns, if any, arising from the interim and final audits, and any matters which the auditors may wish to discuss (in the absence of the management where necessary);
		(e) Review the effectiveness of the Group's internal audit function and review the scope and results of the external audits as well as the independence and objectivity of the EA.
		(f) Review the co-operation given by the management to the EA;

Guideline	Code and/or Guide Description	Company's Compliance or Explanation		
		(g) Review and discuss with the EA any suspected fraud or irregularity, suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and the management's response and report such matters to the Board at an appropriate time;		
		(h) Make recommendations to the Board on the proposals to shareholders on the appointment, re-appointment and removal of the EA, and approving the remuneration and terms of engagement of the EA;		
		 Review and approve transactions falling within the scope of Chapters 9 and 10 of the Catalist Rules (if any); 		
		 Review and report to the Board at least annually the adequacy and effectiveness of the Group's material internal controls with the FC and the IA and EA, including financial, operational, compliance, and information technology controls via reviews carried out by the IA; 		
		(k) Review any potential conflicts of interest. In particular, the AC will review and assess from time to time whether additional processes are required to be put in place to manage any material conflicts of interest between the Group and the Directors, CEO, controlling shareholders and/or their respective associates and propose, where appropriate, the relevant measures for the management of such conflicts;		
		 Undertake such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and requiring the attention of the AC; and 		
		(m) Generally, to undertake such other functions and duties as may be required by statue or the Catalist Rules, and by such amendments made thereto from time to time.		
12.2	Are the members of the AC appropriately qualified to discharge their responsibilities?	Yes. The Board considers Mr Kuan Cheng Tuck, who has extensive and practical accounting and financial management knowledge and experience, well qualified to chair the AC. Mr Lim Yeok Hua and Mr Nicholas Philip Lazarus of the AC are also trained in accounting and financial management.		
		The members of the AC collectively have a combined over 20 years of strong accounting and related financial management expertise and experience and are appropriately qualified to discharge their responsibilities.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

The directors present their statement to the members together with the audited financial statements of the Group for the financial year ended 31 December 2016 and the balance sheet of the Company as at 31 December 2016.

In the opinion of the directors,

- (a) the consolidated financial statements of the Group and balance sheet of the Company as set out on pages 50 to 99 are drawn up so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2016 and the financial performance, changes in equity and cash flows of the Group for the financial year covered by the consolidated financial statements; and
- (b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debt as and when they fall due.

DIRECTORS

The directors of the Company in office at the date of this report are as follows:

Kori Nobuaki Hooi Yu Koh Kuan Cheng Tuck Nicholas Philip Lazarus Lim Yeok Hua

ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose object was to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate, other than as disclosed under "Share options" and "Performance share plan" on pages 41 to 43 of this report.

DIRECTORS' INTERESTS IN SHARES OR DEBENTURES

According to the register of directors' shareholdings, none of the directors holding office at the end of the financial year had any interest in the shares or debentures of the Company or its related corporations, except as follows:

	Holdings regist	Holdings registered in name of

Hooi Yu Koh	33,816,200	32,824,000	

The directors' interest in the ordinary shares of the Company as at 21 January 2017 were the same as those as at 31 December 2016.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

DIRECTORS' INTERESTS IN SHARES OR DEBENTURES (CONTINUED)

By virtue of Section 7 of the Singapore Companies Act (Cap. 50), Kori Nobuaki and Hooi Yu Koh are deemed to have interest in the shares of all the Company's subsidiary corporations at the end of the financial year.

SHARE OPTIONS

The Company's shareholders adopted the Kori Employee Share Option Scheme (the "Share Option Scheme") on 21 November 2012 for granting of options to confirmed employees and directors of the Group. Controlling shareholders and their associates are not eligible to participate in the Share Option Scheme. The total number of ordinary shares over which the Company may grant under the Share Option Scheme shall not exceed 15% of the issued share capital of the Company on the day preceding the date of grant.

The Share Option Scheme is administered by the Administration Committee. A member of the Administration Committee who is also a participant of the Share Option Scheme must not be involved in its deliberation in respect of options granted or to be granted to him.

The options that are granted under the Share Option Scheme may have exercise prices that are, at the discretion of the Administration Committee:

- (a) set at a discount to a price equal to the average of the last dealt prices for the shares on the Singapore Exchange Securities Trading Limited ("SGX-ST") for the five consecutive market days (the "Market Price") immediately preceding the relevant date of grant of the relevant option, provided that:
 - the maximum discount shall not exceed 20% of the Market Price (or such other percentage or amount as may be determined by the Administration Committee and permitted by the SGX-ST); and
 - (ii) the shareholders in general meeting shall have authorised, in a separate resolution, the making of offers and grants of options under the scheme at a discount not exceeding the maximum discount as aforesaid, in which event, such options may be exercised after the second anniversary of the date of grant and expiring on the tenth anniversary of such date of grant; or
- (b) fixed at the Market Price (the "Market Price Option"). Market Price Options may be exercised after the first anniversary of the date of grant and expiring on the tenth anniversary of such date of grant.

Under the rules of the Share Option Scheme, there are no fixed periods for the grant of options. As such, offers for the grant of options may be made at any time from time to time at the discretion of the Administration Committee. However, in the event that an announcement on any matter of an exceptional nature involving unpublished price sensitive information is imminent, offers may only be made after the second market day from the date on which the aforesaid announcement is made.

Options may lapse or be exercised earlier in circumstances which include the termination of the employment of the participant, bankruptcy of the participant, death of the participant, a take-over of the Company, and the winding-up of the Company.

The Share Option Scheme shall continue in operation for a maximum period of 10 years commencing on the date on which the Share Option Scheme is adopted, provided that the Share Option Scheme may continue for any further period thereafter with the approval of the shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

SHARE OPTIONS (CONTINUED)

Since the commencement of the Share Option Scheme till the end of the financial year, no option has been granted under the Share Option Scheme.

No shares have been issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company and its subsidiary corporations.

There were no unissued shares of the Company and its subsidiary corporations under option at the end of the financial year.

PERFORMANCE SHARE PLAN

The Kori Performance Share Plan (the "Share Plan") was adopted by the shareholders of the Company on 21 November 2012. Unlike the Options granted under the Share Option Scheme, the Share Plan contemplates the award of fully-paid shares to participants after certain pre-determined benchmarks have been met. The Directors believe that the Share Plan will be more effective than pure cash bonuses in motivating employees of the Group to work towards pre-determined goals.

The Share Plan allows for participation by full-time employees of the Group (including the Executive Directors) and Non-executive Directors (including Independent Directors) who have attained the age of 18 years and above on or before the relevant date of grant of the Award, provided that none shall be an undischarged bankrupt or have entered into a composition with his creditors.

The Share Plan is based on the principle of pay-for-performance and is designed to enable the Company to reward, retain and motivate employees of the Group to achieve superior performance. The purpose of adopting the Share Plan in addition to the Share Option Scheme is to give the Directors greater flexibility to align the interests of employees of the Group, especially key executives, with the interests of Shareholders.

The objectives of the Share Plan are as follows:

- to provide an opportunity for participants of the Share Plan to participate in the equity of the Company, thereby inculcating a stronger sense of identification with the long-term prosperity of the Group and promoting organisational commitment, dedication and loyalty of participants towards the Group;
- (b) to motivate participants to strive towards performance excellence and to maintain a high level of contribution to the Group;
- (c) to give recognition to contributions made or to be made by participants by introducing a variable component into their remuneration package; and
- (d) to make employee remuneration sufficiently competitive to recruit new participants and/or to retain existing participants whose contributions are important to the long-term growth and profitability of the Group.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

PERFORMANCE SHARE PLAN (CONTINUED)

The Share Plan shall be managed by the Administration Committee which has the absolute discretion to determine persons who will be eligible to participate in the Share Plan. A participant who is a member of the Administration Committee shall not be involved in any deliberation or decision in respect of awards (as the case may be) to be granted to or held by that participant.

The Share Plan shall continue in operation at the discretion of the Administration Committee for a maximum period of 10 years commencing on the date on which the Share Plan is adopted, provided that the Share Plan may continue beyond the above stipulated period with the approval of the shareholders by ordinary resolution in general meeting and of any relevant authorities which may then be required.

The Share Plan may be terminated at any time by the Administration Committee and by resolution of the shareholders in general meeting, subject to all relevant approvals which may be required to be obtained. The termination of the Share Plan shall not affect the awards which have been granted in accordance with the Share Plan.

The Company will have flexibility to deliver the award shares to participants upon the vesting of their awards by way of:

- (i) an issue of new shares; and/or
- (ii) the purchase of existing shares on behalf of the participants.

The total number of new shares which may be issued pursuant to awards granted on any date; and total number of existing shares which may be purchased from the market for delivery pursuant to awards granted under the Share Plan, when added to the number of new shares issued and issuable in respect of all awards granted under the Share Plan (including the Share Option Scheme and any other share option schemes of the Company), shall not exceed 15% of the number of issued shares (including treasury shares, as defined in the Companies Act) on the day preceding that date of grant of the relevant awards.

Since the commencement of the Share Plan, the Company has not granted any awards under the Share Plan.

AUDIT COMMITTEE

The members of the Audit Committee at the end of the financial year were as follows:

Kuan Cheng Tuck (Chairman) Nicholas Philip Lazarus Lim Yeok Hua

All members of the Audit Committee are non-executive and independent directors.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

AUDIT COMMITTEE (CONTINUED)

The Audit Committee carried out its functions in accordance with Section 201B (5) of the Singapore Companies Act. In performing those functions, the Committee reviewed:

- the scope and the results of internal audit procedures with the internal auditor;
- the audit plan of the Company's independent auditor and any recommendations on internal accounting controls arising from the statutory audit;
- the assistance given by the Company's management to the independent auditor; and
- the balance sheet of the Company and the consolidated financial statements of the Group for the financial year ended 31 December 2016 before their submission to the Board of Directors, as well as the independent auditor's report on the balance sheet of the Company and the consolidated financial statements of the Group.

The Audit Committee has full access to management and is given the resources required for it to discharge its functions. It has full authority and the discretion to invite any Director or executive officer to attend its meetings. The Audit Committee also recommends the appointment of the independent auditor and reviews the level of audit or non-audit fees.

The Audit Committee is satisfied with the independence and objectivity of the independent auditor and has recommended to the board that the independent auditor, Nexia TS Public Accounting Corporation, be re-appointed at the forthcoming Annual General Meeting of the Company.

INDEPENDENT AUDITOR

The independent auditor, Nexia TS Public Accounting Corporation, has expressed its willingness to accept re-appointment.

TO THE MEMBERS OF KORI HOLDINGS LIMITED

REPORT ON THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying financial statements of Kori Holdings Limited (the "Company") and its subsidiary corporations (the "Group") set out on pages 50 to 99, which comprise the consolidated balance sheet of the Group and balance sheet of the Company as at 31 December 2016, and the consolidated statement of comprehensive income, statement of changes in equity and statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2016 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the matter		
1. Completeness and accuracy of revenue and cost recognition on construction contracts			
For the financial year ended 31 December 2016, the Group recognised construction revenue of \$60.4 million. The Group has significant long-term contracts in relation	Our audit approach comprises of both controls testing and substantive procedures as follows:

Key Audit matters (Continued)

Key audit matter	How our audit addressed the matter
1. Completeness and accuracy of revenue recognition on construction contracts (Continued)	
The revenue recognition of the Group is in accordance with Financial Reporting Standard 11 Construction Contracts which is based on the stage of completion of contract activity. The stage of completion is measured by reference to the ratio of contract costs incurred for the work performed as at balance sheet date relative to the estimated total costs of contract at completion. Any expected loss on the contract is recognised as an expense immediately when it is probable that the total cost will exceed the revenue. We focused on this area because of the significant judgment required in preparing reasonable estimates of the total budgeted costs, and separately, the actual cost incurred, which directly impact the determination of stage of completion and revenue recognised during the year. In addition, unintentional errors in determining the stage of completion and imprecise estimation of budgeted or actual costs could result in material variance in revenue recognised in current and future period.	 Our audit approach comprises of both controls testing and substantive procedures as follows: (Continued) reviewed new contracts and contract variations entered into during the year and discussed with management the profitability and reasonableness of estimated contract cost and estimated gross profit margin; reviewed the latest progress billings, progress report and customers' acceptance for selected contracts; verified cost incurred through vouching of supporting documents; independently recomputed the following: stage of completion based on actual costs incurred and estimated total costs revenue recognised to date and revenue recognised for the period amount due from/to customers on construction contracts assessed the need for, and adequacy of, provision for foreseeable losses, if any, for those contracts with losses and low profit margins; and analysed the difference between the stage of completion using the cost to cost ratio and physical stage of completion for selected contracts.

Key Audit matters (Continued)

Key audit matter	How our audit addressed the matter
2. Impairment of trade receivables and other receivables	
Trade and other receivables are the most significant item in the balance sheet and represent 86% of the total assets. As at 31 December 2016, trade and other receivables comprise mainly of: trade receivables – \$5.25 million, due from customers on construction contracts – \$51.52 million, retention receivables – \$8.56 million and deposits and other receivables – \$1.18 million. The Group assesses at each reporting date whether there is objective evidence these financial assets are impaired. In carrying out its assessment, judgement is applied by the management to determine appropriate parameters and assumptions used to calculate impairment. Therefore, impairment is a subjective area due to the level	 judgements and assumptions used by the management in conducting the impairment review. These procedures included: performed specific review of long outstanding (aged 90 days and above) trade receivables, amounts due from customers and retention receivables for which impairment allowance were not provided for by the Group and challenged management's assessment to determine whether there were any indicators of impairment; assessed the recoverability of long outstanding trade

The accounting policies for impairment of trade receivables are set out in Note 2.9 to the consolidated financial statements. The credit risk and details of	outstanding receivables;
impairment allowance are disclosed in Note 30(b) to the consolidated financial statements.	• reviewed subsequent actual billings and collections, if any, of the amounts due from customers on construction contracts; and
	 reviewed subsequent collections of retention receivables on contracts which were already completed
	Based on our audit procedures performed, we concluded that the allowance for impairment provided by management is adequate.

Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design
 and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate
 to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than
 for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the
 override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

TO THE MEMBERS OF KORI HOLDINGS LIMITED

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Loh Ji Kin.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 3.

Interpretations and amendments to published standards effective in 2016

On 1 January 2016, the Group adopted the new or amended FRS and Interpretations to FRS ("INT FRS") that are mandatory for application for the financial year. Changes to the Group's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Group and the Company and had no material effect on the amounts reported for the current or prior financial years.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Group Accounting

- (a) Subsidiary corporations
 - (i) Consolidation

Subsidiary corporations are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary corporations are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date on that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiary corporations have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests comprise the portion of a subsidiary corporation's net results of operations and its net assets, which is attributable to the interests that are not owned directly or indirectly by the equity holders of the Company. They are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and balance sheet. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary corporation, even if this results in the non-controlling interests having a deficit balance.

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Group Accounting (Continued)

- (a) Subsidiary corporations (Continued)
 - (ii) Acquisitions (Continued)

The excess of (i) the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the (ii) fair value of the identifiable net assets acquired is recorded as goodwill.

(iii) Disposals

When a change in the Group's ownership interest in a subsidiary corporation results in a loss of control over the subsidiary corporation, the assets and liabilities of the subsidiary corporation including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

(b) Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary corporation are accounted for as transactions with equity owners of the Company. Any difference between the change in the carrying amounts of the non-controlling interest and the fair value of the consideration paid or received is recognised within equity attributable to the equity holders of the Company.

(c) Associated company

Associated company is an entity over which the Group has significant influence, but not control, generally accompanied by a shareholding giving rise to voting rights of 20% and above but not exceeding 50%.

Investment in associated company is accounted for in the consolidated financial statements using the equity method of accounting less impairment losses, if any.

(i) Acquisitions

Investment in associated company is initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Goodwill on associated company represents the excess of the cost of the acquisition of the associated company over the Group's share of the fair value of the identifiable net assets of the associated company and is included in the carrying amount of the investment.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Group Accounting (Continued)

- (c) Associated company (Continued)
 - (ii) Equity method of accounting

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise Group's share of its associated companies' post-acquisition profits or losses of the investee in profit or loss and its share of movements in other comprehensive income of the investee's other comprehensive income. Dividends received or receivable from the associated companies are recognised as a reduction of the carrying amount of the investments. When the Group's share of losses in an associated company equals to or exceeds its interest in the associated company the Group does not recognise further losses, unless it has legal or constructive obligations to make, or has made, payments on behalf of the associated company or joint venture subsequently reports profits, the Group resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

Unrealised gains on transactions between the Group and its associated company are eliminated to the extent of the Group's interest in the associated company. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. The accounting policies of associated company have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(iii) Disposal

Investment in associated company is derecognised when the Group loses significant influence. If the retained equity interest in the former associated company is a financial asset, the retained equity interest is measured at fair value. The difference between the carrying amount of the retained interest at the date when significant influence is lost, and its fair value and any proceeds on partial disposal, is recognised in profit or loss.

Please refer to the Note 2.5, "Investment in subsidiary corporations and associated company" for the accounting policy on investment in associated company in the separate financial statements of the Company.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Revenue Recognition

Revenue comprise of the fair value of the consideration received or receivable for rendering services in the ordinary course of the Group's activities. Revenue is presented, net of goods and services tax, rebates and discounts, and after eliminating revenue within the Group.

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, when it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group's activities are met as follows:

(a) Revenue from structural steel works and tunnelling

Revenue from construction contract is recognised based on the percentage-of-completion method as disclosed in Note 2.7.

(b) Interest income

Interest income is recognised using the effective interest method.

(c) Dividend income

Dividend income is recognised when the right to receive payment is established.

2.4 Property, Plant and Equipment

- (a) Measurement
 - (i) Property, plant and equipment

All items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

(ii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and other cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs (refer to Note 2.14 on borrowing costs).

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.4 Property, Plant and Equipment (Continued)

(b) Depreciation

Construction-in-progress is not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

		Useful Lives
-	Land	50 years
-	Buildings	50 years
-	Furniture and fittings	10 years
_	Motor vehicles	5 years
-	Office equipment	1 – 10 years
_	Plant and machinery	5 years
-	Site office	20 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in the profit or loss. Any amount in revaluation reserve relating to that item is transferred to retained profits directly.

2.5 Investments in Subsidiary Corporations and Associated Company

Investments in subsidiary corporations and associated company are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of investments in subsidiary corporations and associated company, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.6 Impairment of Non-Financial Assets

Property, plant and equipment Investment in subsidiary corporations and associated company

Property, plant and equipment and investment in subsidiary corporations and associated company are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash-generating unit ("CGU") to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as revaluation decrease.

An impairment loss for an asset is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset is recognised in profit or loss, unless the asset is carried at revalue amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued assets was previously recognised as an expense, a reversal of that impairment is also recognised in profit or loss.

2.7 Construction Contracts

When the outcome of a construction contract can be estimated reliably, contract revenue and contract costs are recognised as revenue and expenses respectively by reference to the stage of completion of the contract activity at the balance sheet date ("percentage-of-completion method"). When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract cost incurred that are likely to be recoverable. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Variations in contract work, claims and incentive payments are included in contract revenue when it is probable that the customer will approve the variation or negotiations have reached an advanced stage such that it is probable that the customer will accept the claim and they are capable of being reliably measured.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.7 Construction Contracts (Continued)

The stage of completion is measured by reference to the proportion of contract costs incurred to date to the estimated total costs for the contract. Costs incurred during the financial year in connection with future activities on a contract are excluded from the costs incurred to date when determining the stage of completion of a contract. Such costs are shown as construction contract work-in-progress on the balance sheet unless it is not probable that such contract costs are recoverable from the customers, in which case, such costs are recognised as an expense immediately.

At the balance sheet date, the cumulative costs incurred plus recognised profit (less recognised losses) on each contract is compared against the progress billings. Where cumulative cost incurred plus the recognised profit (less recognised losses) exceed progress billings, the balance is presented as due from customers on construction contracts within "trade and other receivables". Where progress billings exceed cumulative costs incurred plus recognised profit (less recognised losses), the balance is presented as due to customers on construction contracts within "trade and other payables".

Progress billing not yet paid by customers and retention monies are included within "trade and other receivables". Advances received are included within "trade and other payables".

2.8 Cash and Cash Equivalents

For the purpose of presentation in the consolidation statements of cash flows, cash and cash equivalents include cash at bank and cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value.

2.9 Loans and Receivables

Bank balances Trade and other receivables

Bank balances and trade and other receivables are initially recognised at their fair values plus transaction costs and subsequently carried at amortised cost using the effective interest method, less accumulated impairment losses.

The Company assesses at each balance sheet date whether there is objective evidence that these financial assets are impaired and recognises an allowance for impairment when such evidence exists. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these financial assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

These financial assets are presented as current assets except for those that are expected to be realised later than 12 months after the balance sheet date, which are presented as non-current assets.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.10 Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.11 Inventories

Inventories comprise materials to be consumed in the rendering of construction service which are stated at the lower of cost and net realisable value, cost is determined by applying the weighted average method. Net realisable value is the estimated selling price less the applicable costs of conversion and variable selling expenses.

2.12 Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

2.13 Borrowings

(a) Borrowings

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

(b) Convertible bond

The total proceeds from convertible bond issued are allocated to the liability component and the equity component, which are separately presented on the balance sheet.

The liability component is recognised initially at its fair value, determined using a market interest rate for equivalent non-convertible bond. It is subsequently carried at amortised cost using the effective interest method until the liability is extinguished on conversion or redemption of the bond.

The difference, if any, between the total proceeds and the liability component is allocated to the conversion option (equity component), which is presented in equity net of any deferred tax effect. The carrying amount of the conversion option is not adjusted in subsequent periods. When the conversion option is exercised, the carrying amounts of the liability and equity components are transferred to the share capital. When the conversion option lapses, its carrying amount is transferred to retained profits.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.14 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method except for those costs that are directly attributable to the construction or development of properties and assets under construction. This includes those costs on borrowings acquired specifically for the construction or development of properties and assets under construction, as well as those in relation to general borrowings used to finance the construction or development of properties and assets under construction.'

The actual borrowing costs incurred during the period up to the issuance of the temporary occupation permit less any investment income on temporary investment of these borrowings, are capitalised in the cost of the property under construction. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings.

2.15 Income Taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of an asset or liability and affects neither accounting nor taxable profit nor loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary corporations and associated company, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities.

Current and deferred income taxes are recognised as income and expense in profit or loss.

The Group accounts for investment tax credits (for example, productivity and innovative credit) similar to accounting for other tax credits where deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.16 Employee Compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund, on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

Share-based compensation

The Group operates an equity-settled, share-based compensation plan. The value of the employee services received in exchange for the grant of options is recognised as an expense with a corresponding increase in the share option reserve over the vesting period. The total amount to be recognised over the vesting period is determined by reference to the fair value of the options granted on the date of the grant. Non-market vesting conditions are included in the estimation of the number of shares under options that are expected to become exercisable on the vesting date. At each balance sheet date, the Group revises its estimates of the number of shares under options that are expected to become exercisable on the vesting date and recognises the impact of the revision of the estimates in profit or loss, with a corresponding adjustment to the share option reserve over the remaining vesting period.

When the options are exercised, the proceeds received (net of transaction costs) and the related balance previously recognised in the share option reserve are credited to share capital account, when new ordinary shares are issued, or to the "treasury shares" account, when treasury shares are re-issued to the employees.

Performance shares

Benefits to employees including the directors are provided in the form of share-based payment transactions, whereby employees render services in exchange for the shares or right over shares ("equity-settled transactions"). The fair value of the employee services rendered is determined by reference to the fair value of the shares awarded or granted, excluding the impact of any non-market vesting conditions. The amount is determined by reference to the fair value of the performance shares on the grant date. This fair value is recognised in profit or loss over the remaining vesting period of the share-based payment scheme, with the corresponding increase in equity. The value of charge is adjusted in profit or loss over the remaining vesting period to reflect expected and actual levels of shares vesting, with the adjustment made in equity. Cancellations of grants of equity instruments during the vesting period (other than a grant cancelled by forfeiture when the vesting conditions are not satisfied) are accounted as an acceleration of vesting, therefore any amount unrecognised that would otherwise have been charged is recognised immediately in profit or loss.

2.17 Currency Translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The functional statements are presented in Singapore Dollar, which is the functional currency of the Company.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.17 Currency Translation (Continued)

(b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations, are recognised in other comprehensive income and accumulated in the currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement within "finance expense". All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within "other (losses)/income -net"

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

(c) Translation of group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities are translated at the closing exchange rates at the reporting date;
- Income and expenses are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) All resulting currency translation differences are recognised in other comprehensive income and accumulated in currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

Goodwill and fair value adjustments arising on the acquisition of foreign operations are treated as assets and liabilities of the foreign operations and translated at the closing rates at the reporting date.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.18 Provisions for Other Liabilities and Charges

Provisions for other liabilities and charges are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

Other provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in the statement of comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

2.19 Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

2.20 Dividends to Company's Shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

2.21 Financial guarantees

The Company has issued corporate guarantee to a bank for borrowings of its subsidiary corporation. This guarantee is financial guarantee as they require the Company to reimburse the bank if the subsidiary corporation fails to make principal or interest payments when due in accordance with the terms of their borrowings.

Financial guarantee is initially recognised at their fair values plus transaction costs in the Company's balance sheet.

Financial guarantee is subsequently amortised to profit or loss over the period of the subsidiary corporation's borrowings, unless it is probable that the Company will reimburse the bank for an amount higher than the unamortised amount. In this case, the financial guarantee shall be carried at the expected amount payable to the bank in the Company's balance sheet.

Intra-group transactions are eliminated on consolidation.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.22 Government Grants

Grants from the government are recognised as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Group will comply with all the attached conditions.

Government grants relating to expense is deducted directly from the related expenses.

2.23 Fair Value Estimation

The carrying amounts of current financial assets and liabilities carried at amortised cost approximate their fair values.

2.24 Leases

When the Group is the lessee:

The Group leases motor vehicle and office equipment under finance leases and dormitory for workers and office under operating leases from non-related parties.

(i) Lessee – Finance leases

Leases where the Group assumes substantially all risks and rewards incidental to ownership of the leased assets are classified as finance leases.

The leased assets and the corresponding lease liabilities (net of finance charges) under finance leases are recognised on the balance sheet as property, plant and equipment and borrowings respectively, at the inception of the leases based on the lower of the fair value of the leased assets and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance expense and the reduction of the outstanding lease liability. The finance expense is recognised in profit or loss on a basis that reflects a constant periodic rate of interest on the finance lease liability.

(ii) Lessee – Operating leases

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.25 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the executive committee whose members are responsible for allocating resources and assessing performance of the operating segments.

3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factor including expectations of future events that are believed to be reasonable under circumstances.

(a) Construction contracts

The Group uses the percentage-of-completion method to account for its contract revenue. The stage of completion is measured by reference to the contract costs incurred to date compared to the estimated total costs for the contract.

Significant assumptions are used to estimate the total contract costs and the recoverable variation works that affect the stage of completion and the contract revenue respectively. In making these assumptions, management had relied on past experience.

If the revenue on uncompleted contracts at the balance sheet date increases/decreases by 5% from management estimates, the Group's revenue for the financial year ended 31 December 2016 will increase/ decrease by \$1,900,000 and \$2,000,000 (2015: \$2,400,000 and \$2,500,000) respectively.

If the contract costs of uncompleted contracts to be incurred increase/decrease by 5% from management's estimates, the Group's profit for the financial year ended 31 December 2016 will decrease/increase by \$3,700,000 and \$4,100,000 (2015: \$1,250,000 and \$1,300,000) respectively.

(b) Impairment of trade and other receivables

Management review its loans and receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered evidence that a receivable is impaired. In determining this, management has made judgements as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological market, economic or legal environment in which the debtor operates in.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS (CONTINUED)

(b) Impairment of trade and other receivables (Continued)

Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experienced. The carrying amount of the Group's trade and other receivables as at 31 December 2016 is \$66,512,775 (2015: \$58,204,844)

Basic earnings per share (\$)	0.03	0.02		

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

10. EARNINGS PER SHARE (CONTINUED)

(b) Diluted earnings per share

For the purpose of calculating diluted earnings per share, profit attributable to equity holders of the Company and the weighted average number of ordinary shares outstanding are adjusted for the effects of all dilutive potential ordinary shares. The Company's convertible bond is the only dilutive potential ordinary shares outstanding during the year.

The convertible bond is assumed to have been converted into ordinary shares at issuance and the net profit is adjusted to eliminate the interest expense.

Diluted earnings per share for attributable to equity holders of the Company is calculated as follows:

	Group	
	2016	2015
Net profit attributable to equity holders of the Company (\$)	2,537,271	1,614,531
Interest expense on convertible bond	251,284	250,000

17. INVESTMENT IN ASSOCIATED COMPANY (CONTINUED)

Set out below is the associated company directly held by the Company before its disposal in August 2016. The associated company has its share capital consisting solely of ordinary shares. It was incorporated and has its principal place of business in Singapore. Although the Company held 51% equity interest in Fuchiang Construction Pte Ltd, it was merely regarded as an associated company on the basis that the Company had no de facto control over it, i.e. the Company did not have the practical ability to direct the relevant activities that most significantly affect the returns of the associated company.

On 12 August 2016, the Company disposed of its entire shareholding interest in the associated company for a consideration of S\$51,000. A loss on disposal of \$320,000 was recognised on this transaction accordingly.

20. CONVERTIBLE BOND

On 19 August 2013, the Company issued a 5% convertible bond denominated in Singapore Dollar with a nominal value of \$5,000,000. The bond is due for repayment 3 years from the issue date at its nominal value of \$5,000,000 or conversion into shares of the Company at the holder's option at the rate of \$0.42 per share, being not more than a 10% discount to the prevailing market price of the shares on the last trading day prior to the date of the agreement.

The equity component of the convertible bond was not recognised as the amount is immaterial.

On 30 June 2016, the Company entered into an amendment agreement to amend the terms of the convertible bond subscription agreement dated 19 August 2013 in relation to extending the Maturity Date by one (1) year.

21. FINANCE LEASE LIABILITIES

The Group leases motor vehicle and office equipment from non-related parties under finance leases. The lease agreements do not have renewal clauses but provide the Group with options to purchase the leased assets at nominal value at the end of the lease term.

30. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Group's activities expose it to market risk (including currency risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise the adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group. The Board of Directors establishes the detail policies such as authority levels, oversight responsibilities, risk identification and measurement, exposure limits and hedging strategies, in accordance with the objectives and underlying principles approved by the Board of Directors.

The overall business strategies of the Group, its tolerance for risk and its general risk management philosophy are determined by the management in accordance with prevailing economic and operating conditions. In determining its risk management policies, the management ensures that an acceptable balance is made between the cost of risks occurring and the cost of managing the risks.

The Board of Directors reviews and agrees policies for managing each of these risks and they are summarised below.

FINANCIAL RISK MANAGEMENT (CONTINUED) 30.

Market risk (a)

(i) Currency risk

> Foreign currency risk arises from transaction denominated in currencies other than the functional currency of the Company. The Group's currency exposure based on the information provided to key management is as follows:

Company

The Company is not exposed to currency risk as the business is operated locally and transactions are all denominated in Singapore Dollar, which is the functional currency of the Company.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

30. FINANCIAL RISK MANAGEMENT (CONTINUED)

(a) Market risk (Continued)

(ii) Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates. The Group's interest rate risks are primarily from short-term deposits that will mature from one to twelve months and from bank borrowings. These short-term bank deposits are placed on a short-term basis according to the Group's cash flow requirements, and hence the Group does not hedge against interest rate fluctuations.

The effective interest rates for short-term bank deposits are 0.9% (2015: 0.65%) per annum. Any significant movement in the interest rates is not likely to have material effect to the Group.

The weighted average effective interest rates for bank borrowings are 4.07% (2015: 4.90%) per annum. An increase/decrease in 100 basis points in interest rates would not likely to have any material effect on the financial results of the Group.

(iii) Price risk

The Group is not exposed to price risk as it does not hold any listed debt or equity securities.

(b) Credit risk

Credit risk refers to the risk that counter-parties will default on their contractual obligations resulting in financial loss to the Group. The major classes of financial assets of the Group are bank deposits and trade and other receivables. For trade receivables, the Group adopts the policy of focusing on government projects due to its low default risk on payments. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties.

Credit exposure to an individual counterparty is restricted by credit limits that are approved by the directors based on going credit evaluation. The counterparty's payment profile and credit exposure are continuously monitored by directors. The trade receivables of the Group comprise of 4 debtors (2015: 3 debtors) that represented more than 55% (2015: 77%) of trade receivables.

As the Group does not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet.

The credit risk for trade receivables, due from customers on construction contracts and retention receivables based on the information provided to key management is as follows:

	Group

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2016

30. FINANCIAL RISK MANAGEMENT (CONTINUED)

(b) Credit risk (Continued)

(i) Financial assets that are neither past due nor impaired

Bank deposits that are neither past due nor impaired are mainly deposits with banks with high credit-ratings assigned by international credit rating agencies. Trade receivables that are neither past due nor impaired are substantially companies with a good collection track record with the Group.

There were no trade receivables past due or impaired that were re-negotiated during the financial year.

(ii) Financial assets that are past due and/or impaired

There is no other class of financial assets that is past due and/or impaired except for trade receivables, retentions, other receivables, loan to associated company and deposits.

The age analysis of trade receivables past due but not impaired is as follows:

The impaired deposits are mainly from a company with liquidity problems.

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and having an adequate amount of committed credit facilities to enable the Group to meet its normal operating commitments. The Group's objective is to maintain a balance between continuing of funding and flexibility through the use of bank borrowings, bank overdrafts and finance lease liabilities. As at balance sheet date, assets held by the Group for managing liquidity risks included cash and short-term deposits as disclosed in Note 11.

FINANCIAL RISK MANAGEMENT (CONTINUED) 30.

Liquidity risk (Continued) (c)

The table below analyses the Group's non-derivative financial liabilities into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months approximate their carrying balances as the impact of discounting is not significant.

30. FINANCIAL RISK MANAGEMENT (CONTINUED)

(d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder's value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital based on gearing ratio. The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as borrowings plus trade and other payables less cash and bank balances. Total capital is calculated as total equity plus net debt.

	Group		
	2016	2015	
	\$	\$	
Net debt	25,912,087	21,435,259	
Total equity	47,189,136	45,141,131	
Total capital	73,101,223	66,576,390	
Gearing ratio	35%	32%	

The Group and the Company are in compliance with all externally imposed capital requirements for the financial years ended 31 December 2015 and 2016.

(e) Financial instruments by category

The carrying amount of the different categories of financial instruments is as follows:

8. Authority to Allot and Issue Shares

THAT pursuant to Section 161 of the Companies Act, Chapter 50 (the "Act") and Rule 806 of the Catalist Rules, the Directors of the Company be authorised and empowered to:

- (I) (i) allot and issue shares in the capital of the Company ("Shares") whether by way of rights, bonus or otherwise; and/or
 - make or grant offers, agreements or options (collectively, "Instruments") that might or would require (ii) Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(||)(notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instrument made or granted by the Directors while this Resolution was in force,

provided that:

- (a) the aggregate number of Shares to be issued pursuant to this Resolution (including Shares to be issued in pursuance of Instruments, made or granted pursuant to this Resolution), shall not exceed one hundred per cent (100%) of the total number of issued Shares in the capital of the Company (excluding treasury shares) (as calculated in accordance with sub-paragraph (b) below), of which the aggregate number of Shares to be issued other than on a pro-rata basis to the existing shareholders of the Company (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) shall not exceed fifty per cent (50%) of the total number of issued Shares (excluding treasury shares) (as calculated in accordance with sub-paragraph (b) below);
- (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of (b) determining the aggregate number of Shares (including Shares to be issued in pursuance of the Instruments, made or granted pursuant to this Resolution) that may be issued under sub-paragraph (a) above, the percentage of the issued Shares shall be based on the total number of issued Shares (excluding treasury shares) at the time this Resolution is passed, after adjusting for:
 - (i) new Shares arising from the conversion or exercise of any convertible securities;
 - (ii) new Shares arising from the exercise of share options or vesting of share awards which are outstanding and/or subsisting at the time of the passing of this Resolution, provided the share options or share awards (as the case may be) were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
 - (iii) any subsequent bonus issue, consolidation or subdivision of Shares;
- in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of (C) the Catalist Rules for the time being in force (unless such compliance has been waived by the SGX-ST), all applicable legal requirements under the Act and the Constitution for the time being of the Company;
- (d) the authority conferred by this Resolution shall, unless revoked or varied by the Company in general meeting, continue to be in force until the conclusion of the next annual general meeting of the Company or the date by which the next annual general meeting of the Company is required by law to be held, whichever is earlier. [See Explanatory Note 2]

(Resolution 7)

9. Authority to allot and issue shares under the Kori Employee Share Option Scheme (the "Share Option Scheme")

That pursuant to Section 161 of the Act, authority be and is hereby given to the Directors of the Company to offer and grant options ("**Options**") in accordance with the provisions of the Share Option Scheme and to allot and issue from time to time such number of Shares as may be required to be allotted and issued pursuant to the exercise of Options, provided always that the aggregate number of Shares to be allotted and issued pursuant to the Share Option Scheme, when added to the number of Shares issued and issuable in respect of all Options granted under the Share Option Scheme including the Performance Share Plan (as defined herein), and any other share option schemes of the Company, shall not exceed fifteen per cent. (15%) of the total number of issued Shares (including treasury shares) on the date preceding the date of the relevant grant of an Option. *[See Explanatory Note 3]* (**Resolution 8**)

10. Authority to allot and issue shares under the Kori Performance Share Plan (the "Performance Share Plan")

That pursuant to Section 161 of the Act, authority be and is hereby given to the Directors of the Company to grant awards ("**Awards**") in accordance with the provisions of the Performance Share Plan and to allot and issue from time to time such number of Shares as may be required to be allotted and issued pursuant to the Awards granted under the Performance Share Plan, provided always that aggregate number of Shares to be allotted and issued pursuant to the Performance Share Plan, and the total number of existing Shares which may be purchased from the market for delivery pursuant to the Awards granted under the Performance Share Plan, when added to the number of Shares issued and issuels in respect of all Awards granted under the Performance Share Plan, and including the Share Option Scheme and any other share option schemes of the Company, shall not exceed fifteen per cent. (15%) of the total issued Share (including treasury shares) on the date preceding the date of the grant of the relevant Awards. *[See Explanatory Note 4]*

11. The Proposed Renewal of the Share Purchase Mandate

- (I) That for the purposes of Sections 76C and 76E of the Act, the Directors of the Company be and are hereby authorized to exercise all the powers of the Company to purchase or otherwise acquire the Shares not exceeding in aggregate the Maximum Limit (as defined below), at such price(s) as may be determined by the Directors of the Company from time to time up to the Maximum Price (as defined below), whether by way of:
 - (a) market purchase(s) (each a "Market Purchase") on the SGX-ST; and/or
 - (b) off-market purchase(s) (each an "Off-Market Purchase") in accordance with an equal access scheme(s) as may be determined or formulated by the Directors of the Company as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Catalist Rules and the Act;

and otherwise in accordance with all other laws and regulations, including but not limited to, the Constitution of the Company, the provisions of the Act and the Catalist Rules as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the "**Share Purchase Mandate**");

- (II) That unless varied or revoked by the members of the Company in a general meeting, the authority conferred on the Directors of the Company pursuant to the Share Purchase Mandate may be exercised by the Directors of the Company at any time and from time to time during the Relevant Period (as defined below) and expiring on the earliest of:
 - (a) the date on which the next annual general meeting of the Company is held or required by law to be held;
 - (b) the date on which the purchases or acquisitions of Shares by the Company pursuant to the Share Purchase Mandate are carried out to the full extent mandated; or
 - (c) the date on which the authority conferred by the Share Purchase Mandate is varied or revoked by shareholders in a general meeting;
- (III) for the purposes of this Resolution:

"Maximum Limit" means that number of issued Shares representing not more than 10% of the issued ordinary share capital of the Company as at the date of the passing of this Resolution, unless the Company has effected a reduction of the share capital of the Company (other than a reduction by virtue of a share buy-back) in accordance with the applicable provisions of the Act, at any time during the Relevant Period, in which event the issued ordinary share capital of the Company shall be taken to be the amount of the issued ordinary share capital of the Company shall be taken to be the amount of the issued ordinary share capital of the Company shall reduction (excluding any treasury shares that may be held by the Company from time to time). Any Shares which are held as treasury shares will be disregarded for purposes of computing the 10% limit;

"**Relevant Period**" means the period commencing from the date of the passing of this Resolution and expiring on the earliest of the date on which the next annual general meeting of the Company is held or is required by law to be held, the date on which the share buy-backs are carried out to the full extent of the Share Purchase Mandate, or the date the said mandate is revoked or varied by the Company in a general meeting;

"**Maximum Price**", in relation to a Share to be purchased or acquired, means the purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax and other related expenses) which shall not exceed:

- (a) in the case of Market Purchase, 105% of the Average Closing Price; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 110% of the Average Closing Price,

where:

"Average Closing Price" means the average of the closing market prices of the Shares over the last five (5) Market Days, on which transactions in the Shares were recorded, before the day on which the purchase or acquisition of Shares was made, or as the case may be, the day of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five (5) Market Days;

"day of the making of the offer" means the day on which the Company makes an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

- (|V|)That the number of Shares which may in aggregate be purchased or acquired by the Company during the Relevant Period shall be subject to the Maximum Limit;
- (\vee) That the Directors of the Company and/or any of them be and are hereby authorised to deal with the Shares purchased by the Company, pursuant to the Share Purchase Mandate in any manner as they think fit, which is permitted under the Act; and
- (VI)That the Directors of the Company and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider necessary, expedient, incidental or in the interests of the Company to give effect to the transactions contemplated and/or authorised by this Resolution. [See Explanatory Note 5]

(Resolution 10)

By Order of the Board

Foo Jien Jieng **Company Secretary** Singapore 12 April 2017

Notes:

- A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the 1. (a) meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
 - A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the meeting, (b) but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181(6) of the Act.

- 2. A proxy need not be a member of the Company.
- З. The instrument appointing a proxy or proxies, must be deposited at the office of the Company's Share Registrar, Tricor Barbinder Share Registration Services, at 80 Robinson Road, #11-02, Singapore 068898, not less than 48 hours before the time appointed for the holding of the AGM.
NOTICE OF ANNUAL GENERAL MEETING

Explanatory Note:

- (1) (a) Information on Mr Kori Nobuaki can be found on page 6 of the annual report.
 - (b) Information on Mr Kuan Cheng Tuck can be found on page 7 of the annual report.
- (2) The Resolution 7 in item 8, if passed, will empower the Directors of the Company, effective until the conclusion of the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to allot and issue Shares and/or convertible securities in the Company, without seeking any further approval from shareholders in general meeting but within the limitation imposed by this Resolution 7, for such purposes as the Directors may consider would be in the best interests of the Company. The number of Shares and convertible securities that the Directors may allot and issue under this Resolution 7 would not exceed one hundred per cent. (100%) of the total number of issued Shares (excluding treasury shares) at the time of passing of this Resolution 7. For issue of Shares and convertible securities other than on a pro-rata basis to all shareholders, the aggregate number of Shares and convertible securities to be issued shall not exceed fifty per cent (50%) of the total number of issued Shares (excluding treasury shares) at the time of passing of this Resolution 7.
- (3) The Resolution 8 in item 9, if passed, will empower the Directors, from the date of the AGM until the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to allot and issue Shares pursuant to the exercise of Options granted or to be granted under the Share Option Scheme and such other share-based incentive scheme or share plan up to a number not exceeding, in total, fifteen per cent. (15%) of the total number of issued Shares (including treasury shares) on the date preceding the date of the relevant grant.
- (4) The Resolution 9 in item 10, if passed, will empower the Directors, from the date of the AGM until the next annual general meeting of the Company, or the date by which the next annual general meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to allot and issue Shares pursuant to the vesting of Awards under the Performance Share Plan and such other share-based incentive scheme or share plan (including the total number of existing Shares which may be purchased from the market for delivery pursuant to the Awards granted) up to a number not exceeding, in total, fifteen per cent. (15%) of the total number of issued Shares (including treasury shares) on the date preceding the date of the relevant grant.
- (5) The Resolution 10 proposed in item 11 above, if passed, will empower the Directors of the Company, from the date of the AGM until the next annual general meeting or the date by which the next annual general meeting of the Company is required by law to be held or when varied or revoked by the Company in general meeting, whichever is earlier, to purchase or acquire up to ten per centum (10%) of the total number of issued Shares (excluding treasury shares), at prices up to but not exceeding the Maximum Price (as defined above), as at the date of the passing of this Ordinary Resolution 10. Details the proposed renewal of the Share Purchase Mandate are set out in the Appendix accompany this annual report.

To: The Shareholders of the Company

Dear Sir/Madam,

INTRODUCTION 1

The Company's existing Share Purchase Mandate was first approved by Shareholders at the annual general meeting of the Company held on 25 April 2014 and renewed at each subsequent annual general meeting of the Company. The Share Purchase Mandate will, unless renewed again, expire on the date of the forthcoming AGM. Accordingly, the Directors are proposing to seek Shareholders' approval at the forthcoming AGM for the proposed renewal of the Share Purchase Mandate.

The purpose of this Appendix is to provide Shareholders with information relating to, and to seek their approval for, the proposed renewal of the Share Purchase Mandate at the AGM to be held on 27 April 2017 at 2.00 p.m. The notice of the AGM is set out on page 102 of the Annual Report 2016.

Shareholders are advised that the Sponsor and the SGX-ST assume no responsibility for the contents of this Appendix, including the accuracy, completeness or correctness of any of the information, statements or opinions made, or reports contained in this Appendix.

2. THE PROPOSED RENEWAL OF THE SHARE PURCHASE MANDATE

2.1 Introduction

The Act allows a company incorporated in Singapore to purchase or otherwise acquire its issued shares, stocks and preference shares if the purchase or acquisition is permitted under the Constitution. Any purchase of Shares by the Company will have to be made in accordance with, and in the manner prescribed by the Act, the Constitution and the Catalist Rules and such other laws and regulations as may for the time being, be applicable.

11 Sims Drive #06-01 SCN Centre Singapore 387385

It is a requirement under the Act and the Catalist Rules that a company which wishes to purchase or otherwise acquire its own shares should obtain the approval of its shareholders to do so at a general meeting. In this regard, approval is being sought from Shareholders at the AGM for the proposed renewal of the Share Purchase Mandate. An ordinary resolution will be proposed, pursuant to which authority will be given to the Directors to exercise all powers of the Company to purchase or otherwise acquire its issued Shares on the terms of the Share Purchase Mandate.

2.2 Rationale for the Proposed Renewal of the Share Purchase Mandate

The Share Purchase Mandate would give the Company the flexibility to undertake the purchase or acquisition of its Shares as and when appropriate to:

- (a) manage the share capital structure of the Company, with a view to enhancing the EPS, NTA per Share and/or return on equity;
- (b) manage surplus capital, such that surplus capital and funds which are in excess of the Company's requirements may be returned to Shareholders in an expedient and cost-efficient manner;
- (c) share buy-backs by the Company will help mitigate short term market volatility, offset the effects of short term share price speculation and bolster shareholder confidence; and
- (d) manage and minimise the dilution impact (if any) associated with any share-based incentive scheme as may be implemented by the Company from time to time by delivering existing Shares instead of issuing new Shares.

The Share Purchase Mandate will be exercised by the Directors in circumstances where it is considered to be in the best interests of the Company, after taking into account factors such as the amount of surplus cash available and working capital requirements of the Company, the prevailing market conditions, liquidity and orderly trading of the Shares. The Directors are committed to ensuring that any share buy-back by the Company will not have any material adverse impact on the float, liquidity and/or orderly trading of the Shares and/or the financial position of the Group.

2.3 Authority and Limits

The authority and limitations placed on purchases or acquisitions of Shares by the Company under the renewed Share Purchase Mandate, if approved at the AGM, are summarised below:

2.3.1 Maximum Number of Shares

Only Shares which are issued and fully paid-up may be purchased or acquired by the Company.

The total number of Shares that may be purchased or acquired by the Company pursuant to the Share Purchase Mandate during the Relevant Period, is limited to that number of Shares representing not more than 10% of the total number of issued Shares of the Company as at the date of the AGM at which the Share Purchase Mandate is approved (unless the Company has, at any time during the Relevant Period, reduced its share capital by a special resolution under Section 78C of the Act, or the court has, at any time during the Relevant Period, made an order under Section 78I of the Act approving the reduction of share capital of the Company, in which event the total number of Shares shall be taken to be the total number of Shares as altered by the special resolution of the Company or the order of the court, as the case may be). For purposes of calculating the percentage of Shares referred to above, any of the Shares which are held as Treasury Shares will be disregarded.

For illustrative purposes only, on the basis of 99,200,000 Shares in issue (excluding Treasury Shares) as at the Latest Practicable Date and assuming that no further Shares are issued on or prior to the AGM and that no Shares are allotted or issued pursuant to the exercise of Options, vesting of Awards or conversion of the Convertible Bond, not more than 9,920,000 Shares representing 10% of the issued Shares (excluding Treasury Shares) as at the date of the AGM may be purchased or acquired by the Company pursuant to the Share Purchase Mandate.

2.3.2 Duration of Authority

Purchases or acquisitions of Shares may be made during the Relevant Period, at any time and from time to time, on and from the date of the AGM at which the Share Purchase Mandate is approved, up to:

- (a) the date on which the next annual general meeting of the Company is held or required by law to be held;
- (b) the date on which the purchases or acquisitions of Shares pursuant to the Share Purchase Mandate are carried out to the full extent mandated; or
- (c) the date on which the authority conferred by the Share Purchase Mandate is varied or revoked by Shareholders in a general meeting,

whichever is the earliest.

The authority conferred on the Directors by the Share Purchase Mandate to purchase or otherwise acquire Shares may be renewed by the Shareholders in any general meeting of the Company. When seeking the approval of the Shareholders for the Share Purchase Mandate, the Company is required to disclose details pertaining to purchases or acquisitions of Shares pursuant to the Share Purchase Mandate made during the previous twelve (12) months, including the total number of Shares purchased, the purchase price per Share or the highest and lowest prices paid for such purchases or acquisitions of Shares, where relevant, and the total consideration paid for such purchases or acquisitions.

2.3.3 Manner of Purchases or Acquisitions of Shares

Purchases or acquisitions of Shares may be made by the Company by way of:

- (a) on-market purchases (the "Market Purchase"), transacted on the SGX-ST through the SGX-ST's trading system, and which may be transacted through one or more duly licensed stockbrokers appointed by the Company for the purpose; and/or
- (b) off-market purchases (the "**Off-Market Purchase**") effected pursuant to an equal access scheme as defined in Section 76C of the Act.

The Directors may impose such terms and conditions which are not inconsistent with the Share Purchase Mandate, the Catalist Rules, the Act and the Constitution, as they consider fit in the interests of the Company and/or Shareholders in connection with or in relation to any equal access scheme.

An Off-Market Purchase must, however, satisfy all of the following conditions:

- (a) offers for the purchase or acquisition of issued Shares shall be made to every person who holds issued Shares to purchase or acquire the same percentage of their issued Shares;
- (b) all of those persons shall be given a reasonable opportunity to accept the offers made to them; and
- (c) the terms of all the offers are the same, except that there shall be disregarded:
 - differences in consideration attributable to the fact that offers may relate to Shares with different accrued dividend entitlements;
 - (ii) differences in consideration attributable to the fact that the offers relate to Shares with different amounts remaining unpaid; and
 - (iii) differences in the offers introduced solely to ensure that each person is left with a whole number of Shares.

In addition, pursuant to Rule 870 of the Catalist Rules, if the Company wishes to make an Off-Market Purchase in accordance with an equal access scheme, the Company must issue an offer document to all Shareholders containing at least the following information:

- (a) the terms and conditions of the offer;
- (b) the period and procedures for acceptances;
- (c) the reasons for the proposed purchase or acquisition of Shares;
- (d) the consequences, if any, of the proposed purchase or acquisition of Shares by the Company that will arise under the Take-over Code or other applicable take-over rules;
- whether the purchase or acquisition of Shares, if made, would have any effect on the listing of the Shares on the SGX-ST;
- (f) details of any purchase or acquisition of Shares made by the Company in the previous twelve (12) months (whether by way of Market Purchase or Off-Market Purchase pursuant to an equal access scheme), giving the total number of Shares purchased or acquired, the purchase price per Share or the highest and lowest prices paid for the purchases or acquisitions, where relevant, and the total consideration paid for the purchases or acquisitions; and
- (g) whether the Shares purchased will be cancelled or kept as Treasury Shares.

2.3.4 Maximum Purchase Price

The purchase price (excluding brokerage, stamp duties, commission, applicable goods and services tax, clearance fees and other related expenses) (the "**related expenses**") to be paid for a Share will be determined by the Directors.

However, the purchase price to be paid for the Shares pursuant to the purchases or acquisitions of the Shares must not exceed:

- (a) in the case of a Market Purchase, 105% of the Average Closing Price (as defined hereinafter); and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, 110% of the Average Closing Price,

(the "Maximum Price") in either case, excluding related expenses.

For the above purposes:

"Average Closing Price" means the average of the closing market prices of the Shares over the last five (5) Market Days, on which transactions in the Shares were recorded, before the day on which the purchase or acquisition of the Shares were made, or as the case may be, the date of the making of the offer pursuant to the Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs after the relevant five (5) Market Days.

"date of the making of the offer" means the date on which the Company makes an offer for an Off-Market Purchase, stating therein the purchase price (which shall not be more than the Maximum Price for an Off-Market Purchase calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase.

2.3.5 Status of Purchased Shares

Shares purchased or acquired by the Company are deemed cancelled immediately on purchase or acquisition (and all rights and privileges attached to the Shares will expire on such cancellation) unless such Shares are held by the Company as Treasury Shares to the extent permitted under the Act. At the time of each purchase or acquisition of the Shares by the Company, the Directors will decide whether the Shares purchased will be cancelled or kept as Treasury Shares, or partly cancelled and partly kept as Treasury Shares, depending on the needs of the Company at that time and as the Directors deem fit in the interests of the Company at that time. The total number of Shares will be diminished by the number of Shares purchased or otherwise acquired by the Company and which are not held as Treasury Shares.

All Shares purchased or acquired by the Company (other than Treasury Shares held by the Company to the extent permitted under the Act) will be automatically de-listed by the SGX-ST, and certificates (if any) in respect thereof will be cancelled and destroyed by the Company as soon as reasonably practicable following settlement of any such purchase or acquisition.

2.4 Treasury Shares

Under the Act, Shares purchased or acquired by the Company may be held or dealt with as Treasury Shares. Some of the provision on Treasury Shares under the Act are summarised below:

2.4.1 Maximum Holdings

The number of Shares held as Treasury Shares cannot at any time exceed 10% of the total number of issued Shares. Any Shares in excess of this limit shall be disposed of or cancelled in accordance with Section 76K of the Act within six (6) months or such further periods as ACRA may allow.

2.4.2 Voting and Other Rights

The Company cannot exercise any right in respect of Treasury Shares. In particular, the Company cannot exercise any right to attend or vote at meetings and for the purposes of the Act, the Company shall be treated as having no right to vote and the Treasury Shares shall be treated as having no voting rights.

In addition, no dividend may be paid, and no other distribution of the Company's assets may be made, to the Company in respect of Treasury Shares. However, the allotment of shares as fully paid bonus shares in respect of Treasury Shares is allowed. Also, a subdivision of any Treasury Shares into Treasury Shares of a larger amount, or a consolidation of any Treasury Shares into Treasury Shares of a smaller amount, is allowed so long as the total value of the Treasury Shares after the subdivision or consolidation is the same as before.

2.4.3 Disposal and Cancellation

Where Shares are held as Treasury Shares, the Company may at any time:

- (a) sell the Treasury Shares for cash;
- (b) transfer the Treasury Shares for the purposes of or pursuant to an employee's share scheme of the Company;
- (c) transfer the Treasury Shares as consideration for the acquisition of shares in or assets of another company or assets of a person;
- (d) cancel the Treasury Shares; or
- (e) sell, transfer or otherwise use the Treasury Shares for such other purposes as may be prescribed by the Minister of Finance of Singapore.

The Company, upon undertaking any sale, transfer, cancellation and/or use of Treasury Shares, will comply with Rule 704(31) of the Catalist Rules, which provides that an issuer must make an immediate announcement thereof, stating the following:

- (a) date of the sale, transfer, cancellation and/or use;
- (b) purpose of such sale, transfer, cancellation and/or use;
- (c) number of treasury shares sold, transferred, cancelled and/or used;
- (d) number of treasury shares before and after such sale, transfer, cancellation and/or use;
- (e) percentage of the number of treasury shares against the total number of Shares outstanding before and after such sale, transfer, cancellation and/or use; and
- (f) value of the treasury shares if they are used for a sale or transfer, or cancelled.

2.5 Reporting Requirements

Within thirty (30) days of the passing of a Shareholders' ordinary resolution to approve the purchases or acquisitions of Shares by the Company, the Company shall lodge a copy of such resolution with ACRA.

The Company shall notify ACRA within thirty (30) days of a purchase or acquisition of Shares on the SGX-ST or otherwise. Such notification shall include details of purchases or acquisitions including the date of the purchases or acquisitions, the total number of Shares purchased or acquired by the Company, the number of Shares cancelled and the number of Shares held as Treasury Shares, the Company's issued share capital before and after the purchases or acquisitions of Shares, the amount of consideration paid by the Company for the purchases or acquisitions, whether the shares were purchased or acquired out of profits or the capital of the Company and such other information as required by the Act.

Within thirty (30) days of the cancellation or disposal of Treasury Shares in accordance with the provisions of the Act, the Directors shall lodge with ACRA the notice of cancellation or disposal of Treasury Shares in the prescribed form as required by ACRA.

Rule 871 of the Catalist Rules specifies that a listed company shall notify the SGX-ST of all purchases or acquisitions of its Shares not later than 9.00 a.m.:

- (a) in the case of a Market Purchase, on the Market Day following the day on which the Market Purchase was made; and
- (b) in the case of an Off-Market Purchase pursuant to an equal access scheme, on the second Market Day after the close of acceptance of the offer for the Off-Market Purchase.

The notification of such purchases or acquisitions of Shares to the SGX-ST shall be in such form and shall include such details that the SGX-ST may prescribe. The Company shall make arrangements with its stockbrokers to ensure that they provide the Company in a timely fashion the necessary information which will enable the Company to make the notifications to the SGX-ST.

2.6 Source of Funds

The Company may only apply funds legally available for the purchase or acquisition of Shares in accordance with the Constitution and the applicable laws in Singapore. The Company may not purchase or acquire its Shares pursuant to the Share Purchase Mandate for a consideration other than in cash or, in the case of a Market Purchase, for settlement otherwise than in accordance with the trading rules of the SGX-ST. As stated in the Act, the share buy-back may be made out of the Company's profits or capital so long as the Company is solvent (as defined in Section 76F(4) of the Act).

The Company intends to use internal sources of funds or external borrowings or a combination of both to finance the Company's purchase or acquisition of Shares pursuant to the Share Purchase Mandate. The Directors do not propose to exercise the Share Purchase Mandate to such an extent that it would have a material adverse effect on the working capital requirements and/or the gearing of the Group.

2.7 Financial Effects

The financial effects on the Company and the Group arising from purchases or acquisitions of Shares which may be made pursuant to the Share Purchase Mandate will depend on, inter alia, the aggregate number of Shares purchased or acquired, the consideration paid at the relevant time, the amount (if any) borrowed by the Group to fund the purchases or acquisitions, whether the Shares are purchased out of capital or profits of the Company and whether the Shares purchased or acquired are held in treasury or cancelled. It is therefore not possible to accurately calculate or quantify the impact at this point of time.

However, purely for illustrative purposes only, the financial effects on the Company and the Group based on the audited consolidated financial statements of the Company and the Group for FY2016 are set out below.

2.7.1 Purchase or Acquisition out of Capital or Profits

Under the Act, purchases or acquisitions of Shares by the Company may be made out of the Company's capital or profits so long as the Company is solvent.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of profits, such consideration will correspondingly reduce the profits of the Company and hence the amount available for the distribution of dividends by the Company.

Where the consideration paid by the Company for the purchase or acquisition of Shares is made out of capital, the amount available for the distribution of dividends by the Company will not be reduced. The NTA of the Company and of the Group will be reduced by the aggregate purchase price paid by the Company for the Shares.

2.7.2 Maximum Price Paid for Shares Acquired or Purchased

Assuming that the Company purchases or otherwise acquires the maximum number of 9,920,000 Shares at the Maximum Price, the maximum amount of funds required is approximately:

- (a) in the case of Market Purchase of Shares, S\$4.71 million based on the Maximum Price of S\$0.48 for one Share (being the price equivalent to 5% above the Average Closing Price of the Shares traded on the SGX-ST for the five (5) consecutive Market Days immediately preceding the Latest Practicable Date); and
- (b) in the case of Off-Market Purchase of Shares, S\$4.93 million based on the Maximum Price of S\$0.50 for one Share (being the price equivalent to 10% above the Average Closing Price of the Shares traded on the SGX-ST for the five (5) consecutive Market Days immediately preceding the Latest Practicable Date).

2.7.3 Whether the Shares are Cancelled or Held in Treasury

In the case where the Company chooses not to hold the purchased Shares in treasury, such Shares shall be cancelled. The Company shall:

- (a) reduce the amount of its share capital where the Shares were purchased or acquired out of the capital of the Company;
- (b) reduce the amount of its profits where the Shares were purchased or acquired out of the profits of the Company; or
- (c) reduce the amount of its share capital and profits proportionately where the Shares were purchased or acquired out of both the capital and profits of the Company,

by the total amount of the purchase price paid by the Company for the Shares cancelled. Where the purchased Shares are held in treasury, the total issued Shares of the Company will remain unchanged.

2.7.4 Illustrative Financial Effects

For illustrative purposes only, Table A below lists four (4) possible scenarios of purchases or acquisitions of Shares by the Company pursuant to the Share Purchase Mandate, based on the following assumptions:-

- (a) the Company has 99,200,000 issued and paid-up Shares excluding Treasury Shares as at the Latest Practicable Date, and no additional Shares were issued after the Latest Practicable Date and that no Shares are allotted or issued pursuant to the exercise of Options, vesting of Awards or conversion of the Convertible Bond;
- (b) the Company has as at 31 December 2016:
 - (i) issued share capital of approximately S\$32,290,650;
 - (ii) cash and cash equivalents of approximately S\$129,376;

- (c) cash of S\$4.93 million had been disbursed from the Company's wholly-owned subsidiaries to the Company prior to the purchase or acquisition of Shares by the Company; and
- (d) the consideration for the purchase or acquisition of the Shares (excluding brokerage, stamp duties, commission, applicable goods and services tax, clearance fees and other related expenses) is financed by internal sources of funds as follows,
 - (i) in the case of Market Purchase of Shares, S\$4.71 million via internal funds by the Company; and
 - (ii) in the case of Off-Market Purchase of Shares, S\$4.93 million via internal funds by the Company,

and based on the audited financial statements of the Group for the FY2016, the effects of the purchase or acquisition of such Shares by the Company on the financial position of the Company and the Group are as follows:

(4) Earnings per Share ("EPS") is calculated based on net profit for the financial year divided by weighted average number of Shares.

The actual impact will depend on number of and price of the Shares brought back. As stated, the Directors do not propose to exercise the Share Purchase Mandate to such an extent that it would have a material adverse effect on the working capital requirements and/or gearing of the Group. The purchase of Shares will only be effected after assessing the relative impact of a share buy-back taking into consideration both financial factors (such as cash surplus, debt position and working capital requirements) and non-financial factors (such as share market conditions and performance of Shares).

Shareholders should note that the financial effects set out above, based on the respective aforementioned assumptions, are for illustration purposes only. In particular, it is important to note that the above analysis is based on historical audited numbers as at 31 December 2016, save for the number of Shares, which is based on the number of Shares as at the Latest Practicable Date, and is not necessarily representative of future financial performance.

The financial effects set out above are for illustrative purposes only. Although the Share Purchase Mandate would authorise the Company to purchase or otherwise acquire up to 10% of the issued Shares, the Company may not necessarily purchase or otherwise acquire or be able to purchase or otherwise acquire any or all of the 10% of the issued Shares. In addition, the Company may cancel all or part of the Shares repurchased and/or hold all or part of the Shares repurchased as Treasury Shares at its discretion.

2.8 Appendix 2 of the Take-over Code

Appendix 2 of the Take-over Code contains the Share Buy-back Guidance Note applicable as at the Latest Practicable Date. The take-over implications arising from any purchase or acquisition by the Company of its Shares are set out in paragraphs 2.9 to 2.13 below.

2.9 Obligation to make a Take-over Offer

Rule 14 of the Take-over Code requires, inter alia, that except with the consent of the SIC, where:

- (a) any person acquires, whether by a series of transactions over a period of time or not, shares which (taken together with shares held or acquired by persons acting in concert with him) carry 30% or more of the voting rights of a company; or
- (b) any person who, together with persons acting in concert with him, holds not less than 30% but not more than 50% of the voting rights and such person, or any person acting in concert with him, acquires in any period of six (6) months additional shares carrying more than 1% of the voting rights,

such person shall extend immediately an offer on the basis set out below to the holders of any class of shares in the capital of the company which carries votes and in which such person, or persons acting in concert with him, holds shares. In addition to such person, each of the principal members of the group of persons acting in concert with him may, according to the circumstances of the case, have the obligation to extend an offer.

In calculating the percentages of voting rights of such person and their concert parties, Treasury Shares shall be excluded.

2.10 Persons Acting in Concert

Under the Take-over Code, persons acting in concert comprise individuals or companies who, pursuant to an agreement or understanding (whether formal or informal), co-operate, through the acquisition by any of them of shares in a company to obtain or consolidate effective control of that company.

Unless the contrary is established, the following persons, *inter alia*, will be presumed to be acting in concert under the Take-over Code, namely:

- (a) a company with its parent company, subsidiaries, its fellow subsidiaries, any associated companies of the foregoing companies, any company whose associated companies include any of the foregoing companies, and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing companies for the purchase of voting rights;
- (b) a company with any of its directors, together with their close relatives, related trusts and any companies controlled by any of the directors, their close relatives and related trusts;
- (c) a company with any of its pension funds and employees' share schemes;
- (d) a person with any investment company, unit trust or other fund in respect of the investment account which such person manages on a discretionary basis, but only in respect of the investment account which such person manages;
- (e) a financial or other professional adviser, with its client in respect of the shareholdings of the adviser and the persons controlling, controlled by or under the same control as the adviser and all the funds which the adviser manages on a discretionary basis, where the shareholdings of the adviser and any of those funds in the client total 10% or more of the client's equity share capital;
- (f) directors of a company, together with their close relatives, related trusts and companies controlled by any of them, which is subject to an offer or where they have reason to believe a *bona fide* offer for their company may be imminent;
- (g) partners; and
- (h) an individual, his close relatives, his related trusts, any person who is accustomed to act according to his instructions, companies controlled by any of the foregoing persons and any person who has provided financial assistance (other than a bank in the ordinary course of business) to any of the foregoing persons and/or entities for the purchase of voting rights.

For this purpose, ownership or control of at least 20% but not more than 50% of the voting rights of a company will be regarded as the test of associated company status.

The circumstances under which Shareholders, including Directors and persons acting in concert with them respectively, will incur an obligation to make a take-over offer under Rule 14 of the Take-over Code after a purchase or acquisition of Shares by the Company are set out in Rule 14 and Appendix 2 of the Take-over Code.

2.11 Effect of Rule 14 and Appendix 2 of the Take-over Code

In general terms, the effect of Rule 14 and Appendix 2 of the Take-over Code is that, unless exempted, Directors and persons acting in concert with them will incur an obligation to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring Shares:

- the voting rights of such Directors and persons acting in concert with them would increase to 30% or more;
 or
- (b) in the event that such Directors and persons acting in concert with them hold between 30% and 50% of the Company's voting rights, if the voting rights of such Directors and persons acting in concert with them would increase by more than 1% in any period of six (6) months.

Under Appendix 2 of the Take-over Code, a Shareholder not acting in concert with the Directors will not be required to make a take-over offer under Rule 14 if, as a result of the Company purchasing or acquiring its Shares:

- (a) the voting rights of such Shareholder would increase to 30% or more; or
- (b) if such Shareholder holds between 30% and 50% of the Company's voting rights, the voting rights of such Shareholder would increase by more than 1% in any period of six (6) months.

Such Shareholder need not abstain from voting in respect of the ordinary resolution authorising the Share Purchase Mandate.

Shareholders who are in doubt as to their obligations, if any, to make a mandatory take-over offer under the Take-over Code as a result of any purchase or acquisition of Shares by the Company should consult their professional advisers and/or SIC and/or other relevant authorities at the earliest opportunity.

2.12 Application of the Take-over Code

As at the Latest Practicable Date, the details of the shareholdings of the Substantial Shareholders and Directors of the Company are set out in paragraph 3 below.

2.12.1 Mr Hooi Yu Koh and parties acting in concert with him

As at the Latest Practicable Date, Mr Hooi Yu Koh, the CEO and Managing Director of the Company, holds 33,816,200 Shares in the Company representing 34.09% of the total number of issued Shares (excluding Treasury Shares) of the Company.

In the event that the Share Purchase Mandate is exercised to its maximum 10%, the interest of Mr Hooi Yu Koh in the Company could increase by more than 1% in any period of six (6) months. Accordingly, Mr Hooi Yu Koh and parties acting in concert with him will be required to make a general offer under Rule 14 of the Take-over Code.

As at the Latest Practicable Date, there are no parties acting in concert with Mr Hooi Yu Koh.

2.12.2 Conditions for exemption from having to make a general offer under Rule 14 of the Take-over Code

Pursuant to Section 3(a) of Appendix 2 of the Take-over Code, Mr Hooi Yu Koh and parties acting in concert with him (if any) (the "**Relevant Parties**") will be exempted from the requirement to make a general offer under Rule 14 of the Take-over Code if their respective shareholding in the Company increases by more than 1% in any six (6) months as a result of any share buy-back carried out by the Company pursuant to the Share Purchase Mandate, subject to the following conditions:

- (a) the circular to Shareholders seeking their approval for the Share Purchase Mandate will contain:
 - advice to the effect that by voting in favour of the resolution to approve the Share Purchase Mandate, Shareholders are waiving their rights to a general offer at the required price from the Relevant Parties; and
 - the names and voting rights of the Relevant Parties as at the date of the resolution and after the Company exercises the power under the Share Purchase Mandate in full and purchases 10% of the issued Shares;
- (b) the resolution to authorise the Share Purchase Mandate is approved by a majority of Shareholders who are present and voting at the AGM on a poll who could not become obliged to make an offer as a result of the share buy-back by the Company pursuant to the Share Purchase Mandate;
- (c) the Relevant Parties will abstain from voting for and/or recommending Shareholders to vote in favour of the resolution to approve the Share Purchase Mandate;
- (d) Within seven (7) days after the passing of the resolution to approve the Share Purchase Mandate, Mr Hooi Yu Koh submits to the SIC a duly signed form as prescribed by the SIC;
- (e) the Relevant Parties have not acquired and will not acquire any Shares between the date on which they know that the announcement of the proposal for the renewal of the Share Purchase Mandate is imminent and the earlier of:
 - (i) the date on which the authority of the Share Purchase Mandate expires; and
 - the date on which the Company announces that it has brought back such number of Shares as authorised by the Share Purchase Mandate or it has decided to cease buying back its Shares, as the case may be,

if any such acquisitions, taken together with the share buy-back, would cause their aggregate voting rights to increase by more than 1% in the preceding six (6) months.

As such, if the aggregate voting rights held by the Relevant Parties increase by more than 1% solely as a result of the Company's buy back of Shares under the Share Purchase Mandate, and none of them has acquired any Shares during the relevant six (6) month period, then the Relevant Parties would be eligible for SIC's exemption from the requirement to make a general offer under Rule 14 of the Take-over Code, or where such exemption had been granted, would continue to enjoy the exemption.

If the Company ceases to buy-back Shares pursuant to the Share Purchase Mandate and the increase in the aggregate voting rights held by the Relevant Parties as a result of the relevant buy-back of Shares at such time is less than one (1) % in any six (6) month period, the Relevant Parties may acquire further voting rights in the Company. However, any increase in their percentage voting rights as a result of the buy-back of Shares pursuant to the Share Purchase Mandate will be taken into account together with any voting rights acquired by the Relevant Parties (by whatever means) in determining whether they have increased their aggregate voting rights by more than one (1) % in any six (6) month period.

2.12.3 Form 2 submission to the SIC

Form 2 (Submission by directors and their concert parties pursuant to Appendix 2) is the prescribed form to be submitted to the SIC by a director and persons acting in concert with him pursuant to the conditions for exemption (please refer to paragraph (d) in paragraph 2.12.2 above) from the requirement to make a takeover offer under Rule 14 of the Take-over Code as a result of the buy-back of shares by a listed company under its share purchase mandate.

As at the Latest Practicable Date, Mr Hooi Yu Koh has informed the Company that he will be submitting the Form 2 to the SIC within seven (7) days after the passing of the resolution relating to the renewal of the Share Purchase Mandate.

2.13 Advice to Shareholders

Shareholders should note that by voting for the renewal of the Share Purchase Mandate, they are waiving their rights to a take-over offer at the required price from Mr Hooi Yu Koh and parties acting in concert with him (if any) in the circumstances set out above. Such a take-over offer, if required to be made and had not been exempted by the SIC, would have to be made in cash or be accompanied by a cash alternative at the required price.

Save as disclosed, the Directors are not aware of any facts or factors which suggest or imply that any particular person(s) and/or Shareholder(s) are, or may be regarded as, parties acting in concert such that their respective interests in voting shares in the capital of the Company should or ought to be consolidated, and consequences under the Take-over Code would ensue as a result of a purchase of shares by the Company pursuant to the Share Purchase Mandate.

Appendix 2 of the Take-over Code requires that the resolution to authorise the Share Purchase Mandate to be approved by a majority of those Shareholders present and voting at the meeting on a poll who could not become obliged to make an offer under the Take-over Code as a result of the share buy-back. Accordingly, the said resolution is proposed to be taken on a poll and Mr Hooi Yu Koh shall abstain from voting on such resolution.

2.14 Listing Status of Shares on the SGX-ST

While the Catalist Rules does not expressly prohibit purchase or acquisition of shares by a listed company during any particular time or times, the listed company would be considered an "insider" in relation to any proposed purchase or acquisition of its issued shares. In this regard, the Company will not purchase or acquire any Shares pursuant to the Share Purchase Mandate after a development which could have a material effect on the price of the Shares has occurred or has been the subject of a consideration and/or a decision of the Board until such time as such information has been publicly announced. Rule 1204(19) of the Catalist Rules provides, *inter alia*, that a listed issuer and its officers should not deal in the listed issuer's securities during the period commencing two (2) weeks before the announcement of the company's financial statements for each of the first three (3) quarters of its financial year, and one (1) month before the announcement of the company's full year financial statements (if required to announce quarterly financial statements), or one (1) month before the announcement of the company's half year and full year financial statements (if not required to announce quarterly financial statements), as the case may be, and ending on the date of the announcement of the relevant financial statements.

The Company has adopted and implemented the best practices on dealings in securities in accordance with Rule 1204(19) of the Catalist Rules and the Directors and employees of the Group are not allowed to deal in the Company's shares during the period commencing one (1) month before the announcement of the Company's half year and full year results and ending on the date of the announcement of the relevant results. Pursuant to such best practices, the Company will also not purchase any Shares during such periods.

The Company is required under Rule 723 of the Catalist Rules to ensure that at least ten 10% of its Shares are in the hands of the public. The term "**public**", as defined under the Catalist Rules, are persons other than (i) the directors, chief executive officer, Substantial Shareholders or Controlling Shareholders of the Company and its subsidiaries, and (ii) the Associates of such persons in (i).

As at the Latest Practicable Date, approximately 37,956,200 Shares, representing approximately 38.26% of the issued Shares, are in the hands of the public. Assuming that the Company purchases or acquires its Shares through Market Purchase up to the full 10% limit pursuant to the Share Purchase Mandate, the number of Shares in the hands of the public would be reduced to 28,036,200 Shares, representing 31.40% of the reduced issued share capital of the Company. Accordingly, the Company is of the view that there is a sufficient number of issued Shares held in the hands of the public which would permit the Company to undertake purchases or acquisitions of its issued Shares up to the full 10% limit pursuant to the Share Purchase Mandate without affecting the listing status of the Shares on the SGX-ST, and that the number of Shares remaining in the hands of the public will not fall to such a level as to cause market illiquidity or to adversely affect the orderly trading of Shares.

In undertaking any purchases or acquisitions of Shares through Market Purchase, the Directors will use their best efforts to ensure that, notwithstanding such purchases, a sufficient float in the hands of the public will be maintained so that the purchases or acquisitions of Shares will not adversely affect the listing status of the Shares on the SGX-ST, cause market illiquidity or adversely affect the orderly trading of the Shares.

2.15 Previous Share Buybacks

The Company has not entered into transactions to purchase or acquire any Shares during the twelve (12) months immediately preceding the Latest Practicable Date.

2.16 Tax Implications

Shareholders who are in doubt as to their respective tax positions or the tax implications arising from the purchase or acquisition of Shares by the Company, or who may be subject to tax in a jurisdiction, should consult their own professional advisers.

2.17 Interested Persons

The Company is prohibited from knowingly buying Shares on the SGX-ST from an interested person, that is, a Director, the chief executive officer of the Company or Controlling Shareholder of the Company or any of their Associates, and an interested person is prohibited from knowingly selling his Shares to the Company.

3. DIRECTORS AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

On the assumption that their voting rights will not change between the Latest Practicable Date and the date of the AGM, the interests of the Directors in Shares and interests of the Substantial Shareholders in Shares before and after the purchase of Shares pursuant to the Share Purchase Mandate, assuming (a) the Company purchases the maximum amount of 10% of the total number of issued Shares (excluding treasury shares) and (b) there is no change in the number of Shares held by the Directors and the Substantial Shareholders or which they are deemed interested in, will be as follows:

(2) The deemed interest in 3,279,100 shares are held through Hong Leong Finance Nominees Pte Ltd.

(3) The deemed interest in 2,536,500 shares are held through KGI Securities (Singapore) Pte Ltd.

4. ANNUAL GENERAL MEETING

The AGM, notice of which is set out on pages 102 of the Annual Report 2016, will be held at Solitaire Seminars, Paya Lebar Square, 60 Paya Lebar Road #08-30, Singapore 409051 on 27 April 2017 at 2.00 p.m. for the purpose of considering and, if thought fit, passing, with or without modification the ordinary resolution set out in the notice of AGM.

5. ACTION TO BE TAKEN BY SHAREHOLDERS

Shareholders who are unable to attend the AGM and who wish to appoint a proxy or proxies to attend and vote on their behalf should complete, sign and return the proxy form attached to the notice of AGM in accordance with the instructions printed therein as soon as possible and, in any event, so as to arrive at the Company's Share Registrar, Tricor Barbinder Share Registration Services, at 80 Robinson Road, #11-02, Singapore 068898, not later than forty-eight (48) hours before the time fixed for the AGM. The appointment of a proxy by a Shareholder does not preclude him from attending and voting in person at the AGM if he so wishes in place of the proxy.

A Depositor shall not be regarded as a member of the Company entitled to attend the AGM and to speak and vote thereat unless his name appears on the Depository Register maintained by CDP at least seventy-two (72) hours before the AGM.

6. DIRECTORS' RECOMMENDATIONS

The Directors, save for Mr Hooi Yu Koh who has abstained from making any recommendation to Shareholders pursuant to the conditions for exemption under Appendix 2 of the Take-over Code (as set out in paragraph (c) of paragraph 2.12.2 above), having carefully considered the terms and rationale of the proposed renewal of the Share Purchase Mandate, are of the opinion that the Share Purchase Mandate is in the best interests of the Company, and accordingly, recommend that Shareholders vote in favour of ordinary resolution in respect of the proposed renewal of the Share Purchase Purchase Mandate to be proposed at the AGM.

7. ABSTENTION FROM VOTING

The Relevant Parties will abstain from voting at the AGM in respect of the resolution relating to the Share Purchase Mandate pursuant to the conditions under Appendix 2 of the Take-over Code as set out in paragraph (c) of paragraph 2.12.2 above. Furthermore, such persons shall not act as proxies in relation to such resolution unless specific voting instructions have been given.

8. DIRECTORS' RESPONSIBILITY STATEMENT

The Directors collectively and individually accept full responsibility for the accuracy of the information given in this Appendix and confirm after making all reasonable enquiries, that to the best of their knowledge and belief, this Appendix constitutes full and true disclosure of all material facts about the Share Purchase Mandate, the Company and its subsidiaries, and the Directors are not aware of any facts the omission of which would make any statement in this Appendix misleading. Where information in the Appendix has been extracted from published or otherwise publicly available sources or obtained from a named source, the sole responsibility of the Directors has been to ensure that such information has been accurately and correctly extracted from those sources and/or reproduced in the Appendix in its proper form and context.

9. DOCUMENTS FOR INSPECTION

Copies of the following documents are available for inspection at the registered office of the Company at 11 Sims Drive #06-01 SCN Centre Singapore 387385 during normal business hours from the date hereof up to and including the date of the AGM:

- (a) the Constitution of the Company; and
- (b) the Annual Report 2016.

Yours faithfully, For and on behalf of the Board of Directors

NOTES: IMPORTANT

- 1. If the member has shares entered against his name in the Depository Register (maintained by The Central Depository (Pte) Limited), he should insert that number of shares. If the member has shares registered in his name in the Register of Members (maintained by or on behalf of the Company), he should insert that number of shares. If the member has shares entered against his name in the Depository Register and shares registered in his name in the Register of Members, he should insert the aggregate number of shares. If no number is inserted, this form of proxy will be deemed to relate to all the shares held by the member.
- 2. (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the meeting. Where such member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy. If no proportion of shareholdings is specified, the proxy whose name appears first shall be deemed to carry one hundred per cent (100%) of the shareholdings of his/its appointor and the proxy whose name appears after shall be deemed to be appointed in the alternate.
 - (b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181(6) of the Companies Act, Chapter. 50. (the "Act")

- 3. A proxy need not be a member of the Company.
- 4. The instrument appointing a proxy or proxies must be deposited at the office of the Company's Share Registrar, Tricor Barbinder Share Registration Services at 80 Robinson Road, #11-02, Singapore 068898, not less than 48 hours before the time appointed for the holding of the general meeting.
- 5. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised.
- 6. Where an instrument appointing a proxy or proxies is signed on behalf of the appointor by an attorney, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company) be lodged with the instrument of proxy, failing which the instrument may be treated as invalid.
- 7. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the general meeting, in accordance with Section 179 of the Act.
- 8. Completion and return of this instrument appointing a proxy or proxies shall not preclude a member from attending and voting at the meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy, to the meeting.
- 9. The Company shall be entitled to reject an instrument appointing a proxy or proxies which is incomplete, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument (including any related attachment). In addition, in the case a member whose shares are entered in the Depository Register, the Company may reject an instrument appointing a proxy or proxies if the member, being the appointor, is not shown to have shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the meeting, as certified by The Central Depository (Pte) Limited to the Company.
- 10. An investor who buys shares using SRS monies ("**SRS Investor**") (as may be applicable) may attend and cast his vote(s) at the AGM in person. SRS Investors who are unable to attend the AGM but would like to vote, may inform their SRS Approved Nominees to appoint the Chairman of the AGM to act as their proxy, in which case, the SRS Investors shall be precluded from attending the AGM.
